REPORT OF INDEPENDENT AUDITORS

To the Director of Seattle Public Utilities
Solid Waste Fund
Seattle, Washington

Report on Financial Statements

We have audited the accompanying financial statements of Seattle Public Utilities - Solid Waste Fund (the "Fund"), which comprise the statements of net position as of December 31, 2014 and 2013, and the related statements of revenues, expenses, and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Seattle Public Utilities - Solid Waste Fund as of December 31, 2014 and 2013, and the results of its operations and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

The accompanying management discussion and analysis is not part of the financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. This information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The other information on pages 39-41 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion or provide any assurance on it.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND

(An Enterprise Fund of the City of Seattle)

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Seattle Public Utilities ("SPU"), a department of the City of Seattle (the "City"), we offer readers of SPU's financial statements this narrative overview and analysis of the financial activities of the Solid Waste Fund (the "Fund") for the fiscal years ended December 31, 2014 and 2013. The revenues, expenses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the City of Seattle's solid waste system are recorded in the Solid Waste Fund, the functions of which are primarily supported by user fees and charges charged to customers. The financial situation of other aspects of Seattle City government, including other utility services and general government operations, are reported elsewhere.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Fund's financial statements. The financial statements include management's discussion and analysis and basic financial statements with accompanying notes.

Basic Financial Statements - The basic financial statements of the Fund report information similar to the presentation used by private sector companies. These statements offer short-term and long-term financial information about its activities. The basic financial statements begin on page 13 of this report and are comprised of three components: (1) statements of net position, (2) statements of revenues, expenses, and changes in net position, and (3) statements of cash flows.

The Statement of Net Position presents information, as of December 31, 2014 and 2013, on all of the Fund's assets, deferred outflows of resources, liabilities and deferred inflows of resources. The difference between assets combined with deferred outflows of resources and liabilities combined with deferred inflows of resources is reported as net position. They also provide information about the nature and amounts of investments in resources (assets and deferred outflows of resources), obligations to the Fund's creditors (liabilities and deferred inflows of resources), and provide the basis for assessing the liquidity and financial flexibility of the Fund.

The Statements of Revenues, Expenses, and Changes in Net Position present changes in the Fund's net position for the years ended December 31, 2014 and 2013. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. These statements reflect the results of the Fund's operations for the years identified to provide information about the Fund's credit worthiness and its ability to successfully recover all its costs through service fees and other charges.

The Statements of Cash Flows are required to provide information about the Fund's cash receipts and cash payments during the years ended December 31, 2014 and 2013. To provide answers to questions about sources, uses, and impacts to cash, these statements report cash receipts, cash payments, and net changes in cash resulting from operations, investing and financing activities for the reporting period.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
MANAGEMENT'S DISCUSSION AND ANALYSIS

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Notes to the Financial Statements - The notes are an integral part of the financial statements. They provide additional disclosures that are essential to a full understanding of the data provided in the financial statements, such as for certain estimates and financing details. The notes to the financial statements begin on page 18 of this report.

FINANCIAL ANALYSIS

Increases or decreases in net position may serve over time as a useful indicator of whether the Fund's financial position is improving or deteriorating. At December 31, 2014, the Fund had a surplus in total net position of \$34.2 million compared to a surplus of \$32.3 million in 2013. During the year ended December 31, 2014, the Fund's overall position improved, with an increase in net position of \$1.9 million (5.9%), compared to a \$3.3 million (11.2%) increase in 2013. The following summary statement of net position presents the assets and deferred outflows of resources of the Fund and shows the mix of liabilities and deferred inflows of resources and net position used to acquire these assets.

Summary Statement of Net Position

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
MANAGEMENT'S DISCUSSION AND ANALYSIS

FINANCIAL ANALYSIS (CONTINUED)

2014 Compared to 2013

Assets - Current assets increased by \$11.4 million (31.9%) from the prior year due to an \$11.5 million increase in operating cash. The increase in operating cash was primarily the result of underspending in operations, the sale of a parcel of land and transfers from the construction cash account for reimbursements of 2013 construction costs paid out of operating cash. Balances in accounts receivable, unbilled receivables, and amounts due from other City funds and other governments remained essentially unchanged from 2013.

Restricted cash and equity in pooled investments increased \$36.7 million (294.8%) from the prior year. This increase is mostly attributable to the \$10.5 million transfer of operating cash to a rate stabilization account and the issuance of revenue bonds in 2014 resulting in a \$26.6 million increase in the construction cash account and a \$1.9 million increase in bond reserve accounts. These increases were offset by a \$2.3 million retainage payment to a contractor.

Capital assets increased \$23.3 million (17.5%) over the prior year. Utility plant decreased \$16.6 million due to the closure and retirement of the old North Transfer Station. Construction in progress and other property, net increased \$29.1 million due to costs for the North Transfer Station rebuild project. Offsetting these changes were \$10.8 million in accumulated depreciation.

Other noncurrent assets decreased \$2.8 million (14.3%) mainly as a result of amortization of Landfill Closure/Post Closure Costs and Environmental Costs. Assets, in total, increased \$68.6 million (34.1%) over the prior year.

Liabilities - Current liabilities increased \$2.5 million (10.3%) from the prior year. This is mostly attributed to increases of \$2.1 million related to the accrual of 2014 expenses and \$1.4 million for revenue bonds due within one year. These increases were offset by a \$1.0 million decrease related to environmental liabilities, accrued interest and tax expenses.

Noncurrent and other liabilities increased \$56.6 million (40.7%) from 2013. The most significant factor affecting this change was a \$49.6 million increase in revenue bond related liabilities and a \$10.1 million addition to bond premiums, both due to a revenue bond issued in 2014. Offsetting these increases was a \$3.2 million reduction in the noncurrent portion of the accrued landfill closure/postclosure costs, environmental liabilities, net of current portion and retainage payable.

Net Position - A portion of the Fund's net position (\$10.7 million) reflects the Fund's investment in capital assets such as land, buildings, and equipment, less any related outstanding debt used to acquire those assets. The Fund uses these assets to provide services to customers. Consequently, these assets are not available for future spending. Although the Fund's investment in its capital assets is reported net of related debt, the resources needed to repay the debt are provided by fees paid by customers for services provided by these assets. During 2014, net position invested in capital assets decreased \$7.3 million due to an increase in debt related to investment in capital.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND

(An Enterprise Fund of the City of Seattle)

MANAGEMENT'S DISCUSSION AND ANALYSIS

FINANCIAL ANALYSIS (CONTINUED)

The Fund's restricted net position represent resources that are subject to restrictions on how they may be used. This portion of net position decreased \$0.1 million due to reductions in other charges.

The remaining portion of the Fund's net position (\$23.5 million) represents resources that are unrestricted. The unrestricted portion of net position increased \$9.4 million from the prior year primarily due to increased residential and commercial collection revenues.

2013 Compared to 2012

Assets - Current assets increased slightly by 1.2% from the prior year. Restricted cash and equity in pooled investments increased \$1.4 million (12.7%) from the prior year mostly attributable to the \$5.2 million transfer of operating cash to a rate stabilization account and the payment of construction costs related to the design phase of the North Transfer Station rebuild project and to the South Transfer Station project, which was completed in April 2013. These payments resulted in a \$3.9 million reduction in the construction cash account bringing the account balance to zero.

Capital assets increased \$4.3 million (3.4%) over the prior year. Utility plant increased \$4.7 million due the transfer of construction costs related to the South Transfer Station from Construction in Progress. Construction in Progress increased \$4.9 million mainly due to costs incurred for the South Transfer Station as it was completed in early 2013 and the North Transfer Station rebuild project. Offsetting these additions to capital assets was \$5.2 million in related depreciation expense.

