

Parks and Recreation

Overview

The Department of Parks and Recreation's (DPR) mission statement is: "Seattle Parks and Recreation will work with all citizens to be good stewards of our environment, and to provide safe and welcoming opportunities to play, learn, contemplate, and build community."

Achievement of this statement is manifest in a 6,200-acre park system of 465 parks and extensive natural areas. Parks provides athletic fields, tennis courts, play areas, specialty gardens, and more than 25 miles of boulevards and 120 miles of trails. The system comprises about 11% of the City's land area. Parks also manages many facilities, including 26 community centers, eight indoor swimming pools, two outdoor (summer) swimming pools, four environmental education centers, two small craft centers, four golf courses, an outdoor stadium, a conservatory, a Japanese garden, and much more.

2015-2020 CIP Highlights

The 2015 Capital Improvement Program (CIP) reflects a wide range of projects. The Cumulative Reserve Subfund (CRS) provides a total of \$13.7 million, through a combination of \$11.8 million in REET I and REET II, and \$1.9 million in CRS-Unrestricted. Approximately \$2.4 million of the total CRS funding is budgeted for debt service, and \$1.1 million is for Aquarium projects as part of the City's \$8 million capital commitment. The newly created Seattle Park District provides \$2.5 million. The 2008 Parks Levy provides \$1.7 million of funding, in addition to that already appropriated from the Levy in Parks' CIP since 2009.

The Department's 2015 CIP maintains a strong commitment to asset preservation. As such, the projects proposed for discretionary REET are prioritized consistent with our asset management criteria. The \$7 million of REET funding in 2015 remaining after debt service and the Aquarium commitment support some of the department's ongoing major maintenance programs (e.g., Pavement Restoration, Landscape Replacement and Forest Restoration) along with two major maintenance projects: Crew Quarters Replacement (Magnuson Park) and Pratt Park Water Feature Renovation. Major maintenance projects, such as environmental remediation, landscape and forest restoration, irrigation system repair, pavement restoration, and replacing major roof and HVAC systems, address basic infrastructure needs across the Parks system. It also provides \$1 million for capital maintenance at Bell Harbor Marina. Finally, the CIP includes an additional \$1.5 million of REET for an algae reduction treatment of Green Lake (\$300,000 in 2015 and \$1.2 million in 2016).

While retaining the previous commitment to provide \$4 million for moorage improvements, the CIP reflects Parks proposal to transfer the 2015 allocation (\$2 million) to 2016 as the Project Advisory Team process with the community is still underway and the RFP process for a concessionaire has not yet begun. This \$2 million of funding in 2016 is in addition to the \$2 million that was included in the 2014 Adopted CIP Budget (for a total of \$4 million).

Parks will continue to use federal Community Development Block Grant (CDBG) funds for the Seattle Conservation Corps and for ADA accessibility improvements in 2015. The Seattle Conservation Corps (SCC) executes park improvement projects in low to moderate-income neighborhoods while at the same time providing training and employment for formerly homeless adults. In 2015, \$808,000 will be used to fund the SCC to improve approximately 20 parks.

The most notable change in the 2015-16 CIP are the addition of the Seattle Park District capital items. Seattle voters approved the creation of the Park District in August of 2014. However, because the election occurred after the State's deadline for creating new taxing districts, the Park District will not collect revenues until January 1, 2016. In 2015, the Park District will fund

Department of Parks and Recreation

select programs through an intergovernmental loan from the City. Loan proceeds will add \$2.5 million to the CIP in 2015. In 2016, when the District is collecting revenues, it will add \$35.3 million to the CIP. In 2015, the Park District investment areas are:

- Major Maintenance (\$843,000): This funding will begin to address Parks' major maintenance backlog which currently is estimated at \$267 million. Examples of major maintenance include roof replacement, electrical repairs, play area replacement and trail restoration. In 2016, this funding will increase to \$16.8 million.
- Green Seattle Partnership – City Forest Restoration (\$353,000): These restoration dollars will help the Green Seattle Partnership meet its goal of restoring 2,500 acres of forest by 2025. In 2016, this funding will increase to \$2.2 million.
- Community Center Rehabilitation and Development (\$358,000): This initiative will fund dedicated major maintenance and upgrades for community centers. In 2016, this funding will increase to \$4.3 million
- Aquarium Major Maintenance: In 2015, these funds (\$300,000) for the City-owned, non-profit operated Seattle Aquarium are included in the Parks Operating Budget rather than the CIP budget to provide the Aquarium additional flexibility as it deals with the effects of Seawall construction. In 2016, this funding will increase to \$1 million.
- Zoo Major Maintenance (\$500,000): This funds major maintenance at the City-owned, non-profit operated Woodland Park Zoo. Maintenance projects include seismic improvements, roof replacements and electrical repairs. In 2016, this funding will increase to \$1.8 million.
- P-Patch Rejuvenation (\$100,000): This program funds the renewal of existing P-Patch gardens, updates aging garden infrastructure and increases accessibility. In 2016, this funding increases to \$200,000.

The 2008 Parks and Green Spaces Levy projects comprised a significant portion of Parks CIP for the past six years. While only \$1.7 million is allocated in 2015, spending will continue for a few more years as final projects wrap up. Highlights include:

- Acquisition of neighborhood parks and green spaces continues. To date, 13 Neighborhood Park acquisitions, 18 Green Space acquisitions and 4 Opportunity Fund acquisitions have been completed totaling 22.7 Acres. In addition, the department has added 48.7 acres via transfers from other City departments.
- The Development Category is almost fully spent. Projects completed to date include 40 Neighborhood Parks and Playground projects, five Playfield Projects, six major parks projects, and a Cultural Facility Renovation.
- In 2015, funding for the Urban Forestry-Green Seattle Partnership project (GSP) continues with a combination of REET funding (\$1.7 million) and 2008 Parks Levy funding (\$427,000).
- Approximately \$34.8 million has been allocated in the Opportunity Fund BCL through May of 2014. Thirteen development projects and two acquisitions were designated in the first round of the Opportunity Fund. Two play field renovations were funded with savings from the Playfield sub category and \$9.8 million was appropriated for 17 major

Department of Parks and Recreation

maintenance projects with inflation reserve funding reallocated from the development category. Eleven development projects and three acquisitions were designated in the second round of the Opportunity Fund.

- The 2015 CIP reallocates funding for the Seattle Asian Art Museum consistent with recently passed legislation. In 2014, the Mayor proposed and the City Council passed legislation authorizing a funding swap, in which the \$9 million in Levy proceeds earmarked for the Seattle Asian Art Museum renovation would be reprogrammed through the 2008 Neighborhood Park Development category to provide for scheduled major maintenance projects that otherwise would have been undertaken in 2015-2017, and funded by the Cumulative Reserve Subfund (CRS). In return, the City will set aside \$9 million in CRS funds, reserving \$3 million each year from 2014-2016 for the future Seattle Art Museum renovation. This allows time the Seattle Art Museum time to raise additional funds for the project.

Thematic Priorities

Parks analyzes and prioritizes projects generated in the identification stage of the capital improvement program development using the priority ranking based on Parks management guidance and the City Council's "Basic Principles Underlying Strategic Capital Planning," policies established in Resolution 30365:

Policy 1. Preserve and maintain existing infrastructure. While building new infrastructure is often seen as more glamorous, maintaining existing infrastructure is critical to ensuring continued service and protection of previous capital investments...

Policy 2. Support the goals of the City's functional plans. Capital investments will be targeted to support the goals of the Comprehensive Plan, recognized neighborhood plans, adopted facility, department, or sub-area Master Plans, and other adopted City functional plans...

Policy 3. Support economic development. The City's ability to fund major maintenance and capital development in the long run depends on the strength of the City's economy and tax base...

Seattle Parks and Recreation is committed to development and management of an environmentally sustainable park system that is safe and welcoming for all users, including residents of the City and visitors to Seattle. This means effective use of energy and utilities in all of our facilities, being efficient in the use of water for irrigation and other uses; creating landscapes that can be efficiently maintained; and operating park facilities that are clean and safe.

These principles have led Parks to use available resources to undertake energy conservation improvements to various facilities, to continue to make investments that preserve the integrity of facilities; to make improvements that ensure public safety in the parks, and to address various code deficiencies. Examples of this last principle include upgrades to play areas to meet modern play area safety guidelines as well as Americans for Disability Act (ADA) guidelines to ensure safe access to park and recreation opportunities.

Funding Sources

Funds for the development of the system and for ongoing asset management come from a variety of sources, including three levies, the Cumulative Reserve Subfund, the Shoreline Park Improvement Fund, Councilmanic debt, and other special fund sources, grants, and private donations. The funding sources used to cover annual debt service vary depending on the projects being debt financed, Golf revenues are used to repay all Golf related debt; Aquarium revenues pay for a portion of the debt service on the bonds used to renovate Pier 59; revenue from Magnuson Park rentals is expected to pay most of the debt service for the renovations of Buildings 11 and 30; and the General Fund covers debt service for the rest of the Pier 59 bonds and on other Parks-related bond funds. In 2014, voters passed a ballot measure creating a metropolitan park district (the Seattle Park District) which will provide additional funding for Parks capital projects.

Levies

The most recent levy is the 2008 Parks and Green Spaces Levy, a six-year \$145.5 million levy intended “to acquire, develop, or restore, existing or new, parks, recreation facilities, cultural facilities, green spaces, playfields, trails, community gardens, and shoreline areas.” The levy package, largely modeled after the successful 2000 Pro Parks Levy, provides for acquisition of new parks and green space and for development and improvement of various parks throughout the City. This includes renovation of 23 play areas, park development atop lidded reservoirs, renovation of several existing parks and cultural facilities, and an environmental category to provide funding for the Green Seattle Partnership, community gardens, trails, and improved shoreline access at street ends. An Opportunity Fund Category funds other community-identified projects.

The 2000 Pro Parks Levy was an eight-year, \$198.2 million levy that funded more than 100 projects to acquire, improve, and develop parks, playfields and trails, improve maintenance, increase environmental stewardship programs, and enhance recreational programming for teens and seniors. The Levy closely follows the plan forged by the Pro Parks 2000 Citizens Planning Committee. The last two remaining 2000 Pro Parks Levy projects, 12th Avenue Development and University Heights Parks Development, were completed in the fall of 2014.

Metropolitan Park District

In August 2014 the voters of Seattle passed a ballot measure creating a metropolitan park district (the Seattle Park District). The Seattle Park District has same boundaries as the City of Seattle. The City Council members, acting *ex officio* and independently, comprise the governing board (the District Board). The Seattle Park District can collect property taxes up to \$0.75 per \$1,000 of assessed value. Revenues for the District do not begin until 2016, at which point it is projected to collect at a rate of \$0.42 per \$1,000 of assessed value. In 2016, it will generate \$35 million of revenue for Parks capital budget with the largest component (\$16.8 million) going towards major maintenance.

Cumulative Reserve Subfund

The basic funding for Parks’ capital improvement program is the Cumulative Reserve Sub-Fund, (CRS) that is earmarked for asset management purposes. This funding is provided by revenues from Real Estate Excise Tax (REET) revenues. It is used to address various capital programs, such as boiler replacement, electrical system upgrades, small irrigation upgrades, small ballfield improvements, small roofing replacement, paving restoration, landscape and forest restoration, and others. It also funds replacement of aging ballfield lighting systems and certain Aquarium infrastructure projects.

Project Selection Criteria

Parks' project selection process for the capital improvement program is founded in two basic approaches. First, for the various levy projects, projects are implemented essentially as described in the ballot measure. In most cases the project scope and budget have been determined during the planning for the levy, but in some cases allowances are made that enable choices to be made within a programmatic direction. An example of this includes the current levy's allowance for acquisition of neighborhood park sites in urban villages that are deficient in open space. Second, Parks uses the Asset Management Plan to identify and rank needed capital improvement projects that are funded by CRS (and in the future, by Park District funds).

