### Priority Areas

#### **House Capital Budget**

The House released its proposed capital budget on April 5<sup>th</sup>, and held a public hearing on the proposal the following day. The budget was passed out of the House Capital Budget Committee on April 7<sup>th</sup>. [HB 1075](#) appropriates a total of \$4.15 billion. Of this amount, \$2.468 billion in bonds is appropriated for the 2017-19 fiscal biennium. \$2.451 billion requires passage of a new bond authorization bill ([HB 1080](#)) and \$16.8 million is from existing bond authority. A total of \$1.68 billion is appropriated from other funding.

Approximately \$105.3 million in bond capacity is reserved for a 2018 Supplemental Capital Budget.

HB 1075 also adjusts the 2015-17 Capital Budget by increasing \$8.9 million in bonds and new appropriations while reducing \$8.9 million in bond re-appropriations and reducing \$90.4 million in other funds.

On April 12<sup>th</sup>, the House amended and passed [SB 5086](#) (the Senate Capital Budget bill), with the House Capital budget that was passed out of the House Capital Budget Committee, with a 96-2 floor vote.

## Education

*Education Funding Plans:* [SSB 5607](#), the Senate Republican's education funding plan, sponsored by Sen. Braun (R), passed off the Senate floor on February 1<sup>st</sup>, with a 25-24 vote. It then received a public hearing in the House Appropriations Committee on February 6<sup>th</sup>.

[ESSB 5875](#), sponsored by Sen. Braun (R), was introduced alongside the Senate Republican proposed Operating Budget and modifies elements of SSB 5607. This updated plan adjusted the new State Local Effort Levy property tax from \$1.80/\$1,000 of assed value to \$1.55/\$1,000 of assed value, which would be a raise in property tax for Seattle residents. The bill passed out of the Senate on March 23<sup>rd</sup> with a 25-24 vote and has been referred to the House Appropriations Committee where it awaits action.

The House Democrats' education funding plan, [ESHB 1843](#), is sponsored by Rep. Sullivan (D). This bill passed out of the House with a vote of 50-47 on February 22<sup>nd</sup>. It has been referred to the Senate Ways and Means Committee where it awaits further action.

With the release of the House proposed operating budget, Rep. Lytton (D) also released a new education plan bill. [HB 2185](#), fulfilling the state's paramount duty for all children through equitable and responsive investments in the state's basic education program and reductions to local effort contributions, has not received legislative action, but is noted throughout the House proposed operating budget so is NTIB.

Sen. Mullet (D), Sen. Hobbs (D), and Sen. Takko (D) have introduced [SB 5825](#), which is intended to be a middle-ground solution between the current Democrat and Republican proposals. A proposed substitute received a public hearing in the Senate Way and Means Committee on February 27<sup>th</sup>.

*Levy Cliff:* [ESB 5023](#), sponsored by Sen. Wellman (D), extends the current school district levy authority by one year. The bill was passed by the Senate on March 8<sup>th</sup>, with a 48-1 vote. The House took action the following day and passed ESB 5023 with an 87-10 vote. The Governor signed the bill on March 15<sup>th</sup>, and the effective date is July 23<sup>rd</sup>.

*Outdoor Preschools:* [SSB 5357](#), sponsored by Sen. Ranker (D), would establish a pilot program to license outdoor early learning and child care programs. The bill passed out of the Senate on February 28<sup>th</sup>, with a 44-5 vote and passed out of the House on April 7<sup>th</sup>, with a 74-23 vote. SSB 5357 has been signed by the Senate President and the House Speaker and now heads to the Governor's desk.

## Public Safety

*Use of Deadly Force:* [SSB 5073/HB 1529](#) adopts recommendations approved by the state task force, which deletes the good faith and malice clauses in favor of a new standard that asks if a

“reasonable officer” would use deadly force in the same circumstances. Both bills also contain policy aimed at funding new training techniques, like de-escalation practices, distribution of less-lethal weapons, and data collection on use of force incidents. [SSB 5073](#) received executive action on February 16<sup>th</sup>, in the Senate Law & Justice Committee where it was amended to add intent language that states it is necessary for law enforcement to build trust in the diverse communities they serve. Additional language was added that states if any provision of the act is held by a court to be invalid, the remainder of the act is incapable of accomplishing the legislative purpose and is also invalid. The bill is considered “Necessary to Implement the Budget” and is not subject to cut-offs.

*Sexual Assault Forensic Exams:* [SHB 1109](#), establishes a pilot project to create and train multidisciplinary community response teams, as well as creates a funding account using a fee levied on adult entertainment establishments. The bill passed out of the Senate on April 11<sup>th</sup> with a 49-0 vote.

