Important Notice Under Federal Health Care Reform

Kaiser Foundation Health Plan of Washington ("KFHPWA") recommends each Member choose a Network Personal Physician. This decision is important since the designated Network Personal Physician provides or arranges for most of the Member's health care. The Member has the right to designate any Network Personal Physician who participates in one of the KFHPWA networks and who is available to accept the Member or the Member's family members. For information on how to select a Network Personal Physician, and for a list of the participating Network Personal Physicians, please call Kaiser Permanente Member Services at (206) 630-4636 in the Seattle area, or toll-free in Washington, 1-888-901-4636.

For children, the Member may designate a pediatrician as the primary care provider.

The Member does not need Preauthorization from KFHPWA or from any other person (including a Network Personal Physician) to access obstetrical or gynecological care from a health care professional in the KFHPWA network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining Preauthorization for certain services, following a pre-approved treatment plan, or procedures for obtaining Preauthorization. For a list of participating health care professionals who specialize in obstetrics or gynecology, please call Kaiser Permanente Member Services at (206) 630-4636 in the Seattle area, or toll-free in Washington, 1-888-901-4636.

For More Information

KFHPWA will provide the information regarding the types of plans offered by KFHPWA to Members on request. Please call Kaiser Permanente Member Services at (206) 630-4636 in the Seattle area, or toll-free in Washington, 1-888-901-4636.

I. Introduction

This plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act of 2010. Questions regarding this status may be directed to Kaiser Permanente Member Services toll free 1-888-901-4636. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor toll free 1-866-444-3272 or www.dol.gov/ebsa/healthreform.

This booklet includes information about medical benefits available under the City of Seattle's Group Health Plan ("Plan") to eligible staff and their family members and serves as the Summary Plan Description ("SPD") for medical, pharmacy and optical benefits.

II. Medical Plan

City of Seattle's Group Health Plan is designed to provide health benefits for City of Seattle's early retirees and their eligible family members. Questions about eligibility for health coverage can be answered by City of Seattle.

This document describes the health benefits offered under the Plan. The health benefits are administered by Kaiser Foundation Health Plan of Washington (KFHPWA). If you have questions regarding your coverage or how benefits have been paid, KFHPWA encourages you to contact Kaiser Permanente Member Services at 206-630-4636 or toll free 888-901-4636.

Please take the time to become familiar with the benefits that the Plan offers. Many terms used in this booklet have specific meanings that are defined in the Definitions section.

III. Eligibility, Enrollment and Termination

A. Eligibility.

In order to be accepted for enrollment and continuing coverage, individuals must meet any eligibility requirements imposed by the Plan Administrator, reside or work in the Service Area and meet all applicable requirements set forth below, except for temporary residency outside the Service Area for purposes of attending school, court-ordered coverage for Dependents or other unique family arrangements, when approved in advance by the Plan Administrator. KFHPWA has the right to verify eligibility.

1. Subscribers.

Bona fide retirees who were enrolled under the Agreement for active employees on the date of retirement shall be eligible. A bona fide retiree is defined as an individual who is no longer working on a full- or part-time basis for the Group and begins receiving pension checks immediately following termination of employment with the Group.

2. Dependents.

The Subscriber may also enroll the following:

a. The Subscriber's legal spouse (unless legally separated) or state-registered domestic partner as required by Washington state law;

b. The Subscriber's domestic partner, other than a state-registered domestic partner, provided that the Subscriber and domestic partner:
   i. Share the same regular and permanent residence;
   ii. Have a close personal relationship;
   iii. Are jointly responsible for "basic living expenses" as defined by the group;
   iv. Are not married to anyone;
   v. Are each 18 years of age or older;
   vi. Are not related by blood closer than would bar marriage in the State of Washington;
   vii. Were mentally competent to consent to contract when the domestic partnership began; and
   viii. Are each other's sole domestic partner and are responsible for each other's common welfare.

c. Children who are under the age of 26.

"Children" means the children of the retiree or spouse, including adopted children, stepchildren, children of a domestic partner, or state-registered domestic partner, children for whom the employee has a qualified court order to provide coverage and any other children for whom the employee is the legal guardian.

Eligibility may be extended past the Dependent's limiting age as set forth above if the Dependent is totally incapable of self-sustaining employment because of a developmental or physical disability incurred prior to attainment of the limiting age, set forth above, and is chiefly dependent upon the employee for support and maintenance. Enrollment for such a Dependent may be continued for the duration of the continuous total incapacity, provided enrollment does not terminate for any other reason. Medical proof of incapacity and proof of financial dependency must be furnished to KFHPWA upon request, but not more frequently than annually after the 2-year period following the Dependent's attainment of the limiting age.

3. Temporary Coverage for Newborns.
When a Member gives birth, the newborn is entitled to the benefits set forth in the SPD from birth through 3 weeks of age. All provisions, limitations and exclusions will apply except Subsections E. and F. After 3 weeks of age, no benefits are available unless the newborn child qualifies as a Dependent and is enrolled.

B. Application for Enrollment.
Application for enrollment must be completed on or before the effective date of coverage. The Plan Administrator is responsible for submitting completed applications to KFHPWA.

KFHPWA reserves the right to refuse enrollment to any person whose coverage under any plan issued by Kaiser Foundation Health Plan of Washington Options, Inc. or Kaiser Foundation Health Plan of Washington has been terminated for cause.

1. Newly Eligible Employees.
Newly eligible employees and their Dependents may apply for enrollment in writing to the Plan Administrator within 30 days of becoming eligible.

2. New Dependents.
A written application for enrollment of a newly dependent person, other than a newborn or adopted child, must be made to the Plan Administrator within 30 days after the dependency occurs.

A written application for enrollment of a newborn child must be made to the Plan Administrator within 60 days following the date of birth.

A written application for enrollment of an adoptive child must be made to the Plan Administrator within 60 days from the day the child is placed with the employee for the purpose of adoption or the employee assumes total or partial financial support of the child.

3. Open Enrollment.
KFHPWA will allow enrollment of employees and Dependents who did not enroll when newly eligible as described above during a limited period of time specified by the Plan Administrator and KFHPWA.

4. Special Enrollment.

a. KFHPWA will allow special enrollment for persons:
   1) Who initially declined enrollment when otherwise eligible because such persons had other health care coverage and have had such other coverage terminated due to one of the following events:
      - Cessation of employer contributions.
      - Exhaustion of COBRA continuation coverage.

- Loss of eligibility, except for loss of eligibility for cause.

2) Who initially declined enrollment when otherwise eligible because such persons had other health care coverage and who have had such other coverage exhausted because such person reached a lifetime maximum limit.

