NATURAL DRAINAGE SYSTEMS NORTHWEST SEATTLE PROJECTS: SEA STREET, 110TH ST. CASCADE, BROADVIEW GREEN GRID

LEGEND

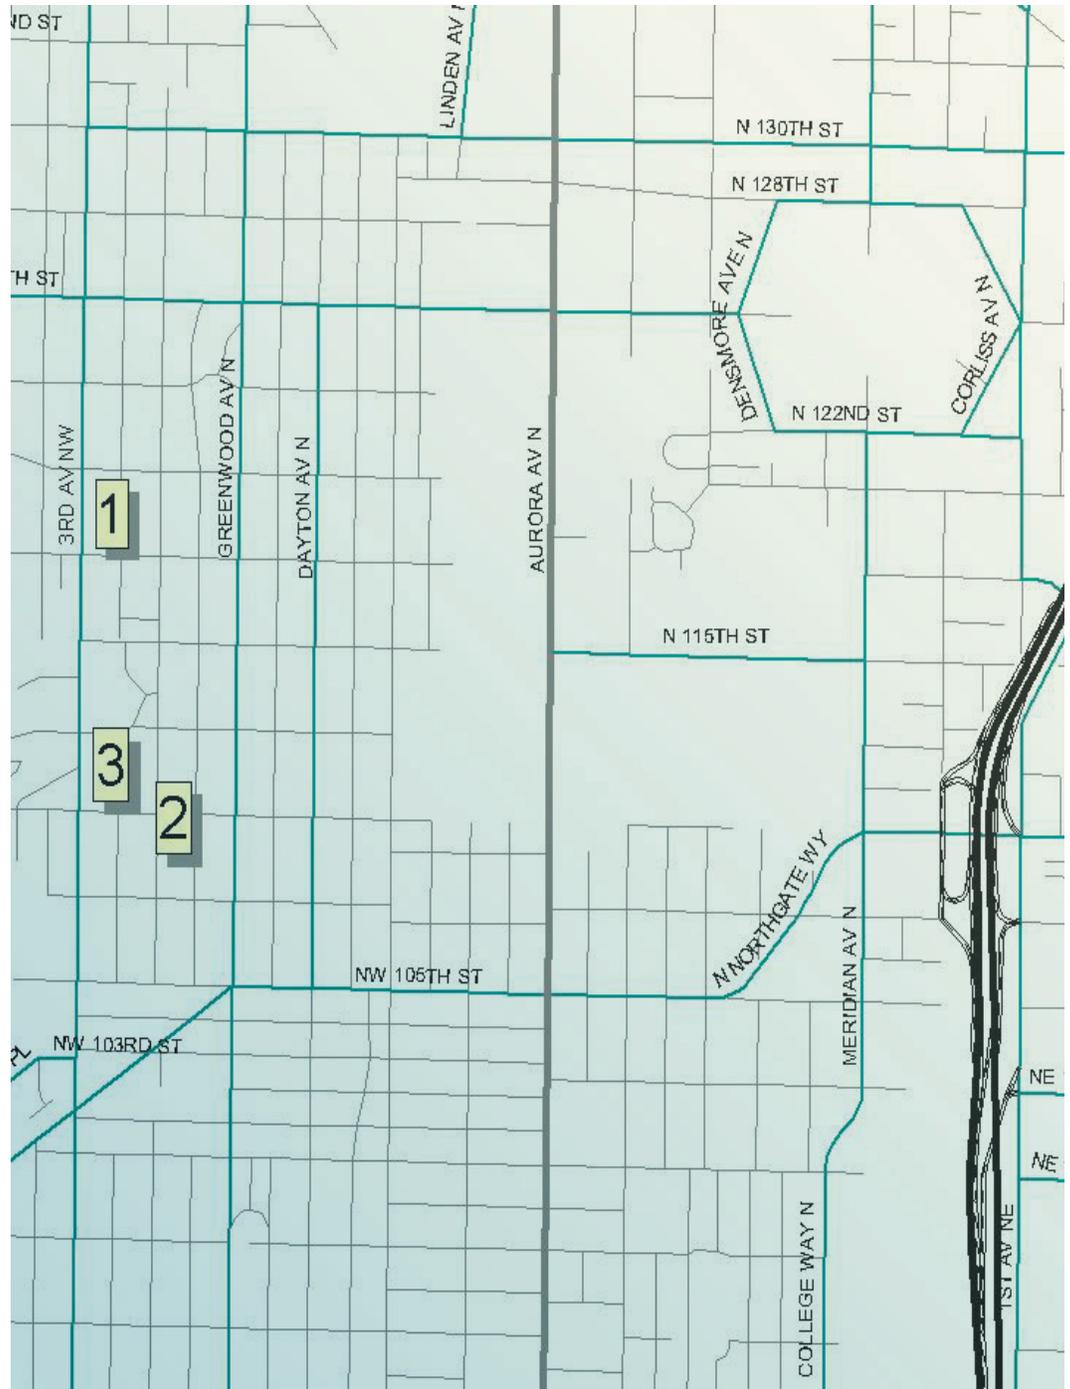

1 SEA Street: 2nd Ave NW, between NW 117th and 120th Streets

2 110th St. Cascade: NW 110th St. between Greenwood and 3rd Ave NW

3 Broadview Green Grid: Adjacent to 110th St. Cascade

DIRECTIONS

See our pioneering NDS installations in the Piper's Creek watershed in northwest Seattle. Take I5 to the Northgate Way exit (Exit 173), then head west on Northgate Way. Turn right onto Greenwood Ave N. Turn left onto N. 110th St. You are now passing through the 110th Street Cascade NDS! The Broadview Green Grid is located on both sides of the Cascade, and SEA Street is located a few blocks to the north.

NATURAL DRAINAGE SYSTEMS HIGH POINT HOUSING DEVELOPMENT:

