BACKGROUND DATA

Site visit: 7/20/07
Zoning: Residential, Single-Family 5,000 (SF 5000)
Uses on Site: One single-family residence and detached garage

Substantive Site Characteristics:

This 11,752.4 square foot subject site is a rectangular lot that fronts on NW 45th Street to the south and an alley to the north. The site slopes gently down to the west with a total elevation difference of about six feet. The detached garage is located in the northern portion of the lot, adjacent to the alley. The lot shares an existing curbcut on NW 45th Street with the property to the west. The site is covered mostly with grass with one Western Hemlock tree near the center of

the lot, north of the existing house. The site is zoned Residential, Single-Family 5,000 (SF 5000), as are surrounding properties. There are no mapped critical areas on site.

Proposal Description:

The applicant proposes to subdivide one parcel with a total area of 8,753 square feet into two parcels of 4,376.0 sq. ft. and 4,376.4 sq. ft. Parcel A will be created on the western half of the original lot, and Parcel B will be created on the eastern half. Each lot will have 36.5 feet of street frontage on NW 45th Street as well as frontage on the alley. The existing house and the garage will be removed.

Public Comment:

The comment period for this proposal ended on August 8, 2007. During this period, no written comment letters were received.

ANALYSIS - SHORT SUBDIVISION

Pursuant to SMC 23.24.040, the Director shall, after conferring with appropriate officials, use the following criteria to determine whether to grant, condition, or deny a short plat:

1. *Conformance to the applicable Land Use Code provisions;*
2. *Adequacy of access for vehicles, utilities and fire protection, as provided in Section 23.53.005;*
3. *Adequacy of drainage, water supply, and sanitary sewage disposal;*
4. *Whether the public use and interests are served by permitting the proposed division of land;*
5. *Conformance to the applicable provisions of SMC Section 25.09.240, short subdivision and subdivisions in environmentally critical areas;*
6. *Is designed to maximize the retention of existing trees; and*
7. *Conformance to the provisions of Section 23.24.045, Unit lot subdivisions, when the short subdivision is for the purpose of creating separate lots of record for the construction and/or transfer of title of townhouses, cottage housing, clustered housing, or single-family housing.*

Summary - Short Subdivision

Based on information provided by the applicant, referral comments from DPD, Water (SWD), Fire Department (SFD), Seattle City Light, the Building Plans Examiner, the Drainage Section of DPD, and review by the Land Use Planner, the above cited criteria have been met subject to the conditions imposed at the end of this decision.

The lots to be created by this short subdivision will meet all minimum standards or applicable exceptions set forth in the Land Use Code and are consistent with applicable development standards. As conditioned, this short subdivision can be provided with vehicular access, public and private utilities and access (including emergency vehicles). Adequate provisions for drainage control, water supply, and sanitary sewage disposal have been provided for each lot and service is assured, subject to standard conditions governing utility extensions. The site is not within a mapped critical area; therefore, SMC 25.09.240 is not applicable. The proposed plat maximizes the retention of existing trees. The public use and interest are served by the proposal since all applicable criteria are met and the proposal creates the potential for additional housing opportunities in the City.

DECISION –SHORT SUBDIVISION

The proposed Short Subdivision is **CONDITIONALLY GRANTED.**

CONDITIONS – SHORT SUBDIVISION

Conditions of Approval Prior to Recording

The owner(s) and/or responsible party(s) shall:

1. Include any required easement description by Seattle City Light on the face of the final plat and in the legal descriptions of the affected lots.
2. Add the conditions of approval after recording on the face of the plat or on a separate page. If the conditions are on a separate page, insert on the plat “For conditions of approval after recording see page ___ of ___.”
3. Have final recording documents prepared by or under the supervision of a Washington State licensed land surveyor. Each lot, parcel, or tract created by the short subdivision shall be surveyed in accordance with appropriate State statutes. The property corners set shall be identified on the plat and encroachments such as side yard easements, fences or structures shall be shown. Lot areas shall be shown on the plat. The lot areas of each parcel shall be shown on the recording documents.
4. Submit the recording fee and final recording forms for approval.

For the life of the project

5. The owner(s) and/or responsible party(s) shall attach a copy of the recorded short subdivision to all permit application plans for any application for a permit to construct, demolish, or change use.
