

Phinney Avenue N / Fremont Avenue N / N 50th Street Arterial Improvements

Project Benefits

- Extend useful life of roadway while providing a smoother ride
- Improve pedestrian safety through localized sidewalk improvements
- 177 new curb ramps
- Reduce pedestrian crossing time by installing curb bulbs at 53rd and 55th Street
- Connect traffic signals to city-wide control system to allow coordination of multiple traffic patterns
- Improve emergency vehicle response time
- Reduce travel time and congestion in the 50th Street corridor

Additional Requirement

Federal mandate requires new curb ramps at all intersections, adjacent to improvements, in order to meet current ADA standards

Key	
	Signal improvements
	Asphalt overlay
	Concrete panel replacement
