<p>CBR-083-2022 (Amended)</p> <p>(See WAC 314-55-083)</p>	<p>Security and traceability requirements for cannabis licensees.</p> <p>The security requirements for a cannabis licensee are as follows:</p> <p>(1) Display of identification badge. All licensees and employees on the licensed premises shall be required to hold and properly display an identification badge issued by the licensed employer at all times while on the licensed premises and engaged in the transportation of cannabis. The identification badge must list the licensee's trade name and include the person's full and legal name and photograph. All licensees and employees must have their state issued identification available to verify the information on their badge is correct.</p> <p>(a) All nonemployee visitors to the licensed premises, other than retail store customers, shall be required to hold and properly display an identification badge issued by the licensee at all times while on the licensed premises.</p> <p>(b) A log must be kept and maintained showing the full name of each visitor entering the licensed premises, badge number issued, the time of arrival, time of departure, and the purpose of the visit.</p> <p>(c) All log records must be maintained on the licensed premises for a period of three years and are subject to inspection by any WSLCB employee or law enforcement officer, and must be copied and provided to the WSLCB or law enforcement officer upon request.</p> <p>(d) Employees, visitors, and other persons at a cannabis licensed premises, including persons engaged in the transportation of cannabis, must provide identification to the Director upon request.</p> <p>(2) [Not included]</p> <p>(3) Surveillance system. At a minimum, a licensed premises must have a complete video surveillance system with minimum camera resolution of 640 x 470 pixels or pixel equivalent for analog. The surveillance system storage device and/or the cameras must be internet protocol (IP) compatible. All cameras must be fixed and placement must allow for the clear and certain identification of any person and activities in controlled areas of the licensed premises. All entrances and exits to an indoor facility must be recorded from</p>

both indoor and outdoor, or ingress and egress vantage points. All cameras must record continuously 24 hours per day and at a minimum of 10 frames per second. The surveillance system storage device must be secured on the licensed premises in a lockbox, cabinet, closet, or secured in another manner to protect from employee tampering or criminal theft. All surveillance recordings must be kept for a minimum of 45 days on the licensee's recording device. All videos are subject to inspection by any WSLCB employee or law enforcement officer, and must be copied and provided to the WSLCB or law enforcement officer upon request. All recorded images must clearly and accurately display the time and date. Time is to be measured in accordance with the U.S. National Institute Standards and Technology standards. Controlled areas include:

- (a) Any area within an indoor, greenhouse or outdoor room or area where cannabis is grown, or cannabis or cannabis waste is being moved within, processed, stored, or destroyed. Rooms or areas where cannabis or cannabis waste is never present are not considered control areas and do not require camera coverage.
- (b) All point-of-sale (POS) areas.
- (c) Twenty feet of the exterior of the perimeter of all required fencing and gates enclosing an outdoor grow operation. Any gate or other entry point that is part of the required enclosure for an outdoor growing operation must be lighted in low-light conditions. A motion detection lighting system may be employed to light the gate area in low-light conditions.
- (d) Any room or area storing a surveillance system storage device.

(4) **Traceability:** To prevent diversion and to promote public safety, cannabis licensees must track cannabis from seed to sale. Licensees must provide the required information on a system specified by the WSLCB. All costs related to the reporting requirements are borne by the licensee. Cannabis seedlings, clones, plants, lots of useable cannabis or trim, leaves, and other plant matter, batches of extracts, cannabis-infused products, samples, and cannabis waste must be traceable from production through processing, and finally into the retail environment including being able to identify which lot was used as base material to create each batch of extracts or infused products. The following information is required and must be kept completely up-to-date in a system specified by the WSLCB:

- (a) [Not included]
- (b) [Not included]
- (c) [Not included]
- (d) [Not included]
- (e) [Not included]
- (f) All cannabis plants eight or more inches in height or width must be physically tagged and tracked individually;
- (g) [Not included]
- (h) All cannabis, useable cannabis, cannabis-infused products, cannabis concentrates, seeds, plant tissue, clone lots, and cannabis waste must be physically tagged with the unique identifier generated by the traceability system and tracked;

cannabis product intended to affect normal structure and function in humans, characterized by the means by which a cannabis product acts to maintain such structure or function, or describe the general well-being from consumption of a cannabis product, consistent with the guidance provided in 21 U.S.C. Sec. 343(6).

(h) "Useable cannabis" means dried cannabis flowers consistent with RCW 69.50.101(ww). The term "useable cannabis" does not include either cannabis-infused products or cannabis concentrates.

(2) Cannabis concentrates. The following standards apply to all packaging and labeling of marijuana concentrates:

(a) [Not included]

(b) Cannabis concentrates must be packaged:

(i) In child resistant packaging consistent with 16 C.F.R. Part 1700, Poison Prevention Packaging Act; or

(ii) In plastic that is two mil or greater in thickness, heat sealed without an easy-open tab, dimple, corner, or flap that will protect persons under the age of 21 from accidental exposure to cannabis concentrates.

