

Overview

The Seattle Department of Transportation (SDOT) develops, maintains, and operates a transportation system that promotes the safe and efficient mobility of people and goods, and enhances the quality of life, environment, and economy of Seattle and the surrounding region. The transportation infrastructure is valued at over \$13 billion. Major system assets include: 1,540 lane-miles of arterial streets, 2,412 lane-miles of non-arterial streets, 135 bridges, 494 stairways, 587 retaining walls, 22 miles of seawalls, 1,060 signalized intersections, 47 miles of bike trails, more than 200 miles of on-street bicycle facilities, 35,000 street trees, 2,150 pay stations, 40 parking meters, and 26,200 curb ramps.

Transportation activities in the City of Seattle reflect its role as a mature major city. Roughly a quarter of the land area within city limits is dedicated to travel. As a mature city, Seattle rarely creates new road transportation facilities. The City optimizes or redevelops existing facilities to make them safer, more efficient and supportive of diverse urban needs. The City also maintains or improves critical transportation infrastructure of regional, statewide and national significance in cooperation with external partners.

2013-2018 CIP

The Transportation Capital Improvement Program includes planned spending of \$1.54 billion over the 2013-2018 six-year period. Highlights of the Adopted CIP include the following:

- **Walk Bike Ride**

The 2013-2018 Adopted CIP includes several projects that are consistent with the Mayor's Walk Bike Ride initiative, which aims to make walking, biking, and riding transit the easiest ways to get around in Seattle. Over the six-year period, the CIP includes over \$36 million for implementation of the Bicycle Master Plan and \$40.6 million for implementation of the Pedestrian Master Plan. The Transit Master Plan was completed in early 2012, and the CIP includes investments to implement key components of the plan. The CIP includes the following new pedestrian, bicycle, and transit investments:

- **Safe Routes to School**

- The CIP includes \$800,000 of Real Estate Excise Tax (REET) in 2013 for three new Safe Routes to School projects: sidewalk extension and curb bulb installation at McGilvra Elementary, intersection redesign and curb bulb installation at Beacon Hill Elementary, and traffic signal intersection improvements at West Woodland Elementary.

- **Sidewalk Safety Repair**

- Using one-time Bridging the Gap Levy fund balance, the CIP programs \$200,000 in 2013 and \$400,000 in 2014 for Sidewalk Safety Repair, emphasizing projects located in Urban Villages and supporting low-income communities. This investment will increase the delivery of sidewalk repair in 2013 and 2014 by 5,000 feet annually.

- **Sound Transit North Link Station Bike and Pedestrian Improvements**

- The 2013-2018 Adopted CIP adds this new project, which will construct pedestrian and bicycle improvements to enhance access to the planned Sound Transit Light Rail station at Northgate. The improvements include a cycle track along 1st Avenue NE that is planned to begin design in 2013, and additional pedestrian and bicycle improvements that will begin design in 2015.

- **3rd Avenue Corridor Improvements**

- The CIP invests \$1 million of REET in 2013 to make important capital upgrades to Third Avenue downtown. These improvements include a major sidewalk expansion and enhancement near

Seattle Department of Transportation

Macy's department store, upgrading all remaining pedestrian signals to countdown signals, and re-marking all faded crosswalks in the corridor.

Eastlake High Capacity Transit

The CIP includes a \$2 million investment beginning in 2014 to develop a conceptual design, scope of work, and cost estimate for a high-capacity transit route between Downtown Seattle and the University District along Eastlake Avenue, eventually extending to the Roosevelt neighborhood, consistent with recommendations in the Transit Master Plan. Development of the conceptual design report will include engagement of transit agencies, stakeholders and the general public to discuss corridor design options and tradeoffs.

Madison Corridor Improvements

The 2013-2018 Adopted CIP adds \$500,000 in 2013 and \$500,000 in 2014 to the Transit Corridor Improvements project, with a focus on the Madison corridor as identified in the Transit Master Plan. This funding will support conceptual design work and environmental review of the corridor.

Transit Corridor Improvements

In addition to the Madison Corridor Improvements, the 2013-2018 Adopted CIP includes another \$22 million – including \$8 million in the 2013-2014 biennium – to implement other projects that improve transit speed, reliability, access, and convenience, consistent with the Transit Master Plan.

Seattle Center City Connector Transit Analysis

Using unrestricted Cumulative Reserve Subfund dollars, the CIP includes \$1.5 million in 2014 to examine the benefits, costs and impacts of implementing an urban circulator in the downtown corridor.

Fauntleroy Green Boulevard

The 2013-2018 Adopted CIP includes \$250,000 to continue planning work on the transformation of Fauntleroy Way SW into a green boulevard.

- **Enhanced Paving Plan**

In recognition of the significant street surface repair needs throughout the city, the 2013-2018 Adopted CIP continues the Enhanced Paving Plan that began mid-year 2011. Through the Arterial Major Maintenance program, the CIP includes \$1.65 million of annual funding for this purpose, funded by REET in 2013 and by the Commercial Parking Tax in 2014 through 2018. In addition, a further \$3.04 million of REET is allocated in 2013 and \$4.04 million in 2014 to this project. Finally, the CIP adds \$1.15 million annually for non-arterial street repair, with an additional one-time funding increase of \$1 million in 2014 only.

- **Alaskan Way Viaduct & Seawall Replacement Program (AWVSRP)**

The Alaskan Way Viaduct & Seawall Replacement Program (AWVSRP) is a series of sub-projects pertaining to the replacement of State Route 99 along the Seattle waterfront. The program includes the City's involvement in the viaduct demolition and removal, the SR-99 Bored Tunnel, the Elliott Bay Seawall, Waterfront Seattle Public Space and Surface Streets, Battery Street Tunnel decommissioning, and the Holgate to King South End project. In SDOT's 2013-2018 Adopted CIP, the AWVSRP has been reorganized by creating new projects for the Elliot Bay Seawall and the Waterfront Improvement Program. These components were previously incorporated into the Alaskan Way Viaduct & Seawall Replacement project. The AWVSRP is now comprised of four projects in SDOT's CIP:

Seattle Department of Transportation

Alaskan Way Viaduct & Seawall Replacement

The Alaskan Way Viaduct & Seawall Replacement project includes SDOT's costs for the SR-99 / Bored Tunnel, the Battery Street Tunnel decommission, the Holgate to King south end projects, the parking program, program management services, and related components. This project also incorporates costs for the Waterfront and Seawall prior to 2013.

