

North Fremont Avenue – North 85th Street to North 90th Street

North Fremont Avenue – North 85th Street to North 90th Street

Project ID # 2007-114

Type of Improvement: Sidewalk
Neighborhood: Greenwood

Approximate Length: 1300 LF
Street Classification: Local Street

Applicant Description of Problem and/or Project:

Problem: Fremont has no sidewalks and curbs between 85th and 90th. Cars speed because the street appears so wide. There are many children present due to the Boys and Girls Club and the new Greenwood Park.

Suggested Project: Install curbs and sidewalks.

Potential Solution and/or Comments:

North Fremont Avenue – North 85th Street to North 90th Street

- Construct concrete curb, gutter, 5-foot planting strip and approximately 1300 feet of 6-foot concrete sidewalk on each side of the street.
- Construct new catch basins and storm sewer piping to collect street runoff.
- Widen street by 4 feet to meet the City's standard width of 25 feet.
- Construct stormwater detention and water quality facilities because more than 5000 SF of new impervious is being constructed.
- Plane and overlay with 2" of asphalt to facilitate drainage to the new curbs.

Challenges/Tradeoffs:

- Parking may be prohibited on both sides of the street.

Preliminary Range of Cost: \$1,880,000 to \$2,300,000