Other noncurrent assets decreased \$2.9 million mainly as a result of amortization of Landfill Closure/Post Closure Costs and Environmental Costs. Assets, in total, increased \$3.2 million (1.6%) over the prior year.

Liabilities - Current liabilities decreased \$0.5 million (2.1%) from the prior year. This is mostly attributed to the unearned revenue and other credits balances decreasing \$1.4 million (25.2%). Furthermore, there was a \$0.9 million decrease related to environmental liabilities and landfill closure/postclosure costs. These decreases were offset by increases of \$1.8 million related to the accrual of 2013 expenses.

Noncurrent and other liabilities decreased \$4.8 million (3.3%) from 2012. The most significant factor affecting this change was a \$3.8 million decrease in revenue bond related liabilities, primarily due to principal payments made during 2013. In addition, the noncurrent portion of the accrued landfill closure/postclosure costs and environmental liabilities, net of current portion decreased \$1.3 million.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
MANAGEMENT'S DISCUSSION AND ANALYSIS

FINANCIAL ANALYSIS (CONTINUED)

Net Position - A portion of the Fund's net position (\$18.1 million) reflects the Fund's investment in capital assets such as land, buildings, and equipment, less any related outstanding debt used to acquire those assets. The Fund uses these assets to provide services to customers. Consequently, these assets are not available for future spending. Although the Fund's investment in its capital assets is reported net of related debt, the resources needed to repay the debt are provided by fees paid by customers for services provided by these assets. During 2013, net position invested in capital assets increased \$2.9 million due to an increases in capital assets placed in service, net of depreciation offset by related debt.

The Fund's restricted net position represent resources that are subject to restrictions on how they may be used. This portion of net position decreased \$107,260 due to reductions in other charges balances.

The remaining portion of the Fund's net position (\$14.1 million) represents resources that are unrestricted. The unrestricted portion of net position increased \$0.4 million from the prior year primarily due to increased residential collection revenues.

The following summary statements of revenues, expenses, and changes in net position present the annual surplus (or deficit) of revenues over expenses (the change in net position):

Summary Statements of Revenues, Expenses, and Changes in Net Position

	<u>2014</u>	<u>2013</u>	<u>2012</u>
Operating revenues	\$ 157,497,819	\$ 159,741,503	\$ 156,926,774
Operating expenses	<u>(155,691,325)</u>	<u>(152,272,278)</u>	<u>(147,496,962)</u>
Net operating income	1,806,494	7,469,225	9,429,812
Other expenses, net of other revenues	(919,739)	(4,799,990)	(2,510,918)
Fees, contributions, and grants	<u>1,030,421</u>	<u>592,409</u>	<u>754,146</u>
Change in net position	<u>\$ 1,917,176</u>	<u>\$ 3,261,644</u>	<u>\$ 7,673,040</u>

2014 Compared to 2013

Current year operating revenues decreased \$2.2 million (1.4%) compared to the prior year. There were several key factors affecting this change. There was an approximate 4.1% rate increase for residential and commercial garbage, and composting services effective April 1, 2014. This resulted in residential and commercial solid waste collection service revenue gains of \$5.9 million including \$2.9 million in residential garbage collection and \$3.1 million in increased commercial collection revenue. The gains in residential and commercial revenues were offset by a transfer to the rate stabilization fund of \$10.5 million, a \$5.3 million increase in the transfer amount versus 2013. In addition, solid waste disposal services revenue from City transfer stations decreased by \$2.9 million due to the closure of the North Transfer Station, which closed January 2014 to facilitate the rebuilding of a new transfer facility.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
MANAGEMENT'S DISCUSSION AND ANALYSIS

FINANCIAL ANALYSIS (CONTINUED)

Seattle City Council enacted legislation in 2012 instructing the Fund to make contributions to a Rate Stabilization Account if the balance of operating cash on hand at year-end met certain targets. The legislation dictates that Seattle Public Utilities shall deposit cash into the Solid Waste Fund's Rate Stabilization Account and defer revenues equal to the amount that the Fund's operating cash balances at the end of each fiscal year exceed the following balances: \$21.8 million in 2014; \$17.8 million in 2015; and \$15.9 million in 2016. The deposits will be limited to cash and revenues that are not required to meet financial policy targets for the Fund with respect to debt service coverage, net income, or cash-financed capital expense. The fund may withdraw revenues from the Fund's Rate Stabilization Account provided that: such a withdrawal will allow the Fund to meet one or more financial policy targets that it would not have otherwise met in the absence of such a withdrawal; or to reduce the size of any adjustment to 2015 or 2016 solid waste rates, if such a reduction to the rates would not jeopardize the Fund's ability to meet operating cash balances specified in the legislation and the financial policy targets for debt service coverage, net income, and cash-financed capital projects. The \$21.8 million operating cash target was exceeded in 2014 and \$10.5 million of revenue was deferred and deposited into the Rate Stabilization Account.

2014 operating expenses increased \$3.4 million (2.2%) compared to 2013. The largest operating expense increase was related to contractual solid waste collection costs, which increased \$1.5 million due to inflation adjustments specified in the contracts. Taxes paid to the City and State increased \$0.4 million due to higher tax rates. While branch related operational expenses increased \$0.6 million overall in 2014, there were substantial increases and decreases in expenses within the branch categories. General and administrative expenses increased \$2.3 million while the other branch expenses decreased \$1.7 million. These shifts in expenses were mostly attributable to reorganizations of work groups within the branches and realignment of the project and delivery and customer service branch to the corporate asset management division. Depreciation expense increased \$0.9 million due to the addition of the new South Transfer Station in 2013.

Nonoperating expenses decreased \$4.3 million (102.6%). The interest expense adjustment for capitalized interest relating to construction costs increased by \$0.6 million as the South Transfer Station construction was completed and the North Transfer Station construction had begun. In 2014, the Clean Cities Program revenues collected through tonnage taxes exceeded the Clean Cities Program expenses by \$1.3 million. A portion of the historical landfill located at Kent-Highlands was sold for a gain of \$2.6 million.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
MANAGEMENT'S DISCUSSION AND ANALYSIS

FINANCIAL ANALYSIS (CONTINUED)

2013 Compared to 2012

Current year operating revenues increased \$2.8 million, or 1.8%, compared to the prior year. The key factor affecting this change was an approximate 6.4% rate increase for residential and commercial garbage, and composting services. This rate change was effective April 1, 2013. Residential solid waste collection service experienced the largest portion of revenue gains with a \$6.4 million increase in revenues including \$4.7 million in residential garbage collection and \$1.7 million in increased yard waste collection revenue. There were no rate increases related to solid waste disposal services in 2013 and as a result revenue generated at the transfer stations was flat compared to 2012.

Seattle City Council enacted legislation in 2012 instructing the Fund to make contributions to a Rate Stabilization Account if the balance of operating cash on hand at year-end met certain targets. The \$21.0 million operating cash target was exceeded in 2013 and \$5.2 million of revenue was deferred and deposited into the Rate Stabilization Account.

The \$21.0 million operating cash target was exceeded in 2013 and \$5.2 million of revenue was deferred and deposited into the Rate Stabilization Account.

2013 operating expenses increased \$4.8 million (3.2%) compared to 2012. The largest operating expense increase was related to contractual solid waste collection costs, which increased \$3.5 million (3.9%) due to inflation adjustments specified in the contracts. Taxes paid to the City rose \$1.3 million due to higher tax rates.

