## Food Waste Collection Service

Watch for the new **green** food waste cart in or near the garbage and recycling area.

All food scraps and food-soiled paper (including pizza boxes) go into this cart.

***By law, food and food-soiled paper are not allowed in the garbage.***

The food waste will be picked up weekly and turned into compost for use on local gardens and parks. Please help the environment and Seattle by keeping food waste out of the landfill!

**It's Not Garbage Anymore.**