KFHPWA or the Plan Administrator may require confirmation that when initially offered coverage such persons submitted a written statement declining because of other coverage. Application for coverage must be made within 30 days of the termination of previous coverage.

b. KFHPWA will allow special enrollment for individuals who are eligible to be a Subscriber and their Dependents (other than for nonpayment or fraud) in the event one of the following occurs:
   1) Divorce or Legal Separation. Application for coverage must be made within 60 days of the divorce/separation.
   2) Cessation of Dependent status (reaches maximum age). Application for coverage must be made within 30 days of the cessation of Dependent status.
   3) Death of an employee under whose coverage they were a Dependent. Application for coverage must be made within 30 days of the death of an employee.
   4) Termination or reduction in the number of hours worked. Application for coverage must be made within 30 days of the termination or reduction in number of hours worked.
   5) Leaving the service area of a former plan. Application for coverage must be made within 30 days of leaving the service area of a former plan.
   6) Discontinuation of a former plan. Application for coverage must be made within 30 days of the discontinuation of a former plan.

c. KFHPWA will allow special enrollment for individuals who are eligible to be an employee and their Dependents in the event one of the following occurs:
   7) Marriage. Application for coverage must be made within 30 days of the date of marriage.
   8) Birth. Application for coverage for the employee and Dependents other than the newborn child must be made within 60 days of the date of birth.
   9) Adoption or placement for adoption. Application for coverage for the employee and Dependents other than the adopted child must be made within 60 days of the adoption or placement for adoption.
   10) Eligibility for premium assistance from Medicaid or a state Children's Health Insurance Program (CHIP), provided such person is otherwise eligible for coverage under this Plan. The request for special enrollment must be made within 60 days of eligibility for such premium assistance.
   11) Coverage under a Medicaid or CHIP plan is terminated as a result of loss of eligibility for such coverage. Application for coverage must be made within 60 days of the date of termination under Medicaid or CHIP.
   12) Applicable federal or state law or regulation otherwise provides for special enrollment.

C. When Coverage Begins.

1. Effective Date of Enrollment.

a. Provided eligibility criteria are met and applications for enrollment are made as set forth in Section III.A. and III.B. above, enrollment will be effective as follows:
   - Enrollment for a newly retired Subscriber and listed Dependents is effective on the first of the month following the date of retirement or expiration of COBRA coverage.
   - Coverage starts on the first day of the month following date of affidavit for domestic partners and date of marriage for new spouses.
   - Enrollment for all other newly dependent persons, other than newborns, adopted children, or children for whom the Subscriber becomes a legal guardian will begin on the first of the month following application.

b. Enrollment on a self-pay basis, for a newly eligible Subscriber and listed Dependents will begin on the 1st day of the month following the date the application is received.

c. Enrollment for newborns is effective from the date of birth.

2. Commencement of Benefits for Persons Hospitalized on Effective Date.
Members who are admitted to an inpatient facility prior to their enrollment will receive covered benefits beginning on their effective date, as set forth in Subsection C.1. above. If a Member is hospitalized in a non-Network Facility, KFHPWA reserves the right to require transfer of the Member to a Network Facility. The Member will be transferred when a Network Provider, in consultation with the attending physician, determines that the Member is medically stable to do so. If the Member refuses to transfer to a Network Facility, all further costs incurred during the hospitalization are the responsibility of the Member.

D. Termination of Coverage.
The employee shall be liable for payment of all charges for services and items provided to the employee and all Dependents after the effective date of termination.

Termination of Specific Members.
Individual Member coverage may be terminated for any of the following reasons:

a. Loss of Eligibility. If a Member no longer meets the eligibility requirements and is not enrolled for continuation coverage as described in Subsection F. below, coverage will terminate at the end of the month during which the loss of eligibility occurs, unless otherwise specified by the Plan Administrator.

b. For Cause. In the event of termination for cause, KFHPWA reserves the right to pursue all civil remedies allowable under federal and state law for the collection of claims, losses or other damages. Coverage of a Member may be terminated upon 10 working days written notice for:
   1.) Material misrepresentation, fraud or omission of information in order to obtain coverage.
   2.) Permitting the use of a KFHPWA identification card or number by another person, or using another Member's identification card or number to obtain care to which a person is not entitled.

c. Premium Payments. Nonpayment of premiums or contribution for a specific Member by the group.

Individual Member coverage may be retroactively terminated upon 30 days written notice and only in the case of fraud or intentional misrepresentation of a material fact; or as otherwise allowed under applicable law or regulation.

In no event will a Member be terminated solely on the basis of their physical or mental condition provided they meet all other eligibility requirements set forth in the Plan.

Any Member may appeal a termination decision through KFHPWA's appeals process.

E. Continuation of Inpatient Services.
A Member who is receiving Covered Services in a hospital on the date of termination shall continue to be eligible for Covered Services while an inpatient for the condition which the Member was hospitalized, until one of the following events occurs:

- According to KFHPWA clinical criteria, it is no longer Medically Necessary for the Member to be an inpatient at the facility.
- The remaining benefits available for the hospitalization are exhausted, regardless of whether a new calendar year begins.
- The Member becomes covered under another plan with a group health plan that provides benefits for the hospitalization.
- The Member becomes enrolled under a plan with another carrier that provides benefits for the hospitalization.

This provision will not apply if the Member is covered under another plan that provides benefits for the hospitalization at the time coverage would terminate, except as set forth in this section, or if the Member is eligible for COBRA continuation coverage as set forth in Subsection F. below.

F. Continuation of Coverage Options.

1. Leave of Absence.

While on an employer approved leave of absence, the employee and listed Dependents can continue to be covered provided that:

- They remain eligible for coverage, as set forth in Subsection A.,
- Such leave is in compliance with the employer's established leave of absence policy that is consistently applied to all employees,
- The employer's leave of absence policy is in compliance with the Family and Medical Leave Act when applicable.

2. Self-Payments During Labor Disputes.

In the event of suspension or termination of employee compensation due to a strike, lock-out or other labor dispute, an employee may continue uninterrupted coverage through self-payment directly to the employer. Coverage may be continued for the lesser of the term of the strike, lock-out or other labor dispute, or for 6 months after the cessation of work.

If coverage under the Plan is no longer available, the employee shall have the opportunity to apply for an individual KFHPWA group conversion plan or, if applicable, continuation coverage (see Subsection 4. below), or an individual and family plan at the duly approved rates.

The employer is responsible for immediately notifying each affected employee of their rights of self-payment under this provision.

3. Continuation Coverage Under Federal Law.

Upon loss of eligibility, continuation of group coverage may be available to a Member for a limited time after the Member would otherwise lose eligibility, if required by Consolidated Omnibus Budget Reconciliation Act (COBRA) or the Uniformed Services Employment and Reemployment Rights Act (USERRA) and only applies to grant continuation of coverage rights to the extent required by federal law. USERRA only applies in certain situations to employees who are leaving employment to serve in the United States Armed Forces. The employer shall inform Members of the COBRA election process and how much the Member will be required to pay directly to the employer.

Continuation coverage under COBRA or USERRA will terminate when a Member becomes covered by Medicare or obtains other group coverage, and as set forth under Subsection D.

4. KFHPWA Group Conversion Plan.

Members whose eligibility for coverage, including continuation coverage, is terminated for any reason other than cause, as set forth in Subsection D., and who are not eligible for Medicare or covered by another group health plan, may convert to an individual KFHPWA group conversion plan. If coverage under the Plan terminates, any Member covered at termination (including spouses and Dependents of a Subscriber who was terminated for cause) may convert to a KFHPWA group conversion plan, unless he/she is eligible to obtain other group health coverage within 31 days of the termination. Coverage will be retroactive to the date of loss of eligibility.

