

To download the FTR Audio Player go to www.fortherecord.com

Click on the tab that says **Products**

Under Products follow the link to [FTR Gold](#) and then the next link to [FTR Player Plus](#)

Click on the link for the Free Download

What is FTR Player Plus?

FTR Player Plus™ is our premier audio play back program that's available as a **FREE DOWNLOAD** from the FTR web site for those who need to play back, duplicate or share audio recorded by an FTR digital court recording system. FTR Player Plus offers the most advanced audio play back features available, yet it's easy for court employees to learn and use because its "tape recorder-style" controls are similar to those on analog tape systems with which many court staffers are familiar.

Select the Download that is compatible with your computer

- ★ **FTR Gold Player Plus 2.2** - FTR Player Plus 2.2 requires Windows 98SE, Windows 2000 (SP4) or Windows XP (SP1 or above). It can play back audio recorded with FTR Reporter 1.1 and above but can't play back audio or video recorded with TheRecord Reporter. It's compatible with FTR Log Notes 2.1 and above but isn't compatible with TheRecord Annotator.
- ★ **FTR Gold Player Plus 2.0** - FTR Player Plus 2.0 requires Windows 95, Windows 98, Windows ME and Windows NT4 SP6a. It can play back audio recorded with FTR Reporter 1.1 or above, but can't play back audio or video recorded with TheRecord Reporter. It's compatible with FTR Log Notes 1.3 or 2.1, but is not compatible with TheRecord Annotator.

Once the Player is downloaded and installed you can open the file and listen to the audio. To skip directly to the registration page and download page click the following link: http://www.fortherecord.com/downloads_startlogin.asp?TstC=Y
Alternatively please select a product category below to see all downloads for that category.

FTR GOLD
