Name: Susan Holbert

Neighborhood: Ballard

I would like to receive email updates concerning this project.

Name: Rochelle Mandin

Neighborhood: Fauntleroy/Seaview

I feel the city and the mayor has used South Seattle as a dumping ground for all the things people don't want in their neighborhood such as low income housing, everything!!!!!! The people of these lower income communities are changing and many young families are moving in and they are going to fight to change the city's easy ideas of using these areas such as Highland Park as your easy dumping zone. This community is going to fight the city all the way.
