June 29, 2015

The Honorable Mayor and
Members of the City Council:

I am pleased to submit to you the 2014 Comprehensive Annual Financial Report (CAFR) of the City of Seattle, Washington. The Department of Finance and Administrative Services prepared this report to present the financial position of the City of Seattle as of December 31, 2014. In addition, the CAFR describes the results of its operations, the cash flows of its proprietary fund types, and changes in plan net position of its pension and private-purpose trust funds for the year then ended. The financial statements and supporting schedules have been prepared in accordance with generally accepted accounting principles and meet the requirements of the State Auditor and the City Charter.

Washington State law requires an annual audit of the City of Seattle's (the City's) financial statements by the independently elected State Auditor. The State Auditor conducts his examination in accordance with generally accepted auditing standards and provides an independent assessment that helps assure fair presentation of the City's financial position, results of operations, the cash flows of its proprietary fund types, and changes in plan net position of its pension and private-purpose trust funds. In addition to the opinion on the City's financial statements, included in this report, the State Auditor also issues separate reports on internal control and compliance with laws and regulations that meet the requirements of the Single Audit Act and related OMB Circular A-133. These reports are available in the City's separately issued Single Audit Report.

The accuracy of the City's financial statements and the completeness and fairness of their presentation is the responsibility of the City's management staff. The City maintains a system of internal accounting controls designed to provide reasonable assurance that assets are safeguarded against loss or unauthorized use, and that financial records can be relied upon to produce financial statements in accordance with generally accepted accounting principles. The concept of reasonable assurance recognizes that the cost of maintaining the system of internal accounting controls should not exceed benefits likely to be derived.

Management's discussion and analysis (MD&A) immediately follows the State Auditor's report. It provides a summary and assessment of the City's most important financial developments to accompany the financial statements. This letter of transmittal complements the MD&A and should be read in conjunction with it.

PROFILE OF THE GOVERNMENT

The City of Seattle was incorporated on December 2, 1869. The City operates under a City Charter adopted on March 12, 1946 and last amended by the voters on November 5, 2013, providing for a nonpartisan Mayor-Council form of government. The City Council is currently composed of nine members, with all nine positions elected at large. The City Charter was amended in 2013 to modify the

composition of the City Council and in 2015 will have positions 1 through 7 elected by districts and positions 8 and 9 elected from the City at large. The City provides the full range of municipal services authorized by its charter and operates four rate-funded utilities.

The City of Seattle is a primary government for financial reporting purposes. Its governing body is elected by the citizens in a general, popular election. The CAFR includes financial summaries for all organizations and activities for which elected City officials exercise financial accountability. Certain organizations created by or related to the City, for which the City is not financially accountable, have been excluded from this report. A joint venture, component units, and contingent liabilities, which exist from relationships with organizations created by the City, are included in this report. The notes to the financial statements further discuss the City as a financial reporting entity.

The City provides a full range of services. The City builds and repairs roads and maintains electric, water, solid waste, sewer and drainage services. It provides police and fire protection as well as judicial services. It administers land use policy, and takes an active role in commercial and industrial development and environmental protection. The City designs and maintains many parks and golf courses, coordinates recreation activities, maintains libraries, fosters neighborhood livability, and works to preserve a satisfactory living environment for both the community and individuals.

BUDGETS AND BUDGETARY ACCOUNTING

The City Council approves the City's operating budget and two separate but related fiscal plans: the Capital Improvement Program (CIP) plan and the Community Development Block Grant (CDBG) program allocation.

The operating budget is proposed by the Mayor and adopted by the City Council at least 30 days before the beginning of the fiscal year. The budget allocates available resources on an annual basis between the City's programs and ordains financial transactions that support the allocations and related financing decisions. Appropriations in the budget are valid for a single fiscal year except for appropriations that support capital projects, grants, or endowments. The budget also ordains changes to employee positions by department.

The CIP plan is proposed by the Mayor and adopted by the City Council at least 30 days before the beginning of the fiscal year. The CIP is a six-year plan for capital project expenditures and anticipated financing by funding source. It is revised and extended annually. The City Council adopts the CIP as a planning document and appropriates the multi-year expenditures identified in the CIP through the adoption of the annual budget or subsequent supplemental budgets. The CIP is consistent with the City's Comprehensive Plan and includes information required by the State's Growth Management Act.

The CDBG planning process allocates the annual grant awarded by the federal government to City departments and non-City organizations. Although this federally funded program has unique timetables and requirements, the City coordinates it with the annual budget and CIP processes to improve preparation and budget allocation decisions and streamline budget execution.

The Adopted Budget makes appropriations for operating and capital expenses at the budget control level within the departments. Grant-funded activities are controlled as prescribed by law and federal or state regulations.

NATIONAL AND LOCAL ECONOMY

U.S. Economy Recoveries from recessions caused by financial crises tend to be weak and protracted. The recovery from the Great Recession, which is now in its 6th year, has not been an exception. Growth has been sluggish when compared with most other recoveries, though the economy has been looking healthier in recent months. By many measures 2014 has been the strongest year of the recovery. More jobs were created in 2014 than in any year since 1999, and consumer sentiment steadily improved over the course of the year, reaching pre-recession levels by year-end. Real GDP declined in first quarter of 2014, in part because of unusually cold winter weather in much of the nation, but then grew at an average rate of 4.0 percent over the year's final three quarters.

The strong growth in the second through fourth quarters of 2014 was led by strong hiring, business investment, and consumer spending, which was supported by lower debt burdens, rising stock and housing prices, and falling energy prices. Also supporting growth was the winding down of fiscal austerity, i.e., spending cuts and tax increases by federal, state, and local governments. Somewhat offsetting these positive developments were the rise in the value of the dollar during the second half of the year. While a stronger dollar benefits consumers, it hurts exporters by making their products more costly, and forces domestic firms to compete with lower priced imports. In addition, the decline in energy prices has caused a slowdown of growth and investment in areas of the nation that produce oil and natural gas.

The economy still has areas of weakness, including wage growth, which is just keeping up with inflation, and housing. Housing prices have been rising, which has lifted many homeowners above water, but construction and sales continue to recover slowly. Sales were supported by investors in 2012 and early 2013, but as prices have risen investors have retreated. Households have been slow to enter the market for a variety of reasons, including the difficulty of qualifying for loans and disillusionment with homeownership.

Looking to the future, economists expect growth to pick up in 2015, aided by stronger wage growth, a strengthening housing recovery, and low energy prices. Solid growth is also forecast for 2016 and 2017, with GDP expected to grow in the 2½ - 3 percent range. Risks to this relatively optimistic forecast come largely from outside of the U.S. They include a slowing of growth and possible financial crisis in China, continued weakness in the Eurozone, political turmoil in oil exporting countries, and an escalation of the confrontation with Russia over the Ukraine.

Seattle Metro Area Economy: The Seattle metro area has rebounded from the recession at a much quicker pace than the nation as a whole. Through February 2015, Seattle metro area (King and Snohomish Counties) employment was up 14.2 percent from its post-recession low in February 2010, compared to an 8.8 percent gain in U.S. employment over the same period. Areas of strength during the recovery have included aerospace, professional, scientific, and technical services, health services, and mail order and internet retail.

Aerospace provided a big lift to the local economy during the early stages of the recovery, adding 14,000 jobs in 2011 and 2012. However, aerospace employment peaked in November 2012 and has declined by 3,300 jobs since then. Despite this modest drop in employment, in 2014 the Boeing Company, the region's largest employer, delivered a record 723 jets and booked orders for 1,432 new planes. At the end of 2014 Boeing had a backlog of over 5,000 planes on order.

Thus far during the recovery, the city of Seattle has been one of the fastest growing areas in the Puget Sound Region, in part because of a surge in construction focused in multi-family housing and office space. The construction boom generated a 28.7 percent increase in sales tax revenue from construction activity in 2012 and gains of 9.3 percent and 17.2 percent in 2013 and 2014, respectively. A key driver of

recent growth in Seattle, including the growth in construction activity, has been Amazon, which has been hiring aggressively since the Great Recession ended. Amazon currently leases or owns about 4.2 million square feet of office space in Seattle's South Lake Union neighborhood. It is currently building two of three proposed 1.1 million square foot office towers.

With the recent upturn in aerospace employment now behind us, regional employment growth is predicted to slow going forward, and 2014 is likely to be the peak year for employment growth (at 3.0 percent) during the current cycle. The Puget Sound Economic Forecaster predicts that employment growth will average a modest 1.7 percent per year over the next five years. Personal income growth is forecast to range between five and six percent, which is approximately three percent per year faster than the rate of inflation.

General Subfund: In 2014, general government revenues and other financing sources for the General Subfund totaled approximately \$1.045 million. General Subfund revenues and other financing sources are projected to rise to \$1.050 million in 2015 and \$1.093 million in 2016. These figures are from the April 2015 revenue forecast.

In 2014 total Seattle tax revenue increased by 6.9 percent from 2013 levels. Revenue growth was strongest for the retail sales tax, which posted a 10.1 percent gain in 2014, led by construction, business and professional services, and accommodation and food services. The B&O tax also had a strong year, with an 8.7 percent gain. Growth was weaker for the property tax (3.8 percent) and utility taxes (2.7 percent). Tax revenue growth is expected to fall to 3.6 percent in 2015 as retail sales and B&O tax growth rates drop to the 6 – 7 percent range and property and utility tax growth rates decline from 2014 levels. In 2016, tax revenue is forecast to increase by 4.4 percent.

INITIATIVES

The 2015-2016 Adopted Budgets included a total of more than \$4 billion in annual appropriations, of which \$1.049 billion in 2015 and \$1.068 billion in 2016 year was for the General Fund.

Healthy reserve funds are an essential tool in creating financial stability for the City. It allows the City to preserve services in times of an unexpected revenue contraction, and helps protect the City's high bond rating, which helps keep the City's borrowing costs low. The City maintains two large reserves to help address potential financial stresses on the General Fund: the Revenue Stabilization Account, and the Emergency Subfund.

The Revenue Stabilization Account (RSA), better known as the Rainy Day Fund, buffers the General Fund from unanticipated shortfalls in revenue. By adopted policy, 0.5 percent of General Fund tax revenues are directed into the RSA fund each year, until it reaches a maximum amount established as 5 percent of this same revenue stream. RSA's financial policies facilitated the rebuilding of the reserve fund balance from a low of \$10.5 million in 2010 to \$41.4 million reported at year end 2014.

The City's other large reserve, the Emergency Subfund (ESF), protects the General Fund from the risks of significant and unanticipated expenditures, such as recovery from a major natural disaster. By state law, the City can maintain the equivalent of up to 37.5 cents per \$1,000 of assessed property values in the ESF. As the local economy has recovered, real estate values have increased rather rapidly, and as a result, so has the limit on the ESF balance. At the end of 2014 the City's Emergency Subfund's balance reported \$48.6 million.

The 2015 Adopted and 2016 Endorsed Budget does not anticipate using these reserve resources and continues to fully fund the RSA and ESF at the maximum statutory-authorized. For 2015, the RSA's

fund balance is projected to reach \$44.8 million, and the ESF's fund balance is estimated to grow to \$53.0 million. Both fiscal reserve funds are at record levels for the City.

Beginning in 2015, Office of Civil Rights (OCR) will house the newly created City of Seattle Office of Labor Standards, which will centralize outreach and enforcement of City ordinances addressing labor standards and coordinate with current enforcement staff on shared-jurisdiction claims and cases. The main work program of the Office of Labor Standards includes the Paid Sick and Safe Time Ordinance, the Job Assistance Ordinance, the \$15 Minimum Wage Ordinance, and the Wage Theft Ordinances. For 2015 the office's work will focus primarily on education and outreach for both employers and employees.

In August 2014, the voters of Seattle passed a ballot measure creating the Seattle Metropolitan Park District. State statute authorizes the park district to levy and impose various taxes and fees to generate revenues to maintain, operate and improve parks, community centers, pools, and other recreation facilities and programs. The park district's taxing authority does not begin until January 1, 2016. As a result, in 2015 park district programs will be funded through a \$10 million loan from the City. This 'bridge year' will be paid back by subsequent park district revenues. Beginning in 2016, the park district is projected to collect \$48 million a year that will support Parks operations and capital projects.

The 2015-2016 Adopted Budget creates the new Department of Education and Early Learning (DEEL). To create the new department, the adopted budget transfers all programs currently administered by the Office for Education (OFE), located in the Department of Neighborhoods (DON) and the Education Support Levy, to the new DEEL. Additionally, the budget transfers a number of programs related to early education, child health and childcare from the Human Services Department (HSD).

In November 2014, voters of Seattle approved a four-year, \$58 million Seattle Preschool Services Levy. The levy funds the demonstration phase of Seattle Preschool Program (SPP) which aims to serve 2,000 children in 100 classrooms by 2018. Like the 2011 Families and Education Levy, SPP funds are now administered by newly created Department of Education and Early Learning. For 2015 the Preschool levy is projected to generate \$4.8 million in additional tax resources, and increase to \$8.4 million in 2016.

Voters approved Proposition 1 in the November 2014 election that will expand Metro service in Seattle starting in 2015. The additional service will focus on reducing overcrowding, increasing frequency and reducing unreliability. These services are supported by a \$60 increase in vehicle license fees, and 0.1 percent increase in the sales tax rate collected. The funding measure is expected to raise \$45 million a year for six years.

The 2006 \$365 million voter-approved Bridging the Gap Levy (BTG) expires at the end of 2015 and reduces \$41 million in transportation support for 2016. The 2015-2016 Adopted Budget begins to set the foundation for discussion about future transportation funding needs. The budget provides SDOT with \$40.6 million in General Funds and \$388.8 million from other funding sources in 2015. Collectively, this represents a \$20.7 million (5.0 percent) increase relative to the 2014 Adopted Budget. In 2016, the endorsed budget is \$45.2 million in General Funds and \$296.9 million from other funding sources - a \$66.6 million drop from 2014 Adopted Budget level (16.3 percent reduction).

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Seattle for its comprehensive annual financial report for the fiscal year ended December 31, 2012. The Certificate of

Achievement is a prestigious national award recognizing conformance with the highest standards for the preparation of state and local government financial reports.

I would like to express my appreciation to the entire staff of Citywide Accounting Services, other members of the Department of Finance and Administrative Services, and other City departments who contributed to the preparation of this report. Finally, I thank you for your interest and continuing support in planning and conducting the City's financial operations in a responsible manner.

Sincerely,

A handwritten signature in black ink, appearing to read "Glen M. Lee". The signature is fluid and cursive, with the first name "Glen" and middle initial "M." being more distinct than the last name "Lee".

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

June 29, 2015

Mayor and City Council
City of Seattle
Seattle, Washington

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate discretely presented component units and remaining fund information of the City of Seattle, King County, Washington, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of:

- The Light Fund, Water Fund, Drainage and Wastewater Fund, and Solid Waste Fund, which are major funds that collectively represent 99 percent, 99 percent, and 97 percent, respectively, of the assets and deferred outflows, net position, and revenues of the business-type activities.
- The Seattle City Employees' Retirement System, which represents 64 percent, 75 percent, and 22 percent, respectively, of the assets and deferred outflows, net position, and revenues of the aggregate discretely presented component units and remaining fund information.

Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for the Light, Water, Drainage and Wastewater, and Solid Waste funds and the Seattle City Employees' Retirement System, are based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Water, Drainage and Wastewater, and Solid Waste funds and the Seattle City Employees' Retirement System were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate discretely presented component units and remaining fund information of the City of Seattle, King County, Washington, as of December 31, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Matters of Emphasis

As described in Note 1, during the year ended December 31, 2014, the City has implemented the Governmental Accounting Standards Board Statement No. 67, *Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25*, Statement No. 69, *Government Combinations and Disposals of Government Operations* and Statement No. 70, *Nonexchange Financial Guarantees*. Our opinion is not modified with respect to this matter.

Other Matters

Report on Summarized Comparative Information

The financial statements include partial prior year comparative information. Such information does not include all of the information required for a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the City's financial statements for the year ended December 31, 2013, from which such partial information was derived.

We and other auditors have previously audited the City's 2013 financial statements and, based on our audit and the reports of the other auditors, we expressed unmodified opinions on the respective financial

statements of the governmental activities, business-type activities, each major fund, and the aggregately discretely presented component units and remaining fund information in our report dated June 26, 2014. In our opinion, the summarized comparative information for the governmental activities and governmental funds presented herein as of and for the year ended December 31, 2013, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 9 through 29, budgetary comparison information on pages 157 through 160 and pension trust fund information on pages 161 through 163 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying information listed as combining and individual fund and other supplementary information on pages 167 through 254 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. This information has been subjected to auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The information identified in the table of contents as the Introduction and Statistics Sections is presented for purposes of additional analysis and is not a required part of the basic financial statements of the City. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we will also issue our report dated June 29, 2015, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report will be issued under separate cover in the City's Single Audit Report. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results

of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Sincerely,

A handwritten signature in black ink that reads "Jan M. Jutte". The signature is written in a cursive style with a large initial "J" and "M".

JAN M. JUTTE, CPA, CGFM

ACTING STATE AUDITOR

OLYMPIA, WA

Management's Discussion and Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Seattle (City) presents this Management's Discussion and Analysis (MD&A) of its financial activities for the fiscal year ended December 31, 2014. This discussion and analysis focuses on significant financial issues, provides an overview of the City's financial activity, highlights significant changes in the City's financial position, and identifies material variances between the approved budget and actual spending.

The City encourages readers to consider the information presented here in conjunction with additional information provided in its letter of transmittal.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is an introduction to the City of Seattle's basic financial statements which consist of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements provide a broad overview of the City's finances in a manner similar to that of private-sector business.

The Statement of Net Position presents information on all City assets, deferred outflows of resources, liabilities, deferred inflows of resources, with the difference between these elements reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of the City's financial health.

The Statement of Activities presents changes in net position during the current reporting period. All changes to net position are reported as of the date of the underlying event, rather than when cash is received or disbursed. Thus, some reported revenues and expenses result in cash flows in future periods. The Statement of Activities focuses on both the gross and the net cost of the various activities of the City. The report summarizes and simplifies analysis of the revenues and expenses of the various City activities and the degree to which activities are subsidized by general revenues.

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental functions of the City include general government activities, judicial activities, public safety, physical environment, transportation, economic environment, health and human services, and culture and recreation. The business-type activities of the City include an electric utility, a water utility, a waste disposal utility, a sewer and drainage utility, operations of regulatory and long-range planning and enforcement of policies and codes that include construction and land use, and parking facilities.

Fund Financial Statements

A fund is a group of related accounts used to maintain control over resources that are segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. There are three categories of City funds: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are reported in the governmental funds. These statements, however, focus on near-term inflows and outflows of spendable resources, as well as fund balances at the end of the fiscal year. Such information may be useful in assessing the City's near-term financing requirements.

Readers may better understand the long-term impact of the government's near-term financing decisions by comparing the information presented for the governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the governmental funds Balance Sheet and the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate the comparison.

The City maintains numerous governmental funds that are organized according to type (general, special revenue, debt service, capital projects, and permanent funds). Information for the three major governmental funds is presented separately in the governmental funds Balance Sheet and the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances; information for the nonmajor funds is presented in the aggregate. The City's major governmental funds are the General Fund, Transportation Fund, and Low-Income Housing Fund. Information for each of the nonmajor governmental funds is provided in the combining statements in this report.

Proprietary funds account for services for which the City charges outside customers and internal City departments. Proprietary funds provide the same information as shown in the government-wide financial statements, only in more detail. The City maintains the following two types of proprietary funds.

- Enterprise funds report the same functions presented as business-type activities in the government-wide financial statements. The proprietary funds financial statements provide separate information for the Seattle City Light Fund, Water Fund, Drainage and Wastewater Fund, and Solid Waste Fund, which are considered to be major enterprise funds. Information for nonmajor enterprise funds is presented in the aggregate. Information for each of the nonmajor enterprise funds is provided in the combining statements in this report.
- Internal service funds report activities that provide supplies and services for various City programs and activities. The City uses internal service funds to account for its finance and administrative services and information technology services. Because these services largely benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements. The internal service funds are combined into a single aggregated presentation in the proprietary funds financial statements. Information for each of the internal service funds is provided in the combining statements in this report.

Proprietary fund statements follow the governmental fund statements in this report.

Fiduciary funds account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support City programs. The accounting used for fiduciary funds is similar to that used for proprietary funds. The City's fiduciary funds include the Employees' Retirement Fund, the Firemen's Pension Fund, the Police Relief and Pension Fund, the S. L. Denny Private-Purpose Trust Fund, and various agency funds.

Notes to the Financial Statements

The notes to the financial statements are an integral part of the financial statements. They provide additional disclosures that are essential to a full understanding of the information provided in the government-wide and fund financial statements. The notes to the financial statements immediately follow the basic financial statements in this report.

Required Supplementary Information

This report also contains other required supplementary information (RSI) on budgetary comparisons for major governmental funds and pension plan funding.

Combining Statements

The combining statements referred to earlier in connection with the nonmajor governmental and enterprise funds, internal service funds, and fiduciary funds are presented immediately following the required supplementary information.

Statistical Information

The statistical section provides financial statement users with additional historical perspective, context, and detail for them to use in evaluating the information contained within the financial statements, notes to the financial statements, and the required supplementary information with the goal of providing the user with a better understanding of the City's economic condition.

FINANCIAL HIGHLIGHTS

- At the end of fiscal year 2014 the City's net position totaled \$5.583 billion, with governmental activities accounting for 63.1 percent and business-type activities 36.9 percent, approximately a 2 to 1 ratio.
- Net investment in capital assets, net of depreciation and related debt, accounts for 86.7 percent, \$4.839 billion, of the City's total net position. In one year the value of the City's capital assets grew 10.0 percent, \$440.5 million. Of these assets the City's governmental activities controls \$3.089 billion, with the remaining \$1.750 billion supporting business-type activities.
- The City's remaining net position, 13.3 percent, is available to meet the City's ongoing obligations to citizens and creditors. This balance of restricted and unrestricted net position lost (10.2) percent of its value during 2014, decreasing \$(84.9) million to end the year at \$744.0 million. The City's governmental activities were the primary factor driving this change, accounting for 76.0 percent of the total decrease. At the end of 2014 the governmental activities reported a \$(16.4) million deficit in the unrestricted balance.
- During 2014 the positive change in City's net position totaled \$355.7 million, leading to a 6.8 percent increase over 2013's ending net position of \$5.227 billion. Governmental activities contributed \$134.3 million, 37.8 percent of the change, while the net position of business-type activities account for the remaining two thirds change, \$221.3 million in 2014.
- The City's governmental funds reported a combined ending fund balance of \$679.6 million for 2014, a reduction of (3.9) percent from the prior year's balance of \$707.3 million. The \$(27.7) million decrease in governmental fund balance reported for 2014 is a significant change from 2013 when governmental funds contributed \$68.9 million to the fund balance.
- Of the total decrease in 2014's governmental fund balance, 82.5 percent directly impacted the unassigned fund balance available for all purpose spending. 2014 reported \$75.3 million of unassigned fund, (23.3) percent lower than 2013's reported balance, a reduction of \$(22.9) million.
- Approximately 65.8 percent of the governmental fund balances is externally restricted for specific purposes. During 2014 the level of restrictions on the governmental fund balances fell by \$(12.0) million, reporting a year-end balance of \$446.9 million, a (2.60) percent decrease from 2013.
- Governmental fund balances reported two reservations with year over year growth. At the end of 2014 \$15.6 million is assigned for specific purposes by City's management, a 20.3 percent change over the \$13.0 million balance reported in 2013. The total amount committed by City Council is \$137.1 million, a 3.1 percent change over the \$133.0 million reported within the governmental fund balances from the prior year.
- The City's governmental funds generated revenues totaling \$1.750 billion in the fiscal year ended December 31, 2014, an increase of approximately \$104.3 million, 6.34 percent, from the prior year's balance of \$1.645 billion. Expenditures in governmental funds amounted to \$1.828 billion, an increase of approximately \$125.2 million, 7.35 percent, compared to \$1.703 billion in 2013. In the aggregate, expenditures for governmental funds exceeded revenues by approximately \$(78.7) million. The City's General Fund reported an excess of revenues over expenditures totaling \$263.3 million, while the other major and nonmajor governmental funds reported a deficiency of revenues totaling \$(341.9) million.
- During the year, general obligation bonded debt for limited tax (LTGO) and unlimited tax (UTGO) bonds were issued to finance the City's various capital improvement projects. At the end of the fiscal year 2014 the City had \$4.416 billion in outstanding bonded debt that included general obligation and revenue bonds, compared to \$4.259 billion in 2013. This represents an increase of approximately \$156.7 million, 3.7 percent.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve as a useful indicator of a government's financial position. Table A-1 is a condensed version of the statement of net position for the City of Seattle. At the close of the current fiscal year the City's total net position was \$5.583 billion.

Statement of Net Position

Table A-1

CONDENSED STATEMENT OF NET POSITION (In Thousands)

Total Assets	4,898,602	4,716,384	6,501,933	6,057,145	11,400,535	10,773,529
DEFERRED OUTFLOWS OF RESOURCES	456,252	436,014	47,858	52,371	504,110	488,385
LIABILITIES						
Current Liabilities	308,485	300,907	411,184	388,086	719,669	688,993
Noncurrent Liabilities	1,059,202	1,017,856	3,921,491	3,755,471	4,980,693	4,773,327
Total Liabilities	1,367,687	1,318,763	4,332,675	4,143,557	5,700,362	5,462,320
DEFERRED INFLOWS OF RESOURCES	466,094	446,877	155,157	125,336	621,251	572,213
NET POSITION						
Net Investment in Capital Assets	3,088,501	2,889,659	1,750,495	1,508,831	4,838,996	4,398,490
Restricted	448,935	460,885	58,039	57,404	506,974	518,289
Unrestricted	(16,363)	36,212	253,427	274,387	237,064	310,599
Total Net Position	\$ 3,521,073	\$ 3,386,756	\$ 2,061,961	\$ 1,840,622	\$ 5,583,034	\$ 5,227,378

The largest portion of the City's net position, 86.7 percent, reflects an investment of \$4.839 billion in capital assets, such as land, buildings, and equipment, less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, the resources needed to repay the debt must be provided from other funding sources, as capital assets cannot be used to liquidate these liabilities.

An additional portion of the City's net position, \$507.0 million, 9.1 percent, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$237.1 million, 4.3 percent, may be used to meet the government's obligation to citizens and creditors.

The net position for the business-type activities increased 12.0 percent between 2013 and 2014, from \$1.841 billion to \$2.062 billion. The increase in net position is attributed primarily to the performance of the City Light Utility, which accounted for 54.82 percent, or \$121.3 million of the total \$221.3 million change in net position for business-type activities.

Analysis of Changes in Net Position

In 2014 the City's total net position increased by \$355.7 million, 6.8 percent. The increase is explained in the following discussion of governmental and business-type activities.

Governmental Activities

REVENUES BY SOURCE - GOVERNMENTAL ACTIVITIES

Total \$1,682.1 Million

Governmental Activities. The charts on the previous page present the City’s governmental expenses and revenues by function and its revenue by source.

Revenues reported at the citywide level were up 4.1 percent year over year, totaling \$3.441 billion in 2014. Out of the \$135.5 million of additional revenues reported in 2014, the City’s governmental activities accounted for 53.5 percent of the change. The following table lists the general revenues ranked by the size of their 2014 collections, and highlights the change in general revenues between the 2013 and 2014 financial statements.

2014 Rank	General Tax Revenues	Amount (In Millions)	Percent of Change	Amount of Change (In Millions)
1	Property Taxes	\$ 431.5	1.8%	\$ 7.5
2	Business Taxes	431.4	5.5	22.5
3	Sales Taxes	199.7	10.2	18.6
4	Other Taxes	16.8	49.2	5.5
5	Excise Taxes	65.4	6.2	3.8

The City’s tax revenues continue to provide the most significant source of revenue for governmental activities, with property, sales and business tax contributing 91.4 percent of all general revenues, and 63.2 percent of the governmental activities general and program revenue combined. The year over year growth in these three tax streams was 4.8 percent or \$48.6 million, and contributed 85.8 percent of the total revenue growth in governmental activities. Other taxes recorded by the City contributed \$9.9 million to the increase in revenues from governmental activities, 12.9 percent more than reported the previous year.

Direct program revenues collected supporting the City’s governmental activities were \$519.7 million, 33.8 percent of the total cost, with the remaining \$1.017 billion covered by the City’s general resources.

The City’s charges for services are the largest component of reported program revenues, and comprise 68.9 percent of program revenue generated by governmental activities. For governmental activities charges for services contribute 21.3 percent of total revenues, with year over year revenues collected for service charges up \$31.8 million, a 9.8 percent increase that raises the total service charge collection to 357.8 million.

Expenses reported at the citywide level were up 6.9 percent year over year, totaling 3.080 billion in 2014. Of the \$199.6 million increase in 2014’s expenses 80.3 percent can be attributed to the growth in expenses related to governmental-activities. Net program expenses for all functions within the City’s governmental activities totaled \$1.536 billion for 2014, a 11.6 percent increase over 2013’s costs of \$1.376 billion. The following table lists city functions/programs ranked by the size of their 2014 expenses, and highlights the growth in costs between the 2013 and 2014 financial statements.

2014 Rank	Citywide Function/Program	Amount (In Millions)	Percent of Change	Amount of Change (In Millions)
1	Public Safety	\$ 568.8	10.4%	\$ 53.7
2	Culture and Recreation	275.6	3.2	8.5
3	Transportation	222.2	34.1	56.5
4	General Government	189.0	17.4	28.0
5	Economic Environment	138.2	10.4	13.0
6	Health and Human Services	76.6	7.4	5.3

Within the City’s governmental activities expenses three functions were the primary driver in the year over year changes. Public safety expenses increased \$53.7 million, transportation increased \$56.4 million, and the general government function \$28.0 million. This accounts for 86.0 percent of the total increase in expenses for the City’s governmental activities.

The City’s largest governmental expense is the public safety function, totaling 18.5 percent of all citywide expenses and reaching a record level of \$568.8 million for 2014. The public safety function is 37.0 percent of the total expense in the City’s governmental activities, and more than double the costs of any other function with the next highest costs reported in culture and recreation at \$275.6 million.

The City’s overall capitalization of 2014’s expenses from the governmental funds was down (6.1) percent, from \$204.8 million to \$192.2 million. This reflects the net costs of depreciation \$115.0 million, and the additional operating assets and equipment, and changes in work in progress totaling 307.3 million.

Business-Type Activities

REVENUES BY SOURCE - BUSINESS-TYPE ACTIVITIES

Total \$1,758.8 Million

Business-Type Activities. At year end the City's net position for business-type activities was \$2.062 billion, a 12.0 percent increase totaling \$221.3 million. Of this amount \$8.2 million reflects the consolidation of internal service fund activities related to enterprise funds. Key factors for the change were as follows:

The City Light Utility realized a \$121.3 million increase in net position for 2014. A \$44.2 million increase in total operating revenues was primarily due to higher surplus energy available for sale and higher wholesale power prices. An increase in operating expenses of \$23.1 million was due to higher long-term purchased power expenses and higher operating costs related to transmission, conservation, administration, and depreciation. Investment income was higher by \$7.1 million due to favorable swing between years in unrealized fair value gains. Capital contributions and grants were lower by \$21.3 million due to lower in-kind contributions for various construction projects.

The Water Utility experienced an increase of \$31.5 million in net position for 2014. Operating revenues increased \$7.4 million mainly due to increases in direct service revenues; operating expenses increased \$7.9 million in 2014. Factors affecting this change included additional City utility taxes, depreciation and amortization, general, administrative, and utility systems management.

