

**CITY OF SEATTLE**  
**ORDINANCE \_\_\_\_\_**  
**COUNCIL BILL \_\_\_\_\_**

AN ORDINANCE relating to the Seattle Shoreline Master Program; amending the Seattle Comprehensive Plan provisions in the Shoreline District; amending Sections 23.60A.020, 23.60A.066, 23.60A.090, 23.60A.152, 23.60A.154, 23.60A.156, 23.60A.157, 23.60A.164, 23.60A.167, 23.60A.172, 23.60A.187, 23.60A.190, 23.60A.193, 23.60A.200, 23.60A.202, 23.60A.204, 23.60A.206, 23.60A.214, 23.60A.215, 23.60A.217, 23.60A.224, 23.60A.240, 23.60A.252, 23.60A.282, 23.60A.294, 23.60A.310, 23.60A.382, 23.60A.384, 23.60A.386, 23.60A.388, 23.60A.390, 23.60A.392, 23.60A.394, 23.60A.402, 23.60A.410, 23.60A.442, 23.60A.446, 23.60A.450, 23.60A.460, 23.60A.482, 23.60A.484, 23.60A.486, 23.60A.490, 23.60A.502, 23.60A.504, 23.60A.506, 23.60A.508, 23.60A.510, 23.60A.512, 23.60A.540, 23.60A.575, 23.60A.578, 23.60A.902, 23.60A.906, 23.60A.908, 23.60A.912, 23.60A.914, 23.60A.916, 23.60A.918, 23.60A.924, 23.60A.926, 23.60A.928, 23.60A.930, 23.60A.934, 23.60A.936, 23.60A.938, 23.60A.942, 23.60A.944, 23.60A.958, 23.60A.970, 23.72.006, 23.91.002 of the Shoreline Master Program Regulations of the SMC, adding new Sections 23.60A.155, 23.60A.159, 23.60A.203, 23.60A.383, 23.60A.483, 23.60A.503 and repealing Sections 23.60A.092 of the Shoreline Master Program Regulations; amending Section 25.09.020 of the environmentally critical areas regulations, and adding a new Section 25.09.016 to the environmentally critical areas regulations of the Seattle Municipal Code.

WHEREAS the State of Washington has mandated that all local jurisdictions update their Shoreline Master Programs pursuant to the Shoreline Management Act; and

WHEREAS the City Council adopted Ordinance 124105 to comply with the State mandate, subject to approval by the Washington State Department of Ecology (DOE); and

WHEREAS, on June 5, 2014, DOE identified recommended and required changes to the Shoreline Master Program as adopted in Ordinance 124105; and

WHEREAS, this ordinance includes all of the changes identified by DOE and additional changes proposed by the City; and

WHEREAS, in designating critical areas in the Shoreline District the City has considered the science and technical information described in Washington Administrative Code Section 173-26-201(2)(a); and

1 WHEREAS the proposed amendments further the City's interest in protecting the public health,  
2 safety, and welfare; NOW, THEREFORE,

3 **BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:**

4 Section 1. The Seattle Comprehensive Plan, last amended by Ordinance 124458, is  
5 amended as follows:

6 **C-4 Shorelines**

7 \* \* \*

8 **shoreline protection and restoration**

9 \* \* \*

10 **LU255** Avoid development in areas identified as special wildlife or priority saltwater or fresh  
11 water habitat unless no feasible alternative locations exist except for a water-dependent use or  
12 water-related use that has a functional requirement for a location over water and is located in  
13 saltwater habitat that is priority habitat solely due to its use by anadromous fish for migration,  
14 if the((and the new)) development((-is designed to)) mitigates impacts to achieve no net loss of  
15 ecological function.

16 \* \* \*

17 **LU258** Consider the Lower Duwamish Watershed Habitat Restoration Plan (Weiner, K.S. and  
18 Clark, J.A. 1996),((;)) the Port of Seattle Lower Duwamish River Habitat Restoration Plan, the  
19 Final Lower Duwamish River NRDA Restoration Plan and Programmatic Environmental  
20 Impact Statement, ((and))the WRIA 8 Chinook Salmon Conservation Plan and  
21 implementation documents, and WRIA 9 Salmon Habitat Plan and implementation documents  
22 when conducting planning, permitting, mitigation, and restoration activities within the  
23 Duwamish/Green River and Cedar River watersheds.

24 \* \* \*

25 **shoreline economic development**

26 \* \* \*

1 **LU270** Identify and designate appropriate land for water-dependent business and industrial  
2 uses as follows:

3 1. Cargo Handling Facilities:

4 a. Reserve space in deep water areas with adequate vessel maneuvering areas to  
5 permit the Port of Seattle and other marine industries to remain competitive with other ports.

6 b. Work with the Port of Seattle to develop a long-range port plan in order to  
7 provide predictability for property owners and private industry in the Duwamish and in Elliott  
8 Bay.

9 2. Tug ~~((&))~~ and Barge Facilities: Retain Seattle's role as the Gateway to Alaska and  
10 ensure ample area is designated for uses that serve Puget Sound and Pacific trade.

11 3. Shipbuilding, Boat Building, and ~~((&))~~ Repairs: Maintain a critical mass of facilities  
12 in Seattle in order to meet the needs of the diverse fleets that visit or have a home port in  
13 Seattle, including fishing, transport, recreation, and military vessels.

14 4. Moorage: Meet the long-term and transient needs of ships and boats, including  
15 fishing, transport, recreation, and military. Support long-term moorage in sheltered areas close  
16 to services, and short-term moorage in more open areas. Support the efficient use of  
17 Fishermen's Terminal, Shilshole Bay Marina, and other public moorage facilities. Protect  
18 commercial and recreational moorage from displacement by encouraging the full use of  
19 submerged lands for recreational moorage in areas less suited for commercial moorage and less  
20 sensitive to environmental degradation. Require large recreational marinas to provide some  
21 commercial transient moorage as part of their facilities.

22 \* \* \*

23 **height in the shoreline district**

24 **LU319** The 35-foot height limit provided in the Shoreline Management Act shall be the  
25 standard for maximum height in the Seattle Shoreline District. Exceptions in the development  
26  
27

1 standards of a shoreline environment may be made consistent with the Act and with underlying  
2 zoning and special districts where:

3 1. a greater height will decrease the impact of the development on the ecological  
4 condition;

5 2. a greater height will not obstruct views from public trails and viewpoints;

6 3. a greater height will not obstruct shoreline views from a substantial number of  
7 residences(¶) on areas adjoining the “shorelines of the state” as defined in RCW  
8 90.58.030(1)(g) that are in Seattle and will serve a beneficial public interest; or

9 4. greater height is necessary for bridges, or equipment of water-dependent or water-  
10 related uses, or manufacturing uses.

11 **LU320** Heights lower than 35 feet:

12 1. shall be the standard for structures over water; and

13 2. where a reduced height is warranted because of the underlying residential zone; or

14 3. where a reduced height is warranted because public views or the views of a substantial  
15 number of residences on areas adjoining the “shorelines of the state” as defined in RCW  
16 90.58.030(1)(g) that are in Seattle could be blocked.

17 \* \* \*

18 Section 2. Section 23.60A.020 of the Seattle Municipal Code, as enacted by Ordinance  
19 124105, is amended as follows:

20 **23.60A.020 Permits and exemptions**

21 \* \* \*

22 C. Exemptions. The following substantial developments are exempt from obtaining a  
23 shoreline substantial development permit from the Director:

24 \* \* \*

25 2. Construction of a “normal protective bulkhead” common to single-family  
26 residences. A "normal protective bulkhead" means those structural and nonstructural

1 developments installed at or near, and parallel to, the (~~ordinary high water~~)OHW mark for the  
2 sole purpose of protecting an existing single-family residence and appurtenant structures from  
3 loss or damage by erosion. Construction of a normal protective bulkhead or repair is exempt if:

4 \* \* \*

5 ~~((17. Temporary development of four weeks or fewer if the development:~~

- 6 a. ~~Does not remove any native vegetation;~~
- 7 b. ~~Does not remove any trees greater than 6 inches DBH;~~
- 8 c. ~~Does not include the erection of a permanent structure; and~~
- 9 d. ~~Does not cause or contribute to permanent adverse impacts to~~

10 ~~ecological functions and mitigates any temporary adverse impacts to ecological function~~  
11 ~~including impacts caused by overwater structures.))~~

12 ~~((18))~~17. Development on that portion of land that is brought under shoreline  
13 jurisdiction due to a lawful shoreline restoration project creating a landward shift in the OHW  
14 mark, except when substantial development is proposed that would be partly on such land and  
15 partly on other land within the Shoreline District.

16 \* \* \*

17 E. If a use is allowed, allowed as a special use, or allowed as a conditional use and either  
18 the use is limited to a maximum percentage of development or the use is required to be on a site  
19 containing a minimum percentage of another use, the permit issued shall identify the specific  
20 uses and gross floor areas of each use that is relied upon to meet the applicable use percentage  
21 requirements.

22 Section 3. Section 23.60A.066 of the Seattle Municipal Code, as enacted by Ordinance  
23 124105, is amended as follows:

24 **23.60A.066 Procedure and criteria for (~~Optional Plan Shoreline Permits~~)determining**  
25 **feasible alternative locations**

26 A. Optional Plan Shoreline Permits

1 A. In all shoreline environments all uses on waterfront lots are prohibited over water as a  
2 principal or accessory use unless the use is allowed or allowed as a special use, a shoreline  
3 conditional use, or a Council conditional use in the shoreline environment where the use is  
4 proposed and the use is:

5 1. Boat moorage, off-loading goods from boats, dry((-))docks, swimming  
6 platforms, uses on vessels authorized under Sections 23.60A.214 and 23.60A.215, or other use  
7 components that by their nature require an over water location to operate;

8 2. Railroad, rail transit, streets, bridges, and tunnels that reasonably need to cross  
9 water that is regulated in this Chapter 23.60A; ((øø))

10 3. Floating home moorages, floating homes, house barges, and floating on-water  
11 residences authorized under Section 23.60A.202, 23.60A.204, and 23.60A.203; or

12 4. Allowed, allowed as a special use, allowed as a shoreline conditional use, or  
13 allowed as a Council conditional use as a use ((øøwater))over water in the specific regulations  
14 for the type of use or for the shoreline environment.

15 \* \* \*

16 Section 5. Section 23.60A.092 of the Seattle Municipal Code, as enacted by Ordinance  
17 124105 and that currently reads as follows, is repealed:

18 ~~((23.60A.092 Temporary development, shoreline modifications and uses~~

19 ~~A. Development, shoreline modification limited to floats, and uses that will occur for~~  
20 ~~four weeks or less may be exempt from obtaining a shoreline substantial development permit as~~  
21 ~~provided in Section 23.60A.020; developments that are exempt shall comply with the Shoreline~~  
22 ~~Management Act and the standards and provisions of this Chapter 23.60A.~~

23 ~~B. Development or Uses for Up to Six Months~~

24 ~~1. The Director may approve a permit for a development, shoreline modification~~  
25 ~~or use for a time period of up to six months if the development, shoreline modification, or use~~

1 complies with the standards and provisions of this Chapter 23.60A, except as provided in  
2 subsection 23.60A.092.B.2, and the following standards:

- 3 a. ~~Does not include the erection of a permanent structure;~~
- 4 b. ~~Does not cause or contribute to permanent adverse impacts to~~  
5 ~~ecological functions and mitigates any temporary adverse impacts to ecological function;~~
- 6 c. ~~Does not remove or harm native vegetation; and~~
- 7 d. ~~If new impervious surface is created, this surface is removed and~~  
8 ~~planted with native vegetation at the end of the temporary use.~~

9 2. ~~If no reasonable alternative exists, in approving a temporary development or~~  
10 ~~use the Director may allow:~~

- 11 a. ~~Views to be blocked;~~
- 12 b. ~~Public access to be blocked for a period of up to three months; and~~
- 13 c. ~~Development within the shoreline setback but farther than 15 feet from~~  
14 ~~the OHW mark.~~

15 C. ~~Temporary development, floats, or uses shall not interrupt any legally established~~  
16 ~~permanent use of a property.))~~

17 Section 6. Section 23.60A.152 of the Seattle Municipal Code, as enacted by Ordinance  
18 124105, is amended as follows:

19 **23.60A.152 General development**

20 \* \* \*

21 I. All shoreline developments, shoreline modifications, and uses shall be located,  
22 designed, constructed, operated, and managed to: protect the quality and quantity of surface and  
23 ground water on and adjacent to the development lot by using best management practices as  
24 follows:

1 report to affected tribes and the Washington State Department of Archaeology and Historic  
2 Preservation. After consultation with these tribes and agencies, the archaeologist shall provide a  
3 final report that includes any recommendations from affected tribes and the Washington State  
4 Department of Archaeology and Historic Preservation on avoidance or mitigation of the  
5 proposed project's impacts. The Director shall condition project approval based on the final  
6 report from the archaeologist to avoid, minimize, and mitigate impacts to the site consistent with  
7 federal and state law.

8 C. If any archaeological resources are uncovered during the proposed  
9 work~~((excavation))~~, work shall be stopped immediately, and the applicant shall notify the City,  
10 affected tribes, and the Washington State Department of Archeology and Historic Preservation.  
11 The applicant shall submit a site inspection and evaluation report by a qualified professional  
12 archaeologist, approved by the City, that identifies all possible valuable archaeological data and  
13 makes recommendations on how to handle the data properly. When the report is prepared, the  
14 applicant shall notify affected tribes and the Washington State Department of Archaeology and  
15 Historic Preservation and provide them with copies of the report.

16 \* \* \*

17 Section 8. A new Section 23.60A.155 is added to the Seattle Municipal Code as follows:

18 **23.60A.155 Best management practices for over-water uses and structures**

19 A. In addition to the provisions in Section 23.60A.152 and the standards set out in  
20 Subchapter III of this Chapter 23.60A, owners, operators, and tenants of floating homes, floating  
21 on-water residences, house barges, and vessels shall use best management practices to minimize  
22 impacts on the aquatic environment. The best management practices include, but are not limited  
23 to, the following:

24 1. If lawfully not connected to the City's waste-water disposal system, eliminate  
25 sewage discharge by:

1 a. holding sewage and conveying sewage discharge to an approved  
2 disposal facility using a pump out station, a pump out service, or other appropriate method, such  
3 as a port-a-potty or similar device and disposing the sewage at a facility that is connected to the  
4 City's waste-water disposal system; or

5 b. directly connecting and discharging sewage to the City's waste-water  
6 disposal system;

7 2. Limit the amount of gray water produced by minimizing water use and by  
8 using on shore facilities to the fullest extent reasonable;

9 3. Dispose of garbage, food scraps, and other compostable material, waste  
10 material, and recyclables into the appropriate on-land receptacles;

11 4. Use non-toxic, phosphate-free, and biodegradable cleaners and other  
12 household products if they drain into the water from the interior of a vessel, house barge, floating  
13 on-water residence, floating home, or other structure;

14 5. Use non-hazardous and non-toxic products and material for outside areas and  
15 on the exterior of a vessel, house barge, floating on-water residence, floating home, or other  
16 structure to the fullest extent reasonable;

17 6. Use a double containment system or other method to collect any spills of  
18 hazardous and/or toxic products when using these products to prevent them from entering the  
19 water;

20 7. Do not leave hazardous or toxic material in open containers unattended in  
21 areas that can drain into the water;

22 8. Do not use herbicides, pesticides, or fertilizers, except as allowed in subsection  
23 23.60A.190.J.2;

24 9. Use non-toxic building material for exterior areas to the fullest extent  
25 reasonable; see subsection 23.60A.152.K; and

1           10. Store all outside materials, such as chairs, barbeque grills, and potted plants,  
2 in a secure manner so that they do not enter the water because of wind or wave action.

3           B. The Director by Director's Rule may establish alternative best management practices  
4 to implement the requirements of Section 23.60A.155 or may add or clarify best management  
5 practices to minimize impacts on the aquatic environment based on the science and technical  
6 information described in WAC 173-26-201(2)(a) and consistent with RCW 90.58.270(5) and  
7 90.58.270(6). The Director shall consult with the Floating Homes Association, Lake Union  
8 Liveaboard Association, and affected stakeholders concerning interpretation and enforcement of  
9 best management practices when adopting a rule.

10           Section 9. Section 23.60A.156 of the Seattle Municipal Code, was enacted by Ordinance  
11 124447, is amended as follows:

12 **23.60A.156 Standards for environmentally critical areas in the Shoreline District**

13           A. All development, shoreline modifications, and uses shall protect environmentally  
14 critical areas located in the Shoreline District by complying with the standards and procedures in  
15 this Section 23.60A.156, in addition to the provisions of this Chapter 23.60A.

16           B. Applicable regulations((s))

17           1. Environmentally critical areas within the Shoreline District. Chapter 25.09, as  
18 set out in Ordinance 122050 and amended by Ordinances 122370, 122738, 124105, 124447, and  
19 by this ordinance introduced as C.B. ((417913))\_\_\_\_\_, is incorporated by reference into this  
20 Chapter 23.60A ((with respect to the shorelines))and applies to environmentally critical areas  
21 within the Shoreline District. The designations, standards, and procedures in Chapter 25.09 are  
22 modified as set out in subsections 23.60A.156.C and 23.60A.156.E through  
23 23.60A.156.Q((N))for environmentally critical areas in the Shoreline District. If there are any  
24 conflicts between the standards and procedures in Chapter 25.09 incorporated into this Chapter  
25 23.60A and other provisions of the Shoreline Master Program, the requirements most protective  
26  
27  
28

1 of ecological functions apply, except when preempted by federal or state law or where this  
2 Shoreline Master Program expressly states that these regulations do not apply.

3 2. Environmentally critical areas that are outside the Shoreline District are  
4 regulated in Chapter 25.09.

5 C. ~~((Critical Areas are designated as set out in Section 25.09.020, as amended by this~~  
6 ~~Ordinances and are located as set out in Section 25.09.030.))~~Environmentally critical areas  
7 designation and location

8 1. Environmentally critical areas within the Shoreline District are geologic hazard  
9 areas, steep slope areas, flood-prone areas, wetlands, fish and wildlife habitat areas, and  
10 abandoned landfills, all as designated in Section 25.09.020.

11 2. Environmentally critical areas are located as follows:

12 a. Areas designated in Section 25.09.020 are geographically located  
13 pursuant to Section 25.09.030, except for priority habitat areas and shoreline setbacks, which are  
14 geographically located pursuant to subsection 25.09.020.D.6 and Sections 23.60A.160 and  
15 23.60A.167.

16 b. ~~((Identification of w))~~Wetlands and delineation of their boundaries  
17 pursuant to this Chapter 25.09 shall be done in accordance with the approved federal wetland  
18 delineation manual and applicable regional supplements in lieu of the "Washington State  
19 Wetlands Identification and Delineation Manual" as adopted by Ecology (Publication #96-94).

20 \* \* \*

21 G. In applying the designation of flood-prone areas in subsection 25.09.020.B, areas of  
22 special flood hazard in Section 25.06.030 shall be determined using the Flood Insurance Rate  
23 Maps that accompany the Flood Insurance Study for King County, Washington and incorporated  
24 areas, dated May 16, 1995. ~~((Development standards for flood-prone areas. Development in~~  
25 flood-prone areas shall comply with the standards set out in Section 25.09.100.))

26 \* \* \*

1 J. Development standards for fish and wildlife habitat areas

2 1. ~~(F)~~Riparian corridors. If access is allowed within the Shoreline District over a  
3 watercourse in a riparian corridor under subsection 25.09.200.A.2.a, the Director shall require  
4 mitigation of impacts to ecological function, including the associated hyporheic zone, pursuant to  
5 Section 23.60A.158.

