Gregory J. Nickels, Mayor

Department of Planning and Development

D. M. Sugimura, Director

**CITY OF SEATTLE
ANALYSIS AND DECISION OF THE DIRECTOR
OF THE DEPARTMENT OF PLANNING AND DEVELOPMENT**

Application Number: 3007867
Applicant Name: Tony Huset
Address of Proposal: 5227 38th Ave. S.W.

SUMMARY OF PROPOSED ACTION

Land Use Application to subdivide one parcel into six unit lots (Unit Lot Subdivision). The construction of residential units has been approved under Project #6077426. This subdivision of property is only for the purpose of allowing sale or lease of the unit lots. Development standards will be applied to the original parcel and not to each of the new unit lots.

The following approval is required:

Short Subdivision – to subdivide one parcel into six unit lots.
(Chapter 23.24, Seattle Municipal Code)

SEPA DETERMINATION:

Exempt DNS MDNS EIS
 DNS with conditions
 DNS involving non-exempt grading or demolition,
or involving another agency with jurisdiction.

BACKGROUND DATA

Zoning: Multi-family Residential Lowrise-Two (L-2).

Uses on Site: One single-family residence and detached garage.

Substantive Site Characteristics:

This approximately 6,614 square foot subject site (the “parent lot”) is a rectangular lot that fronts on 38th Avenue S.W. to the east and a concrete alley to the west. 38th Avenue S.W. is a two-lane paved street with sidewalks, curbs, and gutters on both sides. The lot has approximately 60.49 feet of street frontage on 38th Avenue S.W. The site is also approximately 109.80-feet deep. The immediate and surrounding areas are predominately single-family and multi-family use. Directly to the south of the site is Fairmount Playground owned by the City of Seattle Parks Department.

Vehicular access for the site is from 38th Avenue S.W. there is a residential structure on site that is to be legally removed. Site vegetation includes grass and shrubs.

The subject site is located within an area zoned Multifamily Residential Lowrise-Two (L-2). Zoning to the north and west is Lowrise-Duplex-Triplex (LDT) and zoning to the east and south is Single-Family (SF5000). The area along 40th Avenue S.W. is zoned Single-family (SF5000). The site is not located in any mapped critical areas.

Proposal Description:

The applicant proposes to subdivide one approximately 6,614 square foot parcel (the “parent lot”) into six unit lots with the following lot areas: Unit Lot A; 1,183 square feet, Unit Lot B; 847 square feet, Unit Lot C; 1,175 square feet, Unit Lot D; 1,249 square feet, Unit Lot E; 897 square feet, Unit Lot F; 1,262 square feet. Vehicular access for required parking for all proposed unit lots will be via the ingress and egress easement that runs east off of the concrete alley along the north property line of the site. Parking for the unit lots will be provided under structure in ground level garages. A five foot Pedestrian access is provided to benefit all Unit Lots in this unit lot subdivision.

A building permit for the demolition of an existing residential structure, establishment of a townhouse use, and construction of two, 3-unit townhouse buildings with attached garages has been reviewed and approved under Project No. 6077426, 6120534 and 612536. The subject of this analysis and decision is limited to the subdivision of land.

Public Comment:

The comment period for this proposal ended on November 7th, 2007. During this period, no written comment letters related to this project were received.

ANALYSIS - SHORT SUBDIVISION

Pursuant to SMC 23.24.040, the Director shall, after conferring with appropriate officials, use the following criteria to determine whether to grant, condition, or deny a short plat:

1. *Conformance to the applicable Land Use Code provisions;*
2. *Adequacy of access for vehicles, utilities and fire protection, as provided in Section 23.53.005;*
3. *Adequacy of drainage, water supply, and sanitary sewage disposal;*
4. *Whether the public use and interests are served by permitting the proposed division of land;*
5. *Conformance to the applicable provisions of SMC Section 25.09.240, short subdivision and subdivisions in environmentally critical areas;*
6. *Is designed to maximize the retention of existing trees; and*
7. *Conformance to the provisions of Section 23.24.045, Unit lot subdivisions, when the short subdivision is for the purpose of creating separate lots of record for the construction and/or transfer of title of townhouses, cottage housing, clustered housing, or single family housing.*

