WHAT DO YOU THINK ABOUT…

1. Restricted parking zone (RPZ) spaces are mainly being used by non-residents during the day. **What do you think about adding paid parking to RPZ blocks to encourage better turnover and compliance in these spaces during the day?** (Note: RPZ permit holders would be exempt from paying to park at pay station)
    a. I like it because…

    b. I don't like it because…

2. Changing unrestricted and time limited spaces to paid spaces frees up spaces, makes it easier for people to find a parking spot and encourages better compliance. **SDOT is considering adding new paid parking and wants your feedback on whether it should be for short-term (2 hour) or long-term (up to 10 hours) use. What do you think?**
