This annual allocation funds the maintenance of public artworks on the Seattle Center campus to ensure the integrity of the artwork. Past projects include repainting and renovating the Olympic Iliad and Moses sculptures (both located on the Broad Street Green), mechanical repairs to the FitzGerald Fountain, and structural repairs to the Horiuchi mural. Increases greater than \$25,000 in this project's annual allocation for 2007 through 2010 depend upon available resources.

## Bagley Wright Theatre Maintenance Fund

**BCL Name:** Bagley Wright Theatre Maintenance Fund

**BCL Code:** S9606

**Type:** Rehabilitation or Restoration

**Start Date:** 1st Quarter 1996

**Project ID:** S9606

**End Date:** 4th Quarter 2009

**Location:** 151 Mercer St.

**Neighborhood District:** Magnolia/Queen Anne

**Neighborhood Plan:** Not in a Neighborhood Plan

**Urban Village:** Uptown

This project represents the City's commitment to fund maintenance at the Bagley Wright Theatre, as stipulated in the lease agreement between the Seattle Repertory Theatre (SRT) and Seattle Center. The agreement requires each party to establish a maintenance fund and to make annual funding contributions to address interior major maintenance at the theater. The agreement is structured to transfer financial responsibility for interior major maintenance of the facility from the City to the SRT by the year 2009. At that point, City contributions to its fund end, and the SRT assumes total responsibility for the interior maintenance of the theater. The City's maintenance fund primarily pays for the planned replacement of theatrical equipment, but also is intended to fund certain carpeting, seating, and mechanical improvements.

This ongoing program funds the renovation of the 275,000-square-foot Center House, a 1938 structure which serves as the primary free indoor public gathering and programming space at Seattle Center. The building also houses Seattle Center's administrative offices. Recent work includes restroom and mechanical renovations, fire-safety and seismic improvements, window replacement, signage improvements, and wall and floor surface repairs. In 2005-2006, Seattle Center intends to complete a comprehensive upgrade of the Center House fire alarm system, and complete design and initial implementation of renovations to the food court. Funding for this project in 2007 through 2010 depends upon specific plans and available resources.

**Neighborhood Plan:** Not in a Neighborhood Plan

**Urban Village:** Uptown

This project anticipates the development of the triangle of property located between Fifth Avenue, Broad Street, Harrison Street, and Thomas Street, as provided in the Seattle Center Master Plan. The property is an extension of both the Seattle Center campus and the open space of the Broad Street Green, which extends from Broad Street and Denny Way to Fifth and Broad. Seattle Center is working with neighborhood groups and other interested parties to explore options for acquiring the property. Acquisition of the Fifth and Broad Triangle, which depends upon the availability of funding, would add 45,000 square feet of open space to the Seattle Center campus. For purposes of the Capital Facilities Element of the Comprehensive Plan, this is not a proposed new/expanded capital facility.

This project improves the safety, security, facility integrity, and visitor experience on the Seattle Center campus. Recent work includes installation of security bollards at two campus entry points. Ordinance 121418, approved in 2004, appropriated \$600,000 for additional security bollards on the Seattle Center campus, funded by the federal Urban Areas Security Initiative Grant Program. Seattle Center began installing these bollards in 2004 and will finish in 2005. Work planned for 2005-06 also includes lighting improvements around the campus. Funding for this project in 2007 through 2010 depends upon specific plans and available resources.

This ongoing project funds investigation of the existence of asbestos, lead, and other hazardous materials in Seattle Center facilities. It also funds abatement of those materials when necessary. Past work includes removal of asbestos ceiling tiles in the Seattle Center Pavilion and removal of asbestos insulation on underground steamlines. For 2005-06, hazardous materials abatement occurs as needed within other project budgets. Annual allocations from 2007 through 2010 depend upon available resources.