Nonoperating expenses increased \$2.5 million (140%). The interest expense adjustment for capitalized interest relating to construction costs was reduced by \$2.5 million as the South Transfer Station construction was completed and the North Transfer Station construction had been delayed and was still in the design phase. In 2013, the Clean Cities Program revenues collected through tonnage taxes exceeded the Clean Cities Program expenses by \$0.2 million.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
MANAGEMENT'S DISCUSSION AND ANALYSIS

CAPITAL ASSETS

The following table summarizes capital assets, net of accumulated depreciation, by major asset category as of December 31, 2014, 2013, and 2012:

Summary of Capital Assets, Net of Accumulated Depreciation

	<u>2014</u>	<u>2013</u>	<u>2012</u>
Land and land rights	\$ 15,217,643	\$ 15,217,643	\$ 14,565,140
Buildings	50,315,541	51,751,428	50,726,548
Structures	3,597,853	3,496,534	3,481,093
Machinery and equipment	27,068,379	30,730,505	34,101,644
Computer systems	4,557,616	5,397,181	4,305,965
Construction in progress	53,945,406	24,554,012	19,633,803
Other property	<u>2,043,575</u>	<u>2,261,617</u>	<u>2,261,617</u>
Capital assets, net of accumulated depreciation	<u>\$ 156,746,013</u>	<u>\$ 133,408,920</u>	<u>\$ 129,075,810</u>

Additional information about the Fund's capital assets can be found in Note 3 of this report.

2014 Compared to 2013

The Fund's capital assets (net of accumulated depreciation) for the year ended December 31, 2014 is \$156.7 million. This represents an increase of approximately \$23.3 million (17.5%) compared to 2013. The Fund spent \$30.9 million for construction projects in 2014. The construction projects were multi-year projects and \$1.5 million related to these projects was capitalized as assets and other charges in 2014. Also, there was an adjustment to accumulated depreciation of \$17.8 million attributed to asset retirements in 2014. This increase in assets was offset by \$19.9 million for asset retirements and transfers out and \$7.0 million for depreciation.

Highlights of the Fund's capital assets placed in service during 2014 include the following:

- \$0.6 million for the new South Transfer Station placed in service in 2014.
- \$1.0 million for IT infrastructure upgrades.

The Fund's construction in progress activity at year end included \$37.0 million for the North Transfer Station rebuild.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
MANAGEMENT'S DISCUSSION AND ANALYSIS

CAPITAL ASSETS (CONTINUED)

2013 Compared to 2012

The Fund's capital assets (net of accumulated depreciation) for the year ended December 31, 2013 is \$133.4 million. This represents an increase of approximately \$4.3 million (3.4%) compared to 2012. The Fund spent \$10.4 million for construction projects in 2013. The construction projects were multi-year projects and \$6.0 million related to these projects was capitalized as assets and other charges in 2013. This increase in assets was offset by \$1.3 million for asset retirements and \$6.3 million for depreciation.

Highlights of the Fund's capital assets placed in service during 2013 include the following:

- \$2.0 million for the new South Transfer Station placed in service in 2013.
- \$0.7 million for the purchase of land at the South Transfer Station.
- \$1.7 million for IT infrastructure upgrades.

The Fund's construction in progress activity at year end included \$22.8 million for the North Transfer Station rebuild.

DEBT ADMINISTRATION

The Fund's debt primarily consists of bonded debt, which is secured solely by solid waste revenues and provides financing for capital improvements. The Fund upgraded the credit rating on its bonds to AA from AA- by Standard & Poor's Rating Service and maintained the Aa3 rating from Moody's Investors Service. Additional information about the Fund's long-term debt can be found in Note 4 of this report.

2014 Compared to 2013

At the end of 2014, the Fund had \$166.9 million in bonded debt, as compared to \$115.9 million in 2013, all of which was secured solely by solid waste revenues. This increase of \$51.0 million is attributed to the issuance of \$95.4 million in new debt, refunding \$44.3 million of debt related to a 2007 bond issue, and scheduled principal payments for existing bond debt. The Fund has used all spendable bond proceeds mostly for the completion of the South Transfer Station and the North Transfer Station rebuild projects. The Fund retains bond reserves of \$6.8 million.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
MANAGEMENT'S DISCUSSION AND ANALYSIS

DEBT ADMINISTRATION (CONTINUED)

2013 Compared to 2012

At the end of 2013, the Fund had \$115.9 million in bonded debt, as compared to \$119.2 million in 2012, all of which was secured solely by solid waste revenues. This decrease of \$3.3 million is attributed to scheduled principal payments of the 2011 bond issue. The Fund has used all spendable bond proceeds mostly for the completion of the South Transfer Station and the North Transfer Station design phase. The Fund retained a bond reserve balance of \$4.9 million.

ECONOMIC FACTORS AFFECTING NEXT YEAR

Effective April 1, 2015, the Fund adopted a rate increase of approximately 5.9% for residential and commercial services. This rate increase is expected to bring an additional \$4.7 million in operating revenues to the Fund in 2015.

REQUESTS FOR INFORMATION

The Fund's financial statements are designed to provide a general overview of the Fund's finances, as well as to demonstrate the Fund's accountability to its customers, investors, creditors, and other interested parties. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Seattle Public Utilities, Finance and Administration Branch, Finance Division, PO Box 34018, Seattle, WA 98124-4018, telephone: (206) 684-3000.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND

(An Enterprise Fund of the City of Seattle)

NOTES TO FINANCIAL STATEMENTS

Note 1 - Operations and Summary of Significant Accounting Policies

Operations - The City of Seattle, Seattle Public Utilities - Solid Waste Fund (the "Fund") is a public utility enterprise fund of the City of Seattle (the "City"). The Fund was established to account for the solid waste activities of Seattle Public Utilities ("SPU"). These activities include the collection and disposal of residential and commercial garbage, recycling, and organic material, operation of the City's two transfer stations and two household hazardous waste facilities, and management of the post closure maintenance and environmental monitoring of the City's two closed landfills. The collection, disposal and/or processing of garbage, recycling, and organic materials is performed by private contractors, under contract with the Fund.

On January 1, 1997, the City created SPU, which brought together under one administrative umbrella the water, solid waste, and drainage and wastewater functions of the City. The Fund (as well as SPU's other funds) remains separate for accounting purposes.

SPU receives certain services from other departments and agencies of the City, including some that are normally considered to be general and administrative. The Fund is charged a share of these costs and additionally pays a business and occupation tax to the City's General Fund. During 2014 and 2013, the Fund paid \$3,868,903 and \$3,827,688, respectively, to the City for its share of general and administrative services. Additionally, the Fund paid \$13,343,416 and \$13,400,087 in 2014 and 2013, respectively, to the City for business and occupation taxes, as well as \$4,372,576 and \$3,438,267, respectively, in tonnage taxes on waste collected and transferred in the City for disposal.

Solid waste collection and disposal services provided to other City departments and agencies are billed at rates prescribed by City ordinances. The Fund collected \$792,203 in 2014 and \$779,183 in 2013 from the City for solid waste services provided.

The utility billing function is co-managed by both SPU and Seattle City Light ("SCL"). SPU provides customer service through the call center and walk-in center. SCL operates and manages the billing system, Combined Customer Services System ("CCSS"). SPU and SCL billed and reimbursed each other for these services in 2014 and 2013. Within SPU, the cost and reimbursements were shared among its three utility funds (Water, Drainage and Wastewater, and Solid Waste). The Fund received reimbursements related to the call center and walk-in center of \$1,742,130 in 2014 and \$1,604,865 in 2013. The Fund paid \$158,550 and \$220,537 for CCSS services in 2014 and 2013, respectively, which does not include reimbursements to SCL for the Fund's share of capital costs to upgrade the CCSS system.

