

CONSERVE ENERGY by running multiple workstations from a single Central Processing Unit.

MULTI-USER CENTRAL PROCESSING UNITS

Seattle City Light will pay \$25 per connected workstation for adopting multi-user CPUs.

Save an estimated \$16 per year per workstation.

With the proper hardware and software, multiple workstations can be operated simultaneously from a single Central Processing Unit (CPU) with no loss in computer performance — and an estimated annual savings of 300 kilowatt-hours (kWh) per connected workstation. Savings will vary depending on the computer use practices in your company.

To encourage the use of this energy conservation technology, Seattle City Light offers cash rebates of \$25 per connected workstation. Here are the requirements to be eligible for this incentive payment:

- CPU must serve three or more workstations
- CPU must be equipped with an 80-plus qualified power supply
- Workstations must have LCD flat-screen monitors

Conservation is our most cost-effective energy resource

Seattle City Light offers incentives such as technical assistance and rebates to business and institutional customers to promote the adoption of energy savings technologies. We offer rebates because conservation is a cost-effective way to meet our future electricity needs.

HOW TO GET YOUR SEATTLE CITY LIGHT REBATE

- 1 Call (206) 684-3800.
- 2 Work with your City Light energy analyst to evaluate your project and estimate your energy savings.
- 3 Secure authorization from City Light prior to purchasing or installing equipment.
- 4 Proceed with installing multi-user CPUs and contact City Light for final verification when work is complete.

Seattle City Light is a publicly owned utility dedicated to exceeding our customers' expectations in producing and delivering low cost, reliable power in an environmentally responsible and safe way. We are committed to delivering the best customer service experience of any utility in the nation.

Fact sheet data is based on estimated energy use and expense; actual savings will vary. This program may change without notice and is subject to availability of funds.
