I am opposed to the northend site that has been selected as one of the options for the new jail location. The site is surrounded by family neighborhoods, hospitals and a new bikng/walking trail. Placing a jail at this northend location is neglegent and counter to the city planning of making this a fgamily friendly neighborhood. We already deal with drug and prostitution issues on 99 the addition of a jail and business it attracts will only harm the family friendly neighborhood that has been a long term planning gaol of the city. Shoreline has set a wonderful example of beautification of 99 and the bike/walk trail and the city of Seattle should continue the project down 99 into the city center.

Please do not ruin our community and put a jail near us! We have worked hard to get our community going in the right direction and we are starting to see progress. If the jail goes in at the Aurora site it will ruin everything we have worked for and will destroy our property values. Not to mention put all of us at risk for violence and theft.
