Gregory J. Nickels, Mayor

Department of Planning & Development

D. M. Sugimura, Director

**CITY OF SEATTLE
ANALYSIS AND DECISION OF THE DIRECTOR
OF THE DEPARTMENT OF PLANNING AND DEVELOPMENT**

Application Number: 3008647
Applicant Name: Brittani Ard
Address of Proposal: 12525 26th Ave NE

SUMMARY OF PROPOSED ACTION

Land Use Application to subdivide one parcel into four unit lots. The construction of residential units has been approved under Project #6115131. This subdivision of property is only for the purpose of allowing sale or lease of the unit lots. Development standards will be applied to the original parcel and not to each of the new unit lots.

Under the issued construction permit, an existing house will be demolished and four residential will be constructed. Under the subject application for unit lot subdivision, the proposed square footages of the lots are as follows: A) 1778.0 sq. ft.; B) 1351.2 sq. ft.; C) 2117.1 sq. ft.; and D) 2014.1 sq. ft. The adjacent property to the south is also undergoing a unit lot subdivision under project number 3008647.

The following approval is required:

Unit Lot Subdivision - to divide one existing parcel into four unit lots.
(Chapter 23.24 Seattle Municipal Code)

SEPA DETERMINATION: Exempt DNS MDNS EIS
 DNS with conditions
 DNS involving non-exempt grading or demolition, or involving another agency with jurisdiction

BACKGROUND DATA

Zoning: Lowrise One (L-1).
Uses on Site: Under construction: Two single family residences and one duplex townhouse (four units total). The existing duplex on the site was recently demolished.

Public Comment:

The comment period for this proposal ended on March 12, 2008. Two public comments were received, expressing concern about parking and sidewalks, as well as timing of the notice relative to construction already underway at the site.

Site Description:

The site is 7,200 sq. ft. and contains an existing duplex, which is proposed to be demolished. The site is fairly level and contains no environmentally critical areas.

Surrounding Area:

The area is bordered on the west by Single Family zoning (SF 7200), to the north and south, Lowrise 1, and across 26th Ave NE by Lowrise 2 zoning. Most of the block is developed with a mixture of single family and multi-family housing. However, a gymnastics center, zoned C1-40 is located on the corner, just one lot to the north, and across 26th Ave NE from that is a Qwest Communications center.

Proposal Description:

The site will contain three buildings - two single family houses, and one duplex. The single family houses will be built at the front and back of the property, with the duplex located in between. All units are proposed to be accessed off a shared driveway, with garages at grade. The site to the north (12529 26th Ave NE) is also being redeveloped. Five units are being constructed on that site. The vehicular easement is designed to serve both properties. A pedestrian easement is provided at the north of property for separate pedestrian access to the units not adjacent to the street. The street currently does not contain sidewalks; curb, gutter and sidewalk are proposed as part of the project. Storm water detention for the project will be located beneath the shared driveway.

ANALYSIS - SHORT SUBDIVISION

Pursuant to SMC 23.24.040, the Director shall, after conferring with appropriate officials, use the following criteria to determine whether to grant, condition, or deny a short plat:

1. *Conformance to the applicable Land Use Code provisions;*
2. *Adequacy of access for vehicles, utilities and fire protection, as provided in Section 23.53.005;*
3. *Adequacy of drainage, water supply, and sanitary sewage disposal;*
4. *Whether the public use and interests are served by permitting the proposed division of land;*
5. *Conformance to the applicable provisions of SMC Section 25.09.240, short subdivision and subdivisions in environmentally critical areas;*
6. *Is designed to maximize the retention of existing trees;*
7. *Conformance to the provisions of Section 23.24.045, Unit lot subdivisions, when the short subdivision is for the purpose of creating separate lots of record for the construction and/or transfer of title of townhouses, cottage housing, clustered housing, or single-family housing.*
8. *Conformance to the provisions of Section 23.24.046, Multiple single-family dwelling units on a single-family lot, when the short subdivision is for the purpose of creating two (2) or more lots from one (1) lot with more than one (1) existing single-family dwelling unit.*

Summary - Short Subdivision

Based on information provided by the applicant, referral comments or review approvals from Zoning (DPD), Ordinance and Structural (DPD), Drainage (DPD), Water (SWD), City Light (SCL), Fire Department (SFD) and review by the Land Use Planner, the above cited criteria have been met subject to the conditions imposed at the end of this decision. The lots to be created by this short subdivision will meet all minimum standards or applicable exceptions of the set forth in the Land Use Code, and are consistent with applicable development standards. As conditioned, this short subdivision will be provided with vehicular access, public and private utilities and access (including emergency vehicles). Adequate provisions for drainage control, water supply and sanitary sewage disposal have been provided for each lot and service is assured, subject to standard conditions governing utility extensions. The proposal site is not located in an environmentally critical area and also is a unit lot subdivision; therefore SMC 25.09.240 is not applicable. Tree and other landscaping requirements were considered under the building permit review. Section 23.24.046 regarding multiple single-family dwellings on one lot does not apply since all structures on the site have been demolished and new structures will be constructed. The public use and interest are served by the proposal since all applicable criteria are met and the proposal creates the potential for additional owner-occupied housing opportunities in the City.