The Fund is subject to regulation by the City and the State of Washington. Service rates are authorized by ordinances passed by the Seattle City Council. Financial reporting is reviewed by the Washington State Auditor's Office, and conforms to accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 1 - Operations and Summary of Significant Accounting Policies (Continued)

Basis of Accounting - The Fund is accounted for on a flow of economic resources measurement focus. Its financial statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units using the accrual basis of accounting. With the flow of economic resources measurement focus, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the Fund's operations are included on the Statement of Net Position. The operating statements present increases (revenues) and decreases (expenses) in total net position.

Cash and Equity in Pooled Investments - Cash resources of the Fund are combined with cash resources of the City to form a pool of cash that is managed by the City's Finance and Administration Services Department. Under the City's investment policy, the Finance and Administration Services Department invests all temporary cash surpluses either directly or through a "sweep account." Interest earned on the pooled investments is prorated to individual funds at the end of each month on the basis of their average daily cash balances during the month when interest was earned. The Fund's share of the pool is included in the accompanying Statement of Net Position under the caption "cash and equity in pooled investments." The pool operates like a demand deposit account in that all City departments may deposit cash at any time and can also withdraw cash out of the pool without prior notice or penalty. Accordingly, the Statements of Cash Flows reconcile to cash and equity in pooled investments. Cash and equity in pooled investments are reported at fair market value. The restricted cash and equity in pooled investments are comprised of unexpended bond proceeds, bond reserve funds, vendor's escrow deposits and a rate stabilization fund.

Receivables and Unbilled Revenues - Customer accounts receivable consist of amounts owed by private individuals and organizations for goods delivered or services rendered in the regular course of business operations. Receivables are shown net of allowances for doubtful accounts. The Fund also accrues an amount for services that have been provided but not billed.

Allowance for Doubtful Accounts - A reserve has been established for uncollectible accounts receivable based on actual historical write-off trends and knowledge of specific circumstances that indicate collection of an account may be unlikely. As of December 31, 2014 and 2013, the Fund's allowance for doubtful accounts was \$1,128,348 and \$999,564, respectively.

Due From/To Other Funds and Governments - Activity between other funds and governments that is outstanding at the end of the year, not related to the provision of utility services, is reported as due from other funds and governments.

Materials and Supplies Inventory - The Fund values its inventory based on a moving average method. The most recent total cost of an inventory item is divided by the total units of the item that remain in inventory to determine the moving average cost of the item. The moving average cost is then applied to all the units of the inventory item.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 1 - Operations and Summary of Significant Accounting Policies (Continued)

Regulatory Assets - GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, allows for certain costs to be capitalized as a regulatory asset instead of charged to expense. A regulatory asset is recorded when it is probable that future revenue in an amount at least equal to the capitalized costs will be recovered through customer rates over some future period. The Fund uses regulatory accounting for debt issuance costs because these costs are consistent with the rate methodology and, as such, will continue to be amortized over the life of the associated bond issues. GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, would have required these costs to be expensed in the period incurred unless the Fund executed GASB 62. In addition, the Fund also uses regulatory accounting for future reasonably estimable cleanup costs related to the remediation the South Park Bus Barn site located near the South Park Landfill.

Other Charges - Other charges primarily include costs related to leasehold improvements and plans such as the Comprehensive Solid Waste plan. The Fund amortizes these charges over a 5 to 30 year period.

Capital Assets - Capital assets are stated at cost or, if contributed, at fair value at the date of contribution. Costs include direct materials, labor, and indirect costs such as engineering, supervision, payroll taxes, pension benefits, and interest relating to the financing of projects under construction. The cost of current repairs and maintenance is charged to expense, while the cost of improvements is capitalized. SPU's policy is to capitalize assets with a cost of \$5,000 or more.

Construction in Progress - Capitalizable costs incurred on projects that are not in use or ready for use are held in construction in progress. When the asset is ready for use, related costs are transferred to capital assets. Upon determining that a project will be abandoned, the related costs are charged to expense.

Other Property - Other property is stated at cost, or if contributed, the fair value at the date of contribution. In 1990, the Fund purchased 350 acres of land surrounding the Kent-Highlands landfill. A portion of this land will become part of the landfill area, with the excess held for sale. During 2014, 7.4 acres of excess land was sold. This property is carried at cost as other property on the statements of net position. Other property also includes artwork acquired through the City's "One Percent for Art" program, which supports the City ordinance established to direct the inclusion of works of art in public spaces within the City.

Depreciation - Capital assets are depreciated on the straight-line method over estimated useful lives as follows:

Buildings	10-75 years
Transfer stations, scale houses, and related improvements	5-33 years
Machinery and equipment	3-20 years
Structures	10-15 years
Computer systems	3-11 years

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 1 - Operations and Summary of Significant Accounting Policies (Continued)

For most assets, it is SPU's policy to begin depreciation in the year following acquisition and to record a full year's depreciation in the year of disposition. This does not apply to heavy equipment, for which depreciation begins in the month following the equipment's in-service date to more accurately allocate equipment costs to various activities.

Deferred Outflows/Inflows of Resources - In addition to assets, the Statement of Net Position, when applicable, will report a separate section for deferred outflows of resources. It represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Fund has deferred loss on refunding debt, which qualifies for reporting in this category. A deferred loss on refunding bonds results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the Statement of Net Position, when applicable, will report a separate section for deferred inflows of resources. It represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. In 2014, the Seattle City Council authorized the Fund to deposit \$10.5 million into the rate stabilization account. These funds will be used in future periods to lessen the impact of rate increases.

Environmental Liabilities - The Fund has accrued a liability for pollution remediation activities in accordance with GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. GASB 49 outlines five specific obligating events that give rise to estimating expected pollution remediation outlays. These outlays may be accrued as a liability and expensed or if appropriate, capitalized.

The Fund will accrue a liability if any of the following obligating events occurs:

- The Fund is compelled to take pollution remediation action because of an imminent endangerment.
- The Fund violates a pollution prevention-related permit or license.
- The Fund is named, or evidence indicates it will be named, by a regulator as a potentially responsible party ("PRP") for remediation.
- The Fund is named, or evidence indicates that it will be named, in a lawsuit to compel participation in pollution remediation.
- The Fund commences or legally obligates itself to commence pollution remediation.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 1 - Operations and Summary of Significant Accounting Policies (Continued)

Most pollution remediation outlays do not qualify for capitalization and the Fund does not anticipate significant capitalized costs in the future. More information about environmental liabilities can be found in Note 10 of this report.

Compensated Absences - Employees earn vacation based upon their date of hire and years of service, and may accumulate earned vacation up to a maximum of 480 hours. Unused vacation at retirement or normal termination is considered vested and payable to the employee. Earned but unused vacation is accrued as a liability of the Fund. Employees also earn up to 12 days of sick leave per year and may accumulate sick leave balances without limit.

Employees who submit the required documentation to be represented by the Coalition of City Unions are paid 35% of the value of unused sick leave upon retirement as part of the Health Reimbursement Arrangement - Voluntary Employees' Beneficiary Association ("HRA-VEBA") program. If the employee fails to submit the required documentation by their last working day of employment, their sick leave balance is forfeited.