6 2. Priority habitat areas and shoreline setbacks that are designated critical areas in  
7 subsection 25.09.020.D.6 are regulated as set out in Sections 23.60A.160 and 23.60A.167 and  
8 this Chapter 23.60A, the Shoreline Master Program, and not by Chapter 25.09, Environmentally  
9 Critical Areas. Other types of environmentally critical areas, such as geologic hazard areas and  
10 wetlands, that are located within priority habitat areas or within a shoreline setback that is  
11 designated a critical area are regulated by the standards applicable to that type of critical area  
12 under this Section 23.60A.156.

13 \* \* \*

14 N. Vegetation management within environmentally critical areas shall comply with  
15 Section 23.60A.190, and Section 25.09.320 and subsection 25.090.060.L ~~do(es)~~ not apply in  
16 the Shoreline District. In the Shoreline District critical area standards that require compliance  
17 with Section 25.09.320 or subsection 25.090.060.L shall be construed to require compliance with  
18 Section 23.60A.190.

19 \* \* \*

20 Section 10. Section 23.60A.157 of the Seattle Municipal Code, as enacted by Ordinance  
21 124105, is amended as follows:

22 **23.60A.157 Essential ~~(P)~~public ~~(F)~~facilities**

23 A. Uses, accessory uses, temporary uses, and shoreline modifications comprising  
24 essential public facilities defined in Section 23.84A.010 may be located in the Shoreline District  
25 in compliance with this Chapter 23.60A.

1 B. If a proposed essential public facility includes a use or shoreline modification that is  
2 prohibited in the shoreline environment where it is proposed, that use or shoreline modification  
3 is allowed if it is infeasible to locate it outside the Shoreline District. The use or shoreline  
4 modification shall comply with all applicable use and shoreline modification standards and with  
5 the development standards in this Chapter 23.60A, including standards in Section 23.60A.158 for  
6 mitigation sequencing, and shall mitigate all adverse impacts to water-dependent and water-  
7 related uses. If shoreline modification or use is nonwater-oriented, ecological restoration  
8 equivalent to the gross floor area of the new nonwater-oriented use shall be provided pursuant to  
9 Section 23.60A.159(~~within the same geographic area as the project~~).

10 \* \* \*

11 Section 11. A new Section 23.60A.159 is added to the Seattle Municipal Code as follows:

12 **23.60A.159 Standards for ecological restoration location and ecological mitigation location**

13 A. Priority for the location of ecological restoration in relation to the action that is  
14 requiring the ecological restoration shall be in the following order:

- 15 1. Within the same geographic area as the action;
- 16 2. Within the same type of water (i.e. fresh water or marine water);
- 17 3. Within the City of Seattle;
- 18 4. Within the same watershed;
- 19 5. Within a different watershed.

20 B. Priority for the location of ecological mitigation in relation to the action that requires  
21 ecological mitigation for Step E of Mitigation Sequencing pursuant to Section 23.60A.158 shall  
22 be in the following order and the lower priority restoration location shall be allowed only if it  
23 benefits the same population of aquatic species that is negatively impacted and the higher  
24 priority location is infeasible:

- 25 1. At the development site;
- 26 2. Within the same geographic area as the action;

- 1 3. Within the same type of water (i.e. fresh water or marine water as the action);
- 2 4. Within the City of Seattle.
- 3 5. Within the same watershed.

4 Section 12. Section 23.60A.164 of the Seattle Municipal Code, as enacted by Ordinance  
5 124105, is amended as follows:

6 **23.60A.164 Standards for regulated public access**

7 \* \* \*

8 H. All regulated public access points shall be provided through an easement, covenant,  
9 or similar legal agreement recorded with the King County Recorder's Office except for public  
10 access on publicly controlled land.

11 \* \* \*

12 Section 13. Section 23.60A.167 of the Seattle Municipal Code, as enacted by Ordinance  
13 124105, is amended as follows:

14 **23.60A.167 Standards for shoreline setbacks**

15 \* \* \*

16 E. All development, shoreline modifications, and uses allowed in the shoreline setback  
17 shall address the following when applying mitigation sequencing, to the greatest extent  
18 applicable and reasonable for the allowed use:

19 \* \* \*

20 6. When native vegetation is proposed to meet the requirements of subsection  
21 23.60A.158.B.1.e (Step E), prioritize planting this vegetation as close to OHW as possible, and  
22 secondly adjacent to existing vegetation where possible without altering existing structures or  
23 established uses.

24 \* \* \*

25 Section 14. Section 23.60A.172 of the Seattle Municipal Code, as enacted by Ordinance  
26 124105, is amended as follows:

**Part 4 Standards Applicable to Shoreline Modifications**

**23.60A.172 Applicable standards for shoreline modifications**

A. All shoreline modifications are subject to the standards set out in Subchapter III of this Chapter 23.60A.

B. Any proposed shoreline modification located on state-owned aquatic lands must provide evidence of notification to DNR prior to obtaining authorization from the Director.

C. All shoreline modifications are prohibited except as allowed, allowed as a special use, or allowed as a shoreline conditional use in this Section 23.60A.172 and Table A for 23.60A.172. If Table A for 23.60A.172 lists a shoreline modification in association with a specific use or other shoreline modification, that use or shoreline modification must be allowed, allowed as a special use, or allowed as a shoreline conditional use in the shoreline environment for which the shoreline modification is proposed.

\*\*\*

Section 15. Section 23.60A.187 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

**23.60A.187 Standards for piers and floats and overwater structures**

\*\*\*

B. Owners of piers and floats shall require moorage users at residential or non-residential moorage to use best management practices set out in Section 23.60A.155 to minimize impacts on the aquatic environment. The Director may establish appropriate best management practices to implement the requirements of this subsection 23.60A.187.B by Director's Rule. ~~((The best management practices include the following:~~

1. ~~Using on vessels non-toxic cleaners and other products that drain into the water;~~

- ~~2. Limiting the amount of gray water produced by minimizing water use;~~
- ~~3. Disposing of sewage at pump-out stations or through a pump-out service;~~
- ~~4. Disposing of garbage, food scraps, waste material and recyclables into the appropriate on-land receptacles;~~
- ~~5. Storing all outside materials in a secure manner so that they do not enter the water because of wind or wave action;~~
- ~~6. Not using herbicides, pesticides or fertilizers; and~~
- ~~7. Using a double containment system when using products on the vessel to contain any spills in the second receptacle and prevent the products from entering the water.))~~

C. Piers and floats for residential development

\* \* \*

9. Size and number of overwater structures

\* \* \*

d. Over(-)water projections, boat lifts, and areas used for boat moorage shall be located no closer than 30 feet from the OHW mark unless located in an area where the water depth is at least 8 feet deep at the ordinary low water level~~((OHW mark))~~ in freshwater or mean lower low water (MLLW) in marine water~~((or ordinary low water))~~.

e. Length of ((P))piers. Piers shall meet the following standards:

1) No pier shall extend waterward from the OHW mark more than to a point where the depth of the water at the end of the pier reaches 8 feet below the elevation of the ordinary low water level~~((OHW))~~ in freshwater or below MLLW in marine waters and no greater than 100 feet from the OHW mark in either fresh or salt water.

~~((2) If the water depth at 100 feet waterward from the OHW mark is less than 6 feet below the elevation of OHW in freshwater or below MLLW in marine water, then the maximum pier length shall be to a point where the water depth at the end of the pier is 6~~

1 feet below the elevation of OHW in freshwater or MLLW in marine water or 150 feet, whichever  
2 length is least.))

3 ((3))2) No pier shall extend beyond the Outer Harbor or Pierhead  
4 Line, except in Lake Union where piers are not allowed to extend beyond the Construction Limit  
5 Line as shown upon the Official Land Use Map, Chapter 23.32, or except where authorized by  
6 this Chapter 23.60A and by DNR and the U.S. Army Corps of Engineers.

7 \* \* \*

8 Section 16. Section 23.60A.190 of the Seattle Municipal Code, as enacted by Ordinance  
9 124105, is amended as follows:

10 **23.60A.190 Standards for vegetation and impervious surface management**

11 \* \* \*

12 D. Shoreline District landward of the OHW mark. Vegetation and impervious surface  
13 management activities are prohibited within the portion of the Shoreline District that is landward  
14 of the OHW mark, both within and outside the shoreline setback, except as follows or as  
15 otherwise provided in this Section 23.60A.190:

16 \* \* \*

17 4. Permits authorizing development, shoreline modifications and uses may  
18 authorize disturbance areas and land clearing using mitigation sequencing set forth in Section  
19 23.60A.158 and complying with the following standards:

20 a. Any surface disturbed or cleared of vegetation and not to be used for  
21 development shall be planted with native vegetation, except that pre-disturbance landscaped  
22 areas containing non-native vegetation located farther than 100 feet from the OHW (~~outside the~~  
23 ~~shoreline setback~~) may be re-landscaped using non-native, noninvasive vegetation;

24 \* \* \*

25 H. Mitigation for vegetation alteration and increase in impervious surface. If vegetation  
26 is lawfully altered or removed other than as allowed in subsections 23.60A.190.D.1,

1 23.60A.190.E.1, and 23.60A.190.F.1 or if there is an increase in impervious surface that is  
2 required for work authorized pursuant to this Chapter 23.60A, adverse impacts to ecological  
3 functions shall be addressed as follows:

4 \* \* \*

5 3. In applying mitigation sequencing the following actions are required to offset  
6 impacts of vegetation and impervious surface management, unless the applicant demonstrates the  
7 action is inapplicable, infeasible, or a different approach will be more effective in mitigating  
8 impacts.

9 \* \* \*

10 f. Maintenance is required to ensure 80 percent survival of the new  
11 vegetation planted at the end of five years.

12 I. Vegetation monitoring is required for ~~((any))~~ vegetation planted~~((ing))~~ within the  
13 Shoreline District that requires submittal of an application under this Section 23.60A.190 and for  
14 projects that required a shoreline substantial development permit or a building permit. If  
15 vegetation monitoring is required, a monitoring plan shall be submitted to the Department for  
16 approval, and the plan~~((The monitoring plans))~~ shall include:

17 1. Five years of monitoring that ensures ~~((eighty))~~ 80 percent survival of the new  
18 vegetation planted at the end of five years;

19 2. Annual inspections of the plants;

20 3. Replacement of failed plants;

21 4. Removal of exotic invasive species that may have become established; and

22 5. Photographic documentation of planting success.

23 J. Application of pesticides, herbicides and fertilizers in the Shoreline District

24 1. Application of pesticides~~((s))~~ and herbicides is prohibited within the Shoreline  
25 District, ~~((and fertilizers farther than 50 feet from the OHW mark is allowed without submitting~~  
26 an application if best management practices are followed,)) except as provided in subsection

1 ~~((23.60A.190.J.2))~~23.60A.190.J.2. The Director shall adopt a rule identifying best management  
2 practices including identifying pesticides, herbicides, and fertilizers that are prohibited due to  
3 impacts on ecological functions, using appropriate scientific and technical information as  
4 described in WAC 173-26-201(2)(a).

5 2. Application of pesticides and herbicides~~((fertilizers))~~ is prohibited in and over  
6 wetlands, riparian watercourses, and other water bodies and within ~~((50))~~200 feet of wetlands,  
7 riparian watercourses, and other water bodies and waterward of the OHW mark of riparian  
8 watercourses and other water bodies, except as provided in subsection 23.60A.190.C.2.b.4 or as  
9 allowed by the Director for the following circumstances and if the allowed pesticide or herbicide  
10 application is done by a licensed applicator:

11 a. The state or local Health Department recommends or directs their use  
12 to address a threat to public health;

13 b. A county, state, or federal agency with jurisdiction directs their use for  
14 control of a state listed noxious weed or plant pests covered by the Washington State Department  
15 of Agriculture plant pest program, and non-chemical alternatives have been evaluated;

16 c. If the Director determines the applicant has demonstrated that the use  
17 of pesticides will have no adverse impact to fish and wildlife. Such a determination may be in the  
18 form of concurring that the applicant has developed best management practices or an integrated  
19 pest management plan consistent with standards developed by the Director;

20 d. If the Director has determined that use of a pesticide to control invasive  
21 plants would have less overall adverse environmental impact than other control strategies; or

22 e. If the Director determines there is a serious threat to public safety,  
23 health, or the environment.

24 3. Application of synthetic fertilizers is prohibited within the Shoreline District.  
25 Application of organic fertilizers shall follow best management practices for use of fertilizers  
26 within 200 feet of water bodies, including limiting the use of fertilizers, hand mixing the  
27

1 fertilizer with ingredients that do not dissolve quickly, and using composted dry grass clippings,  
2 leaves, and saw dust as fertilizer.

3 Section 17. Section 23.60A.193 of the Seattle Municipal Code, as enacted by Ordinance  
4 124105, is amended as follows:

5 **23.60A.193 Standards for agriculture**

6 A. In shoreline environments where agriculture is allowed or allowed as a special use or  
7 a shoreline conditional use it shall comply with the standards for agriculture in this Section  
8 23.60A.193.

9 B. Agricultural uses proposed on land not currently in agricultural use shall not remove  
10 native vegetation; and

11 C. Agricultural uses shall be sited in areas that result in the least disturbance to  
12 ecological functions.

13 Section 18. Section 23.60A.200 of the Seattle Municipal Code, as enacted by Ordinance  
14 124105, is amended as follows:

15 **23.60A.200 Standards for marinas, commercial and recreational**

16 \* \* \*

17 B. General standards. When new marinas are established or when substantial  
18 development occurs at an existing marina the following development standards apply:

19 1. Marina operators shall develop a best management practices (BMPs) document  
20 for marina tenants. This document shall, at a minimum, address the requirements of Section  
21 23.60A.155 and subsection(s) 23.60A.200.B.(2)3((through B.5 of Section 23.60A.200)).

22 Moorage agreements shall include the BMPs document and a section in the document that states  
23 that by signing the moorage agreement the tenant has read and agrees to comply with the BMPs.

24 2. ~~((Marina owners shall require owners and operators of vessels moored in~~  
25 ~~recreational marinas or commercial marinas shall use BMPs to minimize impacts on the aquatic~~  
26 ~~environment. The BMPs include the following:~~

- 1                   a. ~~Using non-toxic cleaners and other products used on vessels that drain~~  
2 ~~into the water;~~  
3                   b. ~~Limiting the amount of gray water produced by minimizing water use;~~  
4                   c. ~~Disposing of sewage at pump-out stations or through a pump-out~~  
5 ~~service;~~  
6                   d. ~~Disposing of garbage, food scraps, waste material and recyclables into~~  
7 ~~the appropriate on-land receptacles;~~  
8                   e. ~~Storing all outside materials in a secure manner so that they do not~~  
9 ~~enter the water because of wind or wave action;~~  
10                  f. ~~Not using herbicides, pesticides or fertilizers; and~~  
11                  g. ~~Using a double containment system when using products on the vessel~~  
12 ~~to contain any spills in the second receptacle and prevent the products from entering the water.~~

13                  3.--))Marinas shall be operated and managed in a manner to preserve water quality  
14 pursuant to Title 22, subchapter VIII, Stormwater Code, and to protect the public health. The  
15 Director shall adopt a rule establishing model BMPs based on Department of Ecology's  
16 Resource Manual for Pollution Prevention in Marinas May 1998, Revised 2009 Publication  
17 #9811 as a minimum standard.

18                  3((4)). Non-commercial slip-side vessel and floating on-water residence  
19 maintenance is limited to:

20                  a. Interior vessel and floating on-water residence repair and cleaning,  
21 replacement of running gear, and other cleaning and repair activities excluding hull scraping and  
22 painting, which is prohibited.

23                  b. Twenty-five percent of the exterior of the vessel and floating on-water  
24 residence above the deck at any one time; exterior work involving paint, varnish, and other toxic  
25 substances below the deck is prohibited. The Director may establish appropriate BMPs based on  
26  
27

1 Department of Ecology's Resource Manual for Pollution Prevention in Marinas May 1998,  
2 Revised 2009 Publication #9811 in a Director's Rule.

3 ~~4((5)).~~ Marinas shall provide restrooms connected to the sewer system for use by  
4 any patron of the marina facility. At a minimum, the facilities are required to include one toilet  
5 and one washbasin. The Director shall determine the need for ~~((additional facilities to provide~~  
6 ~~reasonable hygiene based on))~~ the number and type of hygiene facilities needed to reasonably  
7 serve the number of slips, percentage of live-aboard and floating on-water residences slips, and  
8 the number of transient moorage slips within the marina.

Formatted: Strikethrough

9 ~~5((6)).~~ Marinas having either more than 3,500 linear feet of moorage or slips  
10 large enough to accommodate vessels and floating on-water residences larger than 20 feet in  
11 length shall provide a sewage pump-out facility or the best available method of disposing of  
12 sewage wastes.

13 ~~6((7)).~~ In Lake Washington and the Puget Sound overwater projections, boat lifts,  
14 and areas used for vessel and floating on-water residence moorage shall be located a minimum  
15 distance of 30 feet waterward from the OHW mark or in a minimum water depth of 8 feet,  
16 whichever is less to the extent reasonable. In Lake Union and Portage Bay overwater projections,  
17 boat lifts, and areas used for vessel and floating on-water residence moorage shall be located a  
18 minimum distance of 15 feet waterward from the OHW mark or in a minimum water depth of 8  
19 feet, whichever is less to the extent reasonable.

20 ~~7((8)).~~ Marinas shall be designed to prevent water stagnation and the need for  
21 dredging by creating two openings at the opposite ends so that water and sediment moves  
22 through the marina to the extent reasonable.

23 ~~8((9)).~~ Piers shall be oriented with currents or prevailing winds to prevent  
24 trapping surface debris and oily residue to the extent reasonable.

25 ~~9((10)).~~ Standards for piers and floats are provided in Section 23.60A.187.

26 \* \* \*

1 D. Additional general development standards for new recreational marinas

2 1. Public access for new recreational marinas is required as follows:

3 \* \* \*

4 e. Public access is required at publicly owned marinas but no

5 ~~((E))easement((s are not))~~ is required for publicly owned marinas.

6 \* \* \*

7 F. Commercial and recreational marinas may provide moorage for vessels used as live-  
8 aboard vessels and floating on-water residences if the marina meets the following standards, in  
9 addition to the general development standards in subsections 23.60A.200.A through  
10 23.60A.200.D:

11 1. The live-aboard ~~((vessel-))~~ is the type of vessel or floating on-water residence  
12 allowed to be moored at the commercial or recreational marina; and

13 2. The marina provides shower facilities connected to a sanitary sewer that are  
14 reasonable ((adequate)) to provide good hygiene for the live-aboard residents and floating on-  
15 water residents based on((to serve)) the number of live-aboard vessels and floating on-water  
16 residences moored at the marina.

Formatted: Strikethrough

17 Section 19. Section 23.60A.202 of the Seattle Municipal Code, as enacted by Ordinance  
18 124105, is amended as follows:

19 **23.60A.202 Standards for ~~((F))floating homes and floating home moorages~~**

20 A. Floating homes allowed and prohibited

21 1. Floating homes are allowed if they meet the standards ~~((either-))~~ in subsections  
22 23.60A.202.A.1.a and 23.60A.202.A.1.b ~~((or in subsection 23.60.202.A.1.e))~~:

23 a. The floating home is:

24 1) Legally established or has a building permit on the effective  
25 date of this ordinance; or

1 c. Floating homes may not relocate to that portion of a floating home  
2 moorage occupying waters owned or controlled by the City or occupying any street or street ends  
3 existing on the effective date of this ordinance, or on property later dedicated to the City for  
4 street purposes, but floating homes that legally protrude into a submerged street right-of-way as  
5 of the effective date of this ordinance may relocate within the floating home moorage portion of  
6 that right-of-way or exchange places with another floating home within the floating home  
7 moorage portion of that right-of-way if:

8 1) The amount of protrusion into the right-of-way is not increased;

9 and

10 2) The new location does not cause an increase in impairment of  
11 public access or navigation.

