BECOME A COMMUNITY EMERGENCY HUB

Your Community, Your Hub

After a major disaster, first responders may not be able to help you for 7 to 10 days - you are on your own. Hubs are natural gathering places in the community where people meet to help each other until City systems are restored.

Step 1: Designate a Hub location

- Hubs are pre-determined locations designated by community members
- Community Emergency Hubs will look different depending on the particular needs of the people who live in the area
- Hubs cannot be in a City-owned facility
- Examples of Hubs include parks, community gardens, faith-based centers, small business locations, etc.

Step 2: Fill out the online form

- Identify a primary and alternate contact
- Go to the Emergency Neighborlink Map online at www.seattleemergencyhubs.org and fill out the ‘Seattle Emergency Hub Entry Form’
- Begin receiving information about preparedness, training and networking opportunities

Step 3: Be a Hub during the next disaster!

- Spread the word in the community about the Hub location
  - Immediately after a disaster, people will have to rely on each other for help
  - Identifying locations ahead of time lets people know where to go to get or give help

For more information, contact OEM’s Community Planner, Debbie Goetz, at Debbie.Goetz@seattle.gov or 206-684-0517.