Elliott Bay Seawall Project

The Elliott Bay Seawall is essential both to public safety and to the local and regional economy. The current aging Seawall is not designed to withstand seismic events and failure could lead to widespread property damage, injury and loss of life while severely disrupting public transportation and commerce. Replacement of the Seawall from Washington to Virginia streets (also known as the Central Seawall) is estimated to cost \$300 million. Project design is expected to be completed in 2013. For more information about the Seawall project, visit <http://www.seattle.gov/transportation/seawall.htm>.

Waterfront Improvement Program

The Central Waterfront Public Spaces and Surface Streets component, also known as Waterfront Seattle, has reached conceptual planning milestones, and the Central Waterfront Concept Design and Framework Plan has been developed. Among other considerations, the next phases of design will reflect improved connections between Downtown, Pioneer Square and the waterfront, and the opportunity to integrate the connection between the Pike Place Market and Seattle Aquarium. In 2013 and 2014, the Waterfront Improvement Program includes support for preliminary design collaboration with the Market's "PC-1" north site development and the Aquarium's future renovation. The estimate for Waterfront Seattle, including surface street costs funded by the State, is \$769 million. For more information about Waterfront Seattle, visit <http://waterfrontseattle.org>.

Mercer Corridor Project - West Phase

The Mercer Corridor Project - West Phase project will convert Mercer Street to a two-way street between Dexter Ave and Elliott Ave West. The project supports vehicular mobility in the vicinity of the north tunnel portal and completes the vital east-west corridor from Elliott Bay to I-5. SDOT has completed final plans, specifications and cost estimates for the project and has secured all of the necessary local, state and federal funding to fully fund construction. Construction is expected to be completed in 2015 and is estimated to cost \$95.1 million.

Revenue supporting the AWVSRP corresponds with the strategic recommendations submitted by the Central Waterfront Partnerships Committee (CWPC) in July 2012. Although not secured, the funding plan anticipates a Seawall Bond Levy, the formation of a local improvement district, partnerships with the Pike Place Market and Seattle Aquarium, a future waterfront levy, and private philanthropic support. Major City funding sources in 2013 and 2014 include the following:

Seawall Bond Levy

The Adopted CIP includes revenue from the \$290 million bond measure that was approved on the November 6 General Election ballot. The bond levy will fund construction of the new seawall from South Washington Street to Virginia Street and provide funds toward replacing the deteriorated pilings and decking of the two City-owned piers that extend from the seawall: Pier 58, known as Waterfront Park, and Pier 62/ 63, both of which are owned and operated by the Seattle Parks Department.

Local Improvement District

Seattle Department of Transportation

The Adopted CIP includes revenue from a future Local Improvement District (LID) to help fund portions of the Waterfront Improvement Program envisioned in the Central Waterfront Concept Design. The City intends to form and confirm the assessment roll for a local improvement district in 2014. In anticipation of the creation of the LID, an interfund loan was established in 2012 to support costs eligible for funding by a future Local Improvement District. The Adopted Budget increases the size of the interfund loan to support anticipated 2013 costs.

Commercial Parking Tax

Certain AWVSRP costs are supported by Commercial Parking Tax (CPT) revenue authorized in 2011 at a 2.5% rate. AWV-CPT supports approximately \$70 million in expenditures for the Mercer Corridor West Phase, the Parking Program, and Project Services components and pre-construction costs for the Waterfront Seattle and Seawall components. The majority of these expenditures are bond-financed with debt service supported by CPT receipts.

- **First Hill Streetcar**

The Adopted CIP includes \$133 million of Sound Transit ST2 funding for the First Hill Streetcar project under an interlocal agreement signed in 2009. This project constructs a modern, low-floor streetcar system connecting First Hill employment centers to the regional Link light rail system, including but not limited to the International District/Chinatown Station, and Capitol Hill Station at Broadway and John Street. The system will provide reliable, frequent service and operate the same hours as the light rail system. Construction is underway and substantial completion is anticipated in spring 2014.

In 2013 and 2014, preliminary engineering and design will occur on the Broadway Streetcar Extension project, which will extend the First Hill Streetcar to the north end of Broadway. Funding for construction of the extension has not been determined.

- **South Lake Union Streetcar**

Due to the City's vacations of rights-of-way to Amazon.com, Inc., the company is providing a public benefits package that includes the purchase of a new streetcar for the South Lake Union line. The 2013-2018 Adopted CIP includes a new project with \$3.7 million in the 2013-2014 biennium to represent this purchase.

- **Bridging the Gap Major Projects**

Construction activities on major transportation projects, supported in-part by the Bridging the Gap funding package, are winding down. The Spokane Street Viaduct and King Street Station Phase II are expected to reach substantial completion prior to 2013, and the CIP reflects their closeout. The Mercer Corridor Project - East Phase, which implements a comprehensive package of transportation improvements in the Mercer Corridor in South Lake Union, will be in the final construction phases with substantial completion anticipated in 2013.

- **Vehicle Licensing Fee**

The 2013-2018 CIP continues the allocation of the \$20 Vehicle License Fee (VLF) as recommended by the Citizens Transportation Advisory Committee (CTAC 3). Funding totals over \$7 million annually, and reflects the committee's recommendations, which add significant funding to pavement preservation, sidewalk safety access, transit corridors, and bicycle improvements.

CIP Revenue Sources

Funding and financing for the projects in SDOT's 2013-2018 Adopted CIP comes from the following sources:

2013 - 2018 Adopted Capital Improvement Program

Seattle Department of Transportation

- **Bridging the Gap (\$221 million, 14%)**
In 2006, Seattle voters approved the Bridging the Gap (BTG) initiative to repair and improve Seattle's streets, bike trails, sidewalks, and bridges. The funding package includes a commercial parking tax and a property tax levy. In addition to direct cash expenditures, BTG funds also support some long-term financing, listed below.
- **Other Local Revenues (\$502 million, 33%)**
In addition to Bridging the Gap, other local funding sources for the Transportation CIP include the City's General Fund, Gas Tax, Real Estate Excise Tax (REET), the \$20 Vehicle License Fee, surplus property sales, a portion of the Commercial Parking Tax, and a proposed property tax levy for the Elliott Bay Seawall.
- **Long-Term Financing (\$286 million, 19%)**
Several major projects are partially financed with general obligation bonds. The debt service on these bonds is supported by the Commercial Parking Tax, anticipated local improvement district revenues, and other sources.
- **External Funding (\$477 million, 31%)**
SDOT is highly successful in securing competitive state and federal grants. This category also includes partners in regional efforts, such as King County, Sound Transit, the Port of Seattle, and the Washington State Department of Transportation, and funding from the city's utilities for utility relocations and betterments in association with transportation projects.
- **To Be Determined (\$51 million, 3%)**
A small portion of the CIP requires funding sources that have not yet been identified.