The Parks Asset Management Plan (AMP) is a compendium of projects to address facility needs. Projects are identified through ongoing condition assessments, consultant studies, six-year facility plans, work order analyses (to identify key problem areas), and intradepartmental information sharing of facility maintenance issues and needs. Every two years, the AMP is reviewed and updated. While Parks' planning staff prepares and coordinates the AMP planning process and document development, the process involves a collaborative approach throughout the Department to develop project scopes and budget estimates.

Typically, all of the projects included in the asset management plan are scored and ranked with the six overarching criteria that most closely match the need for the project. The following six criteria are used to rank the projects:

Priority 1 – Code Requirements (100 points) The project brings a facility or element up to federal, state, and Seattle code requirements (such as ADA, water quality, fire suppression, and seismic), or meets other legal requirements. (Note: Projects that primarily are ADA-focused fall under this priority. ADA elements will also be completed as part of projects that fall under other priorities.)

Priority 2 – Life Safety (35 points) The project will eliminate a condition that poses an imminent threat of injury. Examples of safety hazards are lack of seismic elements, failing piling, outdated play equipment, emergency management, or a documented environmental health hazard.

Priority 3 – Facility Integrity (30/25/20 points) The project will keep the facility operational and extend its life cycle by repairing, replacing, and renovating systems and elements of the facility, including building envelope (roof, walls, windows), electrical, plumbing, storm and sewer line replacement, and synthetic turf replacement.

30 points: Extends life cycle, high usage/heavily programmed, underserved area, community center, emergency shelters.

25 points: Extends life cycle, high usage/programmed.

20 points: Extends life cycle.

Priority 4 – Improve Operating Efficiency (25 points) The project will result in the reduction of operating and maintenance costs, including energy and water savings.

Priority 5 – Other (5 Points) Projects that have a unique element (e.g., leverage other funds) and/or are known needs that do not fit the other priorities.

Department of Parks and Recreation

Priority 6 – Project Necessary in Next Biennium (5 points) Projects identified in plans and other documents that need to be done in the upcoming biennium (e.g., scheduled synthetic turf replacement or regulatory deadlines).

As indicated in the preceding section, the application of these criteria results in project lists that first address code and life safety issues. These could include ADA improvements, roof replacement, seismic upgrades, and piling replacement, among other types of code and life safety issues. If there are sufficient funds available, the next highest priorities are facility integrity-related projects. Protection of the exterior “skin” of a building by replacing roofs, walls, and windows will maintain the viability of the facility and ensure its usefulness for programs and staff. Other investments that extend the life of the building such as renovation or replacement of electrical, plumbing, and heating systems are also given priority. Work that reduces operating and maintenance costs or produces water and energy savings are also priorities. Finally, projects that leverage other funds or should be done in the biennium such as planned turf replacements are the next priorities.

Summary of Upcoming Budget Issues and Challenges

Traditionally, Parks has not had sufficient resources to support ongoing asset management of the Seattle Parks system. The Parks Asset Management Plan identifies \$267 million in needed improvements over the next six years, with much of that work actually considered a backlog due to deferred maintenance over the years. With the creation of the Seattle Park District, significant new resources will be available to prevent an increase in the maintenance backlog. Overtime, this funding should allow Parks to reduce, and perhaps eventually eliminate, the backlog.

Parks also has several very large assets that are in need of attention but are beyond the capacity of the typical annual outlay of CRS funding. Waterfront Park (Pier 58) is deteriorated and load limits have been placed on its use. The metal reinforcement of the concrete promenade and gallery structures are so deteriorated as to make them seismically unsound. Piers 62 and 63 deteriorated to the point that the popular Summer Nights on the Pier concert series was cancelled after the 2004 season due to load limits and the need for major repairs. The Office of the Waterfront is the City’s lead agency responsible for project design and construction including pier reconstruction as part of the redevelopment of the entire waterfront and the reconstruction of the Seawall (as set forth in the 2012 Central Seawall Excess Levy).

Magnuson Park is the 309 acre former Sand Point Naval Air Station property. The park’s setting on Lake Washington is idyllic, and many of the 55 buildings and other remnants of the Navy operations have retained their unique historic character. There are, however, over \$38 million in identified needs to address building code deficiencies and major maintenance needs in Building 2 (two large hangars), Building 18 (tenant improvements), and Building 47 (completing the community center renovation), among others. An additional \$4 million is needed for infrastructure improvements such as road and parking improvements, sanitary and storm sewer renovation, and site lighting. Parks is exploring opportunities to develop partnerships to share in the renovation costs which will both preserve the buildings and ensure that they are occupied in the long term.

City Council Changes to Proposed CIP

The City Council removed \$342,000 of a proposed \$700,000 from the Seattle Park District-funded Community Center Rehabilitation and Development CIP project (Fix it First BCL) and

Department of Parks and Recreation

added it to various performance monitoring areas. Please see the City Council Changes section of the Parks operating budget for additional information on how the City will use these funds.

Council also moved \$30,000 of REET from the Landscape Restoration project to the Smith Cove Redevelopment project. Parks will use the funds for project design work with the goal of better integrating park features with the adjacent King County combined sewer overflow facility currently under construction.

Finally, Council shifted \$300,000 of REET for Green Lake Alum Treatment forward to 2015 from 2016. This was achieved by deferring \$300,000 in the Aquarium Major Maintenance project from 2015 to 2016. This change will allow Parks to complete the alum treatment prior to the summer of 2016.

City Council Provisos to the CIP

The City Council adopted the following budget proviso:

“No more than \$494,000 of the Real Estate Excise Tax I funds appropriated in the 2015 budget for the Department of Parks and Recreation’s Parks Infrastructure BCL may be spent until the Department of Parks and Recreation files with the City Clerk a report on the City’s major bicycle/pedestrian trails (the Burke Gilman, Myrtle Edwards, Alki, Duwamish, Chief Sealth, and I-90 Lid trails) that summarizes condition assessments, provides cost estimates for needed pavement improvements and, based on the Department’s asset management plan criteria, identifies priority trail segments for pavement improvements. The report should include trail conditions, cost estimates and improvement priority information from the Seattle Department of Transportation (SDOT) for the portions of the trails maintained by SDOT.”

Project ID:	K732482	End Date:	Q4/2015
Location:	2521 Lake Park DR S		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	3
Neighborhood District:	Southeast	Urban Village:	Not in an Urban Village

This project provides for replacement of all play equipment, addresses fall zone area deficiencies, adds new safety surfacing and containment, installs access and use improvements, including a new ADA path connecting the separate play pods to each other and to the sidewalk, bus stop, and to the parking by the tennis courts, and other associated work at the existing play area which was built in 1994. The scope of this project brings the play area into compliance with current play area safety standards and guideline efforts of the American Society of Testing and Materials (ASTM) and the Consumer Product Safety Commission (CPSC) as well as meets Federal ADA requirements. This project is funded out of the King County 2013 Levy.

Department of Parks and Recreation

12th Avenue Square Park Development - 2008 Parks Levy (formerly East James Court)

BCL/Program Name:	2008 Parks Levy- Opportunity Fund	BCL/Program Code:	K720041
Project Type:	Improved Facility	Start Date:	Q2/2011
Project ID:	K730145	End Date:	Q1/2015
Location:	12th AVE/E James CT		
Neighborhood Plan:	Central Area	Council District:	3
Neighborhood District:	East District	Urban Village:	12th AV

This project, part of the 2008 Parks Levy Opportunity Fund, converts an existing street and sidewalk into a park boulevard which invites and accommodates joint pedestrian and vehicular use. It will serve as a park-like extension of the adjacent, newly-acquired 12th Ave Park which is in the planning stage. The additional open space will provide green space and enhance neighborhood circulation in this dense neighborhood.

Location:	564 12th AVE		
Neighborhood Plan:	Capitol Hill	Council District:	3
Neighborhood District:	Central	Urban Village:	Capitol Hill

This project provides for the development of a small urban park, in conjunction with adjacent private development (Seattle University), and conversion of E. James Court into a pedestrian environment. This project enhances a site that was transferred from Department of Neighborhoods to Department of Parks Recreation in 2007. This property was acquired under the Pro Parks Opportunity Fund program and development is funded from other sources.

Location:	24th AVE NW/Shilshole AVE NW		
Neighborhood Plan:	Crown Hill/Ballard	Council District:	6
Neighborhood District:	Ballard	Urban Village:	Not in an Urban Village

This project, part of the 2008 Parks Levy Opportunity Fund, improves the 24th Ave. NW street end with a pedestrian greenway, small restored waterfront beach, and an upgraded dock. Other project elements include rain gardens, cisterns, and bio-retention swales. These renovations will enhance waterfront access and the environment and be coordinated with SPU's existing 24th Ave NW outfall redevelopment.

Activating and Connecting to Greenways

BCL/Program Name:	Building For The Future - CIP	BCL/Program Code:	K720302
Project Type:	Improved Facility	Start Date:	Q1/2016
Project ID:	K730309	End Date:	ONGOING
Location:	Citywide	Council District:	Multiple
Neighborhood Plan:	In more than one Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing project develops safe, inviting connections between parks and greenways which are residential streets that are dedicated connectors for pedestrians, cyclists, and other non-motorized travel, as identified in the Bicycle and Pedestrian Master Plan documents. Typical improvements include crosswalks, benches, greenway park entrance improvements, non-motorized paths and loops within parks, and related work. Parks will work with the Seattle Department of Transportation (SDOT) to activate and enhance connection points between parks. This project improves safety and access to and from the parks, encourages partnerships with neighborhood and community groups, business, and other stakeholders. This project is part of the Metropolitan Parks District measure put before voters in 2014.

This project provides for ADA improvements at a number of parks facilities. Work will be focused on selected community centers (e.g., Bitter Lake, Delridge, Garfield, Jefferson, Meadowbrook, Miller and others) and will consist of adjustments to signage, door closures, restroom fixtures, and other features. Signage will be added where needed as well. Similar work will be undertaken at Discovery Park Environmental Learning Center and other facilities to the degree that funding allows.

Aquarium - Pier 59 Piling Replacement and Aquarium Redevelopment Debt Service

BCL/Program Name:	Debt and Special Funding	BCL/Program Code:	K72440
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2005
Project ID:	K732283	End Date:	Q4/2025
Location:	1483 Alaskan Wy		
Neighborhood Plan:	Commercial Core	Council District:	7
Neighborhood District:	Downtown	Urban Village:	Commercial Core

This project supports debt service payments on 20-year Limited Tax General Obligation (LTGO) bonds that were issued in 2005 to pay for the replacement of the entire pier piling system of Pier 59, interior infrastructure improvements, and development of portions of the Aquarium by the Seattle Aquarium Society. The pier and Aquarium work was part of an overall plan to repair and redevelop the Aquarium and the Central Waterfront area, and to construct a new Aquarium entrance, exhibits, and visitor services on a portion of the pier. This work enhanced and extended the useful life of Pier 59 and the Aquarium.

Location:	1483 Alaskan WAY		
Neighborhood Plan:	Commercial Core	Council District	7
Neighborhood District:	Downtown	Urban Village:	Commercial Core

The Seattle Aquarium is planning a major expansion to its existing footprint to add new programming and visitor capacity. It will become a major destination for the newly redeveloped waterfront. The project intends to make improvements to piers 59 and 60 with additional overwater coverage to allow for more exhibits. The aquarium is owned by Seattle Parks and Recreation but operated by the non-profit Seattle Aquarium Society. This project is part of the overall waterfront improvement program.

