

Seattle Fire Department's

Activity Workbook

A Safety Resource for Teachers

Unique & Fun!

This unique and fun educational resource provides activities at two different learning levels. **Level 1** is for school age children learning at a younger level and **Level 2** is for school age children who are learning at a higher level.

Each level is divided into four chapters:

- Home Fire Safety
- Fire Safety Skills
- Injury Prevention
- Firefighters

The activities address important fire and life safety topics by using vocabulary, writing, sorting, math and other important academic skills. That makes these

activity sheets great multitaskers for busy teachers. With a clear protective cover and spiral binding, it is perfect for copying and sharing with your students.

This activity book is **FREE*** and yours to keep!
