 BEGA In-ground luminaire. LED 4.0W.  
 Each fixture can light up an area of Ø 3-6ft.

### **3. OPERATION AND MANAGEMENT**

## Operation and Management

### Hotel and Cafe

- The owner will hire a third party hotel management team to operate the hotel by following Swedish Standards.
- The hotel will primarily serve Swedish patients and their families with a discount rate. It opens to the public if there is any availability.
- The cafe will not be a full scale restaurant, but will offer healthy food and drink options to primarily support Swedish patients and their families.
- The owner prefers to provide a liquor serving bar
- Business hours (Cafe, and roof deck)
  - Summer time: Indoor Cafe area 6:30am - 10pm  
Outdoor deck and roof deck close at 9pm
  - Winter time: 6:30am - 9pm

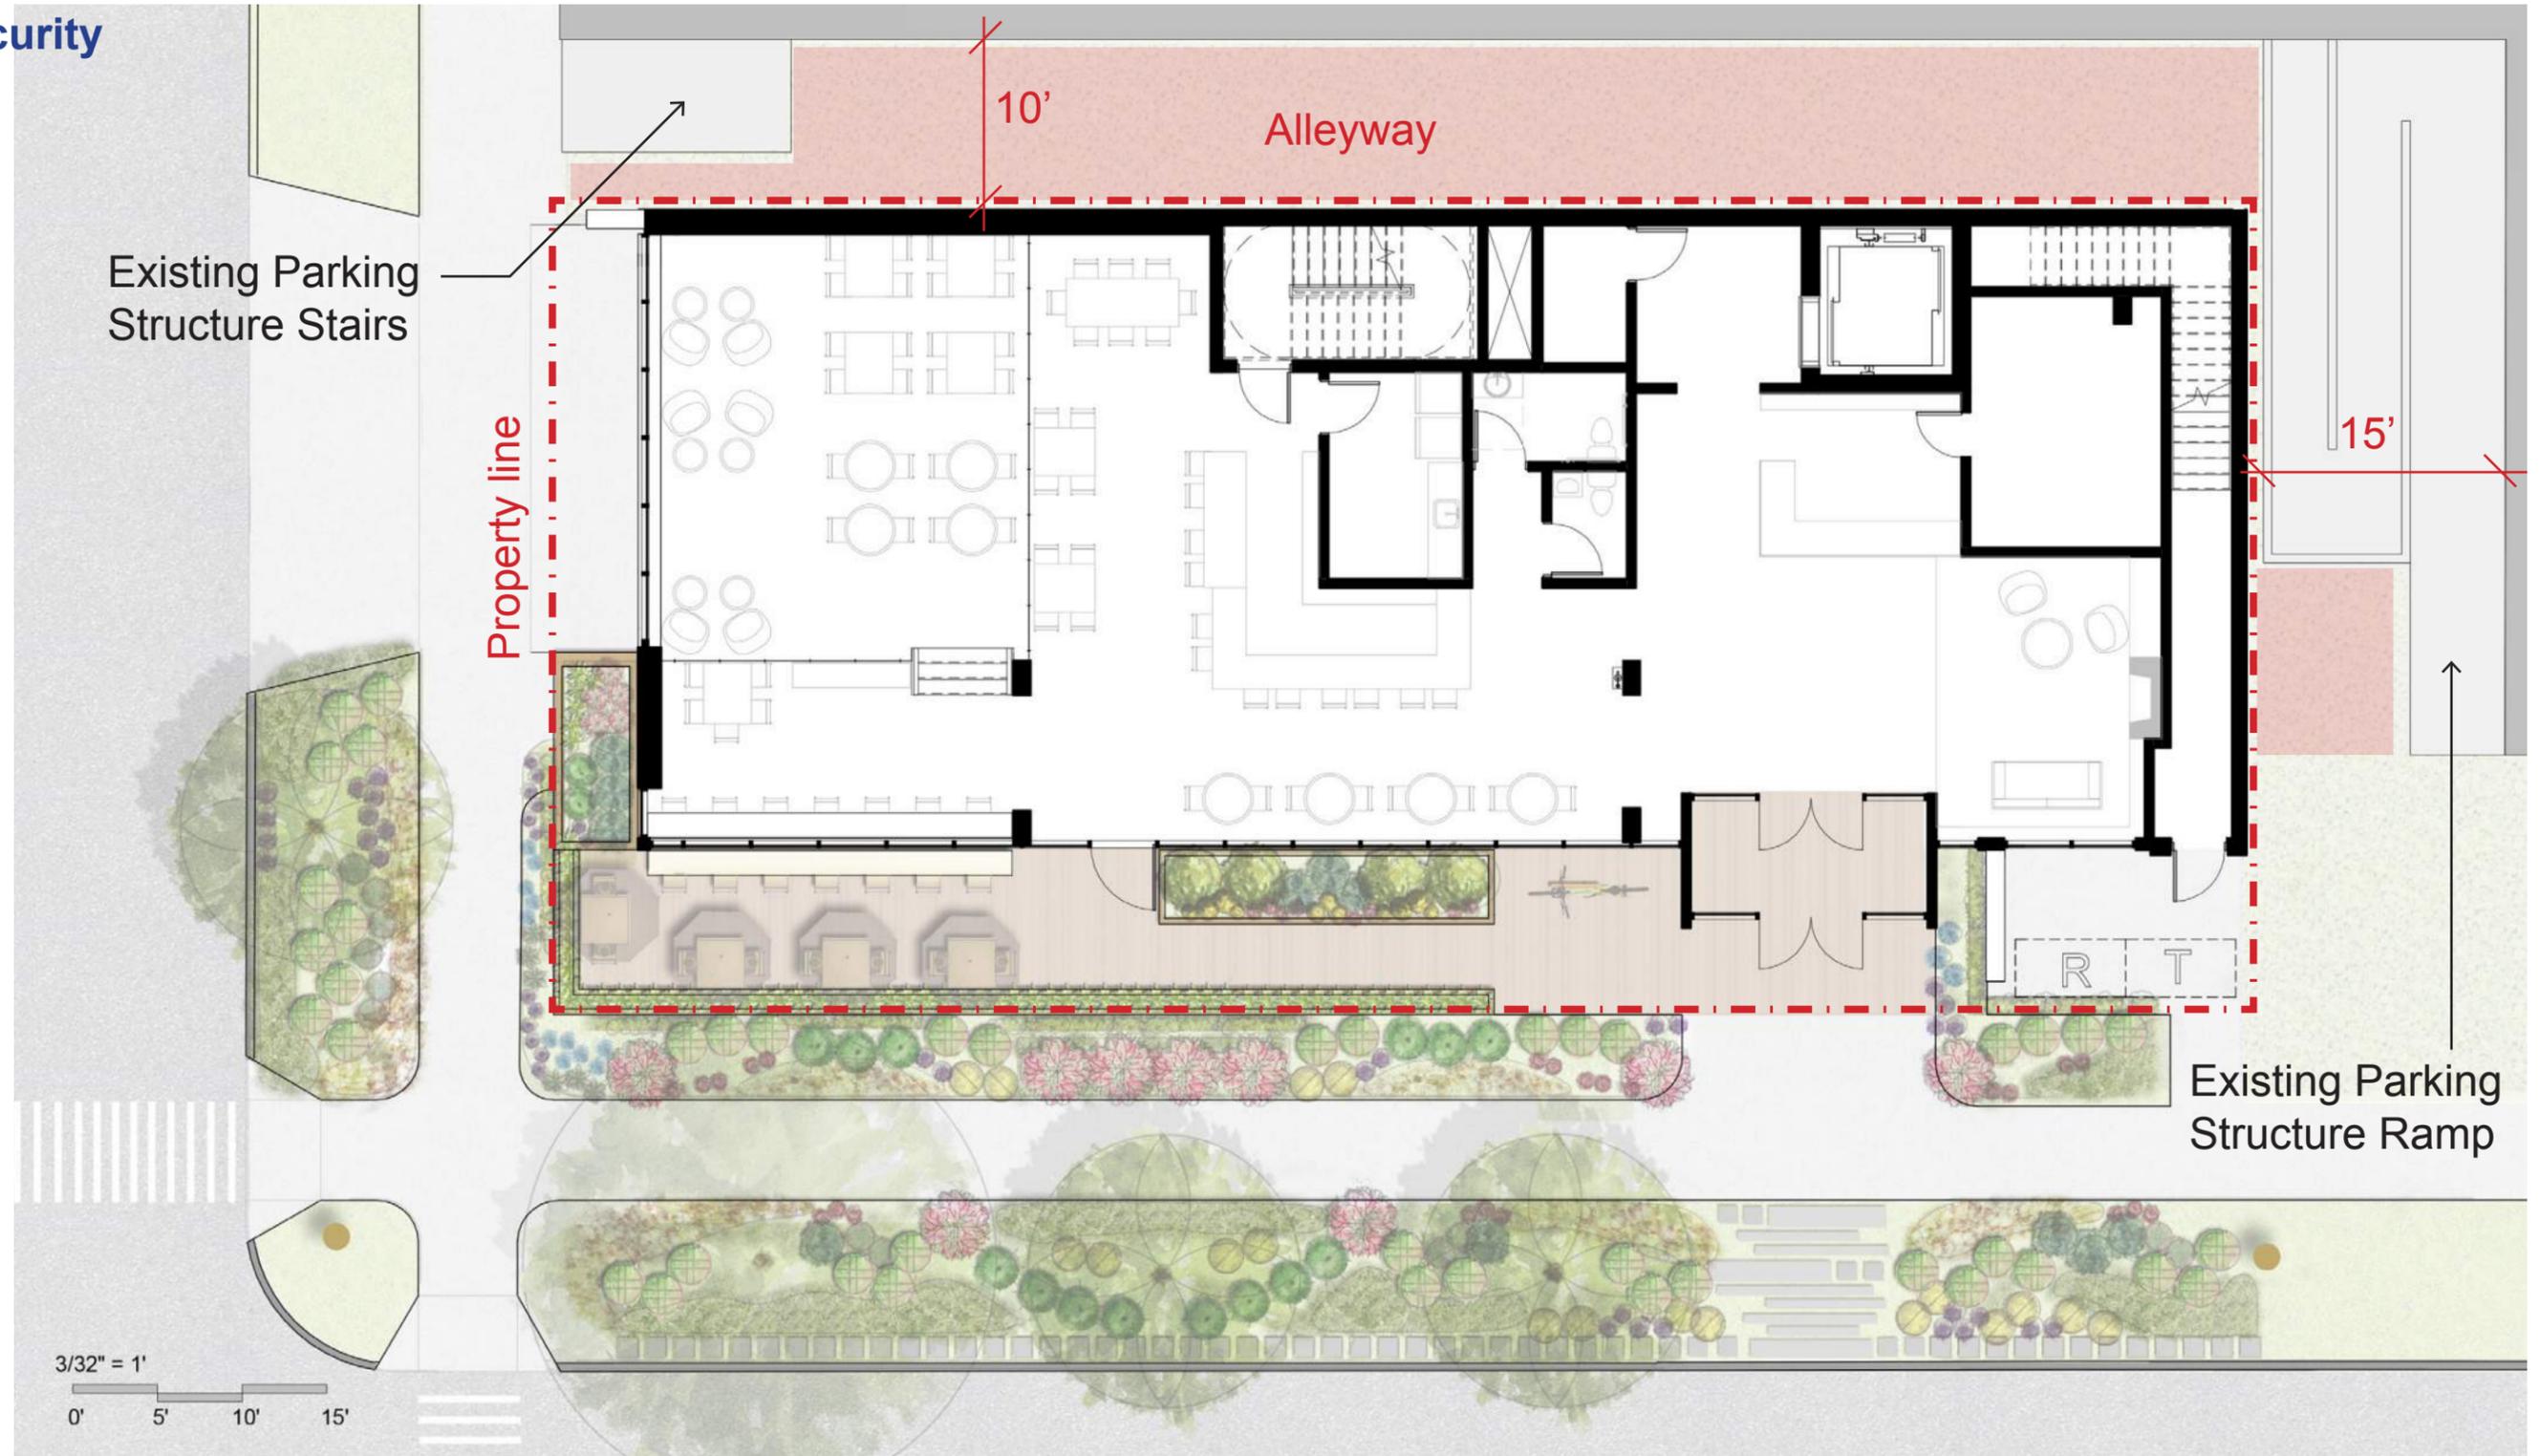

Neighborhood Cafe shops Business hours

### Parking

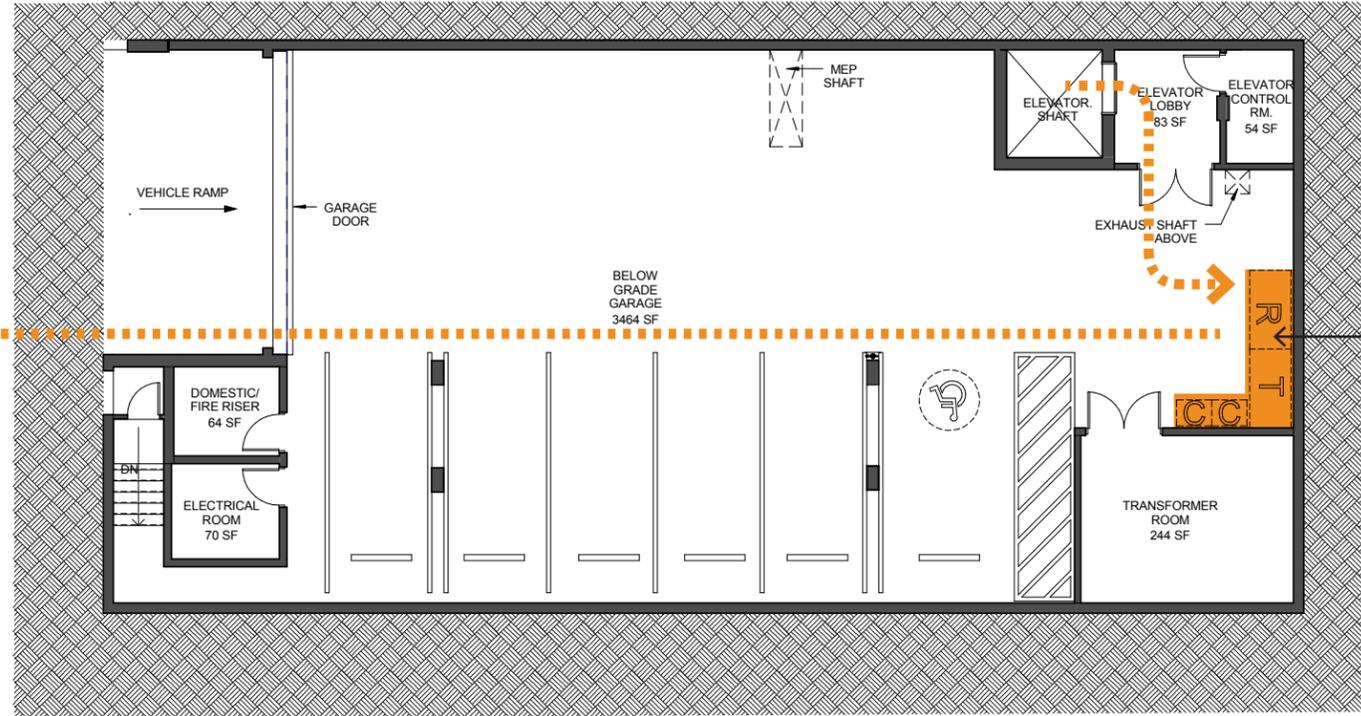

- Most patients and families will use Swedish on-campus parking garages.
- Hotel underground parking stalls are for hotel guests only, not open to the public