Thematic Priorities and Project Selection

The role of the transportation system is to connect people, places and products. To accomplish this, SDOT's thematic priorities for building and maintaining its capital infrastructure are:

- **Productivity** – shared prosperity and economic security
- **Livability** – support for neighborhoods as safe and healthy places to live, work, learn, and play
- **Equity** – fairness and inclusiveness for all
- **Sustainability** – stewardship of the natural and built environments as well as financial stewardship

Projects are initiated through a number of methods including planning processes (modal, subarea, neighborhood planning), preservation, operations and safety needs assessment, regulatory requirements, elected official direction and, in some instances, from neighborhood input such as the Neighborhood Street Fund program. Stakeholders have significant input in development of all SDOT plans through public involvement processes. Seattle's Pedestrian, Bicycle and Freight Advisory Boards also provide input on project needs.

A number of factors can impact SDOT's project and funding decisions. These can include regulatory requirements, state and federal law (such as the Americans with Disabilities Act) and construction seasons. Opportunities to leverage the City's limited funding with grants or coordinated projects with other agencies can also affect SDOT's decisions.

Each program area uses different criteria to rank and select projects, based on the thematic priorities as tailored to the specific program purposes. For example, assessment of Bridge Rehabilitation and Replacement projects begin with an inspection in compliance with national standards, and then also

Seattle Department of Transportation

considers public safety, economic benefits, social equity, and support for all transportation modes. Potential neighborhood traffic circles are ranked based on the number of documented collisions, traffic speeds, and traffic volumes.

In every case SDOT strives to implement the City's policy goals laid out in Seattle's Comprehensive Plan and individual policy initiatives such as Complete Streets, the Race and Social Justice Initiative and the Environmental Management Initiative. SDOT's Transportation Strategic Plan, modal plans and subarea plans provide an overall framework for implementing these goals.

City Council Provisos to the CIP

Council adopted the following capital budget provisos:

Of the appropriation in the 2013 budget for the Seattle Department of Transportation's Mobility-Capital and Major Maintenance and Replacement BCLs, \$1,075,000 is appropriated solely for design and construction of an initial 2.1 mile segment of the Ballard Neighborhood Greenway and \$100,000 is appropriated solely to complete 10% concept design with cost estimates for the remaining portions of the Ballard Neighborhood Greenway, and may be spent for no other purpose.

Of the appropriation in the 2013 budget for the Seattle Department of Transportation's Mobility-Capital and Major Maintenance and Replacement BCLs, \$525,000 is appropriated solely for design and construction of an initial 1.25 mile segment of the Delridge Neighborhood Greenway and \$100,000 is appropriated solely to complete 10% concept design with cost estimates for the remaining portions of the Delridge Neighborhood Greenway, and may be spent for no other purpose.

Of the appropriation in the 2013 budget for the Seattle Department of Transportation's Mobility-Capital BCL, \$750,000 is appropriated solely for 30% design, including identifying specific routes and improvement types and cost estimates for the Downtown cycle track network, and may be spent for no other purpose.

Of the appropriation in the 2013 budget for the Seattle Department of Transportation's Mobility-Capital BCL, \$725,000 is appropriated (and of the amount endorsed for 2014, \$250,000 is expected to be appropriated) solely for final design and construction of an initial .25 mile segment of the Downtown cycle track network, and may be spent for no other purpose.

Of the appropriation in the 2013 budget for the Seattle Department of Transportation's Mobility-Capital BCL, \$75,000 is appropriated solely for 10% concept design with cost estimates for intersection and access improvements to the West Seattle lower bridge multimodal trail, and may be spent for no other purpose.

Of the appropriation in the 2013 budget for the Seattle Department of Transportation's (SDOT's) Major Projects BCL, \$200,000 is appropriated solely for contracted outreach services for CIP Project # TC 367330 - Waterfront Improvement Program and may be spent for no other purpose. Furthermore, none of the money so appropriated may be spent until authorized by future ordinance. The Council anticipates that such authority will not be granted until SDOT reports to the Council and Council approves an outreach program for the formation of a Waterfront Improvement Program local improvement district.

Of the appropriation for 2013 for the Seattle Department of Transportation's Mobility-Capital BCL, \$250,000 is appropriated solely for the Fauntleroy Way SW Green Boulevard project (TC367200) and may be spent for no other purpose.

3rd Avenue Corridor Improvements

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	Q4/2012
Project ID:	TC367370	End Date:	Q4/2014
Location:	3rd AVE/S Jackson ST/Denny WAY		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	
Neighborhood District:	Downtown	Urban Village:	Commercial Core

This project makes multimodal improvements in the Third Avenue downtown corridor. Improvements include expanding the northbound bus stop area at Pine Street adjacent to Macy's department store, designing additional streetscape improvements, remarking numerous crosswalks, and installing pedestrian countdown signals.

5th Ave Streetscapes Improvements

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	Q1/2009
Project ID:	TC367080	End Date:	Q4/2013
Location:	5th Avenue NE/NE 112th Street		
Neighborhood Plan:	Northgate	Neighborhood Plan Matrix:	I.G. 13.1
Neighborhood District:	Northeast	Urban Village:	Northgate

This project will remove pavement and install a landscaped median and stamped concrete crosswalks at NE 112th Street, construct new sidewalk and curb ramps on the west side of 5th Avenue NE, and remove concrete planting strips and replace with landscaping on the east side of 5th Avenue NE. Poles will be painted to match the 5th Avenue NE project completed in 2006. There are minor close-out and landscape establishment costs in 2011-2013.