An application for conversion must be made within 31 days following termination of coverage or within 31 days from the date notice of the termination of coverage is received, whichever is later. A physical examination or statement of health is not required for enrollment in a KFHPWA group conversion plan.

Persons wishing to purchase KFHPWA's individual and family coverage should contact KFHPWA.

G. Qualified Medical Child Support Orders (QMCSOs).

Members and Dependents can obtain, without charge, a copy of the Plan's procedures on QMCSOs from the City of Seattle.

H. Cafeteria Plan Rules.

For eligible programs, employees may make pre-tax salary elections to pay for benefits through the employer-provided cafeteria plan. For more information, please see City of Seattle.

IV. How Covered Services Work

KFHPWA is contracted by City of Seattle to perform health plan administrative services and to arrange for the delivery of health care services only and does not assume any financial risk or obligation with respect to claims.

Read This SPD Carefully

This SPD is a statement of benefits, exclusions and other provisions of the Plan.

A full description of benefits, exclusions, limits and Out-of-Pocket Expenses can be found in the Benefits Details section and the General Exclusions. These sections must be considered together to fully understand the benefits available under the Plan. Words with special meaning are capitalized. They are defined in the Definitions section.

A. Accessing Care.

1. Members are entitled to Covered Services from the following:
Your Provider Network is KFHPWA's Core Network (Network). Members are entitled to Covered Services only at Network Facilities and from Network Providers, except for Emergency services and care pursuant to a Preauthorization.

Benefits under this SPD will not be denied for any health care service performed by a registered nurse licensed to practice under chapter 18.88 RCW, if first, the service performed was within the lawful scope of such nurse's license, and second, this SPD would have provided benefit if such service had been performed by a doctor of medicine licensed to practice under chapter 18.71 RCW.

A listing of Core Network Personal Physicians, specialists, women's health care providers and KFHPWA-designated Specialists is available by contacting Member Services or accessing the KFHPWA website at www.kp.org/wa. Information available online includes each physician's location, education, credentials, and specialties. KFHPWA also utilizes Health Care Benefit Managers for certain services. To see a list of Health Care Benefit Managers, go to wa.kaiserpermanente.org and type Health Care Benefit Manager in the search bar.

Receiving Care in another Kaiser Foundation Health Plan Service Area
If you are visiting in the service area of another Kaiser Permanente region, visiting member services may be available from designated providers in that region if the services would have been covered under this SPD. Visiting member services are subject to the provisions set forth in this SPD including, but not limited to, Preauthorization and cost sharing. For more information about receiving visiting member services in other Kaiser Permanente regional health plan service areas, including provider and facility locations, please call Kaiser Permanente Member Services at (206) 630-4636 in the Seattle area, or toll-free in Washington, 1-888-901-4636. Information is also available online at www.wa.kaiserpermanente.org/html/public/services/traveling.

2. Primary Care Provider Services.
KFHPWA recommends that Members select a Network Personal Physician when enrolling. One personal physician may be selected for an entire family, or a different personal physician may be selected for each family member. For information on how to select or change Network Personal Physicians, and for a list of participating personal physicians, call Kaiser Permanente Member Services at (206) 630-4636 in the Seattle area, or toll-free in Washington at 1-888-901-4636 or by accessing the KFHPWA website at www.kp.org/wa. The change will be made within 24 hours of the receipt of the request if the selected physician's caseload permits. If a personal physician accepting new Members is not available in your area,

contact Kaiser Permanente Member Services, who will ensure you have access to a personal physician by contacting a physician's office to request they accept new Members.

To find a personal physician, call Member Services or access the KFHPWA website at www.kp.org/wa to view physician profiles. Information available online includes each physician's location, education, credentials, and specialties.

For your personal physician, choose from these specialties:
- Family medicine
- Adult medicine/internal medicine
- Pediatrics/adolescent medicine (for children up to 18)

Be sure to check that the physician you are considering is accepting new patients.

If your choice does not feel right after a few visits, you can change your personal physician at any time, for any reason. If you don't choose a physician when you first become a KFHPWA member, we will match you with a physician to make sure you have one assigned to you if you get sick or injured.

In the case that the Member's personal physician no longer participates in KFHPWA's network, the Member will be provided access to the personal physician for up to 60 days following a written notice offering the Member a selection of new personal physicians from which to choose.

3. **Specialty Care Provider Services.**
Unless otherwise indicated, Preauthorization is required for specialty care and specialists that are not KFHPWA-designated Specialists and are not providing care at facilities owned and operated by Kaiser Permanente.

KFHPWA-designated Specialist.
Preauthorization is not required for services with KFHPWA-designated Specialists at facilities owned and operated by Kaiser Permanente. To access a KFHPWA-designated Specialist, consult your KFHPWA personal physician. For a list of KFHPWA-designated Specialists, contact Member Services or view the Provider Directory located at www.kp.org/wa. The following specialty care areas are available from KFHPWA-designated Specialists: allergy, audiology, cardiology, chiropractic/manipulative therapy, dermatology, gastroenterology, general surgery, hospice, mental health and wellness, nephrology, neurology, obstetrics and gynecology, occupational medicine, oncology/hematology, ophthalmology, optometry, orthopedics, otolaryngology (ear, nose and throat), physical therapy, smoking cessation, speech/language and learning services, substance use disorder and urology.

4. **Hospital Services.**
Non-Emergency inpatient hospital services require Preauthorization. Refer to the Benefits Details section for more information about hospital services.

5. **Emergency Services.**
Emergency services at a Network Facility or non-Network Facility are covered. Members must notify KFHPWA by way of the Hospital notification line (1-888-457-9516 as noted on your Member identification card) within 24 hours of any admission, or as soon thereafter as medically possible. Coverage for Emergency services at a non-Network Facility is limited to the Allowed Amount. Refer to the Benefits Details section for more information about Emergency services.

Members are covered for Emergency care and Medically Necessary urgent care anywhere in the world. If you think you are experiencing an emergency, go immediately to the nearest emergency care facility or call 911. Go to the closest urgent care center for an illness or injury that requires prompt medical attention but is not an emergency. Examples include, but are not limited to minor injuries, wounds, and cuts needing stiches; minor breathing issues; minor stomach pain. If you are unsure whether urgent care is your best option, call the consulting nurse helpline for advice at 1-800-297-6877 or 206-630-2244.

If you need Emergency care while traveling and are admitted to a non-network hospital, you or a family member must notify us within 48 hours after care begins, or as soon as is reasonably possible. Call the notification line listed on the back of your KFHPWA Member ID card to help make sure your claim is accepted. Keep receipts and other paperwork from non-network care. You'll need to submit them with any claims for reimbursement after returning from travel.

Access to non-Emergency care across the Core network service area: your Plan provides access to all providers in the Core Network, including many physicians and services at Kaiser Permanente medical facilities and Core Network facilities across the state. Find links to providers at kp.org/wa/directory or contact Member Services at 1-888-901-4636 for assistance.