ANALYSIS –UNIT LOT SUBDIVISION

Conformance to the provisions of Section 23.24.045, Unit lot subdivisions, when the short subdivision is for the purpose of creating separate lots of record for the construction and/or transfer of title of townhouses, cottage housing, clustered housing, or single-family housing.

- A. *The unit subdivision provisions of SMC Section 23.24.045 apply exclusively to the unit subdivision of land for townhouses, cottage housing developments, residential cluster developments, and single-family residences in zones where such uses are permitted.*
- B. *Sites developed or proposed to be developed with dwelling units listed in subsection A above, may be subdivided into individual unit lots. The development as a whole shall meet development standards applicable at the time the permit application is vested. As a result of the subdivision, development on individual unit lots may be nonconforming as to some or all of the development standards based on analysis of the individual unit lot, except that any private, usable open space for each dwelling unit shall be provided on the same lot as the dwelling unit it serves.*
- C. *Subsequent platting actions, additions or modifications to the structure(s) may not create or increase any nonconformity of the parent lot.*
- D. *Access easements and joint use and maintenance agreements shall be executed for use of common garage or parking areas, common open space (such as common courtyard space for cottage housing), and other similar features, as recorded with the Director of the King County Department of Records and Elections.*
- E. *A joint use and maintenance agreement has been included on the short plat documents and should also be included on the final documents for recording.*
- F. *Within the parent lot, required parking for a dwelling unit may be provided on a different unit lot than the lot with the dwelling unit, as long as the right to use that parking is formalized by*

an easement on the plat, as recorded with the Director of King County Development of Records and Elections.

- G. *The fact that the unit lot is not a separate buildable lot, and that additional development of the individual unit lots may be limited as a result of the application of development standards to the parent lot shall be noted on the plat, as recorded with the Director of the King County Department of Records and Elections.*

Summary - Unit Lot Subdivision

Review of this application shows that the proposed short subdivision would conform to applicable standards of SMC 23.24.045 subject to the conditions imposed at the end of this decision. The associated construction development contains four residential units. The structures, as reviewed under the separate building permits, will conform to the development standards in place at the time the permit application was submitted. To assure that future owners have constructive notice that additional development may be limited; the applicant will be required to add a note to the face of the plat that reads as follows: Include the following on the face of the plat: *“The unit lots created by unit subdivision are not separate buildable lots. Additional development on any individual unit lot in this unit subdivision may be limited as a result of the application of development standards to the parent lot pursuant to applicable provisions of the Seattle Land Use Code.”* A joint use and maintenance agreement is provided on the plat.

DECISION – UNIT LOT SUBDIVISION

The proposed Unit Lot Subdivision is **CONDITIONALLY GRANTED**.

CONDITIONS – UNIT LOT SUBDIVISION

Conditions of Approval Prior to Recording

The owner(s) and/or responsible party(s) shall:

1. Add the conditions of approval, “For the Life of the Permit” on the face of the plat or on a separate page. If the conditions are on a separate page, insert on the plat “For conditions of approval for the life of the permit see page ___ of ___.”
2. Provide on the plat the required Seattle City Light easement.
3. Have final recording documents prepared by or under the supervision of a Washington State licensed land surveyor. Each lot, parcel, or tract created by the short subdivision shall be surveyed in accordance with appropriate State statutes. The property corners set shall be identified on the plat and encroachments such as side yard easements, fences or structures shall be shown. Lot areas shall be shown on the plat. The lot areas of each parcel shall be shown on the recording documents.
4. Post an address sign, visible from the street, for the unit lots that do not front on the street, and provide an easement, covenant, or other legal agreement to ensure that the address signage is maintained for the life of the project.

5. Include the following on the face of the final plat: “The unit lots created by unit subdivision are not separate buildable lots. Additional development on any individual unit lot in this unit subdivision may be limited as a result of the application of development standards to the parent lot pursuant to applicable provisions of the Seattle Land Use Code.”
6. Submit the recording fee and final recording documents for approval.

For the Life of the Project

7. The owner(s) and/or responsible party(s) shall attach a copy of the recorded short subdivision to all plans for any application for a permit to construct, demolish, or change use.