Aquarium Major Maintenance Commitment

BCL/Program Name:	Docks/Piers/Floats/Seawalls/Shorelines	BCL/Program Code:	K72447
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2012
Project ID:	K732436	End Date:	TBD
Location:	1483 Alaskan WAY		
Neighborhood Plan:	Commercial Core	Council District	7
Neighborhood District:	Downtown	Urban Village:	Commercial Core

This project provides for capital maintenance to the building envelope, roof, pier supports and decking, HVAC, sewer, water, and electrical systems, elevator, structural elements to the exhibits, fire alarm and suppressions systems, emergency lighting, safety improvements, and other related work at the Aquarium on Piers 59 and 60 which will extend the useful life of the facility. This project funds the remaining portion of the City obligation to provide \$8 million for agreed capital maintenance at the Seattle Aquarium. This agreement between the City of Seattle and the Seattle Aquarium Society was authorized by Ordinance 123205. Consistent with the agreement, this project is expected to be carried out by the Seattle Aquarium Society and funding will be transferred to the Seattle Aquarium Society for that purpose via an agreement with the Department of Parks and Recreation.

Location:	Citywide	Council District:	Multiple
Neighborhood Plan:	In more than one Plan	Urban Village:	Not in an Urban Village
Neighborhood District:	In more than one District		

This project provides funding to conduct core testing of wood light poles at various ballfields, replace deteriorated wooden poles with metal poles, install new electrical systems, and perform other related work. The new lighting systems will reduce light spillover and energy efficient. This is a long-term program to replace all deteriorated wood light poles over the next several years at a total estimated cost of \$6 million. Future funding for this program depends on available resources.

Department of Parks and Recreation

Beach Restoration Program

BCL/Program Name:	Docks/Piers/Floats/Seawalls/Shorelines	BCL/Program Code:	K72447
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2007
Project ID:	K732303	End Date:	ONGOING
Location:	Citywide		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	All
Neighborhood District:	In more than one District	Urban Village:	Not in an Urban Village

This ongoing project provides for periodic beach renourishment and related work at selected sites throughout the City. Work includes, but is not limited to, laying sand and gravel to replenish beaches that have eroded in recent years and to improve substrate for juvenile salmon habitat. This project supports the Restore Our Waters Strategy to improve Seattle's aquatic environments.

Belltown Neighborhood Center

BCL/Program Name:	1999 Community Center Improvements	BCL/Program Code:	K72654
Project Type:	New Facility	Start Date:	Q3/2000
Project ID:	K73484	End Date:	Q4/2020
Location:	2407 1st Ave		
Neighborhood Plan:	Belltown	Council District	7
Neighborhood District:	Downtown	Urban Village:	Belltown

This project provides for the long-term lease (or purchase) of approximately 6,000 square feet of street level space, and build-out of that space if required, in the Belltown area. Potential elements of the new space may include a multi-purpose room, a kitchen, as well as spaces for classes, community meetings, and celebrations. This project provides community center space that serves as a civic focal point for the Belltown area. It is the ninth, and final, community center to be funded by the 1999 Seattle Center and Community Centers Levy.

Community Center Rehabilitation & Development

BCL/Program Name:	Fix It First - CIP	BCL/Program Code:	K720300
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2015
Project ID:	K730301	End Date:	ONGOING
Location:	Citywide	Council District:	All
Neighborhood Plan:	In more than one Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing project provides funding for improvements at 26 community centers, the oldest of which is 103 years old. Typical improvements include renovation, upgrades, or replacement of major building systems, roof and building envelopes, seismic upgrades, painting, energy efficient lighting and other environmentally sustainable building components, Americans with Disabilities (ADA) access improvements, and related work. In some instances, facilities will be replaced or remodeled to improve programming space. The individual projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, improve the overall community center experience for the public, and meet today's and future recreation needs. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Crew Quarters Replacement (Magnuson Park)

BCL/Program Name:	Building Component Renovations	BCL/Program Code:	K72444
Project Type:	New Facility	Start Date:	Q1/2011
Project ID:	K732424	End Date:	Q4/2015
Location:	6500 Sand Point WAY NE		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	4
Neighborhood District:	Northeast	Urban Village:	Not in an Urban Village

This project renovates the 9,000 square foot Building #308 or demolishes the building and develops a new facility for the Magnuson Crew Quarters, and other related work. Staff will be housed in the building and community volunteers in Magnuson Park will also have access to the facility for their projects. It allows for future development of a missing link in the park pedestrian path, which is sited nearby.

Delridge Playfield Synthetic Turf Resurfacing

BCL/Program Name:	Ballfields/Athletic Courts/Play Areas	BCL/Program Code:	K72445
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2020
Project ID:	K732487	End Date:	Q1/2021
Location:	4458 Delridge WAY SW		
Neighborhood Plan:	Delridge	Council District:	1
Neighborhood District:	Delridge	Urban Village:	Not in an Urban Village

This project replaces the synthetic turf field surfacing (approximately 210,160 s.f.) which was installed in 2010 and is near the end of its lifecycle. This improvement allows the continued use and scheduling of the playfield for soccer and other activities.

Denny Park Drainage-2008 Levy

BCL/Program Name:	2008 Parks Levy- Neighborhood Parks and Playgrounds	BCL/Program Code:	K720020
Project Type:	Rehabilitation or Restoration	Start Date:	Q3/2014
Project ID:	K730193	End Date:	Q3/2015
Location:	100 Dexter AVE N		
Neighborhood Plan:	South Lake Union	Council District:	7
Neighborhood District:	Lake Union	Urban Village:	South Lake Union

This project, funded with 2008 Parks Levy funds redirected from the Seattle Asian Art Museum renovation project , replaces the storm drainage system, including new piping and five new catch basins, and other related work at the Park. These improvements will allow for better drainage and for the reduction of ponding and wet areas due to small and inadequate inlets and catch basins.

Develop 14 New Parks at Land-Banked Sites

BCL/Program Name:	Building For The Future - CIP	BCL/Program Code:	K720302
Project Type:	Improved Facility	Start Date:	Q1/2016
Project ID:	K730308	End Date:	ONGOING
Location:	Citywide	Council District:	All
Neighborhood Plan:	In more than one Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing project develops 14 new parks on land-banked sites that were acquired under prior levies. Depending on the size, location, and type of park, new elements could include trees and landscaping, paths, plazas, a play area, site furniture, lighting, and related improvements. Each newly developed park will improve the neighborhood and contribute to improved health for park users, and will have environmental benefits. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Discovery Park - Capehart Site Restoration

BCL/Program Name:	West Point Settlement Projects	BCL/Program Code:	K72982
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2010
Project ID:	K731242	End Date:	Q1/2015
Location:	3801 W Government Wy	Council District:	7
Neighborhood Plan:	Not in a Neighborhood Plan	Urban Village:	Not in an Urban Village
Neighborhood District:	Magnolia/Queen Anne		

This project restores the Capehart property to be acquired in the project Discovery Park - Capehart Acquisition (K731231). The project work may include, but is not limited to, abatement, removing buildings, roadways, pavement and utilities, and grading and seeding the property. This project was recommended by the West Point Citizens Advisory Committee as part of the 2005 revision to the list of projects recommended in the 2004 Memorandum of Agreement between King County Department of Natural Resources and Parks and the City of Seattle Department of Parks and Recreation for use of mitigation funds pursuant to Section 1(d) of the West Point Settlement Agreement (Ordinance 121488). See related project Discovery park - Capehart Restoration - 2008 Parks Levy (K730128).

Location:			
Neighborhood Plan:	In more than one Plan	Council District:	All
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This project provides emergency systems as necessary to priority 1 emergency shelters in Parks community centers. The priority 1 shelters are Bitter Lake CC, Delridge CC, Garfield CC, Meadowbrook CC, Rainier CC, and Southwest CC. Initial funding will replace emergency generators as necessary and renovate electrical systems for one to three shelters. This work ensures that the emergency shelters can function in the event of a natural disaster.

Gas Works Park - Remediation

BCL/Program Name:	Debt and Special Funding	BCL/Program Code:	K72440
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2000
Project ID:	K73582	End Date:	TBD
Location:	2101 N Northlake Wy	Council District:	4
Neighborhood Plan:	Wallingford	Urban Village:	Not in an Urban Village
Neighborhood District:	Lake Union		

This project provides ongoing monitoring efforts to ensure the measures constructed for remediation of soils at Gas Works Park were effective. Monitoring activities include maintenance and operation of the air sparging, SVE systems, soil cap, and other institutional controls; groundwater testing; quarterly reports; and other related work. The project also provides for ongoing monitoring for as long as 20 years from installation, effectively until 2021. All measures of the Compliance Monitoring Project must be executed in accordance with the Consent Decree established in 1998, requiring the Seattle Department of Parks and Recreation, Puget Sound Energy, and the Department of Ecology to implement a Cleanup Action Plan.

Gilman Playground Shelterhouse Sewer Replacement

BCL/Program Name:	Building Component Renovations	BCL/Program Code:	K72444
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2017
Project ID:	K732457	End Date:	TBD
Location:	923 NW 54TH ST	Council District:	6
Neighborhood Plan:	Crown Hill/Ballard	Urban Village:	Not in an Urban Village
Neighborhood District:	Northwest		

This project replaces the sewer line from the shelterhouse, underneath the tennis courts, and to the street, it repairs the impact to the tennis court (crack repair and new color coat), and performs related work. The clay tile sewer line was filmed in 2012 and the specific defect location within the line was identified. It likely caused by tree intrusion from adjacent trees.

Green Lake CC - Evans Pool Roof Replacement & Solar Hot Water

BCL/Program Name:	Building Component Renovations	BCL/Program Code:	K72444
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2013
Project ID:	K732448	End Date:	TBD
Location:	7201 E Green Lake Dr N		
Neighborhood Plan:	Greenlake	Council District:	6
Neighborhood District:	Northwest	Urban Village:	Green Lake

This project demolishes the existing 15,130 square foot Evans Pool roof and the 13,625 Community Center roof and replace them with a rubberized membrane roofing/EPDM system and solar panels to supplement the pool hot water system, seismic improvements, and related work. The flat roof section of the roof will accommodate a 1,000,000 Btu/day system and will help to reduce pool heating costs.

Green Lake Park Alum Treatment

BCL/Program Name:	Docks/Piers/Floats/Seawalls/Shorelines	BCL/Program Code:	K72447
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2015
Project ID:	K732460	End Date:	Q4/2016
Location:	7201 E Green Lake WAY N		
Neighborhood Plan:	Greenlake	Council District:	6
Neighborhood District:	Northwest	Urban Village:	Green Lake

This project treats Green Lake with Alum to continue to maintain water quality and control algae growth. The water quality of the lake has remained stable since the first Alum treatment was done in 2004. A new study is underway to determine the exact treatment that will be needed to address the current water quality issues. The treatment will help Parks meet the adopted goal to maintain an average summer Secchi depth of eight feet.

Green Space Acquisitions- 2008 Parks Levy

BCL/Program Name:	2008 Parks Levy- Green Space Acquisition	BCL/Program Code:	K720011
Project Type:	New Facility	Start Date:	Q2/2009
Project ID:	K730011	End Date:	TBD
Location:	Citywide		
Neighborhood Plan:	In more than one Plan	Council District:	Multiple
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

2014 2nd Q Supplemental Adds \$1050000 for anticipated acquisitions

This project provides for acquisition of properties to fill gaps in existing public ownership and preserve continuity in existing public ownership. The project scope targets acquisitions in the following designated green spaces: Arroyos Natural Area, East Duwamish Greenbelt, Northeast Queen Anne Greenbelt, Ravenna Woods, Thornton Creek Watershed, and West Duwamish Greenbelt. These acquisitions will enhance livability and increase opportunities for the public to enjoy nature. They also implement the Parks Strategic Action Plan by encouraging long-term stewardship of natural resources. Levy funds are expected to be supplemented by grants and funds from other sources for these acquisitions. This project is part of the 2008 Parks Levy.

In 2010,\$305K was added to the project to provide funding to cover costs associated with the acquisition of real property within the City's designated green spaces. These funds are derived from excess interest earnings in the Open Spaces and Trails Fund, which was created in 1989 and has been inactive since 2006.