6. **Urgent Care.**
Inside the KFHPWA Service Area, urgent care is covered at a Kaiser Permanente medical center, Kaiser Permanente urgent care center or Network Provider's office. Outside the KFHPWA Service Area, urgent care is covered at any medical facility. Refer to the Benefits Details section for more information about urgent care.

For urgent care during office hours, you can call your personal physician's office first to see if you can get a same-day appointment. If a physician is not available or it is after office hours, you may speak with a licensed care provider anytime at 1-800-297-6877 or 206-630-2244. You may also check kp.org/wa/directory or call Member Services to find the nearest urgent care facility in your network.

7. **Women's Health Care Direct Access Providers.**
Female Members may see a general and family practitioner, physician's assistant, gynecologist, certified nurse midwife, licensed midwife, doctor of osteopathy, pediatrician, obstetrician or advance registered nurse practitioner who is unrestricted in your KFHPWA Network to provide women's health care services directly, without Preauthorization, for Medically Necessary maternity care, covered reproductive health services, preventive services (well care) and general examinations, gynecological care and follow-up visits for the above services. Women's health care services are covered as if the Member's Network Personal Physician had been consulted, subject to any applicable Cost Shares. If the Member's women's health care provider diagnoses a condition that requires other specialists or hospitalization, the Member or the chosen provider must obtain Preauthorization in accordance with applicable KFHPWA requirements. For a list of KFHPWA providers, contact Member Services or view the Provider Directory located at www.kp.org/wa.

8. **Travel Advisory Service.**
Our Travel Advisory Service offers recommendations tailored to your travel outside the United States. Nurses certified in travel health will advise you on any vaccines or medications you need based on your destination, activities, and medical history. The consultation is not a covered benefit and there is a fee for a KFHPWA Member using the service for the first time. Travel-related vaccinations and medications are usually not covered. Visit kp.org/wa/travel-service for more details.

9. **Process for Medical Necessity Determination.**
Pre-service, concurrent or post-service reviews may be conducted. Once a service has been reviewed, additional reviews may be conducted. Members will be notified in writing when a determination has been made.

First Level Review:

First level reviews are performed or overseen by appropriate clinical staff using KFHPWA approved clinical review criteria. Data sources for the review include, but are not limited to, referral forms, admission request forms, the Member's medical record, and consultation with health care professionals and multidisciplinary health care team members. The clinical information used in the review may include treatment summaries, problem lists, specialty evaluations, laboratory and x-ray results, and rehabilitation service documentation. The Member or legal surrogate may be contacted for information. Coordination of care interventions are initiated as they are identified. The reviewer consults with the health care team when more clarity is needed to make an informed medical necessity decision. The reviewer may consult with a

board-certified consultative specialist and such consultations will be documented in the review text. If the requested service appears to be inappropriate based on application of the review criteria, the first level reviewer requests second level review by a physician or designated health care professional.

Second Level (Practitioner) Review:

The practitioner reviews the treatment plan and discusses, when appropriate, case circumstances and management options with the attending (or referring) physician. The reviewer consults with the health care team when more clarity is needed to make an informed coverage decision. The reviewer may consult with board certified physicians from appropriate specialty areas to assist in making determinations of coverage and/or appropriateness. All such consultations will be documented in the review text. If the reviewer determines that the admission, continued stay or service requested is not a covered service, a notice of non-coverage is issued. Only a physician, behavioral health practitioner (such as a psychiatrist, doctoral-level clinical psychologist, certified addiction medicine specialist), dentist or pharmacist who has the clinical expertise appropriate to the request under review with an unrestricted license may deny coverage based on medical necessity.

B. Administration of the SPD.
KFHPWA may adopt reasonable policies and procedures to administer the Plan. This may include, but is not limited to, policies or procedures pertaining to benefit entitlement and coverage determinations.

C. Confidentiality.
KFHPWA is required by federal and state law to maintain the privacy of Member personal and health information. KFHPWA is required to provide notice of how KFHPWA may use and disclose personal and health information held by KFHPWA. The Notice of Privacy Practices is distributed to Members and is available in Kaiser Permanente medical centers, at www.kp.org/wa, or upon request from Member Services.

D. Modification of the Plan.
No oral statement of any person shall modify or otherwise affect the benefits, limitations and exclusions of the Plan, convey or void any coverage, increase or reduce any benefits under the Plan or be used in the prosecution or defense of a claim under the Plan.

E. Nondiscrimination.
KFHPWA does not discriminate on the basis of physical or mental disabilities in its employment practices and services. KFHPWA will not refuse to enroll or terminate a Member's coverage on the basis of age, sex, sexual orientation, gender identity, race, color, religion, national origin, citizenship or immigration status, veteran or military status, occupation or health status.

F. Preauthorization.
Refer to the Benefits Details section and https://wa.kaiserpermanente.org/html/public/services/pre-authorization for more information regarding which services KFHPWA requires Preauthorization.

Failure to obtain Preauthorization when required may result in denial of coverage for those services, and the Member may be responsible for the cost of these non-Covered services. Members may contact Member Services to request Preauthorization.

Preauthorization requests are reviewed and approved based on Medical Necessity, eligibility and benefits. KFHPWA will generally process Preauthorization requests and provide notification for benefits within the following timeframes:

- Standard requests – within 5 calendar days
  - If insufficient information has been provided a request for additional information will be made within 5 calendar days. The provider or facility has 5 calendar days to provide the necessary information. A decision will be made within 4 calendar days of receipt of the information or the deadline for receipt of the requested information.
- Expedited requests – within 2 calendar days

- If insufficient information has been provided a request for additional information will be made within 1 calendar day. The provider or facility has 2 calendar days to provide the necessary information. A decision will be made within 2 calendar days of receipt of the information or the deadline for receipt of the requested information.

G. Recommended Treatment.

KFHPWA's medical director will determine the necessity, nature and extent of treatment to be covered in each individual case and the judgment will be made in good faith. Members have the right to appeal coverage decisions (see Appeals section). Members have the right to participate in decisions regarding their health care. A Member may refuse any recommended services to the extent permitted by law. Members who obtain care not recommended by KFHPWA's medical director do so with the full understanding that KFHPWA has no obligation for the cost, or liability for the outcome, of such care.

New and emerging medical technologies are evaluated on an ongoing basis by the following committees – the Interregional New Technologies Committee, Medical Technology Assessment Committee, Medical Policy Committee, and Pharmacy and Therapeutics Committee. These physician evaluators consider the new technology's benefits, whether it has been proven safe and effective, and under what conditions its use would be appropriate. The recommendations of these committees inform what is covered on KFHPWA health plans.

H. Second Opinions.

The Member may access a second opinion from a Network Provider regarding a medical diagnosis or treatment plan. The Member may request Preauthorization or may visit a KFHPWA-designated Specialist for a second opinion. When requested or indicated, second opinions are provided by Network Providers and are covered with Preauthorization, or when obtained from a KFHPWA-designated Specialist. Coverage is determined by the Member's Plan; therefore, coverage for the second opinion does not imply that the services or treatments recommended will be covered. Preauthorization for a second opinion does not imply that KFHPWA will authorize the Member to return to the physician providing the second opinion for any additional treatment. Services, drugs and devices prescribed or recommended as a result of the consultation are not covered unless included as covered under the Plan.