Retiring employees who are ineligible to participate in the HRA-VEBA program may elect to receive 25% of the value of unused sick leave upon retirement or defer receipt of 35% of the value of their sick leave balance to the City's 457 Plan and Trust, subject to the year-to-date or life-to-date limitations on deferrals and contributions. If the 35% value of the sick leave balance exceeds the maximum amount deferred to the City's 457 Plan and Trust, the employee shall receive a taxable cash payment. The cash payment is equal to the amount by which the 25% value of the sick leave balance exceeds the 35% that was allowed to be deferred. The Fund records a liability for estimated sick leave payments.

Operating Revenues - Revenues are recorded through cycle billings rendered to customers monthly or bimonthly. Amounts billed but not earned at year-end are recorded as unearned revenues on the Fund's statement of net position. The Fund accrues and records unbilled collection service revenues in the financial statements for services provided from the date of the last billing to year end.

Other operating revenues include revenues generated from the Fund's two transfer stations. Transfer station revenues are collected from self-haul customers who deliver their garbage, yard waste, wood waste, appliances, and tires for a fee to the two transfer stations.

Operating Expenses - Certain expenses of the Fund are reported on the Statement of Revenues, Expenses, and Changes in Net Position by functional category. The types of work performed within each category are as follows:

- **Planning and development** - Provides planning services and other related costs prior to the start of capital projects.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 1 - Operations and Summary of Significant Accounting Policies (Continued)

- **Utility systems management** - Accounts for the overall management of the Fund's infrastructure assets, assuring they are properly designed, constructed, operated, and protected.
- **Field operations** - Operates and maintains the Fund's solid waste systems.
- **Project delivery** - Provides project management and engineering services to the Fund and executes the Fund's capital projects from start to completion.
- **Customer services** - Invoices the Fund's customers for services provided and is the primary point of contact for customers.

Taxes - The Fund paid an 11.5% City utility tax on residential and commercial revenues, net of yard waste, recycling, and other costs related to waste reduction. The Fund also is charged two taxes by the City based on solid waste tonnage for operating transfer stations and collecting garbage within the City of Seattle. The tonnage tax rate increased to \$13.27 per ton from \$11.69 per ton in 2013. In addition, the Fund paid a 1.5% business and occupation tax, a 0.484% wholesale tax, and a 0.471% retail tax to the State on the services provided to residential, commercial, and transfer station customers. The State refuse tax rates remained the same at 3.60% for 2014.

Nonoperating Revenues and Expenses - This includes the nonoperating revenues and expenses that arise from transactions not related directly to the major income-earning operations of the utility and are of a recurring nature. Major items are the Clean Cities Program revenue and expenses, investment and interest income, interest expense, amortization of debt expenses, amortization of debt discounts, premiums and refunding losses, sale of capital assets, and rental income. Clean Cities revenue is earned through tonnage fees collected from businesses engaged in operating transfer stations and collecting garbage and that are then used for the City's Clean Cities program. Other, Net includes \$6.4 million in Clean Cities revenue and \$5.1 million in Clean Cities expense for 2014 compared to \$5.4 million in Clean Cities revenue and \$5.2 million in Clean Cities expense for 2013.

Net Position - The Statement of Net Position reports all financial and capital resources. Assets and deferred outflows of resources minus liabilities and deferred inflows of resources is net position. There are three components of net position: net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Net position is restricted when constraints placed on net position use are either (1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or (2) imposed by law through constitutional provisions or enabling legislation. The Fund's restricted net position as of December 31, 2014 is zero and relates to certain restricted assets that are offset by related liabilities. The Fund's restricted net position as of 2013 is related to the bond debt reserve funds and certain other charges.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 1 - Operations and Summary of Significant Accounting Policies (Continued)

Unrestricted net position is the portion that is not “net investment in capital assets” or “restricted.”

Arbitrage Rebate Requirement - The Fund is subject to the Internal Revenue Code (IRC), Section 148(f), related to its tax-exempt revenue bonds. The IRC requires that earnings on gross proceeds of any revenue bonds that are in excess of the amount prescribed be surrendered to the Internal Revenue Service. As such, the Fund would record such a rebate as a liability. The Fund had no arbitrage liability as of December 31, 2014 and 2013.

Accounting Changes - GASB has issued Statement No. 68, *Accounting and Financial Reporting for Pensions*. The primary objective of this statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This statement is effective for periods beginning after June 15, 2014. The Fund is evaluating the impact of this standard on the financial statements, but anticipates recording amounts for the unfunded portion of the pension plan. At this time, those amounts are not yet known.

GASB has issued Statement No. 72, *Fair Value Measurement and Application*, to provide guidance for determining a fair value measurement for financial reporting purposes. This statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. The statement is effective for periods beginning after June 15, 2015. The Fund is evaluating the impact of this standard on the financial statement.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements. Estimates and assumptions are used to record landfill closure and post closure costs, unbilled collection services, allowance for doubtful accounts, accrued sick leave, capitalized interest, depreciation, environmental liabilities, risk liabilities, and other contingencies. Changes in these estimates and assumptions may have a material impact on the financial statements.

Significant Risks and Uncertainty - The Fund is subject to certain business risks that could have a material impact on future operations and financial performance. These risks include, but are not limited to, weather and natural disaster-related disruptions, collective bargaining labor disputes, Environmental Protection Agency regulations, and federal government regulations or orders concerning the operation, maintenance, and licensing of facilities.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 2 - Cash and Investments

Custodial Credit Risk - Deposits - As of December 31, 2014 and 2013, the City's pool contained cash on deposit with the City's custodial banks in the amounts of \$18,026,085 and \$12,431,810, respectively. The deposits in excess of \$250,000 in both 2014 and 2013 were uninsured and uncollateralized. As such, these deposits were exposed to custodial credit risk, which is the risk that the deposits may not be returned to the City in the event of a bank failure. The City attempts to minimize exposure to custodial credit risk for deposits by requiring the depository bank to have sufficient capital to support the activity of the City. In addition, banks having a deposit relationship with the City are required to provide financial statements for the City's use in reviewing the bank's financial condition.

All deposits not covered by FDIC insurance are under the regulation of the Washington State Public Deposit Protection Commission (the Commission) established in RCW 39.58 for public depository financial institutions. The Commission requires a pledge agreement and a trustee for each public depository financial institution. The trustee ensures eligible collateral defined as securities and designated for the benefit of public depositors as described in RCW 39.58.050 (5) and (6), are segregated from all other assets. Eligible collateral is utilized by the trustee when the Commission has determined a loss, net of deposit insurance, has been incurred by a public depository financial institution.

Investments - As of December 31, the City's pooled investments were as follows:

	2014		2013	
	City Pool	Weighted Average Maturity (Days)	City Pool	Weighted Average Maturity (Days)
U.S. Government Agencies	\$ 721,680,286	1408	\$ 853,631,386	1141
Commercial Paper	349,418,008	43	154,962,668	47
U.S. Government Obligations	252,188,265	800	227,659,850	902
State and Local Governments	227,247,608	976	156,812,737	818
Repurchase Agreements	73,811,651	2	44,756,478	2
Total	\$ 1,624,345,818		\$ 1,437,823,119	
Portfolio Weighted Average Maturity		896		914

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 2 - Cash and Investments (Continued)

As of December 31, the Fund's share of the City Pool was as follows:

	<u>2014</u>	<u>2013</u>
Cash and equity in pooled investments	\$ 32,395,205	\$ 20,863,492
Restricted cash and equity in pooled investments	<u>49,172,618</u>	<u>12,456,154</u>
	<u>\$ 81,567,823</u>	<u>\$ 33,319,646</u>
Balance as a percentage of City Pool cash and investments	5.0%	2.3%

Interest Rate Risk - Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. In general, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City manages this risk by limiting the average maturity of investments to five years. However, the Fund's investments are selected for greater liquidity in order to support the Fund's cash flow needs and therefore typically have much shorter average maturities.

