1	There is limited space within the plaza for local vendors and food trucks, regular features utilizing this space at present. 'Plaza' could be enlarged to accommodate this.	9/23/2021 3:05 PM
2	Looks good! I just want there to be plenty of places to sit	8/25/2021 12:54 PM
3	Amphitheater is great. Love to see how this layout will work with multiple vendors for events	7/28/2021 12:27 PM
4	It's beautiful! I am hoping there will be plenty of tree coverage to buffer traffic noise and combat air pollution.	6/19/2021 9:23 PM
5	Excited about native plants and trees	6/5/2021 9:00 AM
6	Too many trees along Dallas	6/5/2021 7:21 AM
7	I like the proposed community space with plenty of space for kids to play, the stage, and picnic tables. It looks so nice!!	6/4/2021 12:16 PM
8	I love that there is a play area for kids. I like the trees blocking the NPI warehouse.	5/12/2021 9:58 PM
9	This design is looking great! Wondering where you would have space for vending? Would that be on the lawn? I think a little more thought needs to go into that aspect.	5/10/2021 12:06 PM
10	I definitely want to keep the pupusa food truck and encourage other permanent street carts selling food and local art, etc. can you work with Ram mounts to put a large welcome to South Park sign on their building side that borders the park? Also we NEED a community board there!! So we can post neighborhood news and announcements	5/9/2021 5:58 AM
11	I don't know where this is.	5/8/2021 8:20 PM
12	ENGLISH - We do not live in Mexico and/or Viet Nam. Nor would we want that area of Seattle to be referred to in that context. We all live everywhere, we are ONE. Has to be a Lisa Herbold question.	5/8/2021 5:50 PM
13	It seems open and inviting for the neighborhood	5/8/2021 5:02 PM
14	Looking forward to having that space utilized in the neighborhood.	5/8/2021 12:06 PM
15	It's really lovely.	5/8/2021 11:00 AM
16	i like the rounded ampitheater and surrounding trees	5/8/2021 10:55 AM
17	Looks good and open space for everyone with options for future events	5/8/2021 10:36 AM
18	Is parking being considered?	5/8/2021 8:56 AM
19	Looks good.	5/8/2021 8:31 AM
20	I think it will be overrun with the homeless population.	5/7/2021 5:09 AM
21	This is unfortunate. South Park needs to conserve green space for residents. This doesn't provide much of that. It will be a wasted blight that will attract drug addicts and criminals to camp out and destroy the neighborhood, like what we see in Lake City. Lets not build more concrete eyesores when we can have habitable green spaces for community enjoyment.	5/6/2021 7:16 PM

