

EMERGENCY WESTERN AVENUE WATER MAIN REPLACEMENT PROJECT

Construction update for December 19 to January 8

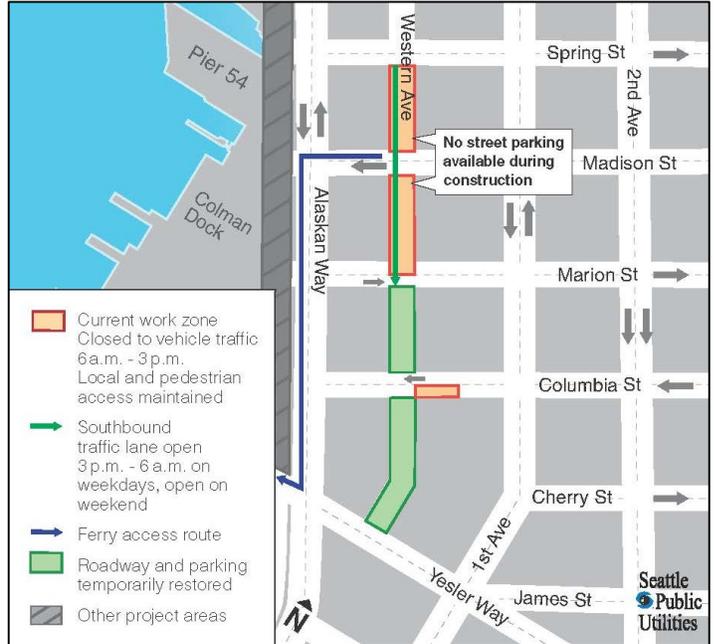

Emergency work continues on Western Avenue to replace a water main at risk of failure. From December 19 to January 8, you can expect the following impacts in the project area:

CONSTRUCTION ACTIVITIES

- Work will occur on Western Avenue between Spring and Marion streets Monday through Saturday during the day. Work will pause December 24 to 27 and December 31 to January 3 for the holidays.
- Work between Spring and Marion streets will include sawcutting for future service connections, excavating and installing new pipe with increased noise and dust.
- Some night work is expected, with the noisiest work completed by 10 p.m. each night.

ACCESS AND PARKING

- Western Avenue between Spring and Marion streets will be closed to vehicle traffic from 6 a.m. to 3 p.m. on working days.
- One southbound lane will be open from 3 p.m. to 6 a.m. on working days, with some intermittent closures to accommodate work, and all day on holidays.
- Pedestrian access will be maintained.
- Large vehicles travelling southbound on Western Avenue should detour westbound at University Street and eastbound at Spring Street to avoid Western Avenue between Spring and Marion streets.
- Steel plates will be present on the roadway. Bicyclists should use extreme caution.

Map denotes construction areas for activities December 19 to January 8.
