

PUBLIC REALM

ISSUES FOR CONSIDERATION

- How can Uptown's sidewalks and alleys be improved to provide a better pedestrian experience for both residents and visitors?
- How can neighborhood street design and signage be improved to strengthen identity and aid wayfinding?
- How can the rich and diverse cultural exchange that happens within Seattle Center be felt in the neighborhood?
- How do we create neighborhood-defining public and private buildings and spaces that are truly public, active, safe, and welcoming?
- How do we encourage art and entertainment uses to spill out and increase the vibrancy of the pedestrian experience along the sidewalk?
- How can the wide sidewalks along Mercer be activated?

NOVEMBER 7, 2013 OPEN HOUSE