The Drainage and Wastewater Utility net position increased \$48.5 million in 2014. Operating revenues increased by \$8.2 million primarily due to rate increases in 2014 for drainage revenues. The increase was offset by a rise in operating expenses of \$9.1 million. The increase in operating expenses was attributed to several factors including an increase in King County's treatment rate, general, administrative, and City business and occupation taxes.

The Solid Waste Utility realized a net increase of \$1.9 million in net position in 2014. Operating revenues decreased by \$2.2 million mainly due to the rate stabilization fund. Operating expenses increased \$3.4 million. This increase was related to contractual solid waste collection costs and taxes paid to the City.

FINANCIAL ANALYSIS OF CITY FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of resources available for spending. This information is useful in assessing the City's financing requirements. In particular, unassigned fund balance measures the City's net resources available for all purpose spending at the end of the fiscal year. Governmental funds reported by the City include the General Fund, special revenue funds, debt service funds, capital project funds, and permanent funds.

For 2014 total governmental fund revenues totaled \$1.750 billion. Of this amount the General Fund contributed 66.3 percent, the City's major governmental funds (transportation and low income housing) generated 16.2 percent, and the combining other non-major governmental funds 17.4 percent. Taxes account for 65.7 percent of all governmental revenues. Taxes are recorded across the City's governmental funds although 80.6 percent of all taxes are collected within the General Fund.

The General Fund is the chief operating fund of the City. The Library Fund, previously reported as a special revenue fund, was determined to no longer meet the definition of a special revenue fund, as defined by GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. As a result, the Library Fund is now reported as part of the General Fund for the GAAP reporting. For comparability, all amounts presented for fiscal year 2013 and 2014 in this discussion and analysis reflect this change unless noted otherwise. Table A-4 provides a summary of activities for the general subfunds at year-end 2014. At the end of 2014 the total fund balance of the General Fund was \$317.1 million, an increase of \$8.2 million in 2013 compared to 2014.

Total revenues for the General Fund amounted to \$1.161 billion, an increase of \$62.6 million or 5.7 percent higher than 2013. The increase is mostly attributable to higher tax revenues, with collections growing at 6.9 percent for the General Fund, generating an additional \$59.5 million to raise total collections to \$926.0 million for 2014. In aggregate all other revenues recorded in the General Fund contributed \$234.8 million, support from these other revenues held constant year over year at 21.4 percent of total General Fund revenues.

Property tax is levied primarily on real estate owned by individuals and businesses. While stable in nature, state law limits growth in the amount of tax that a jurisdiction can collect but does allow for additional voter-approved levies. Initiative 747 and related state laws continue have continued to mute property tax growth as a result of the cap on property tax growth of 1.0 percent plus new construction. Strong growth in the assessed value of property, and newly constructed inventory continued to maintain the level of property tax collections for 2014.

Real Estate Excise Tax (REET) revenues, taxes collected on real estate transactions, contribute 81.6 percent of the City's total excise tax collections. The City's local real estate market continued to maintain strength in both the commercial and private sections, a 10.2 percent increase in 2014's REET revenues brought total collections to \$53.3 million in 2014. REET revenues are recorded within the City's Cumulative Reserve Subfund (CRS), and support many of the City's general government capital investments.

The business and occupation (B&O) tax is levied by the City on the gross receipts of most business activities occurring in Seattle. The City also levies a B&O tax on the gross income derived from sales of utility services within Seattle. Of the \$431.4 million collected, 46.9 percent is generated by taxes assessed on private business activities, with an additional 8.3 percent from commercial parking taxes and 1.9 percent from admission taxes. The City's utilities paid \$129.9 million in business taxes, of which Seattle City Light paid 34.9 percent, and Seattle Public Utilities paid 65.1 percent. Additional utility taxes totaling \$55.6 million were generated from gas, garbage, cable, telephone, and steam power service suppliers.

The retail sales and use tax is imposed on the sale of most goods and certain services in Seattle. The tax is collected and remitted to the state. The state provides the City with its share on a monthly basis. The City's local share of the sales tax accounts for 91.6 percent of all sales taxes, and year over year grew 10.2 percent to reach \$182.9 million. The additional sales tax distributions from the state are resources for criminal justice and brokered natural gas activities, which in 2014 generated a \$15.1 million collection.

For 2014 total governmental fund expenditures totaled \$1.828 billion. Of this amount the General Fund account for 49.1 percent, the City's major governmental funds (transportation and low income housing) consumed 22.5 percent, and the combining other non-major governmental funds 28.3 percent.

General Fund expenditures increased 4.9 percent in 2014 from \$855.6 million to \$897.5 million. Public safety accounts for 57.8 percent of the General Fund's total expenditures in 2014. Public safety's two largest expenditures were for police and fire protection. For 2014 the Police Department incurred \$305.7 million and the Fire Department incurred \$186.1 million of expenditures.

At the end of the current fiscal year the City's governmental funds reported a combined ending fund balance of \$679.6 million, a decrease of \$(27.7) million in comparison to 2013. Approximately \$75.3 million of this amount represents an unassigned fund balance available for all purpose spending; \$9.9 million is assigned for specific purposes by City's management, and \$137.1 million is committed by City Council. Approximately 65.8 percent of the total fund balances is externally restricted for specific purposes, and the remainder constitutes nonspendable items such as petty cash, inventories, and prepaid amounts.

The Transportation Fund, a special revenue fund, develops, maintains, and operates the transportation system inclusive of streets, bridges, ramps, retaining walls, sea walls, bike trails, street lights, and other road infrastructure. At the end of the fiscal year the fund balance had increased \$12.7 million, 17.2 percent. The \$230.1 million of revenues collected include excess property tax levy, a commercial parking tax, employee hours tax, grants and contributions, and charges for services. Expenditures totaled \$382.9 million for 2014, up \$61.1 million, 19.0 percent from 2013. The Transportation Fund's other financing sources contributed \$165.1 million of additional resources in 2014, a 51.4 percent increase in support that counters the growth in expenditures.

The Low-Income Housing Fund, a special revenue fund and one of the major governmental funds of the City, manages activities undertaken by the City to preserve, rehabilitate, or replace low-income housing. It also accounts for seven-year housing levies approved by voters, most recently in 2009. The 2014 fund balance of \$105.4 million reflects an increase of \$24.3 million from 2013. The change in fund balance was driven by relative stability in the funds expenditures, and a significant increase in revenues. Revenues from 2013 to 2014 increased \$21.5 million. A contributing factor of the increase is Council's passage of Ordinance 124388 which adjusted the contribution amounts for downtown affordable housing and childcare incentive programs and to establish automatic inflationary adjustments. A one-time collection from Amazon on the development of two office towers in South Lake Union contributed nearly \$9.0 in additional revenues for 2014. The fund's expenditures decreased by \$1.5 million, (4.7) percent year over year. The decrease in expenditures is attributed to the cyclical nature of the fund. Multifamily construction projects can span several years from acquisition to final construction. Further driving the variations is the cyclical nature of downtown construction and their associated costs.

In 2014 the other special revenue funds (SRF) reported a \$13.6 million increase in fund balance. SRF expenditures increased \$20.6 million to \$362.2 million for 2014. The 6.0 percent increase in expenditures was mirrored by a 6.1 percent rise in program revenues of \$13.8 million to \$239.0 million. Overall the deficiency of revenues over expenditures slightly increases from \$116.4 million in 2013, to \$123.2 million in 2014. The inability of revenues to cover expenditures is supplemented by other financing sources and uses which contributed \$136.8 million of resources in 2014. The 16.3 percent increase in fund balance was driven by changes in fund balance from the Education Development Services Fund totaling \$6.4 million, the 2012 Library Levy \$3.1 million, and the School Zone Automated Camera Fund totaling \$1.5 million. The most significant shift in the SRF's fund balance designation during 2014 was the reduction of the deficit in the unassigned fund balanced, falling from a deficit of \$13.0 million in 2013 to end at \$3.6 million for 2014.

The fund balance in the capital projects funds decreased \$86.5 million, (61.0) percent, from \$141.8 million to \$55.3 million at the end of 2014. The decrease is due mainly to the City's effort to accelerate capital spending from the multipurpose long-term general obligation bond funds. The fund balance in the capital projects funds is all restricted for the City's capital improvement programs, with the exception of funds with a deficit balance reported as unassigned.

The Alaska Way Seawall Construction fund expended 100 percent of the beginning fund balance and by year end had generated a \$35.6 million deficit in unassigned fund balance. Expenditures during the year nearly tripled, increasing \$51.0 million from \$25.9 million in 2013 to \$76.9 million in 2014 as construction activity accelerated. The City's Central Waterfront Improvement (CWI) fund also saw a slightly increased spending level during 2014, increasing to \$9.9 million in 2014. In 2014 revenue had yet to materialize to support these expenditures, with CWI's deficit fund balance nearly doubling from \$10.0 million to \$19.4 million in 2014.

a As result of GASB Statement No. 54, the Library Fund no longer meets the definition for a special revenue fund and is reported as part of the General Fund for the GAAP reporting.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements but in more detail.

City Light Utility. The Utility realized a change in net position of \$121.3 million in 2014 compared to \$112.7 million in 2013, an increase of \$8.6 million (7.6 percent). Higher net wholesale energy sales, retail electric sales, and investment earnings were offset in part by higher power related expenses, conservation, general and administrative, and depreciation. Lower transfers from/(to) Rate Stabilization Account (RSA) and capital contributions also decreased revenues.

Net cash provided by operating activities increased by \$67.9 million to \$297.6 million in 2014, compared to \$229.7 million in 2013. Increased cash inflows was resulted from rate increase effective at the beginning of the year, Bonneville Power Administration pass-through rate adjustment, and higher net wholesale energy sales. The higher cash inflows were offset by greater debt service payments, capital construction projects, ongoing operations and transfer to the RSA. Net operating cash decreased by \$65.5 million to \$128.3 million in 2014. Restricted assets increased by \$71.4 million to \$298.4 million in 2014, compared to \$227.0 million in 2013. This increase was primarily due to new debt issued in 2014.

Capital assets, net of accumulated depreciation and amortization, were \$2.728 billion and \$2.541 billion in 2014 and 2013, a net increase of \$187.3 million. The majority of the Utilities' capital asset additions were in the distribution plant and work-in-progress related to distribution systems. The net increase in capital assets was partially offset by a \$47.6 million increase in accumulated depreciation and amortization.

Total liabilities were \$2.278 billion in 2014 and \$2.209 billion in 2013, the majority being revenue bonds payables. The noncurrent portion of the revenue bonds payables were \$1.925 billion in 2014 and \$1.870 billion in 2013. In November 2014, the Utility issued a total of \$265.2 million of revenue and refunding revenue bonds. Interest expense related to these bonds was \$89.6 million in 2014 and \$89.0 million in 2013.

City Light's total net position was \$1.276 billion in 2014 and \$1.154 billion in 2013.

Water Utility. The Utility realized an operating income of \$58.5 million in 2014 compared to \$59.0 million in 2013. Operating revenues increased by \$7.4 million and operating expenses increased by \$7.9 million between 2014 and 2013. The Utility realized a net income of \$31.5 million in 2014 compared to net income of \$28.1 million in 2013. The net income in 2014 was primarily due to increase in direct services revenue, offset by related operating expenses.

Net cash provided by operating activities increased to \$127.9 million in 2014 from \$116.8 million in 2013, an increase of \$11.1 million. Total operating and restricted cash and investments were \$100.2 million in 2014 compared to \$94.6 million in 2013, an increase of \$5.6 million. This increase in cash and investments was primarily due to increased customer receipts.

Utility plant, net of accumulated depreciation, and other capital assets for the year ended December 31, 2014, amounted to \$1.205 billion, an increase of \$8.4 million in 2014. Major capital assets additions in 2014 included water infrastructure improvements and rehabilitation, technology infrastructure improvements, and water conservation projects.

The Water Utility had \$853.5 million in outstanding revenue bonds in 2014 compared to \$887.0 million at year end 2013. The decrease was due to principal payments.

The Water Utility's total net position was \$393.0 million in 2014 and \$361.5 million in 2013.

Drainage and Wastewater Utility. The Utility realized an operating income of \$57.8 million in 2014 compared to \$58.6 million in 2013. Operating revenues increased by \$8.2 million and operating expenses increased by \$9.1 million between 2014 and 2013. The Utility realized a net income of \$48.5 million in 2014 and \$24.6 million in 2013. The increase in net income was mainly due to a \$19.2 million reduction in environmental remediation expenses.

Net cash provided by operating activities increased to \$88.6 million compared to \$79.2 million in 2013. Total operating and restricted cash and investments were \$200.7 million in 2014 compared to \$122.4 million in 2013. This increase in cash and investments was primarily due to new debt issued in 2014 and increase in customer receipts.

Utility plant, net of accumulated depreciation, and other capital assets increased to \$843.8 million in 2014 from \$765.5 million in 2013, an increase of \$78.3 million. Capital outlays of \$95.3 million were offset by depreciation expense of \$22.2 million.

The Drainage and Wastewater Utility had \$618.9 million outstanding revenue and refunding bond liabilities in 2014, as compared to \$525.3 million in 2013. Total liabilities, including revenue bonds, were \$812.1 million in 2014 and \$705.5 million in 2013.

Total net position for the Drainage and Wastewater Utility was \$344.1 million in 2014 and \$295.6 million in 2013.

Solid Waste Utility. The Utility realized an operating income of \$1.8 million in 2014 compared to \$7.5 million in 2013. Operating revenues decreased by \$2.2 million and operating expenses increased by \$3.4 million between 2014 and 2013. The Utility realized a net income of \$1.9 million in 2014 compared to \$3.3 million in 2013. The net income in 2014 was primarily due to a rate increase offset by transfer to rate stabilization fund and related operating expenses.

Net cash provided by operating activities increased to \$22.9 million in 2014 compared to \$19.6 million in 2013. Total operating and restricted cash and investments were \$81.6 million in 2014 and \$33.3 million in 2013. The \$48.3 million increase in operating and restricted cash and investments is primarily due to new debt issued in 2014 and increase in customer receipts.

The Solid Waste Utility had \$166.9 million outstanding revenue bond liabilities in 2014 compared to \$115.9 million in 2013. The increase was due to new debt issued in 2014.

Total net position for the Solid Waste Utility was \$34.2 million in 2014 and \$32.3 million in 2013.

Fiduciary Funds

The City maintains fiduciary funds for the assets of the Seattle City Employees' Retirement System (SCERS), the Firemen's Pension Fund, the Police Relief and Pension Fund, the S.L. Denny Private Purpose Trust, and various agency funds. The net position of the combined fiduciary funds at the end of 2014 is \$2.343 billion; SCERS represents 99.1 percent of this amount.

SCERS assets held in trust for the payment of future benefits does not exceed the estimate of actuarially accrued liabilities as of December 31, 2014. The fund uses the services of both active and index fund professional money managers. SCERS net position increased in value by \$105.8 million, 4.7 percent, during 2014. For year ending 2014 the member and employer contributions totaled \$154.0 million; income from investment activity totaled \$130.8 million. Total benefit payment for 2014 increased by \$8.8 million to \$150.2 million. In 2014 the number of retirees and beneficiaries receiving benefits was 6020, which increased by 140, 2.4 percent compared to 2013.

At December 31, 2014, the net positions of assets held in trust in the Firemen's Pension Fund and the Police Relief and Pension Fund for the payment of future benefits were \$14.7 million and \$5.1 million, respectively.

GENERAL FUND BUDGETARY HIGHLIGHTS

For the General Fund budgetary highlights, the Library Fund, which has its own legally adopted annual budget, is excluded from this discussion.

City Council passed the 2014 Adopted Budget (Ordinance 124349) authorizing a \$4.820 billion budget for the City's annual operations. The General subfund's budgeted expenditures account for 21.2 percent or \$1.024 billion of the total adopted budget. When considering additional budgets for general support transferred and other subfund expenditures reporting within the General Fund's presentation, 2014's total appropriation budget for the General Fund is \$1.351 billion, 28.0 percent of the City's total adopted budget.

The General Fund's 2014 revised appropriation budget differed from the original budget due to supplemental appropriations approved by the City Council during the year and carryforward budgets from the prior year. The final revised budget for the General Fund was \$1.461 billion, a 7.6 percent increase over Council's adopted budget.

The most significant budget activities are described below:

- At year-end 2014 actual expenditures and transfers of \$1.327 billion were \$135.0 million less than budgeted. Of this amount \$97.3 million of the budget will be carried over into 2015 to cover outstanding encumbrances, grants, and capital spending.
- The overall change in the General Fund's carryforward budget from 2013 to 2014 decreased (16.1) percent, from \$97.3 million to \$84.0 million. Nearly 59.6 percent of 2014's carryforward budget is within the Cumulative Reserve Subfunds, with 36.2

million reported in the Real Estate Excise Tax (REET I and REET II) Subfunds , and 11.6 million in the Unrestricted Cumulative Reserve Subfund. The General Subfund accounted for the remaining 24.8 percent of the carryforward budget, with Police and Fire Departments contributing \$14.8 million of this amount.

- The final budget for the REET I and REET II Cumulative Reserve Subfunds, which includes expenditures and transfers, was \$93.9 million. Approximately 62.3 percent, \$58.5 million of the budget was expended in 2014. The carryforward budget balances for the REET I and REET II Cumulative Reserve Subfunds funds is \$36.2 million and will be used to support capital activity in 2015.
- City Council authorized an additional \$35.9 million of supplemental appropriations for the General subfund in 2014, 94.4 percent were revisions for the General subfund. Budget revisions totaling \$18.3 million applied directly to the Seattle Police Department, \$12.3 million to the Seattle Fire Department, seven executive offices received supplemental appropriations totaling \$2.6 million.
- In 2014 the total revised budget for grant resources within the General Fund totaled \$31.1 million, with actual grant revenue generating \$17.6 million during the year. The adopted budget provided \$1.6 million in additional grant resources and \$17.0 million of budget was carryforward from 2013. Through supplemental legislation the Council authorized an additional \$12.4 million of grant funding during the year. This includes \$11.8 million for the City's public safety functions, supporting 36 projects.
- The General Fund's budget for the public safety function increased 7.3 percent in 2014, totaling \$576.3 million. Adjusting this budget to exclude Fire and Police Pension budgets, the public safety budget for just governmental funds was \$537.6 million, a 6.4 percent increase year over year. The actual costs of current expenditures and capital outlay the City's public safety function totaled \$525.0 million, consuming 97.7 percent of the resources budgeted for 2014, of which 99.0 percent is for current operations and 1.0 percent on capital outlay. The 5.4 percent year over year increase in current expenditures totaling \$26.6 million was 70.4 percent of the total budgeted increase of \$37.8 million. Detailed information on the City's two major public safety departments follows:
 - The Police Department's 2014 final budget was \$319.7 million, a 3.1 percent increase from the 2013 budget level. The Department expended 95.6 percent of its budget during the year, with actual expenditures increasing 3.6 percent, from \$295.1 million in 2013 to \$310.1 million in 2014. Patrol operations were budgeted at \$122.6 million for all five city precincts, a 1.5 percent increase over 2013's budget. Patrol operations for 2014 consumed 98.1 percent of the budgeted resources and accounted for 40.0 percent of the entire Department's annual operating costs. Of the remaining budget, \$8.9 million will carryforward into 2015 for grant purposes.
 - The Fire Department's 2014 final budget was \$192.0 million, a 4.3 percent increase from the 2013 budget level of \$184.1 million. The Department expended 97.0 percent of its budget during the year, with actual expenditures increasing 4.1 percent, from \$178.7 million in 2013 to \$186.1 million in 2014. Fire Operations for 2014 consumed 99.9 percent of the \$149.5 million in budgeted resources and accounted for 80.0 percent of the entire Department's annual operating costs. Of the remaining budget, \$5.9 million will carryforward into 2014 for grant purposes.
- For 2014 the General Fund reports actual revenues of \$1.161 billion, a 5.7 percent increase, \$62.6 million larger than 2013's total balance. The General subfund generated 89.7 percent of these revenues, \$1.041 billion, which was 3.0 percent greater than Council's last revised budget of \$1.041 billion budgeted. A driving factor for the year over year increase in revenues is from the City's tax collection which totaled \$926.0 million. The General subfund's 2014 total tax revenues of \$872.7 million were 4.1 million over budget, and \$54.6 million or 6.7 percent higher than reported in 2013. Revenue reported for grants and contributions was \$43.0 million, only 64.4 percent of the budgeted \$66.8 million, which is expected due to grant awards that span multiple years where remaining budgets are carried over to the following year.

CAPITAL ASSETS

The following schedule shows the City's investment in capital assets.

**Table A-5 CAPITAL ASSETS AT YEAR END, NET OF DEPRECIATION
(In Thousands)**

	Governmental Activities		Business-Type Activities		Total	
	2014	Restated 2013	2014	2013	2014	Restated 2013
Land	\$ 571,054	\$ 552,003	\$ 162,685	\$ 159,031	\$ 733,739	\$ 711,034

Construction in Progress	557,211	383,859	535,574	345,097	1,092,785	728,956
Other Capital Assets	14,758	15,491	87,429	81,738	102,187	97,229
Total Capital Assets	\$ 3,915,074	\$ 3,733,918	\$ 4,979,383	\$ 4,683,738	\$ 8,894,457	\$ 8,417,656

Capital assets, net of depreciation, for governmental activities increased by \$171.1 million in 2014. The main increase is attributable to the following:

- The Department of Transportation capitalized \$50.2 million for various infrastructure assets (roads, bridges, sidewalks, signs, illuminations, and others). The balance of construction in progress increased \$159.9 million, a dramatic shift from 2013 when construction in progress had decreased \$(64.8) million.
- The Department of Parks and Recreation spent \$8.4 million in the improvement of Building 30 at Magnuson Park and capitalized \$38.9 million for various community parks improvements and renovations.

Capital assets, net of depreciation, for business-type activities increased by \$291.7 million in 2014. Major increases included the following:

- Seattle City Light capital assets, net of accumulated depreciation, increased by \$187.3 million in 2014. This increase was primarily comprised of \$107.8 million for distribution plant underground and overhead system, transformers and poles, and streetlights and meters. Construction in progress increased by \$86.9 million due to new customer billing system costing \$13.1 million; investments in the boundary dam power generation, \$12.7 million; Denny power substation, \$11.8 million; and \$49.3 million for various projects predominantly in distribution.
- Drainage and Wastewater Utility net capital assets increased by \$78.3 million compared to last year. Major increases were for replacement, rehabilitation, and construction of new sewer pipelines for \$14.1 million; \$6.5 million to replace damage culverts at 35th Avenue Northeast; \$5.6 million to relocate flood plain & divert portion of creek flow to create natural creek mouth at Beer Sheva Park; and \$2.5 million of drainage improvement at Portland avenue south constructed in coordination with Duwamish Bike Trail project.
- Solid Waste Utility net capital assets increased by \$4.3 million for the year ended December 31, 2013 due to the completion of the new South Transfer Station and IT infrastructure upgrades.
- Waste Utility net capital assets increased by \$23.3 million for the year ended December 31, 2014. The fund spent \$30.9 million for construction projects in progress; only \$1.5 million was capitalized as assets. During 2014 the Solid Waste Utility also retired \$18.4 million of assets.
- Water Utility net capital assets decreased by \$8.2 million compared to last year. Major decreases included are new assets placed in service, \$37.9 million, accumulated depreciation, \$45.1 million, and retirement of capital assets, \$1.0 million.
- Water Utility net capital assets increased by \$8.3 million over the last year. Major increases are new assets placed in service, Water & technology infrastructure improvement and rehabilitation \$16.5 million; water conservation projects \$1.9 million;

bridges, water distribution system, water main and water transmission pipelines improvements \$3.9 million. Construction in Progress increased by \$23.5 over last year.

More detailed financial information about the City's capital asset activities is presented in Note 6 to the financial statements.

DEBT ADMINISTRATION

At the end of the fiscal year 2014 the City had \$4.416 billion in outstanding bonded debt that included general obligation and revenue bonds, compared to \$4.259 billion in 2013. This represents an increase of approximately \$156.7 million (3.7 percent).

The special assessments bonds that the City issued in 2006, without lending its full faith and credit but obligated in some manner for the design and construction of the South Lake Union Streetcar, had the outstanding balance of \$10.4 million. In 2014 LTGO and UTGO bonds were issued to finance various capital improvement projects including Seawall, North Precinct, Golf, South Park Bridge, Seattle Symphony and various IT projects. Additionally, the part of the 2014 LTGO bonds proceeds was used for used for the refunding of the 2002 special obligation bonds, series A & B, originally issued by Seattle Chinatown-International District Preservation and Development Authority.

The City also issued revenue bonds: \$265.2 million for the Light Fund, \$133.2 million for the Water Fund and \$95 million for the Solid Waste Fund to finance certain capital improvements and conservation programs. The City's bond ratings remained similar to the ratings for the previous year. The City's UTGO bonds are rated Aaa by Moody's Investors Service (Moody's), AAA by Fitch Ratings (Fitch), and AAA by Standard & Poor's (S&P), which are the highest possible ratings. The City's LTGO bonds are rated Aa1 by Moody's, AA+ by Fitch, and AAA by S&P. In addition, the City's utilities have very high ratings for revenue debt, reflecting sound finances and good management.

The City's limited and unlimited general obligation debt is capped at 7.5 percent of assessed value by state law. The 2014 assessed value of taxable properties based on the latest report for the City is \$145.091 billion. At the end of 2014 the net outstanding general obligation debt of the City that includes bonds, compensated absences net of sick leave, and guarantees of indebtedness amounted to \$1.011 billion, well below the limit of \$10.882 billion, rendering the City's legal debt margin of \$9.870 billion. Within the 7.5 percent limitation, state law restricts outstanding LTGO bonds to 1.5 percent of assessed value. At year-end 2014 the LTGO net outstanding debt was \$883.5 million.

The City is self-insured for workers compensation and for most health care costs. The City carries general liability insurance with a self-insured retention. For these claims, including those incurred but not reported, the City recognized a total liability of \$110.4 million (\$82.7 million for governmental activities and \$27.7 million for business-type activities) at the end of the year.

In addition, City utilities and Department of Parks and Recreation recognized a combined \$121.2 million in estimated environmental liabilities. Other obligations were accrued for compensation absences for sick leave and other notes and contracts. The other notes and contracts included draws from the State's Public Works Trust Loan (PWTL) Program which are serviced with revenues from two participating City departments, one with a governmental-type fund and one whose PWTL activities are reported in two of its business-type funds.

More detailed information about the City's long-term liabilities is presented in Note 9 to the financial statements.

ECONOMIC FACTORS

The Seattle metro area has rebounded from the recession at a much quicker pace than the nation as a whole. Through February 2015, Seattle metro area (King and Snohomish Counties) employment was up 14.2 percent from its post-recession low in February 2010, compared to an 8.8 percent gain in U.S. employment over the same period. Areas of strength during the recovery have included aerospace, professional, scientific, and technical services, health services, and mail order and internet retail.

Aerospace provided a big lift to the local economy during the early stages of the recovery, adding 14,000 jobs in 2011 and 2012. However, aerospace employment peaked in November 2012 and has declined by 3,300 jobs since then. Despite this modest drop in employment, in 2014 the Boeing Company, the region's largest employer, delivered a record 723 jets and booked orders for 1,432 new planes. At the end of 2014 Boeing had a backlog of over 5,000 planes on order.

Thus far during the recovery, the city of Seattle has been one of the fastest growing areas in the Puget Sound Region, in part because of a surge in construction focused in multi-family housing and office space. The construction boom generated a 28.7 percent increase in sales tax revenue from construction activity in 2012 and gains of 9.3 percent and 17.2 percent in 2013 and 2014, respectively. A

key driver of recent growth in Seattle, including the growth in construction activity, has been Amazon, which has been hiring aggressively since the Great Recession ended. Amazon currently leases or owns about 4.2 million square feet of office space in Seattle's South Lake Union neighborhood. It is currently building two of three proposed 1.1 million square foot office towers.

With the recent upturn in aerospace employment now behind us, regional employment growth is predicted to slow going forward, and 2014 is likely to be the peak year for employment growth (at 3.0 percent) during the current cycle. The Puget Sound Economic Forecaster predicts that employment growth will average a modest 1.7 percent per year over the next five years. Personal income growth is forecast to range between five and six percent, which is approximately three percent per year faster than the rate of inflation.

Financial Contact

The City's financial statements are designed to provide users with a general overview of the City's finances as well as to demonstrate the City's accountability to its citizens, investors, creditors, and other customers. If you have a question about the report, please contact the City of Seattle, Department of Finance and Administrative Services, Citywide Accounting and Payroll Services Division, P.O. Box 94669, Seattle, WA 98124-4669 (Telephone 206-386-9124).

Fund Financial Statements

MAJOR GOVERNMENTAL FUNDS

The **General Fund** is the primary operating fund of the City. It accounts for all financial resources except those required to be accounted for in another fund. It derives the majority of its revenues from property, sales, business, and utility taxes.

As described in Note 1, Summary of Significant Accounting Policies, GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, was implemented in fiscal year 2011. The Library Fund no longer met the definition for a special revenue fund and has been included in the General Fund financial statements.

The **Transportation Fund** accounts for revenues for construction, improvement, repair, or maintenance of City streets and waterways. Revenues include taxes on the sale, distribution, or use of motor vehicle fuel; property taxes, commercial parking taxes, and motor vehicle excise taxes designated for street purposes; and grants.

The **Low-Income Housing Fund** manages activities undertaken by the City to preserve, rehabilitate, or replace low-income housing. It also accounts for a seven-year housing levy approved by the voters in 2009 to provide, produce, and/or preserve affordable housing in Seattle and to assist low-income tenants in Seattle. Operating costs in the administration of the levy are accounted for in the Office of Housing Fund, a nonmajor special revenue fund.

Descriptions for the nonmajor governmental funds are provided in the Combining and Individual Fund and Other Supplementary Information section.

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	\$ 3,208,929	\$ 3,047,403
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	9,536	3,406
Internal service funds are used by management to charge the costs of Fleets and Facilities, Information Technology, and Engineering Services to individual funds. The assets and liabilities of the internal service funds are included in the governmental activities in the statement of net position. Adjustments to reflect the consolidation of internal service fund (ISF) activities related to enterprise funds and prior-year adjustment (B-6) are added back to ISF total net position, and the latter amounts are included in governmental activities.	498,046	479,993
Net pension asset net of pension obligations	11,233	16,238
Deferred inflows and outflows of resources	8,255	8,985
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.

**B-5 RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Year Ended December 31, 2014
(In Thousands)**

	Comparative Totals	
	2014	Restated 2013
Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balance - total governmental funds	\$ (27,691)	\$ 68,922
Governmental funds report capital outlay as expenditures and proceeds from the disposition of capital assets as other financing sources. However, in the statement of activities the cost of those assets is allocated over the estimated useful life and reported as depreciation expense and the gain or loss is reported as income.		
Depreciation expense for the year	(115,034)	(107,705)
Capital outlay reported as expenditures	307,271	312,501
Retirement and sale of capital assets	(1,306)	(5,891)
Capital assets received as donations	(20,504)	310
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. These are comprised of:		
Unavailable resources - property taxes	(264)	—
Reduction of long-term receivable	1,393	7,800
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance cost, premium, discount, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. These amounts are the result of the differences in the treatment of long-term debt and related items:		
Proceeds of general obligation bonds	(50,455)	(101,115)
Premium on general obligation bonds	(4,150)	(9,377)
Proceeds from bond refunding	—	(43,945)
Principal payments bonds/notes	61,745	56,194
Amortization of bond premium	3,819	—
Amortization of loss on refunding	(465)	—
Minimum capital lease payments	117	—
Bond interest	464	10,244
Remittance to refunding escrow using refunding proceeds	—	44,504
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:		
Compensated absences	(15,180)	(4,417)
Injury and damage claims	(6,675)	1,832
Workers' compensation	(18)	(2,750)
Arbitrage	2	4
Unfunded OPEB liabilities	(12,325)	(9,387)
Net pension asset	(5,006)	(360)
Environmental liability	95	(568)
MOHAI liability	—	8,500
Loan to agencies	4,654	—
Debt guarantee of SISC 2004 bonds	(4,225)	—
Internal service funds are used by management to charge the cost of Fleets and Facilities, Information Technology, and Engineering Services to individual funds. Adjustments reflect the consolidation of internal service funds activities to governmental funds:		
Operating loss (income) allocated to enterprise funds	(8,185)	(4,491)
Net revenue of internal service funds activities reported with governmental activities	26,239	1,819
Change in Net Position of Governmental Activities	<u>\$ 134,316</u>	<u>\$ 222,624</u>

The accompanying notes are an integral part of these financial statements.

