8.2 An employee who is eligible for vacation benefits shall accrue vacation from the date of entering City service or the date upon which he/she became eligible and may accumulate a vacation balance which shall never exceed at any time two (2) times the number of annual vacation hours for which the employee is currently eligible. Accrual and accumulation of vacation time will cease at the time an employee's vacation balance reaches the maximum balance allowed and will not resume until the employee's vacation balance is below the maximum allowed.

8.3 Employees may, with Department approval, use accumulated vacation with pay after completing 1040 hours on regular pay status.

8.4 In the event that the City cancels an employee's already scheduled and approved vacation, leaving no time to reschedule such vacation before the employee's maximum balance will be reached, the employee's vacation balance will be permitted to exceed the allowable maximum and the employee will continue to accrue vacation for a period of up to three months if such exception is approved by both the department head and the Personnel Director in order to allow rescheduling of the employee's vacation. In such cases, the department head shall provide the Personnel Director with the circumstances and reasons leading to the need for such an extension. No extension of this grace period will be allowed.

8.5 "Service year" is defined as the period of time between an employee's date of hire and the one-year anniversary date of the employee's date of hire or the period of time between any two consecutive anniversaries of the employee's date of hire thereafter.

8.6 The minimum vacation allowance to be taken by an employee shall be one-half of a day, or at the discretion of the head of the department, such lesser amount as may be approved by the department head.

8.7 An employee who leaves City service for any reason after more than six (6) months service shall be paid in a lump sum for any unused vacation he/she has previously accrued. Upon the death of an employee in active service, such payment will be made to the estate of the deceased employee.

8.8 An employee who is granted an extended leave of absence which includes the next succeeding calendar year shall be paid in a lump sum for any vacation earned in the current year or, at the City's option, the employee shall be required to exhaust such vacation time before being separated from the payroll.

Where the terms of this section 8.8 are in conflict with Ordinance 116761 (family and medical leave) as it exists or may be hereafter modified, the ordinance shall apply.

8.9 An employee returning from military leave of absence, shall be given service credit for such service for purposes of determining the vacation accrual rate upon return to employment.

8.10 Where an employee has exhausted his/her sick leave balance, the employee may use vacation for further leave for medical reasons only with prior approval of the department head. In all other instances, employees must use all accrued vacation prior to beginning a leave of absence unless the leave of absence is granted to allow the employee to participate as a member of the Union's negotiating committee, relative to collective bargaining for the purpose of amending provisions of this Agreement.

Where the terms of this section 8.10 are in conflict with Ordinance 116761 (family and medical leave) as it exists or may be hereafter modified, the ordinance shall apply.

8.11 The department head shall arrange vacation time for employees on such schedules as will least interfere with the functions of the department but which accommodate the desires of the employees to the greatest degree feasible.

ARTICLE 9. SICK LEAVE

9.1 All employees in classifications covered by this Agreement will be allowed sick leave according to provisions of City Ordinance 88522 as amended by Ordinances 112088, 114648, 116761, 118703, 121029, 121440, 121454, and 121884.

9.3 Employees shall be entitled to use sick leave after 30 days of employment.

9.4 Unlimited sick leave credit may be accumulated. Upon retirement twenty-five percent (25%) of an employee's sick leave credit accumulation can be applied to the payment of health care premiums, or to a cash payment at the straight time rate of pay of such employee in effect on the day prior to his/her retirement.

9.4.1 Upon death of an employee, either by accident or natural causes, twenty-five percent (25%) of such employee's accumulated sick leave credits shall be paid to his/her designated beneficiary.

9.4.2 Cash payments of unused sick leave may be deferred for a period of one (1) year or less, providing the employee notifies the Department Personnel Office of his desires at the time of retirement. Requests for deferred cash payments of unused sick leave shall be made in writing.

9.5 Sick leave credit can be used for time off with pay, from the first work day of such absence, for bona fide cases of:

- Sickness or injury of an employee;
- Disability due to pregnancy and/or childbirth;
- Medical or dental appointments.

