2	Eligibility	I'm curious if you have a map defining these areas. We do weekend hunger bags in many schools, but I would need to cross reference the school addresses with these area definitions.	The City of Seattle identifies focus neighborhoods by the following zip codes: <ul style="list-style-type: none"><li>• <b>Delridge:</b> 98106, 98126<sup>1</sup></li><li>• <b>Georgetown:</b> 98108<sup>2</sup></li><li>• <b>South Park:</b> 98106, 98108<sup>3</sup></li></ul>	2/19/20
3	Funding	Do you have an idea of the amount awarded per project?	No there is not a predetermined award amount for each project. Agencies are encouraged to submit proposals that reflect best practice and community needs. Total funding available is listed on the <a href="#">Guidelines and Application</a> .	2/24/20

4	HSD Theory of Change/Performance Measures	The performance measures – are you looking for that prior to application as well? As a baseline? Or is that something the recipient will implement if they get the grant?	In their proposals, agencies should project what they think their organization can achieve and what their team can feasibly measure. Each awarded agency will receive a contract which includes performance measures. The awarded agency will negotiate the contract and finalize its performance measures with a HSD grants and contract monitor.	2/28/20
5	Data	In order to determine the need to get this funding out into these communities did you have metrics that informed decision making? Are they public?	Yes, the Geographic Specific Food Bank RFP is informed by various sources. Key sources include the <a href="#">Healthy Food Availability &amp; Food Bank Network Report</a> , the Seattle “Best Starts for Kids Survey,” and the Seattle Shopping and Wellness Survey.	2/28/20