Highland Park Playground Renovation

BCL/Program Name:	2008 Parks Levy- Opportunity Fund	BCL/Program Code:	K720041
Project Type:	Improved Facility	Start Date:	Q1/2014
Project ID:	K730181	End Date:	Q4/2015
Location:	1100 SW Cloverdale ST		
Neighborhood Plan:	Westwood & Highland Park	Council District:	1
Neighborhood District:	Delridge	Urban Village:	Not in an Urban Village

This project, part of the 2008 Parks Levy Opportunity Fund, improves access into the park and improves play structures and equipment that adds to the diversity of play experiences in the neighborhood. The pedestrian flow will be emphasized when the new play elements are located within the park in order to create a cohesive space that improves the connection to the neighborhood. The renovation improves usability and safety.

Irrigation Replacement and Outdoor Infrastructure Program

BCL/Program Name:	Parks Infrastructure	BCL/Program Code:	K72441
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2010
Project ID:	K732406	End Date:	ONGOING
Location:	Citywide	Council District:	All
Neighborhood Plan:	Not in a Neighborhood Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing project funds engineering and other studies of the Department's park irrigation and outdoor infrastructure systems (e.g., water mains, irrigation and drainage lines, sanitary and storm sewers, electrical utilities, roads, paths, trails, retaining walls, bridges, saltwater piers, and related infrastructure); associated cost estimating; related staff and consultant support for developing and prioritizing projects within the Department's Asset Management Plan; and implements replacement projects at various sites. Specific projects are determined by the study and operational considerations. This project provides conservation benefits by reducing water loss due to leaking systems, allocating water flow more efficiently through improved technology, and implementing other related work. It also extends the useful life of the infrastructure.

Langston Hughes Performing Arts Center Renovation-2008 Parks Levy

BCL/Program Name:	2008 Parks Levy- Cultural Facilities	BCL/Program Code:	K720021
Project Type:	Rehabilitation or Restoration	Start Date:	Q2/2009
Project ID:	K730121	End Date:	Q1/2015
Location:	104 17th AVE S		
Neighborhood Plan:	Central Area	Council District:	3
Neighborhood District:	Central	Urban Village:	23rd Ave. @ Jackson

This project provides for seismic upgrade, electrical system modernization, and other work at Langston Hughes Performing Arts Center. This project enhances the safety of the facility per the recommendations/findings of a previous architectural and engineering assessment of the building in 2008. This project is part of the 2008 Parks Levy. See related project Langston Hughes Performing Arts Center - Renovation (K732314).

Location:	1120 15th AVE S		
Neighborhood Plan:	North Beacon Hill	Council District:	2
Neighborhood District:	Greater Duwamish	Urban Village:	Not in an Urban Village

This project, part of the 2008 Parks Levy Opportunity Fund, restores the steep slope area of the urban forest, by removing invasive plants and re-establishing native plants and tree cover. These efforts to restore the native vegetation will help to ensure that the forested trees and plants are healthy and continue to contribute to the long-term viability of the City's urban forests.

Location:	7400 Sand Point WAY N	Council District:	4
Neighborhood Plan:	Not in a Neighborhood Plan	Urban Village:	Not in an Urban Village
Neighborhood District:	Northeast		

This project replaces the Built Up Roofing (BUR) system with a rubberized/EPDM roofing system with 20KW photovoltaic panels. The system will supply power into the electrical system for the building, which will reduce the amount of utility power used. At certain times, the system may produce more power than is being used by the building, resulting in a credit for power used.

2015 - 2020 Adopted Capital Improvement Program

Department of Parks and Recreation

Major Maintenance Backlog and Asset Management

BCL/Program Name:	Fix It First - CIP	BCL/Program Code:	K720300
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2015
Project ID:	K730300	End Date:	ONGOING
Location:	Citywide	Council District:	All
Neighborhood Plan:	In more than one Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing project provides funding for major maintenance projects for assets in all of the city parks and recreation facilities, including athletic fields, play areas, swimming pools, trails, buildings, accessibility elements, outdoor infrastructure, and related work. This project also funds a new integrated asset management and work order system to better track and forecast long-term asset and maintenance needs. The project also increases Parks' ability to remove property encroachments. Typical major maintenance improvements may include, but are not limited to renovating buildings, Americans with Disabilities (ADA) access improvements, replacing play area structures, forest, landscape, trail maintenance and improvements, swimming pool repairs, athletic field refurbishment, and installation of energy efficient lighting, and related major maintenance work. These projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, reclaim Parks property, and improve the overall park experience for the public. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Major Projects Challenge Fund

BCL/Program Name:	Building For The Future - CIP	BCL/Program Code:	K720302
Project Type:	Improved Facility	Start Date:	Q1/2016
Project ID:	K730307	End Date:	ONGOING
Location:	Citywide	Council District:	Multiple
Neighborhood Plan:	In more than one Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing project provides funding to leverage community-generated funding for renovation or development of large projects of Parks' facilities where other City funding is unavailable, often times due to the magnitude of the project. These projects will require matching funds, so the leveraging will stretch the City's funding, and more great community-generated projects can be accomplished. The community will benefit from new and/or improved facilities that can better accommodate current and projected park and recreation needs and demands. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Marra-Desimone Park Development

BCL/Program Name:	2008 Parks Levy- Neighborhood Parks and Playgrounds	BCL/Program Code:	K720020
Project Type:	New Facility	Start Date:	Q1/2013
Project ID:	K730100	End Date:	Q4/2015
Location:	9026 4th AVE S		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	1
Neighborhood District:	Greater Duwamish	Urban Village:	Not in an Urban Village

This project provides for development of Marra-Desimone Park, which includes the Marra Farm, Seattle’s largest site for urban gardening. It implements elements of the “Long-Range Development Plan for Marra-Desimone Park” (2008), and may include enhancement of the existing farm area, development of community and recreation space on the eastern side of the park, paths, and gateway features. This project is part of the 2008 Parks Levy.

Matthews Beach Park Bathhouse Renovation

BCL/Program Name:	2008 Parks Levy- Opportunity Fund	BCL/Program Code:	K720041
Project Type:	Rehabilitation or Restoration	Start Date:	Q2/2012
Project ID:	K730170	End Date:	Q1/2015
Location:	9300 51st AVE NE	Council District:	5
Neighborhood Plan:	Not in a Neighborhood Plan	Urban Village:	Not in an Urban Village
Neighborhood District:	Northeast		

This project, funded with the 2008 Parks Levy Inflation Adjustment funds, renovates the 3,000 square foot bathhouse for ADA access and improved ventilation and finishes. Specific renovations may include reconfigured stalls, new toilets and urinals, ADA accessories, new paint and finishes, and related work. The renovations will improve access to the facility and make it more inviting and comfortable.

2015 - 2020 Adopted Capital Improvement Program

Department of Parks and Recreation

Miller Playfield Synthetic Turf Replacement

BCL/Program Name:	Ballfields/Athletic Courts/Play Areas	BCL/Program Code:	K72445
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2019
Project ID:	K732475	End Date:	TBD
Location:	330 19th AVE E		
Neighborhood Plan:	Central Area	Council District:	3
Neighborhood District:	East District	Urban Village:	Madison-Miller

This project replaces the 100,200 square foot synthetic turf field surfacing which was installed in 2009, and performs related work. The surfacing material is near the end of its lifecycle. This improvement allows the continued use and scheduling of the playfield for soccer, baseball, and other activities.

Municipal Energy Efficiency Program - Parks

BCL/Program Name:	Building Component Renovations	BCL/Program Code:	K72444
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2011
Project ID:	K732433	End Date:	TBD
Location:	Citywide Multiple Locations	Council District:	All
Neighborhood Plan:	In more than one Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This project provides for investment in more energy efficient building systems and other facility efficiency improvements. By making these investments the City expects future savings in utility and labor costs, and significant progress toward carbon neutrality. This program is intended to fund facility retrofit projects identified by energy audits conducted in 2010 (funded by the City's Energy Efficiency and Conservation Block Grant) and similar projects identified by the department. Depending on project demand and available funding, additional resources may be added in the future.

Neighborhood District:			

This project provides for acquisition of property to create new urban parklands in Seattle's most densely-developed neighborhoods as identified in Seattle Parks and Recreation's 2006 Gap Analysis. New park land acquisition enhances livability and increases opportunities for the public to enjoy the outdoors. The acquisitions also implement the Parks Strategic Action Plan. Levy funds are expected to be supplemented by grants and funds from other sources and are not expected to be sufficient to complete acquisitions in all the targeted areas. This project is part of the 2008 Parks Levy.

Neighborhood Plan:	Not in a Neighborhood Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing program provides funding for small projects identified by citizens, neighborhood groups, or other community organizations. Projects address requests which are typically under \$50,000, and may be used for major maintenance activities performed in conjunction with development-oriented Neighborhood Matching Fund (NMF) projects. This program enables the Department to respond quickly to community requests for repairs in neighborhood parks. This project was formerly project number K73508. A new project number has been created for this project to comply with new accounting procedures, therefore life to date and 2009 revised dollar amounts do not appear in the table below.

Location:	860 Terry AVE N	Council District:	3
Neighborhood Plan:	South Lake Union	Urban Village:	South Lake Union
Neighborhood District:	Magnolia/Queen Anne		

This project, part of the 2008 Parks Levy Opportunity Fund, develops a carving shed which includes a living roof, and installs a carved “Welcome” figure on the beach. The project provides insight into distinctive varieties of Native American culture in a location at Lake Union where Native carvers are safe, and the public is welcome. This is the first phase of a two building development.

2015 - 2020 Adopted Capital Improvement Program

Department of Parks and Recreation

Othello Park Improvements

BCL/Program Name:	2008 Parks Levy- Opportunity Fund	BCL/Program Code:	K720041
Project Type:	Improved Facility	Start Date:	Q1/2014
Project ID:	K730186	End Date:	Q1/2016
Location:	4351 S Othello ST		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	2
Neighborhood District:	Southeast	Urban Village:	Not in an Urban Village

This project, part of the 2008 Parks Levy Opportunity Fund, renovates the play area and basketball courts, installs benches and games tables, prepares P-Patches, and adds rain gardens and bio-swales to address drainage. This project also includes way-finding markers embedded in the walking paths. Renovations improve safety in the park and help the park function better as a neighborhood and community gathering spot.

Department of Parks and Recreation

Park Land Acquisition and Leverage Fund

BCL/Program Name:	Building For The Future - CIP	BCL/Program Code:	K720302
Project Type:	New Facility	Start Date:	Q1/2016
Project ID:	K730306	End Date:	ONGOING
Location:	Citywide	Council District:	Multiple
Neighborhood Plan:	In more than one Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing project provides funds for land acquisition, leveraging capital projects, pre-acquisition activities (including planning, title searches, appraisals, negotiations, and community involvement), associated with acquisitions of specified real property, and related work. The project also serves as a match to leverage other funding sources such as King County Conservation Futures. The City is growing and there is a need to add parkland to meet park and open space goals and improve the quality of life for Seattle residents. This project is part of the Metropolitan Parks District measure put before voters in 2014.

2015 - 2020 Adopted Capital Improvement Program

Department of Parks and Recreation

Parks Central Waterfront Piers Rehabilitation

BCL/Program Name:	Docks/Piers/Floats/Seawalls/Shorelines	BCL/Program Code:	K72447
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2015
Project ID:	K732493	End Date:	TBD
Location:	Alaskan Way		
Neighborhood Plan:	Commercial Core	Council District:	7
Neighborhood District:	Downtown	Urban Village:	Commercial Core

The Waterfront Park and Pier 62/63 are public park facilities that provide public access to Elliott Bay and host a range of public events, markets and performances. Both piers need a full seismic upgrade to meet current life safety codes, and Waterfront Park needs significant access improvements. Waterfront Park is envisioned as a flexible public recreation and open space. Pier 62/63 is anticipated to be more heavily programmed, with a flexible activity rink, events, and performances. The Department of Parks and Recreation (DPR) owns the piers, but the Central Waterfront Improvement Fund will pay for the rehabilitation. This project is part of the overall waterfront improvement program.