## KeyArena 2003 Renovation

**BCL Name:** KeyArena

**BCL Code:** S03P04

**Type:** Rehabilitation or Restoration

**Start Date:** 4th Quarter 2000

**Project ID:** S9304

**End Date:** 4th Quarter 2005

**Location:** 334 1st Ave. N

**Neighborhood District:** Magnolia/Queen Anne

**Neighborhood Plan:** Not in a Neighborhood Plan

**Urban Village:** Uptown

This project funds the renovation of the KeyArena following the 2002-2003 National Basketball Association (NBA) season, in accordance with the Premises Use and Occupancy Agreement between the City and the owners of the Seattle Sonics basketball team. The Sonics' owners required this agreement to be a part of the lease to ensure that the KeyArena remains state-of-the-art and competitive in the marketplace. The Agreement committed the City to invest a minimum of \$3.5 million in 1993 dollars (estimated at \$4.7 million in 2003 dollars), and committed the Sonics to invest \$750,000 in 1993 dollars (estimated at \$1 million in 2003 dollars) to renovate the concession areas in the building. The City has contributed an incremental amount each year, beginning in 1997, to ensure that the commitment is fully funded by 2003. In 2005, an additional \$5,000 in interest earnings and \$12,000 in facility use fees paid by the Seattle Storm is appropriated.

Planning work for this project began in 2000. With the agreement of the Sonics, work began in 2001 (with the installation of a new video display ring in the main seating bowl) and will continue through 2005. Other work completed to date includes lighting and sound system improvements, security improvements, ADA-compliant seating improvements, suite level improvements, interior and exterior painting, and a concept level plan for future facility upgrades in conjunction with discussions of a Sonics' lease renewal.

**Project ID:** S9901

**End Date:** Ongoing

**Location:** 334 1st Ave. N

**Urban Village:** Uptown

This ongoing project funds repairs and improvements to maintain and enhance KeyArena so it is well positioned in the highly competitive sports and entertainment marketplace, and to maintain basic building operations and facility integrity. Planning and implementation of work for this project is conducted in consultation with the building's prime tenants, the Seattle Sonics and the Seattle Storm, and in the context of anticipated renewal of the Sonics' lease in 2010. Work funded by this project includes installation of lighting controls, replacement of the basketball floor and the insulated floor that covers the ice for non-ice events, creation of a south end loge seating section to increase revenue, and partial funding of a concept plan for future facility upgrades. Future work may include partial house reconfiguration to attract additional events to the building, and the creation of additional points of sale for event-related merchandise. Funding in 2007 through 2010 depends upon specific plans and available resources.

Work in 2003-2004 originally was intended to include design of structural repairs to the KeyArena North Tunnel. This work is now planned as part of the construction of a new monorail station located atop the north tunnel, adjacent to KeyArena. Monorail station construction is anticipated to begin in 2007.

From 1997 through mid-2003, Seattle Center sought to redevelop Seattle Center Parking Lot 4 as a commercial hotel and replacement parking. Those efforts were abandoned in 2003 when the Center was unable to negotiate a satisfactory financial agreement with a development group. In 2004, as part of a comprehensive property development plan for the campus, Seattle Center invited development proposals for Lot 4. Seattle Center expects to propose sale and redevelopment of the site for mixed residential/commercial use in early 2005.

## Marion Oliver McCaw Hall

**BCL Name:** Marion Oliver McCaw Hall

**BCL Code:** S0001

**Type:** Improved Facility

**Start Date:** 1st Quarter 2000

**Project ID:** S0001

**End Date:** 4th Quarter 2004

**Location:** 321 Mercer St.

**Neighborhood District:** Magnolia/Queen Anne

**Neighborhood Plan:** Not in a Neighborhood Plan

**Urban Village:** Uptown

Marion Oliver McCaw Hall opened to the public in June 2003 at a cost of \$127.8 million. McCaw Hall is the home of the Pacific Northwest Ballet, Seattle Opera, festivals, and other community and commercial events. The project budget anticipated revenues of \$72 million from private funds, \$38.8 million from the City of Seattle, \$12 million from the State of Washington, and \$5 million from King County. If the anticipated State and County revenue is not provided in 2005-06 as shown, and alternative non-General Fund revenues are not obtained, McCaw Hall tenants will share the cost of 2005-06 debt service with the City's General Fund.