MAJOR PROPRIETARY FUNDS

The **Light Fund** (City Light) accounts for the operations of the City-owned electric utility. City Light owns and operates certain generating, transmission, and distribution facilities and supplies electricity to approximately 408,000 customers in the Seattle and certain surrounding communities. City Light also supplies electrical energy to other City agencies at rates prescribed by City ordinances.

The **Water Fund** accounts for the operations of the City-owned water utility. It maintains three separate sources of water supply, namely the Tolt and Cedar River watersheds, and Seattle wellfields; approximately 182 miles of supply mains, and distribution storage capacity of 339 million gallons in reservoirs, tanks, and standpipes. The distribution system serves a population of about 1.4 million people.

The **Drainage and Wastewater Fund** accounts for the operations of the City-owned sewer and drainage utility facilities and pumping stations. Those facilities and stations are necessary to collect the sewage of the City and discharge it into King County's treatment and disposal systems. The utility maintains about 1,893 miles of sewers and drainage mainlines, 75 percent of which are separate sanitary sewers and storm mainlines. In addition, the City manages 66 pumping stations.

The **Solid Waste Fund** accounts for the operations of two City-owned transfer stations and for the administration of contracts with private companies for the collection of residential refuse and commercial garbage. Private individuals and City-administered residential and commercial collectors bring solid waste to the transfer stations. Solid wastes collected at the transfer stations are compacted, loaded in containers, and hauled to the Argo cargo loading station. The containers at the Argo station are loaded on railcars and transported to a landfill in Arlington, Oregon, for final disposal.

Descriptions for the nonmajor enterprise funds and the internal service funds are provided in the Combining and Individual Fund and Other Supplementary Information section.

Notes to Financial Statements

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the City of Seattle are regulated by the Washington State Auditor's Office and conform to generally accepted accounting principles (GAAP) for governments as prescribed by the Governmental Accounting Standards Board (GASB). The City's significant accounting policies are described below.

REPORTING ENTITY

The City of Seattle (the primary government for financial reporting purposes) consists of the funds, departments, agencies, boards and commissions (referred to in this note as organizations) over which the City exercises financial accountability, and component units over which the City is not financially accountable but is required to be reported due to the nature and significance of its relationship with the City. Additional information on the component units may be found in Note 12. The City does not have other relationships with organizations of such nature and significance that exclusion would render the City's financial statements incomplete or misleading.

Indicators of Financial Accountability

The financial statements include the organizations for which the elected officials of the City of Seattle are financially accountable. Criteria indicating financial accountability include, but are not limited to, the following

- Appointment by the City of a majority of voting members of the governing body of an organization, and
 - Ability of the City to impose its will on the daily operations of an organization, such as the power to remove appointed members at will; to modify or approve budgets, rates, or fees; or to make other substantive decisions; or
 - Provisions by the organization of specific financial benefits to the City; or
 - Imposition by any organization of specific financial burdens on the City, such as the assumption of deficits or provision of support;
- Or, fiscal dependency by the organization on the City, such as from the lack of authority to determine its budget or issue its own bonded debt without City approval.

Joint Venture

A joint venture is an organization that results from a contractual arrangement and is owned, operated, or governed by two or more participants as a separate activity. In addition to joint control, each participant must have either an ongoing financial interest or an ongoing financial responsibility. The City participates in a joint venture with King County with regard to the Seattle-King County Work Force Development Council. Additional information on the existing joint venture may be found in Note 13.

Organizations Excluded: Related Organizations

Organizations for which the City has appointed a voting majority of the members of the governing body, but for which the City is not financially accountable, are as follows:

- Housing Authority of the City of Seattle
- City of Seattle Industrial Development Corporation
- Burke-Gilman Place Public Development Authority

ACCOUNTING STANDARDS

In 2014, the City implemented GASB Statement No. 67, Financial Reporting for Pension Plans - an amendment of GASB Statement No. 25. This Statement replaces the requirements of Statements No. 25 and No. 50 related to pension plans that are administered through trusts or equivalent arrangements. The requirements of Statements No. 25 and No. 50 remain applicable to pension plans that are not administered through trust or equivalent arrangements.

In 2014, the City implemented GASB Statement No. 69, Government Combinations and Disposals of Government Operations. This Statement establishes accounting and financial reporting standards for mergers, acquisitions and transfers of operations (i.e., government combinations). The Statement also provides guidance on how to determine the gain or loss on a disposal of government operations. Implementation of Statement No. 69 did not impact the City's financial statements.

In 2014, the City implemented GASB Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees. This Statement establishes accounting and financial reporting standards for situations where a state or local government, as a guarantor, agrees to indemnify a third-party obligation holder under specified conditions (i.e., nonexchange financial guarantees). The issuer of the guaranteed obligation can be a legally separate entity or individual, including a blended or discretely presented component unit. Implementation of Statement No. 70 did not have a significant impact on the financial statements.

In 2013, the City implemented GASB Statement No. 61, The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34. This Statement amends: (1) certain requirements for inclusion of component units in the financial reporting entity, (2) the criteria for blending component units into the primary government's financial statements, and (3) the reporting of equity interests in component units. Implementation of GASB Statement No. 61 required no changes for the reporting of components units.

In 2013, the City implemented GASB Statement No. 64, Derivative Instruments: Application of Hedge Accounting Termination Provisions - an amendment of GASB Statement No. 53. This Statement sets forth criteria that establish when an effective hedging relationship continues when replacement of a swap counterparty or a swap counterparty's credit support provider occurs, thereby allowing continue application of hedge accounting rules. Implementation of GASB Statement No. 64 did not impact the City's financial statements.

In 2013, the City implemented GASB Statement No. 65, Items Previously Reported as Assets and Liabilities. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. This Statement also provides other financial reporting guidance related to the impact of the financial statement elements deferred outflows of resources and deferred inflows of resources, such as changes in the determination of the major fund calculations and limiting the use of the term deferred in financial statement presentations. Implementation of GASB Statement No. 65 resulted in: the reclassification of several items previously reported as assets and liabilities, and the restatement of net position as (1) assets and deferred outflows of resources less (2) liabilities and deferred inflows of resources.

In 2013, the City implemented GASB Statement No. 66, Technical Corrections - 2012 - an amendment of GASB Statements No. 10 and No. 62. This Statement amends: (1) GASB Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, by removing the provision that limits fund-based reporting of an entity's risk financing activities to the general fund and the internal service fund type and (2) GASB Statement No. 62 by modifying the specific guidance on accounting for (a) operating lease payments, (b) investment of purchased loans, and (c) servicing fees related to mortgage loans. Implementation of GASB Statement No. 66 did not have a significant impact on the City's financial statements.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-wide financial statements consist of the Statement of Net Position and the Statement of Activities. These statements report the financial position and activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely significantly on charges and fees for their services. Resources of fiduciary activities, which are not available to finance governmental programs, are excluded from the government-wide financial statements.

Statement of Net Position

The Statement of Net Position reports all assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. The difference between government-wide (1) assets and deferred outflows of resources and (2) liabilities and deferred inflows of resources is net position. Net position is displayed in three components: net investment in capital assets, restricted, and unrestricted.

The amount reported as net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Net position is restricted when constraints placed on net position use are either (1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation. Unrestricted net position is the amounts remaining that are not “net investment in capital assets” or “restricted.”

Statement of Activities

The Statement of Activities displays the degree to which the direct expenses of a given function or segment is funded by program revenues. Direct expenses are those that are clearly identifiable to a specific function. Direct expenses include depreciation on capital assets that are clearly associated with a given function. In general, expenses related to personnel functions are reported as indirect expenses. Program revenues are revenues derived directly from the program itself. These revenues include (1) charges for services, (2) grants and contributions, and (3) capital grants and contributions. Taxes and other revenues not included as program revenues are reported as general revenues.

Interfund activities within governmental funds or within enterprise funds of the City are eliminated. The effect of interfund services provided and used between functions are not eliminated, such as the sale of utility services to the general government and to other funds. This avoids misstatement of program revenues of the selling function and expenses of the various users. Operating income or loss reported by internal service funds in the fund financial statements are allocated back to the City departments either as a reduction or addition to their expenses by function.

Fund Financial Statements

Separate fund financial statements are provided to report additional and detailed information for governmental funds, proprietary funds, and fiduciary funds. Even though fiduciary funds are excluded from the government-wide financial statements, these funds are reported in the fund financial statements under the Statement of Fiduciary Net Position and the Statement of Changes in Fiduciary Net Position. Major individual governmental funds and major individual enterprise funds are presented in separate columns in the fund financial statements.

The City reports the following major governmental funds:

The General Fund is the City’s primary operating fund. It accounts for all financial resources of the general government except those required to be accounted for in other funds.

The Transportation Fund accounts for revenues for construction, improvement, repair, or maintenance of City streets and waterways. Revenues include taxes on the sale, disposition, or use of motor vehicle fuel; motor vehicle excise taxes designated for street purposes; and grants.

The Low-Income Housing Fund accounts for activities undertaken by the City that include, but is not limited to: preserving affordable rental units, providing operating and maintenance relief, rental assistance, homebuyer assistance, and acquisition and opportunity loans. These activities are supported by various ordinances and levies dating back to 1981.

The City reports the following major proprietary funds:

The Light Fund accounts for operating the City's electric utility which owns and operates generating, transmission, and distribution facilities. The Light Fund supplies electricity to approximately 408,000 customers in the Seattle area as well as to other city agencies.

The Water Fund accounts for operating the City’s water utility. The Water Fund maintains more than 182 miles of water supply mains and 339 million gallons of distribution storage capacity in the Cedar and Tolt Rivers and Highline Well Field watersheds. The distribution system serves a population of about 1.4 million people.

The Drainage and Wastewater Fund accounts for operating the City's sewer and drainage utility facilities and its pumping stations. These facilities and pumping stations collect the sewage of the City and discharge it into the King County Department of Natural Resources Wastewater Treatment System for treatment and disposal.

The Solid Waste Fund accounts for the collection and disposal of residential and commercial garbage, compostables, and other recyclable materials; operation of transfer stations and hazardous waste facilities; and management of the post-closure maintenance and environmental monitoring of the City's two closed landfills. The collection and disposal or processing of garbage, yard waste, and recyclable materials is performed by private companies under contract with the Solid Waste Fund.

Additionally, the City reports the following fund types:

Internal service funds account for support services provided to other City departments, such as motor pool, office space, financial services, managing the design and construction phases of capital improvement projects, telecommunications, data communications, radio systems, and the fiber optic network.

Fiduciary funds account for assets held in a trustee or agency capacity. Fiduciary funds include:

Pension trust funds comprising: the Employees' Retirement Fund, the Firemen's Pension Fund, and the Police Relief and Pension Fund. The Employees' Retirement Fund receives employees' payroll deductions for retirement and the City's matching contributions. It pays pension benefits to retired City employees. The Firemen's Pension Fund accounts for revenues from a portion of the state-levied fire insurance premium tax and significantly from pension and benefits contributions of the General Fund. It pays medical and pension benefits to sworn firemen. The Police Relief and Pension Fund receives support almost entirely from the General Fund to pay for sworn police personnel's medical and pension benefits that are not covered by the state's Law Enforcement Officers' and Fire Fighters' Retirement System and/or industrial insurance.

The S. L. Denny Fund, a private-purpose trust, which holds a nonexpendable gift. Investment income is available to aid disabled firemen.

The City uses agency funds to report assets that are held in a custodial relationship. Agency funds are not used to support the government's own programs and so these funds are excluded from the government-wide financial statements. The City reports the following as agency funds: Guaranty Deposits, Payroll Withholding, Multifamily Rental Housing Improvement, Salary, Voucher, and Pass-Through Grants Funds.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Government-wide Financial Statements

Government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, liabilities, deferred outflows of resources, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Basis of accounting refers to the timing of when revenues, expenses, and transfers are recognized in the accounts and reported in the financial statements.

Governmental Fund Financial Statements

Financial statements for governmental funds are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter (generally 60 days) to pay current liabilities. Revenues that are measurable but not available are recorded as receivables and offset by deferred inflows of resources. Property taxes, business and occupation taxes, and other taxpayer-assessed tax revenues that are due for the current year are considered measurable and available and are therefore recognized as revenues even though a portion of the taxes may be collected in the subsequent year. Special assessments are recognized as revenues only to the extent that those individual installments are considered as current assets. Intergovernmental revenues received as reimbursements for specific purposes are recognized when the expenditures are recognized. Intergovernmental revenues received but not earned are recorded as unearned revenues. Licenses, fines, penalties, and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are accrued as earned.

Expenditures are recorded when the liability is incurred except for interest on long-term debt, judgments and claims, workers' compensation, and compensated absences, which are recorded when paid.

Proprietary Fund Financial Statements

Financial statements for proprietary funds are prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when incurred. Certain costs in the enterprise funds are reported as an asset and expensed in future years as the utility rates recover these costs.

The revenues of the four utilities, which are based upon service rates authorized by the City Council, are determined by monthly or bimonthly billings to customers. Amounts received but not earned at year-end are reported as unearned revenues. Earned but unbilled revenues are accrued.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal activity. The principal operating revenues of the City's Light, Water, Solid Waste, Drainage and Wastewater Utilities, the Downtown Parking Garage, the Planning and Development Fund, and the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of personnel services, contractual services, other supplies and expenses, and depreciation on capital assets. All other revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Fiduciary Fund Financial Statements

Financial statements for the pension trust and private-purpose trust funds are prepared using the economic resources measurement focus and the accrual basis of accounting. All assets, liabilities, and additions to and deductions from (including contributions, benefits, and refunds) plan net position of the retirement funds are recognized when the transactions or events occur. Employee and employer contributions are reported in the period in which the contributions are due. Member benefits, including refunds, are due and payable by the plan in accordance with plan terms.

Agency funds, unlike the other types of fiduciary funds, report only assets and liabilities. Agency funds do not have a measurement focus since they do not report equity and cannot present an operating statement reporting changes in equity. They do, however, use the accrual basis of accounting to recognize receivables and payables.

Prior-Year Comparative Data

The basic financial statements include certain prior-year summarized comparative information in total but not at the level of detail required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the City of Seattle's financial statements for the year ended December 31, 2013, from which the summarized information was derived.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect amounts reported in the financial statements. The City used significant estimates in determining reported allowance for doubtful accounts, unbilled revenues, power exchanges, asset life, claims payable, environmental liabilities, employee benefits, post-employment benefits, and other contingencies. Actual results may differ from those estimates.

BUDGETS AND BUDGETARY ACCOUNTING

Budgetary accounts are integrated in the fund database for all budgeted funds, including capital improvement projects funds and the Community Development Block Grant (CDBG) Fund. However, the annual financial report includes budgetary comparisons for annually budgeted governmental operating funds only. Note 2, Stewardship, Compliance, and Accountability, discusses in detail the City's budgetary policies and processes.

ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR FUND BALANCE

Cash and Investments

The City is authorized to purchase U.S. Treasury and government agency securities, certificates of deposits, and other investment deposits issued by Washington State depositories that qualify under the Washington State Deposit Protection Act as defined by RCW 39.58, bankers' acceptances purchased in the secondary market, commercial paper purchased in the secondary market and having received the highest rating by at least two nationally recognized rating agencies, repurchase and reverse repurchase agreements with "primary dealers" that have executed master repurchase agreements, public funds in the local government investment pool (LGIP) in the State Treasury, and other securities as authorized by law.

The City and the City Employees' Retirement System are also allowed under state law to make securities lending transactions. Gross income from securities lending transactions, as well as the various fees paid to the institution that oversees the lending activity, is recorded in the operating statements. Assets and liabilities include the value of the collateral that is being held. Under the authority of RCW 41.28.005 and the Seattle Municipal Code 4.36.130, the System's Board of Administration adopted investment policies that define eligible investments, which include securities lending transactions. Securities lent must be collateralized with cash or securities having 102 percent of the market value of the loaned securities. The City and the Retirement System cannot pledge or sell collateral securities without a borrower default.

Under the City's investment policy all temporary cash surpluses are invested, either directly or through a "sweep account." Pooled investments are reported on the combined balance sheets as Cash and Equity in Pooled Investments. Interest earned on the pooled investments is prorated to individual funds at the end of each month on the basis of their average daily cash balances during the month when interest was earned.

Since the participating funds in the City's internal investment pool use the pool as if it were a demand deposit account, the proprietary fund equity in pooled investments is considered cash for cash flow reporting purposes.

Investments are recorded at fair value based on quoted market prices. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The City of Seattle has the following policies in managing its investments:

- The City seeks to preserve principal while maximizing income and maintaining liquidity to meet the City's need for cash.
- Investment decisions should further the City's social policies established by ordinance or policy resolutions of the City Council.
- A City social policy shall take precedence over furthering the City's financial objectives when expressly authorized by City Council resolution, except where otherwise provided by law or trust principles.
- Securities purchased shall have a maximum maturity of fifteen years, and the average maturity of all securities shall be less than five years.
- All transactions are done on a delivery-versus-payment basis.
- The standard of prudence to be used by investment personnel shall be the "Prudent Person Rule" and will be applied in the context of managing an overall portfolio.
- Securities shall not be purchased with trading or speculation as the dominant criterion for the selection of the security.

The Seattle City Employees' Retirement System has its investment management policies set by the Retirement Board. State law allows the System to invest in longer term maturities and in a broader variety of securities, such as real estate and equity issues. The Board policies require that investments in any one corporation or organization may not exceed five percent of net position available for benefits. Less than five percent of plan assets can be invested in derivative securities. All derivatives are high quality non-leveraged securities consisting of collateralized mortgage obligations (CMOs), Treasury strips, convertible bonds, futures, options, etc. These derivatives cause little exposure to credit risk, market risk, or legal risk.

Receivables

Customer accounts receivable consist of amounts owed by private individuals and organizations for goods delivered or services rendered in the regular course of business operations. Notes and contracts receivable arise from a written agreement or contract with private individuals or organizations. Receivables are shown net of allowances for uncollectible accounts.

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either interfund loans receivable/payable or advances to/from other funds. All other outstanding balances between funds are reported as due to/due from other funds.

Inventories and Supplies

Inventories and supplies consist of expendable materials and supplies held for consumption. These amounts are recorded as expenditures in governmental funds at the time these items are purchased. This is known as the purchase method. However, any significant inventories in a governmental fund may also be reported as assets, as allowed by GAAP, and are equally offset by a fund balance reserve to indicate that they do not constitute available spendable resources even though they are included in net current position. For proprietary funds these amounts are expensed as consumed. Unconsumed amounts are generally valued using the weighted-average cost method.

Capital Assets

The City classifies assets with an estimated useful life in excess of one year as capital assets. As a general rule, items with an initial individual cost of \$5,000 or more are capitalized. Additionally, construction in progress can be declared: complete, held for future use, or abandon. Associated costs related to these declarations are reclassified as: capital assets, assets held for future use, or expense, respectively. Furthermore, the cost of renewals and betterments are capitalized, while the cost of current maintenance and repairs are immediately expensed.

Governmental infrastructure assets include long-lived capital assets, such as roads, bridges, and tunnels that normally can be preserved for a significantly greater number of years than most capital assets. Estimated historical costs are established based on the City's street reports to the state. Works of art are valued at historical cost. In cases where the historical cost is not available, the method used is "backtrending," i.e., deflating the current replacement cost using the appropriate price index. Donated capital assets are valued at their estimated fair market value at the time of donation. For proprietary funds, contributions of capital assets are reported under Capital Contributions and Grants in the Statement of Revenues, Expenses, and Changes in Fund Net Position.

Most capital assets are depreciated for the governmental funds. Annual depreciation is recorded in government-wide financial statements as an expense of the governmental function for which the assets are being used. Depreciation is computed using the straight-line method over estimated service lives as follows:

Utility plant in service	33 - 100 years
Buildings	25 - 50 years
Improvements other than buildings	25 - 50 years
Infrastructure	10 - 50 years
Machinery and equipment	2 - 25 years

In addition to the capital asset conventions followed by governmental funds, regulated enterprise funds use industry-specific accounting techniques such as: mass-asset accounting and recording provisions for cost-of-removal of capital assets. The result of these techniques can be the reporting of accumulated depreciation in excess of the costs of capital assets.

Restricted Assets

In accordance with the utility bond resolutions, state law, or other agreements, separate restricted assets have been established. These assets are restricted for specific purposes including the establishment of bond reserve funds, financing the ongoing capital improvement programs of the various utilities, and other purposes.

Other Charges

Other charges include preliminary costs of projects and information systems and programmatic conservation costs. Cost related to projects that are ultimately constructed are transferred to utility plant while costs related to abandoned projects are expensed. Conservation program costs in the Light and Water Utilities which result in long-term benefits and reduce or postpone other capital expenditures are capitalized and amortized over their expected useful lives due to the Utilities' capital financing plans and rate-setting methodology. Costs of administering the overall program are expensed as incurred.

Prepaid Items

In governmental funds the City accounts for prepayments using the consumption method and, therefore, it recognizes expenditures as prepaid items expire. The City recognizes a reservation of fund balance for prepaid items only when the amount in the fund is materially significant.

Deferred Outflows/Inflows of Resources

A deferred outflow of resources is defined as a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenses/expenditure) until then. A deferred inflow of resources is defined as an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenues) until that time.

Accumulated Compensated Absences

Compensated absences consist of : vacation pay, sick pay, and other compensated absences. Vacation pay is comprised of unused vacation earned by employees. Vacation is earned based upon their date of hire and years of service and may accumulate earned vacation up to a maximum of 480 hours. Unused vacation balances remaining at retirement or termination are considered vested and payable to the employee. Sick pay is comprised of unused sick pay earned by employees. Employees earn up to 12 days of sick leave per year; there is no limit to the amount of sick leave an employee can accumulate. Employees terminated due to retirement can receive a portion of their unused sick leave balance as a cash benefit payable to either the City's Health Reimbursement Arrangement - Voluntary Employees' Beneficiary Association, the City's 457 Plan and Trust, or the employee. Other compensated absences include compensatory time in lieu of overtime pay, merit credits earned by fire fighters, furlough earned by police, holiday earned by library and police employees, and other compensation earned by City employees under law or union contracts. Unused other compensated absences are vested and payable at retirement or termination. Compensated absences, including payroll taxes, are reported as current and noncurrent liabilities in the Statement of Net Position. Actual balances are accrued for all types of compensated absences except sick leave, the liability for which is generally estimated using the termination method.

Claims Payable

A liability for claims is reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Claims liabilities are discounted at the City's average investment rate of return (Note 15 Contingencies).

Other Accrued Liabilities

Other accrued liabilities include deposits, interest payable on obligations, lease-purchase agreements, and revenues collected in advance.

Interfund Activity and Contracts/Advances

Interfund activity and balances in the funds are eliminated or reclassified in the process of aggregating data for the Statement of Net Position and the Statement of Activities.

Interfund debt is recorded in the appropriate funds even though such debt may result in a noncurrent liability for a governmental fund because the debt is not a general obligation of the City.

Unearned Revenues

Unearned revenues include amounts collected or billed in advance of providing the service. The balances consist primarily of contract revenues, mortgages receivable, grant funds received in advance of expenditures, portions of local improvement districts special assessments that are due in succeeding years in governmental funds, and the amounts loaned by the Housing and Community Development Revenue Sharing Fund, a special revenue fund, under authorized federal loan programs.

Fund Balances

Fund balances are based on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. Fund balances are classified according to these constraints as follows:

- Nonspendable fund balances are either not in spendable form or are legally or contractually required to remain intact;
- Restricted fund balances are restricted for specific purposes by the enabling legislation or external resource providers such as creditors, grantors, or laws or regulations of other governments;
- Committed fund balances can only be used for specific purposes ordained by the City Council. The Council can by ordinance establish, modify, or rescind constraints on committed fund balances;
- Assigned fund balances are constraints imposed by City Management for specific purposes. These constraints are authorized, through the budgeting process, by the Director of the City Budget Office in accordance with SMC 3.14.100. Fund balances of special revenue funds that are neither considered restricted or committed are considered an assigned fund balance; and
- Unassigned fund balances represent balances that are available for any purpose. These balances are only reported in the City's General Fund unless a deficit occurs in any other fund.

The flow assumption is to consider restricted amounts have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The flow assumption of the City is to reduce committed amounts first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

General Fund Stabilization and Other Reserves

The City created the Revenue Stabilization Account (RSA) to fund activities that would otherwise be reduced in scope, suspended or eliminated due to unanticipated shortfalls in the General Subfund revenues. Any use of the RSA shall be accompanied with an ordinance approved by the City Council. The City shall replenish the RSA through (1) transfers by ordinance from other city funds; (2) automatic transfer of 0.5 percent of forecasted tax revenues; and (3) 50 percent of unanticipated excess fund balance of the General Subfund. At no time shall the maximum funding level exceed 5 percent of the General Subfund tax revenues forecast. At the end of fiscal year 2014, the RSA reported an ending fund balance of \$41.4 million.

The City maintains the Emergency Subfund to pay for unanticipated or unplanned expenditures that occur during the course of the fiscal year. Any use of the Emergency Subfund shall be accompanied with an ordinance approve by three-fourths of the City Council. At the beginning of each year, sufficient funds shall be appropriated to the Emergency Subfund so that its balance equals thirty-seven and one-half cents per thousand dollars of assessed value, which is the maximum amount allowed by state law. The City may also choose to reimburse the Emergency Subfund during the year for any expenditure incurred, by transferring unexpended and unencumbered balance from another City fund or subfund, or from other reimbursements the City may receive. At the end of fiscal year 2014, the Emergency Subfund reported an ending fund balance of \$48.6 million.

A summary of governmental fund balances at December 31, 2014, is as follows:

Table 1-1 **GOVERNMENTAL FUND BALANCES ^a**

(2) STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

BUDGETARY INFORMATION

The City budgets for the General Fund, the Library Fund, and some special revenue funds on an annual basis. The special revenue funds which have legally adopted annual budgets are the Park and Recreation Fund, the Transportation Fund, the Seattle Center Fund, the Human Services Operating Fund, the Office of Housing Fund, and the Low-Income Housing Fund.

The City Council approves the City's operating budget through the adopted budget ordinance. In addition, the City Council annually approves two separate but related financial planning documents: the Capital Improvement Program (CIP) plan and the Community Development Block Grant (CDBG) program allocation.

The operating budget is proposed by the Mayor and adopted by the City Council at least 30 days before the beginning of the fiscal year. The budget is designed to allocate available resources on a biennial basis among the City's public services and programs and provides for associated financing decisions. The budget appropriates fiscal year expenditures and establishes employee positions by department and fund except for project-oriented, multiyear appropriations made for capital projects, grants, or endowments.

Table 2-1

APPROPRIATION CHANGES – GENERAL FUND

(In Thousands)

	2014
Annual Budget	\$ 1,350,449
Carryovers	
Encumbrances	3,059
Continuing Appropriations	94,276
Intrafund Eliminations	(26,990)
Budget Revisions	41,168
Total Budget	\$ 1,461,962

The CIP plan is also proposed by the Mayor and adopted by the City Council at least 30 days before the beginning of the fiscal year. The CIP is a six-year plan for capital project expenditures and anticipated financing by fund source. It is revised and extended annually. The City Council adopts the CIP as a planning document but does not appropriate the multiyear expenditures identified in the CIP. These expenditures are legally authorized through the annual operating budget or by specific project ordinances during the year.

The CDBG planning process allocates the annual grant awarded by the federal government. Allocations are made to both City and non-City organizations. Legal authority is established each year by a separate appropriation ordinance for the Housing and Community Development Revenue Sharing Fund.

Budgetary control for the operating budget generally is maintained at the budget control level within departments with the following exceptions: the Library Fund has its total budget set at fund level by the City Council, but its actual expenditures are controlled by the Library Board; capital projects programmed in the CIP are controlled at the project or project-phase level or program depending on legal requirements; grant-funded activities are controlled as prescribed by law and federal regulations.

The City Council may by ordinance abrogate, decrease, or reappropriate any unexpended budget authority during the year. The City Council, with a three-fourths vote, may also increase appropriations. Emergency Subfund appropriations related to settlement of claims, emergency conditions, or laws enacted since the annual operating budget ordinance require approval by two-thirds of the City Council.

The City Budget Office may approve the transfer of appropriations. Beginning in 2003 the following restrictions to budget transfers within a budget year were imposed by ordinance. Total budget transfers into a budget control level may not exceed 10 percent of its original budgeted allowance, and in no case may they be greater than \$500 thousand. Total transfers out may not exceed 25 percent of the original budgeted allowance. For capital items the affected budget is both the original appropriated budget for the current year and the unexpended budget carried over from prior years. Within a budget control level, departments may transfer appropriations without the City Budget Office's approval.

Budgetary comparisons for proprietary funds may be requested from the Department of Finance and Administrative Services. Budget figures consist of the adopted annual budget, which includes appropriation carryovers from previous years, and any revisions adopted by ordinance during the year. The budgetary basis is substantially the same as the accounting basis in all governmental fund types except for the treatment of encumbrances that do not lapse, those whose budgets were approved by the City Budget Office to carry over to the following year, and are included with expenditures.

DEFICITS IN FUND BALANCES AND NET POSITION

The Downtown Parking Garage Fund reported a net position deficit of \$26.6 million at December 31, 2014, a decrease of \$44 thousand from the prior year. This is attributed to the insufficiency of revenues to fully cover its operating expenses, including annual depreciation charge of \$2.0 million and interest expenses on debt service of \$2.9 million. The fund was provided interfund loan of \$6.5 million to cover negative cash at the end of December 31, 2014 compared to \$5.1 million in 2013. Ordinance 124123 authorizing a cash loan of no more than \$5.0 million was amended with Ordinance 124348 to increase the cash loan authority to \$9.5 million that may be provided to Downtown Parking Garage Fund to cover negative cash. The City's Facilities Operating Division is evaluating ways to increase revenues and decrease expenses to resolve the ongoing condition. However, we expect the negative fund equity position will continue because operating revenues were not intended to cover depreciation expense.

The Seattle Streetcar Fund reported a deficit fund balance of \$3.6 million as of December 31, 2014. The fund was created by ordinance 122424 in 2007 and later amended in 2009 by Ordinance 123102 to increase the authorized interfund loan allowance from the City's Consolidated Residual Cash Pool to a maximum of \$3.7 million. This loan is to be repaid no later than December 31, 2018 from the sale of surplus property, grants, donations, transfers, and other monies as authorized by ordinance.

