Name: Jody Buchman

Neighborhood: Greenwood/Phinney Ridge

Please choose a site furthest away from schools and residences. The Aurora site will greatly affect mine and my neighbors homes.

Name: Carole Danis

Neighborhood: Broadview/Bitter Lake

I am concerned about the jail's impact on nearby residents. Also, I do not see that residential impact is a factor in determining appropriate sites. Please consider this factor in your decision. Both West Marginal and Interbay sites are within already existing commercial/industrial zones without the presence of residential homes nearby. The Aurora site is surrounded by homes and children and the jail and resources there will add to the traffic congestion on Aurora. Please consider Interbay or West Marginal.

Neighborhood: Broadview/Bitter Lake

Re the jail design, I would like to support a one-jail design with participation of south or eastside cities.

Name: Carole Danis

Neighborhood: Broadview/Bitter Lake

Please consider the impact on the neighborhood of the Aurora site. The proposed site is surrounded by residences and families.

Name: Jamie Gansler

Neighborhood: Licton Springs

Lichten Springs is a up and coming neighborhood that is turning into a very family oriented neighborhood. We are already trying to clean up what messes one group of homeless leave behind at our park and have come along way over 2 years. Building a jail near our area would be going backwards and in the opposite direction of where we want our neighborhood to be. We have so many little kids and young families now;we want our kids and families to play in a safe and comfortable enviroment.

Name: David Bruels

Neighborhood: Licton Springs

Aurora Ave. N. is not the place to build a jail. That site was looked at by Costco and was turned down because of too much traffic now. Also schools near by as well as neighborhoods with many children. The area at Interbay is the best area and the land is available where Northwest Center for the Retarded was located before they moved. It is south of the Interbay Golf Course on Armory Way. Other sites there too and not by schools or neighborhoods. More industrial in nature.

Name: Jill Peoples

Neighborhood: Haller Lake

The Interbay and the Aurora Ave. locations are too closely located to schools and residential areas. The other 2 locations are much better ideas.

Name: Andrew von Kleeck

Neighborhood: Northgate/Maple Leaf

I believe locations B (West Marginal Way) and and C (Interbay) would be the best locations with the least disturbance to residential life.