Alaskan Way Viaduct & Seawall Replacement

BCL/Program Name:	Major Projects	BCL/Program Code:	19002
Project Type:	New Facility	Start Date:	Q1/2001
Project ID:	TC366050	End Date:	Q4/2018
Location:	ALASKAN WY VI SB/BATTERY ST TUN OFF RP		
Neighborhood Plan:	In more than one Plan	Neighborhood Plan Matrix:	Multiple
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This project funds the City's involvement in the replacement of the Alaskan Way Viaduct, with the bored tunnel hybrid alternative. Replacement of this structure will enhance overall safety, as this structure is seismically vulnerable. In prior years, this project included design of the Central Seawall and Waterfront Improvements. In 2013, for transparency purposes, the Seawall and Waterfront work is reflected in two new capital projects, Elliott Bay Seawall Project (TC367320) and Waterfront Improvement Program (TC367330).

Seattle Department of Transportation

Arterial Asphalt and Concrete Program

BCL/Program Name:	Major Maintenance/Replacement	BCL/Program Code:	19001
Project Type:	Rehabilitation or Restoration	Start Date:	ONGOING
Project ID:	TC365440	End Date:	ONGOING
Location:	Various		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

The Arterial Asphalt and Concrete Program maintains Seattle's 1,581 lane miles of arterial streets through resurfacing and reconstruction projects. The Department uses a pavement management system to track the condition of arterial street pavement, to develop maintenance needs and establish priorities, and to select the streets to be rehabilitated each year. This project improves the quality and condition of the City's arterials.

Arterial Major Maintenance

BCL/Program Name:	Major Maintenance/Replacement	BCL/Program Code:	19001
Project Type:	Rehabilitation or Restoration	Start Date:	ONGOING
Project ID:	TC365940	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This ongoing project repairs and/or replaces deteriorated pavement on arterial streets. Arterial Major Maintenance paving work typically spans one to three city blocks. It allows the City to respond quickly and cost effectively to pavement issues that are too large to be addressed with a pothole repair, yet are too small to be efficiently contracted. Project prioritization is based on pavement condition; cost; transit, bicycle, pedestrian and freight use; traffic volume; coordination opportunities; complaints and claims; and geographic balance across the city. The work extends the service life of existing pavement structures.

Aurora Rapid Ride Improvements

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	Q3/2012
Project ID:	TC367220	End Date:	Q4/2014
Location:	Various		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	
Neighborhood District:	Northwest	Urban Village:	In more than one Urban Village

This project constructs approximately forty small to medium sized projects on Aurora Avenue between the Shoreline City Limits and Downtown Seattle to support Metro's new Rapid Ride service in that corridor. Approximately 35 projects will be reimbursed by Metro through an FTA grant to initiate Rapid Ride service; and additional five will be constructed with city funds that will provide Metro with the required matching funds. The five City projects are elements of existing annual programs funded through the 2012-2017 Adopted TCIP.

Aurora Transit, Pedestrian, and Safety Improvements

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	Q2/2003
Project ID:	TC366250	End Date:	ON HOLD
Location:	Aurora Ave N/N 110th St/N 145th St		
Neighborhood Plan:	Broadview-Bitter Lake-Haller Lake	Neighborhood Plan Matrix:	B-46
Neighborhood District:	Northwest	Urban Village:	In more than one Urban Village

This project funds improvements to Aurora Avenue North between N 110th and N 145th Streets. Typical improvements may include, but are not limited to, a business access/transit lane; a left turn lane/landscaped center median; and a curb, gutter, and sidewalk/amenity zone to include sidewalks and landscaping. This project improves pedestrian safety, access, and transit service in the corridor. Design was put on hold in 2008 due to lack of funding.

Location:	Downtown Ballard/Downtown Seattle		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This project will develop recommendations for implementation of high capacity transit alternatives between Ballard and Downtown Seattle. The project will build on the Ballard-Fremont-South Lake Union-Downtown corridor identified in the Transit Master Plan. The work will be done in conjunction with Sound Transit. The project will also develop conceptual designs and cost estimates for a new ship canal crossing for transit, pedestrians and bicycles.

Bike Master Plan Implementation

BCL/Program Name:	Major Maintenance/Replacement	BCL/Program Code:	19001
Project Type:	Improved Facility	Start Date:	ONGOING
Project ID:	TC366760	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This ongoing program implements the Seattle Bicycle Master Plan. Typical improvements may include installing bike lanes and sharrows, bicycle route signing, completing key links in the urban trails network, adding bicycle/pedestrian signals to complete the network, and reconstructing key sections of the trails. The goals of the program are to increase bicycle safety and access, while reducing bicycle crashes. This program includes funding for street improvement and trail construction and is consistent with the focus in the City's Transportation Strategic Plan (TSP) on encouraging walking and biking. In 2010, this project has been restructured to include, as sub-projects, the funding and scope from two former projects: the Bike Spot Safety Improvements and the Urban Trail and Bikeways Spot Improvements. This program supports Walk Bike Ride by implementing the Bicycle Master Plan. In the 2012 budget process, Council adopted a related proviso.

Bridge Painting Program

BCL/Program Name:	Major Maintenance/Replacement	BCL/Program Code:	19001
Project Type:	Rehabilitation or Restoration	Start Date:	ONGOING
Project ID:	TC324900	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	In more than one Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	Not in an Urban Village

This ongoing asset preservation project provides for the periodic painting of each of the City's 20 structural steel bridges. The painting cycle is initially determined by applying Federal Highway Administration standards for coating life, and is supplemented by annual physical inspections to assess the actual rate of deterioration.

Bridge Seismic - Phase III

BCL/Program Name:	Major Maintenance/Replacement	BCL/Program Code:	19001
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2013
Project ID:	TC367300	End Date:	Q4/2013
Location:	Citywide		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	
Neighborhood District:	In more than one District	Urban Village:	Not in an Urban Village

This project will develop a proposal for the next phase of bridge seismic upgrades. Due to changes in bridge standards, seismic codes, and city policies and expectations, previously used criteria and methodology for prioritizing bridges for seismic upgrades need to be updated and reapplied to the city's current inventory of bridges. The outcome from this work will provide a prioritized and accurate assessment of the city's bridge seismic retrofit needs.

Seattle Department of Transportation

Bridge Seismic Retrofit Phase II

BCL/Program Name:	Major Maintenance/Replacement	BCL/Program Code:	19001
Project Type:	Rehabilitation or Restoration	Start Date:	ONGOING
Project ID:	TC365810	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

The program prioritizes and implements seismic upgrades to bridges based on traffic importance and seismic vulnerability. On the highest ranked bridges, conceptual level analysis is performed to develop a retrofit strategy and cost estimate. As funding allows, full retrofit design and construction phases are implemented. The project enhances the safety of City bridges in lieu of substantial rehabilitation or replacement.

