**Call 206-386-1450, at least 24 hours prior to needed inspection time to arrange for an appointment.**

**Seattle Fire Department Permit Application  
Code 8201-ST/8202-ST/8203**

**IMPORTANT!**

1. Fuel gas piping must be inspected and approved by the Seattle-King County Health Department prior to Fire Department inspection and the approved Health Department gas piping permit must be attached to this application prior to processing. **Exception:** Underground and mounded LP-gas tanks, aboveground tanks having an individual capacity exceeding 500 gallons and multiple container installations where the aggregate quantity of LP-gas exceeds 1,000 gallons.
2. Containers and tanks which are part of a stationary LP-gas system shall not be filled until after Fire Department inspection and approval.
3. Permits are not valid until after Fire Department inspection and approval.

**CERTIFICATION**

I hereby certify that the LP-gas container(s) and container appurtenances, including but not limited to the piping, valves and fittings, covered under this permit have been installed and tested in accordance with NFPA 54, *National Fuel Gas Code* and 2004 ed. NFPA 58, *Liquefied Petroleum Gas Code*, as amended by the City of Seattle as allowed by RCW 19.27.040.

**Initial Here**

- Seattle-King County Health Department fuel gas piping inspection has been conducted and approval paperwork is attached. **Exception:** Underground and mounded LP-gas tanks, aboveground tanks having an individual capacity exceeding 500 gallons and multiple container installations where the aggregate quantity of LP-gas exceeds 1,000 gallons.
- Distributors shall not fill an LP-gas container for which a permit is required unless Fire Department permit has been issued for that location by the fire code official. **THIS IS NOT A PERMIT!**