(c) Cannabis concentrates must not be labeled as organic unless permitted by the U.S. Department of Agriculture consistent with the Organic Foods Production Act.

(d) Cannabis concentrate labels must comply with the version of NIST Handbook 130, Uniform Packaging and Labeling regulation adopted in chapter 16-662 WAC.

(e) Cannabis concentrate labels must clearly and visibly provide all of the following information:

(i) The business or trade name and the nine digit Washington state unified business identifier (UBI) number of the cannabis producer and processor;

(ii) The lot number of the product (the unique identifier number generated by the board's traceability system). This must be the same number that appears on the transport manifest;

(iii) The net weight in ounces and grams or volume as applicable;

(iv) Total THC (delta-9-tetrahydrocannabinol) meaning the concentration of THC and THCA, total CBD (cannabidiol) meaning the concentration of CBDA and CBD, using the formulas referenced in WAC 314-55-102;

(v) Medically and scientifically accurate and reliable information about the health and safety risks posed by cannabis use;

(vi) If solvents were used to create concentrate or extract, a statement that discloses the type of extraction method, including in solvents or gases used to create the concentrate; and

(vii) A complete list of any other chemicals, compounds, additives, thickening agents, terpenes, or other substances used to produce or added to the concentrate or extract at any point during production. A copy of the complete list of chemicals, compounds, additives, thickening agents, terpenes, or other substances must be kept and maintained at the

facility in which the cannabis concentrates are processed.

(f) Cannabis concentrate labels may not contain any statement, depiction, or illustration that:

(i) Is false or misleading, consistent with guidance provided in 21 C.F.R. Sec. 101.18(a);

(ii) Promotes over consumption;

(iii) Represents that the use of cannabis has curative or therapeutic effects;

(iv) Depicts a person under the age of 21 consuming cannabis; or

(v) Is especially appealing to persons under 21 years of age as defined in subsection (1)(c) of this section.

(g) The following statements must be included on all marijuana concentrate labels:

(i) "Warning - May be habit forming;"

(ii) "Unlawful outside Washington State;"

(iii) "It is illegal to operate a motor vehicle while under the influence of cannabis;"

(iv) The cannabis universal symbol as provided in WAC 314-55-106; and

(v) "Smoking is hazardous to your health."

(h) Product labeling for cannabis concentrates identified as compliant cannabis product under RCW 69.50.375(4) and chapter 246-70 WAC may include:

(i) A structure or function claim describing the intended role of the product to maintain the structure or any function of the body; or

(ii) Characterization of the documented mechanism by which the product acts to maintain such structure or function, provided that the claim is truthful and not misleading.

(iii) Any statement made under this subsection may not claim to diagnose, mitigate, treat, cure, or prevent any disease.

(i) Where there is one statement made under (h) of this subsection, or there is a warning describing the psychoactive effects of the cannabis product that is not false or misleading, the disclaimer must state, "This statement has not been evaluated by the State of Washington. This product is not intended to diagnose, treat, cure, or prevent any disease."

(j) Where there is more than one statement made under (h) of this subsection, or there is a warning describing the psychoactive effects of the cannabis product that is not false or misleading, the disclaimer must state, "These statements have not been evaluated by the State of Washington. This product is not intended to diagnose, treat, cure, or prevent any disease."

(3) Cannabis edibles in solid form. The following standards apply to all packaging and labeling of cannabis edibles in solid form:

(a) [Not included]

- (b) Cannabis edibles in solid form must be packaged:
- (i) In child resistant packaging consistent with 16 C.F.R. Part 1700, Poison Prevention Packaging Act; or
 - (ii) In plastic that is two mil or greater in thickness, heat sealed without an easy-open tab, dimple, corner, or flap that will protect persons under the age of 21 from accidental exposure to cannabis edibles in solid form.
- (c) Cannabis-infused edibles in solid form, such as capsules, lozenges, and similar products approved by the board on a case-by-case basis may be packaged loosely within a resealing outer package that is child resistant in accordance with Title 16 C.F.R. 1700 of the Poison Prevention Packaging Act.
- (d) Cannabis edibles in solid form must not be labeled as organic unless permitted by the U.S. Department of Agriculture consistent with the Organic Foods Production Act.
- (e) Labels for cannabis edibles in solid form must comply with the version of NIST Handbook 130, Uniform Packaging and Labeling regulation adopted in chapter 16-662 WAC.
- (f) Labels for cannabis edibles in solid form must clearly and visibly provide all of the following information:
- (i) The business or trade name and the nine digit Washington state unified business identifier (UBI) number of the licensees that produced and processed the cannabis or cannabis products;
 - (ii) The lot number of the product (the unique identifier number generated by the board's traceability system). This must be the same number that appears on the transport manifest;