I. Unusual Circumstances.

In the event of unusual circumstances such as a major disaster, epidemic, military action, civil disorder, labor disputes or similar causes, KFHPWA will not be liable for administering coverage beyond the limitations of available personnel and facilities.

In the event of unusual circumstances such as those described above, KFHPWA will make a good faith effort to arrange for Covered Services through available Network Facilities and personnel. KFHPWA shall have no other liability or obligation if Covered Services are delayed or unavailable due to unusual circumstances.

J. Utilization Management.

Case management means a care management plan developed for a Member whose diagnosis requires timely coordination. All benefits, including travel and lodging are limited to Covered Services that are Medically Necessary and set forth in the Plan. KFHPWA may review a Member's medical records for the purpose of verifying delivery and coverage of services and items. Based on a prospective, concurrent or retrospective review, KFHPWA may deny coverage if, in its determination, such services are not Medically Necessary. Such determination shall be based on established clinical criteria and may require Preauthorization.

KFHPWA will not deny coverage retroactively for services with Preauthorization and which have already been provided to the Member except in the case of an intentional misrepresentation of a material fact by the patient, Member, or provider of services, or if coverage was obtained based on inaccurate, false, or misleading information provided on the enrollment application, or for nonpayment of premiums.

V. Financial Responsibilities

A. Financial Responsibilities for Covered Services.

The employee is liable for the following Cost Shares when services are received by the employee and their Dependents. Payment of an amount billed must be received within 30 days of the billing date. Charges will be for the lesser of the Cost Shares for the Covered Service or the actual charge for that service. Cost Shares will not exceed the actual charge for that service.

1. Annual Deductible.

Covered Services may be subject to an annual Deductible. Charges subject to the annual Deductible shall be borne by the employee during each year until the annual Deductible is met. Covered Services must be received from a Network Provider at a Network Facility, unless the Member has received Preauthorization or has received Emergency services.

There is an individual annual Deductible amount for each Member and a maximum annual Deductible amount for each Family Unit. Once the annual Deductible amount is reached for a Family Unit in a calendar year, the individual annual Deductibles are also deemed reached for each Member during that same calendar year.

2. Plan Coinsurance.

After the applicable annual Deductible is satisfied, Members may be required to pay Plan Coinsurance for Covered Services.

3. Copayments.

Members shall be required to pay applicable Copayments at the time of service. Payment of a Copayment does not exclude the possibility of an additional billing if the service is determined to be a non-Covered Service or if other Cost Shares apply.

4. Out-of-pocket Limit.

Out-of-pocket Expenses which apply toward the Out-of-pocket Limit are set forth in the Benefits Details section. Total Out-of-pocket Expenses incurred during the same calendar year shall not exceed the Out-of-pocket Limit.

B. Financial Responsibilities for Non-Covered Services.

The cost of non-Covered Services and supplies is the responsibility of the Member. The employee is liable for payment of any fees charged for non-Covered Services provided to the employee and their Dependents at the time of service. Payment of an amount billed must be received within 30 days of the billing date.

The KFHPWA Preferred drug list is a list of prescription drugs, supplies, and devices considered to have acceptable efficacy, safety and cost-effectiveness. The Preferred drug list is maintained by a committee consisting of a group of physicians, pharmacists and a consumer representative who review the scientific evidence of these products and determine the Preferred and Non-Preferred status as well as utilization management requirements. Preferred drugs generally have better scientific evidence for safety and effectiveness and are more affordable than Non-Preferred drugs. The preferred drug list is available at www.kp.org/wa/formulary, or upon request from Member Services.

Members may request a coverage determination by contacting Member Services. Coverage determination reviews may include requests to cover non-preferred drugs, obtain Preauthorization for a specific drug, or exceptions to other utilization management requirements, such as quantity limits. If coverage of a non-Preferred drug is approved, the drug will be covered at the Preferred drug level.

Prescription drugs are drugs which have been approved by the Food and Drug Administration (FDA) and which can, under federal or state law, be dispensed only pursuant to a prescription order. These drugs, including off-label use of FDA-approved drugs (provided that such use is documented to be effective in one of the standard reference compendia; a majority of well-designed clinical trials published in peer-reviewed medical literature document improved efficacy or safety of the agent over standard therapies, or over placebo if no standard therapies exist; or by the federal secretary of Health and Human Services) are covered. “Standard reference compendia” means the American Hospital Formulary Service – Drug Information; the American Medical Association Drug Evaluation; the United States Pharmacopoeia – Drug Information, or other authoritative compendia as identified from time to time by the federal secretary of Health and Human Services. “Peer-reviewed medical literature” means scientific studies printed in health care journals or other publications in which original manuscripts are published only after having been critically reviewed for scientific accuracy, validity and reliability by unbiased independent experts. Peer-reviewed medical literature does not include in-house publications of pharmaceutical manufacturing companies.

Generic drugs are dispensed whenever available. A generic drug is a drug that is the pharmaceutical equivalent to one or more brand name drugs. Such generic drugs have been approved by the Food and Drug Administration as meeting the same standards of safety, purity, strength and effectiveness as the brand name drug. Brand name drugs are dispensed if there is not a generic equivalent. In the event the Member elects to purchase a brand-name drug instead of the generic equivalent (if available), the Member is responsible for paying the difference in cost in addition to the prescription drug Cost Share, which does not apply to the Out-of-pocket Limit.

Drug coverage is subject to utilization management that includes Preauthorization, step therapy (when a Member tries a certain medication before receiving coverage for a similar, but non-Preferred medication), limits on drug quantity or days supply and prevention of overutilization, underutilization, therapeutic duplication, drug-drug interactions, incorrect drug dosage, drug-allergy contraindications and clinical abuse/misuse of drugs. If a Member has a new prescription for a chronic condition, the Member may request a coordination of medications so that medications for chronic conditions are refilled on the same schedule (synchronized). Cost-shares for the initial fill of the medication will be adjusted if the fill is less than the standard quantity. Please contact Member Services for more information.

Specialty drugs are high-cost drugs prescribed by a physician that requires close supervision and monitoring for serious and/or complex conditions, such as rheumatoid arthritis, hepatitis or multiple sclerosis. Specialty drugs must be obtained through KFHPWA’s preferred specialty pharmacy vendor and/or network of specialty pharmacies. For a list of specialty drugs or more information about KFHPWA’s specialty pharmacy network, please go to the KFHPWA website at www.kp.org/wa/formulary or contact Member Services at 206-630-4636 or toll-free at 1-800-901-4636.