2015 - 2020 Adopted Capital Improvement Program

Department of Parks and Recreation

Parks Maintenance Facility Acquisition - Debt Service

BCL/Program Name:	Debt and Special Funding	BCL/Program Code:	K72440
Project Type:	Improved Facility	Start Date:	Q1/1999
Project ID:	K73502	End Date:	Q4/2022
Location:	4201 W Marginal Wy SW		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	1
Neighborhood District:	Greater Duwamish	Urban Village:	Not in an Urban Village

This project funds debt service payments on 20-year bonds issued in 2002 to pay for the acquisition of the Westbridge Building, a facility that replaced the Department's primary maintenance facility at Roy Street. The replacement of the Roy Street facility assures a safe and efficient location for the Department's professional trades and a portion of the maintenance crews and management staff.

This ongoing program provides minor capital improvements to low-income area parks throughout the City. Conservation Corps Program staff perform this work, providing training opportunities for low-income, homeless, and other at-risk community members. Program elements include provision of ADA improvements to parks and park restrooms, accessible drinking fountain installation, basketball court construction, bench and picnic table installation, tree purchase and planting, and other small-scale capital projects. Funding is also targeted to projects that can be integrated with other community-identified amenities. This project was formerly project number K73861. A new project number has been created for this project to comply with new accounting procedures, therefore life to date amounts do not appear in the table below. For 2013-2014, this program is funded with federal Community Development Block Grant funds.

Pavement Restoration Program

BCL/Program Name:	Parks Infrastructure	BCL/Program Code:	K72441
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2010
Project ID:	K732418	End Date:	ONGOING
Location:	Citywide	Council District:	All
Neighborhood Plan:	Not in a Neighborhood Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing project funds various project activities, including, but not limited to, seal-coats to new pavement to extend its lifespan, pavement patching, sub-grade repairs, overlays to small areas, and repairs associated with pavement failures (e.g., heaving, sinking, cracking, and root invasion.) Improvements reduce damage to asphalt, lengthen pavement lifespan, and reduce safety hazards such as uneven pavement. This project was formerly project number K3512. A new project number has been created for this project to comply with new accounting procedures, therefore life to date and 2009 revised dollar amounts do not appear in the table below.

Play Area Safety Program

BCL/Program Name:	Ballfields/Athletic Courts/Play Areas	BCL/Program Code:	K72445
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2010
Project ID:	K732403	End Date:	ONGOING
Location:	Citywide	Council District:	All
Neighborhood Plan:	Not in a Neighborhood Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing program renovates play areas, makes ADA improvements, installs safety upgrades, and performs other related work. The program focuses on addressing safety issues at two to four play areas per year. Primarily, the program is focused on installing proper safety surfacing at children's play areas throughout the parks system. Future funding for this program depends on specific projects and available resources, including grants. This program extends the useful life and improves the safety of the play areas. This project was formerly project number K732218. A new project number has been created for this project to comply with new accounting procedures, therefore life to date and 2009 revised dollar amounts do not appear in the table below.

Pool Plaster Liner Replacements

BCL/Program Name:	Pools/Natatorium Renovations	BCL/Program Code:	K72446
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2017
Project ID:	K732455	End Date:	TBD
Location:			
Neighborhood Plan:	In more than one Plan	Council District:	Multiple
Neighborhood District:	In more than one District	Urban Village:	In more than one Urban Village

This project replaces pool plaster liners at five pools, in priority order: Evans, Evers, Ballard, Southwest, and Pop Mounger. Pool plaster liners typically last approximately 15 to 20 years, depending on the specific conditions at a pool. New pool liners protect the pool shell, make the pool brighter, and improve underwater visibility. They also have smoother finishes than older ones, which can minimize potential abrasions for the users.

Location:	2806 3rd AVE W	Council District:	7
Neighborhood Plan:	Queen Anne	Urban Village:	Not in an Urban Village
Neighborhood District:	Magnolia/Queen Anne		

This project replaces the synthetic turf field surfacing (60,000 square feet) which was installed in 2007, and is near the end of its lifecycle. This improvement allows the continued use and scheduling of the playfield for soccer, LaCrosse, and other activities.

Rainier Beach Community Center Redevelopment

BCL/Program Name:	Building Component Renovations	BCL/Program Code:	K72444
Project Type:	Improved Facility	Start Date:	Q1/2007
Project ID:	K732337	End Date:	Q1/2015
Location:	8802 Rainier Ave S		
Neighborhood Plan:	Rainier Beach	Council District:	2
Neighborhood District:	Southeast	Urban Village:	Rainier Beach

This project provides for planning, preliminary design, and redevelopment of a new facility to replace the existing Rainier Beach Community Center and swimming pool. This project was developed by Parks in response to the Seattle School District's decisions about the future of Southshore Middle School, since the school shares a building with the existing community center and pool. A new facility will provide the public with improved and updated recreational opportunities and will complement the two new schools on the site. The specific scope of work for this project is being developed through a community process.

Rejuvenate Our P-Patches

BCL/Program Name:	Maintaining Parks and Facilities - CIP	BCL/Program Code:	K720301
Project Type:	Improved Facility	Start Date:	Q1/2015
Project ID:	K730305	End Date:	ONGOING
Location:	Citywide	Council District:	All
Neighborhood Plan:	In more than one Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing project revitalizes the City's 82 P-Patch Community Gardens. Typical projects will improve the paths, improve the planting beds and common areas, improve Americans with Disabilities (ADA) access, update aging infrastructure, and related work. The first P-Patch was constructed in 1973, and more have been added in the past 40 years. The individual projects will address safety and code requirements, extend the life of the asset, improve accessibility, and contribute to better air quality. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Neighborhood District:	In more than one District		

This ongoing project funds architectural, engineering and other studies of the Department's buildings (roofs, structure and other related infrastructure); associated cost estimating; related staff and consultant support for developing and prioritizing projects within the Department's Asset Management Plan; and implements the replacement or renovation of buildings and roofs throughout the park system, including those at comfort stations, picnic shelters, community centers, and small roof sections of larger buildings.

This project extends the useful life of the buildings and roofs; assures that the facilities are protected against damage from roof and wall leaks; and assures that general building issues are addressed in the Asset Management Plan.

This project provides for replacement of play equipment, adds new safety surfacing, installs access improvements, and other associated work at the existing play area which was built in 1994. The scope of this project brings the play area into compliance with current play area safety standards and guideline efforts of the American Society of Testing and Materials (ASTM) and the Consumer Product Safety Commission (CPSC) as well as meets Federal ADA requirements. This project is funded out of the King County 2013 Levy.

Saving our City Forests

BCL/Program Name:	Fix It First - CIP	BCL/Program Code:	K720300
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2015
Project ID:	K730302	End Date:	ONGOING
Location:	Citywide	Council District:	All
Neighborhood Plan:	In more than one Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing project restores and maintains Seattle's 2,500 acres of urban forests. Seattle's trees are aging and inundated with invasive plants, including English ivy, Himalayan blackberry, Scot's broom, and knotweed. This project expands Parks' capacity to restore forest land, and to provide the ongoing monitoring and maintenance work necessary to keep restored areas from being overrun by invasive plants. A healthy urban forest contributes significantly to the health of the environment by cleaning air and water, filtering and retaining storm water, and providing a respite from the built environment. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Neighborhood District:	Magnolia/Queen Anne	Urban Village:	Not in an Urban Village

This project, funded by LTGO bonds, develops the 4.9 acre waterfront portion of Smith Cove Park located just west of Pier 91 on Elliott Bay. The park will be developed following a planning and design process for the site. These amenities may include paths, landscaping, waterfront access points, a play area, and related improvements. Some improvements will also be made to the existing part of Smith Cove Park (west of this site), currently used for sports such as soccer. The improved park will provide waterfront access and ADA accessibility; provide enhanced opportunities for active recreation, increase environmental-sensitivity, and make the park inviting and usable for more people.

Location:	W Galer ST/23rd AVE W	Council District:	7
Neighborhood Plan:	Not in a Neighborhood Plan	Urban Village:	Not in an Urban Village
Neighborhood District:	Magnolia/Queen Anne		

This project supports debt service payments on 10-year Limited Tax General Obligation (LTGO) bonds that will be issued in 2016 to pay for the development of the 4.9 acre waterfront site located just west of Pier 91 on Elliott Bay. The land was acquired from the Port of Seattle for park purposes. King County also acquired a portion of the property in the northwest corner for the Magnolia Combined Sewer Overflow (CSO) project. The park will be fully developed following a planning and design process. The improved park will provide public access to the waterfront and provide enhanced opportunities for active recreation in the west central area of Seattle.

Location:	Citywide	Council District:	All
Neighborhood Plan:	Not in a Neighborhood Plan	Urban Village:	Not in an Urban Village
Neighborhood District:	In more than one District		

This ongoing project renovates tennis and basketball courts throughout the City. The program focuses on crack repair, color coating, providing new posts, standards, and nets, and completing less expensive repairs. Between one and three courts are renovated each year that are selected based on user complaints and staff evaluation of conditions. The Tennis Committee of the Seattle Sports Advisory Committee reviews the proposed project list and helps prioritize court repairs.

Neighborhood District:	In more than one District		

This ongoing project implements a comprehensive trail renovation strategy. Funding addresses trail failures throughout the park system to correct safety problems, prevent further erosion and deterioration, and perform other related work. The project leverages community support by providing technical assistance, training, and materials to district staff and volunteers who are engaged in other trail-related projects. This project was formerly project number K73513. A new project number has been created for this project to comply with new accounting procedures, therefore life to date and 2009 revised dollar amounts do not appear in the table below.

Location:	Aurora AVE N/N 36th ST/N 36TH ST		
Neighborhood Plan:	Fremont	Council District:	4, 6
Neighborhood District:	Lake Union	Urban Village:	Fremont

This project, part of the 2008 Parks Levy Opportunity Fund, creates a sustainable park space in the Aurora Avenue N. (adjacent to the Aurora Bridge) on the north side of N. 36th St. Proposed sustainable design features include the use of recycled materials, native plants, tree retention, pedestrian paths, storm water management, and other related work. These improvements will provide better pedestrian access and promote the use of "green" infrastructure.

Location:	Citywide	Council District:	All
Neighborhood Plan:	Not in a Neighborhood Plan	Urban Village:	Not in an Urban Village
Neighborhood District:	In more than one District		

This program develops forest and vegetation management plans, implements restoration projects at sites throughout the City's park system, removes hazardous trees, and performs other related work. Restoration projects, with much of the work being performed by citizen volunteers, may include removal of invasive plants, such as English ivy and Himalayan blackberry, followed by replanting with native plants. Future funding for this program depends on available resources. This project enhances Seattle's urban forest and supports the Green Seattle Partnership to increase overall City tree canopy and the Restore Our Waters Strategy to improve Seattle's aquatic environments. This project was formerly project number K732410. A new project number has been created for this project to comply with new accounting procedures, therefore life to date and 2009 revised dollar amounts do not appear in the table below.

This ongoing project is a collaborative effort between the City of Seattle and the Cascade Land Conservancy to restore 2,500 acres of forested park lands in Seattle by 2025. Restoration for each acre occurs over a three-year period and includes clearing invasive plants, replanting the area with native plants, caring for the plants through establishment, and other related work. This project supports the Green Seattle initiative.

Location:	Citywide	Council District:	All
Neighborhood Plan:	In more than one Plan	Urban Village:	In more than one Urban Village
Neighborhood District:	In more than one District		

This ongoing project implements energy conservation projects in collaboration with Seattle City Light, Seattle Public Utilities, and Puget Sound Energy. Projects may include lighting, heating, and water use renovations at various facilities throughout the Parks system. These projects result in energy savings and better air and water quality, and support the Climate Protection Initiative by reducing greenhouse gas emissions. The cost of these projects is expected to be recovered within approximately five years through reduced utility costs and rebates from the three utilities. Rebates and other additional resources will be pursued to fund future conservation projects.