Sick leave credit may also be used for care of family members as required of the City by state law and/or for care of family members, including domestic partners, as defined and provided for by City of Seattle ordinance as cited above.

9.6 Sick leave shall be recorded as used on time sheets or other forms as may be required by the City. Any application for sick leave of over four (4) days' duration must be supported by a report of the employee's personal physician. All applications for sick leave must be approved by the City.

9.7 The employee shall promptly notify his immediate supervisor, by telephone or otherwise, on his first day off due to illness. If an employee is on a special work schedule, particularly where a relief replacement is necessary if he is absent, he/she shall notify his/her immediate supervisor as far as possible in advance of his scheduled time to report to work.

9.8 All employees while on sick leave shall make themselves available for such investigation, medical or otherwise, as may be ordered by the City Personnel Director or the Department. While on sick leave, the employee shall provide himself/herself with reasonable medical care and treatment.

9.9 Employees covered by this Agreement shall be allowed one day off without salary deduction for the purpose of attendance at the funeral of any close relative; provided, that where such attendance requires total travel of 200 miles or more, one additional day with pay shall be allowed; provided further, that the department head may, when circumstances require and upon

application stating the reasons therefore, authorize for such purpose not to exceed an additional four (4) days chargeable to the sick leave account of the employee, but no combination of paid absence under this Section shall exceed five (5) days for any one period of absence. In like circumstances and upon like application the department head may authorize for the purpose of attending the funeral of a relative other than a close relative, not to exceed five (5) days chargeable to the sick leave account of an employee. For purposes of this Section, the term "close relative" shall mean the spouse, child, mother, stepmother, father, stepfather, brother, sister, grandchild, grandfather or grandmother of the employee or spouse, and the term relative other than a "close relative" shall mean the uncle, aunt, cousin, niece or nephew of the employee, or the spouse of the brother or sister of the spouse of the employee.

13.9 Employees shall receive an amount not less than the equal of four (4) hours straight-time pay each time called out from their homes at times other than regular working hours (non-scheduled overtime). They shall be paid the regular overtime rates from the time they leave home until they return to their homes, except no pay shall be allowed while eating or sleeping; provided, however, that if employees are notified before leaving their regular daily work to report for duty after regular working hours (scheduled overtime), they shall be paid only from the time they report to headquarters until the time of their return to headquarters, but in any event not less than the equal of four (4) hours straight time pay.

13.10 Employees called for non-scheduled overtime duty less than four (4) hours before beginning of regular working hours, or their shift hours, shall be paid at the rate of double time (except intermission for meals) from the time they are called until the beginning of their regular working hours or shift hours. When such employees are required to work during the regular meal period, they shall receive the overtime rate of pay for such portion of the meal period as they work. The amount of time used from the regular eight (8) hour day, for the meal, shall then be deducted from the regular work day time in computing the day's compensation.

14.2 Employees notified either before end of regular shift hours, or at least twelve hours in advance of starting scheduled overtime, shall furnish their own meals for the first eight-hour

working schedule, the same as on a regular shift. The midshift meal shall ordinarily be scheduled not less than four nor more than six hours from the beginning of scheduled overtime work.

14.3 When an employee is specifically directed by the City to work two (2) hours or longer beyond the end of his/her normal eight (8) hour shift and the employee actually purchases a meal away from his/her place of residence as a result of such additional hours of work, the employee shall be reimbursed for the cost of such meal, up to a maximum amount equivalent to the current hourly rate of pay for Signal Electrician. In order to receive reimbursement, the employee must furnish a receipt for said meal, otherwise the employee shall be paid a maximum amount equivalent to fifty percent (50%) of the current hourly rate of pay for Signal Electrician in lieu of reimbursement for the meal.

