

Citizens Transportation Advisory Committee (CTAC) III

*It's no secret that there are more transportation needs than funding.
Be a part of determining Seattle's transportation future.*

Mission

CTAC III was established in January 2011 to advise the City Council and the Mayor on transportation priorities and funding alternatives. The committee is tasked with:

- Developing a project list and spending plan for revenues generated by the new \$20 vehicle license fee imposed by the Seattle Transportation Benefit District.
- Reviewing the City's transportation needs and funding options and evaluating the potential for a ballot measure asking Seattle voters to fund additional transportation investments.