The Member's Right to Safe and Effective Pharmacy Services: State and federal laws establish standards to assure safe and effective pharmacy services, and to guarantee Members' right to know what drugs are covered and the coverage limitations. Members who would like more information about the drug coverage policies, or have a question or concern about their pharmacy benefit, may contact KFHPWA at 206-630-4636 or toll-free 1-888-901-4636 or by accessing the KFHPWA website at www.kp.org/wa. Members who have a concern about the pharmacists or pharmacies serving them may call the Washington State Department of Health at toll-free 1-800-525-0127.
Prescription Drug Coverage and Medicare: This benefit, for purposes of Creditable Coverage, is actuarially equal to or greater than the Medicare Part D prescription drug benefit. Members who are also eligible for Medicare Part D can remain covered and will not be subject to Medicare-imposed late enrollment penalties should they decide to enroll in a Medicare Part D plan at a later date; however, the Member could be subject to payment of higher Part D premiums if the Member subsequently has a break in creditable coverage of 63 continuous days or longer before enrolling in a Part D plan. A Member who discontinues coverage must meet eligibility requirements in order to re-enroll.
Exclusions: drugs and injections for anticipated illness while traveling; drugs and injections for cosmetic purposes; vitamins, including most prescription vitamins; replacement of lost, stolen, or damaged drugs or devices; administration of excluded drugs and injectables; drugs used in the treatment of sexual dysfunction disorders; compounds which include a non-FDA approved drug; growth hormones for idiopathic short stature without growth hormone deficiency; prescription drugs/products available over-the-counter or have an over-the-counter alternative that is determined to be therapeutically interchangeable

The grievance process is outlined as follows:

Step 1: It is recommended that the Member should contact the person involved or the manager of the medical center/department where they are having a problem, explain their concerns and what they would like to have done to resolve the problem. The Member should be specific and make their position clear. Most concerns can be resolved in this way.

Step 2: If the Member is still not satisfied, they should call or write to Member Services at PO Box 34590, Seattle, WA 98124-1590, 206-630-4636 or toll-free 1-888-901-4636. Most concerns are handled by phone within a few days. In some cases, the Member will be asked to write down their concerns and state what they think would be a fair resolution to the problem. An appropriate representative will investigate the Member's concern by consulting with involved staff and their supervisors, and reviewing pertinent records, relevant plan policies and the Member Rights and Responsibilities statement. This process can take up to 30 days to resolve after receipt of the Member's written or verbal statement.

If the Member is dissatisfied with the resolution of the complaint, they may contact Member Services. Assistance is available to Members who are limited-English speakers, who have literacy problems, or who have physical or mental disabilities that impede their ability to request review or participate in the review process.

Adverse benefit determination (action) means any of the following: a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a Member's eligibility to participate in a plan, and including a denial, reduction or termination of, or a failure to provide or make a payment, in whole or in part, for a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. KFHPWA will

comply with any new requirements as necessary under federal laws and regulations. Assistance is available to Members who are limited-English speakers, who have literacy problems, or who have physical or mental disabilities that impede their ability to request review or participate in the review process. The most current information about your appeals process is available by contacting KFHPWA's Member Appeal Department at the address or telephone number below.

1. Internal Review

If the Member wishes to appeal a decision denying benefits, they must submit a request for an appeal either orally or in writing to the Member Appeals Department, specifying why they disagree with the decision. The appeal must be submitted within 180 days from the date of the initial denial notice. KFHPWA will notify the Member of its receipt of the request within 72 hours of receiving it. Appeals should be directed to KFHPWA's Member Appeals Department, P.O. Box 34593, Seattle, WA 98124-1593, toll free 1-866-458-5479.

KFHPWA will then notify the Member of its determination within a reasonable period of time but no later than:

- Pre-service claim- 30 days after receipt of your request
- Post-service claim – 60 days after the receipt of your request

Expedited/Urgent Internal Review

There is an expedited/urgent appeals process in place for cases which meet criteria or where the Member's provider believes that the standard 15-day appeal review process will seriously jeopardize the Member's life, health or ability to regain maximum function or subject the Member to severe pain that cannot be managed adequately without the requested care or treatment. KFHPWA will accept a treating provider's determination that an appeal should be expedited/urgent. The Member can request an expedited/urgent appeal in writing to the above address, or by calling KFHPWA's Member Appeals Department toll free 1-866-458-5479. The Member's request for an expedited/urgent appeal will be processed as such if the definition above is met and a decision issued and communicated verbally no later than 72 hours after receipt of the request. If additional information is needed, KFHPWA will inform the Member and allow up to 48 hours for a response.

If the Member is currently receiving care that is the subject of the appeal, the health plan will continue coverage pending the outcome of the internal appeal.

The Member may also request an external review at the same time as the internal appeals process if it is an urgent care situation or the Member is in an ongoing course of treatment.

2. External Review

If the Member is not satisfied with the decision regarding medical necessity, medical appropriateness, health care setting, level of care, or if the requested service is not efficacious or otherwise unjustified under evidence-based medical criteria, the Member may request a second level review by an external independent review organization not legally affiliated or controlled by KFHPWA or the employer's health plan. KFHPWA will notify the Member of the name of the external independent review organization and its contact information. The external independent review organization will accept additional written information for up to five business days after it receives the assignment for the appeal. The external independent review will be conducted at no cost to the Member. Once a decision is made through an independent review organization, the decision is final and cannot be appealed through KFHPWA.

If the Member requests an appeal of a KFHPWA decision denying benefits for care currently being received, KFHPWA will continue to provide coverage for the disputed benefit pending the outcome of the appeal. If the KFHPWA determination stands, the Member may be responsible for the cost of coverage received during the review period.

A request for a review by an independent review organization must be made within 180 days after the date of the initial appeal decision notice.

X. Claims

Claims for benefits may be made before or after services are obtained. KFHPWA recommends that the provider requests Preauthorization. In most instances, contracted providers submit claims directly to KFHPWA. If your provider does not submit a claim to make a claim for benefits, a Member must contact Member Services, or submit a claim for reimbursement as described below. Other inquiries, such as asking a health care provider about care or coverage, or submitting a prescription to a pharmacy, will not be considered a claim for benefits.

If a Member receives a bill for services the Member believes are covered, the Member must, within 90 days of the date of service, or as soon thereafter as reasonably possible, either (1) contact Member Services to make a claim or (2) pay the bill and submit a claim for reimbursement of Covered Services, or (3) for out-of-country claims (Emergency care only) – submit the claim and any associated medical records , including the type of service, charges, and proof of travel to KFHPWA, P.O. Box 30766, Salt Lake City, UT 84130-0766. In no event, except in the absence of legal capacity, shall a claim be accepted later than 1 year from the date of service.

KFHPWA will generally process claims for benefits within the following timeframes after KFHPWA receives the claims:

- Immediate request situations – within 1 business day.
- Concurrent urgent requests – within 24 hours.
- Urgent care review requests – within 48 hours.
- Non-urgent preservice review requests – within 5 calendar days.
- Post-service review requests – within 30 calendar days.

Timeframes for pre-service and post-service claims can be extended by KFHPWA for up to an additional 15 days. Members will be notified in writing of such extension prior to the expiration of the initial timeframe.

XI. Coordination of Benefits

The coordination of benefits (COB) provision applies when a Member has health care coverage under more than one plan. Plan is defined below.

The order of benefit determination rules governs the order in which each plan will pay a claim for benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits according to its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is the secondary plan. In no event will a secondary plan be required to pay an amount in excess of its maximum benefit plus accrued savings.

If the Member is covered by more than one health benefit plan, and the Member does not know which is the primary plan, the Member or the Member's provider should contact any one of the health plans to verify which plan is primary. The health plan the Member contacts is responsible for working with the other plan to determine which is primary and will let the Member know within 30 calendar days.