Seattle Department of Transportation

Broadway Streetcar Extension

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	New Facility	Start Date:	Q3/2012
Project ID:	TC367240	End Date:	Q3/2016
Location:	Broadway E/E Denny Way/E Roy ST		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	
Neighborhood District:	East District	Urban Village:	Capitol Hill

This project extends the First Hill Streetcar to the north end of Broadway (approximately Denny Way to Roy Street). The First Hill Streetcar line is currently under construction and will connect First Hill employment centers to the regional Link light rail system, including but not limited to the International District/Chinatown Station, and Capitol Hill Station at Broadway and John Street. This half-mile extension to the retail core of Broadway will reach a high density residential area with reliable frequent service (approximately 10 minute headways) mirroring the hours of operation of Link light rail system.

Burke-Gilman Trail Extension

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	New Facility	Start Date:	Q1/1995
Project ID:	TC364830	End Date:	Q4/2016
Location:	Various		
Neighborhood Plan:	Crown Hill/Ballard	Neighborhood Plan Matrix:	BGT-1
Neighborhood District:	Ballard	Urban Village:	Ballard

This project extends the Burke-Gilman Trail from its current terminus at Eighth Avenue NW to Golden Gardens Park. The segment from Eighth Avenue NW to 11th Avenue NW was constructed in 2001. The Ballard Locks to NW 60th Street segment was constructed in 2005. The NW 60th Street to Golden Gardens segment was constructed in 2008. The "Missing Link" segment from 11th Avenue NW to the Ballard Locks was planned for construction in 2011 and 2012, but has been delayed due to ongoing litigation.

Cheshiahud Lake Union Trail Project

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	Q1/2009
Project ID:	TC367070	End Date:	Q4/2012
Location:	Lake Union		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	Lake Union	Urban Village:	South Lake Union

This project completes Fairview trail improvements and establishes the History Trail. The project addresses the challenges presented along the Fairview Avenues N and E corridors. This may include implementing a new separated bike/pedestrian path along Fairview Avenue N to the south of the old steam plant to Lake Union Park, and improving the shared route along Fairview Avenue E to the University Bridge. This will substantially complete the needed physical improvements along the trail. Three street-end parks will be improved through volunteer efforts. The Museum of History and Industry (MOHAI) and the Center for Wooden Boats (CWB) will implement interpretive elements for the History Trail.

Chief Sealth Trail

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	New Facility	Start Date:	Q2/2000
Project ID:	TC365690	End Date:	Q4/2012
Location:	Southeast		
Neighborhood Plan:	In more than one Plan	Neighborhood Plan Matrix:	Multiple
Neighborhood District:	Greater Duwamish	Urban Village:	MLK Jr. @ Holly

This project constructs 3.6 miles of the Chief Sealth Trail, the first off-street, multi-use trail in southeast Seattle. The work includes the design and construction of a pedestrian/bicycle asphalt trail located in the City Light transmission corridor between Interstate 5 and the Rainier Valley. The trail provides access to Sound Transit Link Light Rail stations at S Othello and S Henderson Streets. Phase II of the project constructs a new section of trail to connect the existing Chief Sealth Trail to the intersection of South Myrtle Place and Holly Park Drive South, and installs a new traffic signal at that intersection to facilitate the safe crossing of bicycles and pedestrians. A retaining wall is constructed along the north side of the bicycle path to bring the grade up to sidewalk level. This phase also includes construction of a bicycle ramp, sidewalk improvements, installation of pedestrian signals, vehicle and pedestrian detection, crosswalk markings, and warning strips for bicycles. Phase III, known as the Northern Extension, spans from Beacon Avenue South to South Angeline Street/15th Avenue South. This project includes feasibility studies, conceptual design, and preliminary engineering for future projects to fill gaps in the trail and extend the trail further south.

Location:	Citywide		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This program identifies locations that have high numbers of collisions; performs reviews of high collision locations; identifies and designs improvements to enhance safety at these locations; and facilitates installation of these improvements. High collision locations identified include signalized and unsignalized intersections, mid-block locations, locations having high numbers of pedestrian collisions and locations having high numbers of bike collisions. Improvements identified by this program tend to be low-cost. They tend to involve signal modifications or changes to signs and striping.

Eastlake High Capacity Transit

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	Q1/2013
Project ID:	TC367380	End Date:	Q4/2014
Location:	Eastlake AVE/Stewart ST/NE 65th ST		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This project will explore the development of high capacity transit, including street improvements, in the Eastlake Avenue corridor connecting the University District, Roosevelt, Eastlake, and South Lake Union neighborhoods with Downtown. The project is identified as a priority in the Transit Master Plan. This project will consider rail and bus options in determining the most effective approach to transit service within a project area.

Elliott Bay Seawall Project

BCL/Program Name:	Major Projects	BCL/Program Code:	19002
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2013
Project ID:	TC367320	End Date:	Q4/2016
Location:	Alaskan WAY/S Washington ST/Virginia ST		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	
Neighborhood District:	Downtown	Urban Village:	In more than one Urban Village

This project is a critical public safety project and will replace the existing seawall, from S. Washington Street to Virginia Street (Central Seawall), with a structure that meets current safety and design standards. The project will also improve the nearshore ecosystem of Elliott Bay and provide opportunities for recreation and shoreline access. This project was created in 2013. Costs incurred prior to 2013 are included in the Alaskan Way Viaduct & Seawall Replacement project (TC66050). The total estimate for this project is \$300 million.

On October 25, 2012, the City Council budget committee held a special public hearing on this project. Special public hearings, also known as "CLEAN" hearings, are held for certain major capital projects on which the City spends or is authorized to spend \$5 million or more in City money.

