

Rebates and discounts to help you **SAVE MONEY AT HOME**

RESIDENTIAL REBATES

Seattle City Light offers our residential customers a variety of energy-saving rebates and discounts.

Appliance, space heating and water heating rebates

The largest part of your home's electricity use comes from space heating, water heating and appliances. Rebates from Seattle City Light can help you upgrade to more efficient technologies — saving you money and electricity for years to come. **Rebate forms available at www.seattle.gov/appliances or call an Energy Advisor at (206) 684-3800 for more information.**

Renewable energy programs

Seattle City Light offers you ways to support and participate in new, renewable energy resource development in the region. Visit www.seattle.gov/light/green/greenpower for more information.

Why we offer rebates to our customers

Seattle City Light offers rebates to help customers save energy because it is the most cost-effective way to meet our future electricity needs. When customers reduce their electricity use, it helps us conserve our hydro resource and avoid the expense of building new power plants or buying electricity on the open market.

Our mission

Seattle City Light is a publicly owned utility dedicated to exceeding our customers' expectations in producing and delivering environmentally responsible, safe, low-cost and reliable power. Over 90% of our electricity is produced by clean, renewable hydro power and wind generation. Seattle City Light is committed to delivering the best customer service experience of any utility in the nation.

Building on a legacy of clean hydro power, Seattle City Light partners with customers to secure a green energy future. We are leaders in providing innovative ways to conserve electricity and invest in renewable resources.
