The notice shall be served by personal service in the manner set forth in RCW 4.28.080 for service of a summons or sent by first class mail to the licensee.

C. Unless a request for review before the Director of the Health Department is made in accordance with this subsection the notice shall become the final order of the Director. A request for review is an administrative remedy that must be exhausted before judicial review of the decision may be sought.
1. Any person aggrieved by a notice issued by the Director pursuant to this section may obtain a review of the notice by delivering to the Health Department such request in writing within ten (10) days of the date of service of the notice. For purposes of this subsection, service shall be complete at the time of personal service, or if mailed, three days from the date of mailing. When the last day of the period so computed is a Saturday, Sunday or City holiday, the period shall run until five (5:00) p.m. on the next business day. The request shall be in writing, and upon receipt of the request, the Director shall notify any persons served the notice of the deadline for submitting additional information in the form of written material for the review, which shall be within ten (10) days after the request is received. A. Notice. If, after investigation, the Director of the Health Department determines that there has been a violation of this code not resulting in revocation of a license, the Director may serve a notice of violation upon the person responsible for the action or condition. The notice of violation may state the requirements violated, what corrective action, if any, is necessary to comply with the standards or requirements, and set a reasonable time for compliance. The notice shall be served upon the responsible person by regular first class mail, addressed to the last known address of such person. The notice of violation shall be considered an Order of the Director.
B. Other remedies. Nothing in this subsection shall be deemed to limit or preclude any action or proceeding pursuant to Section 6.430.250 of this code, and nothing in this section shall be deemed to obligate or require the Director to issue a notice of violation prior to the imposition of civil or criminal penalties.

   A. A representative of the Director who is familiar with the case and the applicable regulations will conduct the review. The Director's representative will consider any information presented and in the Department's file. After the review, the Director shall issue an Order of the Director that may:
      1. Sustain the notice of violation; or
      2. Withdraw the notice of violation; or
      3. Amend the notice of violation; or
      4. Continue the review to a future date

A. Civil Penalties. Any failure to comply with the provisions of this chapter shall be subject to a cumulative civil penalty in an amount not to exceed $500 per day for each violation from the date the violation occurs or begins until compliance is achieved. In cases where the Director has issued a notice of violation, the violation will be deemed to begin, for purposes of determining the number of days of violation, on the date compliance is required by the notice of violation.
B. Alternative Criminal Penalty. Any person who violates or fails to comply with this chapter shall be guilty of a gross misdemeanor subject to the provisions of Chapters 12A.02 and 12A.04, except that absolute liability shall be imposed for such a violation or failure to comply and none of the mental states described in Section 12A.04.030 need be proved.
