I would like to voice my objection to the potential jail in the West Seattle area. This is still a struggling area, and many resources are being put into it to improve the area for all residents and potential residents - a much-needed source of housing close to the city - and to add a jail would only delete all the efforts that have been put into this area so far. Also, with the viaduct going down, this would only increase traffic to this area, and put potentially dangerous criminals traveling through neighborhoods to get to/from the courthouse.

I am deeply opposed to locating the new municipal jail in the Delridge/West Seattle neighborhood. I believe that, as a community, we already have made a more-than-proportional contribution to providing affordable living and social services to all cross sections of the Seattle population. Please do not saddle our community further by placing the new jail here. Please tell me how I can become more involved to voice my strong opposition to this proposal.

I live in Shoreline and commute to downtown Seattle on Aurora every day. I think your proposed new jail site of 11762 Aurora Avenue. N. is a great choice. There are good buses routes from this location.

There is already enough crime spilling over into West Seattle proper from the proposed area. We do not need to add fuel to the fire.