14.4 Extension of Work Shift - (Emergency Overtime). When an employee is called out for emergency work prior to the breakfast period, the City shall provide such employee payment in lieu of breakfast in an amount equivalent to fifty percent (50%) of the current hourly rate of pay for Signal Electrician and, in addition, reimburse such employee for the cost of a lunch meal actually purchased up to a maximum amount equivalent to the current hourly rate of pay for Signal Electrician. The unemployment compensation will meet the following criteria:

15.1.1 Provide coverage for full-time regular employees who have completed one continuous year of service with the City immediately preceding layoff; provided, however, an employee who is

on authorized leave of absence during the year immediately prior to layoff shall be deemed in continuous employment immediately preceding such layoff for purposes of eligibility for unemployment compensation benefits as provided herein, but such leave time when taken without pay shall not be included in the computation of the one-year requirement.

15.1.2 Coverage will only apply to those employees who are laid off.

15.1.3 Employees who are receiving compensation under this program must provide evidence of actively seeking employment.

15.1.4 The weekly benefit will be the same as that of the State of Washington Unemployment Compensation Program, but shall be good for twenty-six (26) weeks only (no extended benefits).

15.2 Under no circumstances shall an employee be entitled to the City of Seattle unemployment compensation benefit while drawing a similar benefit from another source.

ARTICLE 16. UNION REPRESENTATIVES

16.1 The authorized representatives of the Union signatory to this Agreement shall be allowed admission to any job at any reasonable time for the purpose of investigating conditions existing on the job. Such authorized labor representatives shall confine their activities during such investigations to matters relating to this Agreement, and will first make their presence known to the management.

16.2 The Business Manager and/or Representative shall have the right to appoint a Steward at any shop or on any job where workmen are employed under the terms of this Agreement. The Steward shall see that the provisions of this Agreement are observed, and he shall be allowed reasonable time to perform these duties during regular working hours. The City shall be furnished with the names of Stewards so appointed. Under no circumstances shall the City dismiss or otherwise discriminate against an employee for making a complaint or giving evidence with respect to alleged violation of any provision of the Agreement.

ARTICLE 17 SAFETY AND HEALTH

17.1 All work shall be done in a competent and workmanlike manner, and in accordance with the State of Washington Safety Codes. Where higher standards are specified by the City standards as appropriate than those called for as a minimum by State Construction Code - then the City standards shall prevail.

17.2 It shall not be considered a violation of this Agreement for an employee to refuse to work with unsafe equipment, where adequate safeguards are not provided or when the facilities are not being maintained in a sanitary condition. An employee who is involved in such a work stoppage shall not be disciplined or suffer any loss of wages for such action if one of the three conditions as described above actually prevailed at the time of the work stoppage. Any questions regarding the merits of safe vs. unsafe conditions shall be judged pursuant to Section 17.1.

17.3 All employees in classifications whose work requires them to climb or use Man lift equipment, shall be instructed in pole-top rescue and resuscitation to become and remain proficient in its application.

17.4 All employees whose work requires them to work on elevated structures or in vaults, manholes and handholes shall be instructed in a system of rescue and resuscitation at least once a year in order to become and remain proficient in its application. A record of such training and individual performance shall be kept. When instructors of these rescue systems are selected from the Local 77 bargaining unit, they shall be compensated at their regular rates of pay when receiving CPR Instructor training.

17.5 All electrical employees shall be offered yearly first aid training.

17.6 Any employee who is disabled in the discharge of his/her duties and if such disablement results in absence from his/her regular duties, shall be compensated, except as otherwise hereinafter provided, in the amount of eighty percent (80%) of the employee's normal hourly rate of pay, not to exceed two hundred sixty-one (261) regularly scheduled workdays counted from the first regularly scheduled workday after the day of the on-the-job injury; provided the disability sustained must qualify the employee for benefits under State Industrial Insurance and Medical Aid Acts.