Of the \$127.8 million project budget, about \$7.2 million was expended directly by the Seattle Center Foundation. The balance of the budget (\$120.6 million), plus an additional \$2.5 million for kitchen equipment and debt service costs for interim financing, totals to the \$123.1 million appropriation listed below. Over the course of the project, the City provided about \$31.8 million in interim financing to support the project's cash flow requirements. Because the interim financing is not a permanent source of revenue, it is not detailed below.

Operating expenditures have grown, supported by new revenue and an annual General Fund contribution of \$451,000. O & M costs are already incorporated in Seattle Center's operating budget.

In 2004, Seattle Center completed an Asset Preservation Plan for McCaw Hall to provide a long-term road map for major maintenance work on the facility. The level of funding shown below starting in 2007 reflects the projected life cycle of major building elements, with replacement costs averaged over time. The actual level of funding will depend upon specific plans and available resources.

## Memorial Stadium Site Redevelopment

**BCL Name:** Memorial Stadium Site Redevelopment

**BCL Code:** S0105

**Type:** Improved Facility

**Start Date:** TBD

**Project ID:** S0105

**End Date:** TBD

**Location:** 5th Ave. N

**Neighborhood District:** Magnolia/Queen Anne

**Neighborhood Plan:** Not in a Neighborhood Plan

**Urban Village:** Uptown

This project anticipates future redevelopment of the Memorial Stadium site, which is owned, operated, and maintained by the Seattle School District. In 1946, the City deeded the site to the District for one dollar for use as an athletic stadium. Should the District no longer use the site for a stadium, the property reverts to City ownership. The Long Range Land Use Plan for Seattle Center (an appendix to the Seattle Center Master Plan) envisions demolition of the stadium, a lid over the bowl with parking underneath, and open space and program space above. Seattle Center continues to explore options to acquire Memorial Stadium which meet both the objectives of the Seattle Center Long Range Land Use Plan and those of the School District. This project is a placeholder, and reflects a long range goal of Seattle Center. For purposes of the Capital Facilities Element of the Comprehensive Plan, this is not a proposed new/expanded capital facility.

## Mercer Arena Redevelopment

**BCL Name:** Mercer Arena Redevelopment

**BCL Code:** S0302

**Neighborhood Plan:** Not in a Neighborhood Plan

**Urban Village:** Uptown

This project is a placeholder for the redevelopment or reuse of the 1927 Mercer Arena following its use as a temporary venue for the Seattle Opera and Pacific Northwest Ballet during the construction of McCaw Hall. Seattle Center has evaluated alternatives for the future use and redevelopment of the Mercer Arena. This work was funded in the Mercer Complex Redevelopment Plan project (S9703), which was included in the 2004-2009 Adopted CIP. Alternatives include demolition, renovation for a variety of public assembly uses, and reuse as private administrative, technical, rehearsal, and support space for performing arts. Options will be weighed against a range of criteria, including financial return to Seattle Center, the potential for private investment, and compatibility with the Center's vision, goals, and current lines of business, the surrounding neighborhood, and design principles established for the Theatre District. For purposes of the Capital Facilities Element of the Comprehensive Plan, this is not a proposed new/expanded capital facility.

## Monorail Improvements

**BCL Name:** Monorail Improvements

**BCL Code:** S9403

**Type:** Rehabilitation or Restoration

**Start Date:** Ongoing

**Project ID:** S9403

**End Date:** Ongoing

**Location:** Monorail Station Adjacent To Center House

**Neighborhood District:** Magnolia/Queen Anne

**Neighborhood Plan:** Not in a Neighborhood Plan

**Urban Village:** Uptown

This project formerly funded renovation of the Monorail, primarily with revenues from Federal Transit Administration (FTA) grants. In accordance with the passage in November 2002 of Proposition 1, which provided funding for a new monorail system, the City executed an agreement with the Seattle Popular Monorail Authority (also known as the Seattle Monorail Project or SMP) in 2003 to provide for the future transfer of the existing monorail system, to be replaced by the new monorail. Budget authority for Seattle Center work associated with the SMP is provided in the Department's operating budget in the "Nation's Best Gathering Place" line of business, and is funded by the SMP. Until such transfer occurs (expected in 2007), the City will continue to operate the existing Monorail through its contractor, Seattle Monorail Services (SMS). In accordance with an agreement with the City, in 2004 SMS undertook major repairs and life/safety upgrades to the two Monorail trains in response to the May 2004 fire on the Blue Train. SMS is financing the upfront cost of these repairs, which is estimated at \$2.5 million. This initial investment will be paid back over time from Monorail system revenue. If it is advantageous to the City to replace SMS financing with City bond financing, this could occur during 2005. Any debt service on these bonds would be repaid from Monorail system revenue.