Summary - Short Subdivision

Based on information provided by the applicant, referral comments from DPD, Water (SWD), Fire Department (SFD), Seattle City Light, the Building Plans Examiner, the Drainage Section of DPD, and review by the Land Use Planner, the above cited criteria have been met subject to the conditions imposed at the end of this decision. Detailed discussion of Criterion #7 follows below. The lots to be created by this short subdivision will meet all minimum standards or applicable exceptions set forth in the Land Use Code and are consistent with applicable development standards. As conditioned, this short subdivision can be provided with vehicular access, public and private utilities and access (including emergency vehicles). Adequate provisions for drainage control, water supply (**Water Availability Certificate ID No. 20071906**), and sanitary sewage disposal have been provided for each lot and service is assured, subject to standard conditions governing utility extensions. The proposal site is not located in an environmentally critical area; therefore SMC 25.09.240 is not applicable; additionally, this regulation does not apply to unit lot subdivisions. Tree and other landscaping requirements were considered under the building permit review. The public use and interest are served by the proposal since all applicable criteria are met and the proposal creates the potential for additional owner-occupied housing opportunities in the City.

ANALYSIS –UNIT LOT SUBDIVISION (CRITERION #7)

Conformance to the provisions of Section 23.24.045, Unit lot subdivisions, when the short subdivision is for the purpose of creating separate lots of record for the construction and/or transfer of title of townhouses, cottage housing, clustered housing, or single-family housing.

- A. *The unit subdivision provisions of SMC Section 23.24.045 apply exclusively to the unit subdivision of land for townhouses, cottage housing developments, residential cluster developments, and single-family residences in zones where such uses are permitted.*
- B. *Sites developed or proposed to be developed with dwelling units listed in subsection A above, may be subdivided into individual unit lots. The development as a whole shall meet development standards applicable at the time the permit application is vested. As a result of the subdivision, development on individual unit lots may be nonconforming as to some or all of the development standards based on analysis of the individual unit lot, except that any private, usable open space for each dwelling unit shall be provided on the same lot as the dwelling unit it serves.*
- C. *Subsequent platting actions, additions or modifications to the structure(s) may not create or increase any nonconformity of the parent lot.*
- D. *Access easements and joint use and maintenance agreements shall be executed for use of common garage or parking areas, common open space (such as common courtyard space for cottage housing), and other similar features, as recorded with the Director of the King County Department of Records and Elections.*
- E. *Within the parent lot, required parking for a dwelling unit may be provided on a different unit lot than the lot with the dwelling unit, as long as the right to use that parking is formalized by an easement on the plat, as recorded with the Director of King County Development of Records and Elections.*

F. The fact that the unit lot is not a separate buildable lot, and that additional development of the individual unit lots may be limited as a result of the application of development standards to the parent lot shall be noted on the plat, as recorded with the Director of the King County Department of Records and Elections.

Summary - Unit Lot Subdivision

Review of this application shows that the proposed short subdivision would conform to applicable standards of SMC 23.24.045 subject to the conditions imposed at the end of this decision. The proposed development is townhouses. The new structures, as reviewed under their separate building permits, conform to the development standards for the time the permit application was vested. To assure that future owners have constructive notice that additional development may be limited; the applicant will be required to add a note to the face of the plat that reads as follows: *“The lots created by unit subdivision are not separate building lots. Additional development on any individual lot in this unit subdivision may be limited as a result of the application of development standards to the parent lot pursuant to applicable provisions of the Seattle Land Use Code.”* A joint use and maintenance agreement will be required as conditioned at the end of this decision.

DECISION – UNIT LOT SUBDIVISION

The proposed Unit Lot Subdivision is **CONDITIONALLY GRANTED.**

CONDITIONS – UNIT LOT SUBDIVISION

Conditions of Approval Prior to Recording

The owner(s) and/or responsible party(s) shall:

1. Include the Joint Use/Maintenance Agreement on the final plat which also includes the common sewer and storm drainage system that will serve the proposed Unit Lots.
2. Include any required easement description provided by Seattle City Light on the face of the final plat and in the legal descriptions of the affected Unit Lots.
3. Indicate all pedestrian easements on the plat, instead of noting them as pathways.
4. Have final recording documents prepared by or under the supervision of a Washington State licensed land surveyor. Each lot, parcel, or tract created by the short subdivision shall be surveyed in accordance with appropriate State statutes. The property corners set shall be identified on the plat and encroachments such as side yard easements, fences or structures shall be shown. Lot areas shall be shown on the plat. The lot areas of each parcel shall be shown on the recording documents.
5. Include the following on the face of the plat: *“The lots created by unit subdivision are not separate building lots. Additional development on any individual lot in this unit subdivision may be limited as a result of the application of development standards to the parent lot pursuant to applicable provisions of the Seattle Land Use Code.”*
