BUILT SMART

Builder Incentives for new Multifamily Construction

BUILT SMART offers efficiency incentives for **Multifamily New Construction** projects that are:

- five or more units
- electrically heated
- located in City Light's service area

Incentives for:

- Extra insulation
- Efficient windows
- High-efficiency HVAC systems & controls
- Lighting efficiency improvements

Additional FREE Services:

- Diligent inspections & commissioning services
- Lighting consult from the Lighting Design Lab
- Step-by-step technical assistance

Contact **Pete Held** at (206) 684-3605 peter.held@seattle.gov for more information.

LIHI's Denny Park Apartments

The Pantages Apartments

Does your project serve low-income residents? Try **BUILT SMART** for **Affordable Housing**.

We offer you technical support and guidance in addition to the financial incentives for envelope and lighting improvements.

Contact **Don Pendleton** at (206) 684-4283 don.pendleton@seattle.gov for more information.

Is your project gas-heated, steel-framed, or high-rise? Try **BUILT SMART — Options**

We offer incentives for one or more of the following upgrades (shell measures are not required):

- Common area lighting and controls
- In-unit lighting and controls
- Whole house fans
- Electric heat systems and controls

Contact **Wayne Knipple** at (206) 684-4286 wayne.knipple@seattle.gov for more information.