This ongoing project funds the renovation and repair of open spaces, green spaces, hard surfaces, and fountains throughout the 74-acre Seattle Center campus. Past work includes replacing piping in the International Fountain to improve both safety and operation, replacing the information kiosk along Thomas St., pedestrian and landscape improvements along Harrison Street between Fourth and Fifth Avenues, and hardscape improvements along the covered walkway between Harrison and Republican Streets. Work planned for 2005-2006 includes recaulking the International Fountain bowl, landscape renovation west of the Seattle Children's Theatre, hard-surface repairs in heavily trafficked areas, and beginning implementation of a tree replacement plan. Increases greater than \$450,000 in annual program funds for 2007 through 2010 depend upon specific plans and available resources.

This project provides roof repair and replacement and structural and seismic repairs throughout the Seattle Center campus. Work completed in recent years includes structural repairs to the Kobe Bell house, replacement of the Bagley Wright Theatre roof, seismic repair to Seattle Center Pavilion A, and roof replacement and seismic upgrades to Center House. Work planned for 2005-06 includes replacement of the Exhibition Hall roof and phase 1 seismic upgrades to the Intiman Playhouse and adjacent colonnades. If funding is available, Seattle Center anticipates additional seismic repairs to the Intiman Playhouse and the colonnades in 2007. Ongoing funding in 2007 through 2010 funds smaller roof, structural and seismic repairs campuswide.

This ongoing project funds replacement, renovation, and new wayfinding, ADA-related, and informational signage throughout the Seattle Center campus. Recent work includes replacement signage for the 5th Avenue Parking Lot, a building readerboard for Fisher Pavilion, and signage for the east side public entry of Center House. Future work includes interim repairs to extend the life of the World's Fair-era readerboards at the perimeter of the campus. Seattle Center plans to begin phased replacement of these increasingly inefficient and difficult-to-maintain readerboards, as funding allows.

## Theatre District Improvements

**BCL Name:** Theatre District Improvements

**BCL Code:** S0103

**Type:** Improved Facility

**Start Date:** 1st Quarter 2000

**Project ID:** S0103

**End Date:** Ongoing

**Location:** Mercer St.

**Neighborhood District:** Magnolia/Queen Anne

**Neighborhood Plan:** Not in a Neighborhood Plan

**Urban Village:** Uptown

The Theatre District Improvements project includes a series of open space and pedestrian improvements along both sides of Mercer Street, at the north edge of Seattle Center. In 1999, the City acquired the former Diamond parking lot at the southwest corner of the block, along Mercer Street, west of the Mercer Garage. In 2003-04, the Department made modest improvements to the former Diamond property to transform it from a parking lot (and staging area for the McCaw Hall renovation) to public open space.

In 2000, the Kreielsheimer Foundation deeded a property fronting Mercer Street to the City (adjacent to and east of the former Diamond property); provided \$300,000 to fund schematic design of the Theatre District to coordinate with the exterior plazas for McCaw Hall; and awarded \$3 million in challenge grants for development of open space between the Intiman and the Bagley Wright Theaters and for acquisition of property on the north side of Mercer Street between Second Avenue N and Warren Avenue N. These grants require matching funds from public or private sources, which are shown as To Be Determined below. The match deadline is December 31, 2007, although the Board of Directors of the Foundation can extend the deadline to 2010 if they determine satisfactory progress is being made on the match. In 2004, concept design work was completed for the "Theatre Commons" space between the Intiman and Bagley Wright theaters in order to support fundraising for implementation of the project. Theatre District improvements are expected to be made incrementally as funding is available.