All health plans have timely claim filing requirements. If the Member or the Member's provider fails to submit the Member's claim to a secondary health plan within that plan's claim filing time limit, the plan can deny the claim. If the Member experiences delays in the processing of the claim by the primary health plan, the Member or the Member's provider will need to submit the claim to the secondary health plan within its claim filing time limit to prevent a denial of the claim.

A. Definitions.

1. A plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts

are considered parts of the same plan and there is no COB among those separate contracts. However, if COB rules do not apply to all contracts, or to all benefits in the same contract, the contract or benefit to which COB does not apply is treated as a separate plan.

a. Plan includes: group, individual or blanket disability insurance contracts and group or individual contracts issued by health care service contractors or health maintenance organizations (HMO), closed panel plans or other forms of group coverage; medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law.

b. Plan does not include: hospital indemnity or fixed payment coverage or other fixed indemnity or fixed payment coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; automobile insurance policies required by statute to provide medical benefits; Medicare supplement policies; Medicaid coverage; or coverage under other federal governmental plans; unless permitted by law.

Each contract for coverage under Subsection a. or b. is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

2. This plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

3. The order of benefit determination rules determines whether this plan is a primary plan or secondary plan when the Member has health care coverage under more than one plan.

   When this plan is primary, it determines payment for its benefits first before those of any other plan without considering any other plan's benefits. When this plan is secondary, it determines its benefits after those of another plan and must make payment in an amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim equal 100% of the total allowable expense for that claim. This means that when this plan is secondary, it must pay the amount which, when combined with what the primary plan paid, totals 100% of the allowable expense. In addition, if this plan is secondary, it must calculate its savings (its amount paid subtracted from the amount it would have paid had it been the primary plan) and record these savings as a benefit reserve for the covered Member. This reserve must be used by the secondary plan to pay any allowable expenses not otherwise paid, that are incurred by the covered person during the claim determination period.

4. Allowable Expense. Allowable expense is a health care expense, coinsurance or copayments and without reduction for any applicable deductible, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any plan covering the Member is not an allowable expense.

   The following are examples of expenses that are not allowable expenses:

   a. The difference between the cost of a semi-private hospital room and a private hospital room is not an allowable expense, unless one of the plans provides coverage for private hospital room expenses.

   b. If a Member is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement method, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.

c. If a Member is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.

d. An expense or a portion of an expense that is not covered by any of the plans covering the person is not an allowable expense.

5. Closed panel plan is a plan that provides health care benefits to covered persons in the form of services through a panel of providers who are primarily employed by the plan, and that excludes coverage for services provided by other providers, except in cases of Emergency or referral by a panel member.

6. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

B. Order of Benefit Determination Rules.

When a Member is covered by two or more plans, the rules for determining the order of benefit payments are as follows:

1. The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other plan.

2. Except as provided below, a plan that does not contain a coordination of benefits provision that is consistent with this chapter is always primary unless the provisions of both plans state that the complying plan is primary.

   Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage is excess to any other parts of the plan provided by the employee. Examples include major medical coverages that are superimposed over hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

3. A plan may consider the benefits paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.

4. Each plan determines its order of benefits using the first of the following rules that apply:

   a. Non-Dependent or Dependent. The plan that covers the Member other than as a Dependent, for example as an employee, member, policyholder, subscriber or retiree is the primary plan and the plan that covers the Member as a Dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the Member as a Dependent, and primary to the plan covering the Member as other than a Dependent (e.g., a retired employee), then the order of benefits between the two plans is reversed so that the plan covering the Member as an employee, member, policyholder, subscriber or retiree is the secondary plan and the other plan is the primary plan.

   b. Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one plan the order of benefits is determined as follows:
      1) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
         - The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
         - If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
      2) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

i. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods commencing after the plan is given notice of the court decree;
ii. If a court decree states one parent is to assume primary financial responsibility for the dependent child but does not mention responsibility for health care expenses, the plan of the parent assuming financial responsibility is primary;
iii. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of a) above determine the order of benefits;
iv. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subsection (a) above determine the order of benefits; or
v. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
- The plan covering the custodial parent, first;
- The plan covering the spouse of the custodial parent, second;
- The plan covering the non-custodial parent, third; and then
- The plan covering the spouse of the non-custodial parent, last.

3) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions of Subsection (a) or (b) above determine the order of benefits as if those individuals were the parents of the child.

c. Active employee or retired or laid-off employee. The plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The plan covering that same Member as a retired or laid off employee is the secondary plan. The same would hold true if a Member is a Dependent of an active employee and that same Member is a Dependent of a retired or laid-off employee. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under Section D(1) can determine the order of benefits.

d. COBRA or State Continuation Coverage. If a Member whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the Member as an employee, member, employee or retiree or covering the Member as a Dependent of an employee, member, employee or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under Section a. can determine the order of benefits.

e. Longer or shorter length of coverage. The plan that covered the Member as an employee, member, employee or retiree longer is the primary plan and the plan that covered the Member the shorter period of time is the secondary plan.

f. If the preceding rules do not determine the order of benefits, the allowable expenses must be shared equally between the plans meeting the definition of plan. In addition, this plan will not pay more than it would have paid had it been the primary plan.

C. Effect on the Benefits of this Plan.

When this plan is secondary, it must make payment in an amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim equal one hundred percent of the total allowable expense for that claim. However, in no event shall the secondary plan be required to pay an amount in excess of its maximum benefit plus accrued savings. In no event should the Member be responsible for a deductible amount greater than the highest of the two deductibles.

D. Right to Receive and Release Needed Information.

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and other plans. KFHPWA may get the facts it needs from or give them to

other organizations or persons for the purpose of applying these rules and determining benefits payable under this plan and other plans covering the Member claiming benefits. KFHPWA need not tell, or get the consent of, any Member to do this. Each Member claiming benefits under this plan must give KFHPWA any facts it needs to apply those rules and determine benefits payable.

E. Facility of Payment.
If payments that should have been made under this plan are made by another plan, KFHPWA has the right, at its discretion, to remit to the other plan the amount it determines appropriate to satisfy the intent of this provision. The amounts paid to the other plan are considered benefits paid under this plan. To the extent of such payments, KFHPWA is fully discharged from liability under this plan.

F. Right of Recovery.
KFHPWA has the right to recover excess payment whenever it has paid allowable expenses in excess of the maximum amount of payment necessary to satisfy the intent of this provision. KFHPWA may recover excess payment from any person to whom or for whom payment was made or any other issuers or plans.

Questions about Coordination of Benefits? Contact the State Insurance Department.

G. Effect of Medicare.
Medicare primary/secondary payer guidelines and regulations will determine primary/secondary payer status and will be adjudicated by KFHPWA as set forth in this section. KFHPWA will pay primary to Medicare when required by federal law. When Medicare, Part A and Part B or Part C are primary, Medicare's allowable amount is the highest allowable expense.

When a Network Provider renders care to a Member who is eligible for Medicare benefits, and Medicare is deemed to be the primary bill payer under Medicare secondary payer guidelines and regulations, KFHPWA will seek Medicare reimbursement for all Medicare covered services.

