

S Trenton St – 5th Avenue S and 7th Avenue S

S Trenton St – 5th Avenue S and 7th Avenue S

Project ID # 2007-080

Type of Improvement: Sidewalk
Neighborhood: South Park

Approximate Length: 650 feet
Street Classification: Local Street

Applicant Description of Problem and/or Project:

Problem: Need to control street water flooding into yards and homes.

Suggested Project: Install Curbs

Potential Solution and/or Comments:

S Trenton St from 5th Avenue S and 7th Avenue S

- Construct concrete curb for approximately 550 feet on both sides of the street.
- Widen roadway 4.5 feet on both sides of the street to meet the City's standard width of 25 feet.
- Construct new catch basins and storm sewer system to collect street runoff.
- Assume that because more than 2,000 SF of new impervious surface is being constructed that stormwater detention facilities will be required.

Challenges/Tradeoffs:

- Existing angle parking would be prohibited, but parallel parking might be allowed.

Preliminary Range of Cost: \$ 610,000 to \$ 750,000