The Central Waterfront Improvement Fund had deficit fund balance of \$19.4 million as of December 31, 2014. Ordinance 123142 created this fund with specific intent that multiple partnerships, both intergovernmental and private be established for funding the urgent and necessary repairs to the Seawall and other infrastructure along the Waterfront. In recognition of this urgency Ordinance 123761 permits this fund to use up to \$2.4 million at any one time from the City's cash pool. This ordinance was amended by Ordinance 124033 and Ordinance 124345 to increase the allowable amount of the interfund loan from the City's Consolidated Residual Cash Pool to \$31.2 million. This loan is to be repaid no later than December 31, 2016 from grants, donations, transfers and other monies as authorized by ordinance.

The Alaskan Way Viaduct Seawall Construction Fund had a deficit fund balance of \$35.4 million as of December 31, 2014. This fund was created by Ordinance 124125 authorizing the issuance of and sale of unlimited tax general obligation bonds and bond anticipation notes, and authorizing the loan of funds from various City funds, to pay all or part of the costs of the design, construction, renovation, improvement and replacement of the Alaskan Way seawall and associated public infrastructure, as authorized at the November 6, 2012 election. In addition, Ordinance 124125 authorized an interfund loan of up to \$29.0 million which was amended to \$85.0 million by Ordinance 124745. This loan shall be repaid no later than December 31, 2018 from the issuance of the unlimited tax general obligation bonds.

The 2015 Multipurpose LTGO Bond Fund had a deficit fund balance of \$704 thousand at December 31, 2014. Ordinance 124631 authorized a loan through the City's Consolidated Cash Pool of \$2.0 million for bridge financing of the Golf Master Plan implementation project. The loan is to be repaid with proceeds from the sale of 2015 limited tax general obligation bonds and is to be repaid no later than December 31, 2015.

(3) CASH AND INVESTMENTS

CASH AND EQUITY IN POOLED INVESTMENTS

Per Seattle Municipal Code, SMC 5.06.010 Investment Authority, the Director of Finance and Administrative Services (FAS) is authorized to invest all moneys in the City Treasury. Cash resources of all City funds are combined into a common investment pool that is managed by FAS. Each fund's share of the pooled investments is included in the participating fund's balance sheet under the caption "Cash and Equity in Pooled Investments." The pool operates like a demand deposit account in that all City funds may deposit cash at any time and also withdraw cash up to their respective fund balance out of the pool without prior notice or penalty.

Custodial Credit Risk - Deposits. The custodial credit risk of deposits is the risk that in the event of bank failure of one of the City's depository institutions, the City's deposits or related collateral securities may not be returned in a timely manner. As of December 31, 2014, the City did not have custodial credit risk. The City's deposits are covered by insurance provided by the Federal Deposit Insurance Corporation (FDIC) and the National Credit Union Association (NCUA) as well as protection provided by the Washington State Public Deposit Protection Commission (PDPC) as established in RCW 39.58. The PDPC makes and enforces regulations and administers a program to ensure public funds deposited in banks and thrifts are protected if a financial institution becomes insolvent. The PDPC approves which banks, credit unions, and thrifts can hold state and local government deposits and monitors collateral pledged to secure uninsured public deposits. This secures public treasurers' deposits when they exceed the amount insured by the FDIC or NCUA by requiring banks, credit unions, and thrifts to pledge securities as collateral.

As of December 31, 2014, the City held \$95,000 in its cash vault. Additional small amounts of cash were held in departmental revolving fund accounts with the City's various custodial banks, all of which fell within the NCUA/FDIC's \$250,000 standard maximum deposit insurance amount. Any of the City's cash not held in its vault, or a local depository, was held in the City's operating fund (investment pool), and at the close of every business day, any cash remaining in the operating fund is swept into an overnight repurchase agreement that matures the next day.

CITY TREASURY INVESTMENTS

Note 1 describes the investment policies of the City. Banks or trust companies acting as the City's agents hold all of the City's investments in the City's name. As of December 31, 2014, the City's investment pool held the following investments.

Table 3-1

**INVESTMENTS AND MATURITIES
TREASURY RESIDUAL POOLED INVESTMENTS
(In Thousands)**

Investments	Fair Value as of December 31, 2014	Weighted Average Maturity (Days)
Repurchase Agreements	\$ 73,812	2
U.S. Treasury and U.S. Government-Backed Securities	252,188	800
U.S. Government Agency Securities	550,290	1,208
U.S. Government Agency Mortgage-Backed Securities	171,390	2,054
Commercial Paper	319,418	44
Municipal Bonds	227,248	976
Non-negotiable CD	30,000	30
Total	\$ 1,624,346	
Weighted Average Maturity of the City's Pooled Investments		894

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates over time will adversely affect the fair value of an investment. The City’s investment policy limits the maturity of individual securities to fifteen years and limits the weighted average maturity of the total investment portfolio to no longer than five years which mitigates interest rate risk.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City mitigates credit risk in many ways as described below.

By state statute the City may purchase only eligible investments as authorized by RCW 35.39, 39.58, 39.59, 39.60, 43.84.080, 43.180.190 and 43.250. Eligible investments include but are not limited to: obligations of the U.S. government; obligations of U.S. government agencies, or of corporations wholly owned by the U.S. government; obligations of government-sponsored corporations which are, or may become, eligible as collateral for advances to member banks as determined by the board of governors of the Federal Reserve; banker’s acceptances purchased on the secondary market rated with the highest short-term credit rating of any two Nationally Recognized Statistical Rating Organizations (NRSROs), at the time of purchase. If the bankers’ acceptance is rated by more than two NRSROs, it must have the highest rating from all of the organizations; commercial paper adherent with policies and procedures of the State Investment Board regarding commercial paper (RCW 39.59.020(4), RCW 43.84.080(7)); certificates of deposit with financial institutions qualified by the Washington Public Deposit Protection Commission; and, obligations of the state of Washington or its political subdivisions. Non-U.S. government securities purchased must have the following ratings at the time of purchase: Securities backed by issuers with long-term credit ratings of Aaa, Aa1, and Aa2 by Moody’s Investors Service; AAA, AA+, and AA by Standard & Poor’s; and AAA, AA+, and AA by Fitch Ratings; and securities backed by issuers having short-term ratings of MIG1, VMIG1, and P1 by Moody’s Investors Service; A1+ and A1 by Standard & Poor’s; and F1+ and F1 by Fitch Ratings.

The City invests in U.S. Treasury securities which are considered free of credit risk, and in securities backed by the full faith and credit of the U.S. government, such as bonds issued by the Department of Housing and Urban Development (HUD). The City also invests in securities issued by U.S. government sponsored enterprises including Federal National Mortgage Association, Federal Home Loan Bank, Federal Home Loan Mortgage Corporation, and Federal Farm Credit Bank. Material credit risk in the City’s investment portfolio resides in its holdings of commercial paper and municipal securities. In accordance with state statutes and its internal investment policy, the City manages that credit risk by purchasing securities backed by issuers having long-term and short-term credit ratings as noted above. The City also subscribes to asset-backed commercial paper research from Moody’s Investors Service and Fitch Ratings, conducts internal due diligence of commercial paper and municipal issuers, and maintains an “approved list” of commercial paper issuers based upon internal and external credit research. Finally, the City monitors the credit worthiness of its investments over time until they mature, or are potentially sold.

Concentration Risk. Concentration risk is the risk of loss attributed to the magnitude of investments in a single issuer. In accordance with its investment policy and state statutes, the City manages concentration risk by limiting its investments in any one issuer as follows: 25 percent maximum allocation of the portfolio to certificates of deposit, with a 10 percent maximum allocation per bank; 25 percent maximum allocation of the portfolio to bankers’ acceptances, with a 5 percent maximum per issuer; 25 percent maximum allocation of the portfolio to commercial paper, with a 5 percent maximum per issuer; and 25 percent maximum allocation of the portfolio to municipal securities, with a 5 percent maximum allocation per issuer. The City is not limited in its asset allocation to obligations of the following: the U.S. government, U.S. government agencies, or corporations wholly owned by the U.S. government. U.S. government agency collateralized mortgage obligations and pass-through securities combined are limited to a maximum asset allocation of 25 percent of the total portfolio without a maximum allocation per issuer.

Table 3-2 **CONCENTRATION OF CREDIT RISK**
(In Thousands)

Issuer	Fair Value	Percent of Total Investments
Federal Home Loan Mortgage Corporation (Freddie Mac)	\$ 268,574	17%
Federal National Mortgage Association (Fannie Mae)	249,772	15
Federal Farm Credit Bank	121,677	7
Federal Home Loan Bank	81,657	5

Custodial Credit Risk - Investments. The custodial credit risk for investments is the risk that, in the event of failure of the counterparty, the City will not have access to, or be able to recover, its investments or collateral securities that are in the possession of an outside party. The City mitigates custodial credit risk for its investments by having its investment securities held by the City's contractual custodial agent, BNY Mellon, and not by the trading counterparty or the trading counterparty's trust department or agent. Additionally, the City mitigates counterparty risk by settling its trades delivery-versus-payment through the City's contractual custodial agent.

The City mitigates counterparty custodial risk from repurchase agreements by using a third-party custodian for tri-party repos. The City conforms with the industry standard requiring execution of a master repurchase agreement with each counterparty prior to transacting a repurchase agreement, execution of a third-party custodial agreement between the City, the broker, and the clearing bank, before transacting a third-party repurchase agreement, and over-collateralizing by a minimum of 102 percent. The City did not transact in Tri-Party repo during 2014.

By investment policy, the City maintains a list of approved securities dealers for transacting business. For repurchase agreements, the City transacts only with large primary dealers with investment grade credit ratings provided by at least two of the Nationally Recognized Statistical Rating Organizations (NRSROs). The City also conducts its own due diligence as to the financial wherewithal of its counterparties.

Foreign Currency Risk. The City's pooled investments do not include securities denominated in foreign currencies.

INVESTMENTS OF THE SEATTLE CITY EMPLOYEES' RETIREMENT SYSTEM (SCERS)

Investments of the Seattle City Employees' Retirement System are accounted for in the Employees' Retirement Fund, a fiduciary fund which is not included in the Citywide financial statements because its resources belong to the retirement system and do not support City programs.

The retirement fund investments are made in accordance with the Prudent Person Rule as defined by RCW 35.39.060.

Table 3-3

SCERS' INVESTMENTS (In Thousands)

Investments	Amount
U.S. Government Obligations	\$ 175,686
Domestic Corporate Bonds	181,903
Other Fixed Income	180,923
Domestic Stocks	743,020
International Stocks	590,548
Real Estate	243,558
Alternative Investments	106,759
Total	\$ 2,222,397

Credit Risk. In accordance with its policy the Retirement Board provides its investment managers with a set of investment guidelines that specify eligible investments and applicable restrictions necessary for diversification and risk control. Managers do not have authority to depart from those guidelines.

SCERS' fixed income portfolio is primarily managed by four external money management firms. SCERS' investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from interest rates.

Table 3-4

**SCERS' FIXED INCOME PORTFOLIO
(In Thousands)**

Investment Type	Fair Value	Investment Maturities (In Years)			
		<1	1 - 5	6 - 10	>10

Bonds	62,847	20,389	3,846	18,548	20,064
Total Portfolio	<u>\$ 538,511</u>	<u>\$ 148,783</u>	<u>\$ 116,643</u>	<u>\$ 99,613</u>	<u>\$ 173,472</u>

Interest Rate Risk. SCERS' investment policy requires the Retirement Board to provide its investment managers with a set of investment guidelines that specify eligible investments, minimum diversification standards, and applicable restrictions necessary for risk control. Managers do not have authority to depart from those guidelines.

SCERS' investment policy does not limit fixed income investments based on ratings by nationally recognized rating agencies. Speculative investments are avoided based on the Prudent Person Rule as defined by RCW 35.39, and the policy specifies target percentages for diversification in order to minimize risk of large losses.

Alternative	7.3	16.0
Real Estate	10.5	13.0
Total	100.0%	100.0%

Concentration of Credit Risk. The Investment Committee reviews its portfolio holdings quarterly with the Investment Consultant to ensure compliance with the specified targets and performance results. Rebalancing of the portfolio back to the target percentages is undertaken to ensure compliance with the specified targets. The Retirement Board provides its investment managers with a set of investment guidelines that specify eligible investments, minimum diversification standards, and applicable restrictions necessary for diversification. In general, these guidelines require that investments in any issuer may not exceed 5 percent of the net position value of a manager's portfolio. Managers do not have authority to depart from these guidelines.

Custodial Credit Risk. SCERS mitigates custodial credit risk by having its investment securities held by SCERS' custodian and registered in SCERS' name.

Foreign Currency Risk. Foreign currency risk is the risk that changes in exchange rates that will adversely impact the fair value of an investment. SCERS' currency risk exposure or exchange rate risk primarily resides within the international equity holdings. SCERS' investment managers maintain adequately diversified portfolios to limit foreign currency and security risk.

SECURITIES LENDING TRANSACTIONS

The City cash pool and the Seattle City Employees' Retirement System are allowed to engage in securities lending transactions similar to that instituted by the Washington State Treasurer's Office and other municipal corporations in the State of Washington.

Under the authority of RCW 41.28.005 and the SMC 4.36.130, the Seattle City Employees' Retirement System Board of Administration adopted investment policies that define eligible investments, which include securities lending transactions whereby securities are lent for the purpose of generating additional income to SCERS. Gross income from securities lending transactions of SCERS as well as the various fees paid to the institution that oversees the lending activity is reported in the fund's operating statements. Assets and liabilities include the value of the collateral that is being held.

The market value of the required collateral must meet or exceed 102 percent of the market value of the securities loaned, providing a margin against a decline in the market value of the collateral, and is limited to a volume of less than \$75.0 million. The contractual agreement with the SCERS' custodian provides indemnification in the event the borrower fails to return the securities lent or fails to pay SCERS' income distribution by the securities' issuers while the securities are on loan. Cash and U.S. government securities were received as collateral for these loans.

SCERS invests cash collateral received; accordingly, any investment made with cash collateral is reported as an asset. A corresponding liability is recorded as SCERS must return the cash collateral to the borrower upon the expiration of the loan. As of December 31, 2014, SCERS has no credit risk exposure to borrowers; amounts owed to borrowers exceed the amount the borrower owes.

REVERSE REPURCHASE AGREEMENTS

RCW 35.39.030 and City investment policy allow the investment of City moneys in excess of current City needs in reverse repurchase agreements. However, at this time, the City does not engage itself in this type of investment strategy.

(4) RECEIVABLES, INTERFUND TRANSACTIONS, AND DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

Table 4-1

	Revenues	Receivables
Property Taxes	\$ 431,458	\$ 8,758
General Business and Occupation Taxes	431,436	58,796
Totals	<u>\$ 862,894</u>	<u>\$ 67,554</u>

TAXING POWERS AND LIMITATIONS

State law limits the regular property tax rate for general City operations to \$3.60 per \$1,000 of assessed value. This includes \$3.375 for general municipal purposes and an additional \$0.225 for the Firemen's Pension Fund and for general municipal purposes under conditions spelled out in state law. From 1997 through 2001 state law limited the annual growth in the City's regular property tax levy to the lesser of 106 percent or the annual rate of inflation. The passage of Initiative 747 in November 2001 reduced the 106 percent to 101 percent. In early November 2007, the State Supreme Court upheld a lower court ruling that Initiative 747 was unconstitutional. This decision would have returned the growth limit factor to 106 percent. On November 29, 2007, the legislature, in special session, passed and the governor signed into law language identical to that of Initiative 747. Thus, the limit factor remains 101 percent. The growth limit does not count tax revenues from new construction or property remodeled within the last year. With simple-majority voter approval, the City can levy additional property taxes above the 101 percent annual growth limit, as long as the City's regular levy rate per \$1,000 of assessed value does not exceed the \$3.60 limit. Excess tax levies for capital purposes require a 60-percent approval by voters and do not fall under either of the limits. The City levied \$1.80 per \$1,000 of assessed value for general operations and Firemen's Pension Fund in 2014. In addition, the levy included \$1.247 per \$1,000 of assessed value for debt service and other voter-approved levies. The total 2014 levy was \$3.05 per \$1,000 of assessed value. Not included in this total is the levy for Medic One/Emergency Medical Services, which was renewed by voters at election in November 2013 for collection in 2014 at \$0.335 per \$1,000 of assessed value.

Property taxes are levied by the County Assessor and collected by the County Finance Director. Assessments are based on 100 percent of true and fair-market value. They are levied and become a lien on the first day of the levy year. They may be paid in two equal installments if the total amount exceeds \$30. The first half is due on April 30, or else the total amount becomes delinquent May 1. The balance is due October 31, becoming delinquent November 1. Delinquent taxes bear interest at the rate of one percent per month until paid and are subject to additional penalties of three percent and another eight percent on the total unpaid delinquent balance on June 1 and December 1, respectively. Foreclosure action is commenced on properties when taxes are delinquent for three years.

INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The City reports interfund balances between funds. The interfund balances are presented in the balance sheets for governmental funds and statements of net position for proprietary funds.

The following table shows the current interfund balances at December 31, 2014, as reported in the fund financial statements.

**Table 4-3 ADVANCES, NOTES, AND LOANS FROM AND TO OTHER FUNDS
(In Thousands)**

<u>Advances, Notes, and Loans From</u>	<u>Advances, Notes, and Loans To</u>	<u>Amount</u>
General Fund	2015 UTGO Alaskan Way Viaduct Fund	\$ 15,000
	Central Waterfront Improvement Fund	16,610
	Downtown Parking Garage Fund	6,494
Total City		<u>\$ 38,104</u>

The interfund loans for the Downtown Parking Garage, the 2015 UTGO Alaskan Way Viaduct Seawall Fund, and the Central Waterfront Improvement Fund have been approved by the City Council through ordinance. The 2015 UTGO Alaskan Way Viaduct Seawall Fund loan was approved by Ordinances 124125 and 124745 and is to be repaid no later than December 31, 2018 by the issuance of unlimited tax general obligation bonds. The Central Waterfront Improvement Fund loan was approved by Ordinances 123761, 124033, and 124345 and is to be repaid no later than December 31, 2016 from grants, donations, transfers, and other monies as authorized by ordinance. The Downtown Parking Garage’s loan authorized by Ordinances 123694, 124123, and 124348 is to be repaid by December 31, 2015 either from operating revenues of the Garage or available General Fund resources.

**Table 4-4 INTERFUND TRANSFERS
(In Thousands)**

<u>Transfers In</u>	<u>Transfers Out</u>					<u>Total</u>
	<u>General</u>	<u>Internal Service</u>	<u>Nonmajor Enterprise</u>	<u>Nonmajor Governmental</u>	<u>Transportation</u>	
General Fund	\$ —	\$ 88	\$ 11,512	\$ 241,981	\$ 69,000	\$ 322,581
Internal Service	6,069	—	—	—	—	6,069

Property Taxes	4,146	660	322	1,481	6,609
Special Assessment	—	—	—	11,489	11,489
Total Deferred Inflows of Resources	<u>\$ 11,921</u>	<u>\$ 660</u>	<u>\$ 404,315</u>	<u>\$ 57,104</u>	<u>\$ 474,000</u>

Housing Loan Guarantees

This balance represents the portfolio of all outstanding housing development loans made through the City’s Office of Housing. The loan activity and the associated loan guarantees were recorded with the Low-Income Housing Fund, the Community Development Block Grant Program Funds, and directly within Office of Housing’s operating fund. The deferred outflow and deferred inflow of resources are segregated on the balance sheets of the original funds that generated the activity. The deferred outflow of resources represents the loans issued and subject to ongoing use criteria. Although these loans are not expected to be repaid unless the property is sold or there is a change in purpose that would result in a contract default. A default due to compliance would generate a loan balance receivable for the City, and would immediately place a legal obligation on the City for repayment of the loan proceeds. This obligation is presented as the deferred inflow of resources. The result of a loan default scenario would have a net zero impact on the City’s net position.

Special Assessment

The Local Improvement District 6750 Fund recorded a deferred outflow of resources which reflects the total expected future collections from the District. The assessment expected to be collected during the upcoming fiscal period is adjustment from the deferred outflow of resources and recognized as revenue within our government-wide presentation.

Debt Service

The governmental funds loss on debt refunding of \$884 thousand, previously reported as an asset, is now reported as a Deferred Inflow of Resources on the government-wide financial statement and will continue to be amortized as a component of interest expense. The internal service funds also recorded a loss on debt refunding of \$161 thousand, previously reported as an asset, it’s now reported as a deferred outflow of resources on the combined Statement of Net Position and will be amortized over the life of the bonds.

Property Taxes

For 2014 total taxes outstanding of \$6.6 million were recorded as a tax receivable asset within our governmental funds. Unable to meet the revenue recognition criteria our governmental funds recorded the balance of the tax receivable asset as a Deferred Inflow of Resources. The reconciliation of our governmental fund financial statements to government-wide financial statements shows an adjustment to remove the deferred inflow of resources recorded by the governmental funds, and record the tax revenues to the Statement of Activities.

Total Deferred Inflows of Resources	<u>\$ 111,485</u>	<u>\$ 27,875</u>	<u>\$ —</u>	<u>\$ 15,795</u>	<u>\$ 155,155</u>

Revenue Stabilization Account

Funding of revenue stabilization accounts (RSAs) from operating cash effectively defers operating revenues. For the City Light (SCL) the balance of the RSA was \$89.4 million and \$85.0 million for 2014 and 2013, respectively. For the Seattle Public Utilities the balance of the RSA was \$43.7 million and \$24.7 million for 2014 and 2013, respectively.

Regulatory Credits

Regulatory credits are the result of SCL (as affirmed by Seattle City Council Resolution No. 30942) recognizing the effects of reporting the fair value of exchange contracts in future periods for rate making purposes and maintaining regulatory accounts to spread the accounting impact of these accounting adjustments. For SCL the balance of the credits were \$22.1 million and \$15.7 million for 2014 and 2013, respectively.

(5) SHORT-TERM ENERGY CONTRACTS AND DERIVATIVE INSTRUMENTS

Seattle City Light (SCL) engages in an ongoing process of resource optimization, which involves the economic selection from available energy resources to serve SCL's load obligations and using these resources to capture available economic value. SCL makes frequent projections of electric loads at various points in time based on, among other things, estimates of factors such as customer usage and weather, as well as historical data and contract terms. SCL also makes recurring projections of resource availability at these points in time based on variables such as estimates of streamflows, availability of generating units, historic and forward market information, contract terms, and experience. On the basis of these projections, SCL purchases and sells wholesale electric capacity and energy to match expected resources to expected electric load requirements and to realize earnings from surplus energy resources. These transactions can be up to 24 months forward. Under these forward contracts, SCL commits to purchase or sell a specified amount of energy at a specified time, or during a specified time in the future. Except for limited intraday and interday trading to take advantage of owned hydro storage, SCL does not take market positions in anticipation of generating revenue. Energy transactions in response to forecasted seasonal resource and demand variations require approval by SCL's Risk Oversight Council.

It is the City's policy to apply the normal purchase and normal sales exception of GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments, as appropriate. Certain forward purchase and sale of electricity contracts in SCL meet the definition of a derivative instrument, but are intended to result in the purchase or sale of electricity delivered and used in the normal course of operations. Accordingly, SCL considers these forward contracts as normal purchases and normal sales under GASB Statement No. 53. These transactions are not required to be recorded at fair value in the financial statements.

The following table presents (in millions) the aggregate contract amounts, fair value, and unrealized gain (loss) of SCL's commodity derivative instruments qualifying as normal purchases and normal sales at December 31:

Year 2014	Aggregate Contract Amount	Aggregate Fair Value	Unrealized Gain (Loss)
Sales	\$ 13.3	\$ 11.9	\$ 1.4
Purchases	—	—	—
Total	\$ 13.3	\$ 11.9	\$ 1.4
Year 2013	Aggregate Contract Amount	Aggregate Fair Value	Unrealized Gain (Loss)
Sales	\$ 19.4	\$ 22.4	\$ (3.0)
Purchases	1.5	1.7	0.20
Total	\$ 20.9	\$ 24.1	\$ (2.8)

Fair value measurements at December 31, 2014 and 2013 used an income valuation technique consisting of Kiindex Forward Curves and interest rates from HIS Global Insight that are used to calculate discount rates.

All derivative instruments not considered as normal purchases and normal sales are to be recorded within the financial statements using derivative accounting according to GASB Statement No. 53. In 2010, the City Council adopted a resolution granting SCL authority to enter into certain physical put and call options that would not be considered normal purchases and normal sales under GASB Statement No. 53. SCL did not have any such activity for 2014 and 2013. In addition, the City Council has deferred recognition of the effects of reporting the fair value of derivative financial instruments for rate-making purposes, and SCL maintains regulatory accounts to defer the accounting impact of these accounting adjustments in accordance with GASB Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements.

Market Risk. Market risk is, in general, the risk of fluctuation in the market price of the commodity being traded and is influenced primarily by supply and demand. Market risk includes the fluctuation in the market price of associated derivative commodity instruments. Market risk may also be influenced by the number of active, creditworthy market participants, and to the extent that nonperformance by market participants of their contractual obligations and commitments affects the supply of, or demand for, the commodity. Because SCL is active in the wholesale energy market, it is subject to market risk.

Credit Risk. Credit risk relates to the potential losses that SCL would incur as a result of nonperformance by counterparties of their contractual obligations to deliver energy or make financial settlements. Changes in market prices may dramatically alter the size of credit risk with counterparties, even when conservative credit limits are established. SCL seeks to mitigate credit risk by entering into bilateral contracts that specify credit terms and protections against default, applying credit limits and duration criteria to existing and prospective counterparties, and actively monitoring current credit exposures. SCL also seeks assurances of performance through collateral requirements in the form of letters of credit, parent company guarantees, or prepayment.

SCL has concentrations of suppliers and customers in the electric industry including electric utilities, electric generators and transmission providers, financial institutions, and energy marketing and trading companies. In addition, SCL has concentrations of credit risk related to geographic location as it operates in the western United States. These concentrations of counterparties and concentrations of geographic location may impact SCL’s overall exposure to credit risk, either positively or negatively, because the counterparties may be similarly affected by changes in conditions.

Other Operational and Event Risk. There are other operational and event risks that can affect the supply of the commodity, and SCL’s operations. Due to SCL’s primary reliance on hydroelectric generation, the weather, including spring time snow melt, runoff, and rainfall, can significantly affect SCL’s operations. Other risks include regional planned and unplanned generation outages, transmission constraints or disruptions, environmental regulations that influence the availability of generation resources, and overall economic trends.

(7) COMPENSATED ABSENCES

The following discussion on the general liabilities of the City and the tables for the other City funds present the accrued compensated absences at the end of 2014 and 2013. The tables present the accrued compensated absences grouped by governmental activities, business-type activities, and pension trust funds at the end of 2014 and 2013.

GOVERNMENTAL ACTIVITIES

Governmental Funds

Unpaid compensated absences associated with governmental fund operations of \$97.8 million and \$82.6 million at December 31, 2014 and 2013, respectively, have been recorded in the government-wide financial statements.

(8) LEASES**CAPITAL LEASES**

The City leases certain office equipment under various capital lease agreements. The City's capital lease obligations and the related assets were recorded in the appropriate funds and government-wide financial statements. The net capital lease assets shown in the following table reflect those continuing to be financed through capital leases. The minimum capital lease payments reflect the remaining capital obligations on these assets.

Table 8-1

The outstanding principal portion of the minimum capital lease payments is also presented in Table 9-9 of Note 9, Long-Term Debt.

OPERATING LEASES**Governmental Activities**

The City, through its Facilities Operations Division, manages buildings and facilities that are owned by the City and has operating lease commitments on real property owned by private entities. Many lease commitments on private properties are for a term of five years or longer and may be renewed as required by the City tenant departments. The lease agreements show a periodic schedule of rental amounts. Facilities Operations Division paid rentals of approximately \$5.1 million and \$4.6 million in 2014 and 2013 on the lease commitments. There are no projected rent increases apart from lease agreements entered into by the City.

In addition, Seattle Center leases a building for office space and workshop on a type of lease called a "triple net lease" for its Technical Facilities Management. The original lease agreement expired on July 30, 2010 but was renewed for another five years with new expiration date of July 30, 2015. The renewed lease agreement requires a fixed rent of \$23,420 per month subject to increases on each July 1 beginning in 2011 and every year thereafter by the percentage of change, if any, in the Consumer Price Index (CPI) for All Urban Consumers, United States Average for All Items (1982 - 84 = 100) published by the Bureau of Labor Statistics, United States Department of Labor CPI from the CPI last published in the preceding year, but not to exceed five percent for any lease year. If there is a decline in the CPI, the fixed rent during the succeeding year will be equal to the fixed rent during the immediate preceding year. All other amounts required by the landlord to be paid by Seattle Center on the lease shall constitute additional rent. On a triple net lease Seattle Center will pay all impositions on the lease, insurance premiums, utilities, taxes, operating expenses, maintenance charges, repair costs, and other charges, costs, and expenses which arise or may be contemplated during the lease term. Seattle Center paid lease payments of \$307,910 and \$318,382 in 2014 and 2013, respectively. Rents are paid as they become due and payable.

The City leases office equipment under various non-cancelable long-term operating lease agreements. The minimum payments made for these operating leases totaled \$633,452 in 2014.

Minimum payments under the leases are:

Table 8-2

**OPERATING LEASE COMMITMENTS
GOVERNMENTAL ACTIVITIES
(In Thousands)**

Minimum Lease Payments								
Year Ending December 31	Department of Finance & Admin Services	Seattle Center	Department of Parks & Recreation	Department of Planning & Development	Office of Art & Cultural Affairs	Department of Transportation	Total

Minimum Rentals:	\$ 6,084	\$ 4,487
Less: Sublease Rentals	(57)	(57)
	\$ 6,027	\$ 4,430

Business-Type Activities

Seattle City Light leases office equipment and smaller facilities for various purposes through long-term operating lease agreements. Expense for these operating leases totaled \$1,551,760 in 2014 and \$1,333,827 in 2013.

Seattle Public Utilities has non-cancelable operating lease commitments for real and personal property for its three funds: Water Fund, Drainage and Wastewater Fund, and Solid Waste Fund. The minimum payments made respectively in 2014 and 2013 were: \$367,701 and \$365,844 for the Water Fund; \$100,237 and \$100,325 for the Drainage and Wastewater Fund, and \$199,195 and \$192,417 for the Solid Waste Fund. Rents are paid as they become due and payable.

Minimum payments under the leases are:

Table 8-3

LEASE REVENUES - GOVERNMENTAL ACTIVITIES

The Facilities Operations Division collects occupancy charges from the various tenants occupying real property owned or leased by the City. These tenants include other City departments, other government offices, social service agencies, and private businesses. Social service agencies frequently pay occupancy charges at reduced rates in consideration of offsetting benefits accruing to the City as a result of the services they provide to the public. Rental revenues derived from these activities are accounted for in the Finance and Administrative Services Fund, an internal service fund, and are shown in the following table.

Table 8-4

**MAJOR SOURCES OF RENTAL INCOME ON REAL PROPERTY MANAGED BY
FACILITIES OPERATIONS DIVISION
(In Millions)**

	2014	2013
Non-City Property Occupied by City Departments	\$ 5.2	\$ 5.1
City-Owned Property Occupied by City Departments	53.2	52.5
City-Owned Property Leased to Non-City Tenants	2.3	2.4
Total	<u>\$ 60.7</u>	<u>\$ 60.0</u>

Additionally, in 2014 the SeaPark Garage and the Seattle Municipal Tower Building generated \$2.8 million total parking revenues, which were recorded in the Finance and Administrative Services Fund.

Also, in 2014 the City recognized \$7.4 million in parking revenues in the Downtown Parking Garage Fund, an enterprise fund, from the operation of the garage at Pacific Place.

(9) LONG-TERM DEBT

GENERAL OBLIGATION BONDS

The City issues general obligation bonds to provide funding for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. General obligation bonds are direct obligations and pledge the full faith and credit of the City. The City issues two types of general obligation bonds, limited tax general obligation (LTGO) bonds and unlimited tax general obligation (UTGO) bonds.

