

Unfunded 2008 NPF Applications to be Considered in 2009

District Council	Project ID #	Project Description	Project Location
Ballard	2008-339	Construct a rain garden along the east side of the Ballard Corners Park Project. This may leverage funding received from King County Waterworks and an award from the large NMF. An additional \$10,000 is needed for completion.	17th Ave NW between NW 62nd Street and NW 63rd Street, near Salmon Bay School and Ballard High School
Central	2008-309	Install curb extensions in order to shorten pedestrian crossing distances. Include "school" pavement markings on all legs to alert drivers of the presence of Leschi Elem. Cost estimate: \$30,000.00 - \$75,000.00.	31st Ave S between Yesler and Mt Baker Blvd. (Franklin HS and Leschi Elem bookend the 1.5 mile stretch of roadway. Multiple school bus stops up and down the street.)
Central	2008-314	Fix street sign	NW Corner of Union and 38th
Central	2008-326	Rehabilitation/repair of existing trail system, removal of invasive species, and native habitat restoration.	387 Lake Washington Boulevard South--Frink Park @ Upper Leschi Park. Located adjacent to Yesler Way East, one block from Leshi Elementary
Central	2008-328	Recontouring of trail and restoring native vegetation. The project is described in the 2000 Frink Park Concept Plan which has been approved by Parks and can be viewed at www.frinkpark.org .	Yesler Way East from 33rd and Lake Washington Blvd South. One block east of Leschi Elementary along Cable Car Lane
Central	2008-366	Add additional traffic calming measures including chicanes as phase II.	20th Ave between Union and Cherry
Central	2008-402	Install a left turning signal light and a blind signal button.	23rd and E Cherry
Delridge	2008-369	Traffic calming device at 28th SW and SW Yancy Street, traffic calming and signage at 30th SW from SW Yancy Street to SW Genesee Street, garbage cleanup along north side of the golf course.	28th SW and SW Yancy Street, 30th SW from SW Yancy Street to SW Genesee Street, north side of the golf course
Delridge	2008-384	Enhance lighting and add reflective signs on island in middle of street. And align ADA access.	Crosswalk located between 26th Ave SW and 29th Ave SW at the entrance of Roxhill Park.
Delridge	2008-389	Add traffic calming.	26th Ave SW between SW Genesee and SW Andover
Delridge	2008-394	Install traffic calming such as kids at play signage and crosswalks.	Intersection at the Playground at Raymond and 31st SW in High Point
Delridge	2008-395	Install Senior Crossing signs and a crosswalk	All four corners surrounding the new Commons Park at High Point, Morgan, Lanham, Graham and 31st SW
Delridge	2008-396	Add crosswalk, flashing beacons and "20mph while children are present" sign and extend parking restriction from the curb so pedestrians and drivers can see each other.	Intersection at 34th and Morgan
Delridge	2008-397	There should be no parking on the Pond side to increase visibility, add a crosswalk and add speed calming devices.	On Juneau/High Point Drive near 30th SW at the Pond park at High Point