12 d. Floating home moorages are allowed to be located in Portage Bay in a  
13 submerged street segment lying generally parallel to the shoreline that terminates on the north  
14 and on the south in a submerged street area if the same person owns or leases the property  
15 abutting on both sides.

16 e. Floating home moorages existing as of January 1, 1974, are allowed to  
17 be located partially on private property and partially in submerged portions of Fairview Avenue  
18 East lying generally parallel to the shoreline, if the occupant of the floating home owns or leases  
19 the private portion of the floating home site and has obtained a long-term permit from the City to  
20 occupy the abutting street area.

21 2. New floating home moorages and sites

22 a. A new floating home moorage or a new floating home site at an  
23 existing floating home moorage is allowed in the UR Environment if:

24 1) The floating home moorage or site will be used to  
25 accommodate a floating home moored in a floating home moorage lawfully existing on the  
26 effective date of this ordinance;

1 2) It is located in Lake Union or Portage Bay; and

2 3) It complies with the standards in this Section 23.60A.202.

3 b. A new floating home moorage or a new floating home site at an  
4 existing floating home moorage is allowed in the UC Environment if:

5 1) The floating home moorage or site is necessary to  
6 accommodate a floating home moored in a floating home moorage lawfully existing on the  
7 effective date of this ordinance that is unable to continue to moor in that floating home moorage  
8 for the reasons set out in subsections 7.20.040.E((, F, G)) through 7.20.040.H((of Section  
9 7.20.040)));

10 2) It is located in Lake Union or Portage Bay;

11 3) The floating home moorage ~~((or site))~~ is added to a recreational  
12 marina~~((;))~~ or a commercial marina, or a new floating home site is added to a floating home  
13 moorage existing as of ((December 31, 1987))the effective date of this ordinance;

14 4) If the floating home moorage is to be located within a  
15 recreational marina or commercial marina, the marina has no more than ~~((two))~~ five existing  
16 floating home sites at the marina;

17 5) No more than ~~((two such))~~ five floating home moorages or sites  
18 may be added to any marina or floating home moorage in the UC Environment after April 1,  
19 1987; and

20 6) ~~((H))~~ The new floating home moorage or site complies with the  
21 standards in this Section 23.60A.202((-)), except that there are no parking or minimum floating  
22 home site area requirements, and modifications to the setback and float separation requirements  
23 are allowed throughout the moorage to the minimum extent necessary and consistent with  
24 Residential and Fire Code requirements.

25 c. Total water coverage, including all floating home moorage walkways,  
26 in the new floating home moorage or in the expanded portion of the existing floating home  
27

1 moorage shall not occupy more than 45 percent of the submerged area, including the floating  
2 home.

3 d. Each new floating home site in a new or expanded floating home  
4 moorage shall meet the following standards:

5 1) The area for a floating home site is a minimum of 2,000 square  
6 feet;

7 2) Floating home sites shall have sufficient dimensions to  
8 accommodate a floating home meeting the standards of subsection 23.60A.202.D;

9 3) Floating home sites shall be configured so that a floating home  
10 cannot extend beyond the waterward end of the pier;

11 4) Floating home sites shall not be located within 15 feet of the  
12 OHW mark;

13 5) Floating home sites shall have direct access to a pier of not less  
14 than 5 feet of unobstructed width that is accessible from a street; and

15 6) Floating home sites shall have at least 20 feet of frontage on  
16 water continuously open to navigation.

17 e. A new floating home moorage or site established for a floating home  
18 that is unable to continue mooring in a floating home moorage lawfully existing as of the  
19 effective date of this ordinance for the reasons set out in subsections 7.20.040.E, 7.20.040.F,  
20 7.20.040.G, or 7.20.010.H~~((of Section 7.20.040))~~ “Safe Harbor”, is not required to comply with  
21 parking or minimum floating home site area requirements, and modifications to the setback and  
22 float separation requirements are allowed throughout the moorage, to the minimum extent  
23 necessary to accommodate relocated floating homes, and consistent with Residential and Fire  
24 Code requirements.

25 3. Existing floating home moorages and sites  
26  
27  
28

1 a. Total water coverage of floating home moorages, including all piers,  
2 shall not be increased above 45 percent of the submerged area or the currently existing coverage,  
3 whichever is greater, including the floating home, except as provided in subsection  
4 23.60A.202.B.3.e;

5 b. The area of an existing floating home site shall not be reduced below  
6 2,000 square feet or the currently existing area, whichever is less, except as provided in  
7 subsection 23.60A.202.B.3.e;

8 c. Existing floating home sites shall not be expanded in a manner that will  
9 result in the blockage of the view from the waterward end of a pier; and

10 d. Existing floating home moorages shall not be reconfigured and existing  
11 floating homes shall not be relocated within a floating home moorage site unless the standards of  
12 this Section 23.60A.202 are met, ~~((or the Director determines that the standards cannot be met at~~  
13 ~~the site and the reconfiguration or relocation will result in improved ecological functions))~~ except  
14 as provided in subsection 23.60A.202.B.3.e.

15 e. If a legally established floating home is displaced for any of the reasons  
16 set out in subsection 7.20.040.E, 7.20.040.F, 7.20.040.G, or 7.20.010.H “Safe Harbor”, an  
17 existing floating home moorage and its sites may be reconfigured to accommodate up to five  
18 displaced floating homes as follows:

19 1) New parking is not required;

20 2) The area of reconfigured floating home sites shall not be  
21 reduced below 2,000 square feet or the currently existing area, whichever is less, to the extent  
22 practicable;

23 3) Modifications to the limits on total water coverage are allowed,  
24 to the minimum extent necessary, to accommodate the displaced floating homes;

25 4) All reconfigured floating home sites shall meet the standards  
26 for new floating home sites set forth in subsections 23.60A.202.B.2.d.2 through  
27

1 23.60A.202.B.2.d.6, except that modifications to the setback and float separation requirements  
2 are allowed throughout the moorage, to the minimum extent necessary, and consistent with  
3 Residential and Fire Code requirements; and

4 5) The reconfiguration shall not result in the blockage of the view  
5 from the waterward end of a pier.

6 4. Floating home moorages shall not provide moorage to floating homes that do  
7 not display a registration number issued under subsection 23.60A.202.G.

8 \* \* \*

9 D. Standards for floating homes

10 \* \* \*

11 5. A floating home may be rebuilt, replaced, repaired, or remodeled consistent  
12 with the following standards and subsection 23.60A.202.D.6, if applicable:

13 a. The float area or over((-)water coverage of the floating home is not  
14 increased, including cantilevered portions that extend beyond the edge of the float.

15 b. No portion of any addition to a floating home exceeds:

16 1) 18 feet in height, as measured from the main deck or 3 feet  
17 above the surface of the water, whichever is lower, or

18 2) if current height as measured from the main deck or 3 feet  
19 above the surface of the water, whichever is lower, ((if))is above 18 feet, does not exceed its  
20 current height, but the height cannot exceed 21 feet as measured from the main deck or 3 feet  
21 above the surface of the water, whichever is lower, except to the minimum extent necessary to  
22 satisfy the provisions of the Building Code for open railings, chimneys, and mechanical vents.  
23 Open railings are limited to 36 inches in height.

24 \* \* \*

1 h. Unenclosed Styrofoam or similar material that has the potential to  
2 break apart is prohibited for use in new floats or for repairing or replacing all or parts of existing  
3 floats or for other purposes that would allow the broken pieces to enter the water.

4 \* \* \*

5 E. Owners and tenants of floating homes shall use best management practices pursuant  
6 to Section 23.60A.155.~~((to minimize impacts on the aquatic environment. Best management~~  
7 ~~practices include, but are not limited to, the following:~~

8 1. ~~Disposing of garbage, food scraps, waste material and recyclables into the~~  
9 ~~appropriate on land receptacles;~~

10 2. ~~Securing all outside furniture, barbeque grills, plant containers and other~~  
11 ~~material to ensure these items do not enter the water because of wind or wave action;~~

12 3. ~~Using non-toxic building material in exterior areas;~~

13 4. ~~Using non-toxic cleaning and other household products in outside areas and on~~  
14 ~~exterior structures;~~

15 5. ~~Not using herbicides, pesticides or fertilizers in outside areas or on the exterior~~  
16 ~~of the structure; and~~

17 6. ~~Using a double containment system when using toxic liquid products on decks~~  
18 ~~and other areas exposed to the outside to contain any spills in the second receptacle to prevent~~  
19 ~~these products from entering the water.))~~

20 \* \* \*

21 G. Registration numbers for floating homes((-))

22 1. The owner of each floating home that is allowed under subsection  
23 23.60A.202.A is required to obtain from the Director a registration number within six months of  
24 the effective date of this ordinance and to pay a one-time fee established by the Director to  
25 recover the reasonable costs of the program for issuing registration numbers. The Director shall  
26 determine whether a floating home meets the standard in subsection 23.60A.202.A before  
27

1 issuing a registration number. The owner shall display the registration number on the landward  
2 side of the floating home in numbers at least 3 inches high in a location legible from the pier, or  
3 if public access to the pier is not available then on a side visible from the water.

4 \* \* \*

5 3. If an owner disputes the Director's denial of registration of a floating home,  
6 the owner may appeal the Director's determination to the hearing examiner, in conformance with  
7 the hearing examiner rules, within 30 days of date the Director's determination was mailed. The  
8 appeal shall be conducted de novo, and the City shall have the burden of showing by a  
9 preponderance of the evidence that the decision of the Director was correct. Nothing in this  
10 Section 23.60A.202 precludes the City from enforcing this code under Chapter 23.90 if there is  
11 no timely appeal to the hearing examiner or following a decision of the hearing examiner  
12 upholding the City's denial of floating home registration.

13 \* \* \*

14 H. A determination by the City that a use or structure is legally established or lawfully  
15 existing does not mean that a use or structure is or was in compliance with other state or federal  
16 requirements or that a use or structure on waters managed by the Washington State Department  
17 of Natural Resources is "legally established" or "lawfully existing" with respect to DNR.

18 Section 20. A new Section 23.60A.203 is added to the Seattle Municipal Code as follows:

19 **23.60A.203 Standards for floating on-water residences**

20 A. Uses

21 1. Floating structures that contain dwelling units and vessels that contain  
22 dwelling units shall be regulated as floating homes pursuant to Section 23.60A.202, with the  
23 exception of floating on-water residences that comply with this Section 23.60A.203, house  
24 barges that comply with Section 23.60A.204, residences allowed under Section 23.60A.206, and  
25 vessels that comply with Section 23.60A.214.

1 ~~2. Locating other uses on floating on water residences authorized pursuant to this~~  
2 ~~Section 23.60A.203 is prohibited.~~

3 B. For purposes of this Chapter 23.60A, a floating on-water residence is allowed only if  
4 it:

5 1. Was legally established as a floating on-water residence prior to July 1, 2014;  
6 to be legally established it must have been used as a dwelling unit within the City prior to July 1,  
7 2014.

8 2. Was moored pursuant to a lease or ownership interest at a marina, as defined  
9 by Section 23.60A.926, within the City prior to July 1, 2014.

10 C. Maintenance and repair, remodeling, relocation, expansion, rebuilding, and  
11 replacement

12 1. Floating on-water residences legally established pursuant to subsection  
13 23.60A.203.D are regulated as a conforming use, and relocation, repair and maintenance,  
14 remodeling, expansion, and replacement are allowed subject to the following standards:

15 a. Normal maintenance and repair, as defined in subsection  
16 23.60A.020.C.1, is allowed, and replacement is not considered the common method of repair for  
17 this type of structure.

18 b. Remodeling is limited to the interior and to changing the siding or  
19 architectural features on the exterior of the existing structure, except that exterior open railings  
20 may be added as part of a remodel as allowed in subsection 23.60A.203.C.1.c.

21 c. Open railings may be added ~~around~~ to existing exterior spaces and  
22 stairs to access these spaces, but if the top of the railing exceeds the height limits in subsection  
23 23.60A.203.C.1.e, the maximum height of the railing is 36 inches.

24 d. Relocation is allowed, and owners should update the floating on-water  
25 residence verification within 60 days. Failure to update relocation is a violation of this Chapter

1 23.60A that is subject to the enforcement process in Chapter 23.90 but does not forfeit the  
2 owner's right to maintain a floating on-water residence.

3 e. Expansion is allowed provided that:

4 1) The height of the structure including any addition shall not  
5 exceed 18 feet if the current height of a floating on-water residence is 18 feet or lower, measured  
6 from the main deck or 3 feet above the surface of the water, whichever is lower;

7 2) The height of the structure including any addition shall not  
8 exceed the current height if the current height of a floating on-water residence is more than 18  
9 feet but less than 21 feet, measured from the main deck or 3 feet above the surface of the water,  
10 whichever is lower;

11 3) The height of the structure including any addition shall not  
12 exceed 21 feet if the current height of a floating on-water residence is 21 feet or more, measured  
13 from the main deck or 3 feet above the surface of the water, whichever is lower; and

14 4) No expansion of overwater coverage is allowed, except a single  
15 expansion at or below the surface of the water may occur as follows:

16 a) The applicant provides documentation demonstrating  
17 that the expansion is the minimum necessary to provide stability as certified by a naval architect  
18 to correct stability problems for the structural size and configuration that existed before July 1,  
19 2014, and the area of such expansion shall not be used for any purpose other than to provide  
20 stability; and

21 b) If an expansion is allowed under subsection  
22 23.60A.203.C.1.e.4.a, no other expansion is allowed below, at, or above the waterline for any  
23 purpose.

24 5) If the total expansion over the life of the structure exceeds 120  
25 square feet, gray-water containment or a waste-water hookup that disposes the gray water to the  
26 City's waste-water disposal system is required.

1 f. Replacement to the same size and configuration as established in the  
2 verification issued pursuant to subsection 23.60A.203.D, as it may be updated, is allowed, and a  
3 verified structure is not considered nonconforming even though it may exceed the height limits  
4 for additions in subsection 23.60A.203.C.1.e.

5 g. Replacement with expansion shall comply with the standards in  
6 subsection 23.60A.203.C.1.e, including the requirement that expansions greater than 120 square  
7 feet shall provide gray-water containment or a waste-water hookup that disposes the gray water  
8 to the City's waste-water disposal system.

9 2. When an owner of a floating on-water residence intends to expand, rebuild, or  
10 replace the structure, prior to beginning any work:

11 a. The owner/applicant shall have or obtain the verification required in  
12 23.60A.203.D;

13 b. The owner/applicant shall present information to the Director  
14 demonstrating that the floating on-water residence will comply with subsections  
15 23.60A.203.C.1.e, 23.60A.203.C.1.f, and 23.60A.203.C.1.g, as applicable;

16 c. The owner/applicant shall demonstrate any expansion will not create  
17 future stability problems for the floating on-water residence; and

18 d. The owner/applicant shall update the verification records under  
19 subsection 23.60A.203.D based on changes made to the floating on-water residence.

20 D. Verification of a floating on-water residence

21 1. Each floating on-water residence shall be verified by the Director, and the  
22 owner shall pay a one-time fee to receive a verification number ~~plate~~. The fee shall be  
23 established by the Director to recover the reasonable costs of the program for issuing a  
24 verification number ~~plates~~. Owners of a floating on-water residence allowed pursuant to  
25 subsection 23.60A.203.B may apply to the Director for verification or may wait until the  
26  
27  
28

1 Director asks for verification information. If a floating on-water residence is not verified, the  
2 Director may require the owner to submit verification information and pay the required fee.

3 2. Verification shall constitute legal establishment of a floating on-water  
4 residence pursuant to the requirements of subsection 23.60A.203.B and the definition of floating  
5 on-water residence in Section 23.60A.912.

6 3. A house barge authorized under Section 23.60A.204 may submit verification  
7 and be regulated as a floating on-water residence rather than a house barge.

8 4. If an owner disputes the Director's denial of verification as a floating on-water  
9 residence, the owner may appeal the Director's determination to the hearing examiner, in  
10 conformance with the hearing examiner rules, within 30 days of date the Director's  
11 determination was mailed. The appeal shall be conducted de novo, and the City shall have the  
12 burden of showing by a preponderance of the evidence that the decision of the Director was  
13 correct. Nothing in this Section 23.60A.203 precludes the City from enforcing this code under  
14 Chapter 23.90 if there is no timely appeal to the hearing examiner or following a decision of the  
15 hearing examiner upholding the City's denial of floating on-water residence verification.

16 5. The owner shall display the verification number ~~plate~~ issued by the DPD on  
17 the pier and landward side of the floating on-water residence in numbers at least 3 inches high in  
18 a location legible from the pier, or on the side most commonly used for access from the pier, or if  
19 public access to the pier is not available then on a side visible from the water.

20 6. Failure to verify a floating on-water residence or to correctly display a  
21 verification number ~~plate~~ is a violation of this Chapter 23.60A that is subject to the enforcement  
22 process in Chapter 23.90 and does not forfeit the owner's right to maintain a floating on-water  
23 residence.

24 7. Verification is transferable between owners but is not transferable to another  
25 floating on-water residence, except for a replaced floating on-water residence as provided in  
26 subsections 23.60A.203.C.1.f and 23.60A.203.C.1.g.

1 E. Owners and tenants of floating on-water residences shall use best management  
2 practices pursuant to Section 23.60A.155 to minimize impacts on the aquatic environment

3 Section 21. Section 23.60A.204 of the Seattle Municipal Code, as enacted by Ordinance  
4 124105, is amended as follows:

5 **23.60A.204 Floating structures and ~~((S))~~ standards for house barges**

6 A. Floating structures

7 1. Floating structures, including vessels that do not have a means of self-  
8 propulsion and steering equipment and that are designed or used as a place of residence, with the  
9 exception of house barges ~~((moored within The City of Seattle in June 1990 and licensed by The  
10 City of Seattle))~~ authorized under subsection 23.60A.204.B and floating on-water residences  
11 authorized under Section 23.60A.203, shall be regulated as floating homes pursuant to this  
12 Chapter 23.60A.

13 ~~((2. Locating other ((nonwater dependent )) uses over water on house barges  
14 authorized under subsection 23.60A.204.B((on floating structures, including vessels that do not  
15 have a means of self propulsion or steering equipment.)) is prohibited(( unless specifically  
16 permitted on house barges or historic ships by other sections of this Chapter 23.60A)).~~

Formatted: Strikethrough

Formatted: Strikethrough

Formatted: Strikethrough

17 B. For purposes of this Chapter 23.60A, house barges are only ~~((permitted))~~ allowed  
18 under the following conditions:

19 1. ~~The ((H))~~ house barge ~~((permits))~~ was moored at a recreational marina in the  
20 City before July 1990.

