Briefing considering a change of use from retail/ restaurant to office for 3, 135 square foot space

Staff report: Because the street level frontage is over 30 feet, the temporary street level uses does not apply to this space and the decision of use approval has to be made by the Board per SMC 23.66.130.

Because this is a condo street level space the potential buyer, which would be an office use, want feedback to determine the possibility of the office use being approved.

The Code separates uses into preferred uses and discouraged uses, that also leaves some uses that are not prohibited but do not fall into the category of preferred use or discouraged use but the code also provides conditions for use approval.