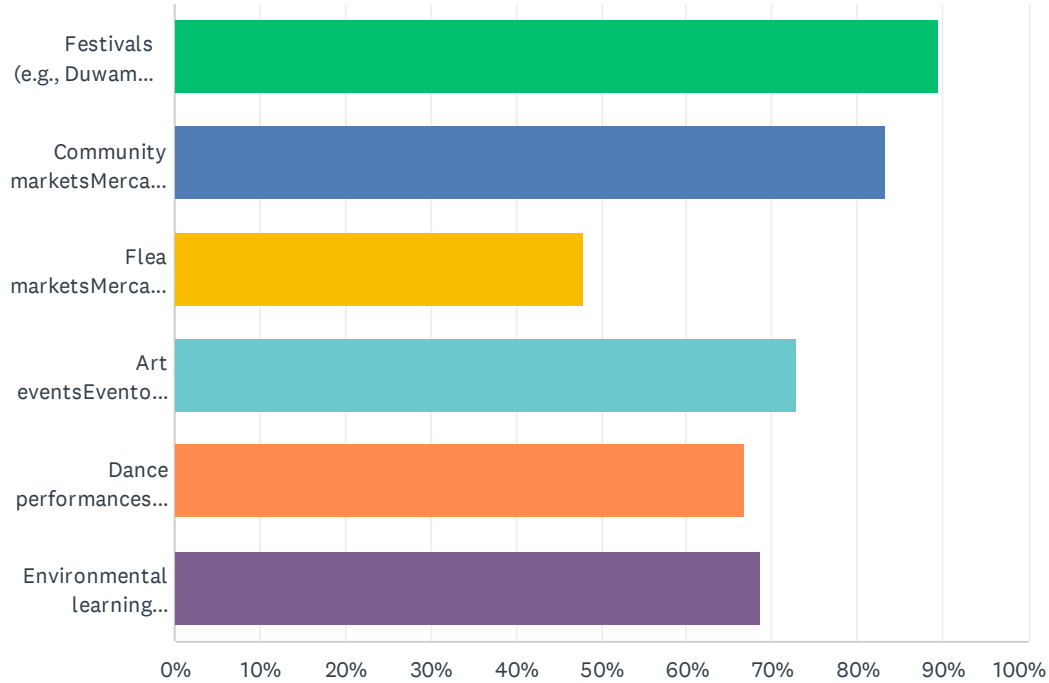

South Park Plaza Survey #3 (English/Español/Tiếng Việt) Encuesta n.º 3 de South Park Plaza Khảo sát Quảng trường South Park #3

22	please make sure there are electrical outlets for festivals and farmers markets.	5/6/2021 7:54 AM
23	Recommend there be enough trees that are high enough to block the view of the park from the bridge so drivers coming over the bridge are not distracted by what is happening in the park. Also, public bathrooms are absolutely necessary.	5/5/2021 5:27 PM
24	Quisera ver un sector para "P-patch" o jardín comunitario. Y que sobretodo en el sector de Picnic, haya contenedores para compostaje, reciclaje y basura.	5/5/2021 4:15 PM
25	I like the green, the trees, the emphasis on community building and cohesion	5/5/2021 2:10 PM
26	The serpentine flow is pleasing. While I like more greenery I also like the idea of using the warehouse wall as a movie screen of sorts.	5/5/2021 1:55 PM
27	The plan looks fine. Will there be cisterns and a rain garden to be used for teaching? Is there any place for PC collectors for the same reason? If there isn't enough money, could they be paid for by private funds?	5/5/2021 1:45 PM
28	It would be nice to add evergreens in this space as there aren't powerlines to contend with and because the community air quality issues and has been asking for more trees for a while. Also, it is hard to see what will serve as noise barriers from the bridge?	5/5/2021 1:42 PM
29	Please not another homeless camp.	5/5/2021 1:23 PM
30	It's nice! I like the fact that it has a stage for cultural events and play elements.	4/27/2021 9:30 PM
31	I appreciate the brick plaza almost cutting from the south to the north end. I think it should go th entire stretch and be as wide as possible to facilitate vendors and a nice walkway. I prefer it over concrete. I think the the tree canopy should be increased to provide noise insulation from the 14th Ave bridge. I appreciate not including anymore dedicate parking or even a load zone, which I believe would be abused anyways. Hopefully the City could look into the future and secure the King County lot north of the park. I am curious to know if the center grass portion of the plaza would stand up to heavy use from vendors and tents setting up. Will there be any seating overlooking the play area for parents to monitor their children? Will the winding walkway to the east of park be replacing the current straight walkway that borders the empty lot and the bridge? If not, I don't think it should be included.	4/16/2021 10:40 AM
32	Prefer to have more brick than concrete, would like the plaza space to be a little bigger/extended into grass area so there's more room for vendors to come in for events, would like to see the play area be a little more developed not just the stick element shown in the concept photos, maybe something that incorporates into the grass areas next to it.	4/16/2021 10:35 AM

Q2 (English): The South Park Plaza park is designed to be multi-functional. It will support a wide range of community activities and events that are important to the South Park neighborhood. Below are examples of community activities and events that could happen at the new South Park Plaza park. Please tell us which ones you would like to see there. Please also tell us about other kinds of activities and events you would like to see at the park. (Español): El parque South Park Plaza está diseñado para ser multifuncional. 9	The plaza is set pretty far away from local businesses. I think it would be beneficial to the park and community to set aside some space to have some permanent vendors who sell food and drinks in the park. I understand that temporary vendors can activate the park for a few hours and are generally self-contained. While the investment in space for a permanent vending space	5/10/2021 12:11 PM

would be higher, a permanent establishment would offer eyes on the park and stewardship that you cannot get from temporary vendors. Having someone there regularly or permanently also creates the expectation of an experience and is more accessible for the community that happening on a vendor or event for one day only.