- In addition, hotel will provide parking validation for the non-patient guests to park in the Swedish parking garages based on availability.
- Hotel employees will strictly follow single occupancy vehicle rules (at least 60% shared riders or commute riders)

Alleyway Security

- Alleyway security will follow Sabey's operation and management measurements.

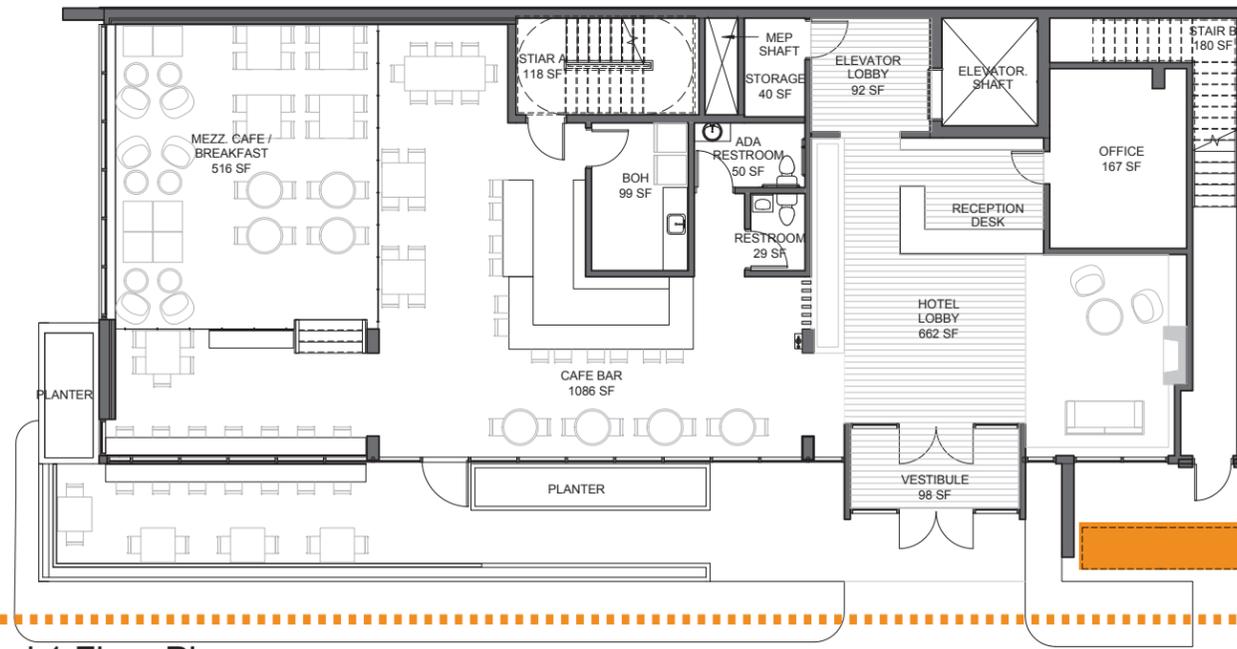

Waste and Disposal

Permanent Trash / recycle / compost bins staging location

Basement Level Floor Plan

Trash / recycle / compost bins path only on days of pick-up

Temporary staging location on days of pick-up

Pick-up location at the adjacent curb cut