2013 - 2018 Adopted Capital Improvement Program

Seattle Department of Transportation

Fauntleroy Way SW Green Boulevard

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	Q1/2012
Project ID:	TC367200	End Date:	Q4/2012
Location:	Fauntleroy WAY SW/35th AVE SW/SW Alaska ST		
Neighborhood Plan:	West Seattle Junction (FOJ)	Neighborhood Plan Matrix:	Multiple
Neighborhood District:	Southwest	Urban Village:	West Seattle Junction

This project transforms Fauntleroy Way SW into a green boulevard. Preliminary engineering will address project elements identified during conceptual design, including: a planted median with signature lighting fixtures, a pedestrian zone with sidewalks and planting areas including street trees, pedestrian lighting, potential green stormwater infrastructure and art, and safety improvements for crossing movements for all modes, including bicycle improvements and pedestrian crossings, signals, and reconfigured intersections and bulbs. 2012 funding was used for preliminary engineering, including public outreach, preliminary design, and construction cost estimates. Alternative project designs were developed (with and without the relocation of a 28' drainage and wastewater main) that seek to balance green boulevard design elements with Major Truck Street treatments. In the 2012 budget process, Council created this project and adopted a related proviso. By the end of 2012 SDOT will complete a feasibility analysis, conceptual plans and cost estimates. In 2013, a project design will be chosen from the identified alternative designs. Funding in 2013 will be used to continue project planning and design, survey work, update the project cost estimates and do additional public outreach.

First Hill Streetcar

BCL/Program Name:	Major Projects	BCL/Program Code:	19002
Project Type:	New Facility	Start Date:	Q2/2009
Project ID:	TC367100	End Date:	Q4/2014
Location:	Various		
Neighborhood Plan:	In more than one Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This project constructs a modern, low-floor streetcar system connecting First Hill employment centers to the regional Link light rail system, including but not limited to the International District/Chinatown Station, and Capitol Hill Station at Broadway and John Street. The system will provide reliable, frequent service (headways of approximately 10 minutes during peak periods) and operate the same hours as the light rail system (at least 20 hours per day Monday through Saturday and at least 12 hours per day Sundays). A light maintenance vehicle storage base and procurement of a six-vehicle streetcar fleet is also included in the scope of the project.

Greenwood Avenue N Street Improvements

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	Q4/2005
Project ID:	TC366380	End Date:	Q4/2013
Location:	Greenwood Ave N/N 105th St/N 112th St		
Neighborhood Plan:	Broadview-Bitter Lake-Haller Lake	Neighborhood Plan Matrix:	Multiple
Neighborhood District:	Northwest	Urban Village:	Not in an Urban Village

This project widens the existing four lanes and adds a center two-way left-turn lane on Greenwood Avenue N between N 105th Street and N 112th Street. Improvements include parking, curb, planting strips, and concrete walkways on both sides of the street. All intersections are improved for pedestrian safety. Signals, street lighting, and drainage systems are upgraded as needed. There are minor close-out and landscape establishment costs in 2011-2013.

Hazard Mitigation Program - Areaways

BCL/Program Name:	Major Maintenance/Replacement	BCL/Program Code:	19001
Project Type:	Rehabilitation or Restoration	Start Date:	ONGOING
Project ID:	TC365480	End Date:	ONGOING
Location:	Various		
Neighborhood Plan:	Pioneer Square	Neighborhood Plan Matrix:	Multiple
Neighborhood District:	Downtown	Urban Village:	Pioneer Square

This ongoing program implements inspection and repair of areaways in the Pioneer Square District to reduce risks to City facilities and the general public. Areaways are usable space, generally in the street right-of-way, constructed under sidewalks between a building foundation and the street wall. Typical improvements may include, but are not limited to, repairs to the existing areaway and/or filling the areaway with lightweight concrete. Improving these areaways is an action included in the South Downtown Strategic Plan.

Hazard Mitigation Program - Landslide Mitigation Projects

BCL/Program Name:	Major Maintenance/Replacement	BCL/Program Code:	19001
Project Type:	Rehabilitation or Restoration	Start Date:	ONGOING
Project ID:	TC365510	End Date:	ONGOING
Location:	Various		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	Not in an Urban Village

This project enables SDOT to address and repair landslide concerns that affect the right-of-way. The Landslide Mitigation Program provides SDOT with staff and resources to identify and prioritize landslide concerns, to undertake reconnaissance engineering and geotechnical studies of problem areas, and to make repairs at the highest priority locations, usually where landslide concerns have caused the roadway to be partially or completely closed.

Left Turn Signals

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	ONGOING
Project ID:	TC323130	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	In more than one Plan	Neighborhood Plan Matrix:	Multiple
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This ongoing project improves three to five left-turn signals each year at locations with high left-turn collision occurrences and/or high volume locations where left turns are challenging to make. The Department established this project in 1992 to reduce collisions and meet state regulatory requirements. Locations are selected based on collisions and volume data.

Linden Avenue North Complete Streets

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	Q1/2008
Project ID:	TC366930	End Date:	Q4/2016
Location:	Linden Ave N/N 128th St/N 145th St		
Neighborhood Plan:	Broadview-Bitter Lake-Haller Lake	Neighborhood Plan Matrix:	N/A
Neighborhood District:	Northwest	Urban Village:	Bitter Lake Village

This project constructs road improvements on Linden Avenue North from N 128th Street to N 145th Street. Improvements include, but are not limited to concrete sidewalks, curb and gutters, pedestrian crossings and curb ramps, buffered bicycle lanes, and asphalt road replacement. The improvements will provide pedestrian, drainage and roadway improvements, and complete the final link in the Interurban Trail North.

Magnolia Bridge Replacement Project

BCL/Program Name:	Major Projects	BCL/Program Code:	19002
Project Type:	New Facility	Start Date:	Q1/2002
Project ID:	TC366060	End Date:	TBD
Location:	W Garfield St/15th Ave W/Thorndyke Ave W		
Neighborhood Plan:	BINMIC (Ballard Interbay Northend)	Neighborhood Plan Matrix:	T-21
Neighborhood District:	Magnolia/Queen Anne	Urban Village:	Ballard Interbay

The environmental analysis for replacing this bridge evaluated several possible alternatives including rehabilitation of the existing structure. In 2007, an environmental assessment was published and described the preferred alternative, a new bridge south of and adjacent to the existing bridge. The Type, Size and Location (TS&L) Report was completed in 2007, selecting a concrete box girder supported on flared columns as the appropriate structure type for this new bridge. The structure will be a haunched concrete box at the highly visible section of the bridge over 15th Avenue NW and at the westerly high level bluff section. Current available funds will only allow completion of 50% of the design and contract plans. Funding to complete the design, purchase the necessary right-of-way, and construct the new bridge has not been identified. The estimate to complete the project is \$300-350 million.

