

SEATTLE CITY LIGHT 2017 ENERGY CONSERVATION INCENTIVES

MEDIUM AND LARGE COMMERCIAL AND MULTIFAMILY BUILDINGS

CONSERVATION ACTION	INCENTIVE (¢/kWh)	MEASURE NOTES
LIGHTING		
Card Key Hotel Room Control	23¢	
Central Lighting Controls	23¢	
Daylighting Controls	23¢	
Occupancy Sensors (Wall/Ceiling Mount)	\$30/\$90	
Fixture-mounted Occupancy Sensor Retrofits	23¢	
Fixture Removals	11¢	
Fluorescent Lighting, Hard Wired	23¢	
High Intensity Discharge (HID), Hard Wired	23¢	
Ceramic Metal Halide (CMH) Lamp-Only	7¢	
LED Hard-Wired Upgrades	23¢	Exception: Hard-wired exit signs receive 17¢/kWh
LED Lamp-Only Upgrades	17¢	
T8 or T5 Lamp Removals	2¢	
T8 or T5 Low-watt Lamps	7¢	
<p><i>Definitions: "Lamp-Only" is any lighting fixture upgrade that can be reversed by replacing the lamp. This includes what are sometimes called "screw-ins." It also includes some 4-foot LED replacements for 4-foot fluorescent lamps. "Hard-wired" covers any energy efficiency upgrade that cannot be reversed by replacing the lamp. "Hard-wired" upgrades include new fixtures, ballast replacements, and some retrofit kits.</i></p>		
HVAC (HEATING, VENTILATION, AND AIR CONDITIONING)		
HVAC Controls	23¢	
Chillers—Water Cooled	27¢/34¢	27¢ for ALL except 34¢ for centrifugal (not exposed)
Chillers—Air Cooled	27¢	
Cooling Towers	27¢	
Air-to-air heat pumps	23¢	
Hydronic heat pumps	27¢	
Packaged Terminal Air Conditioners (PTAC)	23¢	
Packaged Terminal Heat Pumps (PTHP)	23¢	
Variable Refrigerant Flow Heat Pumps	24¢	
Economizers	23¢	Includes water-side or air-side economizers
Air Conditioners	23¢	
Advanced Rooftop Unit Controls	\$225/ton	
DATA CENTER AND IT EQUIPMENT		
Efficient Uninterruptible Power Supply (UPS) Systems	12¢/23¢	23¢ for new UPS. 12¢ for firmware upgrade offering a high efficiency mode.
Network PC Power Management	\$3/\$8	\$3/Mobile Workstation; \$8/PC
Server Virtualization	\$150	\$150 for each server removed; Max. 100
Thin Client Conversion	\$25	Per PC converted to thin client
Custom IT Equipment/Software—Plug loads	7¢	Energy savings from custom projects where software or hardware deployments save energy in IT equipment
Air Flow Management	6¢-20¢	Dependent on technology used. Includes separation of hot and cold aisles using strip curtains, blanking panels, chimneys, and/or cabinets
CRAC unit fan variable speed drives and controls	20¢-23¢	
Economizers and direct evaporative cooling	23¢	
<p>Incentive amount = cents-per-kWh times estimated annual kWh savings, or 70% of cost, whichever is less. Payback no less than ½ year. Contact Seattle City Light Energy Advisors at (206) 684-3800 for more information.</p>		

CONSERVATION ACTION	INCENTIVE (¢/kWh)	MEASURE NOTES
MISCELLANEOUS		
Air Compressors	27¢	
Efficient Transformers	27¢	
Process Loads—For Industrial Customers	27¢	Assumes 15+ year equipment life
Variable Frequency Drives (VFD/VSD)	27¢	
COMMERCIAL KITCHEN REBATES		
Dealer Handling Rebate	\$30	If rebate amount is subtracted by dealer from price, dealer receives rebate plus \$30
Electric Convention Oven	\$300	
Electric Combination Oven	\$1,000	
Ice Machine—100-500 lbs of ice per day	\$100	
Ice Machine—over 500 lbs of ice per day	\$300	
<i>See the Seattle City Light Commercial Kitchen Rebate website for instructions.</i>		
MULTIFAMILY WEATHERIZATION		
Replace single-pane window with double-pane window	\$5 per square foot	
Replace aluminum frame, double-pane window with double-pane window	\$3 per square foot	
Upgrade existing wall, attic, or floor insulation	->	Funding = 50% of the cost, up to \$1 per square foot
<p><i>To receive funding for the above weatherization measures, the spaces must be electrically heated and the customer must replace all windows serving the living units unless some windows already have U-values of 0.30 or less. The facility must have at least five living units to be eligible.</i></p> <p><i>For multifamily New Construction, please contact an Energy Advisor at (206) 684-3800.</i></p>		

Incentives cover up to 100% of the incremental costs on new construction projects. For existing buildings, combined rebates from all utilities may not exceed 70% of project costs. Incentives do not apply to projects with a payback period of six months or less. Incentives are subject to availability of funds. Funding levels are finalized only when a contract is signed between Seattle City Light and the customer, or (Multifamily Weatherization) a coupon is offered to the customer by Seattle City Light. Contact Seattle City Light Energy Advisors at (206) 684-3800 for more information.
