Diane M. Sugimura, Director

**CITY OF SEATTLE
ANALYSIS AND DECISION OF THE DIRECTOR OF
THE DEPARTMENT OF PLANNING AND DEVELOPMENT**

Application Number: 3006587

Applicant Name: Aaron Wright

Address of Proposal: 2005 East Marion Street

SUMMARY OF PROPOSED ACTION

Land Use Application to subdivide one parcel into two unit lots. The construction of townhouses has been approved under Permit #524480 (Finaled 1/4/68). This subdivision of property is only for the purpose of allowing sale or lease of the unit lots. Development standards will be applied to the original parcel and not to each of the new unit lots.

The following approval is required:

Short Subdivision - To create two unit lots pursuant to Seattle Municipal Code section 23.24.045.

SEPA DETERMINATION: Exempt DNS MDNS EIS

DNS with conditions

DNS involving non-exempt grading or demolition or involving another agency with jurisdiction.

BACKGROUND DATA

Site & Proposal Description

The subject site is a rectangular shaped lot with a lot area of 3,600 square feet. The two proposed unit lot areas are: A) 1,854 sq. ft. and B) 1,746 sq. ft. The site is relatively flat and is

located in a Single-Family 5,000 (SF-5000) zone. The site is a corner lot with East Marion Street abutting to the north and 20th Avenue abutting to the west.

Surrounding Area Description

The surrounding properties are zoned SF-5000 and developed with a variety of single-family structures.

Public Comments

The application was deemed to be complete on February 21, 2007 and notice of application was sent on March 8, 2007. The 14 day public comment period ended on March 21 2007. No public comments were received through the public notice process.

ANALYSIS – SHORT SUBDIVISION

Pursuant to SMC 23.24.040, the Director shall, after conferring with appropriate officials, use the following criteria to determine whether to grant, condition or deny a short plat:

1. *Conformance to the applicable Land Use Code provisions;*
2. *Adequacy of access for vehicles, utilities and fire protection, as provided in Section 23.53.005;*
3. *Adequacy of drainage, water supply, and sanitary sewage disposal;*
4. *Whether the public use and interests are served by permitting the proposed division of land;*
5. *Conformance to the applicable provisions of SMC Section 25.09.240, short subdivision and subdivisions in environmentally critical areas;*
6. *Is designed to maximize the retention of existing trees.*

Analysis

Based on information provided by the applicant, referral comments as appropriate from DPD, Fire Departments (SFD), and review by the Land Use Planner, the above cited criteria have been met subject to the conditions imposed at the end of this decision. Seattle City Light has reviewed the proposal and will require an easement to provide for electrical facilities and service to the proposed parcels. The lots to be created by this short subdivision will meet all minimum standards or applicable exceptions as set forth in the Land Use Code, and are consistent with applicable development standards. As conditioned, this short subdivision can be provided with vehicular access, public and private utilities and access (including emergency vehicles). Adequate provisions for drainage control, water supply (Water Availability Certificate #20070546 issued April 2, 2007), and sanitary sewage disposal have been provided for each lot and service is assured, subject to standard conditions governing utility extensions. The proposal site is not located in a mapped environmentally critical area nor were any environmentally critical areas observed on site; therefore SMC 25.09.240 is not applicable. No trees are to be removed as a result of this short subdivision. The public use and interest are served by the proposal since all applicable criteria are met and the proposal creates the potential for additional housing opportunities in the City.

ANALYSIS –UNIT LOT SUBDIVISION (CRITERION #7)

Conformance to the provisions of Section 23.24.045, Unit lot subdivisions, when the short subdivision is for the purpose of creating separate lots of record for the construction and/or transfer of title of townhouses, cottage housing, clustered housing, or single-family housing.

- A. *The unit subdivision provisions of SMC Section 23.24.045 apply exclusively to the unit subdivision of land for townhouses, cottage housing developments, residential cluster developments, and single-family residences in zones where such uses are permitted.*
- B. *Sites developed or proposed to be developed with dwelling units listed in subsection A above, may be subdivided into individual unit lots. The development as a whole shall meet development standards applicable at the time the permit application is vested. As a result of the subdivision, development on individual unit lots may be nonconforming as to some or all of the development standards based on analysis of the individual unit lot, except that any private, usable open space for each dwelling unit shall be provided on the same lot as the dwelling unit it serves.*
- C. *Subsequent platting actions, additions or modifications to the structure(s) may not create or increase any nonconformity of the parent lot.*
- D. *Access easements and joint use and maintenance agreements shall be executed for use of common garage or parking areas, common open space (such as common courtyard space for cottage housing), and other similar features, as recorded with the Director of the King County Department of Records and Elections.*
- E. *Within the parent lot, required parking for a dwelling unit may be provided on a different unit lot than the lot with the dwelling unit, as long as the right to use that parking is formalized by an easement on the plat, as recorded with the Director of King County Department of Records and Elections.*
- F. *The facts that the unit lot is not a separate buildable lot, and that additional development of the individual unit lots may be limited as a result of the application of development standards to the parent lot shall be noted on the plat, as recorded with the Director of the King County Department of Records and Elections.*

Analysis

Review of this application shows that the proposed short subdivision would conform to applicable standards of SMC 23.24.045 subject to the conditions imposed at the end of this decision. The proposed development is townhouses. The structures, as reviewed under their separate building permit, conform to the development standards of the time the permit application was vested. To assure that future owners have constructive notice that additional development may be limited; the applicant will be required to add a note to the face of the plat that reads as follows: “The lots created by unit subdivision are not separate building lots. Additional development on any individual lot in this unit subdivision may be limited as a result of the application of development standards to the parent lot pursuant to applicable provisions of the Seattle Land Use Code.” A joint use and maintenance agreement on the plat must also be added.

DECISION - SHORT SUBDIVISION

The proposed Short Subdivision is **CONDITIONALLY GRANTED**.

CONDITIONS - SHORT SUBDIVISION

Conditions of Approval Prior to Recording

The owner(s) and/or responsible party(s) shall:

1. Comply with all applicable standard recording requirements and instructions.

Revise Short Plat to show the following:

2. Add the following note on the face of the plat: *“The lots created by this unit subdivision are not separate buildable lots. Additional development on these unit lots in this unit subdivision may be limited as a result of the application of development standards to their parent lot pursuant to applicable provisions of the Seattle Land Use Code”*.
3. Provide an overhead/underground easement for this unit lot subdivision as required by Seattle City Light on the final short subdivision.
4. Provide an overhead/underground easement for this unit lot subdivision as required by Seattle Public Utilities on the final short subdivision.

Prior to Issuance of any Building Permit

5. The owner(s) and/or responsible party(s) shall attach a copy of the recorded short subdivision to all permit application plans for any application for a permit to construct, demolish, or change use.

Non-Appealable Zoning Requirement

Prior to recording, the owner(s) and/or responsible party(s) shall meet all zoning requirements as determined by the zoning reviewer, and revise legals as requested by DPD’s addressing reviewer.