The original amount of general obligation bonds issued for bonds outstanding at the end of 2014 was \$1.339 billion. The amount of bonds outstanding at December 31, 2014 was \$872.5 million. The following paragraphs discuss the general obligation bonds issued and refunded/defeased during 2014.

In April 2014, the City issued the following series of General Obligation Bonds: (1) \$62.8 million LTGO Improvement Bonds, 2014. The bonds mature from November 2014 through May 2034 with an average coupon rate of 4.3 percent; (2) \$16.4 million UTGO Improvement Bonds, 2014, fully amortizing in December 2043 with an average coupon rate of 4.0 percent. The proceeds of these LTGO and UTGO bonds are used to pay all or part of the costs of construction and acquisition of various City capital projects, including Seawall, North Precinct, Golf, South Park Bridge, Seattle Symphony, and various IT projects. In addition, the part of the 2014 LTGO bonds proceeds was used for the refunding of the 2002 special obligation bonds, series A & B, originally issued by Seattle Chinatown-International District Preservation and Development Authority.

City had no short-term general obligation debt at the end of 2014.

The following table presents the individual general obligation bonds outstanding as of December 31, 2014, and other relevant information on each outstanding bond issue.

- a Includes all bonds that matured to date and all called, refunded, and defeased bonds on issues that have outstanding balances at the beginning of the year.
- b Issued as direct-pay Build America Bonds, created under Section 1531 of the American Recovery and Reinvestment Act of 2009 whereby state or local governmental issuers of this type of bonds receives a federal subsidy through Treasury Department and the Internal Revenue Service in an amount equal to 35 percent of the total coupon interest payable to investors or buyers of the bonds. However, starting in fiscal year 2014, the subsidy payments have been reduced as a result of sequestration mandated by the U.S Congress. The subsidy cuts are expected to last through fiscal year 2024.

The requirements to amortize the general obligation bonds as of December 31, 2014, are presented in the following table. Debt service for the LTGO bonds is met by transfers generally from the General Fund and certain special revenue funds and by reimbursements from proprietary funds of the City. Debt service for the UTGO bonds is covered by property tax levies that authorized the bond issues and were approved by at least 60 percent of the voters in elections in which the number of voters exceeded 40 percent of the voters in the most recent election preceding the election to vote on the bond issue.

SPECIAL ASSESSMENTS BONDS WITH GOVERNMENTAL COMMITMENT

The bonds are special fund obligations of the City, the debt service of which will be paid from collections from related local improvement district (LID) assessments levied against the benefited properties located within the boundaries of the LID. Though guaranteed by the City’s LID Guaranty Fund, this type of special assessment bonds does not constitute an obligation of any political subdivision thereof other than the City, and neither the full faith and credit nor the taxing power of the City is pledged to the payment of the bonds. The amount of special assessment bonds outstanding at the end of 2014 was \$10.4 million. There were no new bond issues in 2014.

The following table shows more detail on the outstanding issue.

NOTES AND CONTRACTS PAYABLE – GOVERNMENTAL ACTIVITIES

The Seattle Department of Transportation (SDOT) has outstanding notes drawn in several years from the Washington State’s Public Works Trust Loan program administered by the Washington State Public Works Board, a division of the Department of Commerce (formerly Department of Community, Trade, and Economic Development). The notes were drawn at varying low annual interest rates ranging from 0.5 percent to 3.0 percent. The proceeds of the loan support City road and bridge improvements. The City paid \$2.0 million and \$0.2 million in principal and interest, respectively, in 2014. The outstanding balance on the notes at December 31, 2014, is \$14.6 million. The following table presents the annual debt service requirements to maturity on the notes as of the end of 2014.

REVENUE BONDS

The City also issues revenue bonds to provide financing for the capital programs of the four utilities of the City, namely, City Light and the utilities grouped under Seattle Public Utilities, which are Water, Drainage and Wastewater, and Solid Waste. The City does not pledge its full faith and credit for the payment of debt service on revenue bonds. Payment of debt service on the bonds issued for each utility is derived solely from the revenues generated by the related utility. The original amount of revenue bonds issued for bonds outstanding at the end of 2014 was approximately \$4.747 billion. The total outstanding amount at December 31, 2014, was \$3.543 billion. During 2014 an additional \$493.8 million of revenue bonds were issued.

On November 5, 2014, the City issued \$265.2 million Municipal Light and Power Improvement and Refunding Revenue Bonds (Parity) to advance refund \$125.0 million of the outstanding 2004 bond series and fund certain capital improvements and conservation programs for the City’s light system. Also \$615 thousand was used to make a deposit to the Reserve Fund. Further discussion on the advance refunding is shown in the Advance and Current Refunding sections of this note.

The following table presents the individual revenue bonds outstanding as of December 31, 2014, and other pertinent information on each outstanding bond issue.

^a Includes all bonds that matured to date and all called, refunded, and defeased bonds on issues that have outstanding balances at the beginning of the year.

^b Issued as taxable direct-pay Build America Bonds, created under Section 1531 of the American Recovery and Reinvestment Act of 2009 whereby state or local governmental issuers of this type of bonds receives a federal subsidy through Treasury Department and the Internal Revenue Service in an amount equal to 35 percent of the total coupon interest payable to investors or buyers of the bonds.

^c Issued as taxable Recovery Zone Economic Development Bonds, a third type of Build America Bonds which provides for a deeper federal subsidy through a refundable tax credit paid to state or local governmental issuers in an amount equal to 45 percent of the total coupon interest payable to investors or buyers of the bonds.

^d Issued as taxable New Clean Renewable Energy Bonds.

The requirements to amortize the revenue bonds as of December 31, 2014, are presented below.

NOTES AND CONTRACTS PAYABLE – BUSINESS-TYPE ACTIVITIES

Seattle Public Utilities (SPU) has various construction projects that are financed by low-interest loans issued by the State of Washington. The loan agreements require that SPU finance a portion of these projects from other sources. SPU’s Water Fund as well as its Drainage and Wastewater Fund utilize these loans to enhance and protect the City’s water, drainage, and wastewater systems.

Water

In 2008, the Fund entered into two loan agreements to borrow \$8.1 million from the Washington State Department of Commerce under its Public Works Trust Loan program at 1.5 percent interest per year and a repayment of 18 to 19 years. Proceeds from these loans were used to finance the Myrtle and Beacon Reservoir projects. As of December 31, 2014, these loans have an outstanding balance of \$5.0 million.

In 2009, the Fund entered into a loan agreement to borrow \$3.0 million from the Washington State Department of Commerce under its Public Works Trust Loan program at 1.5 percent per annum and payable in 19 years. Proceeds from this loan were used to finance the West Seattle Reservoir project. As of December 31, 2014, this loan has an outstanding balance of \$2.1 million.

Also in 2009, the Fund entered into two loan agreements, totaling \$9.0 million, to borrow from the Washington State Department of Commerce under its Public Works Trust Loan program to be used to finance the Maple Leaf Reservoir project. The first loan, in the amount of \$5.9 million, was funded with resources from the American Recovery and Reinvestment Act of 2009 (ARRA) at 1.0 percent annual interest and payable in 19 years. The second loan, in the amount of \$3.0 million, bears interest of 1.5 percent per annum and a repayment period of 19 years. As of December 31, 2014, these loans have an outstanding balance of \$9.0 million.

Amounts paid for all loans in 2014 were \$1,124,987 in principal and \$223,823 in interest. Total loans outstanding as of December 31, 2014 are \$16.1 million. The minimum debt service requirements to maturity are included in Table 9-8.

Drainage and Wastewater

During 2004, the Fund entered into a loan agreement to borrow up to \$3.7 million from the Washington State Department of Commerce under the Public Works Trust Loan program for the construction of certain capital improvements. Amounts borrowed under the agreement accrue interest at 0.5 percent per annum and are to be repaid in 19 annual installments plus interest. Proceeds from this loan were used to finance the Thornton Creek Natural Drainage Systems. As of December 31, 2014, this loan has an outstanding balance of \$2.0 million.

In 2005, the Fund entered into a loan agreement with the Washington State Department of Ecology under its Public Works Trust Loan program to borrow up to \$2.7 million to support the construction of improvements of the High Point Natural Drainage Systems project. Amounts under this agreement accrue interest at 1.5 percent per annum and are to be repaid in 20 annual installments. As of December 31, 2014, the loan has an outstanding balance of \$2.1 million.

In 2006, the Fund entered into a loan agreement with the Washington State Department of Commerce under its Public Works Trust Loan program to borrow up to \$3.4 million to support the construction of the South Park Flood Control and Local Drainage program. Amounts borrowed under the agreement accrue interest at 0.5 percent per annum and are to be repaid over 19 years. As of December 31, 2014, the loan has an outstanding balance of \$2.2 million.

In 2008, the Fund entered into a loan agreement with the Washington State Department of Ecology to borrow up to \$7.0 million to support the construction and site improvements of the Thornton Creek Water Quality Channel. Amounts borrowed under this agreement accrue interest at 1.5 percent per annum and are to be repaid over 20 years beginning in 2011. As of December 31, 2014, the loan has an outstanding balance of \$5.7 million.

In 2009, the Fund entered into a loan agreement with the Washington State Department of Ecology to borrow up to \$1.4 million to support the Ballard Green Streets project. This loan was funded with resources from the ARRA which provides a 50-percent forgivable provision. Amounts borrowed under this agreement accrue interest at 2.9% per annum and are to be repaid by December 2020. As of December 31, 2014, the loan has an outstanding balance of \$0.4 million.

In 2011, the Fund was approved for a Public Works Trust Loan of \$4.0 million from the Washington State Department of Commerce for construction and site improvements in the Midvale area of Seattle. Amounts borrowed under this agreement accrue interest at 0.5 percent per annum and are to be repaid by June 2032. As of December 31, 2014, the loan has an outstanding balance of \$3.6 million.

In 2012, the Fund entered into a loan agreement with the Washington State Department of Ecology to borrow up to \$1.9 million to support the design and construction of the storm water facility for the Capitol Hill Water Quality Project. Amounts borrowed under this agreement accrue interest at 2.6 percent per annum and are to be repaid over 20 years. As of December 31, 2014, the loan has an outstanding balance of \$1.9 million.

Amounts paid to all loans in 2014 were \$1,138,134 in principal and \$207,849 in interest. Total loans outstanding as of December 31, 2014 are \$17.8 million. The minimum debt service requirements to maturity are included in Table 9-8.

^a Some amounts may have rounding differences with the Statement of Net Position.

^b The Special Assessment Bonds carry neither premiums nor discounts.

^c See Note 10, Environmental Liabilities for a detailed discussion.

^d See Note 16, Contingencies, for a discussion of risk management, environmental, and other matters. The table in Note 16 also includes information on workers' compensation and health care.

The City's internal service funds predominantly serve governmental funds. For this reason the above totals in the governmental activities include the long-term liabilities for these funds. At the end of the year compensated absences and claims payable of these funds amounted to approximately \$3.2 million and \$2.0 million, respectively, and are liquidated from each fund's own resources. Notes and contracts (including public works trust loans), compensated absences, and workers' compensation other than those pertaining to the internal service funds are liquidated using the respective governmental funds of operating City departments, including those funded by the General Fund. General liability and health care claims relating to internal service funds are liquidated using the General Fund. Liabilities for compensated absences for governmental activities in governmental funds that have department operating budgets, though they are reported as a general obligation of the City, are paid from these funds when these compensated absences are used by the employees or cashed out by them at termination or retirement. Arbitrage rebate liabilities in governmental activities are paid as they become due and usually come from available resources in governmental funds that received the related bond proceeds and investment earnings from the proceeds.

In addition to paying for debt service on the bond issues for business-type City operations, each business-type fund liquidates its respective other long-term liabilities, with the exception of the Department of Planning and Development (DPD) for general liability. The General Fund pays for DPD's general liability, if any. Environmental liabilities of governmental activity funds are paid from the governmental funds while environmental liabilities of business-type activity funds are paid respectively from the utility funds. Purchased power obligations are obligations of City Light and therefore paid from the Light Fund. For further discussion on purchased power, see Note 15, Commitments.

ADVANCE AND CURRENT REFUNDINGS

In order to lower interest costs the City refunded and defeased certain bonds. To do so, the City issued new refunding bonds to refund certain prior bond issues and also used its own resources to defease certain prior bond issues. In most cases, City resources and the proceeds of refunding bonds are placed in irrevocable trusts for the purchase of federal, state, and local government securities to provide for all future debt service on the old bonds. As a result, the old bonds including those refunded are considered defeased, and the corresponding liabilities are not included in the statement of net position. In some cases, like for City Light and Water bonds in the past three years, proceeds are kept with the City as restricted cash until the refunded bonds are called, usually within 90 days. The following paragraph discusses the advance and current refundings that occurred in 2014.

General Government

There was no refunding in 2014.

City Light

The Department issued \$265.2 million of revenue and refunding bonds, which provided both new money to the Department and advance refund \$125.4 million of the outstanding 2004 bond series. In addition to advance refunding a portion of the 2004 bond series, the Bonds were issued to finance certain capital improvements and conversation programs for the Light System of the City of Seattle and to make a deposit to the Reserve fund.

The refunding resulted in the recognition of a loss on refunding of \$1.3 million, and the economic gain totaled \$19.0 million at net present value. The arbitrage yield for the bonds is 2.58 percent. The debt service for the 2014 bonds requires a cash flow over the life of the bonds of \$414.4 million, including \$149.2 million in interest. The difference between the cash flows required to service the old and new debt and to complete the refunding totaled \$20.5 million.

Solid Waste

The Department issued \$95.4 million of revenue and refunding bonds, of which \$40.9 million was used to refund the 2007 bond series. Additionally, the Bonds were issued to finance certain capital projects as well as scheduled principal payments for existing bond debt.

The refunding resulted in an economic gain of \$2.3million and reduced the total debt service requirements by \$2.5 million.

The following is a schedule of outstanding bonds that are either refunded or defeased.

ARBITRAGE

Since 1995 the City has been reviewing arbitrage rebate liability on its outstanding tax-exempt bonds and certificates of participation under Section 148(f) of the Internal Revenue Code. For bonds that have reached their installment computation dates (bonds outstanding for five years initially and every five years thereafter until the last of the bond issue matures), the City paid arbitrage rebate of \$19 thousand on its general obligation bonds in 2011 and none in 2012, 2013 and 2014 respectively. As of December 31, 2014, arbitrage rebate liability on general obligation bonds and revenue bonds are \$10 thousand and none, respectively.

(10) ENVIRONMENTAL LIABILITIES

Following is a brief description of the significant sites:

- The Harbor Island Superfund Site. In 1983, the U.S. Environmental Protection Agency (EPA) designated this site as a federal Superfund site. The City and other entities are sharing costs of investigating contamination in the East Waterway alongside Harbor Island. The City's involvement stems from its sale of transformers to a company on Harbor Island, discharges from storm drains, and combined sewer outflows. The City is one of four parties who are conducting a remedial investigation and feasibility study that will delineate cleanup actions. The EPA approved the remedial investigation report. The feasibility study is anticipated to be completed by 2016. The City's ultimate liability is indeterminate.
- The Lower Duwamish Waterway Superfund Site. In 2001, the EPA designated this site as a federal Superfund site for contaminated sediments. The City's involvement is attributable to its land ownership/use of property along the river. The City is one of four parties who signed an Administrative Order on Consent (AOC) with the EPA and Washington State Department of Ecology (DOE) to conduct a remedial investigation and feasibility study to prepare a site remedy. The EPA approved the feasibility study in November 2012. In February 2013, the EPA issued the Proposed Plan for cleanup of the Lower Duwamish Waterway Superfund Site for public comment. The remaining scope of cleanup by potentially responsible parties has been decided by the EPA in the 2014 Record of Decision. The City's ultimate liability is indeterminate.

In November 2012, the EPA issued general notification letters to over 200 parties informing them of their potential liability for the Lower Duwamish Waterway cleanup. The original parties of the AOC have agreed to invite some of those parties to participate in an alternative dispute resolution process (the "allocation process") to resolve their respective shares of past and future costs. The City has selected an allocator. The development of the allocation process agreement is ongoing. Parties participating in the allocation process will share the cost of the allocator and the process.

The City is also responsible for investigation and cleanup at the Port of Seattle Terminal 117. The City agreed to pay 40 percent of the costs to clean up the uplands and river sediment parts of the site and 100 percent of the costs to clean up contamination in adjacent streets. The City's ultimate liability is indeterminate for Terminal 117.

- North Boeing Field/Georgetown Steam Plant. The City, King County, and Boeing have signed an Administrative Order issued by the DOE requiring them to investigate and possibly remove contamination in an area that encompasses North Boeing Field, the City's Georgetown Steam Plant, and the King County Airport. This site was also the subject of the lawsuit brought by the City against Boeing. Boeing has agreed to pay 67 percent of the costs for DOE's implementation of the order. The order requires completion and then implementation of a remedial investigation and feasibility study work plan. The final remedial investigation work plan was issued in November 2013. In January 2015, all parties executed the First Amendment to the North Boeing Field/Georgetown Steam Plant Agreed Order, making all parties responsible for conducting and completing remedial action at the site. The City is responsible for 1/3 of the costs. The implementation of the work is scheduled for 2015. Boeing and the City will each pay 100 percent of costs for remedial action at their own facilities.
- Gas Works Park Sediment Site. In April 2002 the DOE named the City and another party, Puget Sound Energy, as partially responsible parties for contamination at the Gas Works Sediments Site in North Lake Union. The City and Puget Sound Energy signed an Agreed Order with the DOE in 2005 to initiate two remedial investigations and two feasibility studies for the sediment site—one in the western portion of the site led by the City, and another in the eastern portion of the site led by Puget Sound Energy. Subsequently, in fall of 2012, the City and Puget Sound Energy entered into a Settlement, Release, and Cost Allocation Agreement that puts Puget Sound Energy in the lead for all additional cleanup work at the site; the east-west split is no longer in place. Based on the 2012 Agreement, the City pays for 20 percent of the Shared Costs incurred by Puget Sound Energy for the cleanup work. One set of remedial investigation and feasibility study reports include an evaluation of the nature and extent of contamination on the site, an evaluation of multiple alternatives for remediating the sediments, and a recommended preferred alternative. Puget Sound Energy collected additional environmental data in 2013 and the second remedial investigation is expected to be completed in 2015 followed by the feasibility study in late 2015. A Cleanup Action Plan is expected from the DOE in about 2016.
- South Park. The City and a private developer are under an Agreed Order with the DOE to perform a remedial investigation and feasibility study and to draft a Cleanup Action Plan for the historic South Park Landfill site under the State Model Toxics Control Act. The City and developer submitted a draft remedial investigation and feasibility study report in April 2012 and a Draft Cleanup Action Plan in June 2014. The City and developer are negotiating with DOE to finalize the two reports. DOE approved an interim cleanup action by the developer on his portion of site property. That cleanup is expected to be complete in 2015. In 2012, the City executed an agreement regarding the developer's interim action that settles City liabilities for the interim cleanup costs but not City liabilities for the permanent cleanup. The City has asked DOE to approve an interim cleanup on its portion of the site property and awaits DOE's decision about that cleanup.

The City has included in its estimated liability those portions of the environmental remediation work that are currently deemed to be reasonably estimable. Cost estimates were developed using the expected cash flow technique in accordance with GASB Statement No. 49, Accounting and Financial Reporting for Pollution Remediation Obligations. Estimated outlays were based on current cost and no adjustments were made for discounting or inflation. Cost scenarios were developed for a given site based on data available at the time of estimation and will be adjusted for changes in circumstance. Scenarios consider the relevant potential requirements and are adjusted when benchmarks are met or when new information revises estimated outlays, such as changes in the remediation plan or operating conditions. Costs were calculated on a weighted average that was based on the probabilities of each scenario being selected and reflected cost-sharing agreements in effect. In addition, certain estimates were derived from independent engineers and consultants. The estimates were made with the latest information available; as new information becomes available, estimates may vary significantly due to price fluctuations, technology advances, or applicable laws or regulations.

The City is aggressively pursuing other third parties that may have contributed to the contamination of the sites noted above. The City's estimate for realized recoveries was \$0.8 million and \$0.1 million, at December 31, 2014 and 2013, respectively. The City's estimate for not-yet-realized recoveries from other parties for their share of remediation work that offset the City's estimated environmental liability was zero, at December 31, 2014 and 2013, respectively.

The changes in the provision for environmental liability (in millions) at December 31, 2014 and 2013 are as follows:

	2014	2013
Beginning Environmental Liability, Net of Recovery	\$ 121.7	\$ 115.7
Payments or Amortization	(8.5)	(4.9)
Incurred Environmental Liability	8.0	10.9
Ending Environmental Liability, Net of Recovery	\$ 121.2	\$ 121.7

The provision for environmental liability (in millions) included in current and noncurrent liability at December 31, 2014 and 2013, is as follows:

	2014	2013
Environmental Liability, Current	\$ 25.8	\$ 17.1
Environmental Liability, Noncurrent	95.4	104.6
Total	\$ 121.2	\$ 121.7

Information on the City's environmental liability is also presented in Note 9, Long-Term Debt, Table 9-9.

(11) PENSIONS, DEFERRED COMPENSATION, AND OTHER POSTEMPLOYMENT BENEFITS

City of Seattle employees are covered in one of the following defined benefit pension plans: Seattle City Employees’ Retirement System (SCERS), Firemen’s Pension Fund, Police Relief and Pension Fund, and Law Enforcement Officers’ and Fire Fighters’ Retirement System (LEOFF). The first three plans are considered part of the City’s reporting entity and are reported as pension trust funds. The State of Washington through the Department of Retirement Systems (DRS) administers and reports LEOFF Plans 1 and 2.

Table 11-1 PENSION PLAN INFORMATION

	Employees’ Retirement	Firemen’s Pension	Police Relief and Pension	LEOFF Plan 1	LEOFF Plan 2

^a The aggregate cost method does not identify or separately amortize unfunded actuarial liabilities.

^b The actuarial value of assets is calculated under an adjusted market value method by starting with the market value of assets. For subsequent years the actuarial value of assets is determined by adjusting the market value of assets to reflect the difference between the actual investment return and the expected investment return during each of the last eight years or, if fewer, the completed years since adoption.

^c Funding is Level %; Amortization is Level \$.

^d Long-term assumption; 2015 and beyond

^e For specific information, please refer to the 2014 Actuarial Valuation Report issued by the Washington Office of the State Actuary.

^f Other post benefits increase at the same rate as the CPI and the CPI is assumed to increase in the loan term at the rate of 2.5% per annum.

SEATTLE CITY EMPLOYEES' RETIREMENT SYSTEM

Plan Description

The Seattle City Employees' Retirement System (SCERS) is a single-employer defined-benefit public employee retirement system established and administered by the City in accordance with Seattle Municipal Code (SMC) 4.36.

All employees of the City of Seattle are eligible for membership in the system with the exception of law enforcement officers and fire fighters who are covered under the statewide LEOFF plans administered by the state Department of Retirement Systems. Employees of METRO and the King County Health Department who established membership in the system when these organizations were City of Seattle departments were allowed to continue their membership. Current membership in SCERS consisted of the following at December 31, 2014:

Retirees and Beneficiaries Receiving Benefits	6,020
Terminated Plan Members Entitled To But Not Yet Receiving Benefits, Vested	1,188
Active Plan Members, Vested and Non-vested	8,746

SCERS provides retirement, death, and disability benefits. Retirement benefits vest after 5 years of credited service, while death and disability benefits vest after 10 years of credited service. Retirement benefits are calculated as 2 percent multiplied by years of creditable service, multiplied by average salary, based on the highest 24 consecutive months. The benefit is actuarially reduced for early retirement. City employees may retire at any age with 30 years of service, at age 52 or older with 20-29 years of service, at age 57 or older with 10-19 years of service, and at age 62 or older with 5 to 9 years of service. These benefit provisions and all other requirements are established and may be amended by City ordinances.

Refer to the Other Postemployment Benefits section of this note for discussion of the City's implicit rate subsidies to retirees for health care coverage.

The Seattle City Employees' Retirement System issues an independent financial report. A copy of the report is available from the Seattle City Employees' Retirement System at 720 Third Avenue, Suite 900, Seattle, WA 98104; by telephone at 206-386-1293; or by accessing the website http://www.seattle.gov/retirement/annual_report.htm.

Summary of Significant Accounting Policies

Basis of Accounting

The Seattle City Employees' Retirement System is accounted for as a pension trust fund. The financial statements were prepared using the economic resources measurement focus and the accrual basis of accounting as discussed in Note 1. All assets, liabilities, and additions to and deductions from (including contributions, benefits, and refunds) plan net position are recognized when the transactions or events occur. Employee and employer contributions are reported in the period in which the contributions are due. Member benefits, including refunds, are due and payable by the plan in accordance with plan terms.

Investments, including securities lending transactions as discussed in Note 3, are reported at fair value. Fair value is the amount that a plan can reasonably expect to receive for an investment in a current sale between a willing buyer and a willing seller, that is, other than in a forced or liquidation sale. All investments, with the exception of real estate and private equity, are valued based on closing market prices or broker quotes. Securities not having a quoted market price have been valued based on yields currently available on comparable securities of issuers with similar credit ratings. The fair value of real estate investments is based on estimated current values and independent appraisals. The fair value of private equities are based on management's valuation of estimates and assumptions from information and representations provided by the respective general partners, in the absence of readily ascertainable market values. Securities and securities lending transactions are reflected in the financial statements on a trade-date basis. The Retirement Board provides its investment managers with a set of investment guidelines. In general, these guidelines require that investments with any one issuer do not exceed 5 percent of the net position value of a manager's portfolio.

Contributions and Reserves

Member and employer contribution rates are established by SMC 4.36.

SCERS funding policy provides for periodic employee and employer contributions at actuarially determined rates expressed as percentages of annual covered payroll to accumulate sufficient assets to pay benefits when due. Funds accumulated and investment earnings are used to pay present and future benefit obligations and administrative expenses. The employer contribution rate is determined by the actuarial formula identified as the Entry-Age Actuarial Cost Method. The formula determines the amount of contributions necessary to fund the current service cost, representing the estimated amount necessary to pay for benefits earned by the employees during the current service year and the amount of contributions necessary to pay for prior service costs. Total necessary contributions, including amounts necessary to pay administrative costs, are determined through actuarial valuations.

Contribution rates for 2013 were 10.03 percent for members and 12.89 percent for the employer. Plan member and employer contributions for 2013 are \$60,342,581 and \$77,073,667 respectively. There are no long-term contracts for contributions outstanding and no legally required reserves.

Historically, actuarial studies for SCERS were determined through biennial actuarial valuations. Beginning in 2010, actuarial studies are performed annually. The valuation date of the latest study is January 1, 2014, and covers calendar year 2013. Based on this valuation, the Actuarial Value of Assets (AVA) is \$2.094 billion; the Actuarial Accrued Liability (AAL) is \$3.260 billion; the Unfunded Actuarial Accrued Liability (UAAL) is \$1.166 billion; and the Funded Ratio was 64.2 percent.

An actuarial study with valuation date of January 1, 2015, is presently underway, and expected to be available at the Retirement Office after July 1, 2015.

The three-year trend information (in thousands) is presented directly below. The Annual Pension Cost (APC) and Net Pension Obligation (NPO) for years ending 2013 and 2012 are presented in Table 11-2.

Fiscal Year Ending December 31	Annual Pension Cost (APC)	Total Employer Contribution	Percentage of APC Contributed	Net Pension Obligation (NPO)
2011	\$72,346	\$50,301	70%	\$(7,122)
2012	67,062	62,515	93	(2,575)
2013	83,770	77,074	92	4,121

Annual pension cost (APC) and net pension obligation (NPO) (in thousands) were:

Fiscal Year Ending December 31	Annual Required Contribution (ARC) at End of Year	Interest on NPO	ARC Adjustment	Annual Pension Cost (APC)	Total Employer Contributions	Change in NPO	NPO Beginning Balance	NPO Ending Balance
2013	\$ 83,830	\$ (199)	\$ 139	\$ 83,770	\$ 77,074	\$ 6,696	\$ (2,575)	\$ 4,121

Seattle City Employees' Retirement System's net pension asset decreased from a net asset of \$2.6 million to a net obligation of \$4.1 million, a decrease of \$6.7 million as calculated in the following table.

**Table 11-2 ANNUAL PENSION COST AND NET PENSION OBLIGATION
SEATTLE CITY EMPLOYEES' RETIREMENT SYSTEM
For the Year Ended December 31, 2013
(In Thousands)**

	<u>2013</u>	<u>2012</u>
Total Normal Cost Rate	14.95%	14.99%
Employee Contribution Rate	10.03	10.03
Employer Normal Cost Rate	<u>4.92</u>	<u>4.96</u>
Total Employer Contribution Rate a	12.89%	11.01%
Amortization Payment Rate	7.97	6.05
Amortization Period (Year)	38 years	Does Not Amortize
GASB 27 Amortization Rate	9.10	6.88
Total Annual Required Contribution (ARC) Rate b	14.02	11.84
Covered Employee Payroll c	\$ 597,934	\$ 567,806
ARC	83,830	67,228
Interest on Net Pension Obligation (NPO)	(199)	(552)
Adjustment to ARC	<u>139</u>	<u>385</u>
Annual Pension Cost (APC)	<u>\$ 83,770</u>	<u>\$ 67,062</u>
Employer Contribution	\$ 77,074	\$ 62,515
Change in NPO	\$ 6,696	\$ 4,547
NPO at Beginning of Year	<u>(2,575)</u>	<u>(7,122)</u>
NPO at End of Year	<u>\$ 4,121</u>	<u>\$ (2,575)</u>

- a Beginning with the January 1, 2013 actuarial valuation report, GASB calculations take into account the lag between determination of the actuarial contribution rate and the date of expected contribution rate. For example, the January 1, 2011 valuation calculates the contribution rate beginning January 1 2012. The change was made due to SCER's new funding policy, adopted in 2011, to contribute the actuarially determined contribution rate.
- b If the amortization period determined by the actual contribution rate exceeds the maximum amortization period required by GASB Statement No. 27, the ARC is determined using an amortization of the funding excess over 30 years.
- c Covered payroll includes compensation paid to all active employees on which contributions were made in the year preceding the valuation date.

The funded status of the Plan as of the latest valuation study is presented below (in thousands). The Required Supplementary Information section, C-4, Pension Plan Information Schedule of Funding Progress, displays multiyear trend information as to the value of the plan assets decreasing or increasing over time relative to the AAL.

Actuarial Value of Assets	Actuarial Accrued Liability (AAL) Entry Age	Unfunded AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as Percentage of Covered Payroll
\$ 2,094,300	\$ 3,260,100	\$ 1,165,800	64.2%	\$ 597,934	195.0%

Authority to change benefit and contribution rates rests with the City Council. City ordinance does not permit a reduction in the employer contribution rate to less than the employee rate. Trend information on SCERS employer contribution is shown in the Required Supplementary Information section, C-5.

The City's contracts with all labor unions that represent members of SCERS describe how contribution rates would be changed in the event higher contributions are needed to improve the financial status of the Employees' Retirement Fund. If a contribution rate increase is needed, the City intends to apply the same formula to non-represented employees. As described in Seattle Municipal Code 4.36.110, the City will match the match the normal contributions made by members. The City will also contribute, in excess of these matching contributions, the actuarially determined contributions necessary to guarantee benefits payable.

FIREMEN'S PENSION AND POLICE RELIEF AND PENSION FUNDS

Plan Description

The Firemen's Pension and the Police Relief and Pension Funds are single-employer defined-benefit pension plans that were established by the City in compliance with the requirements of the Revised Code of Washington (RCW) 41.18 and 41.20.