17.6.1 Whenever an employee is injured on the job and compelled to seek immediate medical treatment, the employee shall be compensated in full for the remaining part of the day of injury without effect to his/her sick leave or vacation account. Scheduled workdays falling within only the first three (3) calendar days following the day of injury shall be compensable through accrued sick leave. Any earned vacation may be used in a like manner after sick leave is exhausted, provided that, if neither accrued sick leave nor accrued vacation is available, the employee shall be placed on no pay status for these three (3) days. If the period of disability extends beyond fourteen (14) calendar days, then (1) any accrued sick leave or vacation leave utilized that results in absence from his/her regular duties (up to a maximum of eighty percent (80%) of the employee's normal hourly rate of pay per day) shall be reinstated by industrial insurance or (2) if no sick leave or vacation leave was available to the employee at that time, then the employee shall thereafter be compensated for the three (3) calendar days at the eighty percent (80%) compensation rate described in Section 17.6.

17.6.2 Such compensation shall be authorized by the Personnel Director or his/her designee with the advice of such employee's department head on request from the employee supported by satisfactory evidence of medical treatment of the illness or injury giving rise to such employee's claim for compensation under Seattle Municipal Code 4.44, as now or hereinafter amended.

17.6.3 Compensation for holidays and earned vacation falling within a period of absence due to such disability shall be at the normal rate of pay but such days shall not be considered as regularly scheduled workdays as applied to the time limitations set forth within Section 17.6. Disabled employees affected by the provisions of SMC 4.44 shall continue to accrue vacation and sick leave as though actively employed during the period set forth within Section 17.6.

17.6.4 Any employee eligible for the benefits provided by SMC 4.44 whose disability prevents him/her from performing his/her regular duties but in the judgment of his/her physician could perform duties of a less strenuous nature, shall be employed at his/her normal rate of pay in such other suitable duties as the department head shall direct, with the approval of such employee's physician until the Personnel Director requests closure of such employee's claim pursuant to SMC 4.44, as now or hereinafter amended.

17.6.5 Sick leave shall not be used for any disability herein described except as allowed in Section 17.6.1.

17.6.6 The afore-referenced disability compensation shall be understood to be in lieu of State Industrial Insurance Compensation and Medical Aid.

19.3 All employees who are required to use their own transportation on Department business shall be reimbursed at a rate to reflect the United States Internal Revenue Service cents per mile rate as announced in that year, or immediately prior thereto, for purposes of United States Income Tax deductions for use of a privately owned automobile for business purposes.

19.4 One (1) day emergency leave per Agreement year without loss of pay may be taken with approval of the employee's supervisor and/or department head when it is necessary that the employee be off work in the event of a serious illness or accident of a member of the immediate family, or an unforeseen occurrence with respect to the employee's household, either of which necessitates immediate action on the part of the employee. The "immediate family" is limited to the spouse, domestic partner, children and parents of the employee. The "household" is defined as the physical aspects of the employee's residence.

19.5 The employees covered by this Agreement may examine their Departmental Personnel File in the Department Personnel Office in the presence of the Personnel Officer or a designee. Employees who disagree with material included in their Personnel file are permitted to insert a statement relating to the disagreement in their Personnel File.

20.3 When an employee is transferred to any position in which he/she has had no previous experience, he/she shall be given a reasonable break-in period with an experienced employee in that position.

20.4 All employees working on poles, towers, or suspense-type platforms seventy-five (75) feet above ground or higher shall receive additional compensation while actually working at these heights. This additional compensation shall be at the straight-time rate in addition to the normal rate in effect at the time the work is being performed. This rule shall not apply when employees are working on the roofs of buildings where no exceptional hazard exists.

20.5 Employees shall not be required to report before or after their regular work periods for the purpose of picking up vehicles or materials.

20.6 Employees shall not be required to attend meetings called by the City except during the regular working hours.

20.7 Headquarters shall be where adequate toilet, washrooms, lunchroom, and locker facilities are available to accommodate personnel assigned thereto, and where their tools and clothing may be kept in a safe, dry, and warm place.

20.8 Travel from headquarters to job locations and back to headquarters shall be part of the employee's work time, and any transportation necessary shall be provided by the City.