2015 - 2020 Adopted Capital Improvement Program

Department of Parks and Recreation

Victor Steinbrueck Park Renovation

BCL/Program Name:	2008 Parks Levy- Neighborhood Parks and Playgrounds	BCL/Program Code:	K720020
Project Type:	Improved Facility	Start Date:	Q1/2013
Project ID:	K730115	End Date:	Q2/2016
Location:	2001 Western AVE		
Neighborhood Plan:	Commercial Core	Council District:	7
Neighborhood District:	Downtown	Urban Village:	Commercial Core

This project renovates the existing Victor Steinbrueck Park to help revitalize this park located in the Pike Place Market. Renovations may include new seating, paths and circulation modifications, landscaping, lighting, signage, and related elements. This park is within the boundaries of the Pike Place Historical District. This project is part of the 2008 Parks Levy.

2015 - 2020 Adopted Capital Improvement Program

Department of Parks and Recreation

Virgil Flaim Park Skatespot Development

BCL/Program Name:	2008 Parks Levy- Opportunity Fund	BCL/Program Code:	K720041
Project Type:	New Facility	Start Date:	Q1/2014
Project ID:	K730182	End Date:	Q1/2016
Location:	2750 NE 125th ST		
Neighborhood Plan:	North District/Lake City	Council District:	5
Neighborhood District:	North	Urban Village:	Lake City

This project, part of the 2008 Parks Levy Opportunity Fund, adds a skateboard park (“skatespot”), relocates and reconstructs the basketball court, and adds other amenities and related improvements to the park located in Lake City. The park renovation enhances a small park to better meet the changing community’s recreation needs.

2015 - 2020 Adopted Capital Improvement Program

Department of Parks and Recreation

Volunteer Park Conservatory Renovation

BCL/Program Name:	Building Component Renovations	BCL/Program Code:	K72444
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2013
Project ID:	K732443	End Date:	Q1/2015
Location:	1400 E Galer St		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	3
Neighborhood District:	East District	Urban Village:	Not in an Urban Village

This project renovates the facilities in the Conservatory complex, which includes the east wing of the Conservatory, the east wing of the Production Greenhouse to the north of the Conservatory, and related elements. These buildings are Seattle Historic Landmarks. Funding for construction will be shared by Parks and the Friends of the Conservatory, the non-profit who has committed to fundraising to complete the renovation of the Conservatory buildings.

Location:	2300 Arboretum DR E		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	3
Neighborhood District:	East District	Urban Village:	Not in an Urban Village

This project, funded with the first phase of State Route 520 Arboretum mitigation projects funds, develops a one mile multi-use trail for bicycle and pedestrian access that connects East Madison Street to the Montlake and University of Washington neighborhoods. Project elements also include improvements to the Azalea Way Pond, parts of Arboretum Creek, and Foster Island. These mitigation projects will improve bicycle and pedestrian safety, and begin the restoration process of water features and selected shoreline areas within the Arboretum to enhance the health of its ecosystem.

Location:	3823 SW Willow ST		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	1
Neighborhood District:	Southwest	Urban Village:	Not in an Urban Village

This project demolishes the 1,700 square foot house, removes the concrete and other building debris, and restores the site by hydro-seeding the disturbed part of the property. The Watton family donated the property to Parks with the stipulation that the house could be demolished only after the tenant vacated the home. These funds are derived from a cash donation received in 1998 from Delayne B. and George Watton authorized in Ordinance 119200.

This project provides for new park development on the West Seattle Reservoir. Seattle Public Utilities will develop a new covered reservoir in the footprint of the existing open reservoir during 2009-2010. The scope of this project includes the development of a master plan for the new park space and the surrounding portions of the existing Westcrest Park, and implementation of the plan. This project is part of the 2008 Parks Levy.

Zoo Major Maintenance

BCL/Program Name:	Fix It First - CIP	BCL/Program Code:	K720300
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2015
Project ID:	K730304	End Date:	ONGOING
Location:	601 N 59TH ST	Council District:	6
Neighborhood Plan:	Greenwood/Phinney	Urban Village:	Not in an Urban Village
Neighborhood District:	Northwest		

This ongoing project preserves the Zoo facilities to enable it to operate efficiently, and to offer a world-class experience to the patrons. Typical projects include exhibit renovation or replacement, water, electrical, irrigation, and sewer systems replacement, energy efficient improvements, pavement and grounds restoration, Americans with Disabilities (ADA) access improvements, and related work. The oldest buildings at the Zoo were constructed in the 1930s and others have been built in subsequent decades. The individual projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, and improve the overall Zoo experience for the public. This project is part of the Metropolitan Parks District measure put before voters in 2014.

2015 - 2020 Adopted Capital Improvement Program

Seattle Center

Overview

The place that we know today as Seattle Center has a long history as a gathering place for our city and region. It was a location where Native American tribes gathered for talk, ceremony and celebration. In the 1920s a civic campus was created with the construction of the Civic Auditorium, Civic Ice Arena, and Civic Field, with Mayor Bertha Landes presiding over the ground breaking in 1927. In the 1930s the Washington State Armory (later called Center House and recently renamed the Armory) was built. Memorial Stadium was constructed in the 1940s. In the late 1950s and early 1960s the site for the 1962 Seattle World's Fair was created, expanding the size of the campus to roughly what we know today. One result of this long history as a gathering place is an aging infrastructure. Some facilities have been significantly renovated (e.g., Civic Auditorium into the Opera House for the World's Fair, and into McCaw Hall in 2003), while others remain in need of major renovation/redevelopment (e.g., the Armory and Memorial Stadium).

Today, Seattle Center is a 74-acre campus in the middle of the city. It is the largest visitor destination in Washington State, attracting an estimated 12 million visits each year to arts, sporting, educational, cultural events and festivals, and to enjoy the grounds and open spaces. There are 24 buildings and three parking garages on the campus. Seattle Center is also a major urban park with lawns, gardens, fountains, a skatepark, and a variety of plazas and open spaces. The Seattle Center Monorail runs between the Seattle Center campus and downtown Seattle. The City owns the Monorail and a private contractor operates it. The Space Needle, the Pacific Science Center, the EMP Museum, the Chihuly Garden and Glass Exhibition, and Seattle Public Schools' Memorial Stadium and an adjacent parking lot, are also part of the campus but are privately owned and operated. The City's 2003 Asset Preservation Study valued Seattle Center's capital assets at \$777 million. This valuation does not include the Monorail, Mercer Arena or the Blue Spruce Building (all were thought to be going away at the time of the study). The valuation also does not include the Fifth Avenue Parking Garage, which was completed in 2008.

Seattle Center's Capital Improvement Plan (CIP) is at the heart of the Center's purpose – "to create exceptional events, experiences and environments that delight and inspire the human spirit to build stronger communities." The Center's CIP repairs, renews and redevelops the facilities and grounds of the Center in order to provide a safe and welcoming place for millions of annual visitors. Seattle Center's CIP is funded from a variety of revenue sources including Real Estate Excise Tax (REET); the City's General Fund; voter-approved property tax levies; State, County and federal funds; proceeds from property sales; and private funds. Following the adoption of the Seattle Center Master Plan in 1990, two voter-approved levies raised \$62 million for Seattle Center's redevelopment. This amount in turn, leveraged \$500 million in non-City funds, including \$440 million from private sources. In August of 2008 the City Council adopted a new master plan for Seattle Center, the Seattle Center Century 21 Master Plan, which will guide development of the Seattle Center campus over the next 20 years.

Capital projects at Seattle Center are planned and implemented to minimize the impact on events that occur throughout the year, including four major festivals between May and September.

2015-20 CIP Highlights

Seattle Center's Adopted 2015-16 CIP is \$11.7 million over the two year period. Seattle Center's CIP is supported mainly by REET I funds (\$3.4 million in 2015 and \$3.8 million in 2016) and by federal grant funds (approximately \$1 million in each year). Some additional funding comes from property sales and earnings and from private donors to the McCaw Hall Capital Reserve Fund. Given the constraints of this budget, Seattle Center's 2015-20 CIP is focused on the preservation of existing assets. Maintaining the functionality, competitiveness, safety and revenue-generating capacity of existing facilities is at the heart of Seattle Center's CIP. In 2015-16, priority asset preservation investments include:

Facility Condition Assessment – In 2015 and 2016, Seattle Center will carry out a comprehensive condition assessment of its facilities that will identify critical issues, prioritize necessary repairs, and develop cost estimates. With buildings on the Seattle Center campus constructed in every decade starting from the 1920s, and with increasing competition for CIP funds, an industry-standard assessment of Seattle Center facilities will provide important data to preserve existing assets and guide future capital investments. Funding is \$300,000 in 2015 and \$300,000 in 2016 for the facility assessment and other preliminary engineering and planning. In 2016, \$413,000 will fund prioritized HVAC, electrical, mechanical and other needs that the assessment has identified. These needs will continue to be funded over the next six or more years.

Energy Management Control System (EMCS) – In 2015-16 Seattle Center continues the phased replacement and upgrade of the system which controls heating and cooling in facilities across the campus. Addressing the most outdated equipment first, this project involves upgrading hardware, software, and wiring in campus buildings, including improvements to fire-alarm systems. This is an ongoing, REET I funded project planned to continue into 2018. Funding is \$420,000 in 2015 and \$414,000 in 2016.

Armory Renovation – The renovation of the Seattle Center Armory, the primary free, indoor public gathering place on the campus, began in 2011 as a part of Seattle Center's Next 50 celebration. The Armory is integral to Seattle Center's identity and ability to generate revenue, and renovation is expected to continue, in a phased approach developed by the Armory Operating Board, for at least six years. In 2015-2016, this will include restroom renovations and infrastructure improvements that are intended to keep the area attractive to and leverage additional investment from tenant food vendors. Other components of this project include the conversion of a former office area into the newly branded Armory Loft, rentable meeting room space that can be configured to meet the various needs of clients. REET I funding is \$258,000 in 2015 and \$452,000 in 2016. For the costs of the now-completed Armory food court renovation, Seattle Center will pay debt service of \$380,000 in 2015 and \$381,000 in 2016.

McCaw Hall – Annual REET I allocations for McCaw Hall asset preservation are matched 100% by the resident tenants of McCaw Hall, the Seattle Opera and Pacific Northwest Ballet to carry out the McCaw Hall Capital Renewal Plan, under the direction of the McCaw Hall Operating Board. The total of REET and privately donated funds for McCaw Hall is \$531,000 in 2015 and \$545,000 in 2016.

KeyArena – Annual asset-preservation investments in KeyArena are overseen by the KeyArena Operating Board and, in 2015-2016, are focused on client and patron needs. As a condition of KeyArena's continued ability to host NCAA basketball tournament games, the NCAA required Seattle Center to upgrade its concession areas and its scoreboard, lighting, and sound systems.

Seattle Center

Seattle Center has also begun the incremental replacement of seat pans for guests' comfort. KeyArena generates an increasing share of Seattle Center's revenue and these improvements help preserve its ability to attract popular events. REET I funding for improvements and repairs to KeyArena is \$250,000 in 2015 and \$400,000 in 2016.

Open Space Restoration and Repairs – Over half of the Seattle Center 74-acre campus is devoted to hard surface and landscaped open space. Millions of visitors come to the campus each year and Seattle Center is committed to maintaining it in a safe and welcoming condition. REET I funds for open space restoration and repairs are used both to address specific and complex needs – in 2015-2016, this will include hard surface repair and renovation to the Fisher Pavilion rooftop plaza, the Upper Northwest Courtyard, and along vacated Thomas Street – and for ad hoc maintenance and improvements of public areas. This work is funded by REET I at \$579,000 in 2015 and \$700,000 in 2016.

Parking Improvements – In 2015, with \$456,000 in REET I funding, Seattle Center will make safety upgrades to the Mercer Garage elevators, address water infiltration in the First Avenue North Garage, and make signage and other alterations to assist the public in adjusting to new traffic patterns as a result of the Mercer West and Viaduct North Portal construction projects. No additional work is scheduled for 2016, though Seattle Center intends to fund other parking improvements over 2017-2020.