Since the effective date of the state LEOFF on March 1, 1970, no payroll for employees was covered under these pension plans, and the primary liability for pension benefits for these plans shifted from the City to the state LEOFF. However, the City was still liable for all benefits in pay status at that time plus any future benefits payable to active law enforcement officers and fire fighters on March 1, 1970, under the old City plan in excess of current LEOFF benefits. Generally, benefits under the LEOFF system are greater than or equal to the benefits under the old City plan when payment begins. However, LEOFF retirement benefits increase with the consumer price index (CPI - Seattle) while some City benefits increase with wages of current active members. If wages go up faster than the CPI, the City becomes liable for this residual amount. Due to this leveraging effect, projection of the City of Seattle's liabilities is especially sensitive to the difference between wage and CPI increase assumptions.

All law enforcement officers and fire fighters of the City who served before March 1, 1970, are participants of these pension plans, and may be eligible for a supplemental retirement benefit plus disability benefits under these plans. Those officers and fire fighters hired between March 1, 1970, and September 30, 1977, are not eligible for a supplemental retirement benefit, but may be eligible for disability benefits under this plan. Eligible law enforcement officers may retire with full benefits after 25 years of service at any age and fire fighters at age 50 after completing 25 years of service. These pension plans provide death benefits for eligible active and retired employees. In addition, these plans provide medical benefits in accordance with state statutes and City ordinances to active and retired members from the City. Currently 829 fire and 739 police retirees meet these eligibility requirements. The City fully reimburses the amount of valid claims for medical and hospitalization costs incurred by active members and pre-Medicare retirees. The City also reimburses the full amount of premiums for part B of Medicare for each retiree eligible for Medicare. Total postemployment medical benefits for Firemen's Pension were \$9.6 million in 2014 and \$9.9 million in 2013; and for Police Relief and Pension, \$11.5 million in 2014 and \$12.0 million in 2013.

Refer to the Other Postemployment Benefits section of this note for discussion of the City's implicit rate subsidies to retirees for health care coverage as well as medical benefits for retirees under the Firemen's Pension and Police Relief and Pension plans.

The Firemen's Pension and Police Relief and Pension benefit provisions are established in the state statute, RCW 41.16, 41.18, and 41.20, and may be amended only by the state legislature. Retirement benefits are determined under RCW 41.18 and 41.26 for Firemen's Pension and RCW 41.20 and 41.26 for Police Relief and Pension. Medical benefit payments for both plans are based on estimates of current and expected experience.

Current membership in Firemen's Pension and Police Relief and Pension consisted of the following at December 31, 2014:

	Firemen's Pension	Police Relief and Pension
Retirees and Beneficiaries Receiving Benefits	726	748
Terminated Plan Members Entitled To But Not Yet Receiving Benefits	—	—
Active Plan Members, Vested	23	13
Active Plan Members, Non-vested	—	—

These pension plans do not issue separate financial reports.

Summary of Significant Accounting Policies

The Firemen’s Pension and Police Relief and Pension Funds are accounted for as pension trust funds. The financial statements were prepared using the economic resources measurement focus and the full accrual basis of accounting as shown in Note 1. All assets, liabilities, and additions to and deductions from (including contributions, benefits, and refunds) plan net position of the retirement funds are recognized when the transactions or events occur. Employer contributions are reported in the period in which the contributions are due. Member benefits, including refunds, are due and payable by the plan in accordance with the plan terms.

Investments are recorded at fair value as shown in Note 3. Fair value of investments is based on quoted market prices.

Contributions and Reserves

Since both pension plans were closed to new members effective October 1, 1977, the City is not required to adopt a plan to fund the actuarial accrued liability (AAL). An actuarial fund was established for the Firemen’s Pension in July 1994 and is discussed in more detail below; the City funds the Police Relief and Pension Fund as benefits become due. Contributions are no longer required from plan members or the City departments they represent. Under state law, partial funding of the Firemen’s Pension Fund may be provided by an annual tax levy of up to \$0.225 per \$1,000 of assessed value of all taxable property of the City. The Firemen’s Pension Fund also receives a share of the state tax on fire insurance premiums. Additional funding through the General Fund adopted budget is provided to both pension funds as necessary. The Police Relief and Pension Fund also receives police auction proceeds of unclaimed property. Administrative costs for the Firemen’s Pension are financed by the General Fund and fire insurance premium tax. Administrative costs for the Police Relief and Pension are financed by police auction proceeds and the General Fund. Contribution rates are not applicable to these plans. Actuarial studies with valuations dates of January 1, 2015, which reflects the 2014 fiscal year information, are presently underway and will be available at the Police and Fire Pension offices after July 1, 2015.

Three-year trend information (in thousands) for the Firemen’s Pension and the Police Relief and Pension Funds as of the January 1, 2014, actuarial valuation are:

Retirement System	Fiscal Year Ending December 31	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation (NPO)
Firemen’s Pension Fund	2011	\$ 7,333	113%	\$ (6,652)
	2012	7,491	138	(9,479)
	2013	5,100	120	(10,564)
Police Relief and Pension Fund	2011	8,537	131	(2,825)
	2012	6,956	120	(4,184)
	2013	6,499	109	(4,790)

There are no securities held by the City for these pension funds except for the Firemen’s Pension Actuarial Account described below. No loans are provided by the funds to the City or other related parties.

The funded status of the plans at the last valuation date is presented below (in thousands). The Required Supplementary Information section, C-4, displays multiyear trend information as to the value of the plan assets decreasing or increasing over time relative to the AAL.

	Actuarial Value of Assets	Actuarial Accrued Liability (AAL) Entry Age	Unfunded AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as Percentage of Covered Payroll
Firemen’s Pension Fund	\$ 12,731	\$ 84,344	\$ 71,613	15.0%	N/A	N/A
Police Relief and Pension Fund	3,202	92,615	89,413	3.0	N/A	N/A

In July 1994 the City adopted a funding policy under Ordinance 117216 that is designed to fully fund the AAL of the Firemen’s Pension Fund by the year 2018 plus additional contributions, if necessary, to fund benefit payments in excess of contributions to fully fund all retirement benefit liabilities by December 31, 2018. In 2006 the Board of Directors amended the fully funded date from 2018 to December 31, 2023. The level contributions were set aside in the Firemen’s Pension Actuarial Account with a fund balance of \$9.8 million as of December 31, 2013. The funding policy does not fund for future medical liabilities. No similar program has been established for the Police Relief and Pension Fund.

The AAL as of December 31, 2013, based on the actuarial valuation as of January 1, 2014, was \$84.3 million for Firemen’s Pension and \$92.6 million for Police Relief and Pension. The Police Relief and Pension AAL is funded on a pay-as-you-go basis. Annual requirements are funded through the City’s adopted budget, and any budget requirements exceeding the adopted budget are fully covered by supplemental appropriations.

Trend information on employer contributions for the Firemen’s Pension and the Police Relief and Pension plans is presented in the Required Supplementary Information section, C-5.

The net pension obligation of the Firemen’s Pension Fund is a \$10.5 million net pension asset at December 31, 2013. The net pension obligation of the Police Relief and Pension Fund is a \$4.8 million net pension asset at December 31, 2013.

LAW ENFORCEMENT OFFICERS' AND FIRE FIGHTERS' RETIREMENT SYSTEM (LEOFF) PLANS 1 AND 2

Plan Description

LEOFF is a cost-sharing, multiple-employer retirement system comprised of two separate defined-benefit plans. LEOFF participants who joined the system by September 30, 1977, are Plan 1 members. Those who joined on or after October 1, 1977, are Plan 2 members.

LEOFF was established in 1970 by the state legislature. Membership includes all full-time, fully compensated, local law enforcement commissioned officers and fire fighters. Membership is comprised primarily of non-state employees, with Department of Fish and Wildlife enforcement officers who were first included prospectively effective July 27, 2003, being an exception. Effective July 1, 2003, the LEOFF Plan 2 Retirement Board was established by Initiative 790 to provide governance of Plan 2. The Board's duties include adopting contribution rates and recommending policy changes to the legislature. LEOFF retirement benefit provisions are established in state statute and may be amended only by the state legislature. The Washington State Department of Retirement Systems (DRS) administers LEOFF.

LEOFF retirement benefits are financed from a combination of investment earnings, employer and employee contributions, and a special funding situation in which the state pays through state legislative appropriations. Employee contributions to Plans 1 and Plan 2 accrue interest at a rate specified by DRS. Regardless of a member's employment status, DRS pays 5.5 percent annual interest compounded quarterly on employee contributions remain in the retirement fund. Employees in Plan 1 and 2 can elect to withdraw total employee contributions and interest earnings, in lieu of any retirement benefit, upon separation from LEOFF-covered employment.

Plan 1 retirement benefits are vested after an employee completes five years of eligible service. Plan 1 members are eligible for retirement with 5 years of service at the age of 50. The benefit per year of service calculated as a percent of final average salary (FAS) is as follows:

Term of Service	Percent of FAS
20+	2.0 %
10 - 19	1.5
5 - 9	1.0

The FAS is the basic monthly salary received at the time of retirement, provided a member has held the same position or rank for 12 months preceding the date of retirement. Otherwise, it is the average of the highest consecutive 24 months' salary within the last 10 years of service. A cost-of-living allowance is granted, indexed to the Seattle Consumer Price Index. LEOFF Plan 1 members may purchase up to five years of additional service credit once eligible for retirement. The credit can only be purchased at the time of retirement and cannot be used to qualify for any retirement eligibility or benefit reductions based upon years of service. This credit is to be used exclusively to provide the member with a monthly annuity that is paid in addition to the member's retirement allowance.

Plan 2 retirement benefits are vested after an employee completes 5 years of eligible service. Plan 2 members may retire at the age of 50 with 20 years of service or at the age of 53 with 5 years of service, with an allowance of 2 percent of the FAS per year of service (the FAS is based on the highest consecutive 60 months). Plan 2 retirements prior to the age of 53 are reduced 3 percent for each year that the benefit commences prior to age 53 and to reflect the choice of a survivor option. There is no cap on years of service credit; and a cost-of-living allowance is granted, indexed to the Seattle Consumer Price Index, capped at 3 percent annually.

Plan 1 provides death and disability benefits. Death benefits for Plan 1 members on active duty consist of the following: (1) if eligible spouse, 50 percent of the FAS, plus 5 percent of FAS for each surviving child, with a limitation on the combined allowances of 60 percent of the FAS; or (2) if no eligible spouse or the spouse receiving benefits dies, 30 percent of FAS for the first child plus 10 percent for each additional child, subject to a 60-percent limitation of FAS. In addition, a one time duty-related death benefit is provided to beneficiary or the estate of a LEOFF Plan 1 member.

Plan 1 disability benefit is 50 percent of the FAS plus 5 percent for each eligible child up to a maximum of 60 percent. Upon recovery from disability before the age of 50, a member is restored to service with full credit for service while disabled. Upon recovery after the age of 50, the benefit continues as the greater of the member's disability benefit or service retirement benefit.

Plan 2 provides disability benefits. There is no minimum amount of service credit required for eligibility. The Plan 2 allowance amount is 2 percent of the FAS for each year of service. Benefits are actuarially reduced for each year that the member's age is less than 53 unless the disability is duty-related and to reflect the choice of a survivor option. If the member has at least 20 years of service and is age 50, the reduction is 3 percent for each year prior to age 53.

Plan 2 members who leave service because of a line-of-duty disability are allowed to withdraw 150 percent of accumulated member contributions. This withdrawal benefit is not subject to federal income tax. Alternatively, Plan 2 members who leave service because of a line-of-duty disability may be eligible to receive a retirement allowance of at least 10 percent of final average salary and two percent per year of service beyond 5 years. The first 10 percent of the FAS is not subject to federal income tax.

The following changes to the LEOFF plans are the result of recent years' legislation:

Effective July 1, 2011:

- Department of Retirement Systems is required to include the qualifying foregone compensation that occurred during the 2011-2013 biennium in the benefits calculation of retiring government employees in LEOFF2, PERS, PSERS, SERS, TRS and WSPRS.

Effective June 7, 2012:

- Engrossed House Bill 2771 amends the retirement statutes to clarify that governmental contractors are not employers under the system, unless otherwise qualifying, and that the determination of whether an employee/employer relationship has been established shall be based solely on the relationship between the contracted employee and the governmental employer. Applicable to LEOFF, PERS, PSERS, SERS, and TRS.
- Senate Bill 6134 changes the initial timeline to transfer service credit under RCW 41.26.435 from June 30, 2014, to June 30, 2012. Applicable to LEOFF 2.

Effective July 28, 2013:

- Substitute House Bill 1868 allows catastrophically disabled LEOFF 2 members to be reimbursed for premiums of medical insurance other than those which are provided by the employer, COBRA, or Medicare A and/or B. The reimbursement is limited to payments made after June 20, 2013 that do not exceed the premium reimbursement amounts authorized by COBRA.

Effective January 1, 2014:

- Engrossed Second Substitute Senate Bill 5688 provides that domestic partners registered with the state will be treated the same as married spouses, to the extent that treatment is not in conflict with federal law. The bill's effective date is January 1, 2014.

Effective June 12, 2014:

- Engrossed House Bill 2456 eliminates expiration date on the statutory provision in the LEOFF definition of fire fighter that includes emergency medical technicians (EMTs). This correction allows EMTs continued eligibility for membership in LEOFF.
- Senate Bill 6201 allows LEOFF 2 members to use funds from certain tax qualified plans to purchase a life annuity from the LEOFF 2 trust fund at the time of retirement.

There were no other material changes in benefit provisions for the fiscal year ended June 30, 2014. LEOFF pension benefit provisions have been established by RCW 41.26.

There are 45 participating employers in LEOFF Plan 1 and 362 participating employers in Plan 2 as of June 30, 2014. Membership in LEOFF consisted of the following as of the latest actuarial valuation date of June 30, 2013:

	Plan 1	Plan 2
Retirees and Beneficiaries Receiving Benefits	7,729	2,782
Terminated Members Entitled To But Not Yet Receiving Benefits	1	698
Active Plan Members, Vested	143	14,389
Active Plan Members, Nonvested	—	2,298
Total	7,873	20,167

All law enforcement officers and fire fighters of the City of Seattle participate in LEOFF. Current active members (vested and non-vested) are 44 under Plan 1 and 2,251 under Plan 2.

DRS prepares an independent financial report. A copy of the report that includes financial statements and required supplementary information for LEOFF may be obtained by writing to Washington State Department of Retirement Systems, PO Box 48380, Olympia, Washington 98504-8380; by calling 360-664-7000 in Olympia or 1-800-547-6657; or by accessing their website at <http://www.drs.wa.gov>.

Summary of Significant Accounting Policies

LEOFF plans are accounted for in pension trust funds of DRS using the economic resources measurement focus and the accrual basis of accounting. Plan member contributions are recognized as revenues in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plans.

Investments are presented at fair value. The fair value of investments is based on published market prices and quotations from national security exchanges and security pricing services or by the respective fund managers for securities that are not actively traded. Privately held mortgages are valued at cost which approximates fair market value. Certain pension trust fund investments, including real estate and private equity, are valued based on appraisals or by independent advisors. LEOFF pension plans contain no single investment (other than any issued or explicitly guaranteed by the U.S. government, or involving mutual funds or investment pools) that comprised more than five percent of DRS's net investments.

Contributions and Reserves

Funding Policy

The state legislature establishes laws pertaining to the creation and administration of LEOFF plans. Plan members together with their employers and the state provide funding for all costs of the system based upon actuarial valuations. The state establishes benefit levels and approves the actuarial assumptions used in determining contribution levels.

Starting on July 1, 2000, Plan 1 employers and employees will contribute zero percent as long as the plan remains fully funded. Employer and employee contribution rates are developed by the Office of the State Actuary to fully fund the plan. Plan 2 employers and employees are required to pay at the level adopted by the Plan 2 Retirement Board in accordance with RCW 41.45. All employers are required to contribute at the level required by state law.

Required contribution rates for cities (expressed as a percentage of current year covered payroll) at the close of fiscal year 2014 are as follows:

	LEOFF Actual Contribution Rates	
	Plan 1	Plan 2
Employer (includes an administrative expense rate of 0.16 percent)	0.18%	5.23%
Employee	—	8.41
State of Washington Contributions	—	3.36

Administration of the LEOFF plans was funded by an employer rate of 0.18 percent of employee salaries.

The state legislature has the ability, by means of a special funding arrangement, to appropriate money from the state general fund to supplement the current service liability and fund the prior service costs of Plans 1 and 2 in accordance with the requirements of the Pension Funding Council and LEOFF Plan 2 Retirement Board. However, this special funding situation is not mandated by the state constitution and this funding requirement could be returned to the employers by a change of statute. For fiscal year 2014 the state contributed \$55.5 million to LEOFF Plan 2.

Employer Contributions Required and Paid

LEOFF annual required contributions (in millions) and percentage contributed in accordance with the funding policy were:

Year	Plan 1		Plan 2	
	Annual Required Contribution	Percentage Contributed	Annual Required Contribution	Percentage Contributed
2012	\$ —	N/A	\$ 97.3	137%
2013	—	N/A	94.7	144
2014	—	N/A	116.9	121

The City of Seattle required and actual contributions (in thousands) are shown in the following table. Percentages contributed are not available.

	Plan 1	Plan 2
2012	\$ 10	\$ 12,454
2013	9	12,912
2014	8	13,912

There are no long-term contracts for contributions under the LEOFF retirement plans.

Reserves

Member Reserves. The member reserves reflect the total liability for all contributions made by members. These reserves are increased by employee contributions and interest earnings and are decreased by contributions refunded and contributions transferred to the benefit reserves for current year retirees. The member reserves are considered fully funded. Member reserves (in thousands) were:

	June 30, 2014	June 30, 2013
Plan 1	\$ 23,420	\$ 27,340
Plan 2	2,266,386	2,136,678

Benefit Reserves. The benefit reserves reflect the funded liability associated with all retired members. These reserves are increased by employer contributions, state contributions, investment earnings, and employee contributions which are attributable to current year retirees. These reserves are decreased by the amounts of pensions actually paid in the current year, interest payments transferred to the member reserves, and administrative expenses. Benefit reserves (in thousands) were:

	June 30, 2014	June 30, 2013
Plan 1	\$ 5,695,389	\$ 5,112,449
Plan 2	6,975,121	5,494,917

The funded status of each of the benefit reserves is the same as the funded status of each of the respective pension plans.

DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code (IRC) Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is payable to employees upon termination, retirement, death, or unforeseen emergency.

Beginning in 2006 the Deferred Compensation Plan (DCP) was amended to allow separating employees to cash out accrued vacation balances into their DCP accounts. Eligible retiring employees may also cash out up to 35 percent of their sick leave balances into their DCP accounts. Vacation and sick leave cash-outs made to the DCP are considered contributions and are subject to the maximum annual contribution limit.

It is the opinion of the City's legal counsel that the City has no liability for losses under the plan. Under the plan, participants select investments from alternatives offered by the plan administrator, who is under contract with the City to manage the plan. Investment selection by a participant may be changed from time to time. The City manages none of the investment selections. By making the selection, enrollees accept and assume all risks that pertain to the plan and its administration.

The City placed the deferred compensation plan assets into trust for the exclusive benefit of plan participants and beneficiaries in accordance with GASB Statement No. 32, Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans.

The City has little administrative involvement and does not perform the investing function for the plan. The City does not hold the assets in a trustee capacity and does not perform fiduciary accountability for the plan. Therefore, the City employees' deferred compensation plan created in accordance with IRC 457 is not reported in the financial statements of the City.

OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description and Funding Policy

Health Care Blended Premium Subsidy. Employees retiring under City of Seattle or the LEOFF 2 retirement plans may continue their health insurance coverage under the City’s health insurance plans for active employees. LEOFF 1 employees retiring under Washington State PERS are covered under the LEOFF 1 retiree health plan but are eligible to have their spouses and/or dependents covered under the City health insurance plans. When a retired participant dies, the spouse remains fully covered until age 65 and covered by the Medicare supplement plan thereafter. Employees that retire with disability retirement under the City of Seattle, Washington LEOFF 2 plan or Social Security may continue their health coverage through the City with same coverage provisions as other retirees. Eligible retirees self-pay 100 percent of the premium based on blended rates which were established by including the experience of retirees with the experience of active employees for underwriting purposes. The City provides implicit subsidy of the post-retirement health insurance costs and funds the subsidy on a pay-as-you-go basis. The postemployment benefit provisions are established and may be amended by City ordinances.

Firemen’s Pension and Police Relief and Pension Plans. The Firemen’s Pension and Police Relief and Pension plans provide medical benefits for eligible retirees. The benefits are authorized under state statute, RCW 41.18 and 41.26 for Firemen’s Pension, and RCW 41.20 and 41.26 for Police Relief and Pension, and may be amended by the state legislature. The City funds these benefits on a pay-as-you go basis.

Annual OPEB Cost and Net OPEB Obligation

The amount of expected contributions and change in net obligation for the City of Seattle Healthcare Blended Premium Subsidy is based on an actuarial valuation date of January 1, 2014. The amount of expected contributions and changes in net obligation for Firemen’s Pension and Police Pension and Relief are also based on an actuarial valuation date of January 1, 2014, which covers the last three years prior to the valuation date.

Table 11-6 ANNUAL OPEB COST AND NET OPEB OBLIGATION

	Healthcare Blended Premium Subsidy	Firemen’s Pension (LEOFF1)	Police Relief and Pension (LEOFF1)	Total
Annual Required Contribution	\$ 4,392,000	\$ 14,948,599	\$ 18,919,352	\$ 38,259,951
Interest on Net OPEB Obligation	1,542,000	895,294	769,966	3,207,260
Adjustment to Annual Required Contribution	<u>(2,403,000)</u>	<u>(1,290,664)</u>	<u>(1,264,973)</u>	<u>(4,958,637)</u>
Annual OPEB Cost (Expense)	3,531,000	14,553,229	18,424,345	36,508,574
Expected Contribution (Employer-Paid Benefits)	<u>1,006,000</u>	<u>9,899,000</u>	<u>11,972,000</u>	<u>22,877,000</u>
Increase in Net OPEB Obligation	2,525,000	4,654,229	6,452,345	13,631,574
Net OPEB Obligation – Beginning of Year	<u>44,303,000</u>	<u>23,874,507</u>	<u>20,532,414</u>	<u>88,709,921</u>
Net OPEB Obligation – End of Year	<u>\$ 46,828,000</u>	<u>\$ 28,528,736</u>	<u>\$ 26,984,759</u>	<u>\$ 102,341,495</u>

The City's annual OPEB cost, percentage of annual OPEB cost contributed, and the net OPEB obligation for each plan based on an actuarial valuation of January 1, 2014, for Healthcare Blended Premium Subsidy, Firemen's Pension (LEOFF1) and Police Relief and Pension (LEOFF1) are displayed below for the last three years prior to the valuation date.

	Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
Healthcare Blended Premium Subsidy	12/31/2011	\$ 7,435,000	32.9%	\$ 39,542,000
	12/31/2012	7,733,000	38.4	44,303,000
	12/31/2013	3,531,000	28.5	46,828,000
Firemen's Pension (LEOFF1)	12/31/2011	14,796,251	69.0	19,992,129
	12/31/2012	13,353,301	71.0	23,874,507
	12/31/2013	14,553,229	68.0	28,528,736
Police Relief and Pension (LEOFF1)	12/31/2011	16,087,490	72.0	16,585,463
	12/31/2012	15,779,894	75.0	20,532,414
	12/31/2013	18,424,345	65.0	26,984,759

Funded Status and Funding Progress

Based on the actuarial valuation dates for each of the plans, the unfunded actuarial accrued liability (UAAL) was equal to the actuarial accrued liability (AAL) due to the City's pay-as-you-go policy. Following is the funded status (in thousands) for each of the plans for the last three years:

	Actuarial Valuation Date	Actuarial Value of Assets (a)	Entry Age Normal AAL (b)	UAAL (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a) / c)
Healthcare Blended Premium Subsidy	1/1/2012	—	\$ 74,729	\$ 74,729	—	\$ 891,552	8.4%
	1/1/2013	—	78,945	78,945	—	941,986	8.4
	1/1/2014	—	41,819	41,819	—	1,003,520	4.2
Firemen's Pension (LEOFF1)	1/1/2012	—	236,301	236,301	—	N/A	N/A
	1/1/2013	—	266,522	266,522	—	N/A	N/A
	1/1/2014	—	264,733	264,733	—	N/A	N/A
Police Relief and Pension (LEOFF1)	1/1/2012	—	252,098	252,098	—	N/A	N/A
	1/1/2013	—	295,990	295,990	—	N/A	N/A
	1/1/2014	—	291,524	291,524	—	N/A	N/A

Actuarial Methods and Assumptions

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the time of the valuation and the pattern of sharing of benefit costs between the employer and plan members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of any assets. Significant methods and assumptions are as follows:

Table 11-7

OPEB INFORMATION

Description	Healthcare Blended Premium Subsidy	Firemen's Pension (LEOFF1)	Police Relief and Pension (LEOFF1)
Actuarial Valuation Date	1/1/2014	1/1/2014	1/1/2014

Dental Inflation Rate	N/A	Minimum of 5.0 % of medical inflation.	Minimum of 5.0% of medical inflation.
Participation/Service Retirement	40% of actives who retire are assumed to participate.	All actives are assumed to retire at the valuation date.	All actives are assumed to retire at the valuation date.
Mortality	LEOFF employees are based on the actuarial RP-2000 Combined Healthy Table with male ages set back one year and female ages set forward one year. Rates are projected using 50% of Scale AA to 2019 (LEOFF 1) or 2034 (LEOFF 2). For general service active employees are based on RP-2000 Table for Males with ages set back three years and RP-2000 Table for Females with ages set back three years. General service retired employees are based on RP2000 Combined Healthy Males with ages set back one year and RP-2000 Combined Healthy Females with ages set back one year. Rates are generations for both males and females using Projection Scale AA.	For active and service-retired members, RP-2000 Mortality Table (combined healthy) project to 2019 using 50% of Project Scale AA, with ages set back one year for males and forward one year for females. For disabled members, RP-2000 Mortality Table (combined healthy) projected to 2019 using 50% of Project Scale AA, with ages set forward two years.	For active and service-retired members, RP-2000 Mortality Table (combined healthy) project to 2019 using 50% of Project Scale AA, with ages set back one year for males and forward one year for females. For disabled members, RP-2000 Mortality Table (combined healthy) projected to 2019 using 50% of Project Scale AA, with ages set forward two years.
Marital Status	45% of members electing coverage are assumed to be married or have a registered domestic partner. Male spouses are assumed to be two years older than their female spouses. It is assumed that children have aged off and have \$0 liability.	N/A	N/A

Table 11-7 OPEB INFORMATION (continued)

Description	Healthcare Blended Premium Subsidy	Firemen's Pension (LEOFF1)	Police Relief and Pension (LEOFF1)
Assumptions (continued):			
Morbidity Factors		N/A	N/A
Traditional Plan	The average medical claim is based on an average loss ratio (claim vs. premium) of 130.80% for retirees and 133.18% for spouses.		
Preventive Plan	The average medical claim is based on an average loss ratio (claim vs. premium) of 122.68% and 139.85%.		
	For the above two plans, because the retirees' spouses pay a lower premium for their health care coverage than the retirees, the net cost to the City for the spouse coverage is greater than for a retiree of the same gender and age. The morbidity factors were adjusted to reflect this discrepancy.		
Group Health Standard and Deductible Plans	The average medical claim for the Group Health Standard & Deductible plans is based on an average loss ratio (claim vs. premium) of 108.06% and 108.77% for retirees and spouses respectively.		
Other Considerations	Active employees with current spouse and/or dependent coverage are assumed to elect the same plan and coverage. After retirement, it is assumed that children will have aged off of coverage and will have \$0 liability.	N/A	N/A

(12) COMPONENT UNITS

DISCRETELY PRESENTED COMPONENT UNITS

Seattle Public Library Foundation

The Seattle Public Library Foundation (Foundation) is a Washington non-profit corporation, a public charity organized exclusively for educational, charitable, and scientific purposes to benefit and support the Seattle Public Library. The Foundation provides goods, services, and facilities above the tax-based funding of the Seattle Public Library. The Foundation is located in Seattle, governed by a Board of Directors, and possesses all the requisite corporate powers to carry out the purposes for which it was formed.

The City is not financially accountable for the Foundation. The Foundation is considered a nonmajor component unit in accordance with GASB Statement No. 39, Determining Whether Certain Organizations Are Component Units—an amendment of GASB Statement No. 14, and is presented discretely in the City's financial statements because (1) the economic resources received or held by the Foundation are entirely for the direct benefit of the Seattle Public Library; (2) the Seattle Public Library is legally entitled to access a majority of the economic resources received or held by the Foundation; and (3) the economic resources received or held by the Foundation are significant to the Seattle Public Library.

The Foundation reports on a fiscal year-end consistent with the City, the primary government. The Foundation issues its own audited financial statements. To obtain complete audited statements for all years, please contact: Seattle Public Library Foundation, 1000 Fourth Avenue, Seattle, WA 98104, phone 206-386-4130.

Seattle Investment Fund LLC

The Seattle Investment Fund LLC (SIF) was established by Ordinance 123146 for the purpose of implementing the U.S. Treasury Department's New Market Tax Credit (NMTC) program. The City is its sole and managing member. SIF is a qualified Community Development Entity (CDE) and the Primary Allocatee. Twelve subsidiaries have been established since the program's inception. Financial results presented herewith for 2014 are unaudited at this time; detailed information on the program and complete audited financial statements are available by contacting the City's Office of Economic Development at 700 Fifth Avenue, Seattle, WA 98104 or by telephone at 206-684-8090.

SIF is a limited liability corporation in accordance with RCW 35.21.735. It has no employees and administrative work is performed by the staff of the City's Office of Economic Development. The members of its Investment Committee and Advisory Board are selected by the Mayor and confirmed by the City Council. The City is not financially accountable for SIF, but under this structure the City may impose its will upon the organization. In accordance with GASB Statement No. 39, SIF is presented as a nonmajor discrete component unit of the City.

Fiduciary-Type Component Units

Firemen's Pension Fund and the Police Relief and Pension Fund are determined to be nonmajor discrete component units (GASB Statement No. 61, The Financial Reporting Entity: Omnibus – an amendment of GASB Statements No. 14 and No. 34). In accordance with GASB Statement No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, GASB Statement No. 27, Accounting for Pensions by State and Local Governmental Employers, and GASB Statement No. 50, Pension Disclosures - an amendment of GASB Statement No. 25 and No. 27, these funds are reported in Note 11, Pensions, Deferred Compensation, and Other Postemployment Benefits, and in the Fiduciary Funds section.

BLENDED COMPONENT UNIT

Seattle Transportation Benefit District

The Seattle Transportation Benefit District (STBD), a quasi-municipal corporation, was established through City Ordinance 123397 in September 2010 pursuant to RCW 35.21.225 which grants cities the authority to establish such a district. Transportation benefit districts are able to acquire, construct, improve, provide, and fund transportation improvement within district boundaries consistent with any existing state, regional and local transportation plan. RCW 36.73.065 gives districts the authority to impose taxes, fees, charges and tolls to fund this work. Beginning May 1, 2011, the STBD began collecting a \$20 vehicle registration fee on eligible vehicles registered within its boundaries which are the same as the City's. The STBD is governed by the Seattle City Council members acting in an ex-officio capacity, and maintains no employees. STBD's sole purpose is to finance the City's transportation improvements and although it is a legally separate entity, the operations of STBD are so closely related to those of the City that it is reported as if it were part of the primary government.