10	Wonderful!	5/10/2021 8:56 AM
11	Love the opportunity for community learning events!!! Again the bulletin board or central info hub would be useful to have as a central info center	5/9/2021 5:59 AM
12	I think that the above ideas are important, as well as having a space simply for families to gather "just because". Plazas are one of the things I miss most about living in Europe. Although small, a well planned plaza can open new friendships, understands and a depth of inclusiveness amongst the people.	5/8/2021 5:07 PM
13	I think that some seasonal markets would be great too. Perhaps a Christmas tree lot, Halloween festivities like candy stalls for the children. If there is a small enclosed events center, some after school homework shops or activities for children of working families. There are really so many possibilities. As for the landscaping; my main interest is in seeing native plantings that enhance the health and longevity of the river. I would really like to encourage Milkweed plantings to help the Monarch butterflies. Its a beautiful plant and critical to the survival of an amazing and majestic invertebrate. The last thing I would like to see is the inclusion of the Band Shell. It would be a great gesture to utilize something donated by a community member for the use of all community citizens. It would convey the message that we have been listened to and heard. Thank you for the opportunity to provide my input.	5/8/2021 12:55 PM

There are festivals for outreach but the issue is that these festivals are the only outreach when the City, County, EPA, Parks ect are supposed to be doing engagement and outreach all year and use the festivals to check off the box. 26	I think this park should have eco-friendly items like rain garden, cisterns, PC solar collectors, etc.	5/5/2021 1:47 PM
27	Parks will need to make it easy for community led events to take place. The formal application for using parks for events can be cumbersome and requires a professional events planner. Saying these events can happen here will require a shift in how parks will make it easy for community to hold events here, without that, it is a farce.	5/5/2021 1:46 PM

18	Mural	5/8/2021 8:32 AM
19	We need quiet space to do our real cultural and spiritual work and healing. NPI/ Ram Mounts is not supposed to be in South Park and they are using a temporary conditional use permit in a residential area and are manufacturing toxic plastics. Putting the plaza plans go forth without holding this nasty polluter accountable could put the community at risk to be hit by the massive trucks that unload in the middle of the street, health risks heighten when they are exposed to toxic plastic fumes. You need to remove polluting industry for environmental justice.	5/7/2021 1:36 PM
20	Murals from the Latino community	5/7/2021 10:32 AM
21	Trees and plants belong in the park, with some tasteful, artistic but UTILITARIAN things like benches. Dont make more crappy public art please. More trees and greenery to enjoy, and then maintain that instead of needing to scrub graffiti off bad vandalised art.	5/6/2021 7:19 PM

27	Yes, the fact that we are such a diverse neighborhood. I hope all ethnic groups who have been part of our history and present get a shoutout	4/27/2021 9:32 PM
28	As a first generation Mexican-American and chicano, I appreciate the effort being made it incorporate all distinct community and cultural groups. I think murals do a great job of mitigating graffiti and vandalism. I think any art or mural should include the communities that make South Park but also nature in general. Especially with the Duwamish river being adjacent. As far park plaza and furnishings, I would need to see examples but I believe any park furnishings or designs should appear timeless. The current South Park Community Center does not appear to have aged well with the times and current design trends. Be it in color or just architecture.	4/16/2021 10:48 AM
29	Just bringing some of the bright colors and patterns from traditional Mexican and Latin	4/16/2021 10:42 AM
