Elliott Bay Seawall Project Workforce Diversity

November 18, 2013 – May 31, 2014

By the end of May 2014, the Elliott Bay Seawall Project exceeded or met Community Workforce Agreement goals for worker hours from economically distressed zip codes and work hours performed by women and people of color. The goal for apprentice hours is close to being met at 13.9%. Preferred entry is below the 20% goal at 5.1%. Apprentice utilization will be challenging over the summer, as work is limited to Boxes 9 and 10. More work hours are expected this fall, beginning in October.

During the week of May 19, Mortenson Manson Joint Venture returned Box 4 to the City; Box 4 will remain open through the end of September. Work is currently occurring in Boxes 9 and 10. This includes pressure grouting by Hayward Baker and drill shaft work by DBM. Foundation work will begin in the end of June.

Percentages calculated from data available June 6, 2014.

Elliott Bay Seawall Project – Apprentice Hours by Trade

November 18, 2013 – June 9, 2014

The Community Workforce Agreement calls for apprentice utilization from Washington State Apprenticeship Training Council programs for at least 15% of total project hours, with a further goal that this requirement be met by craft.

Some trades may have inactive apprenticeship programs or do not have state apprenticeship programs.

Trade	Apprentice Hours	Journeyman Hours	Total Hours	Performance	Goal	Deficit Hours