Credit Risk - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In accordance with the City's investment policy, investments in commercial paper purchased on the secondary market are limited to those with maturities not longer than 180 days from purchase and with the highest rating by at least two nationally recognized statistical rating organizations (NRSROs). As of December 31, 2014 and 2013, the City's investments in commercial paper were rated P-1 or Aaa by Moody's Investors Service and AA+, A-1 or A-1+ by Standard & Poor's Rating Service.

The City also purchases obligations of government-sponsored enterprises which are eligible as collateral for advances to member banks as determined by the Board of Governors of the Federal Reserve System. These include, but are not limited to, debt securities of Federal Home Loan Bank, Federal National Mortgage Association, Wells Fargo, and Federal Home Loan Mortgage Corporation. As of December 31, 2014, these investments were rated Aaa by Moody's Investors Service and AAA or AA+ by Standard & Poor's Rating Service. As of December 31, 2013, these investments were rated Aaa by Moody's Investors Service and AA+ by Standard & Poor's Rating Service.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 2 - Cash and Investments (Continued)

Concentration of Credit Risk - The City's investment policy limits concentration of credit risk for the City's investments as a whole, inclusive of the Fund's investments. These policy limits vary for each investment category. The City's investments in which 5% or more is invested in any single issuer as of December 31 are as follows:

Issuer	2014		2013	
	Fair Value	Percent of Total Investments	Fair Value	Percent of Total Investments
United States Government	\$ 252,188,265	16%	\$ 227,659,850	16%
Federal National Mortgage Association	249,771,922	15%	329,389,682	23%
Federal Home Loan Mortgage Corp	160,445,200	10%	285,535,430	20%
Federal Farm Credit Bank	121,677,087	7%	**	**
Freddie Mac Multifamily Securities	108,129,281	7%	107,594,143	7%
Federal Home Loan Bank	81,656,795	5%	86,497,845	6%
Wells Fargo	73,811,651	5%	**	**

** Investment did not represent 5% or more of investments as of December 31, 2013.

Note 3 - Capital Assets

Capital assets activity for the year ended December 31, 2014 consisted of the following:

	Beginning Balance	Additions and Transfers In	Retirements and Transfers Out	Ending Balance
Buildings	\$ 62,574,420	\$ 31,986	\$ (4,628,930)	\$ 57,977,476

Capital assets, net	<u>\$ 129,075,810</u>	<u>\$ 10,052,075</u>	<u>\$ (5,718,965)</u>	<u>\$ 133,408,920</u>

During 2014 and 2013, the Fund capitalized interest costs relating to construction of \$990,601 and \$417,962, respectively.

Note 4 - Revenue Bonds

The Fund issues bonds to provide financing for capital improvements. Payment of debt service on the bonds is derived solely from the revenues generated by the Fund. The Fund has set aside \$6,774,440 in a debt service reserve fund and has obtained reserve insurance policies to meet the remainder of its reserve requirements. The total bonds outstanding as of December 31, 2014 were \$166,875,000.

Revenue bonds outstanding as of December 31, 2014 and 2013 consisted of the following Solid Waste bonds:

Name of Issue	Issuance Date	Maturity Years	Interest Rates	Original Issue Amount	Bonds Outstanding	
					2014	2013
2007 Revenue and Refunding	12/05/2007	2008-2033	4.0 - 5.0%	\$ 82,175,000	\$ 28,665,000	\$ 71,935,000
2011 Revenue Bonds	6/22/2011	2012-2036	3.0 - 5.0%	45,750,000	42,860,000	43,940,000

The following table shows the revenue bond activity during the year ended December 31, 2013:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Bonds payable, revenue bonds	\$ 119,205,000	\$ -	\$ (3,330,000)	\$ 115,875,000	\$ 3,495,000
Add (deduct) deferred amounts:					
Issuance premiums	5,681,375	-	(256,105)	5,425,270	-
Total bonds payable	<u>\$ 124,886,375</u>	<u>\$ -</u>	<u>\$ (3,586,105)</u>	<u>\$ 121,300,270</u>	<u>\$ 3,495,000</u>

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 4 - Revenue Bonds (Continued)

Defeasance of Debt - The Fund defeases certain obligations by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. As a result, the old bonds are considered defeased, and the corresponding liabilities and trust account assets are not included in the Statement of Net Position. In 2014, \$40,855,000 bonds were defeased as shown below:

<u>Name of Issue</u>	<u>Amount Outstanding at December 31, 2013</u>	<u>Additions</u>	<u>Redemptions</u>	<u>Amount Outstanding at December 31, 2014</u>
2007 Parity	\$ -	\$ 40,855,000	\$ -	\$ 40,855,000

In June 2014, the Fund issued \$95,350,000 of Solid Waste Revenue and Refunding Bonds with varying annual principal payments due beginning 2015 and ending in 2039, at interest rates ranging from 2.0 percent and 5.0 percent. A portion of the proceeds were used to partially refund 2007 bonds. As a result of the refunding, the Fund reduced total debt service requirements by \$2.5 million resulting in an economic gain (difference between the present value of the debt service payments on the old and new debts) of \$2.3 million.

Financial Covenants - The revenue bonds contain certain financial covenants, the most significant of which requires the Fund to maintain net revenue available for debt service at least equal to 125% of annual debt service. Net revenue available for debt service, as defined by the bond covenants, was 330% of annual debt service for 2014. The Fund was in compliance with all debt covenants as of December 31, 2014.

Note 5 - Leases

The Fund has non-cancelable operating lease commitments for real and personal property with minimum payments of \$199,195 in 2014 and \$192,417 in 2013. Rents are paid as they become due and payable. Minimum payments under the leases for the years ended December 31, are as follows:

2015	\$ 194,518
2016	157,470
2017	<u>1,702</u>
	<u>\$ 353,690</u>

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 6 - Retirement and Other Postemployment Benefit Plans

Pension Costs - All permanent Fund employees are eligible to participate in the Seattle City Employees' Retirement System (the System), a cost-sharing public employee retirement system operated by the City. The System is a single-employer defined benefit plan in which benefits vest after five years of covered service. City employees may retire after 30 years of service regardless of age; after age 52, with 20 or more years of service; after age 57, with ten or more years of service; and after age 62, with five or more years of service. The System also provides death and disability benefits. These benefit provisions and all other requirements are established by City ordinances.

City employees are required to contribute 10.03% of their annual base salaries to the System. The City's contribution rate for the years ended December 31, 2014, 2013, and 2012 was 14.31%, 12.89%, and 11.01%, respectively. Employer rates are established by the City Council on a biannual basis. The Fund's contributions to the System for the years ended December 31, 2014, 2013, and 2012 were \$2,272,028, \$1,976,288, and \$1,683,817, respectively.

The System issues stand-alone financial statements, which may be obtained by writing to the Seattle City Employees' Retirement System, 720 Third Avenue, Suite 900, Seattle, Washington, 98104, telephone: (206) 386-1293, or www.seattle.gov/retirement/annual_report.htm.

