This workshop will feature information about projects and upcoming contract opportunities to do business with Seattle Public Utilities (SPU). Businesses will have the opportunity to network with other prime and sub consultants as well as with SPU's Contract Managers.

Information will be presented on the City's contracting processes and contract requirements, as well as introduce City's business tools. There will be time for questions and to meet with SPU staff and other consultants.

Registration

Due to room size, advance registration is requested to guarantee admittance. Registration will also help us develop a distribution list for future events.