The Seattle Transportation Benefit District is reported as a special revenue fund in the City's financial statements. Financial reporting for this fund can be found in the nonmajor governmental funds combining statements located in this report. In addition, separate financial statements for the STBD are available from Seattle City Hall, 600 Fourth Avenue, 2nd Floor, Seattle, WA 98104 or by calling 206-233-5005.

(13) JOINT VENTURES

SEATTLE-KING COUNTY WORKFORCE DEVELOPMENT COUNCIL

The Seattle-King County Workforce Development Council (WDC) is a joint venture between King County and the City of Seattle. It was established as a nonprofit corporation in the State of Washington on July 1, 2000, as authorized under the Workforce Investment Act (WIA) of 1998. It functions as the Department of Labor pass-through agency to receive the employment and training funds for the Seattle-King County area. The King County Executive and the Mayor of the City of Seattle, serving as the chief elected officials (CEO) of the local area, have the joint power to appoint the members of the WDC board of directors and the joint responsibility for administrative oversight. An ongoing financial responsibility exists because the CEO is potentially liable to the grantor for disallowed costs. If expenditure of funds is disallowed by the grantor agency, the WDC can recover the funds in the following order: (1) the agency creating the liability; (2) the insurance carrier; (3) future program years; and (4) as a final recourse, King County and the City of Seattle who each will be responsible for one-half of the disallowed amount. As of December 31, 2014, there are no outstanding program eligibility issues that may lead to a City of Seattle liability.

The WDC contracts with the City of Seattle which provides programs related to the WIA Youth In-School Program and Seattle Conservation Corps Program. For the year 2014, WDC paid \$1.1 million to the City of Seattle.

The WDC issues independent financial statements that may be obtained from its offices at 2003 Western Avenue, Suite 250, Seattle, WA 98121-2162, by accessing its website at <http://www.seakingwdc.org/reports/reports-publications.html>, or by telephone at 206-448-0474.

(14) COMMITMENTS

GENERAL

Capital Improvement Program

The City adopted the 2014-2015 Capital Improvement Program (CIP) which functions as a capital financing plan totaling \$5.223 billion for the years 2014-2019. The adopted CIP for 2014 was \$923.4 million, consisting of \$508.7 million for City-owned utilities and \$414.7 million for nonutility departments. The utility allocations are: \$291.2 million for City Light, \$67.0 million for Water, \$97.7 million for Drainage and Wastewater, \$28.9 million for Solid Waste, and \$23.9 million for Seattle Public Utilities' technology projects. Expenditures may vary significantly based upon facility requirements and unforeseen events. A substantial portion of contractual commitments relates to these amounts.

CITY LIGHT (SCL)

Expenses associated with energy received under long-term purchased power agreements at December 31, 2014 and 2013 are shown in the following table.

**Table 14-1 LONG-TERM PURCHASED POWER
(In Millions)**

	2014	2013
Bonneville Block	\$ 78.1	\$ 70.1
Bonneville Slice	77.5	80.0
Lucky Peak, including royalties	6.3	5.2
British Columbia - High Ross Agreement	13.4	13.4
Grant County Public Utility District	3.2	3.0
Grand Coulee Project Hydro Authority	6.0	5.5
Bonneville South Fork Tolt billing credit	(3.30)	(3.30)
Renewable energy - State Line Wind	23.7	23.8
Renewable energy - other	7.1	4.5
Exchanges and loss returns energy at fair value	8.9	9.2
Long-term purchased power booked out	(6.70)	(8.30)
Total	<u>\$ 214.2</u>	<u>\$ 203.1</u>

Purchased and Wholesale Power

Bonneville Power Administration

SCL purchased electric energy from the U.S. Department of Energy, Bonneville Power Administration (BPA), under the Block and Slice Power Sales Agreement, a 17-year contract, for the period October 1, 2011 through September 30, 2028. Block quantities, Slice percentage, and Bonneville rates are expected to be recalculated periodically during the term of the contract. Rates will be developed and finalized every two years. Accordingly, certain estimates and assumptions were used in the calculations in the estimated future payments table below.

The terms of the Slice product specify that SCL will receive a percentage of the actual output of the Federal Columbia River Power System (the System). The percentage is adjusted annually with a Slice Adjustment Ratio no greater than 1.0 times the initial 3.65663 slice percentage, no later than 15 days prior to the first day of each federal fiscal year, beginning with fiscal year 2012. The current Slice percentage is 3.62763 percent, the same as the previous fiscal year. The cost of Slice power is based on SCL's same percentage of the expected costs of the System and is subject to true-up adjustments based on actual costs with specified exceptions.

Bonneville's Residential Exchange Program (REP) was established as a mechanism to distribute financial benefits of the Federal Columbia River Power System to residential customers of the region's investor owned utilities (IOUs). In May 2007, the Ninth Circuit Court (the Court) rulings found the 2000 REP Settlement Agreements with IOUs inconsistent with the Northwest Power Act. To remedy this inconsistency, the court ruled that refunds be issued to non IOUs through 2019. SCL received \$5.7 million in both 2014 and 2013 in billing credits related to both the Block and Slice agreements as a result of the Court decision.

Lucky Peak

In 1984, SCL entered into a purchase power agreement with four irrigation districts to acquire 100 percent of the net surplus output of a hydroelectric facility that began commercial operation in 1988 at the existing Army Corps of Engineers Lucky Peak Dam on the Boise River near Boise, Idaho. The irrigation districts are owners and license holders of the project, and the FERC license expires in 2030. The agreement, which expires in 2038, obligates SCL to pay all ownership and operating costs, including debt service, over the term of the contract, whether or not the plant is operating or operable.

SCL provided and billed Lucky Peak \$0.3 million for operational and administrative services in both 2014 and 2013. These amounts are recorded as offsets to purchased power expense. SCL paid \$3.2 million for energy from Lucky Peak in both 2014 and 2013.

SCL's receivables from Lucky Peak were less than \$0.1 million at December 31, 2014 and 2013, respectively. SCL's payables to Lucky Peak were \$0.3 million and \$0.4 million at December 31, 2014 and 2013, respectively.

British Columbia-High Ross Agreement

In 1984, an agreement was reached between the Province of British Columbia and the City under which British Columbia will provide SCL with energy equivalent to that which would have resulted from an addition to the height of Ross Dam. Delivery of this energy began in 1986 and is to be received for 80 years. In addition to the direct costs of energy under the agreement, SCL incurred costs of approximately \$8.0 million in prior years related to the proposed addition and was obligated to help fund the Skagit Environmental Endowment Commission through four annual \$1.0 million payments. These other costs are included in utility plant-in-service as an intangible asset and are being amortized to purchase power expense over 35 years through 2035.

Renewable Energy Purchase and/or Exchanges

The Energy Independence Act, Chapter 19.285 Revised Code of Washington, requires all qualifying utilities in Washington State to meet certain annual targets of eligible new renewable resources and/or equivalent renewable energy credits as a percentage of total energy delivered to retail customers. The annual targets are: at least 3 percent by 2012, at least 9 percent by 2016, and at least 15 percent by 2020. SCL's 2014 and 2013 resource portfolio met the 3 percent target.

Energy Exchange

Northern California Power Agency (NCPA) and SCL executed a long-term Capacity and Energy Exchange Agreement in March 1993. SCL delivers energy to NCPA from June through October 15. NCPA returns energy under conditions specified in the contract at a 1.2:1 ratio of exchange power from November through April. The agreement includes financial settlement and termination options. In a letter NCPA dated May 17, 2011, NCPA gave seven year's advance written notice to the Department terminating the agreement effective no later than May 31, 2018.

Fair Value of Exchange Energy

Exchange energy receivable and the related regulatory gains at December 31, 2014 and 2013, were valued using Kiodex Forward Curves and Dow Jones U.S. Daily Electricity Price Indices for settled deliveries. An income valuation technique that uses interest rate forecasts from HIS Global Insight is used to discount for present value based on the interest rate for U.S. Government Treasury constant maturities, bond-equivalent yields by the future month of the transactions.

Estimated Future Payments under Purchased Power, Transmission, and Related Contracts

SCL’s estimated payments for purchased power and transmission, Renewable Energy Credits (RECs) and other contracts for the period from 2015 through 2065, undiscounted, are shown in the following table.

Table 14-2 ESTIMATED FUTURE PAYMENTS UNDER PURCHASED POWER, TRANSMISSION, AND RELATED CONTRACTS (In Millions)

<u>Year Ending December 31</u>	<u>Estimated Payments ^a</u>
2015	\$ 286.6
2016	302.8
2017	307.3
2018	324.8
2019	336.5
2020 - 2024	1,766.1
2025 - 2029	1,204.1
Thereafter (through 2065)	239.0
Total	<u>\$ 4,767.2</u>

^a 2015 to 2019 includes estimated REP recoveries from BPA.

^b BPA transmission contract expires July 31, 2025.

^c BPA Block and Slice contract expires September 30, 2028.

Federal Energy Regulatory Commission Fees

Estimated Federal land use and administrative fees related to hydroelectric licenses total \$258.9 million through 2055; these estimates are subject to change. The estimated portion of fees attributed to the Skagit and Tolt licenses are excluded after 2025, at which time their current FERC licenses expire. The estimated portion of Boundary fees is included through 2055, the year in which the current license issued by FERC expires. The current Boundary FERC license and related issues are discussed below.

New Boundary License

SCL’s FERC license for the Boundary Project expired on September 30, 2011 and a new license was issued on March 20, 2013 with 42 year life for the total cost of \$48.6 million. The terms and conditions of the new license have been evaluated. SCL has moved to the license implementation process, which imposes mitigation of endangered species including water quality standards and conservation management.

As part of the application process, SCL negotiated a settlement with external parties such as owners of other hydroelectric projects, Indian tribes, conservation groups, and other government agencies. The settlement sought to preserve SCL’s operational flexibility at Boundary Dam while providing for natural resource protection, mitigation, and enhancement measures.

The cost projections for such mitigation over the expected 42-year life of the license, included in the Department’s license application, were estimated to be \$399.1 million adjusted to 2014 dollars, of which \$21.2 million were expended through 2014. Projected mitigation cost estimates are subject to revision as more information becomes available.

Skagit and South Fork Tolt Licensing Mitigation and Compliance

In 1995, the FERC issued a license for operation of the Skagit hydroelectric facilities through April 30, 2025. On July 20, 1989, the FERC license for operation of the South Fork Tolt hydroelectric facilities through July 19, 2029, became effective. As a condition for both of these licenses, SCL has taken and will continue to take required mitigating and compliance measures.

Total Skagit license mitigation costs from the effective date until expiration of the federal operating license were estimated at December 31, 2014, to be \$127.8 million, of which \$110.9 million had been expended. Total South Fork Tolt license mitigation costs were estimated at \$1.8 million, of which \$1.3 million were expended through 2014. In addition to the costs listed for South Fork Tolt mitigation, the license and associated settlement agreements required certain other actions related to wildlife studies and wetland mitigation for which no set dollar amount was listed. Requirements for these actions have been met, and no further expenditures need to be incurred for these items.

Capital improvement, other deferred costs, and operations and maintenance costs are included in the estimates related to the settlement agreements for both licenses. Amounts estimated are adjusted to 2014 dollars. SCL's labor and other overhead costs associated with the activities required by the settlement agreements for the licenses are not included in the estimates.

Hydroelectric projects must satisfy the requirements of the Endangered Species Act (ESA) and the Clean Water Act in order to obtain a FERC license. ESA and related issues are discussed below.

Endangered Species

Several fish species that inhabit waters where hydroelectric projects are owned by SCL, or where SCL purchases power, have been listed under the ESA as threatened or endangered. Although the species were listed after FERC licenses were issued for all of SCL's hydroelectric projects, the ESA listings still affect operations of SCL's Boundary, Skagit, Tolt, and Cedar Falls hydroelectric projects.

Federal Regulations in response to the listing of species affect flow in the entire Columbia River system. As a result of these regulations, SCL's power generation at its Boundary Project is reduced in the fall and winter when the region experiences its highest sustained energy demand. The Boundary Project's firm capability is also reduced.

SCL, with the support of City Council, elected to take a proactive approach to address issues identified within the ESA. SCL is carrying out an ESA Early Action program in cooperation with agencies, tribes, local governments, and watershed groups for bull trout, Chinook salmon, and steelhead in the South Fork Tolt and Skagit Watersheds. The ESA Early Action program is authorized by City Council but is separate from any current FERC license requirements. The program includes habitat acquisition, management, and restoration. The ESA Early Action has been successful in protecting listed species. Total costs for SCL's share of the Early Action program from inception in 1999 through December 31, 2014 are estimated to be \$9.0 million. \$0.9 million has been allocated for the program in the 2015 budget.

Project Impact Payments

Effective August 2010, SCL renewed its contract with Pend Oreille County and committed to pay a total of \$19.0 million over 10 years ending in 2019 to Pend Oreille County for impacts on county governments from the operations of SCL's hydroelectric projects. Effective February 2009, the Department renewed its contract with Whatcom County committing to pay a total of \$15.8 million over 15 years ending in 2023. The payments compensate the counties and certain school districts and towns located in these counties, for loss of revenues and additional financial burdens associated with the projects. The Boundary Project, located on the Pend Oreille River, affects Pend Oreille County, and Skagit River hydroelectric projects affect Whatcom County. The impact payments totaled \$2.5 million and \$2.4 million to Pend Oreille County, and \$1.0 million and \$1.0 million to Whatcom County in 2014 and 2013, respectively.

SEATTLE PUBLIC UTILITIES (SPU)

Water Fund

Habitat Conservation Program Liability

SPU has prepared a comprehensive environmental management plan for its Cedar River Watershed. The purpose of the Habitat Conservation Plan (HCP) is to protect all species of concern that may be affected by the operations of SPU and SCL in the Cedar River Watershed while allowing SPU to continue to provide high quality drinking water to the region. The federal government has accepted the HCP. The total cost of implementing the HCP is expected to be \$107.9 million (in 2014 dollars) over a period of 50 years (from the year 2000 through the year 2050).

Expenditures are being funded from a combination of SPU's operating revenues and issuance of revenue bonds. The total amount expended for the HCP through 2014 is \$78.6 million. The remaining \$29.3 million to complete the HCP is comprised of a \$7.6 million liability and an estimate of \$21.6 million for construction and operating commitments. The construction activities will add to SPU's capital assets and the operating activities are mainly research, monitoring, and maintenance of the HCP Program that will be expenses as incurred.

Distribution System Reservoirs

SPU is required by the Washington State Department of Health (DOH) to complete a program to cover its open, above-ground distribution system reservoirs by the year 2020. The total cost of burying four reservoirs is expected to be approximately \$155.8 million through the year 2018; costs beyond 2018 are not estimable as of the date of this report. As of December 31, 2014 and 2013, total cumulative costs incurred were \$146.8 million and \$140.9 million, respectively.

Wholesale Water Supply Contracts

SPU has wholesale contracts with Cascade Water Alliance ("CWA") and twenty individual water districts and municipalities. Seventeen wholesale customers have full and partial requirements contracts which obligate the City to meet the wholesale customers' demand that is not already met by their independent sources of supply. Two wholesale customers including CWA have block contracts which obligate the City to provide water up to a combined maximum of 41.85 Millions of Gallons per Day (MGD) per year. Two other wholesale customers have emergency intertie agreements and do not purchase water from Seattle on a regular basis. CWA contract expires in 2063 while other wholesale contracts run through 2061. SPU also has a contract with the City of North Bend to provide untreated water supply up to an average annual amount of 1.1 MGD through 2066 for use in supplementing stream flows.

Drainage and Wastewater Fund

Wastewater Disposal Agreement

SPU has a wastewater disposal agreement with the King County Department of Natural Resources Wastewater Treatment Division (WTD), which expires in 2036. The monthly wastewater disposal charge paid to WTD is based on the WTD's budgeted cost for providing the service. The charges are determined by water consumption and the number of single-family residences as reported by SPU and other component agencies. Payments made by SPU were \$139.7 million and \$137.7 million for fiscal years 2014 and 2013, respectively.

Solid Waste Fund

Contractual Obligations

SPU contracts with private companies for the collection of residential and commercial garbage, yard waste, food waste, and recycling. Effective March 30, 2009 SPU entered into new contracts with Waste Management and CleanScapes for residential and commercial collection. The contracts are scheduled to end on March 31, 2019. Total payments under these contracts for residential and commercial collection in 2014 and 2013 were \$75.6 million and \$74.7 million, respectively.

In 1990, SPU entered into a contract with Waste Management of Washington, Inc. formerly known as Washington Waste Systems for the disposal of non-recyclable City waste. This contract is scheduled to end on March 31, 2028, however the City may terminate this contract at its option without cause on March 31, 2019. The Fund paid WWS \$12.9 million and \$13.3 million under this contract in 2014 and 2013, respectively.

The City also has negotiated a long-term yard waste processing contract with Cedar Grove Composting, Inc. (CGC). This contract expired on March 30, 2014. Total payments to CGC in 2014 and 2013 were \$0.4 million and \$2.7 million, respectively.

Effective April 1, 2014 the City entered into contracts with PacifiClean Environmental of Washington, LLC and Lenz Enterprises, Inc. to process yard and food waste into marketable products. The contracts are scheduled to end on March 31, 2020 however the city may, at its option, extend the contract in two year increments up to March 31, 2024. Total payments under the terms of these contracts for 2014 were \$3.4 million.

Effective April 1, 2009, the City commenced a contract for recycling processing with Rabanco, LTD. The company is responsible for processing recyclables from both commercial and residential customers. The contract is scheduled to end on March 31, 2016 with an option to extend the contract for a three-year period at that time. Total payment for recycling processing were \$2.4 million in both year 2014 and 2013.

Landfill Closure and Post-closure Care

At December 31, 2014, accrued landfill closure and post-closure costs consist primarily of monitoring, maintenance, and repair costs. It is the City Council's policy to include the fund's share of all landfill closure and post-closure costs in the revenue requirements used to set future solid waste rates. Therefore, SPU uses regulatory accounting and total estimated landfill closure and post-closure care costs are accrued and also reflected as a future costs in accordance with generally accepted accounting principles. These costs are being amortized as they are recovered from rate payers. Actual costs for closure and post-closure care may be higher due to inflation, changes in technology, or changes in regulations. Such amounts would be added to the liability and accrued when identified. Landfill closure costs were fully amortized in 2009 and landfill post-closure costs will continue to amortize until 2024. In prior years, SPU delivered its refuse to two leased disposal sites: the Midway and Kent-Highlands landfills. Subsequent to signing the original lease agreement, federal and state requirements for closure of landfill sites were enacted. SPU stopped disposing of municipal waste in the Midway site in 1983 and in the Kent-Highlands site in 1986.

(15) CONTINGENCIES

The City is exposed to the risk of loss from torts, theft of or damage to assets, business interruption, errors or omissions, law enforcement actions, contractual actions, natural disasters, failure to supply utilities, environmental regulations, and other third-party liabilities. The City also bears the risk of loss for job-related illnesses and injuries to employees. The City has been self-insured for most of its general liability risks prior to January 1, 1999, for workers' compensation since 1972, and for employees' health care benefits starting in 2000.

Since January 1, 1999, the City obtained excess general liability insurance coverage for occurrences on or after said date which covers losses over \$2.5 million per occurrence self-insured retention, with a \$25.0 million limit per occurrence and in the aggregate. Starting February 1, 2002 through 2006, the City's excess general liability insurance covers losses over \$5.0 million per occurrence self-insured retention, with a \$25.0 million limit per occurrence and in the aggregate. In June 2007 the limit was increased to \$30.0 million over a \$5.0 million self-insured retention. In June 2009 the self-insured retention was increased from \$5.0 million to \$6.5 million. Beginning in June 2011 the limit was increased to \$40.0 million over a \$6.5 million self-insured retention. Beginning in June 2014 the limit was increased to \$60.0 million over a \$6.5 million self-insured retention.

The City also purchased an all-risk comprehensive property insurance policy that provides \$500.0 million in limits, subject to various deductible levels depending upon the type of asset and value of the building. This includes \$100.0 million in earthquake and flood limits. Hydroelectric and other utility producing and processing projects owned by the City are not covered by the property policy. The City also purchased insurance for excess workers' compensation, fiduciary and crime liability, inland marine transportation, volunteers, and an assortment of commercial general liability, medical, accidental death and dismemberment, and other miscellaneous policies. Bonds are purchased for public officials, notaries public, pension exposures, and specific projects and activities as necessary.

The City did not purchase annuity contracts in 2014 to resolve litigation. No structured settlements were entered into by the City in 2014. No large liability settlements were received in 2014. No settlements made in 2014, 2013, or 2012 were in excess of insurance coverage.

Claims liabilities are based on the estimated ultimate cost of settling claims, which include case reserve estimates and incurred but not reported (IBNR) claims. Liabilities for lawsuits and other claims are assessed and projected annually using historical claims, lawsuit data, and current reserves. The Seattle Department of Human Resources estimates case reserves for workers' compensation using statistical techniques and historical experience. In 2014 the City's independent actuary estimated the ultimate settlement costs for lawsuits, workers' compensation, other claims, and health care at year-end 2013. The total undiscounted IBNR amount increased by \$5.6 million in 2014, the IBNR amount was \$40.4 million in 2014 and \$34.8 million in 2013.

Estimated claims expenditures are budgeted by the individual governmental and proprietary funds. Actual workers' compensation claims are processed by the General Fund and reimbursed by the funds that incurred them. Operating funds pay health care premiums to the General Fund, and the latter pays for all actual health care costs. The General Fund initially pays for lawsuits, claims, and related expenses and then receives reimbursements from City Light, Water, Drainage and Wastewater, Solid Waste, and the retirement funds.

Claims liabilities include claim adjustment expenditures if specific and incremental to a claim. Recoveries from unsettled claims, such as salvage or subrogation, and on settled claims are deposited in the General Fund and do not affect reserves for general government. Workers' compensation annual subrogation recoveries amounted to \$0.2 million in 2014 and \$0.3 million in 2013. All workers' compensation recoveries are deposited into the General Fund. Lawsuit and other claim recoveries of payments reimbursed for the utilities are deposited into the paying utility fund and do not affect the utility reserves.

Claim liabilities recorded in the financial statements are discounted at 0.931 percent for 2014 and 0.675 percent for 2013, the City's average annual rate of return on investments. The total discounted liability at December 31, 2014, was \$109.5 million consisting of \$67.0 million for general liability, \$3.5 million for health care, and \$39.0 million for workers' compensation.

Pending litigations, claims, and other matters are as follows:

- **City Light Boundary Unit 55 Delay Claims.** The City entered into a generator rebuild contract with Toshiba International Corporation for Units 55 and 56 at the City's Boundary Hydroelectric Project. The rebuild contract specified a turnover date of March 29, 2013 for Unit 55. Toshiba was materially late on a number of matters, which triggered liquidated damage claims under the contract with Toshiba. The liquidated damages clause allows for \$11 thousand per day, and the City has made liquidated damages claims against Toshiba for the period of March 29, 2013 through July 17, 2013. These claims total \$1.2 million and are currently being negotiated with Toshiba. The ultimate recovery amount is indeterminable as of the date of this note.
- **City Light Energy Crisis Litigation.** The City is involved in various legal proceedings relating to the enormous price spikes in energy costs in California and the rest of the West Coast in 2000 and 2001.

California Refund Case, Appeals, and Related Litigation. In the proceeding before the Federal Energy Regulatory Commission (FERC) various public and private California entities sought refunds in markets that had been created by the State of California. City Light had sold energy in one of these markets. In February 2011 the City agreed to a settlement, which was eventually approved by the trial court and FERC. Under the settlement, the City resolved this matter for \$9.0 million, none of which was immediately paid by the City. As part of the settlement, the City assigned its accounts receivable from the California Independent System Operator to the California Parties, which was valued at approximately \$1.4 million at the time of the settlement agreement. The balance of over \$7.6 million is contingent upon City Light recovering monies in the Pacific Northwest Refund Case, discussed below. To date, the City has received \$2.3 million in payments in the Pacific Northwest Refund Case, has been paid to the California parties.

Pacific Northwest Refund Case and Appeal. In the proceeding before FERC various buyers of energy, including the City, sought refunds from various sellers on energy sales in the Pacific Northwest between December 1999 and June 2001. The case was tried at FERC between August and October of 2013. Two witnesses provided testimony on behalf of City Light, and were cross-examined by the sellers. FERC has received the parties closing briefs and the City is awaiting the preliminary ruling from the trial judge. Prior to the FERC trial, the City settled refund claims with twelve entities, with a combined total settlement amount of \$2.6 million. During the middle of the FERC trial, the City also reached a settlement with Powerex Corp for \$2.0 million. The Powerex settlement was subsequently approved by FERC on March 7, 2014. In March 2014, the trial judge issued a 569 page initial decision which generally denied the City's and the California parties' claims. The City filed a brief objecting to the Initial Decision in May 2014 and the parties are awaiting a final decision from FERC. Prior to and during the FERC trial, the City settled claims with fourteen entities for a combined total settlement of \$4.5 million. On February 17, 2015, the 9th Circuit issued an order reactivating six dormant appeals that were stayed pending results of the related FERC litigation. A briefing schedule was issued by the 9th Circuit requiring all briefs completed by early May and oral argument to occur during the week of June 15, 2015.

- **Utility Tax Refund.** A wireless telecommunications subsidiary company served dozens of cities in Washington including Seattle. In November 2010 the company made utility tax refund requests. Pursuant to the refund requests, a lawsuit was filed in King County Superior Court against more than 100 cities in April 2012 appealing the cities' denial or failure to respond. The City of Seattle was not a defendant in the initial complaint, but was added with some other cities in August 2012. The lawsuit arises from its parent company being sued in a class action for improperly charging its customers for local utility taxes on wireless internet services. Those services may not have been taxable. As part of the settlement of the class action lawsuit, the parent company was required to present refund claims to the cities; the claim against the City of Seattle is approximately \$5.0 million. In May 2013, the court granted motions to dismiss Seattle and most other cities. However, the City is continuing an audit of the company and after the conclusion of the audit, it is likely that the company will refile the lawsuit against Seattle and the other cities that have not settled. The likelihood of a material adverse outcome in this matter cannot be predicted.
- **Public Records Request Claim.** The parent company of a local television station in Seattle made public records request to the Seattle Police Department for in-car videos and sued the City when they were not produced. The Trial court held some records were improperly withheld. Both parties appealed and oral argument was heard by the Washington Supreme Court in May 2013. The Court issued its decision on July 12, 2014 holding that SPD violated the PRA and remanded for further proceedings regarding penalties and attorney fees. The plaintiff moved for attorney fees and costs for the Supreme Court appeal. The Court awarded the plaintiff costs and fees of \$52.4 thousand which the City has paid. The City cannot predict whether a material adverse outcome will occur.
- **Leaks and Cracks in Reservoirs.** The City discovered leaks and cracks in various reservoirs. Discussions with the designer have commenced to determine the cause of the leaks and cracks. Costs of repairs and/or damages are expected to exceed the material amount. The amount is indeterminable as of the date of this note.

There may be other litigation or claims involving alleged substantial sums of money owing; however, the prospect of material adverse outcomes therein is remote. Other than the aforementioned cases and the claim liabilities recorded in the financial statements, there were and are no outstanding material judgments against the City.

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD) SECTION 108 LOAN PROGRAM

The City of Seattle participates in the HUD Section 108 loan program. In the Section 108 program HUD obtains funds from private investors at a very low cost (i.e., low interest rate). Low-cost funds are available because HUD guarantees repayment to the private investors. HUD, in turn, provides the low-cost funds to jurisdictions nationwide including the City of Seattle. The City re-lends the funds to private borrowers. HUD deposits the funds directly with the City's loan servicing agent, the Bank of New York. The Bank of New York disburses funds on behalf of the City to the private borrowers.

The Brownfields Economic Development Initiative Grant (BEDI) program is a federal grant that is directly linked to the Section 108 loan program. The City uses BEDI grant funds as a loan loss reserve and interest subsidy on Section 108 loans. The U.S. Treasury deposits the grant funds with the City. The City then disburses the grant funds to the loan servicing agent.

Pursuant to RCW 35.21.735 the City is expressly authorized to participate in the Section 108 loan program. The state statute and the City's contracts/agreements with HUD clarify that the City never pledges its full faith and credit. Future block grant funds are pledged to HUD in the event of borrower default. Each loan is secured by a deed of trust and/or bank-issued letter of credit that provides the City with security in the event of borrower default. Additionally, the BEDI grant funds may be used by the City to protect against loan default.

On December 31, 2014, twelve projects remained outstanding with a combined total amount of \$25.3 million. BEDI grant funds amount to \$3.75 million, of which a portion is being held as loan loss reserves.

GUARANTEES OF THE INDEBTEDNESS OF OTHERS

The City has guaranteed the following bonds issued by public development authorities chartered by the City which are not component units of the City. The guarantees extend through the life of the bonds.

In the event that these public development authorities have insufficient funds to make scheduled debt payments of the principal of and interest on these guaranteed bonds, the City is obligated to transfer sufficient funds to make the payment. Public development authorities for whom the City has made all or part of a debt service payment shall reimburse the City for all money drawn on their behalf.

The City has not paid debt service on any of the guaranteed bonds during fiscal year 2014.

Museum Development Authority

Special obligation refunding bonds. Series 2014 issued on April 29 2014, in the amount of 44,375,000. The outstanding amount as of December 31 2014 is \$44,375,000. The bonds will be fully retired by April 1, 2031.

Pike Place Market Preservation and Development Authority

Special obligation refunding bonds issued on March 28, 2002, in the amount of \$5,925,000. The outstanding amount as of December 31 2014 is \$2,410,000. The bonds will be fully retired on November 1, 2017.

Seattle Chinatown-International District Preservation and Development Authority

Refunding bonds issued on September 26, 2007, in the amount of \$7,355,000. The outstanding amount as of December 31, 2014, was \$5,465,000. The bonds will be fully retired by August 1, 2026.

Seattle Indian Services Commission

Special obligation revenue refunding bonds issued on November 1, 2004, in the amount of \$5,210,000. The outstanding amount as of December 31 2014 is \$3,525,000. The bonds will be fully retired on November 1, 2024.

Event Notice Relating to Seattle Indian Services Commission

In 2014 the Seattle Indian Services Commission experienced unforeseen conditions that leave it unable to fulfill its debt obligations on bonds guaranteed by the City. Due to the interruption and suspension of the Commission's pledged revenues for debt service the City is now obligated to temporarily service the Commission's debt.

The City's 2015 Adopted Budget includes funding to pay debt service on the Commission's guaranteed bonds in accordance with the City's unconditional obligation. Effective for fiscal year 2015 the City will transfer funds on behalf of the Commission to pay the scheduled debt payments of the principal and interest on its special obligation refunding bonds issued on November 1, 2004. The first debt service payment is scheduled to occur on 5/1/2015 in the amount of \$75 thousand.

As of Dec 31, 2014, the Commission's remaining principal and interest amounts the City guaranteed are \$3,525,000 and \$898,630 respectively. Based on the expected cash outflows and discount rate equal to the interest earned from the City's consolidated cash pool (0.862%), the City has recognized a liability of \$4.2 million on the Government-Wide Financial Statements. Until the Commission's revenue conditions improve the City will continue to make the scheduled debt payments through the life of the bonds, with a final maturity date of 11/01/2024.

(16) RESTATEMENTS, PRIOR-PERIOD ADJUSTMENTS, CHANGES IN ACCOUNTING PRINCIPLES, AND RECLASSIFICATIONS

GOVERNMENTAL ACTIVITIES

Various departments recorded prior period adjustments to Fixed Asset related accounts. These include: 1) Department of Parks and Recreation (DPR) reported an additional \$9.2 million capitalization of Land and Equipment, net of accumulated depreciation, 2) DPR reported \$1.9 million addition to Construction in Progress, 3) Seattle Center reported \$0.2 million reduction to Construction in Progress, and 4) the Seattle Police Department reported \$1.4 million reduction to Construction in Progress.