Disabled Access – In 2015-16, Seattle Center will continue to make improvements to enhance access to facilities and grounds throughout the campus for persons with disabilities. This builds on recent work which installed an ADA compliant ramp to the Exhibition Hall, renovated and upgraded the only elevator that provides disabled access to all floors of the Armory, and significantly increased ADA seating options in the lower bowl of KeyArena. REET 1 funding for these changes is \$775,000 in 2015.

Summary of Upcoming Budget Issues and Challenges

The biggest challenges facing Seattle Center's CIP are aging infrastructure, lack of funding, and an increasingly competitive environment for the sports and entertainment business that provides roughly two-thirds of the revenue which supports Seattle Center. The City's 2003 Asset Preservation Study looked at best practices in the public and private sectors and set an initial annual asset preservation funding target of 1% of the replacement value for buildings and 0.5% for other assets (e.g., grounds and open space). By that calculation, Seattle Center should have been investing \$6.8 million annually in asset preservation (not including the Monorail, Mercer Arena or the Blue Spruce). This \$6.8 million amount in 2003 dollars inflated at 3% per year calculates to roughly \$10 million in 2015 dollars.

Center's annual allocation of REET and CRS Unrestricted funding has been augmented by bond funds in 2003 (roof replacements and seismic improvements), 2007 (monorail rehabilitation), and 2011 (Armory renovation). The 2003 and 2011 bonds are being repaid with REET funds, and the 2007 monorail bonds through CRS Unrestricted funds and federal grant funds. The City also allocated \$8 million from the sale of a Seattle Center surface parking lot to the Bill & Melinda Gates Foundation for capital improvements at Seattle Center, and \$4.7 million from the settlement with the Sonics for capital improvements in KeyArena and elsewhere on the grounds.

Due to economic impacts of the Great Recession, from 2009-12, Seattle Center's annual CRS REET and Unrestricted CIP funding (exclusive of debt service), dropped from \$2.8 million to

2015 - 2020 Adopted Capital Improvement Program

\$1.0 million per year. Economic recovery has allowed REET funding levels to increase, which is particularly critical for Seattle Center, as the one-time funding sources listed above (land sale to Gates Foundation, KeyArena Settlement Funds and City-issued bonds), will be nearly fully spent by the end of 2014. Another important part of Seattle Center capital funding is the intermittent infusion of a significant amount of capital dollars every seven to ten years from a bond issue (1977, 1984), or a levy (1991, 1999). It has now been fifteen years since the last Seattle Center levy. Seattle Center continues to work with City officials to determine how best to meet its future capital needs.

Seattle Center continues to draw millions of visitors each year and provides green and open space in an increasingly dense center of the city. In 2008, following a two-year community process, the City Council adopted the Seattle Center Century 21 Master Plan. This plan provides a roadmap for the redevelopment of Seattle Center around a set of design and planning principles including increased open space; sustainable design and operations; opening the edges of the campus to the surrounding community; enlivening the campus throughout the day; being pedestrian friendly and accessible to all; and continuing to provide a diversity of programming and attractions for all parts of our community. Seattle Center has used mostly one-time funding sources to complete initial Master Plan capital projects: Broad Street Renovation Phase I (2009), new Seattle Center Skatepark (2009), Theater Commons (2010), Campus Signage Renovation (2011), and Armory Atrium Renovation (2012). The challenge in the coming years is how to fund the vision of the Master Plan and to maintain existing assets.

Thematic Priorities

The thematic priorities for Seattle Center's 2015-2020 CIP are as follows:

Safety and Security – The safety of Seattle Center visitors and staff is always the first priority. In 2015-16, Seattle Center upgrades and extends the fire alarm system in the public areas of the Armory, makes elevator repairs in two garages to improve safety and operations, and repairs hard surface areas where settlement issues have created trip hazards.

Disabled Access – In 2015-16 Seattle Center continues to make progress throughout the campus in improving access for persons with disabilities

Asset Preservation – In 2015-16, Seattle Center prioritizes asset preservation investments in its primary public assembly facilities – McCaw Hall, KeyArena, the Armory and campus open spaces. Consistent with the City's 2003 Asset Preservation Study, Seattle Center has prioritized capital investments in existing facilities. Armory asset preservation work in 2015-16 includes fire alarm upgrades, restroom renovation, improvements to attract new food service tenants, and incremental renovation of staff areas at the north end of the building. Asset preservation work in McCaw Hall and KeyArena continues in 2015-16 and is overseen by the McCaw Hall Operating Board and the KeyArena Operating Board, respectively. Also in 2015-16, Seattle Center continues a phased replacement and upgrade of the system which controls heating and cooling in facilities across the campus and carries out a comprehensive condition assessment of campus facilities to guide future investments. Allocation levels for asset preservation in the out years, 2017-20, will depend on available resources.

Energy Efficiency and Sustainability – Sustainability is a key principle of the Seattle Center Century 21 Master Plan. In 2015-16, Seattle Center improves metering of heating and cooling use to better track building energy use and makes priority renovations to outdated HVAC components.

Implementation of the Seattle Center Century 21 Master Plan – In 2015-16 Seattle Center will update the 2008 Century 21 Master Plan to incorporate changes since 2008 as well as future development opportunities.

Revenue Generation – Capital improvements which maintain and/or enhance a facility's ability to generate revenue are critical to the financial health of Seattle Center, where roughly two-thirds of the Seattle Center's budget comes from revenue generated by operations. Maintenance and improvement of revenue generating capacity can be as important as maintenance and improvements to building systems. In 2015-16, Seattle Center will invest in event-related infrastructure that supports the revenue generating capacity of facilities throughout the campus.

Leverage Non-City Funds – In 2015-16, the City's \$523,000 allocation for the McCaw Hall Capital Reserve Fund is matched by a combined equal investment from the building's resident tenants, Seattle Opera and Pacific Northwest Ballet. The ability to use City investment to leverage non-City funds is a fundamental part of the history of the redevelopment and renewal of Seattle Center.

Project Selection Criteria

For each two-year budget cycle, a broad cross-section of Seattle Center staff members are engaged in the process of identifying the highest priority asset preservation and improvement needs on the campus. This includes staff members who maintain facilities, rent facilities to clients, provide technical support for events, manage parking and public assembly facilities, and manage capital projects. Projects are prioritized around a set of criteria, including public and staff safety, regulatory requirements, failing building systems, asset preservation, Master Plan implementation, reducing operating costs and/or increasing revenue potential, and leveraging non-City funds. The Center's four operating boards (Armory, Campus, KeyArena, and McCaw Hall) play a central role in identifying and prioritizing capital needs in the facilities they oversee, and the Seattle Center Executive Team takes all of this information and prioritizes projects across the entire Seattle Center campus.

Major maintenance funding has fallen far short of the levels recommended in the City's 2003 Asset Preservation Study, especially during 2009-12 due to dramatic reductions in Real Estate Excise Tax (REET) revenues, a primary source of major maintenance/asset preservation funding for Seattle Center. To allocate limited major maintenance funding, Seattle Center prioritizes projects which cannot be delayed due to safety concerns or system failure, and allocates some level of annual asset preservation investment in the major public assembly facilities, including McCaw Hall, KeyArena, the Armory and campus open spaces.

Future Projects/What is on the Horizon

The Seattle Center Century 21 Master Plan, adopted by the City Council in 2008, is a roadmap for the redevelopment of Seattle Center over the next 20 years. The total estimated cost of Master Plan improvements is \$567 million (in 2007 dollars). The Master Plan addresses Seattle Center's aging infrastructure, the Center's critical role as a cultural and recreational center for the city and region, and the need for the Center to remain competitive in the marketplace and grow its revenue potential. The expectation is that the Master Plan will be implemented incrementally, as funds, partners, and opportunities become available. This was the experience with the 1990 Master Plan. Between 1990 and 2005, \$700 million was invested in the

Seattle Center

redevelopment of Seattle Center, including \$440 million in private funds, voter-approved levies in 1991 and 1999, and funding from King County, the State, and the Federal government.

Looking ahead, Seattle Center is intently focused on the following two Century 21 Master Plan projects:

- Memorial Stadium Site Redevelopment
- Redevelopment of the former North Fun Forest area

City Council Provisos to the CIP

There are no Council provisos.

2015 - 2020 Adopted Capital Improvement Program

Seattle Center

Artwork Maintenance

BCL/Program Name:	Campuswide Improvements and Repairs	BCL/Program Code:	S03P01
Project Type:	Rehabilitation or Restoration	Start Date:	ONGOING
Project ID:	S9303	End Date:	ONGOING
Location:	Seattle Center Campus		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	7
Neighborhood District:	Magnolia/Queen Anne	Urban Village:	Uptown

This ongoing project provides for maintenance of public artwork on the Seattle Center campus to ensure the integrity of the artwork. Typical improvements may include, but are not limited to, surface restoration and repainting, mechanical repairs, and structural repairs. Some artworks on the Seattle Center campus are maintained by the Office of Arts and Culture.

Seattle Center

Bagley Wright Theatre Maintenance Fund

BCL/Program Name:	Bagley Wright Theatre Maintenance Fund	BCL/Program Code:	S9606
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/1996
Project ID:	S9606	End Date:	Q4/2014
Location:	151 Mercer St		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	7
Neighborhood District:	Magnolia/Queen Anne	Urban Village:	Uptown

This project provides for interior major maintenance needs at the Bagley Wright Theatre as stipulated in the use agreement between the Seattle Repertory Theatre (SRT) and Seattle Center. The agreement is structured to transfer financial responsibility for interior major maintenance of the facility from the City to the SRT after the year 2009. The City's maintenance fund primarily pays for the planned replacement of theatrical equipment, but may also pay for other capital needs, including, but not limited to, carpeting, seating, and mechanical improvements, as well as building and theatrical system assessments.

Fun Forest Site Restoration

BCL/Program Name:	Campuswide Improvements and Repairs	BCL/Program Code:	S03P01
Project Type:	Rehabilitation or Restoration	Start Date:	Q1/2009
Project ID:	S0901	End Date:	ONGOING
Location:	Seattle Center Campus		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	7
Neighborhood District:	Magnolia/Queen Anne	Urban Village:	Uptown

This project provides funding for design and construction of improvements to the former Fun Forest site. Work may include, but is not limited to, hard surface repairs, demolition of existing structures, creation of new green space, installation of recreation facilities, and renovation and repurposing of existing structures. Center Art, LLC is contributing \$1 million in private funds for design and construction of an artist-designed children’s play area on the former north Fun Forest site, with opening planned for Spring 2015. Center Art is also contributing \$50,000 per year for maintenance of the play area.

Neighborhood District:	Magnolia/Queen Anne	Urban Village:	Uptown

This project relates to the privately funded redevelopment of the upper Northwest Rooms at Seattle Center to be the new home of public radio station KEXP. City funding provides for emergency power and fiber connections to ensure that KEXP is able to fulfill its emergency broadcast role in the event of an emergency.

Seattle Center

Open Space Restoration and Repair

BCL/Program Name:	Campuswide Improvements and Repairs	BCL/Program Code:	S03P01
Project Type:	Rehabilitation or Restoration	Start Date:	ONGOING
Project ID:	S9704	End Date:	ONGOING
Location:	Seattle Center Campus		
Neighborhood Plan:	Not in a Neighborhood Plan	Council District:	7
Neighborhood District:	Magnolia/Queen Anne	Urban Village:	Uptown

This ongoing project provides for the renovation, repair and the planning for the future renovation of open spaces, green spaces, hard surfaces, and fountains throughout the 74-acre Seattle Center campus. Typical improvements may include, but are not limited to, International Fountain mechanical and hard surface renovation, pedestrian and landscape improvements, hard surface repairs in heavily-trafficked areas, and tree replacement.