21 2. ~~((— a.))~~ A permit for the house barge ~~((, which is transferable between owners  
22 but not transferable to another house barge, has been))~~ was secured from the ~~((Department of  
23 Planning and Development))~~ DPD verifying that the house barge existed and was used for  
24 residential purposes within the City before July 1990 ~~((in June 1990))~~ and has been continuously  
25 used since that time ~~((thereafter as provided in subsection 23.60A.204.C.2)).~~

1                    ~~((b. House barges not within the City and moored at a recreational marina~~  
2 ~~before July 1990 are prohibited.~~

3                    ~~2. The house barge permit applicant must demonstrate compliance with state~~  
4 ~~water quality standards for discharge by toilet as a condition of initial permit issuance.))~~

5                    3. Verification

6                    a. Each house barge must be verified by the Director, and owners shall  
7 pay a one-time fee to receive a verification number ~~plate~~. The fee shall be established by the  
8 Director to recover the reasonable costs of the program for issuing a verification number ~~plates~~.  
9 Owners of house barges authorized by this Section 23.60A.204 may apply to the Director for  
10 verification or may wait until the Director asks for verification information. If a house barge is  
11 not verified pursuant to this subsection 23.60A.204.C, the Director may require the owner to  
12 submit verification information and pay the required fee.

13                    b. If an owner disputes the Director's denial of verification as a house  
14 barge under this Section 23.60A.204, the owner may appeal the Director's determination to the  
15 hearing examiner, in conformance with the hearing examiner rules, within 30 days of date the  
16 Director's determination was mailed. The appeal shall be conducted de novo, and the City shall  
17 have the burden of showing by a preponderance of the evidence that the decision of the Director  
18 was correct. Nothing in this Section 23.60A.204 precludes the City from enforcing this code  
19 under Chapter 23.90 if there is no timely appeal to the hearing examiner or following a decision  
20 of the hearing examiner upholding the City's denial of house barge verification.

21                    c. The owner of a house barge that complies with the requirements of  
22 subsections 23.60A.204.B.1 and 23.60A.204.B.2 may choose to have the house barge verified  
23 and regulated as a floating on-water residence under Section 23.60A.203 instead of under this  
24 Section 23.60A.204.

25                    d. The owner shall display the verification number ~~plate~~ issued by the  
26 DPD on the pier and landward side of the vessel, ~~in numbers at least 3 inches high in a location~~

1 legible from the pier, or on the side most commonly used for access from the pier, or if public  
2 access to the pier is not available then on a side visible from the water.

3 e. Failure to verify an authorized house barge or correctly display a  
4 verification number ~~plate~~ is a violation of this Chapter 23.60A that is subject to the enforcement  
5 process in Chapter 23.90 and does not forfeit the owner's right to maintain an authorized house  
6 barge.

7 4. A house barge verification number is transferable between owners but is not  
8 transferable to another house barge, except to a house barge that has been replaced as provided in  
9 subsection 23.60A.204.C.

10 ~~((3. Permits~~

11 ~~a. The initial permit is effective for three years. At the expiration of three~~  
12 ~~years, the permit may be renewed at the request of the owner, provided it is demonstrated,~~  
13 ~~consistent with state water quality standards, that all overboard discharges have been sealed and~~  
14 ~~that satisfactory means of conveying wastewater to an approved disposal facility has been~~  
15 ~~provided.~~

16 ~~b. The Director, after consultation with Ecology (Northwest Regional~~  
17 ~~Office) water quality staff, may grant an exception to the requirement in subsection~~  
18 ~~23.60A.204.3.a based upon approval of a detailed plan that considers all feasible measures to~~  
19 ~~control and minimize overboard discharge of wastewater. In such cases, the Director at the time~~  
20 ~~of permit renewal, shall implement the plan by attaching conditions to the permit that limit~~  
21 ~~overboard discharge of wastewater or the adverse environmental consequences thereof to the~~  
22 ~~maximum extent practicable. Permit conditions may require implementation of best management~~  
23 ~~practices for minimizing wastewater discharges, or the use of alternative treatment and disposal~~  
24 ~~methods.~~

25 ~~e. Compliance with conditions~~

1                                   1) ~~Within 120 days of the effective date of this ordinance holders~~  
2 ~~of initial permits issued under subsection 23.60A.204.B.1.a shall demonstrate to the Director that~~  
3 ~~a renewal permit has been issued under either subsection 23.60A.204.B.3.a or b or shall apply to~~  
4 ~~the Department for a renewal permit under those subsections.~~

5                                   2) ~~The absence of a record of a permit renewal in the~~  
6 ~~Department's permit archives is prima facie evidence that a renewal permit was not issued.~~

7                                   3) ~~In determining the feasibility of measures to control and~~  
8 ~~minimize overboard discharge of wastewater under subsection 23.60A.204.B.3.b, the Director~~  
9 ~~shall consider the factors set out in conditions 1 and 2 of the definition of "feasible" in Section~~  
10 ~~23.60A.912 and in addition shall consider the value of the house barge, the cost of implementing~~  
11 ~~measures to control and minimize overboard discharge of wastewater, and the value of the house~~  
12 ~~barge with wastewater controls.~~

13                                  4) ~~The permit establishing the house barge use shall be rescinded,~~  
14 ~~and the house barge shall be prohibited from relocating in Seattle waters if:~~

15                                   a) ~~The permit holder does not timely comply with~~  
16 ~~subsection 23.60A.204.B.3.c.1; or~~

17                                   b) ~~The Department determines that a house barge is not in~~  
18 ~~compliance with subsection 23.60A.204.B.2 or the conditions of a renewal permit issued under~~  
19 ~~subsection 23.60A.204.B.3.a or b and the deficiency is not cured within 30 days.~~

20                                  5) ~~Permit holders shall pay a fee to the Department~~  
21 ~~commensurate with the cost to the Department of reviewing the submissions to comply with this~~  
22 ~~subsection 23.60A.204.B.3.e.~~

23                                  d. ~~In addition to any requirements or permit conditions under subsections~~  
24 ~~23.60A.204.B.2 and 23.60A.204.B.3, owners and tenants of house barges shall use best~~  
25 ~~management practices to minimize impacts on the aquatic environment. The best management~~  
26 ~~practices include, but are not limited to, the following:~~

- 1 ~~1) Eliminating wastewater and sewage discharge by sealing~~
- 2 ~~overboard discharge and conveying them to an approved disposal facility using a pump out~~
- 3 ~~station or a pump out service;~~
- 4 ~~2) Disposing of garbage, food scraps, waste material and~~
- 5 ~~recyclables into the appropriate on land receptacles;~~
- 6 ~~3) Securing all outside furniture, barbeque grills, plant containers~~
- 7 ~~and other material to ensure that they do not enter the water because of wind or wave action;~~
- 8 ~~4) Using non toxic building material in exterior area;~~
- 9 ~~5) Using non toxic cleaning and other household products in~~
- 10 ~~outside areas and on exterior structures;~~
- 11 ~~6) Not using herbicides, pesticides or fertilizers in outside areas or~~
- 12 ~~on the exterior of the structure; and~~
- 13 ~~7) Using a double containment system when using liquid products~~
- 14 ~~outside to contain any spills in the second receptacle to prevent these products from entering the~~
- 15 ~~water.~~

16 ~~e. The Director may establish appropriate best management practices to~~  
17 ~~implement the requirements of subsection 23.60A.204.B by Director's Rule.)~~

18 ((4))5. House barges must be moored at a recreational marina, as defined by  
19 Section 23.60A.926.

20 C. Maintenance and repair, remodeling, relocation, expansion, rebuilding, and  
21 replacement

22 1. House barges authorized under subsection 23.60A.204.B are regulated as a  
23 conforming use, and maintenance, repair, remodeling, relocation, expansion, rebuilding, and  
24 replacement are allowed subject to the following standards:

1                    a. Normal maintenance and repair, as defined in subsection  
2 23.60A.020.C.1, is allowed, and replacement is not considered the common method of repair for  
3 this type of structure.

4                    b. Remodeling is limited to the interior and to changing the siding or  
5 architectural features on the exterior of the existing house barge, but no portion of the house  
6 barge is expanded, except that exterior open railings may be added as part of a remodel as  
7 allowed in subsection 23.60A.204.C.1.c.

8                    c. Open railings may be added ~~around to~~ existing exterior spaces and  
9 stairs to access these spaces, but if the top of the railing exceeds the height limits in subsection  
10 23.60A.204.C.1.e, the maximum height of the railing is 36 inches.

11                    d. Relocation is allowed, and owners should update the floating on-water  
12 residence verification within 60 days. ~~Failure to update relocation is a violation of this Chapter~~  
13 23.60A that is subject to the enforcement process in Chapter 23.90 but does not forfeit the  
14 owner's right to maintain a floating on-water residence.

15                    e. Expansion is allowed provided that:

16                    1) The height of the structure including any addition shall not  
17 exceed 18 feet if the current height of a house barge is 18 feet or lower, measured from the main  
18 deck or 3 feet above the surface of the water, whichever is lower;

19                    2) The height of the structure including any addition shall not  
20 exceed the current height if the current height of the house barge is more than 18 feet but less  
21 than 21 feet, measured from the main deck or 3 feet above the surface of the water, whichever is  
22 lower;

23                    3) The height of the structure including any addition shall not  
24 exceed 21 feet if the current height of a house barge is 21 feet or more, measured from the main  
25 deck or 3 feet above the surface of the water, whichever is lower; and

1                                   4) No expansion of overwater coverage is allowed, except a single  
2 expansion at or below the surface of the water may occur as follows:

3                                   a) The applicant provides documentation demonstrating  
4 that the expansion is the minimum necessary to provide stability as certified by a naval architect  
5 to correct stability problems for the structural size and configuration that existed before July  
6 1990, and the area of such expansion shall not be used for any purpose other than to provide  
7 stability; and

8                                   b) If an expansion is allowed under subsection  
9 23.60A.204.C.1.e.4.a, no other expansion is allowed below, at, or above the waterline for any  
10 purpose.

11                                   5) If the total expansion over the life of the structure exceeds 120  
12 square feet, gray water containment or a waste-water hookup that disposes the gray water to the  
13 City's waste-water disposal system is required.

14                                   f. Replacement to the same size and configuration as established in the  
15 verification issued pursuant to subsection 23.60A.204.B, as it may be updated, is allowed and a  
16 verified house barge structure is not considered nonconforming even though it may exceed the  
17 height limits for additions in subsection 23.60A.204.C.1.e.

18                                   g. Replacement with expansion shall comply with the standards in  
19 23.60A.204.C.1.e, including the requirement that expansions greater than 120 square feet shall  
20 provide gray water containment or a waste-water hookup that disposes the gray water to the  
21 City's waste-water disposal system.

22                                   2. When an owner of a house barge intends to expand, rebuild, or replace the  
23 house barge, prior to beginning any work:

24                                   a. The owner/applicant shall have or obtain the verification required in  
25 23.60A.204.B.3;

1                   **b. The owner/applicant shall present information to the Director**  
2 **demonstrating that the house barge will comply with subsection 23.60A.204.C.1.e,**  
3 **23.60A.204.C.1.f, and 23.60A.204.C.1.g, as applicable;**

4                   **c. The owner/applicant shall demonstrate any expansion will not create**  
5 **future stability problems for the house barge; and**

6                   **d. The owner/applicant shall update the verification records under**  
7 **subsection 23.60A.204.B.3 based on changes made to the house barge.**

8                   ~~((C. Nonconforming uses, relocation, expansion and rescission.~~

9                   ~~1. House barges permitted under this Section 23.60A.204 shall be regulated as a~~  
10 ~~nonconforming use and shall be subject to the standards of Section 23.60A.122, except that:~~

11                   ~~a. relocation of an established house barge to a different moorage within~~  
12 ~~Seattle shall be permitted; and~~

13                   ~~b. House barges cannot expand or extend beyond existing external~~  
14 ~~dimensions above or below water, notwithstanding the provisions of Section 23.60A.122.~~

15                   ~~2. When a house barge is removed from Seattle waters for more than six months,~~  
16 ~~the permit establishing its use shall be rescinded and the house barge shall be prohibited from~~  
17 ~~relocating in Seattle waters.))~~

18                   **D. Owners and tenants of house barges shall use best management practices pursuant to**  
19 **Section 23.60A.155 to minimize impacts on the aquatic environment.**

20                   Section 22. Section 23.60A.206 of the Seattle Municipal Code, as enacted by Ordinance  
21 124105, is amended as follows:

22 **23.60A.206 Standards for residences other than floating homes, floating on-water**  
23 **residences, house barges, and vessels ((used as))containing dwelling units**

24                   A. Floating homes, floating on-water residences, house barges, and vessels ~~((used~~  
25 ~~as))containing~~ dwelling units that comply with the standards of Sections 23.60A.202,

1 ~~23.60A.203~~, 23.60A.204, and 23.60A.214, respectively, are not subject to the standards of this  
2 Section 23.60A.206.

3 \* \* \*

4 Section 23. Section 23.60A.214 of the Seattle Municipal Code, as enacted by Ordinance  
5 124105, is amended as follows:

6 **23.60A.214 Standards for ~~((using-))~~vessels ~~((as))~~containing dwelling units**

7 A. Structures ~~((designed primarily as))~~containing dwelling units shall comply with the  
8 standards in subsection 23.60A.206.B, or Sections 23.60A.202, ~~23.60A.203~~, and 23.60A.204,  
9 and otherwise are prohibited over water.

10 B. As of the effective date of this ordinance, in addition to the structures allowed in  
11 subsection 23.60A.214.A, a vessel that meets the definition for vessel in Section 23.60A.942  
12 may contain ~~((be used as))~~ a dwelling unit if the vessel meets ~~((according to))~~ the following  
13 standards and is prohibited otherwise, except as allowed in subsection 23.60A.214.D:

14 1. Design. A vessel may be custom made or manufactured, and may be mono-  
15 hulled or multiple-hulled, and shall:

16 a. Be designed ~~((primarily))~~ as a conventional recreational vessel  
17 exclusively of the types ~~((as))~~ set out in this subsection 23.60A.214.B.1.a.1 through  
18 23.60A.214.B.1.a.7 as follows:

19 1) A sail boat, such as those manufactured by Catalina, Pacific  
20 Seacraft, Hunter, or Hinckley; ~~((-))~~

21 2) A cabin cruiser, such as those manufactured by Bayliner or  
22 Chris-Craft;

23 3) A trawler yacht, such as those manufactured by Grand Banks,  
24 Nordic, or Choy Lee;

25 4) A tug, such as those manufactured by Nordic Tug or Ranger  
26 Tugs;

1 5) A motor yacht cruiser, such as those manufactured by Bayliner,  
2 Sea Ray, and Carver;

3 6) A multi-hulled power boat, such as those manufactured by  
4 World Cat; and

5 7) A sport fishing boat, such as those manufactured by Glacier  
6 Bay, Grady White, and Boston Whaler; ~~(and~~

7 8) ~~Not including shanty boats and houseboats, such as those~~  
8 ~~manufactured by Destiny Yachts, Harbormaster, Adventure Craft, Harbormaster, Fantasy or~~  
9 ~~Gibson, Atkin and Company and East Coast Houseboats;))~~or

10 b. Be designed ~~((primarily))~~ and used as a commercial vessel and ~~((is))~~ be  
11 a United States Coast Guard certified working tugboat; ~~((or))~~

12 c. Be designed as a fishing vessel and have current fishing license issued  
13 by a federal or state commercial fishing regulatory agency; or

14 d. Be a registered military vessel used as a dwelling unit for the crew of a  
15 military vessel being repaired at the same location, if the military requires the crew to remain  
16 with the vessel.

17 2. The vessel is safely operable and operates under self-propulsion integrated into  
18 the hull and ~~((steerage))~~ steering that is sufficient to reasonably move the vessel.

19 3. The vessel is moored at a recreational or commercial marina that complies  
20 with the standards set out in Section 23.60A.200.

21 C. Determination and appeal ~~((Standards))~~ for conventional recreational vessels ~~((used~~  
22 ~~as))~~ containing dwelling units ~~((:))~~

23 1. In considering whether a vessel meets the design standards in subsection  
24 23.60A.214.B.1.a, the following configuration and features shall be considered:

25 a. ~~((+))~~ Hull shape: clearly defined bow, hull shaped to reduce resistance;

26 b. ~~((=))~~ Deck gear: cleats, chocks, anchors, scuppers, and bulwarks;

1                    ~~c.((3-))~~ Propulsion ~~((&))~~and steering system: inboard engine ~~((&))~~and  
2 transmission with propeller ~~((&))~~and rudder or inboard/outboard drive system; ~~and((-))~~

3                    ~~d.((4-))~~ Helm station: layout of control ~~((&))~~and monitoring systems, ~~and~~  
4 visibility for safe navigation.

5                    2. If the Director determines a vessel containing a dwelling unit does not qualify  
6 as a conventional recreational vessel under subsections 23.60A.214.B.1.a, 23.60A.214.B.2 and  
7 23.60A.214.B.3 and an owner disputes the Director's determination, the owner may appeal the  
8 Director's determination to the hearing examiner, in conformance with the hearing examiner  
9 rules, within 30 days of the date the Director's determination was mailed. The appeal shall be  
10 conducted de novo, and the City shall have the burden of showing by a preponderance of the  
11 evidence that the decision of the Director was correct. Nothing in this Section 23.60A.214  
12 precludes the City from enforcing this code under Chapter 23.90 if there is no timely appeal to  
13 the hearing examiner or following a decision of the hearing examiner upholding the City's  
14 determination regarding whether a vessel qualifies as a conventional recreational vessel.

15                    D. Other vessels ~~containing((used as))~~ dwelling units

16                    1. A vessel containing a dwelling unit that does not meet the standards of  
17 subsection 23.60A.214.B is allowed if it:

18                    a. Complies with the definition of vessel in Section 23.60A.942; and

19                    b. Was lawfully moored in the City and used as a dwelling unit prior to  
20 the effective date of this ordinance.

21                    ~~((If a vessel was moored in the City and used as a dwelling unit prior to the~~  
22 ~~effective date of this ordinance, it may continue to be used as a dwelling unit if it is moored at a~~  
23 ~~lawful location and complies with subsection 23.60A.214.D.2.~~

24                    ~~2. To be a vessel it shall be designed and used for navigation and not interfere~~  
25 ~~with the normal public use of the water.)~~

1                    2((3)). A ((dwelling unit on a))vessel, including the dwelling unit portion of the  
2 vessel, that meets the standards of subsection 23.60A.214.D.1 but that does not meet the  
3 standards of subsection 23.60A.214.((C is a nonconforming use.))B may be:

4                    a. Maintained and repaired within the vessel overwater coverage existing  
5 as the date of this ordinance.

6                    b. Remodeled and structurally altered within the vessel's existing  
7 envelope, including height, width, depth, and overwater coverage, as of the date of this  
8 ordinance, except new open railings up to 36 inches in height around existing spaces and stairs to  
9 access these spaces are allowed, if the vessel as remodeled or structurally altered will comply  
10 with the definition of vessel in Section 23.60A.942.

11                    c. Relocated to a different moorage within Seattle if the new moorage is  
12 in compliance with the marina standards in Section 23.60A.200 and the verification required  
13 under subsection 23.60A.214.D.4 to legally establish the vessel is updated with its new marina  
14 location.

15                    d. Replaced with a vessel that complies with subsection 23.60A.214.B.

16                    e. Rebuilt if destroyed by fire, act of nature, or other causes beyond the  
17 control of the owner, excluding normal deterioration of vessels constructed in or over the water,  
18 and if:

19                    1) Action toward replacement is commenced within 12 months  
20 after destruction;

21                    2) The vessel or portion of the vessel is rebuilt to the same or  
22 smaller configuration existing immediately prior to the destruction; and

23                    3) The vessel as rebuilt will comply with the definition of vessel  
24 in Section 23.60A.942.

25                    3. When an owner of a vessel verified according to subsection 23.60A.214.D.4  
26 containing a dwelling unit intends to remodel, structurally alter, or rebuild the vessel, prior to  
27

1 beginning any work the owner shall present information to the Director demonstrating that the  
2 vessel as remodeled, structurally altered, or rebuilt will comply with subsections  
3 23.60A.214.D.2.a through 23.60A.214.D.2.e, as applicable, and the verification records for the  
4 vessel shall be updated as part of this process.