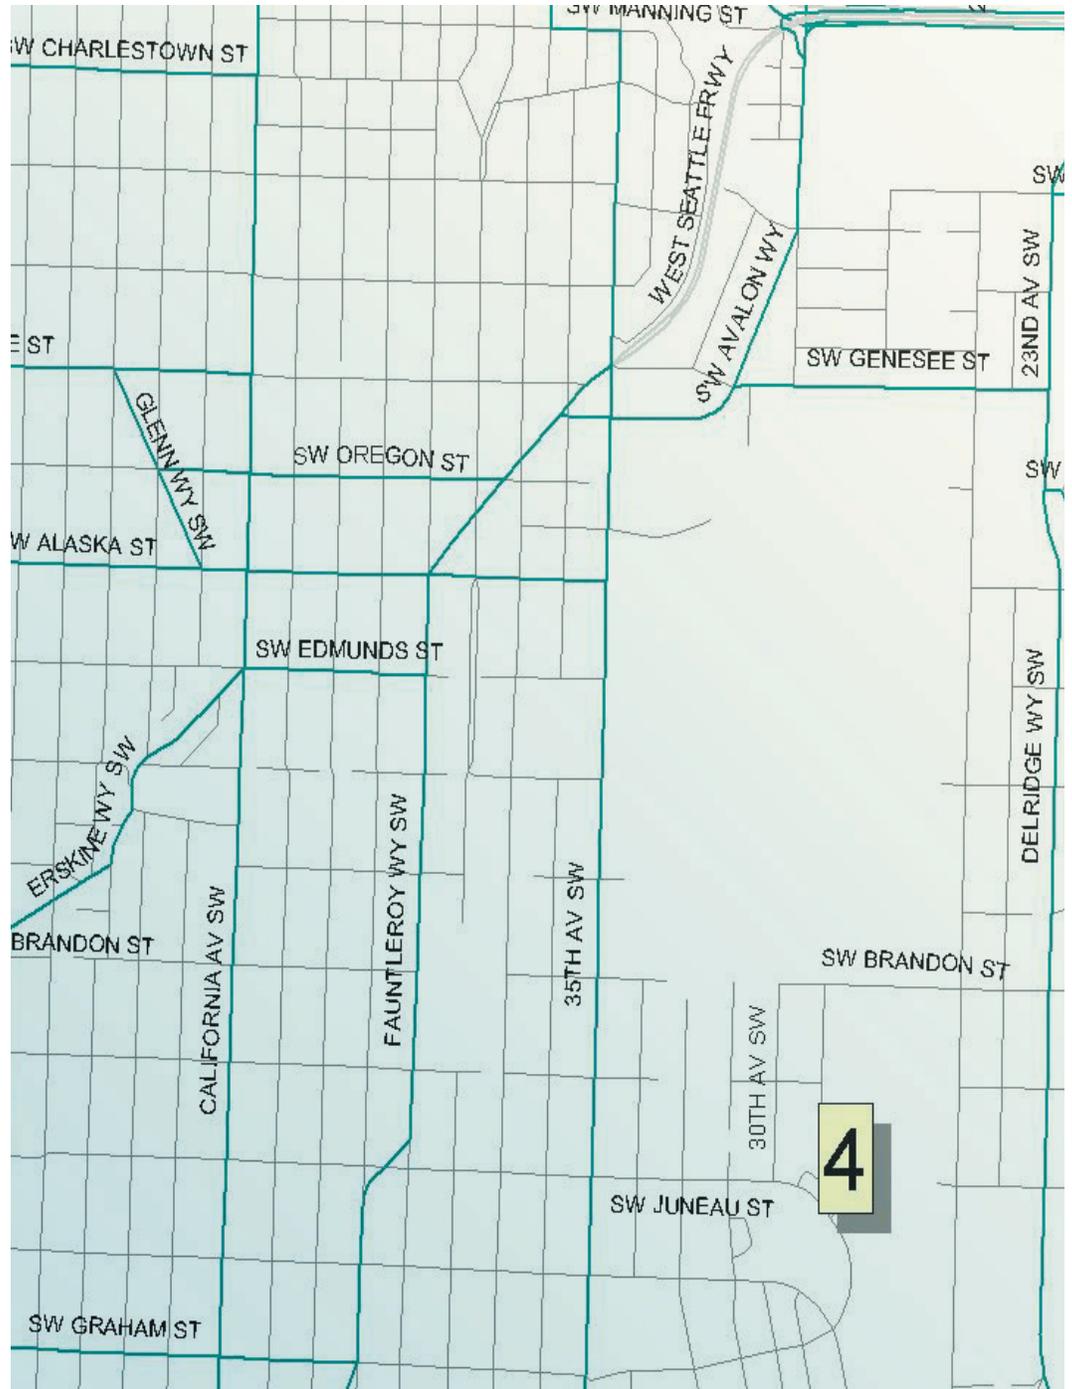

A PARTNERSHIP WITH SEATTLE PUBLIC HOUSING

LEGEND

4 High Point: 35th Ave SW and SW Juneau Street

DIRECTIONS

To visit the High Point Natural Drainage System, take I5 to the West Seattle Bridge, located south of downtown. Once you've crossed the bridge, continue on the West Seattle Highway for a few blocks, then take a slight left onto 35th Ave. SW. Follow 35th Ave until Juneau St., then turn left. You are now in the High Point! Walk around the 129 acre development to see a diverse array of NDS facilities.

PINEHURST GREEN GRID:

GREEN RETROFIT FOR RESIDENTIAL STREETS

LEGEND

5 Pinehurst Green Grid:
NE 115th St. and 17th
Ave NE.

DIRECTIONS

To see our most recent Natural Drainage System project, take I5 to the Northgate Way exit (Exit 173). Proceed east on Northgate Way to 17th Ave NE, then turn left. Park near 115th Street, then go for a stroll to see a variety of swales, cascades and other NDS technologies.
