## Department Overview

The Pike Place Market Levy, approved by voters in November 2008, collects up to \$73 million in additional property taxes over six years for major repairs, infrastructure, and accessibility upgrades to buildings owned by the Pike Place Market Preservation and Development Authority (PDA). The PDA is a nonprofit, public corporation chartered by the City of Seattle. As part of its mission, the PDA is required to preserve, rehabilitate, and protect the Market's buildings.

The PDA manages the renovation project and the City receives levy proceeds in the Pike Place Market Renovation Fund established through Ordinance 122737. The City provides cash to finance the project according to the PDA's construction schedule, including issuing limited-tax general obligation bonds to meet cash flow needs, and collected \$12.5 million per year in levy proceeds through 2013, and will collect up to \$10.5 million in 2014.

## Budget Overview

The Pike Place Market Preservation and Development Authority (PDA) has spent approximately \$65 million of the \$68.6 million of Levy funds allocated to the renovation. The project is 95% complete, within budget, and on schedule for completion in 2014. The renovation has meant new jobs, employing an estimated 250 workers annually in a variety of trades and industries.

The City issued \$25.5 million of bonds over the life of the project to meet its cash flow needs. Levy proceeds collected through 2014 will repay debt service on the bonds, which the City will repay in full by 2014.

The PDA completed Phase I of the Levy renovation project, which included infrastructure upgrades to the Hillclimb, Leland, and Fairly buildings in June 2010. The PDA substantially completed construction on Phase II, which included major infrastructure repairs and seismic updates to the Corner, Sanitary, Triangle, and First and Pine buildings in July 2011. Phase III was completed in 2012, with the exception of window replacement along Western Avenue, and included renovations to the Economy, Soames Dunn, and Steward buildings. Window replacement work will begin in the fall of 2013 and continue through 2014.

As reflected in the Fund Table below, the Pike Place Market Levy is projected to have surplus funds at the end of the project, as a result of lower than originally projected financing costs. In accordance with the Levy's authorizing ordinance, excess funds due to lower financing costs must be returned to the voters by reducing the property tax levy. As a result, the City will levy \$2.7 million, or 26%, less in 2014 than originally planned.