5 4. Verification to legally establish a vessel containing a dwelling unit

6 a. The owner of each vessel allowed under subsection 23.60A.214.D.1  
7 that does not qualify for verification under Section 23.60A.203 is required to apply to the  
8 Director for a verification number legally establishing the use within six months of the effective  
9 date of this ordinance and pay the hourly rate for land use review established by subsection  
10 22.900B.010.B for the DPD review time spent to establish the use.

11 b. If the Director denies verification as a vessel containing a dwelling unit  
12 under this subsection 23.60A.214.D and an owner disputes the Director's denial of verification,  
13 the owner may appeal the Director's determination to the hearing examiner, in conformance with  
14 the hearing examiner rules, within 30 days of the date the Director's determination was mailed.  
15 The appeal shall be conducted de novo, and the City shall have the burden of showing by a  
16 preponderance of the evidence that the decision of the Director was correct. Nothing in this  
17 Section 23.60A.214 precludes the City from enforcing this code under Chapter 23.90 if there is  
18 no timely appeal to the hearing examiner or following a decision of the hearing examiner  
19 upholding the City's denial of verification under this subsection 23.60A.214.D.

20 c. The owner shall display the verification number plate issued by the  
21 DPD on the pier and landward side of the vessel, or on the side most commonly used for access  
22 from the pier, or if public access to the pier is not available then on a side visible from the water.

23 d. Failure to apply within six months for verification legally establishing  
24 the use as a vessel containing a dwelling unit or correctly display a verification number is a  
25 violation of this Chapter 23.60A that is subject to the enforcement process in Chapter 23.90 but  
26 does not forfeit the owner's right to maintain a vessel containing a dwelling unit.

Section 26. Section 23.60A.224 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

**Part 1 Uses**

**23.60A.224 Uses in the CM Environment**

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.224, and Table A for 23.60A.224. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.224.

2. If Table A for 23.60A.224 or the text of Section 23.60A.224 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

B. Eating and drinking establishments and general sales and services are prohibited, except as provided in this subsection 23.60A.224.B and subsection 23.60A.224.C. Eating and drinking establishments and general retail sales and services, limited to health and fitness sales

1 and services, and retail sales that are consistent with and complementary to allowed recreation  
2 activities or directly support the general public's use of park, park amenities, or shoreline  
3 recreation are allowed as a shoreline conditional use if located:

4 1. In a public park, and if the use is not water-oriented, ecological restoration  
5 equivalent to the gross floor area of any new nonwater-oriented use is provided pursuant to  
6 Section 23.60A.159; or

7 2. On an historic ship if:

8 \* \* \*

9 f. Ecological restoration equivalent to the gross floor area of any new  
10 nonwater-oriented use is provided pursuant to Section 23.60A.159~~((within the same geographic~~  
11 ~~area as the proposed project))~~; or

12 \* \* \*

13 C. Certain commercial uses

14 \* \* \*

15 2. The uses in subsection 23.60A.224.C.1 are allowed in existing buildings  
16 within designated historic districts if:

17 a. The use is water-oriented; or

18 b. The use is nonwater-oriented, a water-dependent use occupying a  
19 minimum of 25 percent of the gross floor area of the building in the Shoreline District is  
20 operated on the site and ecological restoration equivalent to the area occupied by any nonwater-  
21 oriented use is provided in the Shoreline District pursuant to Section 23.60A.159~~((within the~~  
22 ~~same geographic area of the site))~~.

23 D. Meeting rooms, offices and storage are prohibited, except these uses are allowed in  
24 existing buildings within designated historic districts if:

25 1. Located on the second floor; access may be provided on the ground floor; and

1                   2. A water-dependent use occupying a minimum of 25 percent of the gross floor  
2 area of the building in the Shoreline District is operated on the site, and ecological restoration  
3 equivalent to the gross floor area of any nonwater-oriented use is provided within the Shoreline  
4 District pursuant to Section 23.60A.159((within the same geographic areas of the site)).

5                   E. Sale or rental of boats, boat parts and accessories, and dry boat storage

6                   1. Sale or rental of small boats, boat parts and accessories, sale and rental of large  
7 boats, and dry boat storage are allowed if:

8                   a. They are in an existing building within designated historic districts;

9                   b. Shoreline restoration that removes impervious surface and that plants  
10 native vegetation in an area equivalent to the area occupied by any outdoor storage and any  
11 increase in impervious surface is provided pursuant to Section 23.60A.159((within the same  
12 geographic area as the proposed project)); and

13                   c. Outdoor storage of boats is located to minimize interference with the  
14 public's use of the shoreline.

15                   \* \* \*

16                   K. Sewage treatment plants

17                   1. New sewage treatment plants are prohibited.

18                   2. Existing sewage treatment plants are allowed subject to the following  
19 standards:

20                   a. Expansion of an existing sewage treatment plant that does not add  
21 capacity or a new treatment level is allowed as a special use.

22                   b. Expansion of an existing sewage treatment plant that adds capacity or a  
23 new treatment level is allowed as a Council conditional use if:

24                   1) A determination has been made that an alternative design is  
25 infeasible, ~~(and)~~ that no feasible alternative location for expanding the sewage treatment plant

1 outside the shoreline exists as determined under Section 23.60A.066, and Plan Shoreline Permit  
2 is obtained((an alternative location for expanding the sewage treatment plant is infeasible));

3 \* \* \*

4 Section 27. Section 23.60A.240 of the Seattle Municipal Code, as enacted by Ordinance  
5 124105, is amended as follows:

6 **Part 1 Uses**

7 **23.60A.240 Uses in the CN Environment**

8 A. Use regulations

9 1. All uses are allowed, allowed as a special use, allowed as a shoreline  
10 conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.240, and  
11 Table A for 23.60A.240. Use categories and subcategories cover all uses in that category and  
12 subcategory except when a subcategory of that use is specifically shown in Table A for  
13 23.60A.240.

14 2. If Table A for 23.60A.240 or the text of Section 23.60A.240 states that a use is  
15 required to be water-dependent or water-related, a use that does not have the required attribute is  
16 prohibited.

17 3. Regulations for specific shoreline modifications are set out in Sections  
18 23.60A.172 through 23.60A.190.

**B. Certain commercial uses**

1. The following uses are allowed if they meet the conditions of subsections 23.60A.282.B.2 or 23.60A.282.B.3 and are otherwise prohibited:

a. Eating and drinking establishments;

1 \* \* \*

2 e. Community centers, limited to small-craft centers, are allowed as a  
3 shoreline conditional use if located in a public park((;)) and are prohibited otherwise(~~(eating and~~  
4 ~~drinking establishments)~~)).

5 \* \* \*

6 3. If the use in subsection 23.60A.282.B.1 is nonwater-oriented, it is allowed as a  
7 shoreline conditional use if a water-dependent use(~~(s must occupy)~~) occupies an area equal to 50  
8 percent of the surface area of the site, and ecological restoration equivalent to the gross floor area  
9 of the nonwater-oriented use((s)) is provided within the Shoreline District pursuant to Section  
10 23.60A.159(~~(within the same geographic area as the site)~~)).

11 \* \* \*

12 Section 30. Section 23.60A.294 of the Seattle Municipal Code, as enacted by Ordinance  
13 124105, is amended as follows:

14 **23.60A.294 Regulated public access in the CR Environment**

15 A. Private property. Public access shall be provided and maintained on privately owned  
16 waterfront lots for the following developments:

17 1. Existing multifamily residential development containing more than four units  
18 with more than 75(~~100~~) feet of shoreline(~~(, except if located on saltwater shorelines where~~  
19 ~~public access from a street is available within 600 feet of the lot line of the proposed~~  
20 ~~development)~~); and

21 2. Development and uses that are:

22 a. Not residential and not water-dependent; or

23 b. Not water-related as defined in Section 23.60A.944, "Water-related  
24 use" ((#))number 1.

25 \* \* \*

1 Section 31. Section 23.60A.310 of the Seattle Municipal Code, as enacted by Ordinance  
2 124105, is amended as follows:

3 **Part 1 Uses**

4 **23.60A.310 Uses in the CW Environment**

5 A. Use regulations

6 1. All uses are allowed, allowed as a special use, allowed as a shoreline  
7 conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.310, and  
8 Table A for 23.60A.310. Use categories and subcategories cover all uses in that category and  
9 subcategory except when a subcategory of that use is specifically shown in Table A for  
10 23.60A.310.

11 2. If Table A for 23.60A.310 or the text of Section 23.60A.310 states that a use is  
12 required to be water-dependent or water-related, a use that does not have the required attribute is  
13 prohibited.

14 3. Regulations for specific shoreline modifications are set out in Sections  
15 23.60A.172 through 23.60A.190.

16 B. In addition to the use standards for the CW Environment, uses shall also meet the use  
17 standards of abutting shoreline environments.

18 C. On dry land, uses are allowed if accessory to conforming uses on abutting lots.

19 D. Uses may also need separate approval from DNR and/or Seattle Department of  
20 Transportation.

C. Limited commercial uses

\* \* \*

4. Development that includes any of the uses listed in subsection 23.60A.382.C.1 that ~~((is))~~are not water-oriented shall be ~~((in))~~part of a development or on a site that includes a water-dependent use that occupies ~~((an area equal to))~~a minimum of 50 percent of the dry land area of the~~((surface of the))~~ site and complies with one of the following conditions or a

1 combination of conditions if the Director determines the combination would achieve a similar  
2 offset for siting a use that is not water-oriented:

3 \* \* \*

4 b. Ecological restoration equivalent to the gross floor area of the new  
5 nonwater-oriented use is provided pursuant to Section 23.60A.159(~~within the same geographic~~  
6 ~~area as the proposed nonwater-oriented use~~); or

7 \* \* \*

8 6. Permits issued pursuant to (~~this~~)subsection 23.60A.382.C.1 shall identify the  
9 specific uses and gross floor areas of each use that is authorized by the permit under (~~this~~)  
10 subsection 23.60A.382.C.1 and the water-dependent uses that satisfy the requirement for a water-  
11 dependent use on a minimum of 50 percent of the dry land(~~lot~~) area of the development  
12 site(~~requirement~~).

13 \* \* \*

14 Section 33. A new Section 23.60A.383 is added to the Seattle Municipal Code as follows:

15 **23.60A.383 Uses allowed on upland lots in the UC Environment**

16 A. Use regulations

17 1. All uses are allowed, allowed as a special use, allowed as a shoreline  
18 conditional use, or prohibited on upland lots pursuant to Section 23.60A.090, this Section  
19 23.60A.383, and Table A for 23.60A.383. Use categories and subcategories cover all uses in that  
20 category and subcategory except when a subcategory of that use is specifically shown in Table A  
21 for 23.60A.383.

22 2. If Table A for 23.60A.383 or the text of Section 23.60A.383 states that a use is  
23 required to be water-oriented, a use that is not water-oriented is prohibited.

B. Uses accessory to floating homes, including storage, are allowed if located 35 feet or more waterward from the OHW mark.

C. Minor communication utilities are allowed, except for freestanding transmission towers, which are prohibited.

D. Utility service uses are allowed if they reasonably require a shoreline location to operate.

1 Section 34. Section 23.60A.384 of the Seattle Municipal Code, as enacted by Ordinance  
2 124105, is amended as follows:

3 **23.60A.384 Uses allowed over water in the UC Environment**

4 A. In addition to the uses allowed over water in Section 23.60A.090 and subsection  
5 23.60A.384.C, the following uses are allowed over water on waterfront lots if the standards of  
6 subsection 23.60A.384.B are met, and are otherwise prohibited:

- 7 1. Commercial uses;
- 8 2. Entertainment uses;
- 9 3. Light and general manufacturing;
- 10 4. Colleges, vocational schools and institutes for advanced studies;
- 11 5. Passenger terminals;
- 12 6. Office uses, if accessory to a water-dependent or water-related use located on  
13 the same lot; and
- 14 7. Storage uses, if accessory to a water-dependent use and located on the same  
15 development site as such water-dependent use.

16 B. Standards required for the uses listed in subsection 23.60A.384.A are as follows:

- 17 1. The depth of dry land on all the waterfront lot area~~((depth))~~ is less than 35 feet;
- 18 2. The location of the use on dry land is not reasonable;
- 19 3. The use is on or in an existing structure;
- 20 ~~((3))~~4. There is no increase in overwater coverage; and
- 21 ~~((4))~~5. The uses allowed under subsections 23.60A.384.A.1 through  
22 23.60A.384.A.4 shall be:
  - 23 a. Water-dependent;
  - 24 b. Water-related and accessory to a water-dependent use on or in the  
25 structure; or

1 c. Water-related that meets the definition of “Water-related use”

2 ((#))number 1 in Section 23.60A.944.

3 C. In addition to the uses allowed over water in Section 23.60A.090 and subsection  
4 23.60A.384.A, if the following uses are not water-dependent or water-related, they are allowed  
5 as provided in subsection 23.60A.384.D, and are otherwise prohibited:

- 6 1. Eating and drinking establishments;
- 7 2. General sales and services;
- 8 3. Office uses;
- 9 4. Entertainment uses; and
- 10 5. Custom and craft work.

11 D. Standards for uses over water

12 1. The uses in subsection 23.60A.384.C are allowed as follows:

13 a. Over water on or in existing structures in the UC Environment if the  
14 depth of dry land on all the waterfront lot area~~((depth))~~ is less than 35 feet, there is no increase in  
15 overwater coverage and floor area, and if the requirements of subsections 23.60A.384.D.2 and  
16 23.60A.384.D.3~~((of this Section 23.60A.384))~~ are met; or

17 b. As a shoreline conditional use over water on or in existing structures in  
18 the UC Environment if the depth of dry land on all the waterfront lot area~~((depth))~~ is less than 35  
19 feet, there is no increase in overwater coverage and floor area, and if the requirements of  
20 subsection 23.60A.384.D.3 are met~~((;))~~.

21 2. A water-dependent or water-related use occupies the lowest floor level of the  
22 existing building or structure.

23 3. Ecological restoration equivalent to the gross floor area of any new  
24 ~~((nonwater dependent))~~ use that is not water-dependent is required pursuant to Section  
25 23.60A.159~~((within the same Geographic Area as the project))~~.

1 Section 35. Section 23.60A.386 of the Seattle Municipal Code, as enacted by Ordinance  
2 124105, is amended as follows:

3 **Part 2 Development Standards**

4 **23.60A.386 Height in the UC Environment**

5 A. Maximum height. The maximum heights in the UC Environment are as follows, as  
6 modified in subsections 23.60A.386.B through 23.60A.386.E:

7 \* \* \*

8 3. The maximum height on upland lots along Harbor Avenue Southwest between  
9 California Way Southwest and Southwest Bronson Way, which is 665 feet south of the southern  
10 edge of Fairmont Avenue Southwest and is an unimproved right-of-way, see quarter section map  
11 or DPD GIS for location, is 65 feet.

12 \* \* \*

13 Section 36. Section 23.60A.388 of the Seattle Municipal Code, as enacted by Ordinance  
14 124105, is amended as follows:

15 **23.60A.388 Lot coverage in the UC Environment**

16 \* \* \*

17 C. Lot coverage exceptions

18 1. On waterfront lots with less than an average of 50 feet of dry land between the  
19 OHW mark and the street right-of-way, a maximum lot coverage of 65 percent is allowed for  
20 structures on the dry land portion of the lot.

21 \* \* \*

22 Section 37. Section 23.60A.390 of the Seattle Municipal Code, as enacted by Ordinance  
23 124105, is amended as follows:

24 **23.60A.390 Shoreline setbacks in the UC Environment**

1 A. A shoreline setback of 35 feet from the OHW mark is required except for upland lots  
2 abutting the water, in which case the setback is measured from the most waterward side of the  
3 waterfront lot.

4 \* \* \*

5 D. Existing structures and uses that would be considered nonconforming because they  
6 are located in the required shoreline setback in the UC Environment are not regulated as ~~((a))~~  
7 nonconforming structures based on setback standards. Such structures may not be expanded in  
8 any manner in the setback but may be replaced if an area of ecological restoration equivalent to  
9 the footprint of the structure located in the shoreline setback is provided pursuant to Section  
10 23.60A.159 ~~((within the Shoreline District within the same geographic area as the site is~~  
11 ~~provided))~~.

12 Section 38. Section 23.60A.392 of the Seattle Municipal Code, as enacted by Ordinance  
13 124105, is amended as follows:

14 **23.60A.392 Regulated public access in the UC Environment**

15 A. Private property ~~((:))~~

16 1. Public access shall be provided and maintained on privately owned waterfront  
17 lots for the following developments:

18 a. Residential developments containing more than four units with more  
19 than 75 ~~((400))~~ feet of shoreline ~~((, except if located on saltwater shorelines where public access~~  
20 ~~from a street is available within 600 feet of the lot line of the proposed development))~~);

21 \* \* \*

22 Section 39. Section 23.60A.394 of the Seattle Municipal Code, as enacted by Ordinance  
23 124105, is amended as follows:

24 **23.60A.394 View corridors in the UC Environment**

25 \* \* \*

1 D. The required view corridor width shall be reduced to 25 percent of the width of the lot  
2 if water-dependent or water-related uses that meet the definition of “Water-related use”  
3 ~~((#))~~ number 1 in Section 23.60A.944 occupy ~~((more than))~~ a minimum of 40 percent of the dry  
4 land area of the development site~~((lot))~~.

5 Section 40. Section 23.60A.402 of the Seattle Municipal Code, as enacted by Ordinance  
6 124105, is amended as follows:

7 **Part 1 Uses**

8 **23.60A.402 Uses in the UG Environment**

9 A. Use regulations

10 1. All uses are allowed, allowed as a special use, allowed as a shoreline  
11 conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.402, and  
12 Table A for 23.60A.402. Use categories and subcategories cover all uses in that category and  
13 subcategory except when a subcategory of that use is specifically shown in Table A for  
14 23.60A.402.

15 2. ~~((Table A and))~~ Waterfront and upland lots and water-dependent,~~((and))~~ water-  
16 related uses, and water-oriented uses

17 a. Table A for 23.60A.402 and subsections 23.60A.402.~~((C))~~B through  
18 ~~((F))~~23.60A.402.E apply to waterfront lots and to upland lots as indicated in the table.

19 b. If Table A for 23.60A.402 or the text of Section 23.60A.402 ~~((or~~  
20 ~~23.60A.404))~~ states that a use is required to be water-dependent, ~~((or))~~ water-related, or water-  
21 oriented, a use that does not have the required attribute is prohibited.

22 3. Regulations for specific shoreline modifications are set out in Sections  
23 23.60A.172 through 23.60A.190.

24 4. A commercial, institutional, or manufacturing use, other than a use required to  
25 be water-dependent or water-related, shall be water-oriented unless:

26 a. Either

1 1) The applicant demonstrates the development site is unsuited for  
 2 water-oriented uses because it has limited or no water access; or

3 2) The use is ~~((it))~~ part of a development or on a site that includes  
 4 a water-dependent use occupying a minimum of 50 percent of the site; and

5 b. Ecological restoration occurs within the Shoreline District equivalent to  
 6 the gross floor area of the proposed nonwater-oriented uses pursuant to Section  
 7 23.60A.159~~((within the same geographic area as the proposed use))~~.