*Human Trafficking:* [HB 1079](#), which protects victims by creating a protection order or no-contact order, passed the House unanimously on February 13<sup>th</sup>, and passed the Senate unanimously on April 5<sup>th</sup>. [SB 5030](#), which extends the statute of limitations for human trafficking crimes from three to ten years, passed unanimously on February 8<sup>th</sup>, and passed out of the House unanimously on April 6<sup>th</sup>. The bill has been placed on second reading by the Senate Rules Committee as of April 6<sup>th</sup>.

*Sexual Assault Protection Orders:* [SSB 5256](#) aligns protections for sexual assault survivors with those for victims of stalking and domestic violence. The bill was moved out of the Senate on March 8<sup>th</sup> with a 43-6 vote and was moved out of the House on April 6<sup>th</sup> with a 75-22 vote. The bill is headed to the Governor’s office for his signature.

*Ban the Box:* [SB 5312](#), sponsored by Sen. Baumgartner (R), would prohibit employers from asking about arrests or convictions before an applicant is determined otherwise qualified for a position, but includes preemption of local laws, was passed by the Senate on March 7<sup>th</sup> with a 25-24 vote. The Senate bill received a public hearing on March 21<sup>st</sup>, and executive action was taken on March 28<sup>th</sup>, in the House Labor and Workplace Standards Committee. The bill then received a public hearing on April 1<sup>st</sup> and executive action was taken on April 4<sup>th</sup> in the House Appropriations Committee. The bill has now been placed on second reading by the House Rules Committee, but was not passed before the opposite house cut-off.

*Public Records:* [HB 1594](#), introduced by Rep. McBride (D), would require the Attorney General to establish a consultation program to assist local governments with best practices for managing public records requests; the agency to offer to participate in mediation with a requester to clarify a public records request and to resolve any disagreement regarding disclosure; the Division of Archives and Records Management to conduct a feasibility study for establishing a statewide

internet portal for public records management; and authorizes a \$1 surcharge on county recorded documents for the State Archives local competitive grant program and local trainings on record retention practice. The bill passed out of the House on March 3<sup>rd</sup> with a 79 to 18 vote and then passed out of the Senate on April 10<sup>th</sup> with a 40-7 vote. The Senate amended the bill to include a requirement that agencies estimating annual public records fulfillment costs of over \$100,000 to report metrics regarding public records fulfillment and compliance to the Joint Legislative Audit and Review Committee annually; a requirement for agencies to maintain a log of public records, requests, responses, and final dispositions; and make the statewide open records portal feasibility study subject to appropriation.

[HB 1595](#), introduced by Rep. McBride (D), would allow agencies to charge a small fee for some public records requests and deny frequent automatically generated requests that interfere with the essential functions of the agency. The bill passed out of the House on March 3<sup>rd</sup> with a 75-22 vote and was later passed out of the Senate on April 7<sup>th</sup> with a 43-4 vote. The bill was amended in the Senate to require agencies to provide an estimate of the costs associated with fulfilling a records request. The House will now need to vote on the bill as it was amended in the Senate.

## **General Government**

*Property Tax:* Rep. Lytton (D) and Sen. Pedersen (D) sponsored [HB 1764/SB 5772](#), which replaces the 1% property tax revenue limits with a limit tied to population change and inflation. It was referred to the Rules Committee on April 4<sup>th</sup>. The Senate bill received a public hearing on February 16<sup>th</sup>, in the Senate Local Government Committee, but no further action was taken. Both bills are considered “Necessary to Implement the Budget” and are not subject to cut-offs.

*Lodging Excise Tax:* Rep. Pettigrew (D) and Sen. Frockt (D) introduced [HB 2015/SB 5850](#), which extends the lodging tax revenue to all lodging types regardless of the number of lodging units on the premises. The bill was passed out of the House Finance Committee on February 23<sup>rd</sup>, and referred to the House Rules Committee for further action. The Senate bill was not scheduled for a public hearing in the Senate Ways and Means Committee.

*5G Deployment:* [HB 1921/SB 5711](#), which address issues related to the deployment of 5G small cells, received public hearings on February 8<sup>th</sup>, in the House Technology & Economic Development and the Senate Environment, Energy, and Telecommunications Committees, respectively. *Business Licensing:* [EHB 2005](#), sponsored by Rep. Lytton (D), seeks to simplify the administration of municipal general business licenses. [EHB 2005](#) was voted off the House floor on March 2<sup>nd</sup> with a 96-2 vote, and an amended version passed off the Senate floor on April 12<sup>th</sup> with a 49-0 vote. The version as passed out of the Senate modifies the deadline for cities to participate in FileLocal as an alternative to the Department of Revenue’s business licensing