Unfunded 2008 NPF Applications to be Considered in 2009

District Council	Project ID #	Project Description	Project Location
Delridge	2008-398	Fix sidewalks and tree roots.	8th Ave SW between SW Barton and SW Roxbury
Downtown	2008-373	Improve pedestrian signaling and marking.	1st Avenue South and King Street, Main Street and Washington Street
Downtown	2008-374	Install a new playground and seating for elderly.	Lane Street at 7th Ave South
Downtown	2008-375	Repair sidewalk and replace the trees at both ends of the east side of the 2300 block of 3rd Ave.	East side of 3rd Ave in the 2300 block. The area proposed for renovation are both ends of the block.
Downtown	2008-380	Demolish existing outdated newspaper kiosks and replace the exposed transformers with a protective cover.	5th Avenue from Pine to Seneca
Downtown	2008-392	Pave alley	Maynard Alley North side of Jackson between Maynard and 7th
East	2008-342	Evaluate intersection and increase pedestrian safety - e.g. traffic circles.	12th Ave E and E Thomas Street, near Lowell Elementary
Greater Duwamish	2008-312	Alley needs to be black taped or graveled. The alley needs to be graveled and resurfaced. Parks owns four or more of the lots. Owner of one lot is willing to pay for 1/8th of the cost of grading and resurfacing.	Alley behind 5216 26th Ave South, cross street S. Dawson
Greater Duwamish	2008-350	Square the curb on the south side of Corson Ave South.	Where Corson Ave South meets East Marginal Ave
Greater Duwamish	2008-351	Square the curb on the south side of Ellis Ave South at East Marginal and perhaps requiring a stop to calm traffic.	Ellis Ave South and East Marginal Way
Lake Union	2008-313	Eliminate the planting strip to increase parking width and widen the sidewalk along the west side between Lynn and Newton. This would increase pedestrian safety and parking safety both during parking and after parked.	From Lynn Street to Newton Street along Boylston.
Magnolia / Queen Anne	2008-311	Enhance signage and install flashing yellow lights in both locations.	3147 West Government Way and 3228 West Government Way
Magnolia / Queen Anne	2008-359	Improve the intersection to enhance pedestrian access and safety and address traffic flow. These efforts would be a continuation of enhancements previously completed in accordance with current designs.	Intersection of West Galer Street and Thorndike Ave West
Magnolia / Queen Anne	2008-347	Improvements to the intersection that enhance pedestrian access and safety and address traffic flow.	Intersection of West Galer Street and Thorndike Ave W
North	2008-310	A sidewalk or gravel path that is separate from the roadway to increase pedestrian safety and access to transit.	145th Street between 35th and 36th

Unfunded 2008 NPF Applications to be Considered in 2009

District Council	Project ID #	Project Description	Project Location
North	2008-315	There should be either a chicane halfway between the traffic circle and NE 125th Street or a series of residential speed bumps.	Pinehurst Ave NE beginning at NE 117th Street and ending on 17th Ave. NE at NE 125th Street
North	2008-319	Repaint crosswalks.	Roosevelt Way NE and NE 123rd
North	2008-329	Install speed bumps to slow cars down.	NE 130th Street between 35th and NE 37th Ave NE up to 39th Ave NE
North	2008-330	Install crosswalk.	The intersection of 35th Ave NE and NE 130th Street. 4-way stop.
North	2008-331	Install new stair structure in street ROW for direct and safe pedestrian access to Burke Gilman Trail from center of Lake City on 135th Street.	Hillside slope between street end of NE 135th Street (east of 42nd Ave NE) and Burke Gilman Trail
North	2008-335	Either a traffic circle or 4-way stop is needed.	NE 127th Street and 28th Ave NE
North	2008-346	A sidewalk up and over the hill south of Sacagawea to increase pedestrian safety.	Sacagawea Elementary School, 9507 20th Ave NE
North	2008-353	Add sidewalks on this one block and look at traffic calming measures.	NE 110th Street and Sand Point Way NE
North	2008-357	Addition of an ADA accessible pedestrian crosswalk with traffic signal where 12th Ave NE meets NE 125th Street.	12th Ave NE meets NE 125th St, near Matthews School and Church
North	2008-367	Paint two white lines to mark an at grade sidewalk for about 102 feet on the N side of the existing asphalt of NE 105th street	North side of NE 105th street from Fischer Place NE west for 120 feet
North	2008-368	Construct a pathway or pervious pavement sidewalk with curb or stamped asphalt sidewalk with planting strip & bio-swailes to improve the eastern edge of the park and allow better access for volunteers bringing wheelbarrows and tools for work parties.	36th Ave NE, between NE 120th and NE 117th (vacated street) along the east side of Little Brook Natural Area, 11719 36th Ave NE
North	2008-371	Regrade surface to drain, create drain swale in adjacent ROW triangle and new paving	12000 Sand Point Way mid-block, west shoulder between NE 120th and Bartlett Ave NE
North	2008-376	Add stamped asphalt sidewalk to increase pedestrian safety, access to urban village and transit, and encourage alternative transportation.	NE 125th Street, north side from 35th Ave NE to 39th Ave NE
North	2008-382	Add a stop light or crosswalk with orange flags.	NE 35th Street at 130th NE
Northeast	2008-316	Remove and repave at least three sidewalk squares.	43rd Ave NE between NE 38th Street and NE 41 Street, in front of 3854, 3862 and 3866
Northeast	2008-348	Add sidewalks and speed reduction mechanisms.	45th Ave NE at NE 92nd Streets
Northeast	2008-377	Add speed cushions on a segment of the non-arterial.	43rd Ave NE between NE 33rd Street and NE 35th Street
Northeast	2008-378	Construct a traffic circle	NE 50th Street/ 44th Ave NE