2015 - 2020 Adopted Capital Improvement Program

Seattle Public Library

Overview

The Seattle Public Library's facilities include 26 branch libraries and the Central Library, as well as a storage facility and leased shops space. In 2008, the Library completed the final building projects of a system-wide capital program, known as "Libraries for All" (LFA). As a result of that \$290.7 million program, which was funded by a combination of public and private sources, Seattle built a new Central Library and four new branch libraries at Delridge, International District/Chinatown, Northgate and South Park. In addition, each of the 22 branch libraries that were in the system as of 1998 was renovated, expanded or replaced. The LFA program increased the amount of physical space that the Library maintains by 80 percent to a total of over 600,000 square feet.

The Library's buildings can be divided into four major categories.

1. Ten buildings that are designated as historic landmarks, including 7 Carnegie-era libraries (built in the early 1900s) and three landmark modern buildings.
2. Eleven branch libraries are either LFA new construction (eight buildings) or non-landmarked buildings developed between the 1950s and the 1970s (three buildings).
3. Five small library branches are essentially storefronts, four of which are part of larger buildings.
4. The Central Library is a 12-story 363,000 square foot building that serves as headquarters and hub of the library system. It houses the materials distribution system, Library administration, a 425-seat auditorium and public meeting rooms, large public areas for reading and access to 412 public computers, a data center housing system-wide servers, and the Central Library collection of books and materials.

The Library Major Maintenance BCL is the primary capital project, providing ongoing funding for work that preserves or improves building integrity, efficiency and functionality.

CIP Highlights

In 2015, the Adopted CIP Budget includes \$3.65 million (\$3.15 million from the Library Levy and \$500,000 of Real Estate Excise Tax (REET)) for major maintenance work as well as the Library's Reimaging Spaces project.

In 2012, the Library worked with the Mayor and City Council to develop a Library Levy proposal that voters approved in August of 2012. One of the core areas the levy funds is major maintenance. The 2015-2020 Adopted CIP provides a base level of support for asset management in this critical period when all buildings will be surpassing the ten year mark from their LFA construction/renovation.

Several branch CIP projects are planned for 2015. Rainier Beach, West Seattle, Ballard, Columbia and International District branches are scheduled to receive carpet/flooring replacement and casework; Rainier Beach will also receive restroom work. Building envelope (i.e. roof and glazing) assessment/repairs are scheduled to begin next year at Queen Anne and Rainier Beach; Fremont's exterior will receive patching/painting. Security and life safety system maintenance projects are scheduled for Ballard, Columbia Rainier Beach and West Seattle.

The Library is planning an assessment of sewer lines and unreinforced masonry at several branches to determine the necessity/extent of repair work; corrective work would likely begin in 2015.

The large and complex Central Library requires a significant portion of CIP funds. In 2015 the Library will continue to implement the next phase of mechanical, engineering, plumbing and control system improvements to bolster fire safety and building efficiency. Flooring and carpeting are also scheduled to be updated on Levels 3 and 10.

The 2015 Adopted CIP also provides \$500,000 in REET funding to support the Library's Reimagining Spaces efforts, to modify Library spaces and better address patron and community uses of libraries. This funding will leverage concurrent major maintenance projects funded by Library Levy.

Thematic Priorities

Library CIP projects generally fall into one or more categories: asset preservation, operational efficiency, environmental stability, public service improvements, and safety and security.

Asset Preservation

The overriding priority of the Library's capital program is extending the useful life of our buildings as long as possible. Major repairs and replacement to roofs, building envelopes, HVAC and other critical building systems, doors, windows, flooring and casework are examples of the asset preservation items that must be funded through the Library's CIP budget. Roughly \$4 million of the Library's 2015 Adopted CIP can be wholly or partially classified as asset preservation work. As buildings reach and surpass the ten-year mark, they generally require attention to flooring, casework, finishes and restroom fixtures; these improvements are planned for all or a combination of Ballard, Columbia, International District, Rainier Beach and West Seattle branches. Roof, skylight and window repair/maintenance is slated for Fremont, Queen Anne, University and Rainier Beach branches. At the Central Library, asset preservation projects will address mechanical systems assessment, finishes, casework and restroom refurbishment.

Library Operational Efficiency, Environmental Sustainability and Public Service Improvements

The Library delivers direct services to the public, who expect highly functional and welcoming library buildings. Major maintenance work carried out under this priority supports:

1. implementation of new service models to help the library reduce operating costs while minimizing impact to the public;
2. improvements to enhance the environmental sustainability of Library buildings; and
3. efforts to better tailor services to neighborhood needs and changes in how people access and use information.

Within the latter theme, Reimagining Spaces projects are in the planning stages, underway or have been completed at several branches, including Northeast, Capitol Hill, Rainier Beach and West Seattle. The Ballard branch will likely be assessed in 2015. To improve operational efficiency and sustainability, roughly \$370,000 is budgeted for mechanical, engineering, plumbing and control system improvements at Central and several branches.

Safety and Security of Public and Staff

Repairs and improvements that enhance the safety of library facilities are another priority guiding the Library's decision-making regarding allocation of its capital resources. More than \$500,000 will be spent for projects at Ballard, Columbia, Rainier Beach, West Seattle and Central that can be wholly or partially categorized as improving building safety and security.

CIP Revenue Sources

Historically, Real Estate Excise Tax (REET) was the primary source of funding for the Library's CIP program, with an additional smaller allocation from the General Fund. Upon passage of the 2012 Library Levy, all routine major maintenance funding was shifted from REET/General Fund to the Levy. The Real Estate Excise Tax provides additional funding for targeted efforts, such as the Library's Reimagining Spaces initiative which aims to enhance Library physical spaces to better address patron and community needs.

Project Selection Criteria

In selecting major maintenance work to accomplish each year, the Library evaluates the preservation of building integrity, impact on safety to the public and staff, importance of the work to core library building functions, operational efficiency gains (both economic and environmental), and opportunities to improve or preserve service to the public.

The Library conducts condition assessments and updates information based on inspection by the capital program manager and facilities maintenance staff. The Library obtains professional evaluations of roofs, mechanical, HVAC and lighting systems to flag deficiencies and identify areas where the capital program may be able to reduce operating costs. Library public services managers develop proposals to change the functional use of library space. These proposals are evaluated for feasibility, cost and urgency, and the capital program works with Library services managers to scope alternatives. The Library Leadership Team has ultimate responsibility for authorizing and prioritizing functional building modifications.

Many library facilities are open seven days per week, which requires careful planning and staging of projects to keep libraries open as much as possible while capital improvement work is underway. Flexibility is critical to respond to building issues as they emerge.

Summary of Upcoming Budget Issues and Challenges

The Library Levy provides critical resources that support a responsible capital program and preserve welcoming Library spaces throughout the city. The Library uses a seven-year asset management plan to guide the capital element of the Levy proposal. The Library is grateful for the opportunity to avoid deferred maintenance, keeping these community hubs in excellent condition.

The Library Levy will conclude at the end of the fifth year (2019) of the current six-year Adopted CIP. The Library will need to work with the Mayor and City Council prior to the end of the seven-year Library Levy to develop a strategy for continuing capital improvement program support for the Library, whether in the form of a renewed Levy, re-instituted REET support, or some other mechanism.

Library buildings are the most intensively-used city facilities in Seattle. The Central Library hosts almost 2 million visitors annually, and library branches serving nearly 5 million visitors. Even the

quietest branch has nearly 70,000 people walk through the door each year. The Library's historic landmark buildings have unique features such as brick facades, slate roofs and other details. It is important to use designs and materials consistent with their landmark status – all factors that increase major maintenance costs. The Central Library poses a different set of challenges. A building of its size, complexity and intensity of use requires significant annual major maintenance to preserve core functionality and continually improve building efficiency. All of these factors were considered in establishing the major maintenance component of the Library Levy.

The LFA improvement projects were completed on a rolling basis over the course of a decade. The Library has developed a projection of annual asset preservation requirements by focusing on the year in which each building reaches the 10-year mark from its LFA construction or expansion/renovation. This juncture provides a critical milestone for renewal of mechanical systems, building envelopes/roofs, and interiors. The Library does not anticipate needing to fund many wholesale replacements of systems at this point, but will need to replace, repair or upgrade components in order to maximize the useful life of the systems.

Future Projects on the Horizon

The Library is interested in acquiring a 10,000 to 16,000 square foot multi-use facility to allow for consolidation of the Library's building maintenance, custodial, landscaping and storage facilities, as well as to house the Library's fleet of vehicles. The Library is pursuing this project for the following reasons:

- The Library's current Airport Way lease for building maintenance shop functions expires in 2015. The space is small, limiting the functionality of the shop space, and it is highly unlikely the Library will be able to renew or extend that lease, certainly not at the current below-market rate.
- The Library leases space for mobile and delivery service vehicles from the Washington State Library at a downtown Seattle facility. This space is too small for a planned expansion of the mobile services program.
- The current Library-owned storage space, shop and office space for the landscaping program at Queen Anne Storage is in a former utility building located across the street from the Queen Anne library in a residential neighborhood. The facility needs significant major maintenance, is not the property's highest and best use, and has very limited parking. The Library's needs for these functions exceed what would be acceptable at this location, particularly the amount of truck traffic.

Consolidating these functions in one purchased or long-term lease facility would provide predictable future costs and improve efficiency with building, custodial, landscaping maintenance and storage all in one location. The new, larger and more centralized maintenance and storage site will streamline and enhance maintenance storage and shop functions; improve storage systems, access and ergonomics; and reduce costly trips to the congested downtown corridor.

The Library is also adapting to a rapidly changing information environment, where patrons are increasingly using the Library in new ways and accessing content digitally. Funding is vital for strategic, transformational improvements to Library facilities beyond baseline asset

preservation. These strategic improvements will modify physical Library space with a threefold goal:

1. support learning experiences and programs for patrons, rather than serving as a location where a patron completes a transaction;
2. provide that experience in more flexible, adaptable spaces, responsive to service, patron, and demographic changes; and
3. in those spaces, reflect the expressed needs of our individual neighborhoods and communities, while maintaining the Seattle Public Library brand.

The Reimagining Spaces initiative will continue for the next five to seven years. Major maintenance funding afforded by the Library Levy provides for a responsible level of baseline asset preservation. It fills significant gaps in routine and major maintenance budgets in time to avoid or slow the effects of wear and tear. However, levy funding is insufficient to fund the substantial costs associated with programmatically driven or reimagining projects, building infrastructure renovations, or replacement of major building systems at Central or the Library's larger branches. Additional financial support is crucial to the Library's ability to address major systems replacement and adapt libraries to the public's changing needs and uses during the life of the levy and beyond.

City Council Provisos to the CIP

There are no Council provisos.

Project ID:	B301113	End Date:	ONGOING
Location:			
Neighborhood Plan:	Not in Neighborhood Plan	Council District:	
Neighborhood District:		Urban Village:	

This project provides for improved infrastructure at the 363,000 square foot Central Library. Central requires substantial infrastructure work to achieve operational efficiency and set the stage for its eventual programmatic re-imagining. Changes to Central also require additional lead time for planning and design, due both to its unique physical configuration/infrastructure and iconic architectural status. Typical improvements may include, but are not limited to, structural and mechanical repairs or improvements, safety and security upgrades, lighting and signage enhancements, and wall and floor surface repairs.

This ongoing project provides for major maintenance to Library facilities, which include the 363,000 square foot Central Library and 26 branch libraries as well as storage/shops facilities. Typical improvements may include, but are not limited to, structural and mechanical repairs or improvements, safety and security upgrades, lighting and signage improvements, wall and floor surface repairs, landscape and exterior hard surface repairs, and projects that enhance service delivery or facilitate operational cost-savings at our libraries. This project preserves building integrity and improves functionality, and provides responsible management of the Library's building assets to ensure their long-term operational use. The project was created in 2009 in connection with midyear budget reductions to facilitate efficient asset management.
