

- Over a dozen North American cities have streetcar systems.
- Cities include: Portland, Toronto, Memphis, San Jose, San Francisco, and Tacoma.
- At least twice as many cities are actively planning new systems or lines.

Fairview and Minor

Westlake and Valley

Terry and Harrison

Westlake and 8th Avenue

Streetcar Maintenance Base (Harrison & Fairview)

Seattle's Streetcar History

- A century ago Seattle, like many American cities, had an extensive rail transit system.
- Seattle's first streetcar began in 1884 and was horse-drawn.