8 ~~((B. Uses on upland lots~~

9 1. ~~All uses allowed, allowed as a special use or allowed as a shoreline conditional~~  
 10 ~~use on waterfront lots are allowed on upland lots.~~

11 2. ~~Uses prohibited on waterfront lots are regulated on upland lots by the~~  
 12 ~~underlying zones and are allowed, allowed as a shoreline conditional use, or prohibited as~~  
 13 ~~provided in the underlying zones, except for the following uses; these uses are prohibited on~~  
 14 ~~upland lots:~~

- 15 a. ~~Transportation uses that are prohibited on waterfront lots~~
- 16 b. ~~Utility uses that are prohibited on waterfront lots;~~
- 17 c. ~~Residential uses that are prohibited on waterfront lots;~~
- 18 d. ~~Lodging;~~
- 19 e. ~~Live work units; and~~
- 20 f. ~~High impact uses that are not water dependent or water related.)~~

**SU = Special Use**

**WD = Allowed for water dependent uses; prohibited otherwise**

1 ~~WR = Allowed for water related uses; prohibited otherwise~~

2 ~~X = Prohibited~~)

3 ((C))B. High-impact uses are allowed as a special use if they are water-dependent or  
4 water-related.

5 ((D))C. Existing single-family dwelling units and artist studio/dwellings are allowed.

6 ((E))D. Minor communication utilities are allowed, except for freestanding transmission  
7 towers, which are prohibited.

8 ((F))E. Utility service uses are allowed if they reasonably require a shoreline location to  
9 operate.

10 Section 41. Section 23.60A.410 of the Seattle Municipal Code, as enacted by Ordinance  
11 124105, is amended as follows:

12 **23.60A.410 Shoreline setbacks in the UG Environment**

13 A. A shoreline setback of ((45))35 feet from the OHW mark is required. No  
14 development, use, or shoreline modification is allowed within this shoreline setback except as  
15 allowed in Section 23.60A.167.

16 B. Existing structures and uses that would be considered nonconforming because they  
17 are located in the required shoreline setback in the UG Environment are not regulated as((a))  
18 nonconforming structures based on setback standards. Such structures may not expand in any  
19 manner in the setback but may be replaced if an area of ecological restoration equivalent to the  
20 area of the footprint of the structure located in the shoreline setback is provided((required))  
21 within the Shoreline District pursuant to Section 23.60A.159((within the same geographic area as  
22 the site is provided)).

23 Section 42. Section 23.60A.442 of the Seattle Municipal Code, as enacted by Ordinance  
24 124105, is amended as follows:

25 **Part 1 Uses**

26 **23.60A.442 Uses in the UH Environment**

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.442, and Table A for 23.60A.442. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.442.

2. If Table A for 23.60A.442 or the text of Section 23.60A.442 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

((KEY

CU = Shoreline Conditional Use

P = Allowed by permit

SU = Special Use

WD = Allowed for water dependent uses; prohibited otherwise

WR = Allowed for water related uses; prohibited otherwise

X = Prohibited))

B. Water-oriented and nonwater-oriented uses

1. Water-oriented uses

a. The following uses are allowed on the dry land portion of waterfront lots if the use is water-oriented:

- 1) Eating and drinking establishments;
- 2) Entertainment uses, except adult cabaret, adult motion picture theaters, and adult panoramas, which are prohibited;
- 3) Parks and open space uses;
- 4) Custom and craft work;
- 5) Museums; and

6) Sales and services, general.

b. The uses in subsection 23.60A.442.B.1.a that are nonwater-oriented are allowed on the dry land portion of waterfront lots if the use is part of a mixed use project that includes:

1) A water-dependent use occupying a minimum of 25 percent of the gross floor area of the existing structures on the~~((project or on the))~~ development site and located on the level that is closest to the water; and

2) Ecological restoration equivalent to the gross floor area of the new nonwater-oriented use and that is provided pursuant to Section 23.60A.159~~((within the same geographic area as the project))~~.

2. The uses in subsection 23.60A.442.B.1.a are permitted over water, if they comply with the standards in subsection 23.60A.442.B.2.a and either subsection 23.60A.442.B.2.b or 23.60A.442.B.2.c; otherwise, they are prohibited over water, except as provided in subsection 23.60A.442.C.

a. If the use is nonwater-oriented, it is allowed if it is part of a mixed use project that includes:

1) A water-dependent use occupying a minimum of 25 percent of the gross floor area of the existing structures on the development site ~~((building))~~ and located on the level that is closest to the water; and

2) Ecological restoration equivalent to the gross floor area of any new nonwater-oriented use and that is provided pursuant to Section 23.60A.159~~((within the same geographic area as the project))~~.

\* \* \*

c. The uses are allowed as a shoreline conditional use if the following requirements are met:

1) The use is on existing or lawfully replaced structures;

1 a. Be located on a development site where a new or existing water-  
2 dependent use occupies a minimum of 25 percent of the developed portion of the development  
3 site and located on the level that is closest to the water; and

4 b. Provide ecological restoration in an amount equivalent to the gross  
5 floor area of the use that is nonwater-oriented and that is provided pursuant to Section  
6 23.60A.159~~((within the same geographic area as the project))~~.

7 \* \* \*

8 F. Offices and child care facilities on waterfront lots are allowed if they comply with the  
9 following standards:

10 1. The use is part of a development that includes:

11 a. New or existing water-dependent uses that occupy a minimum of 25  
12 percent of the developed portion of the ~~((the))~~ development site; and

13 b. Ecological restoration in an amount equivalent in square footage to the  
14 gross floor area of the office or childcare facility and that is provided pursuant to Section  
15 23.60A.159~~((within the same geographic area as the project))~~; and

16 2. If the use is over water, in addition to subsection 23.60A.442.F.1:

17 a. It is located on ~~((a))~~ an existing or lawfully replaced wharf; and

18 b. Any offices are at least one story above wharf level.

19 \* \* \*

20 H. Colleges, institutes for advanced studies, and vocational or fine art schools are:

21 1. Allowed if they are water-dependent or water-related;

22 2. Allowed as a shoreline conditional use if they are not water-dependent or  
23 water-related and the use is part of a development that includes:

24 a. New or existing water-dependent uses that occupy a minimum of 25  
25 percent of the developed portion of the development site~~((the))~~; and

\* \* \*

1  
2 F. Maximum height for rooftop features on upland lots between Bay St. and Yesler Way  
3 that require view corridor setbacks pursuant to Section 23.49.024 is determined by the  
4 underlying zone or special district, if height does not obstruct the view of the shoreline from a  
5 substantial number of residences within or adjoining the Shoreline District, in which case the  
6 Director may reduce the height allowed.

7 Section 44. Section 23.60A.450 of the Seattle Municipal Code, as enacted by Ordinance  
8 124105, is amended as follows:

9 **23.60A.450 Shoreline and side setbacks in the UH Environment**

\* \* \*

10  
11 C. Existing structures and uses that would be considered nonconforming because they  
12 are located in the required shoreline setback in the UH Environment are not regulated as((a))  
13 nonconforming structures based on setback standards. Such structures may not expand in any  
14 manner in the setback but may be replaced if an area of ecological restoration, equivalent to the  
15 footprint of the structure located in the shoreline setback, is provided pursuant to Section  
16 23.60A.159((within the Shoreline District within the same geographic area as the site is  
17 provided)).

18 Section 45. Section 23.60A.460 of the Seattle Municipal Code, as enacted by Ordinance  
19 124105, is amended as follows:

20 **23.60A.460 Incentive for public open space and viewing areas at Colman Dock**

\* \* \*

21  
22 B. Allowed departures

23 1. View corridor requirements. To create a unique viewing environment for  
24 observing harbor activity, Elliott Bay, and the City and surrounding natural features, departures  
25 from the standards of Section 23.60A.170, View corridors, and Section 23.60A.452, View  
26  
27  
28

1 corridors in the UH Environment, may be permitted to consolidate required view corridors into a  
2 large public view observation area meeting the following conditions:

3 a. The view observation area is a public open space that, at a minimum, is  
4 open along its perimeter to views beyond pier development to the open water of Elliott Bay and  
5 the Olympic Mountains; and

6 b. The view observation area substituting for required view corridors may  
7 be located above street level, if the area meets the conditions for regulated public access above  
8 street level in subsection 23.((4))60A.460.B.2.b.

9 \* \* \*

10 Section 46. Section 23.60A.482 of the Seattle Municipal Code, as enacted by Ordinance  
11 124105, is amended as follows:

12 **Part 1 Uses**

13 **23.60A.482 Uses in the UI Environment**

14 A. Use regulations

15 1. All uses on waterfront lots and over water are allowed, allowed as a special  
16 use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this  
17 Section 23.60A.482, ~~((and))~~ Table A for 23.60A.482, and Section 23.60A.484. Use categories  
18 and subcategories cover all uses in that category and subcategory except when a subcategory of  
19 that use is specifically shown in Table A for 23.60A.482.

20 2. ~~((Table A))~~ Waterfront lots, uses over water and water-dependent, ~~((and))~~  
21 water-related, and water-oriented uses

22 a. Table A for 23.60A.482 and subsections 23.60A.482.C through  
23 23.60A.482.J apply to waterfront lots.

24 b. Uses over water are regulated in Section 23.60A.484.

1                   c. If Table A for 23.60A.482 or the text of Section 23.60A.482 states that  
 2 a use is required to be water-dependent or water-related, a use that does not have the required  
 3 attribute is prohibited.

4                   3. Regulations for specific shoreline modifications are set out in Sections  
 5 23.60A.172 through 23.60A.190.

6                   B. Uses on upland lots are regulated in Section 23.60A.483.

7                   ~~((1. All uses allowed, allowed as a special use or allowed as a shoreline  
 8 conditional use on waterfront lots are allowed on upland lots.~~

9                   ~~2. Uses prohibited on waterfront lots are regulated on upland lots by the  
 10 underlying zones and are allowed, allowed as a shoreline conditional use, or prohibited as  
 11 provided in the underlying zones, except for the following uses; these uses are prohibited on  
 12 upland lots:~~

13                   ~~a. Transportation uses that are prohibited on waterfront lots; except for  
 14 cargo terminals and passenger terminals;~~

15                   ~~b. Utility uses that are prohibited on waterfront lots except for:~~

16                   ~~1) Solid waste management that are not water dependent or water  
 17 related excluding solid waste transfer stations; and~~

18                   ~~2) Recycling uses that are not water dependent or water related.~~

19                   ~~c. High Impact uses that are water related; and~~

20                   ~~d. Heavy manufacturing uses, including the extraction and mining of raw  
 21 materials.))~~

15 e. Storage uses, limited to cold storage; and

16 f. Manufacturing limited to material suppliers and repair services.

17 2. To be allowed as a nonwater-oriented use the uses listed in subsection  
18 23.60A.482.C.1 shall:

19 a. Provide a service used by a water-dependent or water-related use  
20 located in the same sub-geographic area; and

21 b. The uses that are not water-dependent or water-related allowed in this  
22 subsection 23.60A.482.C and subsections 23.60A.482.D and 23.60A.482.E.1 occupy~~((are limited~~  
23 ~~to an area equal to))~~ no more than 20 percent of the dry land area of the development site~~((lot)).~~

24 3. Permits issued pursuant to ~~((this-))~~ subsection 23.60A.482.C.2.b shall identify  
25 the specific uses and gross floor areas of each use that is authorized by the permit under this

1 subsection 23.60A.482.C and the other uses that ~~((satisfy))~~ occupy the 80 percent dry ~~((lot))~~ land  
2 area on the site~~((requirement))~~.

3 D. General commercial, storage and manufacturing uses

4 1. The following uses are allowed if they are water-dependent or water-related or  
5 if the use is water-oriented and meet the standards of subsections 23.60A.482.C or  
6 23.60A.482.G, or the standards of subsections 23.60A.482.D.2 through 23.60A.482.D.8;  
7 otherwise, these uses are prohibited:

8 a. Food processing and craft work;

9 b. Laboratories, research and development;

10 c. Offices, limited to office~~((s))~~ uses that facilitate water-dependent and  
11 water-related uses, such as yacht brokers, finance and insurance, and government agencies;

12 d. Sales and service, heavy, limited to heavy commercial sales,  
13 construction services, and building maintenance services. Commercial laundry is prohibited;

14 e. Storage uses, except that mini-warehouse uses shall not be located in  
15 the Duwamish Manufacturing/Industrial Center; and

16 f. Light, general and heavy manufacturing, except the heavy  
17 manufacturing use extraction and mining of raw material, which is prohibited.

18 2. The ~~((total of the allowed))~~ uses that are not water-dependent or water-related  
19 as allowed in subsection 23.60A.482.C, this subsection 23.60A.482.D<sub>2</sub> and subsection  
20 23.60A.482.E.1 occupy ~~((an))~~ a total area equal to no more than 20 percent of the dry land area of  
21 the ~~((lot))~~ site.

22 3. The uses are located on the site to prevent conflicts with water-dependent or  
23 water-related uses on-site and on abutting~~((adjacent sites))~~ properties.

24 4. Eating and drinking establishment and mini-warehouse uses shall not be  
25 located in the Duwamish Manufacturing/Industrial Center.

1                   5. If the site contains a structure meeting the standards of subsection  
2 23.60A.486.B.2, the use is located in the structure that contains accessory uses for the water-  
3 dependent and water-related use.

4                   6. The use is part of a development or on a site that includes a water-dependent  
5 use; ~~((and))~~

6                   7. Ecological restoration in an amount equivalent to the gross floor area of the  
7 nonwater-oriented use is provided pursuant to Section 23.60A.159~~((within the same geographic  
8 area as the proposed project.))~~; and

9                   8. Permits issued pursuant to this subsection 23.60A.482.D shall identify the  
10 specific uses and gross floor areas of each use that is authorized by the permit under this  
11 subsection 23.60A.482.D and the other uses that ~~((satisfy))~~ occupy the 80 percent dry ~~((lot))~~ land  
12 area on the site~~((requirement))~~.

13                   E. Entertainment uses

14                   1. The entertainment use of indoor sports and recreation is allowed as a special  
15 use if:

16                   a. Located outside the Duwamish Manufacturing/Industrial Center;

17                   b. Located in an existing building;

18                   c. The use is located on site to prevent~~((does not))~~ conflict with the  
19 operation of any water-dependent or water-related use on ~~((the))~~ site or on abutting properties.  
20 or ~~((create a))~~ jeopardize the safety ~~((issue))~~ for users of the indoor sports and recreation use;

21                   d. Parking is available to accommodate the use;

22                   e. The ~~((total of the allowed))~~ uses that are not water-dependent or water-  
23 related as allowed in subsections 23.60A.482.C, 23.60A.482.D, and this subsection  
24 23.60A.482.E.1 occupy ~~((an))~~ a total area equal to no more than 20 percent of the dry land area of  
25 the development site~~((lot))~~.

1 f. Ecological restoration in an amount equivalent in square footage to the  
2 gross floor area of the nonwater-oriented use is provided pursuant to Section  
3 23.60A.159; ~~((within the same geographic area as the proposed project;))~~ and ~~((:))~~

4 g. Permits issued pursuant to this subsection 23.60A.482.E shall identify  
5 the specific uses and gross floor areas of each use that is authorized by the permit under this  
6 subsection 23.60A.482.E and the other uses that ~~((satisfy))~~ occupy the 80 percent dry ~~((lot))~~ land  
7 area on the site ~~((requirement))~~.

8 2. Entertainment uses are allowed in existing buildings at passenger terminals for  
9 cruise ships if all of the following standards are met:

10 a. The use does not increase conflicts with water-dependent and water-  
11 related uses on the site beyond that created by the passenger terminal use;

12 b. Ecological restoration is provided as a onetime condition as follows,  
13 except as set out in subsection 23.60A.482.E.2.b.4:

14 1) In an amount equivalent in square footage to the gross floor  
15 area of the entertainment use pursuant to Section 23.60A.159 ~~((within the same geographic area~~  
16 ~~as the proposed project.))~~;

17 2) If the entertainment use occurs fewer than 365 days per year,  
18 the amount of ecological restoration shall be prorated by the number of days per year the  
19 entertainment use occurs ~~((:))~~;

20 3) The area used to calculate the ecological restoration shall be the  
21 maximum area used for any one event; and

22 4) If the number of days used for the entertainment use increases  
23 from the original permit, the ~~((-))~~ additional number of days shall be subject to an additional  
24 permit, and ecological restoration shall be provided based on the additional days the site is used  
25 per year; and

1 c. The entertainment use does not include adult cabaret, adult motion  
2 picture theaters, and adult panorams.

3 \* \* \*

4 I. Sewage treatment plants are allowed as a Council conditional use if:

5 1. Located in the Duwamish area;

6 2. A Plan Shoreline Permit is obtained pursuant to Section 23.60A.066 and a  
7 determination has been made for expansion of an existing sewage treatment plant that an  
8 alternative design and locating the expanded portion of the sewage treatment plant is infeasible  
9 and for a new sewage treatment plant that no feasible alternative location for the sewage  
10 treatment plant outside the shoreline exist as determined under Section 23.60A.066((an  
11 alternative location for expanding the sewage treatment plant is infeasible));

12 \* \* \*

13 Section 47. A new Section 23.60A.483 is added to the Seattle Municipal Code as follows:

14 **23.60A.483 Uses allowed on upland lots in the UI Environment**

15 A. Use regulations

16 1. All uses are allowed, allowed as a special use, allowed as a shoreline  
17 conditional use, or prohibited on upland lots pursuant to Section 23.60A.090, this Section  
18 23.60A.483, and Table A for 23.60A.483. Use categories and subcategories cover all uses in that  
19 category and subcategory except when a subcategory of that use is specifically shown in Table A  
20 for 23.60A.483.

21 2. If Table A for 23.60A.483 or the text of Section 23.60A.483 states that a use is  
22 required to be water-dependent or water related, a use that does not have the required attribute is  
23 prohibited.

B. In the Duwamish area, yacht, boat and beach clubs, and recreational marinas are allowed as a shoreline conditional use and in Lake Union and the Ship Canal yacht boat and beach clubs and recreational marinas are allowed if:

1. The use does not include an eating and drinking establishment;
  2. The use is located to not conflict with manufacturing uses because of dust or noise or other environmental factors, or parking and loading access needs or other safety factors;
- and
3. The use is located on lots that are not suited for a water-dependent or water-related manufacturing use or for other allowed water-dependent commercial uses because of an inadequate amount of dry land.

C. Minor communication utilities are allowed, except for freestanding transmission towers, which are prohibited.

D. Sewage treatment plants are allowed as a Council conditional use if:

1 1. Located in the Duwamish area;

2 2. A Plan Shoreline Permit is obtained pursuant to Section 23.60A.066 and a  
3 determination has been made for expansion of an existing sewage treatment plant that an  
4 alternative design and locating the expanded portion of the sewage treatment plant is infeasible  
5 and for a new sewage treatment plant that no feasible alternative location for the sewage  
6 treatment plant outside the shoreline exist as determined under Section 23.60A.066;

7 3. The plant is set back 60 feet from the line of the OHW mark;

8 4. Public access is provided along the entire length of the shoreline that is part of  
9 the sewage treatment facility, except for any portion occupied by barge loading and unloading  
10 facilities to serve the sewage treatment plant; and

11 5. All reasonable mitigation measures to protect views and to control odors,  
12 noise, traffic and other adverse impacts on the human and natural environment are required.

