Please no jail in Interbay! We have a wonderful safe neighborhood! A jail would ruin that! Why put a jail in a residential neighborhood? Let's legalize marijuana and stop putting these criminals in our jails. What a waste of space and possible tax dollars.

The proximity of the proposed Interbay site to the golf course and Interbay baseball and soccer fields is quite troubling. I would encourage the city to select a site that is not so close to locations where children are often present.