Mercer Corridor Project

BCL/Program Name:	Major Projects	BCL/Program Code:	19002
Project Type:	New Facility	Start Date:	Q1/1999
Project ID:	TC365500	End Date:	Q4/2016
Location:	Mercer St/Fairview Ave N/Dexter Ave N		
Neighborhood Plan:	South Lake Union	Neighborhood Plan Matrix:	Multiple
Neighborhood District:	Lake Union	Urban Village:	In more than one Urban Village

This project, part of the Bridging the Gap funding package, implements a comprehensive package of transportation improvements in the Mercer Corridor in South Lake Union. Improvements include, but are not limited to, a widened two-way Mercer St., improved pedestrian safety and access to Lake Union Park, and enhanced neighborhood circulation for all modes. The project aims to use existing street capacity more efficiently and enhance all modes of travel, including pedestrian mobility.

This project converts Mercer Street to a two-way street between Dexter Ave and Elliott Ave West. The Mercer underpass at Aurora Ave will be widened to allow for six travel lanes and a bicycle/pedestrian shared use path between Dexter Ave and 5th Ave North. Roy Street, between Aurora and Queen Anne Ave., will also be converted to a two-way street with on-road bicycle lanes.

Neighborhood Large Projects

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	ONGOING
Project ID:	TC367250	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	In more than one Plan	Neighborhood Plan Matrix:	
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This program enhances the safety, quality and condition of the pedestrian and neighborhood environments. Typical improvements may include, but are not limited to, sidewalk construction, repairs and replacement, installation of curb bulbs or other traffic calming devices, and improvements to crosswalks. The Neighborhood Street Fund is funded by the Bridging the Gap (BTG) transportation levy and is a triennial program. The projects funded are identified by the community and prioritized by the District Councils and the BTG Oversight Committee. Prior to 2013, the elements of this project were included in the NSF/CRS Neighborhood Program. Beginning in 2013, the NSF/CRS Neighborhood Program will only reflect improvements that can be completed by City crews, and improvements that are contracted out will be covered by this project.

New Traffic Signals

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	ONGOING
Project ID:	TC323610	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	In more than one Plan	Neighborhood Plan Matrix:	Multiple
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This ongoing project installs new traffic signals to improve traffic flow, reduce the frequency and severity of traffic collisions, and support pedestrian activity. Location choices are based upon pedestrian and vehicle volumes; school, senior citizen, and handicapped accessible crossing requirements; and collisions frequency criteria. More than half of the new signal needs are to support pedestrian mobility and safety. SDOT has adopted a new “pedestrian friendly” criteria for installation of new pedestrian signals, which has resulted in more locations being added to the unfunded list for new signals.

Non-Arterial Asphalt Street Resurfacing

BCL/Program Name:	Major Maintenance/Replacement	BCL/Program Code:	19001
Project Type:	Rehabilitation or Restoration	Start Date:	ONGOING
Project ID:	TC323920	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This ongoing project repairs and/or replaces deteriorated asphalt pavement on non-arterial streets. Project locations are chosen annually, based upon the degree of deterioration as confirmed by Department staff field observation, citizen service requests, claims, and potential City liability. High priority is given to non-arterial streets used by transit, in areas with heavy pedestrian and bicycle traffic, and which serve business and industry.

NSF/CRS Neighborhood Program

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Rehabilitation or Restoration	Start Date:	ONGOING
Project ID:	TC365770	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	In more than one Plan	Neighborhood Plan Matrix:	Multiple
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This ongoing program has two elements: an annual program that identifies projects estimated less than \$100,000 that are prioritized by each of the 13 district councils; and a triennial program that identifies projects estimated between \$100,000 and \$500,000 that are prioritized by the community at large and a project review team. Typical improvements may include, but are not limited to, sidewalk construction, repairs and replacement, installation of curb bulbs or other traffic calming devices, and improvements to crosswalks. The program enhances the safety, quality and condition of the pedestrian and neighborhood environments. Beginning in 2013, the NSF/CRS Neighborhood Program will only reflect improvements that can be completed by City crews, and improvements that are contracted out will be covered by a new project named Neighborhood Large Projects.

Location:	Various		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This project funds the installation of parking pay stations to manage on-street parking. To date, this project has installed over 2,200 pay stations citywide. In future years, funding requirements for new installations will be identified as parking plans are developed. A funding plan for replacement will be developed and reflected in the 2014-2019 Capital Improvement Program.

Pedestrian Master Plan - School Safety

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	ONGOING
Project ID:	TC367170	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	In more than one Plan	Neighborhood Plan Matrix:	
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This project improves pedestrian and bicycle safety around schools. The work includes school zone signing, crosswalk installation and maintenance, changes to traffic circulation around schools, school walking route maps, and bike parking at schools. The current level of funding provides improvements at approximately three to four schools per year. A separate O&M budget funds safe biking and walking education and outreach campaigns at the schools where improvements are made.

Pedestrian Master Plan Implementation

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	Q1/2010
Project ID:	TC367150	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	In more than one Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This ongoing program implements the Pedestrian Master Plan. Typical improvements may include the construction of new sidewalks, the installation of curb ramps at high priority pedestrian locations, the installation of pedestrian lighting, and the rehabilitation or replacement of stairways. The goals of the program are to reduce the number and severity of crashes involving pedestrians; make Seattle a more walkable city for all through equity in public engagement, service delivery, accessibility, and capital investments; develop a pedestrian environment that sustains healthy communities and supports a vibrant economy; and raise awareness of the important role of walking in promoting health and preventing disease. This program supports Walk Bike Ride by implementing the Pedestrian Master Plan. In the 2012 budget process, Council adopted a related proviso.

Railroad Crossing Signal Improvements

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	Improved Facility	Start Date:	Q1/2009
Project ID:	TC367090	End Date:	Q4/2012
Location:	Broad St B/Alaskan Way/Elliott Ave		
Neighborhood Plan:	Commercial Core	Neighborhood Plan Matrix:	N/A
Neighborhood District:	Downtown	Urban Village:	Commercial Core

This project provides railroad crossing gates and flashing lights at key railroad crossings in the Seattle Waterfront Quiet Zone: at Broad Street, Clay Street, Vine Street and Wall Street. By federal law, without these improvements, trains must sound their horn whenever they approach the crossings. The gates and flashing lights will be installed by Burlington Northern Santa Fe (BNSF) Railroad and SDOT will install other elements including curbs and signage. In addition, SDOT will install improvements for bicycle access to the Olympic Sculpture Park and Myrtle Edwards Park at the intersection of Alaskan Way and Broad Street.