13 E. Utility service uses are allowed if they reasonably require a shoreline location to  
14 operate.

15 Section 48. Section 23.60A.484 of the Seattle Municipal Code, as enacted by Ordinance  
16 124105, is amended as follows:

17 **23.60A.484 Uses allowed overwater in the UI Environment**

18 ~~((A-))~~In addition to uses allowed overwater in Section 23.60A.090, the following uses  
19 are allowed in the UI Environment overwater in existing buildings or on existing structures, if  
20 they are water-dependent and are otherwise prohibited;

21 ~~((1-))~~A. Commercial uses;

22 ~~((2-))~~B. Light and general manufacturing uses;

23 ~~((3-))~~C. Cargo and passenger terminals; and

24 ~~((4-))~~D. Uses specifically allowed at existing passenger terminals pursuant to  
25 subsection 23.60A.482.E.

1 Section 49. Section 23.60A.486 of the Seattle Municipal Code, as enacted by Ordinance  
2 124105, is amended as follows:

3 **Part 2 Development Standards**

4 **23.60A.486 Height in the UI Environment**

5 A. Maximum height. The maximum height is 35 feet, except as provided in subsections  
6 23.60A.486.B through 23.60A.486.D.

7 B. Height exceptions

8 1. Cranes, mobile conveyers, light standards, and similar equipment necessary for  
9 the function of water-dependent uses or the servicing of vessels may extend above the maximum  
10 height limit;

11 2. The Director may authorize up to 55 feet in the Ballard/Interbay Northend  
12 Manufacturing and Industrial Center and up to 80 feet for buildings and other structures in the  
13 Duwamish Manufacturing/Industrial Center for the following structures:

14 a. Structures for water-dependent and water-related uses, for uses  
15 accessory to a water-dependent or water-related uses, and for manufacturing if:

16 ~~((#))~~1) The structure requires additional height because of its  
17 intended use; and

18 ~~((#))~~2) The views from a substantial number of upland residences  
19 would not be substantially blocked by the increased height;

20 b. An accessory structure to a water-dependent or water-related use if:

21 ~~((#))~~1) Allowing the additional height would result in a significant  
22 amount of additional usable area for the principal water-dependent or water-related use and/or  
23 additional area for ecological restoration and enhancement; and

24 ~~((#))~~2) No more than 20 percent of the ~~((#))~~site area is covered  
25 by portions of the structure that exceed the maximum height established in ~~((#))~~Section  
26 23.60A.486; and

1 2. ~~((Table A))~~ Waterfront lots, uses over water, and water-dependent and water-  
2 related uses

3 a. Table A for 23.60A.502 and subsections 23.60A.502.C through  
4 23.60A.502.H apply to waterfront lots.

5 b. Uses over water on waterfront lots are regulated in Section 23.60A.504.

6 c. If Table A for 23.60A.502 or the text of Section 23.60A.502 ~~((or~~  
7 ~~Section 23.60A.504))~~ states that a use is required to be water-dependent or water-related, a use  
8 that does not have the required attribute is prohibited.

9 3. Regulations for specific shoreline modifications are set out in Sections  
10 23.60A.172 through 23.60A.190.

11 B. U~~((ses on u))~~ pland lots are regulated in Section 23.60A.503.

12 ~~((1. All uses allowed, allowed as a special use or allowed as a shoreline~~  
13 ~~conditional use on waterfront lots, are allowed on upland lots.~~

14 ~~2. Uses prohibited on waterfront lots are regulated on upland lots by the~~  
15 ~~underlying zone and are allowed, allowed as a conditional use, or prohibited as provided in the~~  
16 ~~underlying zones, except for the following uses; these uses are prohibited on upland lots:~~

17 a. ~~Transportation uses that are prohibited on waterfront lots except for:~~

18 1) ~~Vehicle storage and maintenance; and~~

19 2) ~~Heliports and helistops, which may be allowed as a Council~~

20 ~~conditional use if:~~

21 a) ~~The use is for takeoff and landing of helicopters that~~  
22 ~~serve a public safety, news gathering or emergency medical care function, is part of an approved~~  
23 ~~transportation plan and is:~~

24 i. ~~A public facility; or~~

25 ii. ~~Located at least 2,000 feet from a residential~~

26 ~~zone;~~

C. Limited commercial, storage and manufacturing uses

1. The following uses are allowed if they are water-dependent or water-related or if they are nonwater-oriented and meet the standards of subsection 23.60A.502((482)).C.2 or subsection ((23.60.A.482.D))23.60A.502.D, and are otherwise prohibited:

- a. Eating and drinking establishments, limited to 2,500 square feet in size;
- b. Food processing and craft work, limited to material suppliers and repair services;
- c. Sales and services, general; limited to grocery suppliers and hardware stores;
- d. Sales and services, heavy; limited to material suppliers, repair services, fuel suppliers, and crane operators;

1 e. Storage uses, limited to cold storage; and

2 f. Manufacturing, limited to material suppliers and repair services.

3 2. To be allowed as a nonwater-oriented use the uses listed in subsection  
4 23.60A.502.C.1 shall:

5 a. Provide a service used by a water-dependent or water-related use  
6 located in the same sub-geographic area; and

7 b. The uses that are not water-dependent or water-related allowed in this  
8 subsection 23.60A.502.C and subsections 23.60A.502.D and 23.60A.502.E (~~are limited to~~  
9 ~~an~~) must occupy a total area equal to no more than 20 percent of the dry land area of the  
10 (~~the~~) site, except as provided in subsection 23.60A.502.D.7.

11 3. Permits issued pursuant to this subsection 23.60A.502.C shall identify the  
12 specific uses and gross floor areas of each use that is authorized by the permit under this  
13 subsection 23.60A.502.C and the other uses that (~~satisfy~~) occupy the 80 percent dry (~~the~~) land  
14 area on the site(~~requirement~~).

15 D. General commercial, storage and manufacturing uses

16 1. The following uses are allowed if water-dependent or water-related, or if the  
17 standards of subsections 23.60A.502.C(~~-~~) are met, or if the standards of subsections  
18 23.60A.502.D.2 through 23.60A.502.D.8(~~7~~) are met; these uses are otherwise prohibited:

19 a. Food processing and craft work;

20 b. Laboratories, research and development;

21 c. Offices, limited to office(~~s~~) uses that facilitate water-dependent and  
22 water-related uses, such as yacht brokers, finance and insurance, and government agencies;

23 d. Sales and service, heavy, limited to heavy commercial sales,  
24 construction services, and building maintenance services; commercial laundry is prohibited;

25 e. Storage uses; and

1 f. Manufacturing, except that heavy manufacturing use, extraction and  
2 mining of raw materials, is prohibited.

3 2. The ~~((total of the allowed))~~uses that are not water-dependent or water-related  
4 as allowed in subsection 23.60A.502.C and this subsection 23.60A.502.D must occupy ((an))a  
5 total area equal to no more than 20 percent of the dry land area of the ~~((the))~~site except as  
6 provided in subsection 23.60A.502.D.7.

7 3. The uses ~~((are))~~must be located on the site to prevent conflicts with water-  
8 dependent or water-related uses on-site or on abutting ((adjacent sites))properties.

9 4. The use ~~((is-))~~must be located in the structure that contains accessory uses for  
10 the water-dependent and water-related use if the site contains a structure meeting the standards of  
11 subsection 23.60A.506.B.2.

12 5. The use ~~((is))~~must be part of a development or on a site that includes a water-  
13 dependent use;

14 6. Ecological restoration in an amount equivalent in square footage to the gross  
15 floor area of the nonwater-oriented use ~~((is))~~must be provided pursuant to Section  
16 23.60A.159((within the same geographic area as the proposed project)); and

17 ~~((7. Permits issued pursuant to this subsection 23.60A.502.D shall identify the~~  
18 ~~specific uses and gross floor area of each use that is authorized by the permit under this~~  
19 ~~subsection and the other uses that satisfy the 80 percent dry lot area requirement.))~~

20 ~~((8))~~7. ~~((In addition to the offices allowed in subsection 23.60A.502.D.1.e.))~~

21 ~~((#))~~Nonwater-oriented office uses are allowed in a building existing on January 1, 2013, if:

22 a. An office use, whether principal or accessory, is established as of  
23 January 1, 2013, for an area of the building equal to the area of the proposed office use;

24 b. The office use is limited to an area equal to 35~~((%))~~percent of the dry  
25 land area of the site;

1 c. The office use is part of a development that includes a water-dependent  
2 use that occupies ~~75((%))~~ percent of the site and is located on the same legal lot as the water-  
3 dependent use; and

4 d. Ecological restoration in an amount equivalent in square footage to the  
5 gross floor area of the nonwater-oriented use is provided pursuant to Section 23.60A.159~~((within~~  
6 ~~the same geographic area as the proposed project))~~.

7 8. Permits issued pursuant to subsections 23.60A.502.D.2 and 23.60A.502.D.7  
8 shall identify the specific uses and gross floor area of each use that is authorized by the permit  
9 under this subsection 23.60A.502.D and the other uses that occupy the 80 percent dry land area  
10 on the site, including the 75 percent water-dependent use requirement, if applicable.

11 E. Entertainment uses. The entertainment use of indoor sports and recreation is allowed  
12 as a special use if:

- 13 1. Located outside the Duwamish Manufacturing/Industrial Center;
- 14 2. Located in an existing building;
- 15 3. The use is located on site to prevent~~((does not))~~ conflict with the operation of  
16 any water-dependent or water-related use on ~~((the-))~~site or on abutting properties, or ~~((create~~  
17 ~~a))~~jeopardize the safety ~~((issue-))~~for users of the indoor sports and recreation use;
- 18 4. Parking is available to accommodate the use;
- 19 5. The ~~((total of the allowed-))~~uses that are not water-dependent or water-related  
20 as allowed in subsections 23.60A.502.C, 2360A.502.D, and this subsection 23.60A.502.E~~((+))~~  
21 occupy ~~((an))~~a total area equal to no more than 20 percent of the dry land area of the ~~((lot))~~site,  
22 except as provided in subsection 23.60A.502.D.7;

23 6. Ecological restoration in an amount equivalent to the gross floor area of the  
24 nonwater-oriented use is provided pursuant to Section 23.60A.159~~((within the same geographic~~  
25 ~~area as the proposed project))~~; and

1 7. Permits issued pursuant to this subsection 23.60A.502.E shall identify the  
2 specific uses and gross floor areas of each use that is authorized by the permit under this  
3 subsection 23.60A.502.E and the other uses that ~~((satisfy))~~ occupy the ~~((20))~~80 percent dry  
4 ~~((lot))~~land area on the site~~((requirement))~~.

5 F. Recreational marinas are allowed and yacht, boat and beach clubs are allowed as a  
6 shoreline conditional use, if:

7 1. The use does not include an eating and drinking establishment, except as  
8 allowed pursuant to subsection 23.60A.482.C;

9 \* \* \*

10 Section 52. A new Section 23.60A.503 is added to the Seattle Municipal Code as follows:

11 **23.60A.503 Uses allowed on upland lots in the UM Environment**

12 A. Use regulations

13 1. All uses on upland lots are allowed, allowed as a special use, allowed as a  
14 shoreline conditional use or prohibited on upland lots pursuant to Section 23.60A.090, this  
15 Section 23.60A.503, and Table A for 23.60A.503. Use categories and subcategories cover all  
16 uses in that category and subcategory except when a subcategory of that use is specifically  
17 shown in Table A for 23.60A.503.

18 2. If Table A for 23.60A.503 or the text of Section 23.60A.503 states that a use is  
19 required to be water-dependent or water-related, a use that does not have the required attribute is  
20 prohibited.

**B. Certain commercial uses and institutional and residential uses**

1. Office uses within the Lake Union area are allowed ~~as a shoreline conditional use~~; and
2. Institutional uses that are not water-dependent or water-related and residential uses are allowed as a shoreline conditional use, if located in structures designated as Landmarks, pursuant to Chapter 25.12, Landmark Preservation.

**C. Recreational marinas are allowed and yacht, boat and beach clubs are allowed as a shoreline conditional use, if:**

1 1. Located so as to not conflict with manufacturing uses due to dust or noise or  
2 other environmental factors, or parking and loading access needs or other safety factors; and

3 2. Located on lots that are not suited for a water-dependent or water-related  
4 manufacturing use or for other allowed water-dependent or water-related commercial uses  
5 because of an inadequate amount of dry land.

6 D. Heliports and helistops, which may be allowed as a Council conditional use if:

7 1. The use is for takeoff and landing of helicopters that serve a public safety,  
8 news gathering or emergency medical care function, is part of an approved transportation plan  
9 and is:

10 a. A public facility; or

11 b. Located at least 2,000 feet from a residential zone;

12 2. The use is located to minimize adverse environmental impacts on lots in the  
13 surrounding area, and on public parks and other areas where substantial public gatherings may be  
14 held;

15 3. The lot is of sufficient size that operations of the use and flight paths of  
16 helicopters can be buffered from the surrounding area;

17 4. Open areas and landing pads shall be hard-surfaced; and

18 5. The use meets all federal requirements, including those for safety, glide angles  
19 and approach lanes.

20 E. Minor communication utilities are allowed, except freestanding transmission towers,  
21 which are prohibited.

22 F. Utility service uses are allowed if they reasonably require a shoreline location to  
23 operate.

24 Section 53. Section 23.60A.504 of the Seattle Municipal Code, as enacted by Ordinance  
25 124105, is amended as follows:

26 **23.60A.504 Uses allowed over water in the UM Environment**

1 A. In addition to uses allowed over water in Section 23.60A.090 and subsection  
2 23.60A.504.C, the following uses are allowed over water on waterfront lots if the standards of  
3 subsection 23.60A.504.B are met and are otherwise prohibited:

- 4 1. Commercial uses;
- 5 2. Light and general manufacturing;
- 6 3. Colleges, vocational schools and institutes for advanced study;
- 7 4. Passenger terminals;
- 8 5. Office uses accessory to a water-dependent or water-related use located on the  
9 same lot; and
- 10 6. Storage uses accessory to a water-dependent use located on the same lot.

11 B. Standards required for uses listed in subsection 23.60A.504.A are as follows:

12 1. The depth of ~~((the))~~ dry land of all the waterfront lot area ~~((of the lot))~~ is less  
13 than 50 feet measured from the OHW mark to the landward waterfront lot line;

14 \* \* \*

15 C. In addition to the uses allowed overwater in Section 23.60A.090 and subsection  
16 23.60A.504.A, the following uses are allowed over water if they are not water-dependent or  
17 water-related and if the requirements of subsection 23.60A.504.D are met and are otherwise  
18 prohibited;

- 19 1. Custom and craft work;
- 20 ~~2((3))~~. Storage uses, except as allowed in subsection 23.60A.504.A;
- 21 ~~3((5))~~. Food processing; and
- 22 ~~4((6))~~. Light, general and heavy manufacturing, except the extraction and mining  
23 of raw materials, which is prohibited.

24 D. Standards required for uses listed in subsection 23.60A.504.C are as follows:

25 1. The depth of dry land of all the waterfront lot area ~~((depth))~~ is less than 50 feet  
26 measured from the OHW mark to the landward waterfront lot line;

1 Section 56. Section 23.60A.510 of the Seattle Municipal Code, as enacted by Ordinance  
2 124105, is amended as follows:

3 **23.60A.510 Shoreline setbacks in the UM Environment**

4 A. A shoreline setback of 35 feet from the OHW mark is required for uses that are not  
5 water-dependent or water-related except for upland lots abutting the water, in which case the  
6 setback is measured from the most waterward side of the waterfront lot. No development, use, or  
7 shoreline modification is allowed within this shoreline setback except as provided in Section  
8 23.60A.167 and subsection 23.60A.510.C.

9 \* \* \*

10 C. Structures for uses accessory to a water-dependent use on site are allowed if the  
11 applicant demonstrates the conditions in subsection 23.60A.510.C.1 or 23.60A.510.C.2 exist and  
12 the applicant complies with subsection 23.60A.510.C.3:

13 1. The structure is used for a facility that is 75((%) percent a water-dependent  
14 use and larger than ((5)) five acres and:

15 a. The applicant demonstrates that the placement of the proposed structure  
16 outside the setback would interfere with the overall functionality of the water-dependent function  
17 of the facility; and

18 b. An existing building on the development site of equal to overall size  
19 within the setback is removed.

20 2. The new structure is located on a portion of the development site where water  
21 access is not possible for the water-dependent use.

22 3. The applicant provides ecological restoration in an amount equivalent in  
23 square footage to the gross floor area of the structure pursuant to Section 23.60A.159((within the  
24 same geographic area as the proposed project)).

25 D. Existing structures that would be considered nonconforming because they are located  
26 in the required shoreline setback in the UM Environment are not regulated as ((a))

1 nonconforming structures based on setback standards. Such structures may not be expanded in  
2 any manner in the setback but may be replaced if an area of ecological restoration equivalent to  
3 the footprint of the structure located in the shoreline setback within the Shoreline District is  
4 provided pursuant to Section 23.60A.159~~((within the same geographic area as the site is~~  
5 ~~provided))~~ or if the applicant can demonstrate that the replacement structure would meet  
6 sustainable development requirements, established by Director's Rule.

7 Section 57. Section 23.60A.512 of the Seattle Municipal Code, as enacted by Ordinance  
8 124105, is amended as follows:

9 **23.60A.512 View corridors in the UM Environment**

10 \* \* \*

11 B. The required view corridor width shall be reduced to 15 percent of the width of the lot  
12 if water-dependent uses occupy more than 40 percent of the dry land area of the development  
13 site~~((site))~~.

14 \* \* \*

15 Section 58. Section 23.60A.540 of the Seattle Municipal Code, as enacted by Ordinance  
16 124105, is amended as follows:

17 **Part 1 Uses**

18 **23.60A.540 Uses in the UR Environment**

19 A. Use regulations

20 1. All uses are allowed, allowed as a special use, allowed as a shoreline  
21 conditional use or prohibited pursuant to Section 23.60A.090, this Section 23.60A.540, and  
22 Table A for 23.60A.540. Use categories and subcategories cover all uses in that category and  
23 subcategory except when a subcategory of that use is specifically shown in Table A for  
24 23.60A.540.

2. If Table A for 23.60A.540 or the text of Section 23.60A.540 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

6 \* \* \*

7 Section 59. Section 23.60A.575 of the Seattle Municipal Code, as enacted by Ordinance  
8 124105, is amended as follows:

9 **23.60A.575 Shoreline setbacks in the UR Environment**

10 A. A shoreline setback of 35 feet from the OHW mark is required. No development, use,  
11 or shoreline modification is allowed within this shoreline setback except as provided in Section  
12 23.60A.167 and as follows:

13 1. The minimum necessary for:

14 a. Single-family dwelling units allowed pursuant to subsection

15 23.60A.282.E; and

16 b. One pedestrian pathway per single-family dwelling unit or for each 10  
17 multifamily dwelling units, limited to 3 feet wide and constructed of pervious surface.

18 2. More than 15 feet landward of the OHW mark for one on-grade patio per  
19 single-family dwelling unit or for each 10 dwelling units, limited to 45 square feet.

20 3. On smaller lots as follows:

21 a. If the dry land portion of the lot from OHW to the street is less than 70  
22 feet but more than 35 feet, an existing single family residence may be replaced if the replacement  
23 structure:

24 1) Is no closer to the OHW than the existing single family

25 residence;

\* \* \*

1  
2 (~~"Dry land" means land at an elevation above the line of ordinary high water in~~  
3 ~~freshwater or mean higher high water in marine water.~~)

4 "Dry boat storage" means a "parking and moorage" use, in which space on a lot on dry  
5 land, either open or inside a structure, is rented or sold to the public or to members of a yacht,  
6 boat or beach club for the purpose of storing boats.

7 "Dry dock" means any method or mechanism by which a vessel can be removed from the  
8 water for the purpose of viewing, working on, or painting the underwater portions of the vessel.

