

REPORT ON TRANSPORTATION INVESTMENTS

Council
District

6

As of
June
2016

Welcome to the SDOT quarterly report for your district. This is our second issue and we will continue to include more data as time goes on and make adjustments as needed. We hope you find them helpful and that you are able to stay current on SDOT issues affecting your district.

The Council District Report highlights many of the accomplishments in your district supported by the 9-year, \$930 million Transportation Levy to Move Seattle. The Levy to Move Seattle quickly began funding safety improvements for all travelers, street maintenance, and investments in reliable, affordable travel options in 2016. With the majority of SDOT construction work planned for the warmer, drier months of July through October, we will continue to provide updates on Levy to Move Seattle projects as the year progresses.

Key Metrics, Quarterly Accomplishments, and Performance Goals are by Council District. The City of Seattle uses current data to monitor progress against goals. Explore more information about performance metrics like these and the underlying data at the interactive website performance.seattle.gov.

DISTRICT 6 PERFORMANCE GOALS

 <p>VISION ZERO Vision Zero is Seattle's plan to end traffic deaths and serious injuries by 2030. Read about actions items at seattle.gov/visionzero. For annual collision information, see seattle.gov/transportation/reports.htm.</p>	<p>Traffic Fatalities</p> <p>1</p>	<p>Plan Action Items</p> <p>0</p>
 <p>POTHOLE REPAIR The City seeks to repair 80% of reported potholes within three business days of notification. More information about repair and to see the Seattle Pothole Status Map at: seattle.gov/transportation/potholes.</p>	<p>Work Orders</p> <p>291</p>	<p>3-Day Response</p> <p>98%</p>

This report is published quarterly by the Seattle Department of Transportation and is available at seattle.gov/transportation/reports.htm

CITYWIDE SECOND QUARTER HIGHLIGHTS

EXPANDED LANGUAGES FOR PARKING PAYMENTS

SDOT continues to improve the parking pay-by-phone system. The number of languages has expanded with the recently re-designed app (which iPhone released earlier this summer and Android will release later in the summer). With app, language options now include: English, French, Chinese and Spanish. The app settings are tied to the phone language settings. The parking meters currently offer English, Chinese and Spanish; we are working with our vendor to add more languages.

ORCA LIFT PILOT

SDOT is partnering with Public Health – Seattle & King County and Seattle Municipal Court to provide their eligible clients with pre-loaded, \$15 ORCA Lift cards. The project also surveys the card recipients to better understand their transportation needs and to see how they are using the cards. To date, 113 cards have been issued and 42 of these cards have been reloaded with additional funds.

NEIGHBORHOOD STREET FUND UPDATE

SDOT received over 140 applications for the Neighborhood Street Fund (NSF) Program. In May, each of the 13 Neighborhood District Councils selected five projects to move forward to the conceptual design phase. SDOT expects to finalize these 65 conceptual designs and make them public by the end of August. They will all be available via the NSF website: www.seattle.gov/transportation/nsf.htm.

Once the conceptual designs are complete, the Levy to Move Seattle Oversight Committee will evaluate and select projects for funding. Final funding decisions are expected by the end of October. Funded projects will be designed in 2017 and constructed in 2018.

DISTRICT 6 HIGHLIGHTED PROJECT

BURKE GILMAN TRAIL MISSING LINK PROJECT

We are currently evaluating the comments from the public on the Draft Environmental Impact Statement. Following this review, the City will issue a preferred alternative for the missing link.

DISTRICT 6 KEY METRICS YEAR TO DATE

 <p>STREET TREES Street trees added by capital improvement projects, tree replacement programs, private development, and private citizens.</p>	Planted 0	
 <p>CUSTOMER SERVICE REQUESTS General Inquiry Service requests from SDOT's call center at 684-ROADS, the online web form at seattle.gov/customerservice/request.htm, or received by the Find It, Fix It mobile app.</p>	Received 372	Closed 372
 <p>ROAD PAVING Repave and repair arterial streets through capital projects and at targeted locations with a repair and maintenance program run by City crews.</p>	Lane-Miles 0.08	Spot Improvements 2
 <p>SIDEWALKS Construct new blocks of sidewalks (including low-cost methods) and repair damaged sidewalks.</p>	Blocks Repaired 0.6	Blocks Built 1

DISTRICT 6 QUARTERLY ACCOMPLISHMENTS IN THE FIELD

Type of Work	Q1	Q2	Q3	Q4	YTD
Bicycle Parking Spaces Installed	86	184			270
Bridge Repair Requests Completed	16	17			33
Crossing Improvements	0	0			0
Crosswalks Remarketed	0	21			21
Curb Ramps Improved	0	0			0
Landscape Maintained	51	41			92
New Curb Ramps Built	4	0			4
Paving Spot Improvements Completed	0	2			2
Regulatory Signs Replaced	66	89			155
Signal Diagnostic Evaluation Performed	0	0			0
Signal Major Maintenance Performed	0	0			0
Signal Spot Improvements Implemented	0	0			0
Stairways Rehabilitated	0	0			0
Traffic Signals Maintained	84	6			90
Trees Pruned	143	62			205

DISTRICT 6 LARGE CAPITAL PROJECTS

Project	Cost Estimate	Current Status	Completion
1 2016 Pavement Microsurfacing	\$1.5	Preconstruction	Sep 2016
2 Arterial Paving - Greenwood Ave N - 112th to 136th; Protected Bike Lanes (Fremont & West Seattle)	\$3.6 - 4.5M	Preconstruction	TBD
3 Greenwood Transit and Sidewalk Improvements	\$3.5M	Closeout	May 2016
4 Neighborhood Enhancements - Pedestrian Improvements	\$3.0M	Closeout	Apr 2016
5 Neighborhood Greenways - Ballard/17th & Delridge/21st	\$4.1M	Closeout	Mar 2016
6 Rail Paint Projects	\$0.9M	Construction	Dec 2016

The projects listed above are included in the Seattle Department of Transportation Capital Projects Dashboard, an interactive site designed to offer insight into budget, spending, and timeline information on City transportation projects that have reached the design phase and are estimated to cost more than \$500,000. The Dashboard does not include projects that are in planning stages or do not have established budgets and schedules.

Please visit capitalprojects.seattle.gov for project updates and additional information.

DISTRICT 6 STREET USE PERMIT ACTIVITY

Permit Type	YTD Total
Street Improvement Permit Applications Received	8
Right of Way Management Permits Issued	1,693
Active Sidewalk Café Permits	65
Playstreet & Block Party Permits Issued	46

SDOT manages the City’s right of way under the authority of Seattle Municipal Code, Title 15. Permitting volumes reflect construction and use activity in the right of way. Permit requirements and fees help mitigate impacts to the traveling public. SDOT strives to ensure mobility during construction; protect City assets; and encourage place-making and activation. The café permit count represents a total number of café permits that were active during the quarter. For more information see: www.seattle.gov/transportation/stuse_permits.htm.