Unfunded 2008 NPF Applications to be Considered in 2009

District Council	Project ID #	Project Description	Project Location
Northeast	2008-383	Install radar speed signs north of the NOAA driveway where the speed limit decreases to 30mph and in both directions on the stretch of roadway between Princeton Street Bridge and Five Corners.	NE 45th Street along Sand Point Way NE between Five Corners and the Princeton Street Bridge and on Sand Point Way NE north of the NOAA driveway where the speed limit becomes 30mph
Northwest	2008-336	Add sidewalks. Possibly work in conjunction with SPU (leverage funds) on project #C302317, Venema Creek Natural Drainage Project.	NW 117th Street between Greenwood and 6th Ave NW. NW 116th Street between 6th Ave NW and Carkeek Park. 6th Ave NW between 117th and 116th Street
Northwest	2008-354	Construct sidewalks on one or both sides of the 8700 First Ave NW block.	First Ave NW between 87th Street and NW 90th/North 90th. Near Sandel Park and Greenwood Town Center.
Northwest	2008-372	A sharper turn and shorter crosswalk would improve safety. Add curb bulb on southwest side of intersection on 2nd.	200 Woodlawn Ave NE Latona Ave NE and 2nd Ave NE
Southeast	2008-321 & 2008-322	Install storm drains adequate for this corner's location at the bottom of the hill and adequate to preserve public safety and comfort for transit riders and other pedestrians.	SW corner of Rainier and McClellan, two blocks from Franklin HS
Southeast	2008-324 & 2008-325	Install storm drains adequate for this corner's location at the bottom of the hill and adequate to preserve public safety and comfort for transit riders and other pedestrians.	Bus stop at Rainier and Andover, west side of Rainier
Southwest	2008-317	Build a sidewalk along the eastern edge of Lincoln Park annex.	44th Avenue SW and Fontanelle, eastern edge of the Lincoln Park Annex. Near Gateway Elementary
Southwest	2008-343	Pave the alley.	6303 45th Ave SW and Graham SW
Southwest	2008-360	Construct a walking path into and out of the Duwamish Head Green Belt.	NE at approx. 3000 SW Admiral Way
Southwest	2008-362	Install electronic speed indicator signs at this location to reduce speeding along this section of SW Admiral.	SW Admiral Way between 39th SW and 38th SW east and west bound
Southwest	2008-363	Install electronic speed indicator signs at this location to reduce speeding along this section of SW Admiral.	California Ave SW North and South bound between SW Waller and SW Holgate Streets
Southwest	2008-364	Install electronic speed indicator signs at this location to reduce speeding along this section of SW Admiral.	SW Admiral Way Eastbound and Westbound between 46th SW and 47th SW
Southwest	2008-370	Install curbs on these three blocks to slow traffic and increase pedestrian safety.	Hudson Street SW between 46th Ave SW and 49th Ave SW, near Ercolini Park