XII. Subrogation and Reimbursement Rights

The benefits under this Plan will be available to a Member for injury or illness caused by another party, subject to the exclusions and limitations of this Plan. If the Plan provides for the treatment of the injury or illness, the Plan will be subrogated to any rights that the Member may have to recover compensation or damages related to the injury or illness and the Member shall reimburse the Plan for all benefits provided, from any amounts the Member received or is entitled to receive from any source on account of such injury or illness, whether by suit, settlement or otherwise, including but not limited to:

- Payments made by a third party or any insurance company on behalf of the third party;
- Any payments or awards under an uninsured or underinsured motorist coverage policy;
- Any Workers' Compensation or disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners' medical payments coverage or premises or homeowners' insurance coverage; and
- Any other payments from a source intended to compensate an Injured Person for injuries resulting from an accident or alleged negligence.

This section more fully describes the Plan's subrogation and reimbursement rights.

"Injured Person" under this section means a Member covered by the Plan who sustains an injury or illness and any spouse, dependent or other person or entity that may recover on behalf of such Member, including the estate of the Member and, if the Member is a minor, the guardian or parent of the Member. When referred to in this section, "the Plan's Medical Expenses" means the expenses incurred and the value of the benefits provided by the Plan for arranging the care or treatment of the injury or illness sustained by the Injured Person.

If the Injured Person's injuries were caused by a third-party giving rise to a claim of legal liability against the third party and/or payment by the third party to the Injured Person and/or a settlement between the third party and the Injured Person, the Plan shall have the right to recover the Plan's Medical Expenses from any source

available to the Injured Person as a result of the events causing the injury. This right is commonly referred to as "subrogation." The Plan shall be subrogated to and may enforce all rights of the Injured Person to the full extent of the Plan's Medical Expenses.

By accepting benefits under this plan, the Injured Person also specifically acknowledges the Plan's right of reimbursement. This right of reimbursement attaches when this Plan has provided benefits for injuries or illnesses caused by another party and the Injured Person or the Injured Person's representative has recovered any amounts from a third party or any other source of recovery. The Plan's right of reimbursement is cumulative with and not exclusive of its subrogation right and the Plan may choose to exercise either or both rights of recovery.

In order to secure the Plan's recovery rights, the Injured Person agrees to assign the Plan any benefits or claims or rights of recovery they may have under any automobile policy or other coverage, to the full extent of the plan's subrogation and reimbursement claims. This assignment allows the Plan to pursue any claim the Injured Person may have, whether or not they choose to pursue the claim.

The Plan's subrogation and reimbursement rights shall be limited to the excess of the amount required to fully compensate the Injured Person for the loss sustained, including general damages.

If the Injured Person is entitled to or does receive money from any source as a result of the events causing the injury *or* illness, including but not limited to any liability insurance or uninsured/underinsured motorist funds, the Plan's Medical Expenses are secondary, not primary.

The Injured Person and their agents shall cooperate fully with the Plan in its efforts to collect the Plan's Medical Expenses. This cooperation includes, but is not limited to, supplying the Plan with information about the cause of injury or illness, any potentially liable third parties, defendants and/or insurers related to the Injured Person's claim. The Injured Person shall notify the Plan within 30 days of any claim that may give rise to a claim for subrogation or reimbursement. The Injured Person shall provide periodic updates about any facts that may impact the Plan's right to reimbursement or subrogation as requested by the Plan and shall inform the Plan of any settlement or other payments relating to the Injured Person's injury. The Injured Person and their agents shall permit the Plan, at the Plan's option, to associate with the Injured Person or to intervene in any legal, quasi-legal, agency or any other action or claim filed.

The Injured Person and their agents shall do nothing to prejudice the Plan's subrogation and reimbursement rights. The Injured Person shall promptly notify the Plan of any tentative settlement with a third party and shall not settle a claim without protecting the Plan's interest. The Injured Person shall provide 21 days advance notice to the Plan before there is a disbursement of proceeds from any settlement with a third party that may give rise to a claim for subrogation or reimbursement. If the Injured Person fails to cooperate fully with the Plan in recovery of the Plan's Medical Expenses, and such failure prejudices the Plan's subrogation and/or reimbursement rights, the Injured Person shall be responsible for directly reimbursing the Plan for 100% of the Plan's Medical Expenses.

To the extent that the Injured Person recovers funds from any source that in any manner relate to the injury or illness giving rise to the Plan's right of reimbursement or subrogation, the Injured Person agrees to hold such monies in trust or in a separate identifiable account until the Plan's subrogation and reimbursement rights are fully determined and that the Plan has an equitable lien over such monies to the full extent of the Plan's Medical Expenses and/or the Injured Person agrees to serve as constructive trustee over the monies to the extent of the Plan's Medical Expenses. In the event that such monies are not so held, the funds are recoverable even if they have been comingled with other assets, without the need to trace the source of the funds. Any party who distributes funds without regard to the Plan's rights of subrogation or reimbursement will be personally liable to the Plan for the amounts so distributed.

XIV. Plan Administration and Legal Rights

About your SPD
The information contained in this booklet, together with your certificates of coverage, certificates of insurance, open enrollment materials, and other explanatory materials constitutes your SPD. The SPD provides highlights of the health benefit plan, (the "Plan"), by City of Seattle —the employer and plan sponsor. The SPD does not create a contract of employment.

Amendment or termination of plan
City of Seattle, the Plan sponsor, reserves the right to change, suspend or discontinue the Plan in whole or in part at any time, and doesn't promise to continue any specific level of benefits during or after employment, including during retirement.

Authority of plan administrator
City of Seattle is the plan administrator of the Plan. City of Seattle, as plan administrator, has the sole discretionary authority to interpret the Plan and determine eligibility with respect to non-insured benefits, determine the amount of non-insured benefits payable under the Plan, make any related findings of fact, and resolve any ambiguities that may exist between the SPD and the plan documents. All such decisions by the plan administrator will be final and binding on participants and beneficiaries to the fullest extent permitted by law.

Rights of recovery
Benefits under the medical plan are available to cover services or supplies necessary due to illness or injury for which a third party is liable because of negligent or wrongful acts or omissions, subject to the exclusions, limitations and conditions of the plans, including rights related to reimbursement and subrogation.

Reimbursement
If you receive payment as compensation for any condition or injury caused by a third party, the plan has the right to seek reimbursement for any benefits the plan may have paid or provided for that condition or injury. In some cases, the plan may reserve the right to recover the actual amount of reimbursement received; in others, the reasonable value of the reimbursement. (Check with the individual claim administrators for details.)

Notice of privacy practices
This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Review it carefully.

The City of Seattle Group Health Plan (the "Plan") is an employee benefits plan that provides welfare (non-pension) benefits to eligible staff members and their spouses, domestic partners and dependents. Notice of Rights Under the Newborns' and Mothers' Health Protection Act of 1996
Under federal law, group health plans and benefits such as the Plan's health benefits generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, group health plans may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier. Also, under federal law, plans may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay. In addition, a plan may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may under federal law be required to obtain preauthorization before going into a hospital for these services or any other type of services under group health plan coverage.
