

# NE 115<sup>th</sup> Street – 5<sup>th</sup> Avenue NE to Roosevelt Way NE

# NE 115<sup>th</sup> Street – 5<sup>th</sup> Avenue NE to Roosevelt Way NE

**Project ID # 2007-530**

**Type of Improvement:** Sidewalk  
**Neighborhood:** Pinehurst

**Approximate Length:** 1300 feet  
**Street Classification:** Local Street

## **Applicant Description of Problem and/or Project:**

**Problem:** As identified in the Northgate CTIP, Pinehurst residents would like to see sidewalks built on 115th St between 5th NE and Roosevelt. This is a significant pedestrian safety issue as many Pinehurst residents walk to and from 5th Ave NE every day to take the 41 and 242 buses. In winter months and in inclement weather, commuters are often forced to walk in the street and to carefully dodge cars.

**Suggested Project:** Install raised asphalt walkway (Northgate CTIP).

## **Potential Solution and/or Comments:**

NE 115<sup>th</sup> St. from 5<sup>th</sup> Ave. NE to Roosevelt Way NE

- Construct 6-foot raised asphalt walkway for approximately 1300 feet on the south side of the street.
- Construct curb on the street side of the sidewalk to prevent cars from parking on the sidewalk.
- Because more than 5,000 SF of impervious surface is being constructed, install stormwater detention and water quality facilities.

## **Challenges/Tradeoffs:**

- No site visit was conducted for this project.

Preliminary Range of Cost: \$ 530,000 to \$650,000
