

# CAM Index

## January 2011

DPD publishes a variety of public information documents intended to provide user-friendly information on the range of subjects you may encounter while conducting business with us. This index lists our most frequently used documents, called Client Assistance Memos (CAMs), which are divided into categories for easy reference:

- 100 series: General Information
- 200 series: Land Use Code
- 300 series: Building Code
- 400 series: Energy and Mechanical Code
- 500 series: Grading, Side Sewer and Drainage
- 600 series: Code Compliance and Rental Housing Regulations

### Interdepartmental Series

- 1000 series: Seattle Public Utilities CAMs
- 2000 series: Seattle Dept. of Transportation CAMs
- 3000 series: Seattle Dept. of Neighborhoods CAMs
- 4000 series: Office of Arts & Cultural Affairs CAMs

An alphabetical listing by subject is also available on page 9. Additional DPD public information documents are listed on page 11.

CAMs are continually being revised to reflect changes in procedures, codes and regulations. Those requiring major revisions may be temporarily pulled from circulation. CAMs are available on the DPD website at [www.seattle.gov/DPD/CAMs](http://www.seattle.gov/DPD/CAMs). Printed versions are available at the DPD Public Resource Center, located on the 20th floor of the Seattle Municipal Tower at 700 Fifth Ave., (206) 684-8467.

Both new and revised CAMs are announced in DPD's free monthly newsletter, *dpdINFO*. If you would like to be on the *dpdINFO* mailing list, or if you have suggestions or questions about CAMs, please call DPD Community Relations at (206) 615-1486.

**NOTE:** CAMs should not be used as substitutes for codes and regulations. Applicants are responsible for compliance with all code and rule requirements, whether or not they are described in a CAM.