Employer contributions for the City are as follows (dollars in millions):

Year Ended December 31,	City Required Contribution	City Actual Contribution	Percentage Contributed
2012	\$ 62.4	\$ 62.4	100%
2013	\$ 76.9	\$ 76.9	100%
2014	\$ 89.8	\$ 89.8	100%

Valuation date	January 1, 2014
Actuarial cost method	Entry age
Amortization method	Level percent
Remaining amortization period	30 years, open
Asset valuation method	5-Year Smoothing Method
Investment rate of return	750.00%
Projected general wage inflation	4.0%
Postretirement benefit increases	1.5%

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 6 - Retirement and Other Postemployment Benefit Plans (Continued)

Schedules of funding progress are as follows (dollars in millions):

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liabilities (AAL) Entry Age ¹ (b)	Unfunded AAL (UAAL) ² (b-a)	Funded Ratio (a/b)	Covered Payroll ³ (c)	UAAL as a % of Covered Payroll ((b-a)/c)
January 1, 2012	\$ 1,954.3	\$ 2,859.3	\$ 905.0	68.3%	\$ 557.0	162.5%
January 1, 2013	\$ 1,920.1	\$ 3,025.3	\$ 1,105.2	63.5%	\$ 567.8	194.6%
January 1, 2014	\$ 2,094.3	\$ 3,260.1	\$ 1,165.8	64.2%	\$ 597.9	195.0%

¹ Actuarial present value of benefits less actuarial present value of future normal costs based on entry age actuarial cost method.

² Actuarial accrued liabilities less actuarial value of assets.

³ Covered payroll includes compensation paid to all active employees on which contributions are calculated.

Deferred Compensation - The City offers all of its employees a deferred compensation plan (the Plan) created in accordance with Internal Revenue Code (IRC) Section 457. The Plan permits employees to defer a portion of their salaries until future years. The deferred compensation is paid to employees upon termination, retirement, death, or unforeseen emergency.

The Plan is an eligible deferred compensation plan under Section 457 of the IRC of 1986, as amended, and a trust exempt from tax under IRC Sections 457(g) and 501(a). The Plan is operated for the exclusive benefit of participants and their beneficiaries. No part of the corpus or income of the Plan shall revert to the City or be used for, or diverted to, purposes other than the exclusive benefit of participants and their beneficiaries. The Plan is not reported in the financial statements of the City or the Fund.

It is the opinion of the City's legal counsel that the City has no liability for investment losses under the Plan. Under the Plan, participants select investments from alternatives offered by the Plan Administrator, who is under contract with the City to manage the Plan. Investment selection by a participant may be changed from time to time. The City does not manage any of the investment selections. By making the selection, participants accept and assume all risks inherent in the Plan and its administration.

Other Postemployment Benefits - Health care plans for active and retired employees are administered by the City of Seattle as single-employer defined benefit public employee health care plans.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 6 - Retirement and Other Postemployment Benefit Plans (Continued)

Eligible retirees (younger than age 65) may contribute to the medical plan and any additional health care programs contemplated or amended by ordinance of the Seattle City Council and as provided in Seattle Municipal Code 4.50.020.

The Seattle City Council authorizes the obligations of the plan members and the City as employer by passing ordinances and amendments regarding contributions to the plans. Eligible retirees self-pay 100% of the premiums based on blended rates which were established by including the experience of retirees with the experience of active employees for underwriting purposes. The plan is financed on a pay-as-you-go basis, and the City was required to contribute \$1.0 million in 2014 and \$3.0 million in 2013.

The table below summarizes the City's annual cost, expected contributions to the plan, and changes in the net other post employment benefit obligation ("OPEB") for fiscal years ended December 31, 2014 and 2013. These calculations are based on the most recent actuarial valuation data available, dated January 1, 2014. The Fund has accrued \$894,715 to the plan as of December 31, 2014.

	2014	2013
Annual required contribution	\$ 4,392,000	\$ 8,452,000
Interest on net OPEB obligation	1,542,000	1,534,000
Adjustment to annual required contribution	(2,403,000)	(2,253,000)
Annual OPEB cost (expense)	3,531,000	7,733,000
Contribution (employer-paid benefits)	(1,006,000)	(2,972,000)
Increase in net OPEB obligation	2,525,000	4,761,000
Net OPEB obligation, beginning of year	44,303,000	39,542,000
Net OPEB obligation, end of year	\$ 46,828,000	\$ 44,303,000
Fund's allocated share of city liability	\$ 894,715	\$ 870,147

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially-determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Actuarial calculations are based on the types of benefits provided under the terms of the plan and on the pattern of shared costs between the employer and plan members, at the time of each valuation. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. Actuarial calculations reflect a long-term perspective.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 6 - Retirement and Other Postemployment Benefit Plans (Continued)

Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions are as follows:

Actuarial data and assumptions	
Valuation date	January 1, 2014
Actuarial cost method	Entry age normal
Amortization method	Level dollar
Remaining amortization period	30 years, open
Discount rate	3.48%
Health care cost trend rates - medical	Traditional and Preventive Plans: 8%, decreasing by 0.5% for each year for two years; 16% in year 2017 and decreasing to 7.2% in 2018 Group Health Standard and Deductible Plans: 7.5%, decreasing by 0.5% for the next three years
Participation	40% of Active Employees who retire participate.
Mortality	General Service Actives based on the RP-2000 Employees Tables for Males and Females, with ages set back six years and General Service Retirees based on the RP-2000 Combined Healthy Males with ages set back two years and Females, with ages set back one year.
Marital status	45% of members electing coverage are assumed to be married or to have a registered domestic partner. Male spouses are assumed to be two years older than their female spouses.
Other considerations	Active employees with current spousal and/or dependent coverage and are under Group Health Standard or Group Health Deductible are assumed to elect same plan and coverage after retirement. Of those under City of Seattle Traditional or City of Seattle Preventative 50% are assumed to switch to the Group Health Standard Plan, the other 50% will continue coverage under the same plan.

January 1, 2014	\$ -	\$ 41.8	\$ 41.8	0.0%	\$ 1,003.5	4.2%

The Health Care Sub Fund of the General Fund is reported in the City's Comprehensive Annual Financial Report, which can be obtained by writing the Department of Finance, City of Seattle, PO Box 94747, Seattle, Washington 98124-4747 or www.seattle.gov/cafrs/.

Note 7 - Claims Payable

The City and the Fund are self-insured for certain losses arising from personal and property damage claims by third parties and for casualty losses to the Fund's property. Liabilities for identified claims and claims incurred but not reported have been recorded by the Fund.

For 2014 and 2013, liabilities for workers' compensation claims as well as other claims are discounted over a 15-year period at the City's rate of return on investments, 0.931% and 0.674%, respectively. Claims expected to be paid within one year are \$242,510 and \$249,696 as of December 31, 2014 and 2013, respectively. The schedules below present the changes in the liability for workers' compensation claims and other claims (risk financing liabilities) as of December 31:

	2014	2013
Beginning liability, undiscounted	\$ 909,067	\$ 885,993
Payments	(172,533)	(188,039)
Incurred claims and change in estimate	181,240	211,113
Ending liability, undiscounted	<u>\$ 917,774</u>	<u>\$ 909,067</u>
Ending liability, discounted (recorded balance at December 31)	<u>\$ 886,202</u>	<u>\$ 883,652</u>

The Fund is involved in litigation from time to time as a result of operations.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 8 - Compensated Absences

The Fund has recorded a liability for earned but unused compensatory, merit, and vacation leave, as well as estimated sick leave payments calculated based on the termination payment method. The schedules below show the compensated absences activity during the years ended December 31:

	<u>2014</u>	<u>2013</u>
Beginning liability	\$ 1,654,962	\$ 1,609,788
Additions	1,698,858	1,691,282
Reductions	<u>(1,663,367)</u>	<u>(1,646,108)</u>
Ending liability	<u>\$ 1,690,453</u>	<u>\$ 1,654,962</u>

Note 9 - Contractual Obligations

The City contracts with private companies for the collection of residential and commercial garbage, yard waste, food waste, and recycling. Effective March 30, 2009 the City entered into contracts with Waste Management and Recology CleanScapes for residential and commercial collection. The contracts are scheduled to end on March 31, 2019. Total payments under these contracts for residential and commercial collection in 2014 and 2013 were \$75,554,323 and \$74,712,826, respectively.