S Lander St. Grade Separation

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	New Facility	Start Date:	Q1/2001
Project ID:	TC366150	End Date:	TBD
Location:	S Lander St/1st Ave S/4th Ave S		
Neighborhood Plan:	Duwamish	Neighborhood Plan Matrix:	TP-2
Neighborhood District:	Greater Duwamish	Urban Village:	Not in an Urban Village

This project develops a grade separation of the S Lander St. roadway and the Burlington Northern mainline railroad tracks between First Avenue S and Fourth Avenue S. Previously, City staff evaluated traffic conditions and identified an initial design concept. During the preliminary engineering phase of the project, a consultant conducted a Type, Size, and Location study to develop more detailed plans and cost estimates. The project design recommenced in November of 2006, and in January of 2007, survey, geotechnical, and scoping of the design work began. Design was put on hold in 2008 due to lack of funding. The estimated cost to design and construct this project is \$180-\$200 million.

Sidewalk Safety Repair

BCL/Program Name:	Major Maintenance/Replacement	BCL/Program Code:	19001
Project Type:	Rehabilitation or Restoration	Start Date:	ONGOING
Project ID:	TC365120	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	Not in a Neighborhood Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This ongoing project rehabilitates sidewalks damaged by street trees or where there are serious safety concerns as evidenced by claims, service requests, and potential City liability. The project includes opportunities for public/private partnerships with citizens, property owners, and businesses. Asset management principles are used to guide repair needs and establish priorities for maintaining the sidewalk (or walkway), curbs, curb ramps, and in some cases, a filler strip between the sidewalk and curb.

Spokane St. Viaduct

BCL/Program Name:	Major Projects	BCL/Program Code:	19002
Project Type:	Improved Facility	Start Date:	Q2/1994
Project ID:	TC364800	End Date:	Q3/2015
Location:	S Spokane St/6th Ave S/E Marginal Wy S		
Neighborhood Plan:	Morgan Junction (MOCA)	Neighborhood Plan Matrix:	Multiple
Neighborhood District:	In more than one District	Urban Village:	Duwamish

This project, part of the Bridging the Gap funding package, builds a new structure that will be parallel and connected to the existing one, and will widen the existing viaduct by about 41 feet. The project also includes construction of new ramps at First Avenue South and an eastbound Fourth Avenue off-ramp. This project improves the safety of the Spokane Street Viaduct through the addition of shoulders, a wider median, and a westbound "weave-lane." The project also reconstructs lower Spokane Street in concrete, including a 10 foot wide sidewalk/bike path along the north side of the street.

This project provides policy, planning, and technical analysis support to the Seattle Department of Transportation Director and elected officials to review and comment on the Environmental Impact Statement and the design for SR-520. This regional project may include replacement of the SR-520 bridge with a six-lane bridge, new freeway interchanges at Montlake Boulevard and Lake Washington Boulevard, and other improvements.

Seattle Department of Transportation

Street Lighting Program

BCL/Program Name:	Major Maintenance/Replacement	BCL/Program Code:	19001
Project Type:	Rehabilitation or Restoration	Start Date:	ONGOING
Project ID:	TC366900	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	In more than one Plan	Neighborhood Plan Matrix:	N/A
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This project provides funding for the street lighting components of transportation projects, where the cost of those components will ultimately be borne by the City's General Subfund. The project enables the Seattle Department of Transportation, the Department of Finance, and Seattle City Light to plan for these costs. Funding is provided from the Light Fund, which recovers these costs through street light rates charged by Seattle City Light to the City's General Subfund. SDOT develops project specific estimates of the cost of lighting components in the year prior to construction. For 2012, funds are budgeted under the individual transportation projects in which the spending will occur. For 2013 through 2017, the funds displayed below have not yet been allocated to specific projects, but will be allocated once detailed project cost estimates are developed.

Seattle Department of Transportation

Thomas St Pedestrian Overpass (formerly Belltown/Queen Anne Waterfront Connections-Thomas St.)

BCL/Program Name:	Mobility-Capital	BCL/Program Code:	19003
Project Type:	New Facility	Start Date:	Q1/2003
Project ID:	TC366210	End Date:	Q2/2013
Location:	Elliott Ave W/W Thomas St		
Neighborhood Plan:	Queen Anne	Neighborhood Plan Matrix:	Multiple
Neighborhood District:	Magnolia/Queen Anne	Urban Village:	Not in an Urban Village

This project consists of constructing a pedestrian/bicycle overpass across the Burlington Northern Railroad tracks and continuing across Elliott Ave along the W Thomas Street cul-de-sac to connect lower Queen Anne to Myrtle Edwards Park with either elevators and stairs or ramps. The overpass allows pedestrian and bicycle access to Myrtle Edwards Park, creating a vital central link from the park to the west side of the Uptown and Belltown neighborhoods.

Waterfront Improvement Program

BCL/Program Name:	Major Projects	BCL/Program Code:	19002
Project Type:	New Facility	Start Date:	Q1/2013
Project ID:	TC367330	End Date:	Q4/2018
Location:	Various		
Neighborhood Plan:	In more than one Plan	Neighborhood Plan Matrix:	
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

The Waterfront Improvement Program includes a number of elements including demolishing the existing Alaskan Way Viaduct, constructing a new Alaskan Way surface street and decommissioning the Battery Street Tunnel. In addition, new public space, from the Olympic Sculpture Park to Pioneer Square, will be created including parks and paths, access to the water, places to enjoy views, vibrant public and cultural spaces, and a new urban street that will accommodate all modes of travel and provide an important connection in the City's transportation system. This project was created in 2013. Costs incurred prior to 2013 are included in the Alaskan Way Viaduct & Seawall Replacement project (TC66050). The total estimate for this project, including costs prior to 2013 and beyond 2018, is \$769 million. In the 2012 budget process, Council adopted a related proviso.

On October 25, 2012, the City Council budget committee held a special public hearing on this project. Special public hearings, also known as "CLEAN" hearings, are held for certain major capital projects on which the City spends or is authorized to spend \$5 million or more in City money.