9 Dry docks include:

10 "Floating dry dock" means a strong decked barge that is submerged by filling it  
11 with water over which a vessel is floated and which is then pumped out to lift the barge deck  
12 clear of the water with the vessel sitting high and dry. It includes the wing walls needed to  
13 provide enough flotation to prevent sinking all the way to the bottom.

14 "Marine railway dry dock" means a place where a vessel is tied to a carriage  
15 which is then pulled out of the water on an inclined railway usually with winches. The rails are  
16 spaced far enough apart to provide stability of the carriage with a vessel on it.

17 (~~"Floating dry dock" means a strong decked barge that is submerged by filling it~~  
18 ~~with water. A vessel is floated over the submerged barge which is then pumped out to lift the~~  
19 ~~barge deck clear of the water with the vessel sitting high and dry. The wing walls provide enough~~  
20 ~~flotation to prevent sinking all the way to the bottom.~~)

21 "Synchrony-lift dry dock" means a stiffened deck or barge like structure that is  
22 lifted out of water by lifting mechanisms such as winches or jacks operating synchronously.

23 "Travel-lift" means a motorized device like a lumber carrier (~~(which)~~)that drives  
24 over water on two adjacent docks straddling the water to raise(~~(-A)~~) a boat in the water between  
25 the two docks (~~(is raised out of the water by)~~)using straps attached to winches. The travel-lift  
26 then drives to an area on land(~~(upland site)~~) to set the boat (~~(down)~~)on blocks(~~(-on land)~~).

1 reviewing agency may weigh the action's relative public costs and public benefits, considered in  
2 the short- and long-term time frames.

3 “Feasible” when used in the phrase “no feasible alternative location exists” for a utility  
4 service use, utility line, or sewage treatment plant means feasible as determined under  
5 23.60A.066.

6 \* \* \*

7 “Float” means a floating platform similar to a pier that is anchored or attached to pilings.  
8 A float attached to a pier shall be considered part of the pier.

9 “Float” when it is used in connection with a vessel repair use includes a floating  
10 platform used as a work platform to work on a vessel dock or pier.

11 “Float” when it is used in connection with a floating home means those elements  
12 that provide the buoyancy necessary to keep the floating home above the water.

13 “Floating dry dock.” See “Dry dock.”

14 \* \* \*

15 "Floating home site" means that part of a floating home moorage located over water  
16 designated to accommodate one floating home.

17 “Floating on-water residence” means any floating structure, other than a floating home,  
18 that is designed or used primarily as a residence, has detachable utilities, and is the subject of a  
19 lease or sublease at a marina, or whose owner ~~or predecessor in interest has had~~ an ownership  
20 interest in a marina, as of July 1, 2014. See RCW 90.58.270. For the purpose of this definition, a  
21 structure will be considered “designed primarily as a residence” if it contains a dwelling unit.

22 ((“Freeboard” means the height of the main deck above the water line. Where the  
23 threshold of the main entrance to the structure is above the main deck, the freeboard is measured  
24 to the threshold of the main entrance.))

25 \* \* \*

1 Section 65. Section 23.60A.914 of the Seattle Municipal Code, as enacted by Ordinance  
2 124105, is amended as follows:

3 **23.60A.914 Definitions -- "G"**

4 "Geographic area" means one of seven defined geographic areas within Seattle as  
5 follows: Lake Washington North, Lake Washington South, Lake Union and the Ship Canal,  
6 Elliott Bay, the Duwamish River, Puget Sound North, and Puget Sound South. Sub-geographic  
7 area means an area that is a maximum distance of 3 miles from a point within one of the above  
8 geographic areas.

9 \* \* \*

10 Section 66. Section 23.60A.916 of the Seattle Municipal Code, as enacted by Ordinance  
11 124105, is amended as follows:

12 **23.60A.916 Definitions -- "H"**

13 \* \* \*

14 "House barge" means a vessel that is designed or used as a place of residence without a  
15 means of self-propulsion and steering equipment or capability.

16 (~~"House height" means the distance from the main deck to the top of the roof.~~)

17 \* \* \*

18 Section 67. Section 23.60A.918 of the Seattle Municipal Code, as enacted by Ordinance  
19 124105, is amended as follows:

20 **23.60A.918 Definitions -- "I"**

21 \* \* \*

22 ~~"Interpretive signs." See "Sign, interpretive."((means on-premise signs describing a~~  
23 ~~natural or historic feature on the same site as the sign or seen from the site.))~~

24 Section 68. Section 23.60A.924 of the Seattle Municipal Code, as enacted by Ordinance  
25 124105, is amended as follows:

26 **23.60A.924 Definitions -- "L"**

1 \* \* \*

2 "Landfill" means sand, soil, gravel, or other material deposited landward of the OHW  
3 mark and not in riparian corridors or in wetlands; see "Fill".

4 \* \* \*

5 "Live-aboard vessel" means a vessel that is used as a single-family dwelling unit for  
6 more than a total of 30 days in any 45 day period or more than a total of 90 days in any 365 day  
7 period; or the occupant or occupants identify the vessel or the facility where it is moored as the  
8 residence for voting, mail, tax, or similar purposes. Marinas may define "live-aboard((-) use"  
9 more narrowly than the above definition, but not more broadly.

10 "Lot coverage" means that portion of a lot occupied by the principal building, accessory  
11 buildings and development including impervious surface, piers, floats, and dry((-))docks,  
12 expressed as a percentage of the total lot area.

13 \* \* \*

14 Section 69. Section 23.60A.926 of the Seattle Municipal Code, as enacted by Ordinance  
15 124105, is amended as follows:

16 **23.60A.926 Definitions -- "M"**

17 \* \* \*

18 "Mean higher high water (MHHW)" means a tidal datum. The average of the higher of  
19 the high water heights, each tidal day, observed over the National Tidal Datum Epoch. For  
20 stations with shorter series, simultaneous observational comparisons are made with a control tide  
21 station in order to derive the equivalent or accepted values of the National Tidal Datum Epoch.  
22 The elevation of this datum on the shore is the MHHW line. ~~((the tidal elevation determined by~~  
23 averaging the higher of each day's two high tides at a particular location over recorded history.))

24 "Mean lower low water (MLLW)" means a tidal datum. The average of the lower of the  
25 low water heights, each tidal day, observed over the National Tidal Datum Epoch. For stations  
26 with shorter series, simultaneous observational comparisons are made with a control tide station

1 in order to derive the equivalent or accepted values of the National Tidal Datum Epoch. The  
2 elevation of this datum on the shore is the MLLW line.~~((the 0.0 tidal elevation determined by~~  
3 ~~averaging the lower of each day's two low tides at a particular location over recorded history.))~~

5 Section 70. Section 23.60A.928 of the Seattle Municipal Code, as enacted by Ordinance  
6 124105, is amended as follows:

7 **23.60A.928 Definitions -- "N"**

8 \* \* \*

9 "No net loss of ecological functions" means no degradation to habitat, including the  
10 habitat forming processes, after project impacts and mitigation for the project impacts occur.

11 ~~("Non-native aquatic species" means species for which Seattle is not within their natural~~  
12 ~~range or within their natural dispersion area or species that have been brought to Seattle from~~  
13 ~~another region, state or country.))~~

14 "Non-motorized boat landing area" means an area designed to allow vessels without  
15 motors to land on dry land and is not designed to include a launching area~~((site))~~ for non-  
16 motorized vessels.

17 "Non-native aquatic species" means species for which Seattle is not within their natural  
18 range or within their natural dispersion area or species that have been brought to Seattle from  
19 another region, state, or country.

20 \* \* \*

21 Section 71. Section 23.60A.930 of the Seattle Municipal Code, as enacted by Ordinance  
22 124105, is amended as follows:

23 **23.60A.930 Definitions -- "O"**

24 "OHW." See "Ordinary high water mark."

25 "Ordinary high water mark," ~~((=))~~ abbreviated "OHW mark," means, on all lakes, streams,  
26 and tidal water, that mark that will be found by examining the bed and banks and ascertaining

1 where the presence and action of waters are so common and usual, and so long continued in all  
2 ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, with  
3 respect to vegetation as that condition exists on June 1, 1971, or as it may naturally change  
4 thereafter, or as it may change thereafter in accordance with permits issued by the Director or  
5 Ecology: provided, that in any area where the ordinary high water mark cannot be found, the  
6 ordinary high water mark adjoining saltwater shall be the line of mean higher high ~~water~~  
7 and the ordinary high water mark adjoining freshwater shall be the line of mean high water.

8 "Ordinary low water" means, in fresh water, the elevation of water at ordinary stages of  
9 low water unaffected by drought and the low water level of Lake Washington, Lake Union, and  
10 the Ship Canal as controlled by the Army Corps of Engineers.

11 (~~"Overall length" is the length of the hull structure. It does not include elements such as~~  
12 ~~bow sprits or figureheads.~~)

13 \* \* \*

14 Section 72. Section 23.60A.934 of the Seattle Municipal Code, as enacted by Ordinance  
15 124105, is amended as follows:

16 **23.60A.934 Definitions -- "R"**

17 \* \* \*

18 "Reasonable use of property" means the use of property to which its owner is entitled  
19 under the Constitution of the United States of America and the Washington State Constitution, as  
20 interpreted by the highest courts of those jurisdictions.

21 "Remodel" means to rebuild the interior of existing structures without expanding any  
22 portion of the structure and/or to change the siding material or architectural features on the  
23 exterior of structures without expanding any portion of the structure.

24 "Remodel" for nonconforming structures and uses means renovations or  
25 alterations the cost of which from the date of this ordinance does not equal or exceed 60 percent

1 of the market value of the development or of the portion of the development that is structurally  
2 nonconforming or contains the nonconforming use prior to undertaking the work.

3 “Research use” means a use that conducts scientific investigation through survey,  
4 collection of data, and/or experimental planting in wetlands.

5 “Residential use,” ~~((“))~~ except for vessels containing dwelling units (“live aboard use”) as  
6 defined in Section 23.60A.908, ~~((924))~~ means the following uses:

7 \* \* \*

8 Section 73. Section 23.60A.936 of the Seattle Municipal Code, as enacted by Ordinance  
9 124105, is amended as follows:

10 **23.60A.936 Definitions -- "S"**

11 \* \* \*

12 (~~“Sea state” means the general condition of the free surface on a large body of water,~~  
13 ~~with respect to wind waves and swell, at a certain location and moment. A sea state is~~  
14 ~~characterized by statistics, including the wave height, period, and power spectrum. Sea state~~  
15 ~~varies with time as wind and/or swell conditions change. The sea state can either be assessed by~~  
16 ~~an experienced observer, like a trained mariner, or through instruments like weather buoys, wave~~  
17 ~~radar or remote sensing satellites.))~~)

18 \* \* \*

19 “Sign, raceboat sponsor” means an on-premises sign, located on a vessel that is in a race  
20 sanctioned by an established and incorporated boat racing association or group that identifies the  
21 persons sponsoring the vessel in the race, or noncommercial messages replacing this information.

22 “Site” means development site, except when (1) applying use standards that require  
23 additional water-dependent and/or water-related uses to be part of the development or on a site,  
24 such as in subsection 23.60A.382.C, it means contiguous parcels operated by the same  
25 business/in the same ownership (under the same ownership), or (2) there is an adjective  
26 describing the meaning of site, such as “floating home site.”

1 \* \* \*

2 "Structure" means a permanent or temporary edifice or building, or any piece of work  
3 artificially built or composed of parts artificially joined together in some definite manner,  
4 whether installed on, above, or below the surface of the ground or water, including fences, walls,  
5 signs, piers, floats and drydocks, but not including poles, flower-bed frames and other minor  
6 incidental improvements, or vessels.

7 "Sub-geographic area" See "Geographic area."

8 "Submerged land" means all lands waterward of the ordinary high water mark or mean  
9 higher high water, whichever is higher.

10 \* \* \*

11 "Substantial improvement" and "substantially improved" means maintenance,  
12 renovations, repairs, or alterations the cost of which in any five year period starting from the date  
13 of this ordinance equals or exceeds 60 percent of the market value of the development, or for  
14 alteration of nonconforming uses or development exceeds 60 percent of the market value of the  
15 portion of the development that is structurally (~~non conforming~~)nonconforming or contains the  
16 nonconforming use prior to undertaking the work.

17 (~~"Submerged land" means all lands waterward of the ordinary high water mark or mean~~  
18 ~~higher high water, whichever is higher.~~)

19 "Synchrony-lift dry dock." See "Dry dock."

20 Section 74. Section 23.60A.938 of the Seattle Municipal Code, as enacted by Ordinance  
21 124105, is amended as follows:

22 **23.60A.938 Definitions -- "T"**

23 "Transportation facilities" means the following uses:

- 24 -- Bridges and tunnels;
- 25 -- Cargo terminal;
- 26 -- Moorage;

- 1 -- Parking;
- 2 -- Passenger terminal;
- 3 -- Rail transit facilities;
- 4 -- Railroads;
- 5 -- Streets;
- 6 -- Transportation facilities, air;
- 7 -- Tugboat services; and
- 8 -- Vehicle storage and maintenance.

9 “Travel-lift” See “Dry dock.”

10 \* \* \*

11 Section 75. Section 23.60A.942 of the Seattle Municipal Code, as enacted by Ordinance  
12 124105, is amended as follows:

13 **23.60A.942 Definitions -- "V"**

14 \* \* \*

15 “Vehicle storage” vehicle storage does not include movable equipment used on-site that  
16 is not routinely driven on a public right-of-way.

17 “Vessel” means ships, boats, barges, or any other floating craft that are designed and used  
18 for navigation and do not interfere with the normal public use of the water, including historic  
19 ships that do not have means of self-propulsion and steering equipment and house barges.

20 \* \* \*

21 Section 76. Section 23.60A.944 of the Seattle Municipal Code, as enacted by Ordinance  
22 124105, is amended as follows:

23 **23.60A.944 Definitions -- "W"**

24 \* \* \*

1 "Water-dependent use" means a use that cannot exist in other than a waterfront location  
2 and is dependent on the water by reason of the intrinsic nature of its operations. The following  
3 uses are included:

4 Ferry and passenger terminals, marine construction and repair, aquaculture, cargo  
5 terminal for marine commerce or industry, boat launch facilities, moorage, sale or rental of large  
6 boats, tour boats, cruise ships, tug and barge operations, recreation that provides physical access  
7 to the water, limnological or oceanographic research facilities that require the use of the adjacent  
8 water for its operation. Water-dependent use includes businesses that receive or transport 50  
9 percent or more product or material used in the business via the water adjacent to such business.

10 The following uses and similar uses are not water-dependent: offices, eating and drinking  
11 establishments, catering services, non-marine sales and service, lodging, adult care centers, child  
12 care centers, religious facilities, hospitals, and residential uses.

13 \* \* \*

14 Section 77. Section 23.60A.958 of the Seattle Municipal Code, as enacted by Ordinance  
15 124105, is amended as follows:

16 **23.60A.958 Calculation of percent of a development site(~~lot~~) occupied by a specific**  
17 **use**

18 The following measurement techniques shall be used to calculate the percentage of a  
19 development site(~~lot~~) occupied by a use for developments.

20 A. For purpose of this Section 23.60A.958, the development site(~~"lot"~~) includes all  
21 the(~~lot~~) area within the Shoreline District including vacant lands, submerged and dry lands, and  
22 lands (~~(available for)~~)currently and proposed to be leased from DNR for the development(~~and~~  
23 ~~developed or proposed to be developed~~), but excluding any area required for public access.  
24 Submerged lands shall not be counted in calculating lot area for purposes of minimum lot area  
25 requirements of single-family zones or density standards of other zones.

26 B. All lot area occupied by a specific use shall include:  
27  
28

\* \* \*

2. The area outside of any structure, occupied by the use or its accessory uses, including the following:

a. Areas devoted to parking or access shall be as counted water-dependent and water-related uses to the extent that the parking or access is required by code for the water-dependent or water-related use on the development site~~((The area of any parking provided for the use in excess of required accessory parking spaces including aisles and turning areas))~~;

b. The area of any moorage occupied by the use including piers, floats, dockage areas, channels, and turning basins;

c. The area occupied by any storage accessory to the use.

C. The percent of the development site~~((lot))~~ occupied by a specific use shall be calculated by dividing the use area calculated in subsection 23.60A.958.B by the development site~~((lot))~~ area given in subsection 23.60A.958.A ~~((times))~~ multiplied by 100.

D. To calculate the percent of dry land or percent of submerged lands occupied by a specific use or category of use, the dry lands and submerged lands shall each be calculated separately.

E. To calculate the percent of area occupied by a category of use such as nonwater-oriented~~((dependent))~~ commercial, the area occupied by all such uses as calculated above shall be summed and divided by the development site~~((lot))~~ area.

Section 78. Section 23.60A.970 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

**23.60A.970 General abbreviations and acronyms**

BMPs — Best management practices

Ecology — Department of Ecology

DBH — Diameter at breast height

DNR — Washington State Department of Natural Resources

1 **25.09.020 ((-)) Environmentally critical areas definitions**

2 The following are environmentally critical areas designated by this Chapter 25.09:  
3 geologic hazard areas, steep slope areas, flood-prone areas, wetlands, fish and wildlife habitat  
4 conservation areas, and abandoned landfills.

5 \* \* \*

6 D. Fish and ~~((W))~~wildlife ~~((H))~~habitat ~~((C))~~conservation ~~((A))~~areas. The following are  
7 fish and wildlife habitat conservation areas:

8 \* \* \*

9 6. Priority habitat areas as regulated in Sections 23.60A.156 and 23.60A.160 and  
10 setbacks as regulated in Sections 23.60A.156 and 23.60A.167, except that in the UI and UM  
11 shoreline environments the portion of the setback that is an environmental critical area, as  
12 regulated in Sections 23.60A.156 and 23.60A.167, is the setback measured from the ordinary  
13 high water mark landward 15 feet.

14 \* \* \*

15 Section 83. This ordinance shall take effect and be in force on whichever is the later of:  
16 the effective date of approval and adoption by Ecology; or thirty (30) days from and after its  
17 approval by the Mayor, but if not approved and returned by the Mayor within ten (10) days  
18 after presentation, it shall take effect as provided by Municipal Code Section 1.04.020. The  
19 Council intends the provisions of Ordinance 124105 to take effect as amended by the following  
20 ordinances in the numerical sequence of their enactment: Ordinance 124447, Sections 1, 9, 13,  
21 19, 20, and 22 amending Ordinance 124105, Sections 3, 38, 39, 40, 42, and 43, respectively; this  
22 ordinance, Sections 9 and 82 further amending Sections 1 and 9 of Ordinance 124447,  
23 respectively; and Section 1 of this ordinance amending Section 1 of Ordinance 124105; Sections  
24 2-7, 10, 12-19, 21-32, 34-46, 49, 50, 51 and 53-78 of this ordinance amending Section 3 of  
25 Ordinance 124105; and Sections 79 and 80 of this ordinance amending Sections 29 and 36 of  
26 Ordinance 124105, respectively.

1 Passed by the City Council the \_\_\_\_ day of \_\_\_\_\_, 2015, and  
2 signed by me in open session in authentication of its passage this  
3 \_\_\_\_ day of \_\_\_\_\_, 2015.

4 \_\_\_\_\_  
5 \_\_\_\_\_  
6 President \_\_\_\_\_ of the City Council

7 \_\_\_\_\_  
8 Approved by me this \_\_\_\_ day of \_\_\_\_\_, 2015.  
9 \_\_\_\_\_  
10 \_\_\_\_\_  
11 Edward B. Murray, Mayor

12 \_\_\_\_\_  
13 Filed by me this \_\_\_\_ day of \_\_\_\_\_, 2015.
