I am very concerned about the proposed jail site to be located at the Puetz Golf property. We have lived in North Seattle since 1977 when we purchased our home. North Seattle has gone through many changes over the years. I believe that North Seattle has taken on more than its fair share of "services" and other neighborhoods. It would seem that the city is using North Seattle as its dumping ground and that needs to stop. This proposed jail site is located next to a senior mobile home park, Halcyon Mobile Home Park. North Seattle has taken on enough let the city put this jail in another area of town.