In 1990, the City entered into a contract with Waste Management of Washington, Inc., (f/k/a Washington Waste Systems) for the disposal of non-recyclable City waste. This contract is scheduled to end on March 31, 2028, however the City may terminate this contract at its option without cause on March 31, 2019. Total payments under the terms of this contract for waste disposal in 2014 and 2013 were \$12,915,856 and \$13,291,599, respectively.

The City also had negotiated a long-term yard waste processing contract with Cedar Grove Composting, Inc. This contract expired on March 30, 2014. Total payments under the terms of this contract in 2014 and 2013 were \$431,830 and \$2,670,081, respectively.

Effective April 1, 2014 the City entered into contracts with PacifiClean Environmental of Washington, LLC and Lenz Enterprises, Inc. to process yard and food waste into marketable products. The contracts are scheduled to end on March 31, 2020, however the city may, at its option, extend the contract in two year increments up to March 31, 2024. Total payments under the terms of these contracts for 2014 were \$3,370,301.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 9 - Contractual Obligations (Continued)

Effective April 1, 2009, the City commenced a contract for recycling processing with Rabanco, LTD. The company is responsible for processing recyclables from both commercial and residential customers. The contract is scheduled to end on March 31, 2016 with an option to extend the contract for a three-year period at that time. Total payment for recycling processing in 2014 and 2013 were \$2,444,422 and \$2,373,270, respectively.

Note 10 - Environmental Liabilities

Following is a brief description of the significant site that requires environmental remediation:

	2014	2013
Beginning environmental liability, net of recoveries	\$ 1,405,279	\$ 1,954,447
Payments or amortization	(264,973)	(1,229,805)
Change in estimated liability	(314,764)	680,637
Ending environmental liability, net of recoveries	\$ 825,542	\$ 1,405,279

South Park - The City of Seattle and a private developer are under an Agreed Order with the Washington State Department of Ecology (Ecology) to perform a Remedial Investigation and Feasibility Study and to draft a Cleanup Action Plan for the historic South Park Landfill site under the State Model Toxics Control Act. The City and developer submitted a draft Remedial Investigation and Feasibility Study Report in April 2012 and a Draft Cleanup Action Plan in June 2014 and are negotiating with Ecology to finalize the two reports. Ecology approved an interim cleanup action by the developer on his portion of site property. That cleanup is expected to be complete in 2015. In 2012, the City executed an agreement regarding the developer's interim action that settles City liabilities for the interim cleanup costs but not City liabilities for the permanent cleanup. The City has asked Ecology to approve an interim cleanup on its portion of the site property and awaits Ecology's decision about that cleanup.

The Fund has included in its estimated liability those portions of the environmental remediation work that are currently deemed to be reasonably estimable. Cost estimates were developed using the expected cash flow technique. Estimated outlays were based on current cost and no adjustments were made for discounting or inflation. Cost scenarios were developed for a given site based on data available at the time of estimation and will be adjusted for changes in circumstance. Scenarios consider the relevant potential requirements and are adjusted when benchmarks are met or when new information revises estimated outlays, such as changes in the remediation plan or operating conditions.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
NOTES TO FINANCIAL STATEMENTS

Note 10 - Environmental Liabilities (Continued)

Costs were calculated on a weighted average that was based on the probabilities of each scenario being selected and reflected cost-sharing agreements in effect. In addition, certain estimates were derived from independent engineers and consultants. The estimates were made with the latest information available; as new information becomes available, estimates may vary significantly due to price increases or reductions, technology, or applicable laws or regulations.

The following changes in the provision for environmental liabilities at December 31 are:

	<u>2014</u>	<u>2013</u>
Environmental liability, current	\$ 568,800	\$ 1,316,000
Environmental liability, noncurrent	<u>256,742</u>	<u>89,279</u>
Ending liability	<u><u>\$ 825,542</u></u>	<u><u>\$ 1,405,279</u></u>

Note 11 - Landfill Closure and Post Closure Care

At December 31, 2014, accrued landfill closure and post closure costs consist primarily of monitoring, maintenance, and repair costs. It is the City Council's policy to include the Fund's share of all landfill closure and post closure costs in the revenue requirements used to set future solid waste rates. Therefore, the Fund uses regulatory accounting and total estimated landfill closure and post closure care costs are accrued and also reflected as a future costs in the accompanying financial statements, in accordance with generally accepted accounting principles. These costs are being amortized as they are recovered from rate payers. These costs are regulatory assets even though the Fund chooses to present them separately on the Statement of Net Position. Actual costs for closure and post closure care may be higher due to inflation, changes in technology, or changes in regulations. Such amounts would be added to the liability and accrued when identified. Landfill closure costs were fully amortized in 2009 and landfill postclosure costs will continue to amortize until 2024.

In prior years, the Fund delivered its refuse to two leased disposal sites: the Midway and Kent-Highlands landfills. Subsequent to signing the original lease agreement, federal and state requirements for closure of landfill sites were enacted. The Fund stopped disposing of municipal waste in the Midway site in 1983 and in the Kent-Highlands site in 1986.

SEATTLE PUBLIC UTILITIES - SOLID WASTE FUND
(An Enterprise Fund of the City of Seattle)
SOLID WASTE RATE SCHEDULE AND TRANSFER STATION FEES

Solid Waste Rate Schedule and Transfer Station Fees

2015 Monthly Residential Rate Schedule

	Rates (Effective April 1, 2015)
Service unit	
No can (minimum charge)	\$ 6.85
Micro can	20.60
Mini can	25.25
One can	32.90
Non-compacted dumpster (one cubic yard, once/week, one container)	243.09
Compacted dumpster (three cubic yards, once/week, one container)	702.94
Yard waste mini-can	5.45
Yard waste 32-gallon can	8.20
Yard waste 96-gallon can	10.50

⁽¹⁾ Rates listed are for curb/alley service. Backyard service rates are approximately 40% higher. Backyard service is not available for micro can, mini can or yard waste service.

⁽²⁾ Dumpster rates vary based on size and number of containers as well as the frequency of collection. Dumpster rates shown include a \$35.25 monthly account fee.

2015 Commercial Collection Rates

Like other solid waste rates, the City sets commercial rates through ordinance. Commercial rates vary with the type and level of service. A typical commercial customer has 3 cubic yards of garbage collected once per week. As of April 1, 2015 the cost of this service is \$441.76 per month, including a monthly account fee of \$24.35.

2015 Transfer Station Fees

	Rates (Effective January 1, 2010)
Garbage	
Sedans, SUVs, and station wagons	\$30.00 per trip
All other self-haul vehicles with garbage	\$145.00 per ton (\$30.00 minimum charge)
Yard and wood waste	
Sedans, SUVs, and station wagons	\$20.00 per trip
All other self-haul vehicles with yard waste	\$110.00 per ton (\$20.00 minimum charge)