(17) SUBSEQUENT EVENTS

On May 21, 2015, pursuant to City Ordinances 124125 and 124637 the City issued (1) \$160.9 million of Limited Tax General Obligation (LTGO) Improvement and Refunding Bonds with an average coupon rate of 4.871 percent and a final maturity of June 1, 2035; (2) \$169.1 million of Unlimited Tax General Obligation (UTGO) Improvement Bonds with an average coupon rate of 4.122 percent and a final maturity of December 1, 2044; and (3) \$28.2 million of LTGO Improvement Bonds with an average coupon rate of 3.454 percent and a final maturity of April 1, 2035.

On June 10, 2015, pursuant to City Council Resolution 31586 the City issued \$340.8 million of Water System Improvement and Refunding Revenue Bonds with an average coupon rate of 4.531 percent and a final maturity of May 1, 2045.

On June 25, 2015, pursuant to City Council Resolution 31589 the City issued \$35.8 million of Solid Waste Revenue Bonds with an average coupon rate of 4.478 percent and a final maturity of February 1, 2040.

Required Supplementary Information

**SCHEDULES OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES – BUDGET AND ACTUAL**

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The schedules of revenues, expenditures, and changes in fund balances – budget and actual are presented on a budgetary basis (Non-GAAP). A reconciliation of the budgetary fund balance to the GAAP fund balance is shown on the face of each schedule.

The budgetary basis of accounting is substantially the same as the modified accrual basis of accounting in all governmental funds except for the treatment of appropriations that do not lapse, those whose budgets were approved by the City Budget Office to carry over to the following year. These appropriations are included with expenditures in the City's budgetary basis of accounting.

As described in Note 1, Summary of Significant Accounting Policies, GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, was implemented in fiscal year 2011; the Library Fund no longer meets the definition for a special revenue fund and is now reported as part of the General Fund for the GAAP reporting. Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual for the General Fund, C-1, is presented on the budgetary basis for the legally adopted budget of the General Fund.

PENSION PLAN INFORMATION

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

Defined benefit pension plans are required to provide two schedules of long-term actuarial data, Schedule of Funding Progress and Schedule of Employer Contributions as of the plans' reporting dates for the past six consecutive fiscal years. The information presented in these schedules was part of the latest actuarial valuations at the dates indicated in Note 11, Table 11-1.

PENSION PLAN INFORMATION
SCHEDULE OF FUNDING PROGRESS

December 31, 2014

(In Thousands)

Retirement System	Actuarial Valuation Date January 1	Actuarial Value of Assets	Actuarial Accrued Liabilities (AAL)	^a Unfunded Actuarial Accrued Liabilities (UAAL)	^b Funded Ratio	Covered Payroll	^c UAAL as a Percentage of Covered Payroll
Seattle City Employees' Retirement System (SCERS)	2008	\$ 2,119,400	\$ 2,294,600	\$ 175,200	92.4%	501,900	34.9%
	2010	1,645,300	2,653,800	1,008,500	62.0	580,900	173.6

	2013	12,943	106,424	93,481	12.0	N/A	N/A
	2014	12,371	84,344	71,613	15.0	N/A	N/A
Police Relief and Pension Fund	2009	423	132,118 ^c	131,695 ^e	—	N/A	N/A
	2010	280	129,393	129,113	—	N/A	N/A
	2011	1,105	137,497	136,392	1.0	N/A	N/A
	2012	3,746	111,458	107,712	3.0	N/A	N/A
	2013	4,625	104,729	100,104	4.0	N/A	N/A
	2014	3,202	92,615	89,413	3.0	N/A	N/A

^a Actuarial present value of benefits less actuarial present value of future normal costs based on Entry Age Actuarial Cost Method for SCERS, Firemen's Pension, and Police Relief and Pension.

^b Actuarial accrued liabilities less actuarial value of assets, funding excess if negative.

^c Covered payroll includes compensation paid to all active employees on which contributions are calculated. Not applicable for Firemen's Pension and Police Relief and Pension plans. These plans primarily cover inactive participants and there are no current member contributions.

^d The funding ratio had been 62.0%, based on previous, January 1, 2010 actuarial valuation. The increase in the funding ratio is due mainly to the adoption of the asset smoothing method.

^e Reflects a \$514,000 actuarial adjustment for the 2009 AAL and UAAL.

C-5

**PENSION PLAN INFORMATION
SCHEDULE OF EMPLOYER CONTRIBUTIONS**

December 31, 2014

(In Thousands)

Retirement System	Fiscal Year Ending December 31	Covered Employee Payroll	^a Actual Employer Contributions	^b Actual Employer Contribution Percentage	^b Annual Required Contribution (ARC)	^c Percentage of ARC Contributed
Seattle City Employees' Retirement System (SCERS)	2008	\$ 570,530	\$ 45,814	8.03 %	8.03%	100 %
	2009	580,948	46,650	8.03	8.03	100
	2010	563,198	45,225	8.03	17.00	47
	2011	557,000	50,301	9.03	13.11	69
	2012	567,806	62,515	11.01	11.84	93
	2013	597,934	77,074	12.89	14.02	92
Firemen's Pension Fund	2008	N/A	15,027	N/A	10,673	141
	2009	N/A	11,422	N/A	8,266	138
	2010	N/A	7,255	N/A	7,975	91
	2011	N/A	8,262	N/A	7,218	114
	2012	N/A	10,318	N/A	7,387	140
	2013	N/A	6,485	N/A	5,243	124
Police Relief and Pension Fund	2008	N/A	9,723	N/A	9,248	105
	2009	N/A	7,939	N/A	8,635	95
	2010	N/A	9,843	N/A	7,907	124
	2011	N/A	11,195	N/A	8,534	131
	2012	N/A	8,315	N/A	6,895	121
	2013	N/A	7,105	N/A	6,398	111

^a Computed as the dollar amount of the actual employer contribution made as a percentage of payroll divided by the contribution rate, expressed as a percentage of payroll for SCERS. Not applicable to the Firemen's Pension and Police Relief and Pension because these plans primarily cover inactive participants and there are no current member contributions.

^b The actual and required employer contributions for SCERS are expressed as a percentage of payroll after first recognizing the \$12 per employee assessment made for the death benefits. This assessment per employee is included in the actual employer contributions reported and has been previously recognized by the actuary in determining the ARC.

^c The City makes employer contributions as a percentage of actual payroll for SCERS as set in City ordinance. Thus, as long as the percentage equals the percentage required by the most recent actuarial valuation, the dollar amount of the ARC is equal to the actual dollar amount of the employer contributions. The City ordinance does not permit a reduction in the employer contribution rate less than the employee contribution rate.

^d The latest actuarial valuation for SCERS was completed as of January 1, 2013.

**Combining and Individual
Fund and Other
Supplementary Information**

Nonmajor Governmental Funds

NONMAJOR GOVERNMENTAL FUNDS**SPECIAL REVENUE FUNDS**

The **Parks and Recreation Fund** accounts for the operation of the City's parks system. The fund continues to receive monies for charter revenues as required by the City Charter. Required charter revenue to the fund is ten percent of all business and occupation taxes, related fines, penalties, and other licenses. In 2009, the City changed the charter revenue allocation from direct method of allocating ten percent actual revenue receipts periodically to an indirect method of transferring a fixed amount from the General Fund as adopted by the City Council each year. At the end of each year, an analysis is performed to ensure that Park and Recreation Fund receives monies equal to or exceeding the ten percent charter revenue requirement. Transfers-in are recognized for these cash transfers in this fund. The fund also receives usage fees.

The **Seattle Streetcar Fund** accounts for payments to King County, based on certain formulas, for operating and maintaining the City's streetcar. The fund is supported by revenues from sponsorship agreements; federal, state, county or other grants or transfers; private funding, donations, or gifts; property sales proceeds or other moneys supported by ordinance (Ordinance 122424).

The **Key Arena Settlement Proceeds Fund** accounts for all proceeds received pursuant to the settlement of the Key Arena litigation which shall be used and applied in accordance with appropriations by the City Council (Ordinance 122834).

The **Pike Place Market Renovation Fund** accounts for the proceeds of a six-year tax levy (Market Levy) approved by the voters in 2008 received on behalf of the Pike Place Market Preservation and Development Authority (PPMPDA) to pay for the cost of renovating the Pike Place Market owned by PPMPDA under the Levy Proceeds Agreement by and between the City and PPMPDA (Ordinance 122737). It also accounts for the proceeds of bonds issued in part by the 2009, 2010, and 2011 Multipurpose Long-Term General Obligation Bond as temporary financing for the Pike Place Market renovation, whose bonds and interest are being paid from the Market Levy proceeds at bond maturity and interest payment dates (Ordinances 122848, 123156, and 123480).

The **Seattle Center Fund** accounts for the operations of the Seattle Center. The Center is a 74-acre convention, performance, and family entertainment complex on the site of the 1962 Seattle World's Fair.

The **Human Services Operating Fund** accounts for grants and General Fund moneys for programs to aid low-income persons, youths, and the elderly.

The **Office of Housing Fund** accounts for activities pertaining to housing development, application for and compliance with conditions for housing loans and grants.

The **Housing and Community Development Revenue Sharing Fund** receives federal Community Development Block Grant and Urban Development Action Grant moneys to provide housing and community development assistance to low- and moderate-income persons.

The **Education and Development Services Fund** accounts for a seven-year levy approved by the voters in 1997, in 2004, and again in 2011 to provide educational and developmental services to supplement the basic education activities financed by the State of Washington (Ordinances 118557, 121529, and 123567).

The **2012 Library Levy Fund** accounts for a seven-year levy approved by the voters in 2012, providing support for library services which include maintaining hours and access, increasing the size and quality of library collections both new book titles and digital media, technology replacements and upgrades, and regular maintenance and major repairs (Ordinance 123851).

The **Business Improvement Areas Fund** accounts for moneys that businesses assess themselves for parking, festivals, and other nongovernmental activities.

The **Seattle Transportation Benefit District Fund** accounts for the independent taxing district created and governed by the City Council. The purpose of the district is to fund transportation improvements within the boundaries of the City through an imposed \$20 vehicle registration fee. See Note 12, Component Units, for additional information pertaining to the district.

The **General Trust Fund** accounts for amounts received with restrictions under contractual agreements.

The **Municipal Arts Fund** receives at least one percent of the total cost of City capital construction projects. The City uses these moneys to buy visual arts.

The **General Donations and Gift Trust Fund** holds a variety of gifts and donations which have restrictions on their use. Programs eligible to receive support from this fund include the gift catalog, animal control, emergency medical assistance program, horse patrol, K-9 corps, climate action, and rescue of prostituted children.

DEBT SERVICE FUNDS

The **General Bond Interest and Redemption Fund** receives moneys from excess property tax levies to pay interest costs and principal redemptions on voter-approved general obligation bonds. It also receives moneys from the General Fund and other City funds to pay for interest costs and principal redemptions on councilmanic limited tax general obligation bonds.

The **Interfund Notes Payable - Local Improvement Districts (LIDs) Fund** accounts for the payments of interest and principal on interfund notes payable to the Cumulative Reserve Subfund, a General Fund subfund. The proceeds of the notes funded the activities of certain LID districts.

The **Local Improvement Guaranty Fund** receives surpluses and guarantees faithful compliance of bond covenants on completed or defeased LID bond funds. When required, it shall be funded by excess general property tax levies or by the General Fund. The City is legally obliged to maintain a fund level at 10 percent of net outstanding LID debt.

CAPITAL PROJECTS FUNDS

The **Transportation Bond Fund** was established in 1997 to account for part of the proceeds of a limited tax general obligation bond issue in the amount of \$9.5 million for designated transportation programs and projects (Ordinances 118503 and 118528).

The **Public Safety Facilities and Equipment Fund** was established in December 1990 to account for the improvement of public safety equipment. In 1990 the fund received transfers of reimbursable appropriations from the Cumulative Reserve Subfund and expended \$1 million for the improvement and construction of certain facilities. In 1991 the fund received \$8 million from the sale of limited tax levy general obligation bonds. In 1996 the fund received \$17.6 million from the sale of limited tax general obligation bonds (Ordinances 115453, 116797, 118108, 118184, 118225, and 118364).

The **Shoreline Park Improvement Fund** accounts for Local Improvement subprogram moneys for shoreline and beach park improvements that were received as METRO mitigation grants related to the expansion of the West Point sewage treatment plant (Ordinance 115496).

The **Community Improvement Fund** accounts for moneys from community improvement contributions by METRO for public improvements in the Alki and Discovery Park areas to mitigate the negative construction impacts in those communities (Ordinance 115496).

The **Park Mitigation and Remediation Fund** account for monies received for development, renovation or improvements to Department of Parks and Recreation properties related to implementing the Arboretum Mitigation Plan to address impacts from the State's SR 520, I-5 To Medina: Bridge Replacement and HOV Project (Ordinance 124208).

The **City Facilities Renovation and Improvement Fund** received \$22.2 million of unlimited tax general obligation bond proceeds under the 1-2-3 Bond/Levy Program approved by voters in September 1984. It provides funds to renovate libraries, fire stations, Seattle Center facilities, harbor patrol stations, and other facilities (Ordinance 111717).

The **Conservation Futures Fund** was established in 1990 to account for the proceeds from the Conservation Futures Levy which are allocated to the City by King County and for the City's matching amounts. The funds are to acquire suitable greenbelt areas for conserving and enhancing the quality of the environment (Ordinances 114763, 114978, and 116908).

The **Open Spaces and Trails Bond Fund** was established in 1989. It accounts for \$41.8 million which is Seattle's portion of the King County general obligation bond issued to finance the preservation of greenbelts, natural areas, other undeveloped open spaces, and to acquire and develop recreational trails within the City (Ordinance 114900).

The **Seattle Center and Parks Multipurpose Levy Fund** was established to account for the 8-year \$72 million property tax levy approved by voters in 1999 for improvements to the Seattle Center Opera House, replacement of the Flag Pavilion with a new Festivals Pavilion, and the construction and remodeling of community centers (Ordinance 119522). It also accounts for the 8-year \$129.2 million property tax levy approved by the voters in 2000 for improving maintenance and programs of existing parks, including the Woodland Park Zoo; acquiring, developing, and maintaining new neighborhood parks, green spaces, playfields, trails, and boulevards; and recreational programming for funding safe out-of-school and senior activities (Ordinance 120024).

The **Seattle Center Redevelopment/Parks Community Center Fund** was established in 1991 to provide partial funding for certain needed improvements to the Seattle Center and full City funding for certain improvements to selected community centers. It received the proceeds of the \$14.75 million limited tax general obligation bond issue and grant moneys from Washington State Department of Community Development. The fund also received the proceeds of the \$3.22 million sale of limited tax general obligation bond anticipation notes to finance preconstruction costs for redevelopment of the Seattle Center Coliseum during 1993 (Ordinances 115844 and 116720).

The **Municipal Civic Center Fund** was established in 1998 to account for the planning, design, and construction of the new Municipal Courthouse and police headquarters, the new City Hall, Key Tower major improvements, and other capital projects relating to the Civic Center (Ordinance 119304).

The **South Police Stations Fund** was established in 1999 to account for moneys to be used for the design of the new South Police Station and modification of existing stations (Ordinance 119432).

The **Public Safety Information Technology Fund** was established in 1999 to account for part of the proceeds from the sale of limited tax general obligation bonds for the purpose of acquiring public safety information technology (Ordinance 119630).

The **2003 Fire Facilities Fund** was established to account for the 9-year additional property tax levy of \$167.2 million approved by the voters. The purpose of the levy is to pay all or part of the cost of neighborhood fire stations, support facilities, marine apparatus, emergency preparedness, and other emergency response facilities (Ordinance 121230).

The **2003 Long-Term General Obligation Project Fund** was established to account for the proceeds of bonds issued in February 2003 to provide funding for Seattle Center's Roof and Structural Repairs, Park 90/5 Facility Earthquake Repair, and the SR519 and Alaskan Way Viaduct/Seawall Projects of the Seattle Department of Transportation (Ordinance 120979).

The **2006 Multipurpose Long-Term General Obligation Bond Fund** was established to account for up to \$24.1 million proceeds of limited tax general obligation bonds issued in 2006 for funding for the costs of the Viaduct, Pier 59, Mercer Corridor, and South Lake Union Streetcar projects; as well as for the refinancing of earthquake repair costs of the Park 90/5 Facility (Ordinance 121982).

The **Local Improvement Fund, District No. 6750** was established in 2006 to account for the construction of a streetcar line serving downtown Seattle, Denny Triangle, and South Lake Union, to be funded from proceeds of local improvement bonds and special assessments upon property in the local improvement district (Ordinance 121951).

The **2007 Multipurpose Long-Term General Obligation Bond Fund** was established in 2006 to account for the acquisition of real property in the Northgate area for future general municipal purposes and for the costs of improvements to the Seattle Aquarium. Funds for these projects were initially provided from interfund loans to be repaid from future proceeds of limited tax general obligation bonds to be issued by the City (Ordinance 122121). The other part of the proceeds of the bond issue (Ordinance 122286) provided funding for the Parking Pay Stations, Alaska Tunnel/Seawall, Monorail Rehabilitation projects and the Zoo Garage construction.

The **2008 Multipurpose Long-Term General Obligation Bond Fund** was established in 2007 to account for capital costs related to the South Rainier Street Grade Separation, Spokane Street Viaduct, Mercer Corridor, and King Street Multimodal Terminal projects. Initial funds for these projects were provided from interfund loans to be repaid from proceeds of limited tax general obligation bonds issued in 2008 by the City (Ordinance 122417). The bond ordinance finally allocated the bond proceeds to the King Street Multimodal Terminal, Bridge Seismic, Rehabilitation and Replacement, Pay Stations, Fire Station projects, and the South Lake Union Property Proceeds Account (Ordinance 122553).

The **2009 Multipurpose Long-Term General Obligation Bond Fund** was established in 2008 to account for the proceeds of the bonds issued in March 2009 to provide funding for the costs of capital projects including the Alaskan Way Viaduct/Seawall, North Precinct, Northgate Land, Northgate Park, Rainer Beach Community Center, Trails, Bridge Rehabilitation, King and Spokane Streets projects, and the Municipal Jail (Ordinance 122848).

The **2010 Multipurpose Long-Term General Obligation Bond Fund** was established in 2010 to account for the proceeds of the bonds issued in March 2010 to provide funding for the costs of capital projects relating to the Spokane Street Viaduct, Bridge Rehabilitation, Bridge Seismic Retrofit, Mercer Corridor-South Lake Union, Mercer Corridor West, King Street Station Multimodal Terminal, Alaskan Way Viaduct, Parking Pay Stations, Pike Place Market Renovation, Golf Course Improvements, and Tier-1 Storage Area Network (Ordinance 123156).

The **2011 Multipurpose Long-Term General Obligation Bond Fund** was established in 2011 to account for the proceeds of the bonds issued in March 2011 to provide funding for the costs of capital projects relating to the Spokane Street Viaduct, Bridge Rehabilitation and Seismic Retrofit, Parking and Program Management, Facility Energy Retrofits, Rainier Beach Community Center, King Street Station Multimodal Terminal, Seattle Center Renovations, Pike Place Market Renovation, Golf Course Improvements, and Alaska Way Viaduct and Seawall (Ordinance 123480).

The **2012 Multipurpose Long-Term General Obligation Bond Fund** was established in 2012 to account for the proceeds of the bonds issued in May 2012 to provide funding for the costs of capital projects relating to Bridge Seismic Retrofit, the Mercer Corridor-South Lake Union, Mercer Corridor West, Linden Avenue North, Alaskan Way Viaduct Seawall, Alaskan Way Viaduct Parking and Program Management, Rainier Beach Community Center, Magnuson Park Building 30, and Library Information Technology Systems (Ordinance 123751).

The **2013 Multipurpose Long-Term General Obligation Bond Fund** was established in 2013 to account for the proceeds of bonds issued in June 2013 to provide funding for the costs of capital projects relating to Transportation Infrastructure, Recreational and Public Safety facilities, and Information Technology Systems (Ordinance 124053).

The **Alaskan Way Seawall Construction Fund** was established in 2013 to account for the issuance of and sale of unlimited tax general obligation bonds and bond anticipation notes, and authorized loans of resources from various City funds, to pay all or part of the costs of the design, construction, renovation, improvement and replacement of the Alaskan Way Seawall and associated public infrastructure (Ordinance 124125).

The **Central Waterfront Improvement Fund** was established in 2012 to account for capital costs related to the Alaskan Way Viaduct and Seawall Replacement Program, including costs associated with the design and construction of the Central Waterfront component, costs for city administration, and costs eligible for financing by a future Local Improvement District. The fund shall receive all revenues including, but not limited to, revenues from sponsorship agreements; federal, state, country or other grants or transfers; private funding, donations or gifts; property sales proceeds; and other monies as authorized by the City Council (Ordinance 123761).

2013 King County Parks Levy Fund was established in 2013 to account for the issuance and sale of limited tax general obligation bonds to pay all or part of the City's capital improvement program, to refinance certain outstanding bonds of the Pike Place Market Preservation and Development Authority and the Seattle-Chinatown-International District Preservation and Development Authority, improvements to Benaroya Hall and to pay the cost of issuance of the bonds (Ordinance 124349).

2014 Long-Term General Obligation Bond was established in 2014 to pay all or part of the cost of various City's capital improvement programs and other City purposes, to carry out the refunding for the Pike Place Market Preservation and Development Authority and the Seattle-Chinatown-International District Preservation and Development Authority, to pay the costs of the Benaroya Hall Music Center projects, and to pay other general obligation Bonds (Ordinance 124341).

2014 Long-Term General Obligation Bond was established in 2015 to account for the proceeds of the issuance of bonds to provide funding for the cost of City's capital projects relating to acquisition of real property, right of way, other real property interest, improvements, designs, demolish, renovate, upgrade, construct, betterments and extensions of facilities and plants or systems and obtain any ancillary services. (Ordinance 124648)

PERMANENT FUNDS

The **H. H. Dearborn Fund** holds a \$50,000 non-expendable gift to the City. The investment income is available for charitable purposes.

The **Beach Maintenance Trust Fund** received \$2.0 million appropriated from the City's Shoreline Park Improvement Fund. The earnings on this fund are used solely to maintain public beaches in Seattle.

Nonmajor Enterprise Funds

NONMAJOR ENTERPRISE FUNDS

The **Planning and Development Fund** accounts for building permit fees and moneys from the General Fund as well as the cost of enforcing the City's land use and building construction codes.

The **Downtown Parking Garage Fund** accounts for the proceeds from the sale of bonds to pay for the cost of effecting the beneficial transfer to the City of the parking garage at Pacific Place in downtown Seattle. This fund also accounts for the operation of the garage.

The **Fiber Leasing Fund** is used to account for the activities associated with management's use of the City's excess fiber and fiber infrastructure. The Fiber Leasing Fund receives revenues from sponsorship agreements; federal, state, county, or other grants or transfers, private funding, donations or gifts, and property sales proceeds (Ordinance 123931).

Internal Service Funds

INTERNAL SERVICE FUNDS

The **Finance and Administrative Services Fund** accounts for support services to other City departments in the areas of financial services, business technology, contracting and purchasing services, fleet management; building and related facility operations and maintenance; architecture, engineering, and space planning; and real estate management. Additional services provide for the City are regulatory services and operations; and the customer service bureau.

The **Information Technology Fund** accounts for support services provided by the Department of Information Technology to other City departments. The services include managing the City's information technology resources, including Citywide telecommunications, data communications, and the physical infrastructure that supports them; the City's telephone system, radio system, and fiber optic network; Citywide application infrastructure; and interactive media services.

Fiduciary Funds

FIDUCIARY FUNDS**PENSION TRUST FUNDS**

The **Employees' Retirement Fund** receives employees' payroll deductions for retirement and the City's matching contributions. It pays pension benefits to retired City employees. It also accounts for the investments and related earnings in the City's employee retirement plan.

The **Firemen's Pension Fund** receives General Fund contributions and a portion of the state-levied fire insurance premium tax. These moneys pay for fire fighters' medical and pension benefits which are not covered by the State's Law Enforcement Officers' and Fire Fighters' Retirement System and/or industrial insurance.

The **Police Relief and Pension Fund** receives support almost entirely from the General Fund. The General Fund contributions pay for sworn police personnel's medical and pension benefits which are not covered by the state's Law Enforcement Officers' and Fire Fighters' Retirement System and/or industrial insurance.

AGENCY FUNDS

The **Guaranty Deposits Fund** holds temporary deposits of moneys from individuals or entities pending fulfillment of contractual agreements with the City.

The **Payroll Withholding Fund** receives City contributions and/or employee deductions for payroll taxes, such as Social Security (FICA), Medicare, and federal income tax; state retirement (LEOFF); savings bonds; and dependent child care. The contributions and deductions are paid to federal and state agencies and to other City funds.

The **Multifamily Rental Housing Improvement Fund** (MRHF) accounts for monies arising from a settlement agreement, and duly ordered by the Superior Court of the State of Washington to be administered by the City. Disbursements are made, upon approval of the MRHF Committee, to improve building maintenance for the multifamily rental housing stock in the City; and to provide educational services and resources on landlord and tenant rights and responsibilities.

The **Salary Fund** pays salaries to all active City employees. The funds that record the expenditures transfer moneys into this fund.

The **Voucher Fund** pays for all expenditures of the City except payroll, retirement benefits, and certain payments made by check or wire transfer. The funds that record the expenditures transfer moneys into this fund.

The **Pass-Through Grants Fund** was established in 2006 to account for grants which are the equivalent of pure cash conduits. The City has no administrative and no direct involvement with the grant programs.

Statistics

STATISTICAL INFORMATION

The Statistical Section provides financial statement users with additional historical perspective, context, and detail for them to use in evaluating the information contained within the financial statements, notes to the financial statements, and required supplementary information with the goal of providing the user a better understanding of the City’s economic condition.

Financial Trends

These tables contain information to help the reader understand how the City’s financial performance and well-being have changed over time.

- S-1 Net Position by Component
- S-2 Changes in Net Position
- S-3 Fund Balances of Governmental Funds
- S-4 Changes in Fund Balances of Governmental Funds

Revenue Capacity

These tables contain information to help the reader assess the City’s most significant local revenue sources.

- S-5 Tax Revenues by Source
- S-6 Assessed Value and Estimated Actual Value of Taxable Property
- S-7 Direct and Overlapping Property Tax Rates
- S-8 Principal Property Taxpayers
- S-9 Principal Revenue Sources
- S-10 Property Tax Levies and Collections

Debt Capacity

These tables contain information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future.

- S-11 Ratios of Outstanding Debt by Type
- S-12 Ratios of Net General Bonded Debt Outstanding
- S-13 Direct and Overlapping Governmental Activities Debt
- S-14 Legal Debt Margin Information
- S-15 Pledged-Revenue Coverage

Demographic and Economic Information

These tables offer demographic and economic indicators to help the reader understand the environment within which the City’s financial activities take place.

- S-16 Demographic and Economic Statistics
- S-17 Principal Industries

Operating Information

These tables contain service and infrastructure data to help the reader understand how the information in the City’s financial report relates to the services the City provides and the activities it performs.

- S-18 Full-Time-Equivalent City Government Employees by Department/Office
- S-19 Operating Indicators by Department/Office
- S-20 Capital Asset Statistics by Department/Office
- Miscellaneous Statistics

a In 2011, the City recognized its interpretation of GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, relating to financial statement Net Position classifications was incorrect. A restatement was made for 2010 to allow for comparability to 2011. Restatements were not made to the presentation for years 2004-2009.

a Source: King County Assessor and City of Seattle Budget Office.

b For the purposes of this table the City's share of the Countywide Emergency Medical Service (EMS) levy is included in the County's tax levy rate. EMS rate is 0.335 in 2014.

c Actual dollars levied may differ slightly from this figure due to certain property tax exemptions for low-income, elderly, and handicapped property owners.

2014	1,177,143	10,131	1,167,012

^a Starting in 2011, estimated actual value of taxable property in the succeeding year is used for calculation.

^b General obligation bond debt service for the Downtown Parking Garage is being paid for by user fee revenues derived from the garage. The ultimate recourse for the payment of these bonds remains with the City's General Fund.

^c Excludes amortization.

2014	10,881,878,356	1,011,446,510	9,870,431,847	9.29

^a Legal debt limits are established by the state constitution and by statutes, including RCW 39.36.020 and 35.42.200. The prescribed limits prohibit the City's debt from exceeding 1.5 percent of assessed value of taxable property without a vote of the people, and a total of 2.5 percent (statutory) and 5.0 percent (constitutional) of assessed value of taxable property for general municipal purposes with a vote of the people.

^b RCW 39.36.015 allows incorporated cities to use the "last assessment for city purposes." This assessment was issued as of January 22, 2014 for taxes payable in 2013.

^c State law and the State Auditor's Office require that the liabilities for warrants outstanding and other miscellaneous obligations of the General Fund, other tax-supported funds, and internal service funds be included as debt in calculating the legal debt margin, except when cash, investments, and other cash-equivalent assets in any of these individual funds exceed current liabilities.

^d The City guarantees Public Development Authority bonds which create contingent obligations. Currently the City is contingently liable on debt issued by the Museum Development Authority, the Pike Place Market Preservation and Development Authority, the Seattle-Chinatown International District Preservation Development Authority, and the Seattle Indian Service Commission.

^e Includes City Obligations to repay loans from the Washington State Public Works Assistance Account despite accounting procedures prescribed by the State Auditor that currently do not include amounts loaned by the State and federal governments in calculating debt capacity. However, the City's bond counsel does include State and federal loans to the City, including Public Works Assistance Account indebtedness, as within the applicable statutory and constitutional debt limits.

^f The State Auditor requires that the liability for compensated absences, to the extent that it is a certain obligation of a determined amount or employee vested, be included as debt in calculating the legal debt margin. All compensated absences except the sick leave estimate meet this criterion. The City's bond counsel does include compensated absences as debt for the purpose of calculating the City's debt capacity.

^g Does not include available net position in the Local Improvement Guaranty Fund, Interfund Notes Payable Fund, and Local Improvement District No. 6750 Fund because special assessment bonds related to them, if any, are not included in the computation of legal debt margin.

a Debt coverage ratios prior to 2005 were based on debt service amounts on parity bonds only; beginning in 2005 the debt service for Junior Lien bonds was included. In 2008, all Junior Lien bonds were redeemed. Starting in 2009, calculation of debt coverage ratios was based again on debt service amounts on parity bonds. Operating expenses do not include interest, depreciation, or amortization expenses, except in 2002, 2003, and 2004 when the effect of \$100 million amortization of deferred power costs were also considered in the calculation of coverage ratio.

b Operating expenses do not include City public utility taxes, depreciation and amortization, interest paid on revenue bonds, and drawdowns on the Bonneville Power Administration account. Coverage ratio was calculated based on the annual debt service requirement on senior lien bonds only.

c Debt service coverage ratio was based on average annual debt service. Interest and principal shown were calculated to match the requirements of bond covenants. Operating expenses do not include City utility taxes, depreciation and amortization, interest, and claims.

d Debt service requirements for outstanding bond anticipation notes (BAN) were not included in calculating bond coverage ratio. There were outstanding BANS in 2003-2006. Operating expenses does not include city public utility taxes, depreciation and amortization, interest paid on revenue bonds, amortization of debt expenses and loss, capitalized interest, and amortization of landfill and postclosure costs.