service from July 1, 2018 to July 1, 2020, among other things. Because the bill was amended in the Senate, the House will now have to concur or reject those changes. [ESSB 5777](#), sponsored by Sen. Brown (R), is a similar piece of legislation that was passed off the Senate floor by a 44-0 vote. The bill received a public hearing on March 17<sup>th</sup>, and executive action on March 30<sup>th</sup> in the House Finance Committee, and has been placed on second reading by the House Rules Committee. Hansen (D), would require broadband internet providers to provide notice and obtain consent for access to, use, and disclosure of certain customer information, as well as provide notice of privacy policies and take reasonable data security measures. [SHB 2200](#) received a public hearing on Wednesday, April 12<sup>th</sup>, and an executive session on Friday, April 14<sup>th</sup> in the House Technology & Economic Development Committee. The substitute version of the bill as compared to the original version changes the restricted activities involving customer proprietary information to be the sale or transfer of such information, or advertisement based on such information and changes the required approval for all restricted activities to opt-in approval. A similar bill in the Senate, [SB 5919](#), sponsored by Sen. Ranker (D), has been referred to the Senate Energy, Environment & Telecommunications Committee but has not been scheduled for any action.

The Senate companion bill, [SB 5499](#), sponsored by Sen. Palumbo, received a public hearing in the Senate Energy, Environment & Telecommunications Committee on April 6<sup>th</sup>. Because these bills are considered “Necessary to Implement the Budget,” they are not subject to cut-offs and conversations are ongoing.

energy economy, and invest in K-12 education. The bill did not receive a public hearing but was voted out of the Senate Ways and Means Committee on February 24<sup>th</sup>, and was placed on second reading on February 27<sup>th</sup>. The House companion bill, [HB 1555](#), sponsored by Rep. Lytton (D) did not receive a public hearing.

[SB 5385](#), sponsored by Sen. Hobbs (D), would impose a carbon tax equal to \$15 per metric ton of carbon dioxide on the carbon content of fossil fuels extracted, manufactured, or introduced into Washington; repeals any other state agency rule, policy, or standard that sets a greenhouse gas emissions standard, limit, cap, or charge; and directs the carbon tax revenue to be spent in specified amounts on storm water projects, fish barrier correction projects at state highways, renewable energy and energy efficiency programs, student transportation, and highway maintenance and preservation. The bill received a public hearing in the Senate Environment, Energy & Telecommunications Committee on February 2<sup>nd</sup>, but did not receive an executive session.

[HB 1646](#), sponsored by Rep. Fitzgibbon, seeks to promote an equitable clean energy economy by creating a carbon tax that allows investment in clean energy, clean air, healthy forests, and Washington's communities. The bill imposes an escalating tax on greenhouse gas emissions from fossil fuels and electricity beginning July 1, 2018 at a rate of \$15 per ton of carbon dioxide equivalent emissions and distributes revenue from the greenhouse gas tax to various new programs, including a fund used for certain workers who lose their jobs, a grant program for low-income individuals, and specified types of energy, water, and forest health projects. The bill received a public hearing on March 14<sup>th</sup> in the House Environment Committee. The Senate companion bill, [SB 5509](#), sponsored by Sen. Carlyle (D), has not received any action.

## **Homelessness & Housing**

*Homelessness:* [HB 1570](#) deals with access to homeless housing and assistance, eliminates the sunset for the local homeless housing and assistance document recording fee, and allows cities or counties to charge and retain an additional surcharge for homeless housing and assistance. The legislation also changes the definition of private rental housing to include non-profit organizations. The bill was passed out of the House Appropriations Committee on February 24<sup>th</sup> and placed on second reading by the House Rules Committee on April 5<sup>th</sup>. The bill is considered “Necessary to Implement the Budget” and is not subject to cut-offs.

In addition, Sen. Miloscia (R) introduced [SB 5864](#), which aims to end homelessness by creating new procedures for reunifying homeless youth/minors with their families, requiring shelter space to be made available to all individuals, pre-empting local guidelines for encampments, and extending the document recording fee until 2022. The bill received a public hearing on March 16<sup>th</sup> and executive action was taken on March 20<sup>th</sup> in the Senate Ways and Means Committee. Funding for the bill is provided in the Senate Republican operating budget, so this bill is considered “Necessary to Implement the Budget” and is not subject to cut-offs. The bill was placed on second reading by the Senate Rules Committee on March 29<sup>th</sup> and is awaiting further action.

[HB 1797](#) was placed on second reading by the House Rules Committee on April 5<sup>th</sup>. In addition, the omnibus bill [SB 5254](#), introduced by Sen. [SB 5254](#) was amended and executive action was taken on March 20<sup>th</sup> in the Senate Ways and Means Committee.
